[Docket No. FHWA-2024-0082]

Agency Information Collection Activities: Notice of Request for Renewal of Currently Approved Information Collection

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of request for revision of currently approved information collection.

SUMMARY: The FHWA invites public comments about our intention to request the Office of Management and Budget’s (OMB) approval for renewal of an existing information collection that is summarized below under **SUPPLEMENTARY INFORMATION**. We are required to publish this notice in the **Federal Register** by the Paperwork Reduction Act of 1995.

DATES: Please submit comments by February 10, 2025.

ADDRESSES: You may submit comments identified by DOT Docket ID Number 0082 by any of the following methods:

Website: For access to the docket to read background documents or comments received go to the Federal eRulemaking Portal: Go to <https://www.regulations.gov>. Follow the online instructions for submitting comments.

Fax: 1-202-493-2251.

FOR FURTHER INFORMATION CONTACT: Mark Glaze, (202) 366-4503, HEPN-10, Room E74-466, Federal Highway Administration, US Department of Transportation, 1200 New Jersey Avenue SE, Washington, DC 20590. Office hours are from 8 a.m. to 4:30 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Title: Congestion Mitigation and Air Quality (CMAQ) Improvement Program.
OMB Control: 2125-0614.

Background: The development and maintenance of a cumulative database of all CMAQ projects is required by 23 U.S.C. 149(i)(1). This database must include specific information about each project such as name, location, sponsor, cost, and to the extent already measured by the project sponsor, cost-effectiveness based on reductions in emissions and congestion. States provide annual reports on all CMAQ obligations and de-obligations taking place in each fiscal year. These reports include obligations of program funds; descriptions of individual projects; and potential impacts on air quality and congestion. The data provided in the annual reports and the CMAQ Public Access System allows for transparency, showing that the program continues to provide incremental benefits through enhanced regional and local air quality improvement, and through contributions to congestion relief.

Information provided in the CMAQ project reporting system is useful for FHWA and FTA planning purposes, as well as reports to the U.S. Congress. The database is also the official data source for reporting on CMAQ emission measure performance under the transportation performance management requirements in 23 CFR part 490.

Respondents: There are 51 respondents, including 50 State Transportation Departments and the District of Columbia.

Frequency: Once every calendar year to record CMAQ project data from the previous fiscal, on or about March 1st.

Estimated Average Burden per Response: There is a total of 51 annual reports per year on a variable number of reported projects. Each project entry requires on average 15 to 20 minutes to complete.

Estimated Total Annual Burden Hours: Total estimated average annual burden is 674 hours. (Based on the most recent ten year average of Annual Reporting projects.)

Public Comments Invited: You are asked to comment on any aspect of this

information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended; and 49 CFR 1.48.

Issued on December 5, 2024.

Jazmyne Lewis,

Information Collection Officer.

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Notice of Availability of the Finding of No Significant Impact for the I-15; 24th Street Interchange Project in Utah and Final Federal Agency Actions

AGENCY: Federal Highway Administration (FHWA), Department of Transportation, Utah Department of Transportation (UDOT).

ACTION: Notice of availability and notice of limitations on claims for judicial review of actions by UDOT and other Federal agencies.

SUMMARY: The FHWA, on behalf of UDOT, is issuing this notice to announce the availability of the Finding of No Significant Impact (FONSI) for the Interstate 15 (I-15); 24th Street Interchange, in Ogden City, Weber County, Utah. In addition, this notice is being issued to announce actions taken by UDOT that are final Federal agency actions related to the project referenced above. Those actions grant licenses, permits and/or approvals for the project. The FONSI provides details on the Selected Alternative for the proposed improvements.

DATES: This decision became operative on November 26, 2024. By this notice, FHWA, on behalf of UDOT, is advising the public of final agency actions subject to 23 U.S.C. 139(j)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before May 9, 2025. If the Federal law that authorizes judicial review of a claim provides a time period of less

than 150 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: Brandon Weston, Environmental Program Manager, UDOT Environmental Services, PO Box 143600, Salt Lake City, UT 84114; (801)-965-4603; email: brandonweston@utah.gov. UDOT's normal business hours are 8 a.m. to 5 p.m. (mountain time zone), Monday through Friday, except State and Federal holidays.

SUPPLEMENTARY INFORMATION: The environmental review, consultation, and other actions required by applicable Federal environmental laws for this action are being, or have been, carried out by UDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding (MOU) dated May 26, 2022, and executed by FHWA and UDOT. Actions taken by UDOT on FHWA's behalf pursuant to 23 U.S.C. 327 constitute Federal agency actions for purposes of Federal law. Notice is hereby given that UDOT has taken final agency actions subject to 23 U.S.C. 139(j)(1) by issuing licenses, permits, and/or approvals for the I-15; 24th Street Interchange project in the State of Utah.

The project proposes to modify the local roadway network and serve local travel by replacing the existing partial Interstate 15 (I-15)/24th Street interchange with a fully directional single point urban interchange (SPUI). The existing on- and off-ramps at 24th Street would be removed, but the existing I-15 underpass would be retained to provide local access. The intersection at Pennsylvania Avenue and New Midland Drive in Ogden City would be converted to a signalized intersection. The purpose of the project is to improve modal interrelationships between the local road network, the interstate, the railroad, sidewalks, and bike routes; and also improve level of service and reduce vehicle queues at intersections within the study area.

These improvements were identified in the Environmental Assessment (EA) prepared for the project by UDOT as the Proposed Action. The project is identified in UDOT's adopted 2023-2028 State Transportation Improvement Program as project number 15683 with funding identified for right-of-way acquisition. The project is also included in the Wasatch Front Regional Council (WFRC) 2023-2050 Regional Transportation Plan approved in May 2024 (latest amendment August 2024) and the WFRC 2024-2029 Transportation Improvement Plan.

The actions by UDOT, and the laws under which such actions were taken, are described in the EA approved on

March 12, 2024, and the FONSI (Finding of No Significant Impact for I-15; 24 Street Interchange; in Weber County, Utah) Project No. S-I15-8(158)343 approved on November 26, 2024, and other documents in the project records. The EA and FONSI are available for review by contacting UDOT at the address provided above. In addition, these documents can be viewed and downloaded from the project website at <https://udotinput.utah.gov/24thstreetinterchange>. This notice applies to the EA, the FONSI, the Section 4(f) determination, the NHPA Section 106 review, the Endangered Species Act determination, the noise review and noise abatement determination, and all other UDOT and federal agency decisions and other actions with respect to the project as of the issuance date of this notice and all laws under which such actions were taken, including but not limited to the following laws (including their implementing regulations):
