

for analysis, and the holding time for total phosphorus may be extended to 6 months.

²⁶ For AOF, collect three separate containers (see Section 8 of Method 1621).

²⁷ Samples for EPA Method 1633 are collected in HDPE containers with linerless HDPE or PP caps.

Aqueous samples for ASTM D841-22 are collected in pre-labeled and pre-weighed 15-mL PP tubes.

Containers for either method must be lot-tested and shown to be free of detectable PFAS.

²⁸ Samples should be extracted within 24 hours if NFDHA is a required analyte for a given project.

²⁹ If the whole fish or other seafood sample is frozen within 48 hours of collection, the holding time begins when the tissue is processed for analysis (e.g., filleting, grinding, removal of specific tissue for analysis).

Prepared tissue sample aliquots may be held for up to 90 days when stored at less than or equal to -20 °C.

BILLING CODE 6560–50–C

ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OPP–2024–0562; FRL–12480–01–OCSPP]

40 CFR Part 156

Pesticides; Petition Seeking Rulemaking To Modify Labeling Requirements for Pesticides and Devices

AGENCY: Environmental Protection Agency (EPA).

ACTION: Petition for rulemaking.

SUMMARY: The Environmental Protection Agency (EPA) is announcing the availability of and seeking public comment on a petition received from the Attorneys General of the States of Nebraska, Iowa, Alabama, Arkansas, Georgia, Indiana,

Louisiana, Montana, North Dakota, South Carolina, and South Dakota requesting the Agency initiate rulemaking to amend the existing regulations under the Federal Insecticide, Rodenticide, and Fungicide Act (FIFRA). The Attorneys General believe the Agency should modify its requirements such that any state labeling requirements inconsistent with EPA's findings and conclusions from its human health risk assessment on human health effects, such as a pesticide's likelihood to cause cancer, birth defects, or reproductive harm, constitute misbranding.

DATES: Comments must be received on or before February 20, 2025.

ADDRESSES: Submit your comments, identified by docket identification (ID)

number EPA–HQ–OPP–2024–0562, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

- *Mail:* OPP Docket, Environmental Protection Agency Docket Center (EPA/DC), (28221T), 1200 Pennsylvania Ave. NW, Washington, DC 20460–0001.

- *Hand Delivery:* To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <http://www.epa.gov/dockets/contacts.html>.

Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <http://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: Charles Smith, Director, Registration Division (7505P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460–0001; main telephone number: (202) 566–1030; email address: RDNotices@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general and may be of interest to a wide range of stakeholders including pesticide registrants, environmental, human health, and agricultural advocates, pesticide users, and members of the public interested in the use of pesticides. This listing is not intended to be exhaustive but rather provides a guide for readers regarding entities likely to be affected by his action.

Because others may also be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [Regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <https://www.epa.gov/dockets/commenting-epa-dockets>.

II. What action is the Agency taking?

EPA requests public comment on a petition received from several state Attorneys General that asks EPA to amend 40 CFR 156.10(a)(5) by adding a paragraph (xi) to include the following as an example of statements or representations in the labeling which constitute misbranding: “Statements or conclusions regarding the product’s human health effects, including the likelihood of causing cancer, birth defects, or reproductive harm, that are different from EPA’s findings and

conclusions stated in its human health risk assessment conducted during the registration review of the product's principal active ingredients.”

A copy of the petition is available in the docket.

Authority: 7 U.S.C. 136 *et seq.*

Dated: December 23, 2024.

Edward Messina,

Director, Office of Pesticide Programs.

Fish and Wildlife Service

50 CFR Part 17

[FXES1111090FEDR-256-FF09E21000]

Endangered and Threatened Wildlife and Plants; 90-Day Findings for Eight Species

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notification of petition findings and initiation of status reviews.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce 90-day findings on seven petitions to add species to, and one petition to remove a species from, the Lists of Endangered and Threatened Wildlife and Plants under the Endangered Species Act of 1973, as amended (Act). Based on our review, we find that the petitions to list the Amargosa toad (*Anaxyrus nelsoni*), Carson Valley monkeyflower (*Erythranthe carsonensis*), large marble butterfly (*Euchloe ausonides*) (including the large marble butterfly type subspecies (*Euchloe ausonides*),

ausonides)), Mohave ground squirrel (*Xerospemophilus mohavensis*), Morrison bumble bee (*Bombus morrisoni*), Oasis Valley population of Amargosa speckled dace (*Rhinichthys nevadensis nevadensis*; hereafter referred to as “Oasis Valley speckled dace”), Tennessee bottlebrush crayfish (*Barbicambarus simmonsii*), and one petition to delist the golden-cheeked warbler (*Setophaga chrysoparia*) present substantial scientific or commercial information indicating that the petitioned actions may be warranted. Therefore, with the publication of this document, we announce that we are initiating status reviews of these species to determine whether the petitioned actions are warranted. To ensure that the status reviews are comprehensive, we request scientific and commercial data and other information regarding the species and factors that may affect their status. Based on the status reviews, we will issue 12-month petition findings, which will address whether or not the petitioned actions are warranted, in accordance with the Act.

DATES: WThese findings were made on January 21, 2025.

ADDRESSES: *Supporting documents:* Summaries of the basis for the petition findings contained in this document are available on <https://www.regulations.gov> under the appropriate docket number (see table 1 under **SUPPLEMENTARY INFORMATION**). In addition, this supporting information is available by contacting the appropriate person, as specified in **FOR FURTHER INFORMATION CONTACT**.

Status reviews: If you have new scientific or commercial data or other information concerning the status of, or threats to, the Amargosa toad, Carson Valley monkeyflower, golden-cheeked

warbler, large marble butterfly (including the large marble butterfly type subspecies), Mohave ground squirrel, Morrison bumble bee, Oasis Valley speckled dace, and Tennessee bottlebrush crayfish, or their habitats, please provide those data or information by one of the following methods listed below.

(1) *Electronically:* Go to the Federal eRulemaking Portal: <https://www.regulations.gov>. In the Search box, enter the appropriate docket number (see table 1 under **SUPPLEMENTARY INFORMATION**). Then, click on the “Search” button. After finding the correct document, you may submit information by clicking on “Comment.” If your information will fit in the provided comment box, please use this feature of <https://www.regulations.gov>, as it is most compatible with our information review procedures. If you attach your information as a separate document, our preferred file format is Microsoft Word. If you attach multiple comments (such as form letters), our preferred format is a spreadsheet in Microsoft Excel.

(2) *By hard copy:* Submit by U.S. mail to: Public Comments Processing, Attn: [Insert appropriate docket number; see table 1 under **SUPPLEMENTARY INFORMATION**], U.S. Fish and Wildlife Service, MS: PRB/3W, 5275 Leesburg Pike, Falls Church, VA 22041-3803.

We request that you send information only by the methods described above. We will post all information we receive on <https://www.regulations.gov>. This generally means that we will post any personal information you provide us (see *Information Submitted for a Status Review*, below).
