Title: 500-Series Reporting Guidebook.

Background: A 500-Series Data Reporting Guidebook provides for the collection of information by describing policies and procedures for assembling highway related data from the existing files of State agencies. The data includes motor-vehicle registration and fees, motor-fuel use and taxation, driver licensing, and highway taxation and finance. Federal, State, and local governments use the data for transportation policy discussions and decisions. Motor-fuel data are used in attributing receipts to the Highway Trust Fund and subsequently in the apportionment formula that are used to distribute Federal-Aid Highway Funds. The data are published annually in the FHWA's Highway Statistics.

Information from Highway Statistics is used in the joint FHWA and Federal Transit Administration required biennial report to Congress, Status of the Nation's Highways, Bridges, and Transit: Conditions and Performance, which contrasts present status to future investment needs.

Respondents: State and local governments of the 50 States, the District of Columbia and the Commonwealth of Puerto Rico share this burden.

Frequency: Annually.

Estimated Average Burden per Response: The burden for each form varies from 4 hours to 380 hours. The estimated average reporting burden per response for the annual collection and processing of the data is 2,462 hours for each of the States (including local governments), the District of Columbia, the Commonwealth of Puerto Rico.

Estimated Total Annual Burden Hours: The estimated total annual burden for all respondents is 29,574 hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended; and 49 CFR 1.48.

Issued on: December 23, 2024.

Title: National Scenic Byway Program (NSBP).

Background: The Federal Highway Administration (FHWA) administers the NSBP. It was established by the Intermodal Surface Transportation Efficiency Act of 1991 in section 162 of title 23, United States Code (U.S.C.), and reauthorized and expanded significantly in 1998 under the Transportation Equity Act for the 21st Century and again under the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users in 2005. The NSBP is a grass-roots collaborative effort established to help recognize, preserve, and enhance selected roads throughout the United States. Before 2019, Congress last authorized discretionary NSBP funds in 2012 under the Surface Transportation Extension Act of 2012. Between 1992 and 2012, FHWA awarded over \$505 million in NSBP grants. In 2022, FHWA awarded approximately \$21.8 million in grants to 33 projects.

Respondents: The Notice of Funding Opportunity (NOFO), announcing up to \$26.95 million of Fiscal Year (FY) 2023 and 2024 funding for the National Scenic Byways Program (NSBP) discretionary grants is now available for State DOTs and federally recognized Indian Tribes on [grants.gov](https://www.fhwa.gov/grants.gov). FHWA is expecting roughly 200 applicants to apply for NSBP grant funding.

Frequency: NOFOs and grant solicitations will be published annually by FHWA but, are subject to the availability of funds in appropriations or, any legislation signed into law authorizing funds.

Estimated Average Burden per Response: 3 hours per respondent per applicant.

Estimated Total Annual Burden Hours: It is expected that the respondents will complete approximately 200 applications for an estimated total of 600 annual burden hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2024-0289]

Commercial Driver's License: State of Hawaii; Application for Exemption

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), Department of Transportation (DOT).

ACTION: Notice of application for exemption; request for comments.

SUMMARY: FMCSA announces that the State of Hawaii has applied for an exemption from specified portions of the commercial driver's license (CDL) skills test and entry-level driver training (EDLT) curriculum requirements. The State of Hawaii currently has a two-year exemption that expires on February 20, 2026, under which it may waive portions of the CDL skills test for CDL applicants who take the skills test on the islands of Lanai and Molokai and grant restricted CDLs to successful applicants. The State of Hawaii now requests a five-year exemption of these provisions, with the addition of an exemption from certain portions of the ELDT curriculum requirements for providers of behind-the-wheel (BTW) public road training on the islands of Lanai and Molokai. FMCSA requests public comment on the applicant's request for an exemption and whether the Agency should withdraw Hawaii's current exemption that expires on February 20, 2026, and grant a new five-year exemption from both the CDL skills test and the ELDT requirements.

DATES: Comments must be received on or before January 29, 2025.

ADDRESSES: You may submit comments identified by Federal Docket Management System (FDMS) Number FMCSA-2024-0289 by any of the following methods:
