

residing in the proposed expansion counties are socially and economically affiliated with the Tribe. The IHS therefore finds that the Tribal members within the proposed, expanded PRCDA are socially and economically affiliated with the Sac and Fox Nation of Missouri.

3. The expanded PRCDA counties form a contiguous area with the existing PRCDA, and members of the Sac and Fox Nation of Missouri reside in each of the counties proposed for inclusion in the expanded PRCDA. Jackson County, Kansas and Doniphan County, Kansas both share a common boundary with Brown County, Kansas, where the Sac and Fox Nation of Missouri has reservation lands. Holt County, Missouri, shares a common boundary with Richardson County, Nebraska, where the Sac and Fox Nation of Missouri has reservation lands. For these reasons, the IHS has determined the additional counties proposed for inclusion herein to be geographically proximate, meaning “on or near,” to the Tribe’s reservation.

4. The White Cloud Health Center has indicated that the PRC program can continue providing the same level of care to the PRC eligible population if the PRCDA is expanded as proposed, without requiring additional funding or reduction of the current medical priority level.

Accordingly, the IHS proposes to expand the PRCDA of the Sac and Fox Nation of Missouri in Kansas and Nebraska to include the counties of Doniphan and Jackson in the State of Kansas, and Holt in the State of Missouri.
