Integrating e-Manifest With Hazardous Waste Exports and Other Manifest-Related Reports, PCB Manifest Amendments, and Technical Corrections; Correction**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final rule; correction.

SUMMARY: The Environmental Protection Agency (EPA) or (the Agency) is making four minor corrections to a final rule that appeared in the **Federal Register** on July 26, 2024. The final rule related to regulatory changes to incorporate export manifests and other manifest-related reports (*i.e.*, Discrepancy, Exception, and Unmanifested Waste Reports) into e-Manifest as well as other changes related to manifests, including for polychlorinated biphenyls under the Toxic Substances Control Act.

DATES: This final rule is effective on January 22, 2025.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA–HQ–OLEM–2021–0609. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, *e.g.*, CBI or other information whose disclosure is restricted by statute. In addition, please refer to EPA’s e-Manifest web page for further information: www.epa.gov/e-manifest.

SUPPLEMENTARY INFORMATION: This action corrects four minor errors to certain regulatory amendments established in the July 26, 2024, final rule (89 FR 60692) for 40 CFR 262.21, 262.42, and 262.83.

With respect to the regulatory amendments at § 262.21, the July 26 final rule established revised printing specification requirements at § 262.21(f)(6) and (7) for the new four-copy paper manifest (EPA Form 8700–22) and continuation sheet (EPA Form 8700–22A) forms. Section 262.21(f)(6) describes the revised copy distribution requirements to be printed on each copy of the new four-copy manifest (EPA-Form 8700–22) and continuation sheet (EPA Form 8700–22A). Section 262.21(f)(7) describes the revised printing specifications for printing the appropriate manifest instructions on the back of the form copies. Although, EPA finalized the manifest forms themselves by revising the wording of the distribution scheme in the bottom right margins of the forms and by moving the instructions on the reverse side of Page 2 (“Designated Facility to Generator” copy) to the reverse side of Page 1 (top copy) of the manifest forms, EPA inadvertently did not make these conforming changes in the regulatory text at § 262.21(f)(6) and (7). This includes adding two instances of “U.S.” to the Page 1 (top copy) text and making changes for use of capitalization in Pages 1–4. To correct these errors, this action revises paragraph § 262.21(f)(6) so that the words indicating copy distribution exactly match the words shown at the bottom right margin of each copy of the new four-copy manifest forms. Similarly, and in addition, this action corrects § 262.21(f)(7) to match the language on the new four-copy manifest form—*i.e.*, to require that commercial printers authorized by EPA to produce the manifest forms print the instructions for designated facilities and

hazardous waste exporters on the reverse side of the top copy of the manifest forms instead of the reverse side of Page 2. This includes changing the title of the manifest instructions for the top copy of Manifest Form 8700–22 and 8700–22A from “Instructions for Treatment, Storage, and Disposal Facilities” to “Instructions for Exporters or Owners and Operators of Receiving Facilities Designated on the Manifest.”

With respect to the errors in §§ 262.42 and 262.83, this action corrects errors to certain instructions in part 262 which established regulatory revisions and additions, or both, to the hazardous waste exception reporting requirements at § 262.42 and to the requirements for export shipments of hazardous waste at § 262.83. The corrections to §§ 262.42 and 262.83 are necessary to ensure that certain regulatory amendments established in the July 26 final rule under part 262 are codified accurately and correctly in title 40 of the Code of Federal Regulations.

The EPA is not providing a public comment opportunity prior to promulgation of today’s technical corrections to §§ 262.21(f)(6) and (7), 262.42, and 262.83, nor is the EPA issuing a direct final rulemaking. That is because such public comment is unnecessary under 5 U.S.C. 553(b)(B) of the Administrative Procedure Act (APA). The corrections established in this action today are very minor and non-substantive technical corrections to regulations; thus, the corrections would not substantively alter the regulations established in the final rule in a way that would be of interest to the regulated community or the public. Therefore, pursuant to 5 U.S.C. 553(b)(B) of the Administrative Procedure Act (APA), the EPA finds good cause to promulgate these technical corrections without notice and comment because it would be unnecessary.

Supporting the Head Start Workforce and Consistent Quality Programming; Announcement and Correction

AGENCY: Office of Head Start, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Final rule; announcement and correcting amendment.

SUMMARY: The Department of Health and Human Services is correcting a final rule that appeared in the **Federal Register** on August 21, 2024. The effective date of that final rule was listed in the preamble as the date of publication, August 21, 2024, when it should have had the required 60-day delay to comply with the Congressional Review Act. The effective date should have been October 21, 2024. Additionally, the final rule inadvertently included an incorrect citation in the requirements for family partnership services, and failed to

include the compliance date for the requirements for staff benefits (August 1, 2028) in the regulatory text.

DATES: The corrections in this document are effective October 31, 2024.

Jessica Bialecki, Office of Head Start, 202–240–3901 or Jessica.Bialecki@acf.hhs.gov.

SUPPLEMENTARY INFORMATION: On August 21, 2024, HHS published a final rule amending 45 CFR parts 1301, 1302, 1303, 1304, and 1305. We incorrectly established the effective date as August 21, 2024. The intention was for the rule to become effective on October 21, 2024. The earliest compliance date was correctly identified as October 21, 2024, in the final rule.

List of Subjects in 45 CFR Part 1302

Compensation, Early education, Grant programs, Head Start, Mental health, Quality improvement, Social programs, Workforce.

For reasons stated in the preamble, ACF corrects 45 CFR part 1302 by making the following correcting amendments:

PART 1302—PROGRAM OPERATIONS

- 1. The authority citation for part 1302 continues to read as follows:

Authority: 42 U.S.C. 9801 *et seq.*

- 2. Amend § 1302.52 by revising paragraph (d)(2)(i) to read as follows:

§ 1302.52 Family partnership services.

* * * * *

(i) When the responsible HHS official grants a waiver if the program can demonstrate staff competencies at § 1302.92(b)(5); program outcomes at paragraph (b) of this section; and reasonable staff workload as described in paragraph (d)(3) of this section.

- 3. Amend § 1302.90 by revising paragraphs (f)(1) through (4) to read as follows:

§ 1302.90 Personnel policies.

* * * * *

(f) *Staff benefits.* (1) By August 1, 2028, for each full-time staff member, defined as those working 30 or more hours per week with the Head Start program during the program year, a program must:

- (i) Provide or facilitate access to high-quality affordable health care coverage;
- (ii) Offer paid leave; and,
- (iii) Offer access to short-term, free, or minimal cost behavioral health services.

(2) By August 1, 2028, for each part-time staff member, a program must facilitate access to high-quality, affordable health care coverage.
