Final Results of Review

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of issues raised in written briefs, no later than 120 days after publication of this notice in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rate

Upon issuance of the final results of this administrative review, pursuant to section 751(a)(2)(A) of the Act, Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.¹⁶

Pursuant to 19 CFR 351.212(b)(1), where an examined respondent's weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.5 percent), we will calculate an importer-specific ad valorem duty assessment rate based on the ratio of the total amount of dumping calculated for the U.S. sales for a given importer to the total entered value of those sales. Where either the respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For entries of subject merchandise during the POR produced by CBA for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.¹⁷

The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise under review and for future deposits of estimated duties, where applicable.¹⁸ Commerce intends to issue assessment instructions regarding the individually examined respondents to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is

filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of the notice of final results of this administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for the companies under review will be the rate established in the final results of the review (except, if the rate is zero or *de minimis*, no cash deposit will be required); (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer is, the cash deposit rate will be the rate established for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 13.93 percent,¹⁹ the all-others rate established in the less-than-fair-value investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h) and 351.221(b)(4).

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is conducting an administrative review of the antidumping duty order on pure magnesium from the People's Republic of China (China). We determine that Tianjin Magnesium Metal Co., Ltd. (MMC) and Tianjin Magnesium International Co., Ltd. (TMI) made sales at less than normal value (NV) during the period of review (POR) May 1, 2022, through April 30, 2023.

DATES: Applicable December 13, 2024.

FOR FURTHER INFORMATION CONTACT: John Conniff, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1009.

SUPPLEMENTARY INFORMATION:

Background

On June 5, 2024, Commerce published the *Preliminary Results* in the **Federal Register** and invited interested parties to comment.¹ On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven days.² On September 24, 2024,

¹ See *Pure Magnesium from the People's Republic of China: Preliminary Results of Antidumping Administrative Review; 2022–2023*, 89 FR 48149 (June 5, 2024) (*Preliminary Results*) and accompanying Preliminary Decision Memorandum (PDM).

¹⁸ See section 751(a)(2)(C) of the Act.

¹⁹ See *Order*, 86 FR 62791.

Commerce extended the final results by 25 days until November 14, 2024.³ On November 8, 2024, Commerce extended the final results by 22 days until December 6, 2024.⁴ For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁵

Scope of the Order⁶

The product covered by the *Order* is pure magnesium from China, regardless of chemistry, form or size, unless expressly excluded from the scope of the *Order*. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.

Analysis of Comments Received

The issues raised by MMC/TMI and the petitioner in their case and rebuttal briefs are listed in the appendix to this notice and addressed in the Issues and Decision Memorandum. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on our review and analysis of the comments received from the interested parties, we made several changes to the *Preliminary Results* margin calculation for MMC/TMI which resulted in a change to its preliminary margin.

The China-Wide Entity

In accordance with Commerce’s policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the China-wide entity.⁷ As

stated in the *Preliminary Results*, because no party requested a review of the China-wide entity, and Commerce did not self-initiate a review of the entity, the entity is not under review, and the entity’s rate, *i.e.*, 111.73 percent, is not subject to change.⁸ Moreover, we determine that MMC/TMI is eligible for a separate rate and thus not part of the China-wide entity.⁹

Final Results of Review

Commerce determines that the following estimated weighted-average dumping margins exist for the period May 1, 2022, through April 30, 2023:

Exporter	Weighted-average dumping margin (percent)
Tianjin Magnesium International Co., Ltd./Tianjin Magnesium Metal Co., Ltd	32.60

Disclosure

Commerce intends to disclose to parties to the proceeding the calculations performed for these final results of review within five days of the date of publication of this notice in the **Federal Register** in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce has determined, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with these final results of review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of these final results in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to

⁹ In the 2011–2012 administrative review, Commerce collapsed both TMI and MMC into a single entity. See *Pure Magnesium from the People’s Republic of China: Final Results of Antidumping Duty Administrative Review; 2011–2012*, 79 FR 94 (January 2, 2014), and accompanying Issues and Decision Memorandum at fn 1. liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

For MMC/TMI, which have a final weighted-average dumping margin that is not zero or *de minimis* (*i.e.*, less than 0.5 percent), we will calculate importer-specific assessment rates, in accordance with 19 CFR 351.212(b)(1). Pursuant to 19 CFR 351.212(b)(1), where the respondent reported the entered value of its U.S. sales, we will calculate importer-specific *ad valorem* assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales for which entered value was reported. Where the respondent did not report entered value, we will calculate importer-specific per-unit duty assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total quantity of those sales. To determine whether an importer-specific per-unit assessment rate is *de minimis* in accordance with 19 CFR 351.106(c)(2), we will also calculate an importer-specific *ad valorem* ratio based on estimated entered values.

Pursuant to a refinement in our non-market economy practice, for sales that were not reported in the U.S. sales data submitted by MMC/TMI, we will instruct CBP to liquidate entries associated with those sales at the rate for the China-wide entity.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) for MMC/TMI, which has a separate rate, the cash deposit rate will be the rate established in these final results of review; (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the China-wide entity (*i.e.*, 111.73 percent¹⁰); and (4) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

Scope of the Order

The merchandise covered by the Order is OCTG from Korea. For a complete description of the scope of the Order, see the Preliminary Decision Memorandum.

Rescission of Administrative Review, In Part

In accordance with 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if all parties that requested the review withdraw their requests within 90 days of the date of publication of the notice of initiation of the requested review. Commerce received timely-filed withdrawal requests with respect to AJU Besteel Co., Ltd. (AJU Besteel); Husteel Co., Ltd. (Husteel); ILJIN Steel Corporation (ILJIN); and NEXTEEL Co., Ltd. (NEXTEEL), pursuant to 19 CFR 351.213(d)(1). Because the withdrawal requests were timely filed, and no other parties requested a review of these companies, in accordance with 19 CFR 351.213(d)(1), Commerce is rescinding this review of the Order with respect to these four companies.
