Abstract: Since 2002, the Bureau of Justice Statistics (BJS) has periodically conducted the Census of Publicly Funded Forensic Crime Laboratories (CPFFCL) through a survey that collects data on the staffing, budgets, workloads, resources, policies, and procedures among federal, state, and local crime labs. The 2024 CPFFCL will be the sixth administration. It will provide insight on emerging issues and challenges facing crime labs since the CPFFCL was last conducted in 2020. BJS uses the information gathered in CPFFCL in published reports and statistics. The reports will be made available to the U.S. Congress, Executive Office of the President, practitioners, researchers, students, the media, others interested in criminal justice statistics, and the general public via the BJS website.

Overview of This Information Collection

1. *Type of Information Collection:* Reinstatement, with changes, of a previously approved collection for which approval has expired.

2. *Title of the Form/Collection:* 2024 Census of Publicly Funded Forensic Crime Laboratories (CPFFCL).

3. *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* The form number is CPFFCL-24. The applicable component within the Department of Justice is the Bureau of Justice Statistics (BJS), in the Office of Justice Programs.

4. *Affected public who will be asked or required to respond, as well as the obligation to respond:* Affected public are federal, state, and local government agencies. The 2024 CPFFCL is revised from the 2020 CPFFCL. BJS plans to field the 2024 CPFFCL from February through August 2025. Respondents will be the staff at the publicly funded forensic crime labs. The obligation to respond is voluntary.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* A projected 350 respondents from individual labs and multi-lab systems will take an average of 90 minutes (1.5 hours) each to complete form CPFFCL-24, including time to research or find information not readily available. In addition, an estimated 225 respondents will be contacted for data quality follow-up at 15 minutes (.25 hours) per respondent.

6. *An estimate of the total public burden (in hours) associated with the collection:* The total burden hours for this collection is 581 hours.
