Glycine From China, India, Japan, and Thailand;**Determinations**

On the basis of the record¹ developed in the subject five-year reviews, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that revocation of the antidumping duty orders on glycine from India, Japan, and Thailand, and the countervailing duty orders on glycine from China and India would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted these reviews on May 1, 2024 (89 FR 35237) and determined on August 5, 2024, that it would conduct expedited reviews (89 FR 76507, September 18, 2024).

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It

¹ The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

completed and filed its determinations in these reviews on November 22, 2024. The views of the Commission are contained in USITC Publication 5564 (November 2024), entitled *Glycine from China, India, Japan, and Thailand: Investigation Nos. 701-TA-603-604 and 731-TA-1413-1415 (Review)*.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-739-740 and 731-TA-1716-1717 (Preliminary)]

Thermoformed Molded Fiber Products From China and Vietnam

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of thermoformed molded fiber products (“TMFPs”) from China and Vietnam, provided for in subheading 4823.70.00 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (“LTFV”) and imports of the subject merchandise from China and Vietnam that are alleged to be subsidized by the governments of China and Vietnam.²

Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission’s rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in § 207.21 of the Commission’s rules, upon notice from the U.S. Department of Commerce (“Commerce”) of affirmative preliminary determinations in the investigations under §§ 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final

determinations in those investigations under §§ 705(a) or 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Any other party may file an entry of appearance for the final phase of the investigations after publication of the final phase notice of scheduling. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations. As provided in section 207.20 of the Commission’s rules, the Director of the Office of Investigations will circulate draft questionnaires for the final phase of the investigations to parties to the investigations, placing copies on the Commission’s Electronic Document Information System (EDIS, <https://edis.usitc.gov>), for comment.

Background

On October 8, 2024, the American Molded Fiber Coalition, which is comprised of Genera Inc., Vonore, Tennessee; Tellus Products, LLC, Belle Glade, Florida; and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO, filed petitions with the Commission and Commerce, alleging that an industry in the United States is materially injured or threatened with material injury by reason of subsidized imports of TMFPs from China and Vietnam and LTFV imports of TMFPs from China and Vietnam. Accordingly, effective October 8, 2024, the Commission instituted countervailing duty investigation Nos. 701-TA-739-740 and antidumping duty investigation Nos. 731-TA-1716-1717 (Preliminary).

Notice of the institution of the Commission’s investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on October 15, 2024 (89 FR 83051). The Commission conducted its conference on October 29, 2024. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to §§ 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)). It completed and filed its determinations in these investigations on November 22, 2024. The views of the Commission are contained in USITC Publication 5568 (December 2024), entitled *Thermoformed Molded Fiber Products from China and Vietnam: Investigation Nos. 701-TA-739-740 and 731-TA-1716-1717 (Preliminary)*.

By order of the Commission.

Issued: November 22, 2024.

Secretary to the Commission.
