Receipt of Incidental Take Permit Application and Proposed Habitat Conservation Plan for the Sand Skink and Blue-tailed Mole-skink; Polk County, FL; Categorical Exclusion

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comment.

SUMMARY: We, the Fish and Wildlife Service (Service), announce receipt of an application from ADH Rollins Court, LLC (applicant) for an incidental take permit (ITP) under the Endangered Species Act. The applicant requests the ITP to take the federally listed sand skink (*Plestiodon reynoldsi*) and blue-tailed mole skink (*Eumeces egregius lividus*) incidental to the construction of a residential development in Polk County, Florida. We request public comment on the application, which includes the applicant's proposed habitat conservation plan (HCP), and on the Service's preliminary determination that the proposed permitting action may be eligible for a categorical exclusion pursuant to the Council on Environmental Quality's National Environmental Policy Act (NEPA) regulations, the Department of the Interior's (DOI) NEPA regulations, and the DOI Departmental Manual. To make this preliminary determination, we prepared a draft environmental action statement and low-effect screening form, both of which are also available for public review. We invite comment from the public and local, State, Tribal, and Federal agencies.

DATES: We must receive your written comments on or before February 13, 2025.

SUPPLEMENTARY INFORMATION: We, the Fish and Wildlife Service (Service), announce receipt of an application from ADH Rollins Court, LLC (applicant) for an incidental take permit (ITP) under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The applicant requests the ITP to take the sand skink (*Plestiodon reynoldsi*) and blue-tailed mole skink (*Eumeces egregius lividus*) (skinks), federally listed as threatened under the ESA, incidental to the construction of a residential development in Polk County, Florida. We request public comment on the application, which includes the applicant's habitat conservation plan (HCP), and on the Service's preliminary determination that this proposed ITP qualifies as low effect, and may qualify for a categorical exclusion pursuant to the Council on Environmental Quality's National Environmental Policy Act (NEPA) regulations (40 CFR 1501.4), the Department of the Interior's (DOI) NEPA regulations (43 CFR part 46), and the DOI's Departmental Manual (516 DM 8.5(C)(2)). To make this preliminary determination, we prepared a draft environmental action statement and low-effect screening form, both of which are also available for public review.

Proposed Project

The applicant requests a 5-year ITP to take skinks via the conversion of approximately 5.46 acres (ac) of occupied nesting, foraging, and sheltering skink habitat incidental to the construction of a residential development on 46 ac on Polk County

Parcels 27–27–11–735500–000140 and 27–27–11–734500–030300 within Section 11, Township 27 South, Range 27 East, Polk County, Florida. The applicant proposes to mitigate for take of skinks through the purchase 10.92 ac of conservation credits (in accordance with the Service's 2:1 mitigation ratio guidelines) from a Service-authorized conservation bank prior to engaging in any phase of the project.

Our Preliminary Determination

The Service has made a preliminary determination that the applicant's proposed project, including the construction of a residential development and associated infrastructure (e.g., electric, water, and sewer lines), would individually and cumulatively have a minor or negligible effect on the skinks and the human environment. Therefore, we have preliminarily determined that the proposed ESA section 10(a)(1)(B) permit would be a low-effect ITP that individually or cumulatively would have a minor effect on the skinks and may qualify for application of a categorical exclusion pursuant to the Council on Environmental Quality's NEPA regulations, DOI's NEPA regulations, and the DOI Departmental Manual. A low-effect ITP is one that would result in (1) minor or nonsignificant effects on species covered in the HCP; (2) nonsignificant effects on the human environment; and (3) impacts that, when added together with the impacts of other past, present, and reasonably foreseeable actions, would not result in significant cumulative effects to the human environment.

Next Steps

The Service will evaluate the application and the comments to determine whether to issue the requested ITP. We will also conduct an intra-Service consultation pursuant to section 7 of the ESA to evaluate the effects of the proposed take. After considering the preceding and other matters, we will determine whether the permit issuance criteria of section 10(a)(1)(B) of the ESA have been met. If met, the Service will issue ITP number PER11450292 to ADH Rollins Court, LLC.

Abstract: As codified in 25 U.S.C. 4001 *et seq.*, The American Indian Trust Fund Management Reform Act of 1994 (the Reform Act) makes provisions for the Bureau of Trust Funds Administration (formerly known as the Office of the Special Trustee for American Indians) to administer trust fund accounts for individuals and Tribes. This collection of information is required to fulfill the mission of the Bureau of Trust Funds Administration (BTFA) and the Secretary of the Interior’s responsibility for evaluating all Public Law 93-638 Compact Tribes administering or managing trust programs, functions, services, and/or activities on behalf of the Secretary of the Interior. This responsibility is federally mandated pursuant to 25 U.S.C. 458cc(d) and 25 CFR 1000.350. BTFA is responsible under 25 U.S.C. 4041 for overseeing the implementation of trust reforms, trust accounting, and coordination of trust policies intra-bureau-wide related to the management of Indian trust funds and assets. The BTFA, Division of Trust Evaluation and Review (DTER), formerly the Office of Trust Audit and Review (OTRA), is responsible for conducting tribal trust evaluations on Tribes performing Indian trust programs and functions pursuant to a Tribal Self-Governance Compact or Annual Funding Agreement. In addition, DTER has a congressional mandate to conduct Annual Tribal Trust Evaluations for Tribes that compact trust programs, functions, services, and/or activities under Public Law 93-638
