BILLING CODE 4312-52-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1411]

Certain Photodynamic Therapy Systems, Components Thereof, and Pharmaceutical Products Used in Combination With the Same; Notice of Commission Determination Not To Review an Initial Determination Granting in Part Complainant's Motion To Amend the Complaint and Notice of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination ("ID") (Order No. 8) of the presiding administrative law judge ("ALJ") issued in the above-captioned investigation, granting in part complainant's motion to amend the complaint and notice of investigation ("NOI") to add infringement allegations as to claims 17 and 18 of U.S. Patent No. 11,446,512 ("the '512 patent").

FOR FURTHER INFORMATION CONTACT: Richard P. Hadorn, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205-3179. Copies of non-confidential documents filed in connection with this investigation may be viewed on the

Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal, telephone (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on August 1, 2024, based on a complaint filed by Sun Pharmaceutical Industries, Inc. ("Sun Pharma") of Princeton, New Jersey. 89 FR 62790 (Aug. 1, 2024). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, based on the importation into the United States, the sale for importation, and the sale within the United States after importation of certain photodynamic therapy systems, components thereof, and pharmaceutical products used in combination with the same by reason of infringement of certain claims of the '512 patent and U.S. Patent No. 11,697,028 ("the '028 patent"). *Id.* The complaint further alleges that a domestic industry exists or is in the process of being established. *Id.* The notice of investigation names four respondents: (1) Biofrontera Inc. of Woburn, Massachusetts; (2) Biofrontera Pharma GmbH of Leverkusen, Germany; (3) Biofrontera Bioscience GmbH of Leverkusen, Germany; and (4) Biofrontera AG of Leverkusen, Germany (collectively, "Biofrontera"). *Id.* The Office of Unfair Import Investigations is not a party to this investigation. *Id.*

On October 7, 2024, Sun Pharma filed a motion to amend the complaint and NOI to add infringement allegations as to claims 9, 11, 17, and 18 of the '512 patent and claims 10 and 12 of the '028 patent. On October 17, 2024, Biofrontera filed a response opposing-in-part the motion. Specifically, Biofrontera did not oppose the motion with respect to adding infringement allegations as to claims 17 and 18 of the '512 patent, but opposed the remainder of the motion.

On October 22, 2024, the ALJ issued the subject ID granting the motion in part. The ID finds that, in accordance with Commission Rule 210.14(b) (19 CFR 210.14(b)), good cause exists for amending the complaint and NOI to add infringement allegations as to claims 17 and 18 of the '512 patent, noting that "Biofrontera agrees that Sun Pharma's allegations with respect to these claims are based on information obtained

through discovery." ID at 3. The ALJ, however, found that Sun Pharma has not shown the requisite good cause to amend the complaint and NOI to add infringement allegations as to claims 9 and 11 of the '512 patent and claims 10 and 12 of the '028 patent because "Sun Pharma failed to demonstrate why it was unable to bring the allegations [of those claims] in the complaint." *Id.* at 3-5. No petitions for review of the subject ID were filed.

The Commission has determined not to review the subject ID. The complaint and NOI are amended to add infringement allegations as to claims 17 and 18 of the '512 patent.

The Commission vote for this determination took place on November 20, 2024.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: November 20, 2024.

Lisa Barton,

Secretary to the Commission.

**OFFICE OF PERSONNEL
MANAGEMENT**

**Submission for Review 3206-0261:
Questionnaire for Non-Sensitive
Positions (SF 85)**

AGENCY: Office of Personnel Management.

ACTION: 30-Day notice and request for comments.

SUMMARY: The Office of Personnel Management (OPM) is requesting the Office of Management and Budget (OMB) renew a previously approved information collection, Questionnaire for Non-Sensitive Positions (SF 85).

DATES: Comments are encouraged and will be accepted until December 26, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to <http://www.reginfo.gov/public/do/PRAMain>. Find this particular information collection request by selecting "Office of Personnel Management" under "Currently Under Review," then check "Only Show ICR for Public Comment" checkbox.

FOR FURTHER INFORMATION CONTACT: A copy of this ICR, with applicable supporting documentation, may be obtained by email to SuitEAforms@opm.gov, or by contacting Lynnette Hornung 202-599-0090, or U.S. Office of Personnel Management, Suitability Executive Agent Programs, P.O. Box 699, Slippery Rock, PA 16057.

SUPPLEMENTARY INFORMATION: This notice announces that OPM has submitted to OMB a request for renewal of a previously approved information collection, control number 3206-0261, Questionnaire for Non-Sensitive Positions (SF 85). The public has an additional 30-day opportunity to comment. The 60 day **Federal Register** Notice was published on September 11, 2024 (89 FR 73730). No comments were received.

As required by the Paperwork Reduction Act of 1995, 44 U.S.C. 3506(c)(2), OPM is soliciting comments for this collection. The Office of Management and Budget is particularly interested in comment addressing the following issues: (1) whether this collection is necessary to the proper functions of OPM; (2) whether this information will be processed and used in a timely manner; (3) the accuracy of the burden estimates; (4) ways in which OPM might enhance the quality, utility, and clarity of the information to be collected; and (5) ways in which OPM

might minimize the burden of this collection on the respondents, including through the use of information technology.

Background

The Questionnaire for Non-Sensitive Positions, Standard Form 85 (SF 85) is an information collection completed by applicants for, or incumbents of, Federal Government civilian positions, or positions in private entities performing work for the Federal Government under contract. The collection is used as the basis of information for background investigations to establish that such individuals are:

- Suitable for employment or retention in Federal employment in a low risk, non-sensitive position, or fit for employment or retention in Federal employment in the excepted service when the duties to be performed are equivalent to a low risk, non-sensitive position;
- Fit to perform work on behalf of the Federal Government pursuant to the Government contract, when the duties to be performed are equivalent to a low risk, non-sensitive position;
- Eligible for physical and logical access to federally controlled facilities or information systems, when the duties to be performed by the individual are equivalent to the duties performed by an employee in a low risk, non-sensitive position.

For applicants, the SF 85 is used only after a conditional offer of employment has been made. eApplication (eApp) is a web-based system application that houses the SF 85. A variable in assessing burden hours is the nature of the electronic application. The electronic application includes branching questions and instructions which provide for a tailored collection from the respondent based on varying factors in the respondent's personal history. The burden on the respondent is reduced when their personal history is not relevant to particular questions, since the question only branches or expands for additional details for those individuals who have pertinent information to provide regarding that line of questioning. Accordingly, the burden on the respondent will vary depending on whether the information collection relates to the respondent's personal history.

OPM requests renewal of the information collection for the SF 85. As we await the implementation of the Personnel Vetting Questionnaire, which was approved by the Office of Management and Budget (87 FR 71700 and 88 FR 12703) on November 15, 2023, agencies continue to use the SF 85
