

reused by the government in developing the AI Action Plan and associated documents without attribution.” Responses to this RFI are subject to release under the Freedom of Information Act and may be posted online at <https://www.nitrd.gov/>. Therefore, we request that no business proprietary information, copyrighted information, or sensitive personally identifiable information be submitted as part of your response to this RFI.

In accordance with FAR 15.202(3), responses to this notice are not offers and cannot be accepted by the Government to form a binding contract. Responders are solely responsible for all expenses associated with responding to this RFI.

FOR FURTHER INFORMATION CONTACT: Faisal D’Souza at ostp-ai-rfi@nitrd.gov or (202) 459-9674. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday, except for U.S. Federal Government holidays.

SUPPLEMENTARY INFORMATION: On January 23, 2025, President Trump signed Executive Order 14179 (Removing Barriers to American Leadership in Artificial Intelligence) to establish U.S. policy for sustaining and enhancing America’s AI dominance in order to promote human flourishing, economic competitiveness, and national security. This Order directs the development of an AI Action Plan to advance America’s AI leadership, in a process led by the Assistant to the President for Science and Technology, the White House AI and Crypto Czar, and the National Security Advisor.

This Order follows the President’s January 20, 2025, Executive Order 14148, revocation of the Biden-Harris AI Executive Order 14110 of October 30, 2023 (Safe, Secure, and Trustworthy Development and Use of Artificial Intelligence), which hampered the private sector’s ability to innovate in AI by imposing burdensome government requirements restricting private sector AI development and deployment. The Trump Administration recognizes that with the right government policies, the United States can solidify its position as the leader in AI and secure a brighter future for all Americans.

OSTP seeks input on the highest priority policy actions that should be in the new AI Action Plan. Responses can address any relevant AI policy topic, including but not limited to: hardware and chips, data centers, energy consumption and efficiency, model

development, open source development, application and use (either in the private sector or by government), explainability and assurance of AI model outputs, cybersecurity, data privacy and security throughout the lifecycle of AI system development and deployment (to include security against AI model attacks), risks, regulation and governance, technical and safety standards, national security and defense, research and development, education and workforce, innovation and competition, intellectual property, procurement, international collaboration, and export controls. Respondents are encouraged to suggest concrete AI policy actions needed to address the topics raised.

Comments received will be taken into consideration in the development of the AI Action Plan.

NATIONAL SCIENCE FOUNDATION

Proposal Review; Notice of Meetings

In accordance with the Federal Advisory Committee Act (Pub. L. 92-463, as amended), the National Science Foundation (NSF) announces its intent to hold proposal review meetings throughout the year. The purpose of these meetings is to provide advice and recommendations concerning proposals submitted to the NSF for financial support. The agenda for each of these meetings is to review and evaluate proposals as part of the selection process for awards. The review and evaluation may also include an

assessment of the progress of awarded proposals. These meetings will primarily take place at NSF’s headquarters, 2415 Eisenhower Avenue, Alexandria, VA 22314.

These meetings will be closed to the public. The proposals being reviewed include information of a proprietary or confidential nature, including technical information; financial data, such as salaries; and personal information concerning individuals associated with the proposals. These matters are exempt under 5 U.S.C. 552b(c), (4) and (6) of the Government in the Sunshine Act. NSF will continue to review the agenda and merits of each meeting for overall compliance of the Federal Advisory Committee Act.

These closed proposal review meetings will not be announced on an individual basis in the **Federal Register**. NSF intends to publish a notice similar to this on a quarterly basis. For an advance listing of the closed proposal review meetings that include the names of the proposal review panel and the time, date, place, and any information on changes, corrections, or cancellations, please visit the NSF website: <https://new.nsf.gov/events/proposal-review-panels>. This information may also be requested by telephoning 703/292-8687.

Dated: February 3, 2025.

Crystal Robinson,

Committee Management Officer.
