

ADDRESSES: Comments: Comments may be submitted by going to <https://www.regulations.gov> and following the online instructions for submitting comments.

Instructions: All submissions must include the agency name and the applicable docket number. The relevant PTC docket number for this host railroad is Docket No. FRA-2010-0030. For convenience, all active PTC dockets are hyperlinked on FRA's website at <https://railroads.dot.gov/research-development/program-areas/train-control/ptc/railroads-ptc-dockets>. All comments received will be posted without change to <https://www.regulations.gov>; this includes any personal information.

FOR FURTHER INFORMATION CONTACT: Gabe Neal, Staff Director, Signal, Train Control, and Crossings Division, telephone: 816-516-7168, email: Gabe.Neal@dot.gov.

SUPPLEMENTARY INFORMATION: In general, title 49 United States Code (U.S.C.) section 20157(h) requires FRA to certify that a host railroad's PTC system complies with title 49 Code of Federal Regulations (CFR) part 236, subpart I, before the technology may be operated in revenue service. Before making certain changes to an FRA-certified PTC system or the associated FRA-approved PTCSP, a host railroad must submit, and obtain FRA's approval of, an RFA to its PTCSP under 49 CFR 236.1021.

Under 49 CFR 236.1021(e), FRA's regulations provide that FRA will publish a notice in the **Federal Register** and invite public comment in accordance with 49 CFR part 211, if an RFA includes a request for approval of a material modification of a signal or train control system. Accordingly, this notice informs the public that, October 11, 2024, MBTA submitted an RFA to its PTCSP for its Advanced Civil Speed Enforcement System II (ACSES II), which seeks FRA's approval to install a CZ to reconfigure its PTC system on the MML at the Pilgrim Interlocking at MP 34.86 to its final configuration in order to interface with the adjacent new SCR Lines. The CZ will result in the suspension of portions of the PTC system on the MML from December 1, 2024, to December 15, 2024. That RFA is available in Docket No. FRA-2010-0030.

Interested parties are invited to comment on MBTA's RFA by submitting written comments or data. During FRA's review of MBTA's RFA, FRA will consider any comments or data submitted within the timeline specified in this notice and to the extent practicable, without delaying

implementation of valuable or necessary modifications to a PTC system. See 49 CFR 236.1021; see also 49 CFR 236.1011(e). Under 49 CFR 236.1021, FRA maintains the authority to approve, approve with conditions, or deny a railroad's RFA at FRA's sole discretion.

Federal Railroad Administration

[Docket Number FRA-2010-0029]

The National Railroad Passenger Corporation's Request To Amend Its Positive Train Control System

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice of availability and request for comments.

SUMMARY: This document provides the public with notice that, on October 12, 2024, the National Railroad Passenger Corporation (Amtrak) submitted a request for amendment (RFA) to its FRA-approved Positive Train Control Safety Plan (PTCSP) to install Construction Zone (CZ) transponders, which will result in the suspension of portions of its positive train control (PTC) system, to support the addition of Fitter Interlocking on the New Haven to Boston (NHB) line. This CZ is scheduled to be implemented December 7, 2024, for a duration not exceeding 30 days. As this RFA involves a request for FRA's

approval of proposed material modifications to an FRA-certified PTC system, FRA is publishing this notice and inviting public comment on Amtrak's RFA to its PTC system.

DATES: FRA will consider comments received by November 13, 2024. FRA may consider comments received after that date to the extent practicable and without delaying implementation of valuable or necessary modifications to a PTC system.

ADDRESSES: Comments: Comments may be submitted by going to <https://www.regulations.gov> and following the online instructions for submitting comments.

Instructions: All submissions must include the agency name and the applicable docket number. The relevant PTC docket number for this host railroad is Docket No. FRA-2010-0029. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection.

Title: Transit COVID-19 Response Program.

OMB Number: 2132-0581.

Background:

In accordance with the Paperwork Reduction Act (PRA) of 1995, the Federal Transit Administration (FTA) is requesting Office of Management and Budget (OMB) 3-year approval of an extension without change for a currently approved collection. FTA began collecting monthly data in April 2021 related to impacts from the coronavirus disease 2019 (COVID-19) on public transportation agencies, including transit workforce counts; transit service levels; counts of COVID-19 positives, fatalities, recoveries, and unvaccinated employees; whether or not a transit agency has implemented the U.S. Centers for Disease Control and Prevention (CDC) Order and Transportation Security Administration (TSA) Security Directive requiring workers and passengers to wear masks; and whether or not the agency used FTA funds to support vaccine access services. FTA used this data to inform FTA's COVID-19 response and recovery actions, including monitoring of safety measures and impacts, development of technical assistance and safety advisories, monitoring use of FTA grant funds to address COVID-19 considerations, and monitoring compliance with Federal requirements. Although the Public Health Emergency for the COVID-19 pandemic ended in May 2023 and the FTA discontinued COVID-19 reporting requirements in September 2022, the FTA is seeking to renew this information collection.

Current Action: Extension of a currently approved collection.

Respondents: Recipients and sub-recipients of FTA funds under the Urbanized Area Formula Funding program or the Formula Grants for Rural Areas program that operate transit systems or pass through funds to sub-recipients that operate transit systems. Recipients of FTA funds under the Enhanced Mobility of Seniors and Individuals with Disabilities program
