

southwest of the dam site and place a staging area and concrete batch plant on state route 88 in Pioneer, California. State route 88 and Tiger Creek Road between Pioneer and the dam site would be used as a haul route. The existing spillway would be abandoned in place. The licensee expects construction to take approximately 2 years.

On July 26, 2024, the Commission issued a public notice for the proposed amendment. On August 2, August 5, and August 20, 2024, the California Department of Fish and Wildlife, the California State Water Resources Control Board, and the U.S. Department of the Interior filed notices of intervention, respectively.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the project.<sup>1</sup> The planned schedule for the completion of the EA is June 18, 2025. Revisions to the schedule may be made as appropriate. The EA will be issued and made available for review by all interested parties during a 30-day public comment period. All comments filed on the EA will be reviewed by staff and considered in the Commission's final decision on the proceeding.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members, and others to access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202)502-6595 or [OPP@ferc.gov](mailto:OPP@ferc.gov).

Any questions regarding this notice may be directed to Steven Sachs at 202-502-8666 or [Steven.Sachs@ferc.gov](mailto:Steven.Sachs@ferc.gov).

Dated: October 22, 2024.

**Debbie-Anne A. Reese,**  
Secretary.

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPPT-2024-0159; FRL-11684-08-OCSP]

### Certain New Chemicals or Significant New Uses; Statements of Findings for August 2024

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Toxic Substances Control Act (TSCA) requires EPA to publish in the **Federal Register** a statement of its findings after its review of certain TSCA submissions when EPA makes a finding that a new chemical substance or significant new use is not likely to present an unreasonable risk of injury to health or the environment. Such statements apply to premanufacture notices (PMNs), microbial commercial activity notices (MCANs), and significant new use notices (SNUNs) submitted to EPA under TSCA. This document presents statements of findings made by EPA on such submissions during the period from August 1, 2024 to August 31, 2024.

**ADDRESSES:** The docket for this action, identified by docket identification (ID) number EPA-HQ-OPPT-2024-0159, is available online at <https://www.regulations.gov> or in-person at the Office of Pollution Prevention and Toxics Docket (OPPT Docket), Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW, Washington, DC. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPPT Docket is (202) 566-0280. For the latest status information on EPA/DC services and docket access, visit <https://www.epa.gov/dockets>.

**FOR FURTHER INFORMATION CONTACT:** For technical information contact: Rebecca Edelstein, New Chemical Division (7405M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 564-1667 email address: [edelstein.rebecca@epa.gov](mailto:edelstein.rebecca@epa.gov).

For general information contact: The TSCA-Hotline, ABVI-Goodwill, 422 South Clinton Ave., Rochester, NY 14620; telephone number: (202) 554-1404; email address: [TSCA-Hotline@epa.gov](mailto:TSCA-Hotline@epa.gov).

**SUPPLEMENTARY INFORMATION:**

## I. Executive Summary

### A. Does this action apply to me?

This action provides information that is directed to the public in general.

### B. What action is the Agency taking?

This document lists the statements of findings made by EPA after review of submissions under TSCA section 5(a) that certain new chemical substances or significant new uses are not likely to present an unreasonable risk of injury to health or the environment. This document presents statements of findings made by EPA during the reporting period.

### C. What is the Agency's authority for taking this action?

TSCA section 5(a)(3) requires EPA to review a submission under TSCA section 5(a) and make one of several specific findings pertaining to whether the substance may present unreasonable risk of injury to health or the environment. Among those potential findings is that the chemical substance or significant new use is not likely to present an unreasonable risk of injury to health or the environment per TSCA section 5(a)(3)(C).

TSCA section 5(g) requires EPA to publish in the **Federal Register** a statement of its findings after its review of a submission under TSCA section 5(a) when EPA makes a finding that a new chemical substance or significant new use is not likely to present an unreasonable risk of injury to health or the environment. Such statements apply to PMNs, MCANs, and SNUNs submitted to EPA under TSCA section 5.

Anyone who plans to manufacture (which includes import) a new chemical substance for a non-exempt commercial purpose and any manufacturer or processor wishing to engage in a use of a chemical substance designated by EPA as a significant new use must submit a notice to EPA at least 90 days before commencing manufacture of the new chemical substance or before engaging in the significant new use.

