DEPARTMENT OF COMMERCE

International Trade Administration

Notice of Scope Rulings

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) hereby publishes a list of scope rulings and circumvention determinations made during the period April 1, 2024, through June 30, 2024. We intend to publish future lists after the close of the next calendar quarter.

DATES: Applicable November 15, 2024.

FOR FURTHER INFORMATION CONTACT: Marcia E. Short, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: 202-482-1560.

SUPPLEMENTARY INFORMATION:

Background

Commerce regulations provide that it will publish in the **Federal Register** a list of scope rulings on a quarterly basis.¹ Our most recent notification of scope rulings was published on August 5, 2024.² This current notice covers all scope rulings made by Enforcement and Compliance between April 1, 2024, and June 30, 2024.

Scope Rulings Made April 1, 2024, Through June 30, 2024

Germany

A-428-849: Common Alloy Aluminum Sheet From Germany

Requestor: Capps Manufacturing Inc. Heat-treatable clad alloy aluminum sheets with either Aluminum Association alloy designation 2024 or 7075 are not covered by the scope of the antidumping duty order on common alloy aluminum sheet from Germany because common alloy aluminum sheet is not defined in the scope as having aluminum alloy designations in the 2XXX or 7XXX series: May 22, 2024.

People's Republic of China (China)

A-570-831: Fresh Garlic From China

Requester: Marcatus QED, Inc. Whole garlic cloves preserved in brine are covered by the scope of the antidumping order on fresh garlic from China because whole garlic cloves that are "provisionally preserved" fall under the plain language of the scope. In addition, the garlic is not considered to be "heat processed": April 18, 2024.

A-570-053 and C-570-054: Certain Aluminum Foil From China

Requestor: Instrument Transformers, LLC (an operating unit of the General Electric Company). Aluminum capacitor foil is covered by the scope of the antidumping duty and countervailing duty orders on certain aluminum foil from China because foil is within the plain language of the scope of the orders: April 26, 2024.

A-570-073 and C-570-074: Common Alloy Aluminum Sheet From China

Requestor: K-Text LLC. Aluminum composite panels consisting of a thermoplastic core between two aluminum alloy sheets (aluminum composite panels) produced by a certain Chinese producer and imported by K-Text LLC are covered by the scope of the antidumping duty and countervailing duty orders on common alloy aluminum sheet from China because aluminum composite panels share similarities with common alloy aluminum sheet based on the following factors: physical characteristics, expectations of the ultimate user, ultimate use, channels of trade, and advertising: April 26, 2024.

A-570-827: Certain Cased Pencils From China

Requestor: School Specialty, LLC. #2 pencils, drawing pencils, and colored pencils manufactured by School Specialty in the Philippines using Chinese inputs and exported from the

Philippines to the United States are covered by the scope of the order: May 6, 2024.

A-570-117 and C-570-118: Wood Mouldings and Millwork Products From China

Requestor: Chicago Dowel Company determine that the wooden dowels, which are later developed into lollipop sticks are within the scope of the order; May 22, 2024.

Notification to Interested Parties

Interested parties are invited to comment on the completeness of this list of completed scope inquiries and scope/circumvention inquiry combinations made during the period April 1, 2024, through June 30, 2024. Any comments should be submitted to the Deputy Assistant Secretary for AD/CVD Operations, Enforcement and Compliance, International Trade Administration, via email to CommerceCLU@trade.gov.

This notice is published in accordance with 19 CFR 351.225(o).

Dated: November 7, 2024.

National Oceanic and Atmospheric Administration

[RTID 0648-XE466]

Endangered and Threatened Species; Initiation of 5-Year Review for the Smoothback angelshark (*Squatina oculata*)

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of initiation of 5-year review; request for information.

SUMMARY: NMFS announces its intent to conduct a 5-year review of the endangered Smoothback angelshark (*Squatina oculata*). NMFS is required by the Endangered Species Act (ESA) to conduct 5-year reviews to ensure that listing classifications of species are accurate. The 5-year review must be based on the best scientific and commercial data available at the time of the review. We request submission of any such information on the Smoothback angelshark, particularly information on its status, threats, and

¹ See 19 CFR 351.225(o).

