BILLING CODE 4410–15–P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On December 19, 2024, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Eastern District of

Wisconsin in the lawsuit entitled *United States v. The Manitowoc Company, Inc., et al.*, Civil Action No. 2:24–cv–1635.

The United States filed a Complaint, on behalf of the United States Environmental Protection Agency, against The Manitowoc Company, Inc. and its subsidiaries Grove U.S. L.L.C. and Manitowoc Crane Group Germany GMBH, alleging violations of sections 203(a) and 213(d) of the Clean Air Act, 42 U.S.C. 7522(a) and 7547(d), and implementing regulations, by their importation, introduction into commerce, and sale of heavy nonroad construction equipment containing diesel engines that were not certified to model year engine emission standards. The Complaint also alleges violations of labeling, bonding, and reporting requirements and seeks civil penalties and appropriate injunctive relief.

Under the proposed Consent Decree, the Defendants will pay a civil penalty of \$42,600,000 and will complete a project to mitigate harm caused by excess nitrogen oxide and particulate matter emissions from the noncompliant engines.

The publication of this notice opens a period for public comment on the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. The Manitowoc Company, Inc., et al.*, D.J. Ref. No. 90–5–2–1–12216. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

To submit comments:	Send them to:
By email	pubcomment-ees.enrd@usdoj.gov
By mail	Assistant Attorney General, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044–7611.

Any comments submitted in writing may be filed by the United States in whole or in part on the public court docket without notice to the commenter.

During the public comment period, the proposed Consent Decree may be examined and downloaded at this Justice Department website: <https://www.justice.gov/enrd/consent-decrees>. If you require assistance accessing the proposed Consent Decree, you may request assistance by email or by mail

to the addresses provided above for submitting comments.

Jason A. Dunn,
Assistant Section Chief, Environmental Enforcement Section, Environment and Natural Resources Division.

BILLING CODE P

DEPARTMENT OF LABOR

Employment and Training Administration

Employment and Training Administration Program Year 2024 Workforce Innovation and Opportunity Act Section 167, National Farmworker Jobs Program Final State Allotments

AGENCY: Employment and Training Administration, Labor.
ACTION: Notice.

SUMMARY: This Notice announces final allotments for the National Farmworker Jobs Program (NFJP) Career Services and Training grants for Program Year (PY) 2024, finalizing the preliminary planning estimates provided in a prior **Federal Register** notice.

DATES: The PY 2024 NFJP allotments are effective for the grant period that began July 1, 2024.

ADDRESSES: Questions on this notice can be submitted via email to NFJP@dol.gov.

FOR FURTHER INFORMATION CONTACT: Steven Rietzke, Chief, Division of National Programs, Tools and Technical Assistance, Office of Workforce Investment, at 202–693–3980. (This is not a toll-free number). If you are deaf, hard of hearing, or have a speech disability, please dial 7–1–1 to access telecommunications relay services.

SUPPLEMENTARY INFORMATION: This notice is published pursuant to Section 182(d) of the Workforce Innovation and Opportunity Act, Prompt Allotment of Funds.

I. Background

The Department is announcing final allotments for the National Farmworker Jobs Program (NFJP) Career Services and Training (CST) grants for Program Year (PY) 2024. Specifically, this notice provides information on the amount of funds available during PY 2024 to state service areas awarded through the PY 2024 Funding Opportunity Announcement (“the FOA”) for the NFJP CST grants (FOA–ETA–24–15). In distributing funds, the Employment and Training Administration (ETA) calculated allotments for CST grantees through an administrative formula. The

allotments are based on the funds appropriated in the Further Consolidated Appropriations Act, 2024, Public Law 118–47.

