

DEPARTMENT OF COMMERCE**Census Bureau****Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Generic Clearance for 2030 Census Small-Scale Tests, Evaluations, and Database Updates**

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on September 11, 2024, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: U.S. Census Bureau, Department of Commerce.

Title: Generic Clearance for Census Bureau Field Tests and Evaluations.

OMB Control Number: 0607-XXXX.

Form Number(s): Not yet determined.

Type of Request: Regular submission, New Information Collection Request.

Number of Respondents: 162,000–175,000 per year.

Average Hours per Response: 18 minutes.

Burden Hours: 51,000–53,100 hours annually.

Needs and Uses: The upper range for the proposed annual burden hours is a slight reduction from the 55,000 hours the Census Bureau estimated in the 60-day **Federal Register** Notice for this generic information collection, and that figure was reduced for programmatic reasons.

The U.S. Census Bureau is committed to conducting research towards developing a well-managed, cost-effective, high quality decennial census. To that end, the Census Bureau requests OMB approval for a new generic clearance to conduct a series of studies to research and evaluate how to improve data collection activities for 2030 Census programs at the Census Bureau. These studies will explore how the Census Bureau can improve efficiency, data quality, and response rates and reduce respondent burden in future census and survey operations, evaluations and experiments. This

research program is for database updates, respondent communication, questionnaire and procedure development and evaluation purposes. We will use data tabulations to evaluate the results of questionnaire testing. Data will also be used to update address databases and other datasets used to plan and conduct larger tests and the 2030 Census itself.

Affected Public: Individuals or households, businesses or other for profit, farms.

Frequency: Once.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13, Sections 141, 191, 193, 221, and 223.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering the title of the collection.

DEPARTMENT OF COMMERCE**Foreign-Trade Zones Board**

[S–206–2024]

Foreign-Trade Zone 102; Application for Subzone; True Manufacturing Co., Inc.; O'Fallon and Mexico, Missouri

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the St. Louis County Port Authority, grantee of FTZ 102, requesting subzone status for the facilities of True Manufacturing Co., Inc., located in O'Fallon and Mexico, Missouri. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the FTZ Board (15 CFR part 400). It was formally docketed on November 20, 2024.

The proposed subzone would consist of the following sites: Site 1 (184 acres)—2001 East Terra Lane, O'Fallon; and Site 2 (56 acres)—1655 Bassford

Drive, Mexico. No authorization for production activity has been requested at this time. The proposed subzone would be subject to the existing activation limit of FTZ 102.

In accordance with the FTZ Board's regulations, Kolade Osho of the FTZ Staff is designated examiner to review the application and make recommendations to the Executive Secretary.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is January 6, 2025. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to January 21, 2025.

A copy of the application will be available for public inspection in the "Online FTZ Information Section" section of the FTZ Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Kolade Osho at Kolade.Osho@trade.gov.

Dated: November 20, 2024.

Certain Steel Nails From Taiwan: Final Results of Antidumping Duty Administrative Review and Final Determination of No Reviewable Sales; 2022–2023

AGENCY: Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that certain steel nails (nails) from Taiwan were sold in the United States at less than normal value during the period of review (POR), July 1, 2022, through June 30, 2023. Commerce also determines that certain companies under review had no reviewable sales during the POR.

DATES: Applicable November 26, 2024.

FOR FURTHER INFORMATION CONTACT: Faris Montgomery or Henry Wolfe, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington,

DC 20230; telephone: (202) 482–1537 or (202) 482–0574, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 16, 2024, Commerce published the preliminary results in the 2022–2023 administrative review of the antidumping duty order on nails from Taiwan and invited interested parties to comment.¹ On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven days.² The deadline for the final results is now November 20, 2024. A summary of the events that occurred since publication of the *Preliminary Results*, as well as a full discussion of the issues raised by parties for these final results, are included in the Issues and Decision Memorandum.³ Commerce conducted this administrative review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

This review covers 23 producers and/or exporters of the subject merchandise. Commerce selected four companies, Cyuan Hong Enterprise Co. (Cyuan Hong), Hsieh Shun Iron Wire Mfg. Co., Ltd. (Hsieh Shun), Qi Ding Enterprise Co. Ltd. (Qi Ding), and Yeong Ming Steel Iron Co., Ltd. (Yeong Ming) for individual examination.⁴ Two companies, Wiresmith Industrial Co., Ltd. (Wiresmith), and Concord International Engineering & Trading Co., Ltd. (Concord International) reported having no reviewable entries during the POR, see “Final Determination of No Reviewable Sales” section below. The remaining producers and/or exporters

not selected for individual examination are listed in Appendix II of this notice.

