

amended final results or, if there is no public announcement, within five days of the date of publication of the notice of amended final results in the **Federal Register**, in accordance with 19 CFR 351.224(b).

#### Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act, and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the amended final results of this review.

For the GHC and Jilin Bright, Commerce will calculate importer-specific assessment rates for antidumping duties, in accordance with 19 CFR 351.212(b)(1). For entries that were not reported in the U.S. sales database submitted by the exporter individually examined during this review, Commerce will instruct CBP to liquidate such entries at the China-wide rate.<sup>13</sup> For the respondents that were not selected for individual examination in this administrative review but qualified for a separate rate, the per unit assessment rate will be the rate established for these companies in these amended final results of review.

For the six companies identified in the appendix to this notice as part of the China-wide entity, we will instruct CBP to apply the China-wide per-unit assessment rate to all entries of subject merchandise made during the POR which were exported by those companies.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

#### Cash Deposit Requirements

Upon publication of this notice in the **Federal Register** the following cash deposit requirements will be effective for all shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) the amended cash deposit rate for GHC and Jilin Bright and the

other companies not individually examined in this review will be equal to the weighted-average dumping margin that is established in the amended final results of this review, except if the rate is less than 0.50 percent and, therefore, de minimis within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above or in Appendix I that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate published for the most recently completed segment of this proceeding; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (*i.e.*, 2.42 USD/kg); and (4) for all non-Chinese exporters of subject merchandise that have not received their own separate rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

#### Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

#### Administrative Protective Order

This notice serves as the final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

#### Notification to Interested Parties

We are issuing and publishing these amended final results of review in accordance with sections 751(h) and 777(i) of the Act and 19 CFR 351.224(e).

Dated: December 17, 2024.

#### Phosphate Fertilizers From the Kingdom of Morocco: Notice of Amended Final Results of Countervailing Duty Administrative Review; 2022

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) is amending the final results of the administrative review of the countervailing duty order on phosphate fertilizers (fertilizers) from the Kingdom of Morocco (Morocco) to correct a ministerial error. The period of review (POR) is January 1, 2022, through December 31, 2022.

**DATES:** Applicable December 26, 2024.

**FOR FURTHER INFORMATION CONTACT:** Faris Montgomery or Jaron Moore, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401

<sup>13</sup> For a full discussion of this practice, see *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694 (October 24, 2011).

Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1537 or (202) 482–3640, respectively.

**SUPPLEMENTARY INFORMATION:**

**Background**

In accordance with section 751(a)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.221(b)(5), on November 7, 2024, Commerce disclosed its calculations to interested parties and provided interested parties with the opportunity to submit ministerial error comments.<sup>1</sup> On November 12, 2024, OCP S.A. (OCP) submitted an allegation of a ministerial error in the *Final Results*.<sup>2</sup> On November 18, 2024, the Mosaic Company submitted rebuttal comments in response to OCP’s ministerial error allegations.<sup>3</sup> On November 12, 2024, Commerce published its final results of administrative review.<sup>4</sup>

**Legal Framework**

Section 751(h) of the Act, defines a “ministerial error” as including “errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other unintentional error which the administering authority considers ministerial.” With respect to final results of administrative reviews, 19 CFR 351.224(e) provides that Commerce “will analyze any comments received and, if appropriate, correct any ministerial error by amending . . . the final results of review . . .”

**Ministerial Error**

Commerce has determined that one of the two errors alleged by OCP constitutes a ministerial error within the meaning of section 751(h) of the Act and 19 CFR 351.224(f). In its ministerial error allegations, OCP alleges that, with regard to the provision of phosphate mining rights for less than adequate remuneration (LTAR) program, Commerce: (1) did not include OCP’s allocated debt costs in OCP’s total cost of production when calculating OCP’s profit for phosphate rock; and (2) should

have calculated a simple average of two datasets provided by different parties for a third-market country from the same business proprietary data source, as Commerce did with two datasets provided from the same business proprietary data source for another third-market country.<sup>5</sup>

For the calculation of the simple average of two datasets, we disagree with OCP and find that not averaging the datasets was a methodological decision and not a ministerial error. However, Commerce agrees that, in the *Final Results*, we did not include the allocated cost of OCP’s debt in OCP’s total cost of production when calculating OCP’s profit to determine the price OCP paid for phosphate rock in the provision of phosphate mining rights for LTAR program as we intended. Commerce determines that this constitutes a ministerial error in the *Final Results* pursuant to section 751(h) of the Act and 19 CFR 351.224(f) and is amending the *Final Results* with respect to the phosphate mining rights for LTAR benefit calculation to correct the ministerial error in the calculation of the *ad valorem* subsidy rate. The revised net subsidy rate is provided below.

