Abstract: 30 CFR 874.16 requires that every successful bidder for an AML contract must be eligible under 30 CFR 773.15(b)(1) at the time of contract award to receive a permit or conditional permit to conduct surface coal mining operations. Further, the regulation requires the eligibility to be confirmed by OSMRE's automated Applicant/Violator System (AVS) and the contractor must be eligible under the regulations implementing Section 510(c) of the Surface Mining Control and Reclamation Act to receive permits to conduct mining operations. This form provides a tool for OSMRE and the States/Indian tribes to help them prevent persons with outstanding violations from conducting further mining or AML reclamation activities in the State.

Aluminum Lithographic Printing Plates From China and Japan: Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that an industry in the United States is materially injured by reason of imports of aluminum lithographic printing plates ("ALPs") from China and Japan, provided for in subheading 3701.30.00 of the Harmonized Tariff Schedule of the United States, that have been found by the U.S. Department of Commerce ("Commerce") to be sold in the United States at less than fair value ("LTFV"), and subsidized by the government of China.^{2 3 4}

The Commission instituted these investigations effective September 28, 2023, following receipt of petitions filed with the Commission and Commerce by Eastman Kodak Company, Rochester, New York. ⁴ The Commission also finds that imports subject to Commerce's affirmative critical circumstances determinations are not likely to undermine seriously the remedial effect of the antidumping and countervailing duty orders on ALPs from China.

Commerce that imports of ALPs from China were subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and imports of ALPs from China and Japan were sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on May 14, 2024 (89 FR 41993).⁵ The Commission conducted its hearing on September 17, 2024. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to sections 705(b) and 735(b) of the Act (19 U.S.C. 1671d(b) and 19 U.S.C. 1673d(b)). It completed and filed its determinations in these investigations on November 12, 2024.
