III. Description of Programs and Potential Disclosure of Information Claimed as CBI to Contractor and Subcontractors

The EPA's OECA has responsibility for protecting public health and the environment by enforcing standards for air pollution. In order to implement various CAA, APPS and AIM programs, OECA collects compliance reports and other information from the regulated industry. Occasionally, the information submitted to, or obtained by, the EPA is claimed to be CBI by persons submitting data to the EPA. Information submitted under such a claim is handled in accordance with the EPA's regulations at 40 CFR part 2, subpart B, and in accordance with the EPA procedures that are consistent with those regulations. When the EPA has determined that disclosure of information claimed as CBI to EPA contractors or subcontractors is necessary, the corresponding contract must address the appropriate use and handling of the information by the EPA contractor and subcontractors and the EPA contractor and subcontractors must require its personnel who require access to information claimed as CBI to sign written non-disclosure agreements before they are granted access to data.

In accordance with 40 CFR 2.301(h), the EPA has determined that EPA contractor Eastern Research Group, Incorporated (ERG), 14555 Avion Parkway, Suite 200, Chantilly, VA 20151, and ERG subcontractors Allen Lyons Consulting LLC; CohnReznick LLP; and James J. Carroll, CPA (collectively referred to as "subcontractors" in this notice) require access to CBI submitted to the EPA under the CAA, APPS, and the AIM for the work they perform under Contract Number 68HERC24D0009. We are providing notice and an opportunity to

comment on their access to information claimed as CBI. We are issuing this **Federal Register** notice to inform all affected submitters that we plan to grant access to material that may be claimed as CBI to ERG and its subcontractors on a need-to-know basis.

Under Contract Number 68HERC24D0009, ERG provides enforcement support for the EPA's regulatory and enforcement activities, including field inspections, investigations, audits, and other CAA regulatory and enforcement support that involve access to information claimed as CBI. ERG also employs subcontractors, who support these activities, under the above-listed contract. ERG and its subcontractors require access to information claimed as CBI to support EPA enforcement activities described above. Access to data, including information claimed as CBI, will commence six days after the date of publication of this notice in the **Federal Register**, and will continue until October 21, 2029. If the contract and associated subcontracts are extended, this access will continue for the remainder of the ERG contract without further notice. If the contract expires prior to October 21, 2029, the access will cease at that time. If ERG employs additional subcontractors to support the EPA on a regular basis or on a limited or one-time basis under the above-listed contract, and those subcontractors require access to CBI, the EPA will notify affected companies of the contemplated disclosure and provide them with an opportunity to comment by either sending them a letter or by publishing an additional notice in the **Federal Register**.

Parties who wish to obtain further information about this **Federal Register** notice, or about OECA's disclosure of information claimed as CBI to ERG and its subcontractors, may contact the person listed under **FOR FURTHER INFORMATION CONTACT**.
