SUPPLEMENTARY INFORMATION:

Background

On December 13, 2024, the Secretary of Commerce (Secretary) received a “Notice of Appeal” filed by Robert Hagopian, pursuant to the Coastal Zone Management Act (CZMA), 16 U.S.C. 1451 *et seq.*, and implementing regulations found at 15 CFR part 930, subpart H. The Notice of Appeal is taken from an objection by the New York State Department of State to the Appellant’s CZMA consistency certification for Appellant’s pending permit application to the U.S. Army Corps of Engineers to perform shoreline stabilization, dock installation, and dredging at a property along the Hudson River in Ulster, New York.

Under the CZMA, the Secretary may override the New York State Department of State’s objection on grounds that the project is consistent with the objectives or purposes of the CZMA, or otherwise necessary in the interest of national security. To make the determination that the proposed activity is “consistent with the objectives or purposes of the CZMA,” the Secretary must find that: (1) The proposed activity furthers the national interest as articulated in sections 302 or 303 of the CZMA, in a significant or substantial manner; (2) the national interest furthered by the proposed activity outweighs the activity’s adverse coastal effects, when those effects are considered separately or cumulatively; and (3) no reasonable alternative is available that would permit the proposed activity to be conducted in a manner consistent with the enforceable policies of the applicable coastal management program. 15 CFR 930.121. To make the determination that the proposed activity is “necessary in the interest of national security,” the Secretary must find that a national defense or other national security interest would be significantly impaired if the proposed activity is not permitted to go forward as proposed. 15 CFR 930.122. The Appellant bears the burden of submitting evidence in support of his appeal and the burden of persuasion. 15 CFR 930.127.

Request for Public and Federal Agency Comments

We encourage the public and interested federal agencies to participate in this appeal by submitting written comments and any relevant materials supporting those comments using the method specified in the **ADDRESSES** section of this notice. All comments received are a part of the public record

and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (*e.g.*, name, address), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NOAA will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous).

Opportunity for Public Hearing

The Secretary may hold a public hearing on this appeal, either in response to a written request for a public hearing or upon the Secretary’s own initiative. You may submit a request for a public hearing using the method specified in the **ADDRESSES** section of this notice. A written request for a public hearing must include an explanation for why you believe a public hearing would be beneficial and aid the decision-maker. The Secretary is not obligated to hold a public hearing. If a hearing is held, advance notice of the time, date, and location of the public hearing will be published in the **Federal Register**. The public and federal agency comment period will also be reopened for a 10-day period following the hearing to allow for additional input. 15 CFR 930.128.

NOAA intends to provide access to publicly available materials and related documents comprising the appeal record on the following website: www.regulations.gov, under docket number NOAA–HQ–2024–0152.
