## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Project No. 2153–066]

#### Notice of Intent To Prepare an Environmental Assessment; United Water Conservation District

On May 26, 2020, as supplemented on September 7, 2021, February 2, 2022, September 8, 2022, January 3, 2024, and September 30, 2024 United Water Conservation District (UWCD) filed a non-capacity amendment application for the Santa Felicia Project No. 2153 (project). The project is located on Piru Creek in Ventura County, California. The project occupies federal lands administered by the U.S. Forest Service.

The purpose of the amendment application is to implement the Santa Felicia Dam Safety Improvement Project. The Dam Safety Improvement Project proposes to replace the existing outlet works and modify the existing spillway and dam to address the potential for failure under seismic loading conditions and increase the conveyance capacity to sufficiently pass the inflow design flood. On June 1, 2020, the Commission issued a public notice of UWCD's request for a license amendment soliciting comments, motions to intervene, and protests. No

comments, motions to intervene, or protests were received.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the project.<sup>1</sup> Commission staff plans to issue an EA by March 7, 2025. Revisions to the schedule may be made as appropriate. The EA will be issued for a 30-day comment period. All comments filed on the EA will be reviewed by staff and considered in the Commission's final decision on the proceeding.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members, and others to access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or [OPP@ferc.gov](mailto:OPP@ferc.gov).

Any questions regarding this notice may be directed to David Rudisail at (202) 502-6376 or [David.rudisail@ferc.gov](mailto:David.rudisail@ferc.gov).

Dated: January 24, 2025.

BILLING CODE 6717-01-P

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP24-508-000]

#### Notice of Availability of the Environmental Assessment for the Proposed Rover Pipeline LLC Rover— Sunny Farms Receipt and Delivery Meter Station Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Rover—Sunny Farms Receipt and Delivery Meter Station Project (Project), proposed by Rover Pipeline LLC (Rover) in the above-referenced docket.<sup>1</sup> Rover

requests authorization to construct and operate aboveground facilities and new pipeline delivery and receipt point interconnections within and adjacent to Rover's Mainline easement in Hancock County, Ohio. The interconnection will enable Rover to receive up to 6,269 dekatherms per day (Dth/d) of renewable natural gas (RNG) from VRNG Seneca LLC (Vision) and for Rover to deliver up to 7,893 Dth/d of natural gas to Vision to fuel its RNG facility equipment.

The EA assesses the potential environmental effects of the construction and operation of the Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed project would not constitute a major federal action significantly affecting the quality of the human environment.

The Project would consist of the following facilities and activities:

- construction of one delivery meter station with one hot tap, one tap valve, and dual Coriolis Meter Skid;
- construction of one receipt meter station with one hot tap, one tap valve, dual Coriolis Meter Skid, and a gas quality/measurement building;
- 90 feet of interconnect piping;
- installation of associated appurtenant facilities; and
- use of a 0.6-mile new permanent access road leading from West County Road 18 to the meter station (to be constructed by Vision).

The Commission mailed a copy of the *Notice of Availability* to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; and newspapers and libraries in the project area. The EA is only available in electronic format. It may be viewed and downloaded from the FERC's website ([www.ferc.gov](http://www.ferc.gov)), on the natural gas environmental documents page (<https://www.ferc.gov/industries-data/natural-gas/environment/environmental-documents>). In addition, the EA may be accessed by using the eLibrary link on the FERC's website. Click on the eLibrary link (<https://elibrary.ferc.gov/eLibrary/search>), select "General Search" and enter the docket number in the "Docket Number" field, excluding the last three digits (*i.e.*, CP24-508). Be sure you have selected an appropriate date range. For assistance, please

contact FERC Online Support at [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov) or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

The EA is not a decision document. It presents Commission staff's independent analysis of the environmental issues for the Commission to consider when addressing the merits of all issues in this proceeding. Any person wishing to comment on the EA may do so. Your comments should focus on the EA's disclosure and discussion of potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that the Commission has the opportunity to consider your comments prior to making its decision on this project, it is important that we receive your comments in Washington, DC on or before 5:00 p.m. Eastern Time on February 24, 2025.

For your convenience, there are three methods you can use to file your comments to the Commission. The Commission encourages electronic filing of comments and has staff available to assist you at (866) 208-3676 or [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov). Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the eComment feature on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to FERC Online. This is an easy method for submitting brief, text-only comments on a project;

(2) You can also file your comments electronically using the eFiling feature on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to FERC Online. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the Commission. Be sure to reference the project docket number CP24-508-000 on your letter. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory
