Each year, the ICP team considers the entire population of MOU signatories, leveraging over 24,000 pieces of data to narrow the population from over 2,700 to 250, and then conducts an in-depth assessment on those 250 institutions. The team then provided critical feedback to those institutions to enable them to implement Corrective Action Plans to improve their individual level of compliance with the tenets of their MOUs.

Average Burden per Response: 12 hours.

The information reviewed is not the same for all the selected educational institutions. The basic information is associated with the review process is as follows:

(a) Recruiting, Marketing, and Advertising

The data examined in Recruiting, Marketing, & Advertising were focused on the content used to attract prospective Service members as students, and whether this content complied with the legal and ethical requirements in the MOU.

(b) Financial Matters

Financial Matters data pertain to the cost of attendance, pre and post-enrollment tools and processes, and the ease with which prospective Service members can access information. MOU compliance requires that Service members have easy access to clear and accurate information regarding financial aid options. This includes access to trained and qualified counseling staff who can provide accurate and up-to-date information regarding the costs of attending an institution, and recommendations regarding individual financial choices.

(c) Accreditation

To be able to sign a DoD MOU, all institutions must be accredited by a

national or regional accrediting body recognized by the ED. Also, the institution may only conduct programs from among those offered or authorized by the main administrative and academic office, in accordance with standard procedures for authorization of degree programs by the educational institution. These programs are reviewed to ensure that the educational institution is compliant with the signed DoD MOU.

(d) Post-graduate Opportunities

Information reviewed should include the unchanging degree plans and requirements needed, guidance available for professional opportunities upon completion of the degree program, and processes regarding readmission policies for Service members fulfilling military obligations while attending the institution.
