

I. Findings of Fact

The Agency finds that, in light of Registrant's default, the factual allegations in the OSC are admitted. According to the OSC, effective January 12, 2024, the Medical Board of California revoked Registrant's California medical license. RFAAX 1, at 2. According to California's online records, of which the Agency takes official notice, Registrant's California medical license remains revoked.² California DCA License Search, <https://search.dca.ca.gov/> (last visited date of signature of this Order). Accordingly, the Agency finds that Registrant is not licensed to practice medicine in California, the state in which he is registered with DEA.

II. Discussion

Pursuant to 21 U.S.C. 824(a)(3), the Attorney General is authorized to suspend or revoke a registration issued under 21 U.S.C. 823 "upon a finding that the registrant . . . has had his State license or registration suspended . . . [or] revoked . . . by competent State authority and is no longer authorized by State law to engage in the . . . dispensing of controlled substances." With respect to a practitioner, DEA has also long held that the possession of authority to dispense controlled substances under the laws of the state in which a practitioner engages in professional practice is a fundamental condition for obtaining and maintaining a practitioner's registration. *See, e.g., James L. Hooper, D.O.*, 76 FR 71371, 71372 (2011), *pet. for rev. denied*, 481 F. App'x 826 (4th Cir. 2012); *Frederick Marsh Blanton, D.O.*, 43 FR 27616, 27617 (1978).³

² Under the Administrative Procedure Act, an agency "may take official notice of facts at any stage in a proceeding—even in the final decision." United States Department of Justice, Attorney General's Manual on the Administrative Procedure Act 80 (1947) (Wm. W. Gaunt & Sons, Inc., Reprint 1979). Pursuant to 5 U.S.C. 556(e), "[w]hen an agency decision rests on official notice of a material fact not appearing in the evidence in the record, a party is entitled, on timely request, to an opportunity to show the contrary." Accordingly, Registrant may dispute the Agency's finding by filing a properly supported motion for reconsideration of findings of fact within fifteen calendar days of the date of this Order. Any such motion and response shall be filed and served by email to the other party and to Office of the Administrator, Drug Enforcement Administration at dea.addo.attorneys@dea.gov.

³ This rule derives from the text of two provisions of the Controlled Substances Act (CSA). First, Congress defined the term "practitioner" to mean "a physician . . . or other person licensed, registered, or otherwise permitted, by . . . the jurisdiction in which he practices . . . , to distribute, dispense, . . . [or] administer . . . a controlled substance in the course of professional practice." 21 U.S.C. 802(21). Second, in setting the requirements for obtaining a practitioner's

According to California statute, "dispense" means "to deliver a controlled substance to an ultimate user or research subject by or pursuant to the lawful order of a practitioner, including the prescribing, furnishing, packaging, labeling, or compounding necessary to prepare the substance for that delivery." Cal. Health & Safety Code section 11010 (West 2024). Furthermore, a "practitioner" means a person "licensed, registered, or otherwise permitted, to distribute, dispense, conduct research with respect to, or administer, a controlled substance in the course of professional practice or research in [the] state." *Id.* section 11026(c).

Here, the undisputed evidence in the record is that Registrant currently lacks authority to practice medicine in California. As discussed above, a physician must be a licensed practitioner to dispense a controlled substance in California. Thus, because Registrant currently lacks authority to practice medicine in California and, therefore, is not currently authorized to handle controlled substances in California, Registrant is not eligible to maintain a DEA registration. Accordingly, the Agency will order that Registrant's DEA registration be revoked.

Order

Pursuant to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 824(a), I hereby revoke DEA Certificate of Registration No. BA6612142 issued to Massoud Amini, M.D. Further, pursuant to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 823(g)(1), I hereby deny any pending applications of Massoud Amini, M.D., to renew or modify this registration, as well as any other pending application of Massoud Amini, M.D., for additional registration in California. This Order is effective March 10, 2025.

