OFFICE OF THE FEDERAL REGISTER

The **FEDERAL REGISTER** (ISSN 0097-6326) is published daily, Monday through Friday, except official holidays, by the Office of the Federal Register, National Archives and Records Administration, under the Federal Register Act (44 U.S.C. Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). The Superintendent of Documents, U.S. Government Publishing Office, is the exclusive distributor of the official edition. Periodicals postage is paid at Washington, DC.

The **FEDERAL REGISTER** provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive Orders, Federal agency documents having general applicability and legal effect, documents required to be published by act of Congress, and other Federal agency documents of public interest.

Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless the issuing agency requests earlier filing. For a list of documents currently on file for public inspection, see www.federalregister.gov.

The seal of the National Archives and Records Administration authenticates the **Federal Register** as the official serial publication established under the Federal Register Act. Under 44 U.S.C. 1507, the contents of the **Federal Register** shall be judicially noticed.

The **Federal Register** is published in paper and on 24x microfiche. It is also available online at no charge at www.govinfo.gov, a service of the U.S. Government Publishing Office.

The online edition of the **Federal Register** is issued under the authority of the Administrative Committee of the Federal Register as the official legal equivalent of the paper and microfiche editions (44 U.S.C. 4101 and 1 CFR 5.10). It is updated by 6:00 a.m. each day the **Federal Register** is published and includes both text and graphics from Volume 1, 1 (March 14, 1936) forward. For more information, contact the GPO Customer Contact Center, U.S. Government Publishing Office. Phone 202-512-1800 or 866-512-1800 (toll free). E-mail, gpocusthelp.com.

The annual subscription price for the **Federal Register** paper edition is \$860 plus postage, or \$929, for a combined **Federal Register**, **Federal Register** Index and List of CFR Sections Affected (LSA) subscription; the microfiche edition of the **Federal Register** including the **Federal Register** Index and LSA is \$330, plus postage. Six month subscriptions are available for one-half the annual rate. The prevailing postal rates will be applied to orders according to the delivery method requested. The price of a single copy of the daily **Federal Register**, including postage, is based on the number of pages: \$11 for an issue containing less than 200 pages; \$22 for an issue containing 200 to 400 pages; and \$33 for an issue containing more than 400 pages. Single issues of the microfiche edition may be purchased for \$3 per copy, including postage. Remit check or money order, made payable to the Superintendent of Documents, or charge to your GPO Deposit Account, VISA, MasterCard, American Express, or Discover. Mail to: U.S. Government Publishing Office—New Orders, P.O. Box 979050, St. Louis, MO 63197-9000; or call toll free 1-866-512-1800, DC area 202-512-1800; or go to the U.S. Government Online Bookstore site, see bookstore.gpo.gov.

There are no restrictions on the republication of material appearing in the **Federal Register**.

Title 3—

Executive Order 14193 of February 1, 2025

The President

Imposing Duties To Address the Flow of Illicit Drugs Across Our Northern Border

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the International Emergency Economic Powers Act (50 U.S.C. 1701 *et seq.*) (IEEPA), the National Emergencies Act (50 U.S.C. 1601 *et seq.*) (NEA), section 604 of the Trade Act of 1974, as amended (19 U.S.C. 2483), and section 301 of title 3, United States Code,

I, DONALD J. TRUMP, President of the United States of America, find that the sustained influx of illicit opioids and other drugs has profound consequences on our Nation, endangering lives and putting a severe strain on our healthcare system, public services, and communities.

This challenge threatens the fabric of our society. Gang members, smugglers, human traffickers, and illicit drugs of all kinds have poured across our borders and into our communities. Canada has played a central role in these challenges, including by failing to devote sufficient attention and resources or meaningfully coordinate with United States law enforcement partners to effectively stem the tide of illicit drugs.

Drug trafficking organizations (DTOs) are the world's leading producers of fentanyl, methamphetamine, cocaine, and other illicit drugs, and they cultivate, process, and distribute massive quantities of narcotics that fuel addiction and violence in communities across the United States. These DTOs often collaborate with transnational cartels to smuggle illicit drugs into the United States, utilizing clandestine airstrips, maritime routes, and overland corridors.

The challenges at our southern border are foremost in the public consciousness, but our northern border is not exempt from these issues. Criminal networks are implicated in human trafficking and smuggling operations, enabling unvetted illegal migration across our northern border. There is also a growing presence of Mexican cartels operating fentanyl and nitazene synthesis labs in Canada. The flow of illicit drugs like fentanyl to the United States through both illicit distribution networks and international mail—due, in the case of the latter, to the existing administrative exemption from duty and taxes, also known as *de minimis*, under section 1321 of title 19, United States Code—has created a public health crisis in the United States, as outlined in the Presidential Memorandum of January 20, 2025 (America First Trade Policy) and Executive Order 14157 of January 20, 2025 (Designating Cartels and Other Organizations as Foreign Terrorist Organizations and Specially Designated Global Terrorists). With respect to smuggling of illicit drugs across our northern border, Canada's Financial Transactions and Reports Analysis Centre recently published a study on the laundering of proceeds of illicit synthetic opioids, which recognized Canada's heightened domestic production of fentanyl, largely from British Columbia, and its growing footprint within international narcotics distribution. Despite a North American dialogue on the public health impacts of illicit drugs since 2016, Canadian officials have acknowledged that the problem has only grown. And while U.S. Customs and Border Protection (CBP) within the Department of Homeland Security seized, comparatively, much less fentanyl from Canada than from Mexico last year, fentanyl is so potent that even a very small parcel of the drug can cause many deaths and

destruction to America families. In fact, the amount of fentanyl that crossed the northern border last year could kill 9.5 million Americans.

Immediate action is required to finally end this public health crisis and national emergency, which will not happen unless the compliance and cooperation of Canada is assured.

I hereby determine and order:

Section 1. (a) As President of the United States, my highest duty is the defense of the country and its citizens. A Nation without borders is not a nation at all. I will not stand by and allow our sovereignty to be eroded, our laws to be trampled, our citizens to be endangered, or our borders to be disrespected anymore.

I previously declared a national emergency with respect to the grave threat to the United States posed by the influx of illegal aliens and illicit drugs into the United States in Proclamation 10886 of January 20, 2025 (Declaring a National Emergency at the Southern Border). Pursuant to the NEA, I hereby expand the scope of the national emergency declared in that Proclamation to cover the threat to the safety and security of Americans, including the public health crisis of deaths due to the use of fentanyl and other illicit drugs, and the failure of Canada to do more to arrest, seize, detain, or otherwise intercept DTOs, other drug and human traffickers, criminals at large, and drugs. In addition, this failure to act on the part of Canada constitutes an unusual and extraordinary threat, which has its source in substantial part outside the United States, to the national security and foreign policy of the United States. I hereby declare and reiterate a national emergency under the NEA and IEEPA to deal with that threat. This national emergency requires decisive and immediate action, and I have decided to impose, consistent with law, ad valorem tariffs on articles that are products of Canada set forth in this order. In doing so, I invoke my authority under section 1702(a)(1)(B) of IEEPA, and specifically find that action under other authority to impose tariffs is inadequate to address this unusual and extraordinary threat.

