Notice of Inventory Completion: The San Diego Archaeological Center, San Diego, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the San Diego Archaeological Center has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains and associated funerary objects in this notice may occur on or after November 29, 2024.

ADDRESSES: Stephanie Sandoval, Executive Director, The San Diego Archaeological Center, 16666 San Pasqual Valley Road, Escondido, CA 92027, telephone (760) 291-0370, email sjsandoval@sandiegoarchaeology.org.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative

responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the San Diego Archaeological Center, and additional information on the determinations in this notice, including the results of consultation, can be found in the inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Based on the information available, human remains representing at least one individual has been reasonably identified. The associated funerary objects are currently zero/undetermined, awaiting consultation results. This site (CA-SDI-16502) is in the north part of San Diego County near the City of Vista. The site boundaries are north of W Vista Way, near Buena Vista Creek. Archaeological testing was performed at CA-SDI-16,502 on October 26, 29, and November 1, 2004. The purpose of archaeological testing was to determine the horizontal and vertical extent of any intact cultural deposits within the proposed project limits of the American Medical Center complex. The collection was delivered to the San Diego Archaeological Center on May 23, 2005. The human remains were identified in the collection upon curation and sent back to the CRM firm for confirmation by the medical examiner. The medical examiner assessed the remains and determined them to be possibly human. The Native American Heritage Commission named the Pauma Band of Luiseno Indians to be Most Likely Descendant, on behalf of the San Luis Rey (non-Federally recognized) Band. No known potentially hazardous substances have been used to treat any of the human remains nor associated funerary objects.

Cultural Affiliation

Based on the information available, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains and associated funerary objects described in this notice.

Determinations

The San Diego Archaeological Center has determined that:

- The human remains described in this notice represent the physical remains of at least one individual of Native American ancestry.
- The associated funerary objects related to the Human Remains described in this notice are unknown, awaiting consultation results.
- There is a reasonable connection between the human remains and

associated funerary objects described in this notice and the Pauma Band of Luiseno Mission Indians of the Pauma & Yuima Reservation, California.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains and associated funerary objects in this notice to a requestor may occur on or after November 29, 2024. If competing requests for repatriation are received, the San Diego Archaeological Center must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The San Diego Archaeological Center is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.

Notice of Intended Disposition: U.S. Department of the Interior, Bureau of Reclamation, Region 10: California-Great Basin, Sacramento, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the U.S. Department of the Interior, Bureau of Reclamation, Region 10 (BLM Region 10) intends to carry out the disposition

of human remains and associated funerary objects, removed from Federal or Tribal lands to the lineal descendants, Indian Tribe, or Native Hawaiian organization with priority for disposition in this notice.

DATES: Disposition of the human remains and associated funerary objects in this notice may occur on or after November 29, 2024. If no claim for disposition is received by October 30, 2025, the human remains and associated funerary objects in this notice will become unclaimed human remains and associated funerary objects.

ADDRESSES: Dr. Melanie Ryan, Bureau of Reclamation, Region 10: California-Great Basin, 2800 Cottage Way, Sacramento, CA 95825, telephone (916) 978-5526, email emryan@usbr.gov.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the BLM Region 10, and additional information on the human remains and associated funerary objects in this notice, including the results of consultation, can be found in the related records. The National Park Service is not responsible for the identifications in this notice.

Abstract of Information Available

Based on the information available, human remains representing, at least, one individual of Native American ancestry, have been reasonably identified. The one associated funerary object is an obsidian flake.

The human remains were discovered on March 19, 2017, by the Bureau of Land Management, on the Bureau of Reclamation, Region 10 land at the San Joaquin River Gorge Management Area, Fresno County, California. The human remains and funerary object had been unearthed by natural erosion caused by extensive water drainage episodes over the winter 2016-2017 season.

Determinations

The BLM Region 10 has determined that:

- The human remains described in this notice represent the physical remains of at least one individual of Native American ancestry.
- The one object described in this notice is reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- The Northfork Rancheria of Mono Indians of California has priority for disposition of the human remains and

associated funerary objects described in this notice.

Claims for Disposition

Written claims for disposition of the human remains and associated funerary objects in this notice must be sent to the appropriate official identified in this notice under **ADDRESSES**. If no claim for disposition is received by October 30, 2025, the human remains and associated funerary objects in this notice will become unclaimed human remains and associated funerary objects. Claims for disposition may be submitted by:

1. Any lineal descendant, Indian Tribe, or Native Hawaiian organization identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that they have priority for disposition.

Disposition of the human remains and associated funerary objects in this notice may occur on or after November 29, 2024. If competing claims for disposition are received, the BLM Region 10 must determine the most appropriate claimant prior to disposition. Requests for joint disposition of the human remains and associated funerary objects are considered a single request and not competing requests. The BLM Region 10 is responsible for sending a copy of this notice to the lineal descendants, Indian Tribes, and Native Hawaiian organizations identified in this notice and to any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3002, and the implementing regulations, 43 CFR 10.7.

Notice of Inventory Completion: Peabody Museum of Archaeology and Ethnology, Harvard University, Cambridge, MA

AGENCY: National Park Service, Interior.
ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Peabody Museum of Archaeology and

Ethnology, Harvard University (PMAE) has completed an inventory of human remains and has determined that there is a cultural affiliation between the human remains and Indian Tribes or Native Hawaiian organizations in this notice. The human remains were collected at the Laboratory of Anthropology, Santa Fe County, NM.

DATES: Repatriation of the human remains in this notice may occur on or after November 29, 2024.

ADDRESSES: Jane Pickering, Peabody Museum of Archaeology and Ethnology, Harvard University, 11 Divinity Avenue, Cambridge, MA 02138, telephone (617) 496-2374, email jpickering@fas.harvard.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the PMAE, and additional information on the determinations in this notice, including the results of consultation, can be found in the inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Based on the information available, human remains representing, at minimum, one individual was collected at the Laboratory of Anthropology, Santa Fe County, NM. The human remains are hair clippings collected from one individual who was recorded as being 32 years old and identified as "San Ildefonso." An unknown collector took the hair clippings at the Laboratory of Anthropology between 1930 and 1933. They sent the hair clippings to George Woodbury, who donated the hair clippings to the PMAE in 1935. No associated funerary objects are present.

Cultural Affiliation

Based on the available information and the results of consultation, cultural affiliation is clearly identified by the information available about the human remains described in this notice.

Determinations

- The PMAE has determined that:
- The human remains described in this notice represent the physical remains of one individual of Native American ancestry.
 - There is a reasonable connection between the human remains described in this notice and the Pueblo of San Ildefonso, New Mexico.

Requests for Repatriation

Written requests for repatriation of the human remains in this notice must be