² See *Notice of Scope Rulings*, 89 FR 63407-08 (August 5, 2024).

conservation efforts, which has become available since the previous status review in June 2016.

DATES: To allow us adequate time to conduct this review, we must receive your information no later than January 14, 2025. However, we will continue to accept new information about any listed species at any time.

ADDRESSES: Submit your information, identified by docket number NOAA–NMFS–2024–0134, by the following method:

- **Electronic Submissions:** Submit all electronic comments via the Federal eRulemaking Portal. Go to <https://www.regulations.gov> and enter NOAA–NMFS–2024–0134 in the Search box. Click on the “Comment” icon, complete the required fields, and enter or attach your comments.

Instructions: NMFS may not consider comments or other information if sent by any other method, to any other address or individual, or received after the comment period ends. All comments and information received are a part of the public record and NMFS will post the comments for public viewing on <https://www.regulations.gov> without change. All personal identifying information (*e.g.*, name, address, *etc.*) submitted voluntarily by the sender will be publicly accessible. Do not submit confidential business information, or otherwise sensitive or protected information. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous).

FOR FURTHER INFORMATION CONTACT: Chris Parsons, NOAA Affiliate, (301) 427–8403 or Chris.Parsons@noaa.gov.

SUPPLEMENTARY INFORMATION: This notice announces our active review of the Smoothback angelshark (*Squatina oculata*), currently listed as endangered (81 FR 50394; August 1, 2016). Section 4(c)(2)(A) of the ESA requires that the Secretary, through NMFS, conduct a review of listed species at least once every 5 years. The species was last reviewed in 2016 (80 FR 40969; July 14, 2015). The regulations in 50 CFR 424.21 require that we publish a notice in the **Federal Register** announcing species currently under active review. Based on such reviews, we determine whether a listed species should be removed from the list (*i.e.*, delisted), or be changed in status from endangered to threatened or from threatened to endangered (16 U.S.C. 1533(c)(2)(B)). As described by the regulations in 50 CFR 424.11(e), the Secretary shall delist a species if the Secretary determines, based on consideration of the factors and standards set forth in 50 CFR 424.11(c),

that the best scientific and commercial data available substantiate that that, after conducting a status review based on the best scientific and commercial data available: (1) the species is extinct; (2) the species has recovered to the point at which it no longer meets the definition of an endangered species or a threatened species; or (3) new information that has become available since the original listing decision shows that the listed entity does not meet the definition of an endangered species or a threatened species; or (4) new information that has become available since the original listing decision shows the listed entity does not meet the definition of a species. Any change in Federal status would require a separate rulemaking process.

Background information on the Smoothback angelshark is available on the NMFS website at: <https://www.fisheries.noaa.gov/species/smoothback-angelshark/overview>.

Public Solicitation of New Relevant Information

To ensure that the 5-year review is complete and based on the best scientific and commercial data available, we are soliciting new information from the public, governmental agencies, Tribes, the scientific community, industry, environmental entities, and any other interested parties concerning the status of the listed Saimaa seal. Categories of requested information include: (1) species biology including, but not limited to, population trends, distribution, abundance, demographics, and genetics; (2) habitat conditions including, but not limited to, amount, distribution, suitability, and important features for conservation; (3) degree, nature, and trends of threats to the species and its habitats; (4) conservation measures that have been implemented that benefit the species, including monitoring data demonstrating effectiveness of such measures; and (5) other new information, data, or corrections including, but not limited to, taxonomic or nomenclatural changes and improved analytical methods for evaluating extinction risk.

If you wish to provide information for the review, you may submit your information and materials electronically (see **ADDRESSES** section). We request that all information be accompanied by supporting documentation such as maps, bibliographic references, or reprints of pertinent publications.

Authority: 16 U.S.C. 1531 *et seq.*

Dated: November 8, 2024.