Sec. 2. (a) All articles that are products of Canada as defined by the *Federal Register* notice described in subsection (e) of this section (*Federal Register* notice), and except for those products described in subsection (b) of this section, shall be, consistent with law, subject to an additional 25 percent ad valorem rate of duty. Such rate of duty shall apply with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern time on February 4, 2025, except that goods entered for consumption, or withdrawn from warehouse for consumption, after such time that were loaded onto a vessel at the port of loading or in transit on the final mode of transport prior to entry into the United States before 12:01 a.m. eastern time on February 1, 2025, shall not be subject to such additional duty, only if the importer certifies to CBP as specified in the *Federal Register* notice.

(b) With respect to energy or energy resources, as defined in section 8 of Executive Order 14156 of January 20, 2025 (Declaring a National Energy Emergency), and as otherwise included in the *Federal Register* notice, such articles that are products of Canada as defined by the *Federal Register* notice shall be, consistent with law, subject to an additional 10 percent ad valorem rate of duty. Such rate of duty shall apply with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern time on February 4, 2025, except that goods entered for consumption, or withdrawn from warehouse for consumption, after such time that were loaded onto a vessel at the port of loading or in transit on the final mode of transport prior to entry into the United States before 12:01 a.m. eastern time on February 1, 2025, shall not be subject to such additional duty, only if the importer certifies to CBP as specified in the *Federal Register* notice.

(c) The rates of duty established by this order are in addition to any other duties, fees, exactions, or charges applicable to such imported articles.

(d) Should Canada retaliate against the United States in response to this action through import duties on United States exports to Canada or similar measures, the President may increase or expand in scope the duties imposed under this order to ensure the efficacy of this action.

(e) In order to establish the duty rate on imports of articles that are products of Canada, the Secretary of Homeland Security shall determine the modifications necessary to the Harmonized Tariff Schedule of the United States (HTSUS) in order to effectuate this order consistent with law and shall make such modifications to the HTSUS through notice in the *Federal Register*. The modifications made to the HTSUS by this notice shall be effective with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern time on February 4, 2025, and shall continue in effect until such actions are expressly reduced, modified, or terminated.

(f) Articles that are products of Canada, except those that are eligible for admission under “domestic status” as defined in 19 CFR 146.43, which are subject to the duties imposed by this order and are admitted into a United States foreign trade zone on or after 12:01 a.m. eastern time on February 4, 2025, except as otherwise noted in subsections (a) and (b) of this section, must be admitted as “privileged foreign status” as defined in 19 CFR 146.41. Such articles will be subject upon entry for consumption to the rates of duty related to the classification under the applicable HTSUS subheading in effect at the time of admittance into the United States foreign trade zone.

(g) No drawback shall be available with respect to the duties imposed pursuant to this order.

(h) For avoidance of doubt, duty-free *de minimis* treatment under 19 U.S.C. 1321 shall not be available for the articles described in subsection (a) and subsection (b) of this section.

(i) Any prior Presidential Proclamation, Executive Order, or other Presidential directive or guidance related to trade with Canada that is inconsistent with the direction in this order is hereby terminated, suspended, or modified to the extent necessary to give full effect to this order.

(j) The articles described in subsection (a) and subsection (b) of this section shall exclude those encompassed by 50 U.S.C. 1702(b).

Sec. 3. (a) The Secretary of Homeland Security shall regularly consult with the Secretary of State, the Attorney General, the Assistant to the President for National Security Affairs, and the Assistant to the President for Homeland Security on the situation at our northern border. The Secretary of Homeland Security shall inform the President of any circumstances that, in the opinion of the Secretary of Homeland Security, indicate that the Government of Canada has taken adequate steps to alleviate this public health crisis through cooperative enforcement actions. Upon the President’s determination of sufficient action to alleviate the crisis, the tariffs described in section 2 of this order shall be removed.

(b) The Secretary of Homeland Security, in coordination with the Secretary of State, the Attorney General, the Assistant to the President for National Security Affairs, and the Assistant to the President for Homeland Security, shall recommend additional action, if necessary, should the Government of Canada fail to take adequate steps to alleviate the illegal migration and illicit drug crises through cooperative enforcement actions.

Sec. 4. The Secretary of Homeland Security, in consultation with the Secretary of the Treasury, the Attorney General, and the Secretary of Commerce, is hereby authorized to take such actions, including adopting rules and regulations, and to employ all powers granted to the President by IEEPA as may be necessary to implement this order. The Secretary of Homeland Security may, consistent with applicable law, redelegate any of these functions within the Department of Homeland Security. All executive departments

and agencies shall take all appropriate measures within their authority to implement this order.

Sec. 5. The Secretary of Homeland Security, in coordination with the Secretary of the Treasury, the Attorney General, the Secretary of Commerce, the Assistant to the President for National Security Affairs, and the Assistant to the President for Homeland Security, is hereby authorized to submit recurring and final reports to the Congress on the national emergency under IEEPA declared in this order, consistent with section 401(c) of the NEA (50 U.S.C. 1641(c)) and section 204(c) of IEEPA (50 U.S.C. 1703(c)).

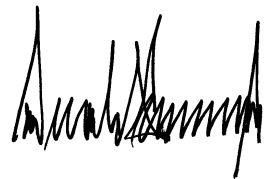

Sec. 6. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department, agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Executive Order 14194 of February 1, 2025

Imposing Duties To Address the Situation at Our Southern Border

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the International Emergency Economic Powers Act (50 U.S.C. 1701 *et seq.*) (IEEPA), the National Emergencies Act (50 U.S.C. 1601 *et seq.*) (NEA), section 604 of the Trade Act of 1974, as amended (19 U.S.C. 2483), and section 301 of title 3, United States Code,

I, DONALD J. TRUMP, President of the United States of America, find that the sustained influx of illegal aliens and illicit opioids and other drugs has profound consequences on our Nation, endangering lives and putting a severe strain on our healthcare system, public services, communities, and schools. Since the end of my first term, U.S. Customs and Border Protection (CBP) within the Department of Homeland Security has recorded more than three times as many inadmissible encounters nationwide as during my first term.

These challenges threaten the fabric of our society. Gang members, smugglers, human traffickers, and illicit drugs of all kinds have poured across our borders and into our communities. Mexico has played a central role in these challenges, including by failing to devote sufficient attention and resources to meaningfully stem the tide of unlawful migration and illicit drugs.

