SUPPLEMENTARY INFORMATION:

Background

On October 3, 2024, Commerce published in the **Federal Register** the final determination of the LTFV investigation of aluminum extrusions from Indonesia investigation.¹ In that notice, we failed to include language regarding the suspension of liquidation of provisional measures in the companion countervailing duty (CVD) case in the “Continuation of Suspension of Liquidation” section.

Filing Information

As a courtesy, we are making information related to sunset proceedings, including copies of the pertinent statute and Commerce's regulations, Commerce's schedule for Sunset Reviews, a listing of past revocations and continuations, and current service lists, available to the public on Commerce's website at the following address: <https://enforcement.trade.gov/sunset/>. All submissions in these Sunset Reviews must be filed in accordance with Commerce's regulations regarding format, translation, and service of documents. These rules, including electronic filing requirements via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), can be found at 19 CFR 351.303.

In accordance with section 782(b) of the Act, any party submitting factual information in an AD/CVD proceeding must certify to the accuracy and completeness of that information. Parties must use the certification formats provided in 19 CFR 351.303(g). Commerce intends to reject factual submissions if the submitting party does not comply with applicable revised certification requirements.

Letters of Appearance and Administrative Protective Orders

Pursuant to 19 CFR 351.103(d), Commerce will maintain and make available a public service list for these proceedings. Parties wishing to

participate in any of these five-year reviews must file letters of appearance as discussed at 19 CFR 351.103(d). To facilitate the timely preparation of the public service list, it is requested that those seeking recognition as interested parties to a proceeding submit an entry of appearance within 10 days of the publication of the Notice of Initiation. Because deadlines in Sunset Reviews can be very short, we urge interested parties who want access to proprietary information under administrative protective order (APO) to file an APO application immediately following publication in the **Federal Register** of this notice of initiation. Commerce's regulations on submission of proprietary information and eligibility to receive access to business proprietary information under APO can be found at 19 CFR 351.304 through 351.306. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.¹

Information Required From Interested Parties

Domestic interested parties, as defined in section 771(9)(C), (D), (E), (F), and (G) of the Act and 19 CFR 351.102(b), wishing to participate in a Sunset Review must respond not later than 15 days after the date of publication in the **Federal Register** of

this notice of initiation by filing a notice of intent to participate. The required contents of the notice of intent to participate are set forth at 19 CFR 351.218(d)(1)(ii). In accordance with Commerce's regulations, if we do not receive a notice of intent to participate from at least one domestic interested party by the 15-day deadline, Commerce will automatically revoke the order without further review.²

If we receive an order-specific notice of intent to participate from a domestic interested party, Commerce's regulations provide that *all parties* wishing to participate in a Sunset Review must file complete substantive responses not later than 30 days after the date of publication in the **Federal Register** of this notice of initiation. The required contents of a substantive response, on an order-specific basis, are set forth at 19 CFR 351.218(d)(3). Note that certain information requirements differ for respondent and domestic parties. Also, note that Commerce's information requirements are distinct from the ITC's information requirements. Consult Commerce's regulations for information regarding Commerce's conduct of Sunset Reviews. Consult Commerce's regulations at 19 CFR part 351 for definitions of terms and for other general information concerning antidumping and countervailing duty proceedings at Commerce.

Note that Commerce has amended certain of its requirements pertaining to

¹ See *Temporary Rule Modifying AD/CVD Service Requirements Due to COVID-19*, 85 FR 41363 (July 10, 2020).

² See 19 CFR 351.218(d)(1)(iii).

the service of documents in 19 CFR 351.303(f).³ An electronically filed document must be received successfully in its entirety by ACCESS by 5 p.m. Eastern Time on the day on which it is due.

In prior proceedings we have encouraged interested parties to provide an executive summary of their comments, including footnotes. In these sunset reviews, we request that interested parties provide at the beginning of their comments, an executive summary for each issue raised in their comments. Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the decision memorandum that will accompany the notice to be published in the **Federal Register**. Finally, we request that interested parties include footnotes for relevant citations in the public executive summary of each issue.

This notice of initiation is being published in accordance with section 751(c) of the Act and 19 CFR 351.218(c).

SUPPLEMENTARY INFORMATION:

The Petitions

On September 30, 2024, the U.S. Department of Commerce (Commerce) received antidumping duty (AD) petitions concerning imports of hexamethylenetetramine (hexamine) from China, Germany, India, and Saudi Arabia filed in proper form on behalf of Bakelite LLC (the petitioner).¹ The AD Petitions were accompanied by countervailing duty (CVD) petitions concerning imports of hexamine from China and India.²

Between October 2 and 11, 2024, Commerce requested supplemental information pertaining to certain aspects of the Petitions in supplemental questionnaires.³ The petitioner responded to Commerce’s supplemental questionnaires between October 7 and 18, 2024.⁴

In accordance with section 732(b) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that imports of hexamine from China, Germany, India, and Saudi Arabia are being, or are likely to be, sold in the United States at less than fair value (LTFV) within the meaning of section 731 of the Act, and that imports of such products are materially injuring, or threatening material injury to, the hexamine industry in the United States. Consistent with section 732(b)(1) of the Act, the Petitions were accompanied by

information reasonably available to the petitioner supporting its allegations.

Commerce finds that the petitioner filed the Petitions on behalf of the domestic industry, because the petitioner is an interested party, as defined in section 771(9)(C) of the Act. Commerce also finds that the petitioner demonstrated sufficient industry support for the initiation of the requested LTFV investigations.⁵

Periods of Investigation

Because the Petitions were filed on September 30, 2024, pursuant to 19 CFR 351.204(b)(1), the period of investigation (POI) for the Germany, India, and Saudi Arabia LTFV investigations is July 1, 2023, through June 30, 2024. Because China is a non-market economy (NME) country, pursuant to 19 CFR 351.204(b)(1), the POI for the China LTFV investigation is January 1, 2024, through June 30, 2024.

Scope of the Investigations

The product covered by these investigations is hexamine from China, Germany, India, and Saudi Arabia. For a full description of the scope of these investigations, see the appendix to this notice.

Comments on the Scope of the Investigations

On October 2 and 11, 2024, Commerce requested information and clarification from the petitioner regarding the proposed scope to ensure that the scope language in the Petitions is an accurate reflection of the products for which the domestic industry is seeking relief.⁶ On October 7 and 18, 2024, the petitioner provided clarifications and revised the scope.⁷ The description of merchandise covered by these investigations, as described in the appendix to this notice, reflects these clarifications.

As discussed in the *Preamble* to Commerce’s regulations, we are setting aside a period for interested parties to raise issues regarding product coverage (*i.e.*, scope).⁸ Commerce will consider all scope comments received from interested parties and, if necessary, will consult with interested parties prior to the issuance of the preliminary determinations. If scope comments