The submitter of a notice to EPA for which EPA has made a finding of "not likely to present an unreasonable risk of injury to health or the environment" may commence manufacture of the chemical substance or manufacture or processing for the significant new use notwithstanding any remaining portion of the applicable review period.

### D. Does this action have any incremental economic impacts or paperwork burdens?

No.

<sup>1</sup> In accordance with the Council on Environmental Quality's regulations, the unique identification number for documents relating to this environmental review is EAXX-019-20-000-1729247760. 40 CFR 1501.5(c)(4) (2024).

**II. Statements of Findings Under TSCA Section 5(a)(3)(C)**

In this unit, EPA provides the following information (to the extent that such information is not claimed as Confidential Business Information (CBI)) on the PMNs, MCANs and SNUNs for which, during this period, EPA has made findings under TSCA section 5(a)(3)(C) that the new chemical substances or significant new uses are not likely to present an unreasonable risk of injury to health or the environment:

The following list provides the EPA case number assigned to the TSCA section 5(a) submission and the chemical identity (generic name if the specific name is claimed as CBI).

- J-24-0020, Genetically modified microorganism (Generic Name).

To access EPA’s decision document describing the basis of the “not likely to present an unreasonable risk” finding made by EPA under TSCA section 5(a)(3)(C), look up the specific case number at <https://www.epa.gov/reviewing-new-chemicals-under-toxic->

**Pesticide Registration Review; Decisions and Case Closures for Several Pesticides; Notice of Availability**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces the availability of EPA’s interim registration review decision for chlorine gas. In addition, this notice announces the closure of the registration review case

for *metschnikowia fructicola* strain NRRL Y-27328 because the last U.S. registrations for this pesticide have been canceled.

**FOR FURTHER INFORMATION CONTACT:**

*For pesticide specific information, contact:* The Chemical Review Manager for the pesticide of interest identified in Table 1 of Unit I.

*For general information on the registration review program, contact:* Melanie Biscoe, Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 566-0701; email address: [biscoe.melanie@epa.gov](mailto:biscoe.melanie@epa.gov).

**SUPPLEMENTARY INFORMATION:**

**I. Purpose of This Notice**

Pursuant to 40 CFR 155.58(c), this notice announces the availability of EPA’s interim registration review decision for the pesticide shown in Table 1. The interim registration review decision is supported by rationales included in the docket established for the chemical.

**TABLE 1—INTERIM REGISTRATION REVIEW DECISIONS BEING ISSUED**

Registration review case name and number	Docket ID No.	Chemical review manager and contact information
Chlorine Gas .....	EPA-HQ-OPP-2010-0242 .....	Erin Dandridge, <a href="mailto:dandridge.erin@epa.gov">dandridge.erin@epa.gov</a> , (202) 566-0635.
Case Number 4022 .....		

This notice also announces the closure of the registration review case for *Metschnikowia fructicola* strain NRRL Y-27328 (Case Number 6531) because the last U.S. registrations for these pesticides have been canceled. There is no docket number established for this registration review case as all products were cancelled in Case 6531 before the registration review assessments were initiated.

**II. Background**

EPA is conducting its registration review of the chemical listed in Table 1 of Unit I pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(g) (7 U.S.C. 136a(g)) and the Procedural Regulations for Registration Review at 40 CFR part 155, subpart C. FIFRA section 3(g) provides, among other things, that pesticide registrations are to be reviewed every 15 years. Consistent with 40 CFR 155.57, in its final registration review decision, EPA will ultimately determine whether a pesticide continues to meet the

registration standard in FIFRA section 3(c)(5) (7 U.S.C. 136a(c)(5)). As part of the registration review process, the Agency has completed interim or final registration review decisions for the pesticide in Table 1 of Unit I.

Prior to completing the interim registration review decision in Table 1 of Unit I, EPA posted the proposed interim decision for the chemical and invited the public to submit any comments or new information, consistent with 40 CFR 155.58(a). EPA considered and responded to any comments or information received during these public comment periods in the respective interim decision or final registration review decisions.

For additional background on the registration review program, see: <https://www.epa.gov/pesticide-reevaluation>.