Mexican drug trafficking organizations (DTOs) are the world's leading traffickers of fentanyl, methamphetamine, cocaine, and other illicit drugs, and they cultivate, process, and distribute massive quantities of narcotics that fuel addiction and violence in communities across the United States. These DTOs collaborate and conspire with transnational cartels and other global partners to smuggle drugs into the United States, utilizing clandestine airstrips, maritime routes, tunnels, and overland corridors, and both willing and unwilling human couriers.

The Mexican DTOs have an intolerable alliance with the government of Mexico. This alliance endangers the national security of the United States, and we must eradicate the influence of these dangerous cartels from the bilateral environment. The government of Mexico has afforded safe havens for the cartels to engage in the manufacturing and transportation of illicit drugs, which collectively have led to the overdose deaths of hundreds of thousands of American victims.

Mexican cartels are also implicated in human trafficking and smuggling operations, enabling the illegal migration of millions across our borders. These operations are often tied to organized crime, and they create pathways for cartel activities to expand into the United States. Furthermore, violent criminals originating from Central and South America easily transit into and through Mexico, and into the United States, where they cause irreparable harm to our citizens. These dangerous criminals are involved in drug-related violence, gang activity, and other crimes that endanger the safety of American communities.

Immediate action is required to address the national emergency I declared in Proclamation 10886 of January 20, 2025 (Declaring a National Emergency at the Southern Border of the United States), and to finally end the public

health crisis caused by opioid use and addiction, which will not happen unless the compliance and cooperation of the government of Mexico is assured.

I hereby determine and order:

Section 1. (a) As President of the United States, my highest duty is the defense of the country and its citizens. A Nation without borders is not a Nation at all. I will not stand by and allow our sovereignty to be eroded, our laws to be trampled, our citizens to be endangered, or our borders to be disrespected anymore.

I previously declared a national emergency with respect to the grave threat to the United States posed by the influx of illegal aliens and illicit drugs into the United States in Proclamation 10886. Pursuant to the NEA, I hereby expand the scope of the national emergency declared in that proclamation to cover the failure of Mexico to arrest, seize, detain, or otherwise intercept DTOs, other drug and human traffickers, criminals at large, and illicit drugs. In addition, this failure to act on the part of the government of Mexico constitutes an unusual and extraordinary threat, which has its source in substantial part outside the United States, to the national security, foreign policy, and economy of the United States. I hereby declare and reiterate a national emergency under the NEA and IEEPA to deal with that threat. This national emergency requires decisive and immediate action, and I have decided to impose, consistent with law, ad valorem tariffs on articles that are products of Mexico as set forth in this order. In doing so, I invoke my authority under section 1702(a)(1)(B) of IEEPA, and specifically find that action under other authority to impose tariffs is inadequate to address this unusual and extraordinary threat.

Sec. 2. (a) All articles that are products of Mexico, as defined by the *Federal Register* notice described in section 2(d) of this order (the *Federal Register* notice), shall be, consistent with law, subject to an additional 25 percent ad valorem rate of duty. Such rate of duty shall apply with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern time on February 4, 2025, except that goods entered for consumption, or withdrawn from warehouse for consumption, after such time that were loaded onto a vessel at the port of loading or in transit on the final mode of transport prior to entry into the United States before 12:01 a.m. eastern time on February 1, 2025, shall not be subject to such additional duty, only if the importer certifies to CBP as specified in the *Federal Register* notice.

(b) The rates of duty established by this order are in addition to any other duties, fees, exactions, or charges applicable to such imported articles.

(c) Should the government of Mexico retaliate against the United States in response to this action through import duties on United States exports to Mexico or similar measures, the President may increase or expand in scope the duties imposed under this Executive Order to ensure the efficacy of this action.

(d) In order to establish the duty rate on imports of articles that are products of Mexico, the Secretary of Homeland Security shall determine the modifications necessary to the Harmonized Tariff Schedule of the United States (HTSUS) in order to effectuate this order consistent with law and shall make such modifications to the HTSUS through notice in the *Federal Register*. The modifications made to the HTSUS by this notice shall be effective with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern time on February 4, 2025, except as otherwise noted in subsection 2(a) of this section, and shall continue in effect until such actions are expressly reduced, modified, or terminated.

(e) Articles that are products of Mexico, except those that are eligible for admission under “domestic status” as defined in 19 CFR 146.43, which are subject to the duties imposed by this order and are admitted into a

United States foreign trade zone on or after 12:01 a.m. eastern time on February 4, 2025, except as otherwise noted in subsection 2(a) of this section, must be admitted as “privileged foreign status” as defined in 19 CFR 146.41. Such articles will be subject upon entry for consumption to the rates of duty related to the classification under the applicable HTSUS subheading in effect at the time of admittance into the United States foreign trade zone.

(h) Any prior Presidential Proclamation, Executive Order, or other presidential directive or guidance related to trade with Mexico that is inconsistent with the direction in this order is hereby terminated, suspended, or modified to the extent necessary to give full effect to this order.

(i) The articles described in subsection (a) of this section shall exclude those encompassed by 50 U.S.C. 1702(b).

Sec. 3. (a) The Secretary of Homeland Security shall regularly consult with the Secretary of State, the Attorney General, the Assistant to the President for National Security Affairs, and the Assistant to the President for Homeland Security on the situation at our southern border. The Secretary of Homeland Security shall inform the President of any circumstances that, in the opinion of the Secretary of Homeland Security, indicate that the government of Mexico has taken adequate steps to alleviate the illegal migration and illicit drug crisis through cooperative actions. Upon the President’s determination of sufficient action to alleviate the crisis, the tariffs described in section 2 of this order will be removed.

(b) The Secretary of Homeland Security, in coordination with the Secretary of State, the Attorney General, the Assistant to the President for National Security Affairs, and the Assistant to the President for Homeland Security shall recommend additional action, if necessary, should the government of Mexico fail to take adequate steps to alleviate the illegal migration and illicit drug crises through cooperative enforcement actions.

Sec. 4. The Secretary of Homeland Security, in consultation with the Secretary of the Treasury, the Attorney General, and the Secretary of Commerce, is hereby authorized to take such actions, including adopting rules and regulations, and to employ all powers granted to me by IEEPA as may be necessary to implement this order. The Secretary of Homeland Security may, consistent with applicable law, redelegate any of these functions within the Department of Homeland Security. All agencies shall take all appropriate measures within their authority to implement this order.

Sec. 5. The Secretary of Homeland Security, in coordination with the Secretary of the Treasury, the Attorney General, the Secretary of Commerce, the Assistant to the President for National Security Affairs, and the Assistant to the President for Homeland Security, is hereby authorized to submit recurring and final reports to the Congress on the national emergency under IEEPA declared in this order, consistent with section 401(c) of the NEA (50 U.S.C. 1641(c)) and section 204(c) of IEEPA (50 U.S.C. 1703(c)).

