ACTION: Proposed rule.

SUMMARY: The Postal Service is proposing to amend *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) to change the standards for First Class Mail® and USPS Marketing Mail® flats from a “required” 5-digit, 3-digit, and ADC preparation to an “optional” preparation.

Currently, the standards in DMM sections 235 and 245 require mailers of First Class Mail and USPS Marketing Mail flats to make a 5-digit, 3-digit, and ADC bundle and tray preparation.

The Postal Service is proposing to amend the standards in DMM sections 235 and 245 to make the 5-digit, 3-digit, and ADC preparation "optional" when preparing bundles and trays of First Class Mail and USPS Marketing Mail flats.

The Postal Service is proposing to implement this change effective May 1, 2025.

We believe that the proposed revisions will encourage mailers to create full flat trays of flat mail and will reduce the volume of bundles entered into the mailstream.

Although exempt from the notice and comment requirements of the Administrative Procedure Act (5 U.S.C. 553(b), (c)) regarding proposed rulemaking by 39 U.S.C. 410(a), the Postal Service invites public comment on the proposed revisions to *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM), incorporated by reference in the Code of Federal Regulations.

We will publish an appropriate amendment to 39 CFR part 111 to reflect these changes.
