SUPPLEMENTARY INFORMATION:

Background

On October 3, 2024, Commerce published in the **Federal Register** the final determination of the LTFV investigation of aluminum extrusions from Indonesia investigation.¹ In that notice, we failed to include language regarding the suspension of liquidation of provisional measures in the companion countervailing duty (CVD) case in the “Continuation of Suspension of Liquidation” section.

Correction

In the **Federal Register** of October 3, 2024, in FR Doc 2024–22780, on page 80489, in the first column, add the following sentence at the end of the “Continuation of Suspension of Liquidation” section: “However, suspension of liquidation of provisional measures in the companion CVD case has been discontinued;² therefore, we are not instructing CBP to collect cash deposits based upon the adjusted estimated weighted-average dumping margin for those export subsidies at this time.”

Notification to Interested Parties

This notice is issued and published in accordance with sections 735(d) and 777(i) of the Tariff Act of 1930, as amended, and 19 CFR 351.210(c).

Dated: October 29, 2024.
