

contractors in support of DoD activities. Authorities include 32 Code of Federal Regulations (CFR) part 236, “Department of Defense (DoD)’s Defense Industrial Base (DIB) Cybersecurity (CS) Activities,” which authorizes the voluntary DIB CS Information Sharing Program. In addition, the Federal Information Security Modernization Act (FISMA) of 2014 authorizes DoD to oversee agency information security policies and practices, for systems that are operated by DoD, a contractor of the Department, or another entity on behalf of DoD that process any information, the unauthorized access, use, disclosure, disruption, modification, or destruction of which would have a debilitating impact on DoD’s mission. Activities under this information collection policy also support DoD’s critical infrastructure protection responsibilities, as the sector specific agency for the DIB sector (see Presidential Policy Directive 21 (PPD–21), “Critical Infrastructure Security and Resilience,” available at <https://www.whitehouse.gov/the-press-office/2013/02/12/presidential-policy-directive-critical-infrastructure-security-and-resil>).

The DIB CS Program is focused on sharing cyber threat information and cybersecurity best practices with DIB CS participants. DoD needs to collect POC information to implement, manage, and administer the Program, and to share cyber threat information with participants. The Government will collect business POC information from all DIB CS participants to facilitate emails, teleconferences, meetings, and other Program activities.

The DIB CS Program uses a web portal (<https://dibnet.dod.mil>) to gather POC information from DoD contractors when they elect to participate in the Program. Companies select the “DIB CS Member Login” button to start the application process. Applicants will then be prompted to sign into the application with a valid DoD-approved medium assurance certificate. They are then directed to a DoD Information System Standard Notice and Consent banner that indicates they are accessing a U.S. Government information system and must click the “I Agree” button in order to continue. The next page is the DoD Privacy Statement that includes the Authorities, Purpose, Routine Use(s), Disclosure, Privacy Impact Assessment (PIA), Freedom of Information Request (FOIA) disclaimers, and an Agency Disclosure Notice, which must be agreed to by the company, by clicking the “I Agree” button, in order to proceed with the application.

Applicants are then required to complete the POC fields that are provided (*i.e.*, Company Name, Company Representative, CEO, CIO, CISO, and any additional POCs). The online application process does not allow applicants to submit the information unless they certify that the information provided is accurate by checking the “Certify Application” box. After entering all contact information, applicants click on the “Submit Application” button that automatically sends an email to the DIB CS Program Office that an application has been submitted.

If companies want to update their POC information, they can access the portal using their DoD-approved medium assurance certificates. Only designated company representatives and the DIB CS Program system administrators may view or update company POC information.

Needs and Uses: Marine Corps Community Services (MCCS) procurement offices obtain supplies, services, and construction activities for MCCS in a fair, equitable, and impartial manner in compliance with applicable laws and regulations pertaining to Nonappropriated Fund (NAF) Instrumentalities. Public information collections are needed to effectively solicit, evaluate, and track MCCS and other Marine Corps NAF purchasing and contracting activities and for the reporting requirements associated with those actions.

Respondents are contractors/vendors/offerors (hereinafter called “contractors”) who would like to conduct business (such as sell goods or services or perform construction activities) with an MCCS or other Marine Corps NAFs. They are responding to opportunities to qualify for and receive a contract award by documenting business eligibility requirements; providing quotes, proposals, and contract modifications; and documenting areas of responsibility. The information collected from contractors will vary depending on the nature of the solicitation and its associated contract

clauses. Information will be submitted via FedConnect online services or mailed directly to MCCA, depending on the contract type.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. OR25-1-000]

Husky Marketing and Supply Company v. Buckeye Pipe Line Company, L.P.; Notice of Complaint

Take notice that on November 1, 2024, pursuant to Rule 206 of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission, 18 CFR 385.206 (2024), Husky Marketing and Supply Company filed a complaint challenging the lawfulness of the Base Tariff Rates and Incentive Tariff Rates charged by Buckeye Pipe Line, L.P. for transportation of refined petroleum products from Lima, Ohio, to Columbus, Ohio.

The Complainant certifies that copies of the complaint were served on the contacts listed for Respondents in the Commission's list of Corporate Officials.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to

view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link. To access this document in eLibrary, type the docket number excluding the last three digits of this document in the docket number field. User assistance is available for eLibrary and the Commission's website during normal business hours from FERC Online Support at 202-502-6652 (toll free at 1-866-208-3676) or email at ferconlinesupport@ferc.gov, or the Public Reference Room at (202) 502-8371, TTY (202) 502-8659. Email the Public Reference Room at public.referenceroom@ferc.gov.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202)502-6595 or OPP@ferc.gov.

Comment Date: 5:00 p.m. Eastern Time on December 2, 2024.

Dated: November 13, 2024.

[Docket No. CP24-490-000]

EcoEléctrica, L.P.; Notice of Schedule for the Preparation of an Environmental Assessment for the EcoEléctrica Liquefied Natural Gas (LNG) Supply Pipeline Capacity Project

On July 5, 2024, EcoEléctrica, L.P. (EcoEléctrica), filed an application in Docket No. CP24-490-000 requesting authorization under section 3(a) of the Natural Gas Act to increase the sendout capacity in its LNG Supply Pipeline Capacity Project (Project) to the existing off-site Truck Loading Facility (TLF) from 250 gpm to 500 gpm in Peñuelas, Puerto Rico.

On July 19, 2024, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing Federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a Federal authorization within 90 days of the date of issuance of the Commission staff's environmental document for the Project.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the Project and the planned schedule for the completion of the environmental review.¹ The EA will be issued for a 30-day comment period.

Schedule for Environmental Review

Issuance of EA—April 4, 2025
90-day Federal Authorization Decision

Deadline²—July 3, 2025

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

Project Description

EcoEléctrica proposes to increase the sendout capacity in its LNG Supply Pipeline to the existing off-site TLF from

¹ In accordance with the Council on Environmental Quality's regulations, the unique identification number for documents relating to this environmental review is EAXX-019-20-000-1730221396. 40 CFR 1501.5(c)(4) (2024).

² The Commission's deadline applies to the decisions of other Federal agencies, and State agencies acting under federally delegated authority, that are responsible for Federal authorizations, permits, and other approvals necessary for proposed projects under the Natural Gas Act. Per 18 CFR 157.22(a), the Commission's deadline for other agency's decisions applies unless a schedule is otherwise established by Federal law.
