

individuals and to key leadership in operational environments.

The NOAA Health Services Questionnaire NF 57–10–01 is being revised to include supportive questions to document previous sailing dates and clarifying medical information within NF 57–10–01 to ensure OMAO has a complete medical history for all personnel aboard NOAA vessels.

II. Method of Collection

The primary method of collection is electronic, although some hard copies may be mailed or faxed.

III. Data

OMB Control Number: 0648–0824.

Form Number(s): Medical: 57–10–01, 57–10–02, 57–10–05. Safety: 57–17–02, 57–17–09. Small Boat: 57–19–04.

Type of Review: Regular submission [revision to an approved information collection].

Affected Public: Individuals using OMAO platforms and facilities.

Estimated Number of Respondents: 1,515.

Estimated Time per Response: Response time varies based on the form. Forms may take as little as 5 minutes to complete or as long as 30 minutes.

Estimated Total Annual Burden Hours: 537 hours.

Estimated Total Annual Cost to Public: \$0. Although some forms may be mailed or faxed, they account for only a handful of submissions annually.

Respondent's Obligation: Required to Obtain or Retain Benefits.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Departmental PRA Clearance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

The Honorable Kevin McCarthy
Speaker of the House
U.S. House of Representatives
H-209, The Capitol
Washington, DC 20515

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(5)(C) of the Arms Export Control Act (AECA), as amended, we are forwarding Transmittal No. 23-0P. This notification relates to enhancements or upgrades from the level of sensitivity of technology or capability described in the Section 36(b)(1) AECA certification 18-19 of June 26, 2018.

Sincerely,

James A. Hursch
Director

Enclosure:

I. Transmittal

BILLING CODE 6001-FR-C

Transmittal No. 23-0P

*REPORT OF ENHANCEMENT OR
UPGRADE OF SENSITIVITY OF
TECHNOLOGY OR CAPABILITY (SEC.
36(B)(5)(C), AECA)*

(i) *Purchaser:* Government of Spain
(ii) *Sec. 36(b)(1), AECA Transmittal
No.:* 18-19

Date: June 26, 2018

Implementing Agency: Navy

(iii) *Description:* On June 26, 2018, Congress was notified by Congressional certification transmittal number 18-19, of the possible sale, under Section 36(b)(1) of the Arms Export Control Act, of five (5) AEGIS Weapons Systems (AWS) MK7, six (6) shipsets Digital Signal Processing, five (5) shipsets AWS Computing Infrastructure MARK 1 MOD

0, five (5) shipsets Operational Readiness Test Systems (ORTS), five (5) shipsets MK 99 MOD 14 Fire Control System, five (5) shipsets MK 41 Baseline VII Vertical Launching Systems (VLS), two (2) All-Up-Round MK 54 Mod 0 lightweight torpedoes, twenty (20) Standard Missile 2 (SM-2) Block IIIB missiles and MK 13 canisters with AN/DKT-71 warhead compatible telemeter. Also included was one (1) S4 AWS computer program, five (5) shipsets Ultra High Frequency (UHF) Satellite Communications (SATCOM), five (5) shipsets AN/SRQ-4 radio terminal sets, five (5) shipsets ordnance handling equipment, five (5) shipsets Selective Availability Anti-Spoofing Modules (SAASM), five (5) shipsets aviation handling and support equipment, five

(5) shipsets AN/SLQ-24E Torpedo countermeasures systems, five (5) shipsets LM04 Thru-Hull XBT Launcher and test canisters, one (1) shipset MK 36 MOD 6 Decoy Launching System, five (5) shipsets Link Level COMSEC (LLC) 7M for LINK 22, five (5) shipsets Maintenance Assist Module (MAM) cabinets, five (5) shipsets technical documentation, five (5) shipsets installation support material, special purpose test equipment, system engineering, technical services, on-site vendor assistance, spare parts, systems training, foreign liaison office and staging services necessary to support ship construction and delivery, spare and repair parts, tools and test equipment, support equipment, repair and return support, personnel training

and training equipment, publications and technical documentation, U.S. Government and contractor engineering and logistics support services, and other related elements of logistic and program support. The estimated total cost was \$860.4 million. Major Defense Equipment (MDE) constituted \$324.4 million of this total.

On June 15, 2020, Congress was notified by Congressional certification transmittal number 20–0G of an additional MDE sale of thirty (30) All-Up-Round MK 54 Lightweight Torpedoes (LWT). The following non-MDE items were also included: MK 54 LWT expendables; MK 54 turnaround kits; MK 54 containers; one (1) MK–695 Torpedo Systems Test Set (TSTS); support equipment including fire control modification platforms and spare parts; torpedo spare parts; training; publications; software; U.S. Government and contractor engineering, technical, and logistics support services and other related elements of logistics and program support. The addition of these items resulted in a net increase in MDE cost of \$45 million, resulting in a revised MDE cost of \$369.4 million. The total estimated case value increased to \$940.4 million.