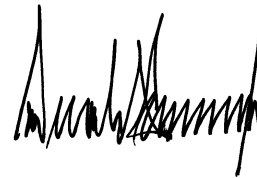

Sec. 6. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department, agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Executive Order 14195 of February 1, 2025

Imposing Duties To Address the Synthetic Opioid Supply Chain in the People's Republic of China

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the International Emergency Economic Powers Act (50 U.S.C. 1701 *et seq.*) (IEEPA), the National Emergencies Act (50 U.S.C. 1601 *et seq.*) (NEA), section 604 of the Trade Act of 1974, as amended (19 U.S.C. 2483), and section 301 of title 3, United States Code,

I, DONALD J. TRUMP, President of the United States of America, find that the sustained influx of synthetic opioids has profound consequences on our Nation, including by killing approximately two hundred Americans per day, putting a severe strain on our healthcare system, ravaging our communities, and destroying our families. Synthetic opioid overdose is the leading cause of death for people aged 18 to 45 in the United States.

During my first term, I took steps to end the direct flow of fentanyl and other synthetic opioids from the People's Republic of China (PRC) to the United States. Since then, the Chinese Communist Party (CCP), which exerts ultimate control over the government and enterprises of the PRC, has subsidized and otherwise incentivized PRC chemical companies to export fentanyl and related precursor chemicals that are used to produce synthetic opioids sold illicitly in the United States.

Furthermore, the PRC provides support to and safe haven for PRC-origin transnational criminal organizations (TCOs) that launder the revenues from the production, shipment, and sale of illicit synthetic opioids. These PRC-origin TCOs coordinate and communicate using PRC social media software applications in the conduct of their business.

Many PRC-based chemical companies also go to great lengths to evade law enforcement and hide illicit substances in the flow of legitimate commerce. Some of the techniques employed by these PRC-based companies to conceal the true contents of the parcels and the identity of the distributors include the use of re-shippers in the United States, false invoices, fraudulent postage, and deceptive packaging. While more than 500,000 pounds of drugs have been seized at the southern border each of the last 3 fiscal years, in addition, more than 42,000 pounds of drugs have been seized at the northern border each year on average over the last 3 years. Illicit drugs kill tens of thousands of Americans each year, including 75,000 deaths per year attributed to fentanyl alone.

The influx of these drugs to our Nation threatens the fabric of our society. The PRC plays a central role in this challenge, not merely by failing to stem the ultimate source of many illicit drugs distributed in the United States, but by actively sustaining and expanding the business of poisoning our citizens.

The flow of contraband drugs like fentanyl to the United States through illicit distribution networks has created a national emergency, including a public health crisis in the United States, as outlined in the Presidential Memorandum of January 20, 2025 (America First Trade Policy), Proclamation 10886 of January 20, 2025 (Declaring a National Emergency at the Southern Border of the United States), and Executive Order 14157 of January 20,

2025 (Designating Cartels and Other Organizations as Foreign Terrorist Organizations and Specially Designated Global Terrorists).

Despite multiple attempts to resolve this crisis at its root source through bilateral dialogue, PRC officials have failed to follow through with the decisive actions needed to stem the flow of precursor chemicals to known criminal cartels and shut down the money laundering TCOs. The PRC implements the most sophisticated domestic surveillance network coupled with the most comprehensive domestic law enforcement apparatus in the world. The PRC also routinely exerts extraterritorial reach across the globe to threaten, harass, and suppress what it views as political dissent. As such, the CCP does not lack the capacity to severely blunt the global illicit opioid epidemic; it simply is unwilling to do so.

Immediate action is required to address the national emergency I declared and to finally end this emergency, including the public health crisis caused by opioid use and addiction, which will not happen until the full compliance and cooperation of the PRC government is assured.

I hereby determine and order:

Section 1. (a) As President of the United States, my highest duty is the defense of the country and its citizens. I will not stand by and allow our citizens to be poisoned, our laws to be trampled, our communities to be ravaged, or our families to be destroyed.

I previously declared a national emergency with respect to the grave threat to the United States posed by the influx of illegal aliens and drugs into the United States in Proclamation 10886. Pursuant to the NEA, I hereby expand the scope of the national emergency declared in that proclamation to cover the failure of the PRC government to arrest, seize, detain, or otherwise intercept chemical precursor suppliers, money launderers, other TCOs, criminals at large, and drugs. In addition, this failure to act constitutes an unusual and extraordinary threat, which has its source in substantial part outside the United States, to the national security, foreign policy, and economy of the United States. I hereby declare and reiterate a national emergency under the NEA and IEEPA to deal with that threat. This national emergency requires decisive and immediate action, and I have decided to impose, consistent with law, ad valorem tariffs on articles that are products of the PRC as set forth in this order. In doing so, I invoke my authority under section 1702(a)(1)(B) of IEEPA, and specifically find that action under other authority to impose tariffs is inadequate to address this unusual and extraordinary threat.

Sec. 2. (a) All articles that are products of the PRC, as defined by the *Federal Register* notice described in section 2(d) of this order (the *Federal Register* notice), shall be, consistent with law, subject to an additional 10 percent ad valorem rate of duty. Such rate of duty shall apply with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern time on February 4, 2025, except that goods entered for consumption, or withdrawn from warehouse for consumption, after such time that were loaded onto a vessel at the port of loading or in transit on the final mode of transport prior to entry into the United States before 12:01 a.m. eastern time on February 1, 2025, shall not be subject to such additional duty, only if the importer certifies to U.S. Customs and Border Protection within the Department of Homeland Security as specified in the *Federal Register* notice.

(b) The rates of duty established by this order are in addition to any other duties, fees, exactions, or charges applicable to such imported articles.

(c) Should the PRC retaliate against the United States in response to this action through import duties on United States exports to the PRC or similar measures, the President may increase or expand in scope the duties imposed under this Executive Order to ensure the efficacy of this action.

(d) In order to establish the duty rate on imports of articles that are products of the PRC, the Secretary of Homeland Security shall determine the modifications necessary to the Harmonized Tariff Schedule of the United States (HTSUS) in order to effectuate the objectives of this order consistent with law and shall make such modifications to the HTSUS through notice in the *Federal Register*. The modifications made to the HTSUS by this notice shall be effective with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern time on February 4, 2025, except as otherwise noted in subsection 2(a) of this section, and shall continue in effect until such actions are expressly reduced, modified, or terminated.