Congress directed that "[t]he Attorney General shall register practitioners . . . if the applicant is authorized to dispense . . . controlled substances under the laws of the State in which he practices." 21 U.S.C. 823(g)(1). Because Congress has clearly mandated that a practitioner possess state authority in order to be deemed a practitioner under the CSA, DEA has held repeatedly that revocation of a practitioner's registration is the appropriate sanction whenever he is no longer authorized to dispense controlled substances under the laws of the state in which he practices. *See, e.g., James L. DEPARTMENT OF JUSTICE

Drug Enforcement Administration

[Docket No. 24-47]

Herold Pierre-Louis, P.A.; Decision and Order

On May 21, 2024, the Drug Enforcement Administration (DEA or Government) issued an Order to Show Cause (OSC) to Herold Pierre-Louis, P.A., of Tucson, Arizona (Respondent). OSC, at 1, 3. The OSC proposed the revocation of Respondent's DEA Certificate of Registration No. MP7845766, alleging that Respondent's DEA registration should be revoked because Respondent is "without authority to prescribe, administer, dispense, or otherwise handle controlled substances in the State of Arizona, the state in which [he is] registered with DEA." *Id.* at 2 (citing 21 U.S.C. 824(a)(3)).

On May 30, 2024, Respondent requested a hearing and filed an Answer to the OSC. On June 10, 2024, the Government filed a Motion for Summary Disposition, to which Respondent did not respond.¹ On June 27, 2024, Administrative Law Judge Paul E. Soeffing (the ALJ) granted the Government's Motion for Summary Disposition and recommended the revocation of Respondent's registration, finding that because Respondent lacks state authority to handle controlled substances in Arizona, the state in which he is registered with DEA, "there is no other fact of consequence for this tribunal to decide." Order Granting the

Government's Motion for Summary Disposition, and Recommended Rulings, Findings of Fact, Conclusions of Law, and Decision of the Administrative Law Judge (RD), at 5. Respondent did not file exceptions to the RD.

Having reviewed the entire record, the Agency adopts and hereby incorporates by reference the entirety of the ALJ's rulings, findings of fact, conclusions of law, and recommended sanction as found in the RD and summarizes and expands upon portions thereof herein.

Findings of Fact

On or about November 29, 2023, the Arizona Regulatory Board of Physician Assistants revoked Respondent's Arizona physician assistant license. RD, at 3.² According to Arizona online records, of which the Agency takes official notice, as of August 23, 2024, the status of Respondent's Arizona physician assistant license was revoked.³ Arizona Regulatory Board of Physician Assistants, Find Your PA, <https://www.azpa.gov/PASearch/PASearch> (last visited date of signature of this Order).⁴ Accordingly, the Agency

United States Department of Justice, Attorney General's Manual on the Administrative Procedure Act 80 (1947) (Wm. W. Gaunt & Sons, Inc., Reprint 1979). Pursuant to 5 U.S.C. 556(e), "[w]hen an agency decision rests on official notice of a material fact not appearing in the evidence in the record, a party is entitled, on timely request, to an opportunity to show the contrary." Any such motion and response shall be filed and served by email to the other party and to Office of the Administrator, Drug Enforcement Administration at dea.addo.attorneys@dea.gov.

⁴ As of August 23, 2024, the Arizona Regulatory Board of Physician Assistants website identified Respondent's physician assistant license as revoked. However, there is no longer any record of Respondent's licensure on the website. Despite being provided an opportunity to do so, Respondent has not established that his Arizona license has been reinstated or that he otherwise has state authority to dispense controlled substances. Following the issuance of the RD, Respondent did not file any Exceptions to indicate that his license had been restored. Additionally, on October 1, 2024, the Agency issued a Briefing Order requesting documentary evidence regarding the status of Respondent's Arizona physician assistant license. Respondent's acknowledged receipt of the Order, but did not provide any responsive documentation or evidence regarding the status of his Arizona license. Accordingly, the Agency finds that Respondent's Arizona physician assistant license remains revoked. See *Fares F. Yasin, M.D.*, 88 FR 74523, 74524 n.5 (2023); *Heather M. Discussion