For a complete discussion of the ministerial error allegations, as well as Commerce’s analysis, see the accompanying Ministerial Error Memorandum.<sup>6</sup> The Ministerial Error Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>.

**Amended Final Results**

As a result of correcting the ministerial error, we determine that the countervailable subsidy rate for the producer/exporter under review to be as follows:

Company	Subsidy rate (percent <i>ad valorem</i> )
OCP S.A. <sup>7</sup> .....	16.60

**Disclosure**

We intend to disclose to parties in this proceeding, under administrative

<sup>7</sup> Commerce has found the following companies to be cross-owned with OCP S.A.: Jorf Fertilizers Company I; Jorf Fertilizers Company II; Jorf Fertilizers Company III; Jorf Fertilizers Company IV; Jorf Fertilizers Company V; and OCP Nutricrops S.A.

protective order, the calculations performed for these amended final results within five days after publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

**Assessment Rates**

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(2), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries of subject merchandise in accordance with the amended final results of this review, for the above-listed company at the applicable *ad valorem* assessment rate. We intend to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the amended final results of this review in the **Federal Register**. However, OCP has filed a summons at the U.S. Court of International Trade challenging the *Final Results*. Therefore, our assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

**Cash Deposit Requirements**

In accordance with section 751(a)(1) of the Act, Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amount shown for OCP on shipments of the subject merchandise entered, or withdrawn from warehouse for consumption, on or after the date of publication of the amended final results of this administrative review. The cash deposit requirement, effective upon the publication of the amended final results of this review, shall remain in effect until further notice.

**Administrative Protective Order (APO)**

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

**Notification to Interested Parties**

We are issuing and publishing this notice in accordance with sections 751(h) and 777(i)(1) of the Act, and 19 CFR 351.224(e).

**Circular Welded Carbon Quality Steel Line Pipe From the People’s Republic of China: Final Results of the Expedited Sunset Review of the Countervailing Duty Order**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) finds that revocation of the countervailing duty (CVD) order on circular welded carbon quality steel line pipe (welded line pipe) from the People’s Republic of China (China) would be likely to lead to continuation or recurrence of countervailable subsidies at the levels indicated in the “Final Results of the Sunset Review” section of this notice.

**DATES:** Applicable December 26, 2024.

**FOR FURTHER INFORMATION CONTACT:** T.J. Worthington, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4567.

**SUPPLEMENTARY INFORMATION:**

**Background**

On January 23, 2009, Commerce published the *Order* on welded line pipe from China.<sup>1</sup> On June 9, 2016, Commerce implemented its revised countervailable subsidy rates pursuant to the findings in the section 129 proceeding of the Uruguay Round Agreements Act.<sup>2</sup> On September 3, 2024, Commerce published the notice of initiation of the third sunset review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).<sup>3</sup> On September 17, 2024, Commerce received a notice of intent to participate from the American Line Pipe Producers Association Welded Line Pipe Committee<sup>4</sup> (the domestic interested party), within the deadline specified in 19 CFR 351.218(d)(1)(i).<sup>5</sup> The domestic interested party claimed interested party status under section 771(9)(C) of the Act and 19 CFR 351.102(b)(29)(viii) as an association whose members are domestic producers of the domestic like product.

On October 3, 2024, Commerce received an adequate substantive response from the domestic interested party within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).<sup>6</sup> Commerce did not receive a substantive response from any government or respondent interested party to this proceeding. On October 31, 2024, Commerce notified the U.S. International Trade Commission that it did not receive an adequate substantive response from respondent interested parties.<sup>7</sup> As a result, Commerce conducted an expedited (120-day) sunset review of the *Order*, pursuant to

section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B)(2) and (C)(2).

**Scope of the Order**

The merchandise covered by this *Order* is welded line pipe from China. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.<sup>8</sup>

**Analysis of Comments Received**

A complete discussion of all issues raised in this sunset review, including the likelihood of continuation or recurrence of subsidization and the countervailable subsidy rates likely to prevail if the *Order* were to be revoked, is provided in the Issues and Decision Memorandum. A list of the topics discussed in the Issues and Decision Memorandum is attached as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), which is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

**Final Results of Sunset Review**

Pursuant to sections 751(c) and 752(b) of the Act, we determine that revocation of the *Order* would be likely to lead to continuation or recurrence of countervailable subsidies at the following net countervailable subsidy rates:

Producers/exporters	Net countervailable subsidy rate (percent ad valorem)
Huludao Seven-Star Steel Pipe Group Co., Ltd., Huludao Steel Pipe Industrial Co., Ltd., and Huludao Bohai Oil Pipe Industrial Co., Ltd .....	32.65
Liaoning Northern Steel Pipe Co., Ltd .....	40.05
All Others .....	36.35
