

security improvements. Additionally, information is collected in accordance with Section 1406(c) of the *Implementing Recommendations of the 9/11 Commission Act of 2007* (6 U.S.C. 1135(c)) which authorizes the Secretary to determine the requirements for grant recipients, including application requirements.

The Intercity Bus Security Grant Program (IBSGP) is a FEMA grant program that focuses on transportation infrastructure protection activities. The collection of information for IBSGP is mandated by Section 1532 of the *Implementing Recommendations of the 9/11 Commission Act of 2007* (Pub. L. 110-53) (codified at 6 U.S.C. 1182), which directs the Secretary to establish a program for making grants to eligible public transportation agencies for security improvements. Additionally, information is collected in accordance with *Section 1532(d) of the Implementing Recommendations of the 9/11 Commission Act of 2007* (6 U.S.C. 1182(d)) which authorizes the Secretary to determine the requirements for grant recipients, including application requirements. With this revision, FEMA adds the instruments for the IBSGP to this collection for easier management and transparency.

Collection of Information

Title: FEMA Preparedness Grants: Transit Security Grant Program (TSGP) and Intercity Bus Security Grant Program (IBSGP).

Type of Information Collection: Revision of a currently approved information collection.

OMB Number: 1660-0112.

FEMA Forms: TSGP Five Year Security Capital and Operational Sustainment Plan, FEMA Form FF-207-FY-21-101; TSGP Investment Justification Background Document, FEMA Form FF-207-FY-21-102; TSGP Investment Justification, FEMA Form FF-207-FY-21-103; TSGP Public Transit Risk Assessment Methodology (PT-RAM) Gap Analysis, FEMA Form FF-207-FY-21-104; TSGP PT-RAM Implementation Plan, FEMA Form FF-207-FY-21-105; TSGP PT-RAM, FEMA Form FF-207-FY-21-106; IBSGP Investment Justification Form, FEMA Form FF-207-FY-23-102; IBSGP Detailed Budget Worksheet, FEMA Form FF-207-FY-23-103; and IBSGP Vulnerability Assessment and Security Plan, FEMA Form FF-207-FY-23-104.

Abstract: The TSGP and IBSGP are important components of the Department's effort to enhance the security of the Nation's critical infrastructure. The programs provide funds to owners and operators of transit

systems (TSGP) and private bus operators (IBSGP) to protect critical surface transportation infrastructure and the traveling public from acts of terrorism, major disasters, and other emergencies.

Affected Public: Business or other for-profit entities, State and local governments.

Estimated Number of Respondents: 906.

Estimated Number of Responses: 906.

Estimated Total Annual Burden Hours: 15,940.

Estimated Total Annual Respondent Cost: \$1,537,792.

Estimated Respondents' Operation and Maintenance Costs: \$0.

Estimated Respondents' Capital and Start-Up Costs: \$0.

Estimated Total Annual Cost to the Federal Government: \$1,163,120.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the Agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Maile Arthur,

Acting Records Management Branch Chief, Office of the Chief Administrative Officer, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.

BILLING CODE 9111-78-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2024-0002; Internal Agency Docket No. FEMA-B-2482]

Proposed Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice.

SUMMARY: Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: Comments are to be submitted on or before March 18, 2025.

ADDRESSES: The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

You may submit comments, identified by Docket No. FEMA-B-2482, to Rick Sacbabit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbabit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sacbabit, Chief, Engineering Services Branch, Federal Insurance and

Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are

used to meet the floodplain management requirements of the NFIP.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information

regarding the SRP process can be found online at https://www.floodsrp.org/pdfs/srp_overview.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.