Scope of the Order⁵

The merchandise covered by this Order are nails from Taiwan. For a complete description of the scope of the Order, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in case briefs are addressed in the Issues and Decision Memorandum and are listed in Appendix I to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

In response to comments made by interested parties, Commerce made changes to the dumping margin assigned to non-examined companies under review. The Issues and Decision Memorandum contains a description of this change.

Final Determination of No Reviewable Sales

In the *Preliminary Results*, Commerce determined that resellers Wiresmith and Concord International had no reviewable sales of subject merchandise during the POR.⁶ We received no comments from interested parties regarding our preliminary determination and do not have any information on the record to contradict this determination. Therefore, we continue to find that these two companies had no reviewable sales during the POR. As discussed further in the “Assessment Rates” section below, we will instruct CBP to liquidate any existing entries of subject merchandise produced by Wiresmith and Concord International’s respective unaffiliated suppliers and attributed to Wiresmith and Concord International at the rate applicable to the unaffiliated producers, or the all-others rate if there

is no rate for the unaffiliated producers.⁷

Use of Adverse Facts Available

As discussed in the *Preliminary Results*, we are relying entirely upon facts otherwise available, pursuant to sections 776(a) and (b) of the Act, to assign estimated dumping margins to mandatory respondents Cyuan Hong, Hsieh Shun, Qi Ding, and Yeong Ming because these companies were unresponsive to our requests for information, and thereby withheld necessary information that was requested by Commerce, failed to provide the information requested by the specified deadlines in the form and manner requested, and significantly impeded the review. Further, Commerce finds that Cyuan Hong, Hsieh Shun, Qi Ding, and Yeong Ming failed to cooperate by not acting to the best of their ability to comply with requests for information and, thus, Commerce is applying an adverse inference in selecting among the facts available, in accordance with section 776(b) of the Act. Using adverse facts available (AFA), we are assigning these companies a rate of 78.17 percent, which is the highest rate applied in any segment of this proceeding.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding the *Preliminary Results*, we revised the weighted average margin assigned to the respondents not selected for individual examination.⁸ For detailed information, see the Issues and Decision Memorandum.

Rate for Non-Selected Companies

For the rate assigned to companies not selected for individual examination in an administrative review, generally, Commerce looks to section 735(c)(5) of the Act which provides instructions for calculating the all-others rate in an investigation. Under section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers

We note that Commerce selected two additional respondents; Concord International reported no reviewable entries and we were unable to deliver the questionnaire to Foison Hardware Inc. at the provided address.

individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely {on the basis of facts available}.” Under section 735(c)(5)(B) of the Act, if the estimated dumping margins established for all exporters and producers individually investigated are zero or *de minimis* margins, or are determined entirely under section 776, the administering authority may use any reasonable method to establish the estimated all-others rate for exporters and producers not individually investigated, including averaging the dumping margins determined for the exporters and producers individually investigated.

For the final results of this administrative review, we continue to base the weighted average dumping margins for Cyuan Hong, Hsieh Shun, Qi Ding, and Yeong Ming, the mandatory respondents in this review, entirely on AFA. However, while we preliminarily found that it was appropriate to assign the calculated rate from the prior proceeding to the non-selected companies under review, for these final results of review, we have instead assigned the non-selected companies an average of the mandatory respondents’ AFA rate. Therefore, we are assigning a margin of 78.17 percent to the companies not individually examined (*see* Appendix II for a full list of these companies). For further discussion, *see* the Issues and Decision Memorandum.

