Background

HHS/CDC established the Vessel Sanitation Program (VSP) in the 1970s as a cooperative activity with the cruise ship industry. VSP helps the cruise ship industry prevent and control the introduction and spread of

environmentally associated illnesses and hazards on cruise ships. VSP operates under the authority of the Public Health Service Act (Section 361 of the Public Health Service Act; 42 U.S.C. 264, "Control of Communicable Diseases"). Regulations found at 42 CFR 71.41 (Foreign Quarantine—Requirements Upon Arrival at U.S. Ports: Sanitary Inspection; General Provisions) state that carriers arriving at U.S. ports from a foreign area are subject to sanitary inspections to determine whether potential rodent, insect, or other vermin infestations; contaminated food or water; or other sanitary conditions require measures to prevent introduction or spread of communicable diseases.

New requirements are not the focus for the VSP Environmental Public Health Standards (formerly the VSP Operations Manual) and VSP Construction Standards (formerly the VSP Construction Guidelines). Updates only clarify content or correct errors in the 2018 editions or address inconsistencies between the 2018 editions and the Food and Drug Administration 2022 Food Code.

The draft VSP Environmental Public Health Standards and VSP Construction Standards are available online at <https://www.regulations.gov/>, Docket No. CDC-2024-0090, under Supplemental Materials. All public comments will be reviewed and considered when finalizing these documents. Once finalized, documents will be available both in docket CDC-2024-0090 and on CDC's website at <https://www.cdc.gov/vessel-sanitation/about/index.html>.

CMS uses the information to conduct oversight of state activities and to make informed decisions whether to take enforcement action in the form of requiring the suspension of procedural terminations and/or imposing CMPs. *Form Number:* CMS-10875 (OMB control number: 0938-1462); *Frequency:* Once and on occasion; *Affected Public:* State, Local, or Tribal Governments; *Number of Respondents:* 8; *Total Annual Responses:* 16; *Total Annual Hours:* 408. 3. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Application for Enrollment in Medicare Part B (Medical Insurance); *Use:* Medicare Part B is a voluntary program, financed from premium payments by enrollees, together with contributions from funds appropriated by the Federal government. The Social Security Act (the Act) at section 226(a) provides that individuals who are age 65 or older and eligible for, or entitled to, Social Security or Railroad Retirement Board (RRB) benefits shall be entitled to premium-free Part A upon filing an application for such benefits. Section 1836 of the Act permits individuals with Medicare premium-free Part A to enroll in Part B. The CMS-40B provides the necessary information to determine eligibility and to process the beneficiary's request for enrollment for Medicare Part B coverage. This form is only used for enrollment by beneficiaries who already have Part A, but not Part B.

Form CMS-40B is completed by the person with Medicare or occasionally by an SSA representative using information provided by the Medicare enrollee during an in-person interview. The form is owned by CMS, but not completed by

CMS staff. SSA processes Medicare enrollments on behalf of CMS. *Form Number:* CMS-40B (OMB control number: 0938-1230); *Frequency:* Once; *Affected Public:* Individuals and Households; *Number of Respondents:* 1,184,546; *Total Annual Responses:* 1,184,546; *Total Annual Hours:* 292,820. (For policy questions regarding this collection contact Carla Patterson at 410-786-8911 or Carla.Patterson@cms.hhs.gov.)

4. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Application for Medicare Part A and Part B Special Enrollment Period (Exceptional Circumstances); *Use:* Section 1837(m) of the Social Security Act (the Act) provides authority for the Secretary of the Department of Health and Human Services to establish SEPs for individuals who are eligible to enroll in Medicare and meet such exceptional conditions as the Secretary may provide.

CMS provides SEPs for individuals experiencing an exceptional circumstance to enroll in Medicare premium Part A and Part B. To utilize these SEPs, an individual would have to submit an enrollment request via the form CMS-10797. The form is used by individuals who have missed an enrollment period due to an exceptional circumstance to enroll in Part A and/or Part B. Individuals complete the form and submit it to SSA to complete the enrollment.

