POLICY JUSTIFICATION

Iraq—Bell Helicopter Contracted Logistics Support (CLS)

The Government of Iraq has requested to buy additional services, as indicated below, that will be added to a previously implemented case whose value was under the congressional notification threshold. The original FMS case, valued at \$28 million, included a Bell Contracted Logistics Support (CLS) and Field Service Representative (FSR) contract. This notification is for the combined CLS and FSR maintenance support for the following Bell aircraft:

three (3) 407 variants, 206B3, OH-58A/C Kiowa, Huey II and 505. Also included is U.S. Government and contractor engineering, technical and logistics support services; studies and surveys; and other related elements of logistics and program support. The estimated total cost is \$300 million.

This proposed sale will support the foreign policy and national security of the United States (U.S.) by helping to improve the security of a strategic partner.

The proposed sale will improve the Republic of Iraq's capability to meet current and future threats by enhancing the strength of its homeland defense. The Republic of Iraq will have no difficulty absorbing these services into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Bell Helicopter Company, Fort Worth, TX. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the assignment of four (4) additional U.S. Government or contractor representatives to Iraq for a duration of one (1) year to support CLS for Bell 505 aircraft. There are currently seven (7) U.S. Government or contractor representatives in Iraq that will stay an additional two (2) years to provide support for the contract option years for CLS and FSR service support for the three (3) 407 variants, 206B3, OH-58A/C and Huey II aircraft.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

POLICY JUSTIFICATION

Lithuania—AIM-120C-8 Advanced Medium-Range Air-to-Air Missiles (AMRAAM)

The Government of Lithuania has requested to buy thirty-six (36) AIM-120C-8 Advanced Medium Range Air-to-Air Missiles (AMRAAM); and one (1) AIM-120C-8 AMRAAM Guidance Section. Also included are Common Munitions Built-In-Test (BIT)/Reprogramming Equipment (CMBRE); ADU-891/E adapter group computer test sets; AIM-120 spare control sections and containers; other spare parts, consumables, accessories, and repair/return support; munitions support and support equipment; classified software delivery and support; classified and unclassified publications and technical documentation; CLS; personnel training and training equipment; studies and surveys; transportation support; U.S. Government and contractor engineering, technical, and logistics support services; and other related elements of logistics and program support. The estimated total cost is \$100 million.

This proposed sale will support the foreign policy and national security of the U.S. by helping to improve the security of a NATO Ally that is an important force for ensuring peace and stability in Europe.

This proposed sale will be for use with the National Advanced Surface-to-Air Missile System (NASAMS) and will improve Lithuania's capability to conduct self-defense and regional security missions while enhancing interoperability with the U.S. and other NATO members. Lithuania will have no difficulty absorbing these articles and services into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Raytheon Missiles and Defense, Tucson, AZ. There are no known offset

agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Lithuania. There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 23-75

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The AIM-120C-8 Advanced Medium Range Air-to-Air Missile (AMRAAM) is a supersonic, air-launched, aerial intercept guided missile featuring digital technology and micro-miniature solid-state electronics. AMRAAM capabilities include look-down/shoot-down, multiple launches against multiple targets, resistance to electronic countermeasures, and interception of high and low-flying and maneuvering targets. This potential sale will include a spare AMRAAM guidance section as well as spare control sections and containers.

2. The Common Munitions Built-In-Test (BIT)/Reprogramming Equipment (CMBRE) is supporting equipment used to interface with weapon systems to initiate and report BIT results, and upload/download flight software. CMBRE supports multiple munitions platforms with a range of applications that perform preflight checks, periodic maintenance checks, loading of Operational Flight Program (OFP) data, loading of munitions mission planning data, loading of Global Positioning System (GPS) cryptographic keys, and declassification of munitions memory.

3. The ADU-891 Adapter Group Test Set provides the physical and electrical interface between the CMBRE and the missile.

4. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

5. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

6. A determination has been made that Lithuania can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is

necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

7. All defense articles and services listed in this transmittal have been authorized for release and export to Lithuania.
