RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

In accordance with the requirement of section 3506(c)(2)(A) of the Paperwork

Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB’s estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and purpose of information collection: Statement Regarding Contributions and Support of Children; OMB 3220–0195.

Section 2(d)(4) of the Railroad Retirement Act (RRA) (45 U.S.C. 231a), provides, in part, that a child is deemed dependent if the conditions set forth in section 202(d)(3), (4) and (9) of the Social Security Act are met. Section 202(d)(4) of the Social Security Act, as amended by Public Law 104–121, requires as a condition of dependency, that a child receives one-half of his or her support from the stepparent. This dependency impacts upon the entitlement of a spouse or survivor of an

employee whose entitlement is based upon having a stepchild of the employee in care, or on an individual seeking a child’s annuity as a stepchild of an employee. Therefore, depending on the employee for at least one-half support is a condition affecting eligibility for increasing an employee or spouse annuity under the social security overall minimum provisions on the basis of the presence of a dependent child, the employee’s natural child in limited situations, adopted children, stepchildren, grandchildren, step-grandchildren and equitably adopted children. The regulations outlining child support and dependency requirements are prescribed in 20 CFR 222.50–57.

To correctly determine if an applicant is entitled to a child’s annuity based on actual dependency, the RRB uses Form G–139, Statement Regarding Contributions and Support of Children, to obtain financial information needed to make a comparison between the amount of support received from the railroad employee and the amount received from other sources. Completion is required to obtain a benefit. One response is required of each respondent. The RRB proposes minor editorial changes to Form G–139 to change the example dates under section 1 “General Instructions”.

ESTIMATE OF ANNUAL RESPONDENT BURDEN

Form number	Annual responses	Time (minutes)	Burden (hours)
G–139	400	60	400

Additional Information or Comments: To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material or comments regarding the information collection should be addressed to Brian Foster, Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois 60611–1275 or emailed to Brian.Foster@rrb.gov. Written comments should be received within 60 days of this notice.

Clearance Officer.