Final Results of Review

We have determined the following dumping margins for the firms listed below for the period July 1, 2022, through June 30, 2023:

Exporter/producer	Weighted-average dumping margin (percent)
Cyuan Hong Enterprise Co.	78.17
Hsieh Shun Iron Wire Mfg. Co., Ltd.	78.17
Qi Ding Enterprise Co., Ltd.	78.17
Yeong Ming Steel Iron Co., Ltd.	78.17
Companies under Review Not Selected for Individual Examination ⁹	78.17

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with the final results of administrative review within five days of any public announcement or, if there is no public announcement,

⁹ See Appendix II for a full list of companies not individually examined in this review.

within five days of the date of publication of the notice of the final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce applied AFA to the four companies subject to this this review, in accordance with section 776 of the Act, there are no calculations to disclose.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. For the companies that were not selected for individual examination, we will instruct CBP to assess antidumping duties at the assessment rate assigned to the companies, based on the methodology described in the “Rate for Non-Selected Companies” section, above. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.¹⁰ Because we continue to find Concord International and Wiresmith had no reviewable entries during the POR in the final results, any suspended entries of subject merchandise associated with these companies will be liquidated at the rate applicable to the unaffiliated producers, or the all-others rate if there is no rate for the unaffiliated producers.

For entries of subject merchandise during the POR produced by an individually examined respondent for which it did not know its merchandise was destined for the United States, we intend to instruct CBP to liquidate such entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.¹¹

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

Upon publication of this notice in the **Federal Register**, the following cash

¹⁰ See section 751(a)(2)(C) of the Act.

¹¹ See *Assessment of Antidumping Duties*, 68 FR at 23954.

deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Cyuan Hong, Hsieh Shun, Qi Ding, Yeong Ming, and the companies listed in Appendix II will be equal to the appropriate dumping margin established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less than fair value (LTFV) investigation, but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 2.16 percent, the all-others rate established in the LTFV investigation, as amended.¹² These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of

Notification to Interested Parties

We are issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Management and Oversight of the National Estuarine Research Reserve System

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for

review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on July 16, 2024 (89 FR 57875) during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration (NOAA), Commerce.

Title: Management and Oversight of the National Estuarine Research Reserve System.

OMB Control Number: 0648-0121.

Form Number(s): None.

Type of Request: Regular (extension of a current information collection).

Number of Respondents: 30 unique respondents.

Average Hours per Response: Management plan, 1,600 hours; site profile, 1,800 hours; site nomination documents, 2,500 hours; award application, 24 hours; award reports, 14 hours; NEPA documentation, 2 hours.

Total Annual Burden Hours: 9,879.

Needs and Uses: The National Estuarine Research Reserve System (NERRS) is a partnership between the National Oceanic and Atmospheric Administration (NOAA) and 24 states and Puerto Rico that protects more than 1.3 million coastal and estuarine acres in 30 Reserves for long-term research, monitoring, education, and stewardship, established under Section 315 of the *Coastal Zone Management Act* (CZMA) of 1972 (16 U.S.C. 1451), 16 U.S.C. 1461. The NERRS consists of carefully selected estuarine areas of the United States that are designated, preserved, and managed for research and educational purposes. The Reserves are chosen to reflect regional differences and to include a variety of ecosystem types according to the classification scheme of the national program as presented in *15 CFR part 921*. As part of a national system, the Reserves collectively provide a unique opportunity to address research questions and estuarine management issues of national significance. The Reserves also serve to enhance public awareness and understanding of estuarine areas and provide suitable opportunities for public education and interpretation. Regulations provide guidance for delineating Reserve boundaries and additional guidance for

arriving at the most effective and least costly approach to establishing adequate state control of key land and water areas. Any qualified public or private persons, organizations or institutions may compete for research funding to work in research Reserves. In fact, applicants are almost always states.

Subsection 315(e)(1)(B) of the CZMA authorizes the National Ocean Service (NOS) to make grants to, or cooperative agreements with, any coastal state or public or private institution or person for purposes of supporting research within the NERRS. This program is listed in the Catalog of Federal Domestic Assistance under "Coastal Zone Management Estuarine Research Reserve, Number 11.420." Applications for such grants follow the provisions of 2 CFR 200. During the site selection and designation process, information is collected from states in order to prepare a management plan and environmental impact statement. Designated Reserves apply annually for operations funds by submitting a work plan; subsequently, progress reports are required every six months for the duration of the award. Each Reserve compiles an ecological characterization or site profile to describe the biological and physical environment of the Reserve, research to date and research gaps. Reserves revise their management plans every five years. A competitive fellowship program supports opportunities for graduate students to conduct research at each Reserve. This information is required to ensure that Reserves are adhering to regulations and that the Reserves are in keeping with the purpose for which they were designated.

Affected Public: Non-profit institutions; state, local, or tribal government.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain funding.

Legal Authority: Coastal Zone Management Act (CZMA) of 1972 (16 U.S.C. 1451), 16 U.S.C. 1461.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain.