The application form provides the necessary information to determine eligibility and to process the beneficiary's request for enrollment in premium Part A or Part B due to an exceptional circumstance. The form is only used for enrollment by beneficiaries who could not enroll during another enrollment period due to an exceptional circumstance. *Form Number:* CMS-10797 (OMB control number: 0938-1426); *Frequency:* Once; *Affected Public:* Individuals and Households, Business or other for-profits, Not-for-profits institutions; *Number of Respondents:* 34,612; *Total Annual Responses:* 34,612; *Total Annual Hours:* 19,901. (For policy questions regarding this collection contact Carla Patterson at 410-786-8911 or Carla.Patterson@cms.hhs.gov.)

5. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Request for Enrollment in Supplementary Medical Insurance (SMI); *Use:* Section 1836 of the Social Security Act, and CMS regulations at 42 CFR 407.10, provide

the eligibility requirements for enrollment in Part B for individuals aged 65 and older who are not entitled to premium-free Part A. The individual must be a resident of the United States, and either a U.S. Citizen or an alien lawfully admitted for permanent residence that has lived in the US continually for 5 years.

Part B is a voluntary program and is financed from premium payments by enrollees together with contributions from funds appropriated by the Federal government. All individuals age 65 or older who are entitled to Part A can enroll in Part B. There are some individuals, age 65 and over who are not entitled to or eligible for premium-free Part A. These individuals may, however, enroll in Part B only.

The CMS-4040 solicits the information that is used to determine entitlement for individuals who meet the requirements in section 1836 as well as the entitlement of the applicant or their spouses to an annuity paid by OPM for premium deduction purposes. The application follows the application questions and requirements used by SSA. This is done not only for consistency purposes but to comply with other title II and title XVIII requirements because eligibility to title II benefits and free Part A under title XVIII must be ruled out in order to qualify for enrollment in Part B only. *Form Number:* CMS-4040 (OMB control number: 0938-0245); *Frequency:* Once; *Affected Public:* Individuals and Households, Business or other for-profits, Not-for-profits institutions; *Number of Respondents:* 48,642; *Total Annual Responses:* 48,642; *Total Annual Hours:* 12,161. (For policy questions regarding this collection contact Carla Patterson at 410-786-8911 or Carla.Patterson@cms.hhs.gov.)

BILLING CODE 4120-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; Administration for Native Americans Project Outcome Assessment Survey (Office of Management and Budget #: 0970-0379)

AGENCY: Administration for Native Americans, Administration for Children

and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) is requesting a 3-year extension of the Administration for Native Americans Project Outcome Assessment Survey (OMB #: 0970-0379, expiration 6/30/2025). The survey was revised based on a review by the Administration for Native Americans (ANA) and feedback from grantees, which identified some data elements that could be eliminated and areas that could be clarified.

DATES: Comments due December 30, 2024. In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: You can obtain copies of the proposed collection of information and submit comments by emailing infocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The information collected by the Project Outcome Assessment Survey is needed for two main reasons—(1) to collect crucial information required to report on ANA's established Government Performance and Results Act (GPRA) measures and (2) to properly abide by ANA's congressionally mandated statute (42 U.S.C. 2991 *et seq.*) found within the Native American Programs Act of 1974, as amended, which states that ANA will evaluate projects assisted through ANA grant dollars "including evaluations that describe and measure the impact of such projects, their effectiveness in achieving stated goals, their impact on related programs, and their structure and mechanisms for delivery of services." The survey information is requested once at the end of a project grant period. The information collected with this survey will fulfill ANA's statutory requirement and will also serve as an important planning and performance tool for ANA.

There are minor revisions proposed to the survey to align with ANA's current requirements of grant recipients and eliminate duplicative data elements.

Respondents: Tribal Governments, Native American nonprofit organizations, and Tribal Colleges and Universities.