Pursuant to 21 U.S.C. 824(a)(3), the Attorney General is authorized to suspend or revoke a registration issued under section 823 of the Controlled Substances Act (CSA) "upon a finding that the registrant . . . has had his State license or registration suspended . . . The very definition of a 'practitioner' eligible to prescribe includes physicians 'licensed, registered, or otherwise permitted, by the United States or the jurisdiction in which he practices' to dispense controlled substances. § 802(21)."). The Agency has applied these principles consistently. See, e.g., *James L. Hooper, M.D.*, 76 FR 71371, 71372 (2011), *pet. for rev. denied*, 481 F. reconsideration of findings of fact within fifteen calendar days of the date of this Order with supporting documentation (showing that Respondent had state authority to dispense controlled substances on or before the date of this Order). Any such motion and response shall be filed and served by email to the other party and to Office of the Administrator, Drug Enforcement Administration, at dea.addo.attorneys@dea.gov.

⁵ This rule derives from the text of two provisions of the CSA. First, Congress defined the term "practitioner" to mean "a physician . . . or other person licensed, registered, or otherwise permitted, by . . . the jurisdiction in which he practices . . . , to distribute, dispense, . . . Because Congress has clearly mandated that a practitioner possess state authority in order to be deemed a practitioner under the CSA, DEA has held repeatedly that revocation of a practitioner's registration is the appropriate sanction whenever he is no longer authorized to dispense controlled substances under

According to Arizona statute, "[e]very person who manufactures, distributes, dispenses, prescribes or uses for scientific purposes any controlled substance within th[e] state or who proposes to engage in the manufacture, distribution, prescribing or dispensing of or using for scientific purposes any controlled substance within th[e] state must first: (1) [o]btain and possess a current license or permit as a medical practitioner as defined in § 32–1901" Ariz. Rev. Stat. Ann. section 36–2522(A)(1) (2024). Section 32–1901 defines a "[m]edical practitioner" as "any medical doctor . . . or other person who is licensed and authorized by law to use and prescribe drugs and devices to treat sick and injured human beings or animals or to diagnose or prevent sickness in human beings or animals in [Arizona] or any state, territory or district of the United States." *Id.* section 32–1901.

Here, the undisputed evidence in the record is that Respondent lacks authority to practice as a physician assistant in Arizona. As discussed above, only a licensed medical practitioner can dispense controlled substances in Arizona. Thus, because Respondent lacks authority to practice as a physician assistant in Arizona, and therefore is not a licensed medical practitioner, Respondent is not eligible to maintain a DEA registration. Accordingly, the Agency will order that Respondent's DEA registration be revoked.

Order

Pursuant to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 824(a), I hereby revoke DEA Certificate of Registration No. MP7845766 issued to Herold Pierre-Louis, P.A. Further,

the laws of the state in which he practices. See, e.g., *James L. Hooper, M.D.*, 76 FR 71371, 71372; *Sheran Arden Yeates, M.D.*, 71 FR 39130, 39131 (2006); *Dominick A. Moreover, because "the controlling question" in a proceeding brought under 21 U.S.C. 824(a)(3) is whether the holder of a practitioner's registration "is currently authorized to handle controlled substances in the [S]tate," *Hooper*, 76 FR 71371 (quoting *Anne Lazar Thorn*, 62 FR 12847, 12848 (1997)), the Agency has also long held that revocation is warranted even where a practitioner is still challenging the underlying action. *Bourne Pharmacy*, 72 FR 18273, 18274 (2007); *Wingfield Drugs*, 52 FR 27070, 27071 (1987). Thus, it is of no consequence that Respondent is still challenging the underlying action here, see Respondent's Answer, at 2; Respondent's Motion to Continue Show Cause Hearing. What is consequential is the Agency's finding that Respondent is not currently authorized to dispense controlled substances in Arizona, the state in which he is registered with the DEA. *Adley Dasilva, P.A.*, 87 FR 69341, 69341 n.2 (2022); see also Order Denying Respondent's Motion to Continue.