(e) Articles that are products of the PRC, except those that are eligible for admission under “domestic status” as defined in 19 CFR 146.43, which are subject to the duties imposed by this order and are admitted into a United States foreign trade zone on or after 12:01 a.m. eastern time on February 4, 2025, except as otherwise noted in subsection 2(a) of this section, must be admitted as “privileged foreign status” as defined in 19 CFR 146.41. Such articles will be subject upon entry for consumption to the rates of duty related to the classification under the applicable HTSUS subheading in effect at the time of admittance into the United States foreign trade zone.

(f) No drawback shall be available with respect to the duties imposed pursuant to this order.

(g) For avoidance of doubt, duty-free *de minimis* treatment under 19 U.S.C. 1321 shall not be available for the articles described in subsection (a) of this section.

(h) Any prior Presidential Proclamation, Executive Order, or other presidential directive or guidance related to trade with the PRC that is inconsistent with the direction in this order is hereby terminated, suspended, or modified to the extent necessary to give full effect to this order.

(i) The articles described in subsection (a) of this section shall exclude those encompassed by 50 U.S.C. 1702(b).

Sec. 3. (a) The Secretary of Homeland Security shall regularly consult with the Secretary of State, the Attorney General, the Assistant to the President for National Security Affairs, the Attorney General, and the Assistant to the President for Homeland Security on the situation regarding the PRC. The Secretary of Homeland Security shall inform the President of any circumstances that, in the opinion of the Secretary of Homeland Security, indicate that the PRC government has taken adequate steps to alleviate the opioid crisis through cooperative actions. Upon the President’s determination of sufficient action to alleviate the crisis, the tariffs described in section 2 of this order will be removed.

(b) The Secretary of Homeland Security, in coordination with the Secretary of State, the Attorney General, the Assistant to the President for National Security Affairs, and the Assistant to the President for Homeland Security, shall recommend additional action, if necessary, should the PRC fail to take adequate steps to alleviate the illicit drug crisis through cooperative enforcement actions.

Sec. 4. The Secretary of Homeland Security, in consultation with the Secretary of the Treasury, the Attorney General, and the Secretary of Commerce, is hereby authorized to take such actions, including adopting rules and regulations, and to employ all powers granted to the President by IEEPA as may be necessary to implement this order. The Secretary of Homeland Security may, consistent with applicable law, redelegate any of these functions within the Department of Homeland Security. All executive departments and agencies shall take all appropriate measures within their authority to implement this order.

Sec. 5. The Secretary of Homeland Security, in coordination with the Secretary of the Treasury, the Secretary of Commerce, the Assistant to the

President for National Security Affairs, the Attorney General, and the Assistant to the President for Homeland Security, is hereby authorized to submit recurring and final reports to the Congress on the national emergency under IEEPA declared in this order, consistent with section 401(c) of the NEA (50 U.S.C. 1641(c)) and section 204(c) of IEEPA (50 U.S.C. 1703(c)).

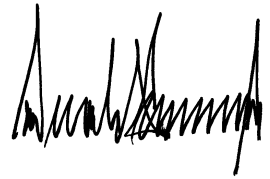

Sec. 6. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department, agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

14 CFR Part 71

[Docket No. FAA-2023-2255; Airspace Docket No. 23-ASO-52]

RIN 2120-AA66

Amendment of Class E Airspace; Marion, NC

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Class E airspace extending upward from 700 feet above the surface for Mission Hospital McDowell, Marion, NC, by adding airspace for Mission Hospital McDowell Heliport. This action also corrects the name from McDowell Hospital to Mission Hospital McDowell. It also removes Point In Space Coordinates for McDowell Hospital and replaces them with the correct Mission Hospital McDowell coordinates. Controlled airspace is necessary for the safety and management of instrument flight rules (IFR) operations at this airport.

DATES: Effective date 0901 UTC, April 17, 2025. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

ADDRESSES: A copy of the Notice of Proposed Rulemaking (NPRM), all comments received, this final rule, and all background material may be viewed online at www.regulations.gov using the FAA Docket number. Electronic retrieval help and guidelines are available on the website. It is available 24 hours a day, 365 days a year.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority, as it amends Class E airspace extending upward from 700 feet above the surface at Mission Hospital McDowell, Marion, NC.

History

The FAA published a notice of proposed rulemaking for Docket No. FAA 2023-2255 in the **Federal Register** (89 FR 84305; October 22, 2024), proposing to amend Class E airspace extending upward from 700 feet above the surface for Mission Hospital McDowell, Marion, NC. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Incorporation by Reference

Class E airspace designations are published in paragraph 6005 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document amends the current version of that order, FAA Order JO 7400.11J, dated July 31, 2024, and effective September 15, 2024. FAA Order JO 7400.11J is publicly available as listed

in the **ADDRESSES** section of this document. These amendments will be published in the next update to FAA Order JO 7400.11. FAA Order JO 7400.11J lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to 14 CFR part 71 amends Class E airspace extending upward from 700 feet above the surface for Mission Hospital McDowell, Marion, NC, by relocating the center point of the Class E airspace extending upward from 700 feet above the surface within a 6-mile radius of Mission Hospital McDowell, providing the controlled airspace required to support the new RNAV (GPS) standard instrument approach procedures for IFR operations at the heliport. Additionally, this action corrects the name from McDowell Hospital to Mission Hospital McDowell. It deletes the Point In Space Coordinates for McDowell Hospital utilizing Mission Hospital McDowell as a reference to accommodate Class E airspace requirements. Furthermore, this action removes the Rutherfordton, NC, Class E airspace area exclusion. Controlled airspace is necessary for the safety and management of instrument flight rules (IFR) operations in the area.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA

Order 1050.1F, “Environmental Impacts: Policies and Procedures,” paragraph 5–6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

The Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Drawbridge Operation Regulation; Okeechobee Waterway, Stuart, FL

AGENCY: Coast Guard, DHS.

ACTION: Temporary interim rule; request for comments.

SUMMARY: The Coast Guard is reinstating the temporarily modified operating schedule that governs the Florida East Coast (FEC) Railroad Bridge, across the Okeechobee Waterway (OWW), mile 7.41, at Stuart, FL. This action allows for continuity for drawbridge operations while the Coast Guard evaluates documentation received for a request to permanently change the operating regulation. This temporary interim rule will be in place until May 31, 2025.

DATES: This temporary interim rule is effective without actual notice from February 7, 2025 through 11:59 p.m. on May 31, 2025. For purposes of enforcement, this temporary interim rule will be enforced with actual notice from January 29, 2025, until February 7, 2025. Comments and related material must reach the Coast Guard on or before March 10, 2025.

II. Background Information and Regulatory History

On August 7, 2024, the Coast Guard published a Temporary Interim Rule (TIR) temporarily modifying the drawbridge operation regulation for the Florida East Coast (FEC) Railroad Bridge, across the Okeechobee Waterway (OWW), mile 7.41, at Stuart, FL (89 FR 64367). This action was necessary to allow for continuity of drawbridge operations while the Coast Guard evaluates documentation received for a request to permanently change the drawbridge operation regulation. Allowing the drawbridge to return to its regular operating schedule would not meet the reasonable needs of navigation given the increase in railway traffic.