On June 8, 2022, Congress was notified by Congressional certification transmittal number 22–0G of the MDE replacement of the previously notified two (2) All Up Round MK 54 Mod 0 LWTs with two (2) Exercise MK 54 Mod 0 LWTs. Also included was additional Engineering Technical Assistance for redesign of Radar Signal Processing Group configuration and updates to International Aegis Fire Control Loop design; shipsets of SAASM units and associated spares; COMSEC equipment for use between test sites; and removal of one (1) shipset MK 36 Mod 6 Decoy Launching System. The MDE total value remained \$369.4 million; however, the non-MDE estimated value increased from \$571 million to \$810.6 million. The total estimated case value increased to \$1.18 billion.

On February 27, 2023, Congress was notified by Congressional certification transmittal number 22–0W of the MDE inclusion of up to an additional sixty-two (62) SM–2 Block IIIB missiles in tactical and telemetered configurations. Also included were MK 13 canisters; spare parts and associated containers; personal training and training equipment; publications and technical data; U.S. Government and contractor technical assistance; and other related elements of logistics and program support. The addition of these items resulted in a net increase in MDE value of \$260 million, resulting in a revised

MDE value of \$629.4 million. The non-MDE estimated value increased from \$810.6 million to \$850.6 million. The total estimated case value increased by \$300 million to \$1.48 billion.

This transmittal notifies: 1) the MDE inclusion of an additional one hundred-ten (110) MK 54 Mod 0 Lightweight Torpedoes (LWT) in the form of conversion kits for the Spanish Navy's MK 46 LWTs; and 2) the replacement of the previously notified additional up to sixty-two (62) SM–2 Block IIIB missiles with up to sixty-two (62) SM–2 Block IIIC missiles. Also included are MK 54 LWT expendables; MK 54 turnaround kits; MK 54 containers; torpedo spare parts; training; logistics support services; air launch accessories; and unclassified and classified publications. The estimated total value of the new items is \$181 million. The value of the new MDE items constitutes \$75 million of this total, resulting in a revised MDE value of \$704.4 million. The estimated non-MDE value will increase by \$106 million to \$956.6 million. The total estimated case value will increase by \$181 million to \$1.661 billion.

(iv) *Significance*: The inclusion of this MDE represents an increase in capability over what was previously notified. The proposed amendment will support Spain's Anti-Submarine Warfare (ASW) capability by providing 50 MK 54 Conversion Kits for use with surface ships and 60 Conversion Kits for use on helicopters.

(v) *Justification*: This proposed sale will support the foreign policy and national security of the U.S. by improving the security of a North Atlantic Treaty Organization (NATO) Ally, which is an important force for political stability and economic progress in Europe. It is vital to the U.S. national interest to assist Spain in developing and maintaining a strong and ready self-defense capability.

(vi) *Sensitivity of Technology*:

The SM–2 Block IIIC Active Missile maximizes existing SM–6 Block I active and SM–2 semi-active missile technology to deliver a low cost, medium range dual mode active/semi-active missile. Improvements to the Guidance Section, communications plate and steering control section are planned to address obsolescence.

The Sensitivity of Technology Statement contained in the original notification applies to additional items reported here.

The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

(vii) *Date Report Delivered to Congress*: October 19, 2023

BILLING CODE 6001–FR–P

DEPARTMENT OF DEFENSE

Office of the Secretary

Charter Renewal of Department of Defense Federal Advisory Committees—United States Military Academy Board of Visitors, United States Naval Academy Board of Visitors, and Board of Visitors of the United States Air Force Academy

AGENCY: Department of Defense (DoD).

ACTION: Charter renewal of Federal advisory committees.

SUMMARY: The DoD is publishing this notice to announce that it is renewing the charters for the United States Military Academy Board of Visitors, the United States Naval Academy Board of Visitors, and the Board of Visitors of the U.S. Air Force Academy; hereafter referred to as “the Military Service Academy Boards of Visitors.”

FOR FURTHER INFORMATION CONTACT: Jim Freeman, DoD Advisory Committee Management Officer at james.d.freeman4.civ@mail.mil, 703–697–1142.

SUPPLEMENTARY INFORMATION: The charters for the Military Service Academy Boards of Visitors are being renewed in accordance with chapter 10 of title 5, United States Code (U.S.C.) (commonly known as “the Federal Advisory Committee Act” or “FACA”), and 41 Code of Federal Register (CFR) 102–3.50(a). The charters and contact information for the Military Service Academy Boards of Visitors Designated Federal Officers (DFO) can be found at <https://www.facadatabase.gov/FACA/apex/FACAPublicAgencyNavigation>.

The mission/scope for the Military Service Academy Boards of Visitors along with its membership requirements are described in 10 U.S.C. 7455, 8468, and 9455. Members of the Military Service Academy Boards of Visitors who are not full-time or permanent part-time Federal civilian officers or employees, or active-duty members of the Uniformed Services are appointed as experts or consultants, pursuant to 5 U.S.C. 3109, to serve as special government employee members. Members of the Military Service Academy Boards of Visitors who are full-time or permanent part-time Federal civilian officers or employees, or active-duty members of the Uniformed Services are designated pursuant to 41
