

DEPARTMENT OF ENERGY**Federal Energy Regulatory
Commission**

[Project No. 2288–057]

**Central Rivers Power, NH LLC; Notice
of Availability of Final Environmental
Assessment**

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for license for the Gorham Hydroelectric Project, located on the Androscoggin River in Coos County, New Hampshire and has prepared a Final Environmental Assessment (FEA) for the project. No federal land is occupied by project works or located within the project boundary.

The FEA contains staff's analysis of the potential environmental impacts of the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major Federal action that would significantly affect the quality of the human environment.

The Commission provides all interested persons with an opportunity to view and/or print the FEA via the internet through the Commission's Home Page (<http://www.ferc.gov/>), using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field, to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov, or toll-free at (866) 208–3676, or for TTY, (202) 502–8659.

You may also register online at <https://ferconline.ferc.gov/eSubscription.aspx> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Any questions regarding this notice may be directed to Ryan Hansen at (202) 502–8074 or ryan.hansen@ferc.gov.

Dated: October 7, 2024.

Debbie-Anne A. Reese,
Acting Secretary.

Commission**

[Project No. 2490–031]

**Green Mountain Power Corporation;
Notice of Intent To Prepare an
Environmental Assessment**

On August 30, 2022, the Green Mountain Power Corporation filed a minor relicensing application for the 0.5-megawatt Taftsville Hydroelectric Project No. 2490 (project). The project is located on the Ottauquechee River in the Village of Taftsville, in Windsor County, Vermont. No Federal or Tribal lands occur within or adjacent to the project boundary.

In accordance with the Commission's regulations, on June 12, 2024, Commission staff issued a notice that the project was ready for environmental analysis (REA Notice). Based on the information in the record, staff does not anticipate that licensing the project would constitute a major Federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an Environmental Assessment (EA) on the application to relicense the project.¹

The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members, and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502–6595 or OPP@ferc.gov.

The application will be processed according to the following schedule. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Commission issues EA.	August 25, 2025.

¹ In accordance with the Council on Environmental Quality's regulations, the unique identification number for documents relating to this environmental review is EAXX–019–20–000–1728292340. 40 CFR 1501.5(c)(4) (2024).

Any questions regarding this notice may be directed to David Gandy at (202) 502–8560 or david.gandy@ferc.gov.

Dated: October 7, 2024.

Debbie-Anne A. Reese,
Acting Secretary.

[Docket No. CP24–524–000]

**BBT AlaTenn, LLC; Notice of Request
Under Blanket Authorization and
Establishing Intervention and Protest
Deadline**

Take notice that on September 24, 2024, BBT AlaTenn, LLC (AlaTenn) filed in the above referenced docket, a prior notice request pursuant to sections 157.205(b), 157.208(b), and 157.210, of the Commission's regulations under the Natural Gas Act (NGA) and AlaTenn's blanket certificate issued in Docket No. CP85–359–000, for authorization to (1) construct approximately 3,800 feet of 16-inch-diameter pipeline; (2) acquire a 37-mile-long pipeline (Trigas Line); and (3) construct new piping and valves to connect the acquired Trigas Line to AlaTenn's system, all located in Colbert County, Alabama (AlaTenn Pride Loop Project). The Project will enable AlaTenn to provide its customers with enhanced gas supply access and increased operational flexibility. The estimated cost of the project is \$4,241,541, all as more fully set forth in the request which is on file with the Commission and open to public inspection.