The Coast Guard originally published a temporary rule to be effective through December 31, 2024. We are now reinstating it to May 31, 2025, to provide more time to properly evaluate documentation associated with a permanent drawbridge operation regulation change request while maintaining continuity in drawbridge operations.

The Seventh Coast Guard District Commander has determined the extension of the temporary modified operating regulation is warranted as the temporary drawbridge operation regulation has provided predictable and reliable drawbridge openings.

The Coast Guard is extending this temporary interim rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. The Coast Guard did not receive the marine traffic study in sufficient time to properly evaluate the data, make a reasonable decision and continue with federal rulemaking prior to the expiration of the TIR. Allowing the drawbridge to return to its regular operating schedule would not meet the reasonable needs of navigation given the increase in railway traffic. The regular operating schedule does not provide predictable and reliable drawbridge openings.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making it effective in less than 30 days after publication in the **Federal Register**. The last temporary interim rule for the modified drawbridge operation regulation ended December 31, 2024, but the evaluation of a permanent drawbridge operation regulation will be ongoing after that date. Delaying the effective date of this temporary interim rule would be impracticable and contrary to the public interest due to the fact that the bridge's regular operating schedule does not meet the reasonable needs of navigation and does not provide predictable and reliable drawbridge openings.

We are soliciting comments on this rulemaking. If the Coast Guard determines that changes to the temporary interim rule are necessary, we will publish a temporary final rule or other appropriate document.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 499. The FEC Railroad Bridge across the OWW, mile 7.41, at Stuart, FL, is a single-leaf bascule bridge with a six-foot vertical clearance at mean high water in the closed position. The normal operating schedule for the bridge is found in 33 CFR 117.317(c).

The regular drawbridge regulation, 33 CFR 117.317(c), states that the draw is normally in the fully open position . . . when a train approaches the bridge . . . the draw lowers and locks . . . and remains down for a period of eight minutes or while the approach track circuit is occupied. The Coast Guard has determined that allowing the drawbridge to return to its regular operating schedule would not meet the reasonable needs of navigation given the increase in railway traffic. The regular operating schedule does not provide predictable and reliable drawbridge openings. The Coast Guard needs sufficient time to review the marine traffic study and other documentation, while providing continuity in the operation of the drawbridge.

IV. Discussion of Comments, Changes, and the Rule

This rule reinstates the temporary deviation to the drawbridge operation regulation for the FEC Railroad Bridge described in the temporary interim rule at 89 FR 64367 (September 23, 2024) for an additional five months until May 31, 2025. This temporary rule allows continuity in drawbridge operations providing predictable and reliable drawbridge openings. We list the

temporary drawbridge schedule at the end of this rule in the regulatory text.

If a Final Rule is published before May 31, 2025, the TIR will be cancelled.

V. Regulatory Analyses

We developed this temporary interim rule after considering numerous statutes and Executive Orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive Orders.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a "significant regulatory action," under Executive Order 12866, as amended by Executive Order 14094 (Modernizing Regulatory Review). Accordingly, it has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the fact that little, or no commercial or recreational vessel traffic will be impacted by this rule. Furthermore, the drawbridge, as of date of the publication of this rule, cannot resume its regular operating schedule as it does not meet the reasonable needs of navigation given the increase in railway traffic. The regular operating schedule does not provide predictable and reliable drawbridge openings.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the bridge may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental

jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Government

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have Tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or Tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure,

we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning Policy COMDTINST 5090.1 (series) which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f). The Coast Guard has determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule promulgates the operating regulations or procedures for drawbridges and is categorically excluded from further review, under paragraph L49, of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1.

Neither a Record of Environmental Consideration nor a Memorandum for the Record are required for this rule.

VI. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal Decision-Making Portal at <https://www.regulations.gov>. List of Subjects in 33 CFR Part 117

Bridges.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

■ 1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; 33 CFR 1.05–1; Department of Homeland Security Delegation No. 00170.1. Revision No. 01.3

■ 2. Section 117.317 is amended by staying paragraph (c) and adding paragraph (k).

The addition reads as follows:

§ 117.317 Okeechobee Waterway.

* * * * *

(k) *Florida East Coast Railroad (FEC) Bridge, mile 7.41, at Stuart.* The draw shall operate as follows:

(1) The drawbridge will be maintained in the fully open-to-navigation position, except during periods when it is closed for the passage of train traffic, to conduct inspections, and to perform maintenance and repairs authorized by the Coast Guard.

(2) The drawbridge will not be closed for more than 50 consecutive minutes in any given hour during daytime

operations (6 a.m. to 8 p.m.) and for more than 7 total hours during daytime operations (6 a.m. to 8 p.m.).

(3) Notwithstanding paragraph (k)(1), the drawbridge will open and remain open to navigation for a fixed 10-minute period at the top of each hour from 6 a.m. to 8 p.m.

(4) From 8:01 p.m. until 5:59 a.m. daily, the drawbridge will remain in the fully open-to-navigation position, except during periods when it is closed for the passage of train traffic, to conduct inspections, and to perform maintenance and repairs authorized by the Coast Guard. The drawbridge will not be closed more than 60 consecutive minutes.

(5) If a train is in the track circuit at the start of a fixed opening period, the opening may be delayed up to, but not more than, five minutes. Once the train has cleared the circuit, the bridge must open immediately for navigation to begin the fixed opening period.

(6) The drawbridge will be tended from 6 a.m. to 8 p.m., daily. The bridge tender will monitor VHF–FM channels 9 and 16 and will provide estimated times of drawbridge openings and closures, or any operational information requested. Operational information will be provided 24 hours a day by telephone at (772) 403–1005.

(7) The drawbridge owner will maintain a mobile application. The drawbridge owner will publish drawbridge opening times, and the drawbridge owner will provide timely updates to schedules, including but not limited to, impacts due to emergency circumstances, inspections, maintenance, and repairs authorized by the Coast Guard.

(8) Signs will be posted and visible to marine traffic, displaying VHF radio contact information, application information, and the telephone number for the bridge tender.

(9) A copy of the drawbridge logbook for the previous week will be provided to the Seventh Coast Guard District Bridge Manager by 4 p.m. each Monday.

Dated: January 29, 2025.

