Rescinding the Brucellosis Information System and Brucellosis Recording and Reporting System will have no adverse impacts on individuals as the records are covered by and maintained under the Animal Health, Disease, and Pest Surveillance and Management System. This notice hereby rescinds the Brucellosis Information System and Brucellosis Recording and Reporting System of records notice as identified below.

SUPPLEMENTARY INFORMATION:

Title: Bid for Advertised Timber.

OMB Number: 0596–0066.

Expiration Date of Approval:

December 31, 2024.

Type of Request: Extension with no Revision of a currently approved information collection.

Abstract: Pursuant to statutory requirements at 16 U.S.C. 472a, unless extraordinary conditions exist as defined by regulation, the Secretary of Agriculture must (1) advertise sales of all National Forest System timber or forest products exceeding \$10,000 in appraised value, (2) select bidding methods that ensure open and fair competition, (3) select bidding methods that ensure that the Federal Government receives not less than appraised value of the timber or forest product; and (4) monitor bidding patterns for evidence of unlawful bidding practices.

Pursuant to the Forest Service Small Business Timber Sale Set-Aside Program, developed in cooperation with the Small Business Administration, Forest Service regulations at 36 CFR 223.84 require the Forest Service bid form used by potential timber sale bidders include provisions for small business concerns. The data collected will be used by the agency to ensure that National Forest System timber will be sold at not less than appraised value, that bidders will meet specific criteria when submitting a bid, and that anti-trust violations will not occur during the bidding process.

The tax identification number of each bidder is entered into an automated bid monitoring system, which is used to determine if speculative bidding or unlawful bidding practices are occurring and is required to process electronic payments to the purchaser.

Respondents will be bidders on National Forest System timber sales. Forest Service Sale Officers will provide bid forms to potential bidders, and bidders will return the completed forms, dated and signed, to the Forest Service Sale Officer.

The data gathered in this information collection are not available from other sources.
