

this filing furthers the objectives of Section 6(b)(5) of the Act because the proposed rule change would be consistent with and facilitate a governance and regulatory structure that is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to, and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. Particularly, the Exchange believes that, by permitting stockholders of Cboe to bring business or Stockholder Nominees before a special meeting, the proposed rule change strengthens the corporate governance of the Exchange's ultimate parent company, which is beneficial to both investors and the public interest.

Additionally, the procedural requirements are designed to help protect investors by stating clearly and explicitly the procedures stockholders must follow in order to bring business or Stockholder Nominees before a special meeting. The informational requirements are designed to enhance investor protection by helping to ensure among other things, that the Corporation and its stockholders have full and accurate information about nominating stockholders and Stockholder Nominees and that such stockholders and nominees comply with applicable laws, regulations and other requirements.

The changes that the Exchange is proposing with regard to so-called "advance notice bylaws" in light of the recent developments in Delaware law are designed to help provide additional clarity to stockholders wishing to bring business before a stockholder meeting or propose a Stockholder Nominee. The Exchange believes that this filing furthers the objectives of Section 6(b)(5) by simplifying the requirements and clarifying the information that must be disclosed by stockholders. This furthers the interests of investors and the public by removing potential impediments to raising business or proposing Stockholder Nominees that may otherwise restrict a stockholder's ability to participate in the corporate governance of the Corporation.

Finally, the remaining changes to existing provisions of the CGM Bylaws are clarifying in nature, and they enhance investor protection and the public interest by preventing confusion with respect to the operation of the Bylaw provisions.

B. Self-Regulatory Organization's Statement on Burden on Competition

Because the proposed rule change relates to the governance of the Corporation and not to the operations of the Exchange, the Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any competitive issue or have any impact on competition; rather, adoption of a stockholder special meeting provision, updating "advance notice bylaws," and other bylaws updates by the Corporation are intended to enhance corporate governance and accountability to stockholders.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

- A. by order approve or disapprove such proposed rule change, or