Douglas M. Schofield,
*Rear Admiral, U.S. Coast Guard, Commander,
Coast Guard Seventh District.*

Proposed Rules

Federal Register

Vol. 90, No. 25

Friday, February 7, 2025

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA-2025-0022; Project Identifier MCAI-2023-00910-T]

RIN 2120-AA64

Airworthiness Directives; Embraer S.A. (Type Certificate Previously Held by Yaborã Indústria Aeronáutica S.A.; Embraer S.A.) Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: The FAA proposes to supersede Airworthiness Directive (AD) 2020-12-12, which applies to all Embraer S.A. Model ERJ 170 airplanes and Model ERJ 190-100 STD, -100 LR, -100 ECJ, -100 IGW, -200 STD, -200 LR, and -200 IGW airplanes. AD 2020-12-12 requires repetitive detailed inspections for cracking of the engine inboard and outboard engine pylon lower link lugs, and repair if necessary. Since the FAA issued AD 2020-12-12, it was determined that certain compliance times must be reduced. This proposed AD would continue to require the actions in AD 2020-12-12, with revised compliance times, as specified in an Agência Nacional de Aviação Civil (ANAC) AD, which is proposed for incorporation by reference (IBR). The FAA is proposing this AD to address the unsafe condition on these products.

DATES: The FAA must receive comments on this proposed AD by March 24, 2025.

ADDRESSES: You may send comments, using the procedures found in 14 CFR 11.43 and 11.45, by any of the following methods:

- *Federal eRulemaking Portal:* Go to [regulations.gov](https://www.regulations.gov). Follow the instructions for submitting comments.

- *Fax:* 202-493-2251.

- *Mail:* U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room

W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590.

- *Hand Delivery:* Deliver to Mail address above between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

AD Docket: You may examine the AD docket at [regulations.gov](https://www.regulations.gov) under Docket No. FAA-2025-0022; or in person at Docket Operations between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this NPRM, the mandatory continuing airworthiness information (MCAI), any comments received, and other information. The street address for Docket Operations is listed above.

SUPPLEMENTARY INFORMATION:

Comments Invited

The FAA invites you to send any written relevant data, views, or arguments about this proposal. Send your comments to an address listed under **ADDRESSES**. Include “Docket No. FAA-2025-0022; Project Identifier MCAI-2023-00910-T” at the beginning of your comments. The most helpful comments reference a specific portion of the proposal, explain the reason for any recommended change, and include supporting data. The FAA will consider all comments received by the closing

date and may amend this proposal because of those comments.

Except for Confidential Business Information (CBI) as described in the following paragraph, and other information as described in 14 CFR 11.35, the FAA will post all comments received, without change, to [regulations.gov](https://www.regulations.gov), including any personal information you provide. The agency will also post a report summarizing each substantive verbal contact received about this NPRM.

Confidential Business Information

CBI is commercial or financial information that is both customarily and actually treated as private by its owner. Under the Freedom of Information Act (FOIA) (5 U.S.C. 552), CBI is exempt from public disclosure. If your comments responsive to this NPRM contain commercial or financial information that is customarily treated as private, that you actually treat as private, and that is relevant or responsive to this NPRM, it is important that you clearly designate the submitted comments as CBI. Please mark each page of your submission containing CBI as “PROPIN.” The FAA will treat such marked submissions as confidential under the FOIA, and they will not be placed in the public docket of this NPRM. Submissions containing CBI should be sent to Krista Greer, Aviation Safety Engineer, FAA, 2200 South 216th Street, Des Moines, WA 98198; phone: 206-231-3221; email: krista.greer@faa.gov. Any commentary that the FAA receives which is not specifically designated as CBI will be placed in the public docket for this rulemaking.

Background

The FAA issued AD 2020-12-12, Amendment 39-19921 (85 FR 41175, July 9, 2020) (AD 2020-12-12), for all Embraer S.A. Model ERJ 170-100 LR, -100 STD, -100 SE, and -100 SU airplanes; Model ERJ 170-200 LR, -200 SU, -200 STD, and -200 LL airplanes; and Model ERJ 190-100 STD, -100 LR, -100 ECJ, -100 IGW, -200 STD, -200 LR, and -200 IGW airplanes. AD 2020-12-12 was prompted by an MCAI originated by ANAC, which is the aviation authority for Brazil. ANAC issued AD 2020-01-02, effective January 28, 2020, to correct an unsafe condition.

AD 2020-12-12 requires repetitive detailed inspections for cracking of the

engine inboard and outboard engine pylon lower link lugs, and repair if necessary. The FAA issued AD 2020-12-12 to address cracking of the engine pylon lower link lugs, which could cause the loss of engine pylon integrity, and could result in engine separation from the wing, loss of airplane controllability, and possible injury to persons on the ground.

Actions Since AD 2020-01-02 Was Issued

Since the FAA issued AD 2020-12-12, ANAC superseded AD 2020-01-02, effective January 28, 2020, and issued ANAC AD 2020-01-02R3, effective October 17, 2024; corrected October 15, 2024 (AD 2020-01-02R3) (also referred to as the MCAI), to correct an unsafe condition for certain Embraer S.A. Model ERJ 170-100 LR, -100 SE, -100 STD, and -100 SU airplanes; and Model ERJ 170-200 LL, -200 LR, -200 STD, and -200 SU airplanes; and Model ERJ 190-100 STD, -100 LR, -100 ECJ, -100 IGW, -190 SR, -200 STD, -200 LR, and -200 IGW airplanes. Model ERJ 190-100 SR airplanes are not certified by the FAA and are not included on the U.S. type certificate data sheet; therefore, this proposed AD does not include those airplanes in the applicability.

The MCAI states that optional terminating actions to the repetitive inspections have been included. ANAC AD 2020-01-02R2, effective July 26, 2023, stated the compliance intervals were reduced.

The FAA is proposing this AD to address cracks on the left-hand (LH) and right-hand (RH) sides of engine pylon inboard lower link lugs, which could cause the loss of engine pylon integrity. The loss of integrity of the engine pylon could result in engine separation from the wing affecting the airplane controllability, causing injury to persons on ground. You may examine the MCAI in the AD docket at *regulations.gov* under Docket No. FAA-2025-0022.

Explanation of Retained Requirements

Although this proposed AD does not explicitly restate the requirements of AD 2020-12-12, this proposed AD would retain all of the requirements of AD

2020-12-12, at revised compliance times. Those requirements are referenced in ANAC AD 2020-01-02R3, which, in turn, is referenced in paragraph (g) of this proposed AD.

Material Incorporated by Reference Under 1 CFR Part 51

ANAC AD 2020-01-02R3 specifies procedures for repetitive detailed inspections, special detailed inspections, and repair, as applicable, of the LH and RH engine inboard and outboard pylon lower link lugs. ANAC AD 2020-01-02R3 also includes an optional terminating action for the repetitive inspections, which consists of revising the maintenance or inspection program, as applicable, to incorporate airworthiness limitations for pylon lower link fittings. This material is reasonably available because the interested parties have access to it through their normal course of business or by the means identified in the ADDRESSES section.