pursuant to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 823(g)(1), I hereby deny any pending applications of Herold Pierre-Louis, P.A., to renew or modify this registration, as well as any other pending application of Herold Pierre-Louis, P.A., for additional registration in Arizona. DEPARTMENT OF JUSTICE

Drug Enforcement Administration

James T. Craig, D.D.S.; Decision and Order

On May 24, 2023, the Drug Enforcement Administration (DEA or Government) issued an Order to Show Cause (OSC) to James T. Craig, D.D.S., of Aurora, Colorado (Registrant). Request for Final Agency Action (RFAA), Exhibit (RFAAX) 2, at 1, 3. The OSC proposed the revocation of Registrant's Certificate of Registration No. FC0032348, alleging that Registrant's registration should be revoked because Registrant is "currently without authority to prescribe, administer, dispense, or otherwise handle controlled substances in Colorado, the state in which [he is] registered with DEA." *Id.* at 2 (citing 21 U.S.C. 824(a)(3)).¹

¹ According to Agency records, Registrant's registration expired on August 31, 2024. The fact that a registrant allows his registration to expire during the pendency of an OSC does not impact the Agency's jurisdiction or prerogative under the Controlled Substances Act (CSA) to adjudicate the OSC to finality. *Jeffrey D. Olsen, M.D.*, 84 FR 68474, 68476-79 (2019).

The OSC notified Registrant of his right to file a written request for hearing, and that if he failed to file such a request, he would be deemed to have waived his right to a hearing and be in default. *Id.* at 2 (citing 21 CFR 1301.43). Here, Registrant did not request a hearing. RFAA, at 2.² "A default, unless excused, shall be deemed to constitute a waiver of the registrant's/applicant's right to a hearing and an admission of the factual allegations of the [OSC]." 21 CFR 1301.43(e).

Further, "[i]n the event that a registrant . . . is deemed to be in default . . . DEA may then file a request for final agency action with the Administrator, along with a record to support its request. In such circumstances, the Administrator may enter a default final order pursuant to [21 CFR] § 1316.67." *Id.* § 1301.43(f)(1). Here, the Government has requested final agency action based on Registrant's default pursuant to 21 CFR 1301.43(c), (f), 1301.46. RFAA, at 3; *see also* 21 CFR 1316.67.

Findings of Fact

The Agency finds that, in light of Registrant's default, the factual allegations in the OSC are admitted. According to the OSC, on March 23, 2023, Registrant's Colorado dental license was suspended. RFAAX 2, at 1-2. According to Colorado online records, of which the Agency takes official notice, Registrant's Colorado dentist license is revoked.³ Colorado Division of Professions and Occupations License Search, <https://apps2.colorado.gov/dora/licensing/lookup/licenselookup.aspx> (last visited date of signature of this Order).

² Based on the Government's submissions in its RFAA dated July 18, 2024, the Agency finds that service of the OSC on Registrant was adequate. Specifically, the included Declaration from a DEA Diversion Investigator (DI) indicates that on May 26, 2023, Registrant was personally served a copy of the OSC at the Arapahoe County Detention Center in Centennial, Colorado, where Registrant remained incarcerated. RFAAX 3, at 2.

³ Under the Administrative Procedure Act, an agency "may take official notice of facts at any stage in a proceeding—even in the final decision." United States Department of Justice, Attorney General's Manual on the Administrative Procedure Act 80 (1947) (Wm. W. Gaunt & Sons, Inc., Reprint 1979). Pursuant to 5 U.S.C. 556(e), "[w]hen an agency decision rests on official notice of a material fact not appearing in the evidence in the record, a party is entitled, on timely request, to an opportunity to show the contrary." Accordingly, Registrant may dispute the Agency's finding by filing a properly supported motion for reconsideration of findings of fact within fifteen calendar days of the date of this Order. Any such motion and response shall be filed and served by email to the other party and to the DEA Office of the Administrator, Drug Enforcement Administration at dea.addo.attorneys@dea.gov.

Accordingly, the Agency finds that Registrant is not licensed to practice as a dentist in Colorado, the state in which he is registered with DEA.
