

Convention. EPA seeks to enhance its current information on how much mercury is used, in which products and manufacturing processes, and whether certain products are manufactured domestically, imported, or exported.

Reporting is required from any person who manufactures (including imports) mercury or mercury-added products, as well as any person who otherwise intentionally uses mercury in a manufacturing process under TSCA section 8(b). The Agency promulgated reporting requirements at 40 CFR part 713. To avoid duplication, EPA coordinated the reporting with the Interstate Mercury Education and Reduction Clearinghouse (IMERC).

Form number: 9600–024.

Respondents/affected entities: Entities potentially affected are those that manufacture (including import) mercury, manufacture (including import) mercury containing products, and those who intentionally use mercury in a manufacturing process.

Respondent's obligation to respond: Mandatory, per TSCA section 8(b) and 40 CFR 713.

Estimated number of respondents: 105 (total).

Frequency of response: Triennial.

Total estimated burden: 2,573 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$223,592 (per year), which includes \$0 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is a decrease of 14,775 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease reflects a change in EPA's method of estimating the number of expected reports. In 2021, EPA amended the original final rule to effectuate the vacatur ordered by the Second Circuit Court. In this ICR, with data available from the Mercury Inventory and with no new changes to the rule itself, this ICR utilizes data from the Reporting Year 2021 of the Mercury Inventory. In the RY 2021, there were 105 submissions (the previous ICR used an estimate of 252). This ICR assumes each respondent completes the entire form. Wages were also updated to 2022 dollars. This change is an adjustment.

Courtney Kerwin,

Director, Information Engagement Division.

[FRL–12404–01–OA]

Animal Agriculture and Water Quality Subcommittee (AAWQ), Subcommittee of the Farm, Ranch, and Rural Communities Committee (FRRCC); Notice of Public Meeting Animal Agriculture and Water Quality Subcommittee

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of meeting.

SUMMARY: Pursuant to the Federal Advisory Committee Act (FACA), notice is hereby given that the next meeting of the Animal Agriculture and Water Quality Subcommittee, a subcommittee of the Farm, Ranch, and Rural Communities Advisory Committee (FRRCC) will be held virtually on December 6, 2024. The goal of the AAWQ subcommittee is to provide recommendations that will inform the Agency's decisions regarding how to improve the implementation of the Clean Water Act (CWA) National Pollutant Discharge Elimination System (NPDES) Concentrated Animal Feeding Operation (CAFO) permitting program.

DATES: The public meeting of the AAWQ will be held virtually only on Friday, December 6, 2024, from approximately 8:30 a.m. to 5:30 p.m. (EST).

ADDRESSES: The meeting will take place virtually only. To register to attend virtually and receive information on how to listen to the meeting and to provide comments, please visit: www.epa.gov/faca/frcc-0. Virtual attendance will be via Zoom. The link to register for the meeting can be found on the FRRCC web page, www.epa.gov/faca/frcc-0. To provide public comments, attendees must submit request by Tuesday, November 26, 2024, at 11:59 p.m. (EST).

FOR FURTHER INFORMATION CONTACT: Dr. Venus Welch-White, Designated Federal Officer (DFO), at AAWQ@epa.gov or telephone. (202) 564–0595. General information regarding the FRRCC and AAWQ can be found on the EPA website at: www.epa.gov/faca/frcc.

SUPPLEMENTARY INFORMATION: Meetings of the AAWQ are open to the public. An agenda will be posted on AAWQ's website at <https://www.epa.gov/faca/frcc-0>.

Access and Accommodations: Requests for accessibility and/or accommodations for individuals with disabilities should be directed to AAWQ@epa.gov or at the phone number

(202) 564-0595. To ensure adequate time for processing, please make requests for accommodations at least 10 business days prior to the meeting. The deadline to make these request is Tuesday, November 26, 2024, at 11:59 p.m. (EST).

Dated: November 18, 2024.

Venus Welch-White,

Acting Deputy Director, Office of Agriculture and Rural Affairs, Office of the Administrator, U.S. EPA.

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Servicing of Motor Vehicle Air Conditioners (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), Servicing of Motor Vehicle Air Conditioners (EPA ICR Number 1617.10, OMB Control Number 2060-0247) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through December 31, 2024. Public comments were previously requested via the **Federal Register** on May 22, 2024, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

DATES: Comments may be submitted on or before December 23, 2024.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OAR-2024-0039, to EPA online using www.regulations.gov (our preferred method), by email to a-and-r-docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other

information whose disclosure is restricted by statute.

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Allison Horwitch, Stratospheric Protection Division, Office of Atmospheric Programs (Mail Code 6205A), Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: 202-564-2468; email address: horwitch.allison@epa.gov.

SUPPLEMENTARY INFORMATION: This is a proposed extension of the ICR, which is currently approved through December 31, 2024. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

Public comments were previously requested via the **Federal Register** on May 22, 2024, during a 60-day comment period (89 FR 44977). This notice allows for an additional 30 days for public comments. Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: Section 609 of the Clean Air Act Amendments of 1990 (Act) provides general guidelines for the servicing of motor vehicle air conditioners (MVACs). It states that "no person repairing or servicing motor vehicles for consideration may perform any service on a motor vehicle air conditioner involving the refrigerant for such air conditioner without properly using approved refrigerant recycling equipment and no such person may perform such service unless such person has been properly trained and certified." In 1992, EPA developed regulations under section 609 that were published in 57 FR 31240 and codified at 40 CFR part 82 subpart B (section 82.30 *et seq.*). The information required to be collected under the section 609 regulations is: approved refrigerant

handling equipment; approved independent standards testing organizations; technician training and certification; and certification, reporting and recordkeeping.

Form Numbers: None.

Respondents/affected entities: The following is a list of NAICS codes for organizations potentially affected by the information requirements covered under this ICR. It is meant to include any establishment that may service or maintain motor vehicle air conditioners.

4411 Automobile Dealers
4413 Automotive Parts, Accessories, and Tire Stores
44711 Gasoline Stations with Convenience Stores
8111 Automotive Repair and Maintenance
81198 All Other Automotive Repair and Maintenance

Other affected groups include independent standards testing organizations and organizations with technician certification programs.

Respondent's obligation to respond: Mandatory (40 CFR 82.36, 82.38, 82.40, 82.42).

Estimated number of respondents: 53,147.

Frequency of response: On occasion, biennially, only once.

Total estimated burden: 4,666.5 hours (per year). Burden is defined at 5 CFR 1320.03(b) hours (per year).

Total estimated cost: \$250,163.29 (per year), includes \$0 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is an increase of about 502 hours in the total estimated respondent burden compared with the ICR currently approved by OMB (EPA-HQ-OAR-2021-0040). This increase is due to a revision in the estimate of the total annual number of technicians certified under 40 CFR part 82 (40,000/year in 2021 to 47,000/year in 2024), and an increase in the number of motor vehicle repair establishments in the United States (165,800 in 2021 to about 170,000 in 2024).

Courtney Kerwin,

Director, Information Engagement Division.
