

transactions.⁸ DTC believes that the proposed rule change is consistent with the Section 17A(b)(3)(F) of the Act, as cited above.

As described above, the proposed rule change will update the ClaimConnect Guide to (i) add the Claim Upload function and (ii) make clarifying, technical, and ministerial changes.

Collectively, the proposed changes are intended to streamline and enhance claim processing related to trading exceptions from Corporate Action events associated with securities maintained by DTC by enabling easier submission and affirmation of multiple claims and ensuring the ClaimConnect Guide is clear, accurate, and current. By improving the claim management process for securities held at DTC for its Participants, DTC believes that the proposed rule change would help promote the prompt and accurate clearance and settlement of securities transactions, consistent with the requirements of the Act, in particular Section 17A(b)(3)(F) of the Act, cited above.

(B) Clearing Agency's Statement on Burden on Competition

DTC does not believe that the proposed rule change will have any impact or impose any burden on competition because, as described above, the proposed rule change simply updates the ClaimConnect Guide to add the Claim Upload function and make clarifying, technical, and ministerial changes to better describe the service and ensure the Guide is current, none of which should have any competitive impact on Participants or their use of DTC services.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

DTC has not received or solicited any written comments relating to this proposal. If any written comments are received, DTC will amend this filing to publicly file such comments as an Exhibit 2 to this filing, as required by Form 19b-4 and the General Instructions thereto.

Persons submitting written comments are cautioned that, according to Section IV (Solicitation of Comments) of the Exhibit 1A in the General Instructions to Form 19b-4, the Commission does not edit personal identifying information from comment submissions. Commenters should submit only information that they wish to make available publicly, including their

name, email address, and any other identifying information.

All prospective commenters should follow the Commission's instructions on *How to Submit Comments*, available at www.sec.gov/regulatory-actions/how-to-submit-comments. General questions regarding the rule filing process or logistical questions regarding this filing should be directed to the Main Office of the Commission's Division of Trading and Markets at tradingandmarkets@sec.gov or 202-551-5777.

DTC reserves the right to not respond to any comments received.

III. Date of Effectiveness of the Proposed Rule Change, and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)⁹ of the Act and paragraph (f)¹⁰ of Rule 19b-4 thereunder. [Release No. 34-101946; File No. SR-DTC-2024-014]

Self-Regulatory Organizations; The Depository Trust Company; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Modify the Clearing Agency Operational Risk Management Framework

December 17, 2024.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 11, 2024, The Depository Trust Company ("DTC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the clearing agency. DTC filed the proposed rule change pursuant to

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

⁹ 15 U.S.C. 78s(b)(3)(A).

¹⁰ 17 CFR 240.19b-4(f).

Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(4) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Clearing Agency's Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change consists of amendments to the Clearing Agency Operational Risk Management Framework ("ORM Framework" or "Framework") of DTC and its affiliates National Securities Clearing Corporation ("NSCC") and Fixed Income Clearing Corporation ("FICC," and together with NSCC and DTC, the "Clearing Agencies") in order to reflect recent changes to group names and make other nonmaterial clarifying edits.

II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the clearing agency included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The clearing agency has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

(A) Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Clearing Agencies adopted the ORM Framework⁵ to provide an outline for how each of the Clearing Agencies manages its operational risks. In this way, the Framework supports the Clearing Agencies' compliance with Rule 17ad-22(e)(17) under the Act,⁶ as described in the Initial Filing. In addition to setting forth the way each of the Clearing Agencies addresses these requirements, the ORM Framework also contains a section titled "Framework Ownership and Change Management" that, among other matters, describes the Framework ownership and the required governance process for review and approval of changes to the Framework.

In connection with the annual review and approval of the Framework by the

Board of Directors of each of the Clearing Agencies, the Clearing Agencies are proposing to make certain revisions to the Framework. Such proposed changes would include updating the ORM Framework to reflect recent changes to group names and making other nonmaterial clarifying edits. The proposed changes are described in greater detail below.

i. Proposed Amendments To Update Organizational Name Changes

The Framework is owned and managed by an officer within the Operational Risk group within the Group Chief Risk Office of DTCC,⁷ who works with the Technology Risk Management group within the Group Chief Risk Office in administration of the Framework. The Technology Risk Management group's name has changed to the Cyber Security & Technology Risk Management group. The proposed changes to the Framework would reflect the recent organizational name change.

ii. Proposed Changes To Make Nonmaterial Clarifying Edits

The proposed rule change would make additional immaterial edits to the Framework that include (a) the removal of a defined term not used in the Framework and therefore unnecessary, and (b) adding additional context in Section 6 related to data centers. The proposed changes to Section 6 add context around data centers, specifically the out-of-region centers, to allow for greater understanding of configurations, parameters, and limitations. This proposed change also provides consistency across the Clearing Agencies disclosures. These immaterial changes do not alter how the Clearing Agencies comply with the applicable requirements of Rule 17ad-22(e)(17) under the Act.⁸

2. Statutory Basis

The Clearing Agencies believe that the proposed changes are consistent with Section 17A(b)(3)(F) of the Act⁹ for the reasons described below.

Section 17A(b)(3)(F) of the Act requires, in part, that the rules of a registered clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions, and to assure the safeguarding of securities and funds which are in the custody or control of the clearing agency or for which it is

responsible.¹⁰ The proposed changes to update the ORM Framework to reflect recent changes to group names and making other nonmaterial clarifying edits would update and clarify the Framework and would make it more comprehensive in how it describes the methods and tools currently used by the Clearing Agencies to manage operational risks and therefore comply with Section 17A(b)(3)(F) of the Act.¹¹ By creating clearer, updated and more comprehensive descriptions, the Clearing Agencies believe the proposed changes would make the ORM Framework more effective in providing an overview of the important risk management activities described therein. Therefore, the Clearing Agencies believe that the proposed changes are consistent with the requirements of Section 17A(b)(3)(F) of the Act.¹²

(B) Clearing Agency's Statement on Burden on Competition

The Clearing Agencies do not believe that the proposed changes to the ORM Framework described above would have any impact, or impose any burden, on competition. The proposed changes would enhance the Framework by providing additional clarity and accuracy concerning the Clearing Agencies' operational risk management processes. The proposed changes to the Framework would not advantage or disadvantage any participant or user of the Clearing Agencies' services or unfairly inhibit access to the Clearing Agencies' services. As such, the Clearing Agencies do not believe that the proposed rule changes would have any impact on competition.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Clearing Agencies have not received or solicited any written comments relating to this proposal. If any written comments are received, they will be publicly filed as an Exhibit 2 to this filing, as required by Form 19b-4 and the General Instructions thereto.

Persons submitting comments are cautioned that, according to Section IV (Solicitation of Comments) of the Exhibit 1A in the General Instructions to Form 19b-4, the Commission does not edit personal identifying information from comment submissions.
