SUPPLEMENTARY INFORMATION:

I. Background

With some exceptions, the Marine
Mammal Protection Act of 1972, as
amended (MMPA; 16 U.S.C. 1361 *et
seq.*), prohibits the take and importation
of marine mammals and marine
mammal products absent Federal
authorization. In carrying out our
responsibilities under the MMPA, we,
the U.S. Fish and Wildlife Service
(FWS), may authorize such activities via
permits after receipt of an application
and verification that MMPA statutory
and regulatory requirements are met.

Section 104(c) of the MMPA specifies
the conditions for authorizing the taking
or importation of a marine mammal for
purposes of scientific research, public
display, photography, or enhancing the
survival or recovery of a species or stock
under the MMPA.

This notice provides information
about two aspects of the MMPA
permitting process: application and
issuance. At section II, we provide the
public with notice of and the
opportunity to comment on applications
that we have received from entities or
individuals to conduct certain activities
with marine mammals for which the
FWS has jurisdiction under the MMPA.
At section III, we announce recently
issued MMPA permits to entities or
individuals in response to prior
applications.

II. Applications Available for Public Review

To help us carry out our conservation
responsibilities for affected species, and
in consideration of section 104(c) of the
MMPA, we invite the public and local,
State, Tribal, and Federal agencies to
comment on the applications listed
below before final action is taken.
Concurrent with publishing this notice
in the **Federal Register**, we are
forwarding copies of these marine
mammal applications to the Marine

Mammal Commission and the
Committee of Scientific Advisors for
their review.

A. Permit Applications Received

We invite comments on the following
applications:

Applicant: Seattle Aquarium Society,
Seattle, WA; Permit No. PER12241375

The applicant requests a scientific
research permit to conduct surveys of
northern sea otters (*Enhydra lutris
kenyonii*) off the coast of Washington
State using a camera-mounted
unmanned aircraft system. This
information will increase the accuracy
of population estimates and allow better
understanding of the temporal and
spatial distribution of otters in the area.
This notification covers activities to be
conducted by the applicant over a 5-
year period.

Applicant: Ben Hamilton, Windfall
Films, San Antonio, TX; Permit No.
PER12101045

The applicant requests a permit to
conduct commercial photography and
filming of northern sea otters (*Enhydra
lutris kenyonii*) in the wild. This
notification covers activities to be
conducted in the Sitka Sound area of
southeast Alaska by the applicant
between 2024 and 2026.

B. Public Comment Procedures

1. How Do I Comment on Permit Applications?

Before issuing any requested permit,
we will take into consideration any
information that we receive during the
public comment period.

You may submit your comments and
materials by one of the methods in
ADDRESSES. We will not consider
comments sent by email, or to an
address not in **ADDRESSES**. We will not
consider or include in our
administrative record comments that we
receive after the close of the comment
period (see **DATES**).

When submitting comments, please
specify the name of the applicant and
the permit number at the beginning of
your comment. Provide sufficient
information to allow us to authenticate
any scientific or commercial data you
include. The comments and
recommendations that will be most
useful and likely to influence agency
decisions are: (a) Those supported by
quantitative information or studies; and
(b) those that include citations to, and
analyses of, the applicable laws and
regulations.

2. May I review comments submitted by others?

You may view public comments at <https://www.regulations.gov> unless our allowing so would violate the Privacy Act (5 U.S.C. 552a) or other Federal law.

3. Who will see my comments?

If you submit a comment at <https://www.regulations.gov>, your entire comment, including any personal identifying information, will be posted on the website. If you submit a hardcopy comment that includes personal identifying information, such as your address, phone number, or email address, you may request at the top of your document that we withhold this information from public review. However, we cannot guarantee that we will be able to do so. Moreover, all submissions from organizations or

businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

C. Next Steps for Submitted Applications

After the comment period closes, we will make decisions regarding permit issuance. If we issue permits to any of the applicants listed above in this notice, we will publish a subsequent notice in the **Federal Register**. You may locate the notice announcing the permit issuance by searching <https://www.regulations.gov> for the permit number listed above in this document. For example, to find information about the potential issuance of Permit No. 12345A, you would go to [https://](https://www.regulations.gov)

www.regulations.gov and search for “12345A”.

III. Permits Issued by the Service

We have issued permits to conduct certain activities involving marine mammals and marine mammal products in response to prior permit applications that we received. This notice informs the public that the FWS has issued the permits listed in table 1.

The permittees’ original permit application materials, along with public comments we received during public comment periods for the applications, are available for review. To locate the application materials and received comments, go to <https://www.regulations.gov> and search for the appropriate permit number (e.g., PER12345) or docket number (e.g., FWS-R7-ES-2020-0004) provided in table 1.

[Docket No. FWS-HQ-ES-2023-0148; FF09E42000-FXES111609BFEDR-245]

John H. Chafee Coastal Barrier Resources System; Availability of Final Revised Maps for Florida, Georgia, Louisiana, Maine, and New York

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: The Coastal Barrier Resources Act requires the Secretary of the Interior to review the maps of the John H. Chafee Coastal Barrier Resources System (CBRS) at least once every 5 years and make any minor and technical modifications to the boundaries of the CBRS to reflect changes in the size or location of any unit as a result of natural forces since the unit was last mapped. We, the U.S. Fish and Wildlife Service, have conducted this review for CBRS units in Florida, Georgia, Louisiana, Maine, and the Great Lakes region of New York. This notice announces the findings of our review and the availability of final revised maps for 89 CBRS units in these five States.

DATES: Changes to the CBRS depicted on the final revised maps, dated December 29, 2023, become effective on December 19, 2024.

ADDRESSES: For information about how to get copies of the maps or where to go to view them, see Availability of Final Maps and Related Information, below.

FOR FURTHER INFORMATION CONTACT: Katie Niemi, Coastal Barriers

Coordinator, via telephone at 703-358-2071 or email at CBRA@fws.gov.