PY 2024 funding levels are based on the full-year funding levels for the NFJP program in PY 2023 as indicated in **Federal Register** notice 88 FR 31279, May 16, 2023, pro-rated based on the availability of funding for NFJP formula grants in PY 2024. For PY 2024, Congress has provided \$90,134,000 for formula grants (of which \$90,048,000 is available for formula grants after setting aside \$86,000 for program integrity). While Congress appropriated the same amount for formula grants in PY 2023 and PY 2024, ETA is setting aside less funding in PY 2024 for program integrity. Accordingly, as noted above and explained further below, ETA is calculating state allotment amounts by pro-rating the PY 2024 allotment amounts based on the results of the PY 2023 formula and the updated availability of formula funding after set-asides in PY 2024.

In the competition for CST grants, the Department did not receive competitive applications from eligible applicants for some states. The Department did not reopen the competition to seek prospective applicants to provide services in those states. In determining a course of action for those states’ funds, the Department followed the procedures described in the FOA for the competition. Thus, for states where the Department did not receive any competitive applications and did not award an NFJP grant under the PY 2024 competition, the Department instead redistributed the remaining funds among the grants awarded to other state service areas, distributing funds proportionally based on the NFJP allotment formula results for PY 2024.

As background, the PY 2024 appropriation also provides \$6,591,000 for migrant and seasonal farmworker

housing (of which \$6,585,000 was allotted after \$6,000 was set aside for program integrity and of which not less than 70 percent shall be for permanent housing), as well as \$671,000 for other discretionary purposes. The Housing grant allotments are distributed as a result of a separate competition and are not the subject of this Notice.

This notice includes the following sections:

- Section II of this notice provides a discussion of the data used to populate the formula.
- Section III describes the prorated method for allotments for the implementation year starting in PY 2024.
- Section IV provides final state allotments for PY 2024.

II. Description of Data Files and Allotment Formula

The formula’s original methodology is described in the **Federal Register** notice 64 FR 27390, May 19, 1999. In PY 2018, ETA incorporated two modifications to the allotment formula to provide more accurate estimates of each state service area’s relative share of persons eligible for the program. The formula also used updated data from each of the four data files serving as the basis of the formula since 1999. The revised formula methodology is described in the **Federal Register** notice 83 FR 32151, July 11, 2018. In PY 2021, ETA incorporated two modifications to the allotment formula. These modifications are described in **Federal Register** notice 86 FR 32063, June 16, 2021. The **Federal Register** notices are accessible at <https://www.federalregister.gov/>.

Like the PY 2023 appropriation, the PY 2024 appropriation includes language expanding program eligibility to farmworkers who are in families with total family incomes at or below 150 percent of the poverty line (rather than the higher of the poverty line or 70 percent of the lower living standard

income level). Because the PY 2024 allotments will be prorated based on the results of the PY 2023 formula, the PY 2024 allotment results continue to reflect modifications to the formula related to this expansion. ETA will subsequently revise relevant guidance regarding the definition of “low-income individual” as needed if the same expansion of eligibility is not included in subsequent appropriations.

III. Description of the Prorated Method for Allotments

The Department used a prorated method for PY 2024 allotments. For PY 2024, each state service area received a prorated allotment based on their PY 2023 allotment percentage, as applied to the PY 2024 formula funds available. ETA anticipates updating data and reimplementing a staged stop loss/stop gain in PY 2026. ETA will explain its approach to calculating allotments in PY 2026 in a subsequent notice at a later date.

IV. Program Year 2024 Final State Allotments

The allotments set forth in the Table appended to this notice reflect the distribution resulting from the prorated methodology described above, including redistribution of funds remaining after the PY 2024 competition.

For purposes of illustrating the effects of redistribution of funds remaining after the PY 2024 competition, columns 2 and 3 show the state allotments for PY 2024 prorated and PY 2024 prorated including redistribution.

José Javier Rodríguez,
Assistant Secretary, Employment and Training, Labor.

BILLING CODE 4510-FN-P

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Request for Earnings Information Report

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Office of Workers' Compensation Programs (OWCP)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for

review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before January 29, 2025.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

Comments are invited on: (1) whether the collection of information is

necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency's estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: Nicole Bouchet by telephone at 202-693-0213, or by email at DOL_PRA_PUBLIC@dol.gov.
