[Project No. 2153–066]

#### Notice of Intent To Prepare an Environmental Assessment; United Water Conservation District

On May 26, 2020, as supplemented on September 7, 2021, February 2, 2022, September 8, 2022, January 3, 2024, and September 30, 2024 United Water Conservation District (UWCD) filed a non-capacity amendment application for the Santa Felicia Project No. 2153 (project). The project is located on Piru Creek in Ventura County, California. The project occupies federal lands administered by the U.S. Forest Service.

The purpose of the amendment application is to implement the Santa Felicia Dam Safety Improvement Project. The Dam Safety Improvement Project proposes to replace the existing outlet works and modify the existing spillway and dam to address the potential for failure under seismic loading conditions and increase the conveyance capacity to sufficiently pass the inflow design flood. On June 1, 2020, the Commission issued a public notice of UWCD's request for a license amendment soliciting comments, motions to intervene, and protests. No