FAA's Determination

This product has been approved by the aviation authority of another country and is approved for operation in the United States. Pursuant to the FAA's bilateral agreement with this State of Design Authority, it has notified the FAA of the unsafe condition described in the MCAI referenced above. The FAA is issuing this NPRM after determining that the unsafe condition described previously is likely to exist or develop in other products of the same type design.

Proposed AD Requirements in This NPRM

This proposed AD would retain all requirements of AD 2020-12-12, at revised compliance times. This proposed AD would require accomplishing the actions specified in ANAC AD 2020-01-02R3 described previously.

This proposed AD would allow optional terminating action to revise certain operator maintenance documents to include new actions (e.g., inspections) and Critical Design Configuration Control Limitations

(CDCCLs). Compliance with these actions and CDCCLs is required by 14 CFR 91.403(c). For airplanes that have been previously modified, altered, or repaired in the areas addressed by this proposed AD, the operator may not be able to accomplish the actions described in the revisions. In this situation, to comply with 14 CFR 91.403(c), the operator must request approval for an alternative method of compliance (AMOC) according to paragraph (k)(1) of this proposed AD.

Explanation of Change to Manufacturer's Name Specified in This NPRM

The FAA has revised references to the manufacturer's name specified throughout this NPRM to identify the manufacturer name as published in the most recent type certificate data sheet for the affected models.

Explanation of Required Compliance Information

In the FAA's ongoing efforts to improve the efficiency of the AD process, the FAA developed a process to use some civil aviation authority (CAA) ADs as the primary source of information for compliance with requirements for corresponding FAA ADs. The FAA has been coordinating this process with manufacturers and CAAs. As a result, the FAA proposes to incorporate ANAC AD 2020-01-02R3 by reference in the FAA final rule. This proposed AD would, therefore, require compliance with ANAC AD 2020-01-02R3 in its entirety through that incorporation, except for any differences identified as exceptions in the regulatory text of this proposed AD. Service information required by ANAC AD 2020-01-02R3 for compliance will be available at *regulations.gov* under Docket No. FAA-2025-0022 after the FAA final rule is published.

Costs of Compliance

The FAA estimates that this AD, if adopted as proposed, would affect 659 airplanes of U.S. registry. The FAA estimates the following costs to comply with this proposed AD:

ESTIMATED COSTS FOR REQUIRED ACTIONS

	Labor cost	Parts cost	Cost per product	Cost on U.S. operators
Inspections	3 work-hour × \$85 per hour = \$255	\$0	\$255	\$168,045

The FAA has received no definitive data that would enable the agency to provide cost estimates for the on-

condition repair specified in this proposed AD.

For the optional terminating action, the FAA has determined that revising the existing maintenance or inspection

program takes an average of 90 work-hours per operator, although the agency recognizes that this number may vary from operator to operator. Since operators incorporate maintenance or inspection program changes for their affected fleet(s), the FAA has determined that a per-operator estimate is more accurate than a per-airplane estimate. Therefore, if the optional terminating action is done, the agency estimates the average total cost per operator would be \$7,650 (90 work-hours × \$85 per work-hour).

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA's authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. Subtitle VII: Aviation Programs, describes in more detail the scope of the Agency's authority.

The FAA is issuing this rulemaking under the authority described in Subtitle VII, Part A, Subpart III, Section 44701: General requirements. Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

Regulatory Findings

The FAA determined that this proposed AD would not have federalism implications under Executive Order 13132. This proposed AD would not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify this proposed regulation:

- (1) Is not a "significant regulatory action" under Executive Order 12866,
- (2) Would not affect intrastate aviation in Alaska, and
- (3) Would not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

The Proposed Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA proposes to amend 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

- 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

- 2. The FAA amends § 39.13 by:
 - a. Removing Airworthiness Directive (AD) 2020–12–12, Amendment 39–19921 (85 FR 41175, July 9, 2020); and
 - b. Adding the following new AD:

Embraer S.A. (Type Certificate Previously Held by Yaborã Indústria Aeronáutica S.A.; Embraer S.A.): Docket No. FAA–2025–0022; Project Identifier MCAI–2023–00910–T.

(a) Comments Due Date

The FAA must receive comments on this airworthiness directive (AD) by March 24, 2025.

(b) Affected ADs

This AD replaces AD 2020–12–12, Amendment 39–19921 (85 FR 41175, July 9, 2020).

(c) Applicability

This AD applies to Embraer S.A. (Type Certificate Previously Held by Yaborã Indústria Aeronáutica S.A.; Embraer S.A.) airplanes, certificated in any category, identified in paragraphs (c)(1) and (2) of this AD, as identified in Agência Nacional de Aviação Civil (ANAC) AD 2020–01–02R3, effective October 17, 2024; corrected October 15, 2024 (ANAC AD 2020–01–02R3).

(1) Model ERJ 170–100 LR, –100 STD, –100 SE, –100 SU, –200 LR, –200 SU, –200 STD, and –200 LL airplanes.

(2) Model ERJ 190–100 STD, –100 LR, –100 ECJ, –100 IGW, –200 STD, –200 LR, and –200 IGW airplanes.

(d) Subject

Air Transport Association (ATA) of America Code 54, Nacelles/Pylons.

(e) Unsafe Condition

This AD was prompted by reports of cracking on the left-hand (LH) and right-hand (RH) sides of engine pylon inboard lower link lugs, and by the determination that certain compliance times in AD 2020–12–12 must be reduced and the inboard lower link lugs must be replaced with new titanium lugs on certain airplanes. The FAA is issuing this AD to address cracks on the LH and RH sides of engine pylon inboard lower link lugs. The unsafe condition, if not addressed, could cause the loss of engine pylon integrity, which could result in engine separation from the wing, loss of airplane controllability, and possible injury to persons on ground.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Requirements

Except as specified in paragraphs (h) and (i) of this AD: Comply with all required actions and compliance times specified in, and in accordance with, ANAC AD 2020–01–02R3.

(h) Exceptions to ANAC AD 2020–01–02R3

(1) Where ANAC AD 2020–01–02R3 refers to "28 January 2020, the effective date of original revision of this AD," this AD requires using August 13, 2020 (the effective date of AD 2020–12–12).

(2) Where ANAC AD 2020–01–02R3 refers to "the effective date of the revision 1 of this AD," this AD requires using the effective date of this AD.

(3) Where ANAC AD 2020–01–02R3 refers to its effective date, this AD requires using the effective date of this AD.

(4) Where the "Threshold" column of the tables in ANAC AD 2020–01–02R3 refer to "FC" and "FH," for this AD, those flight cycles and flight hours are since the date of issuance of the original airworthiness certificate or the original export certificate of airworthiness, except for the compliance times that correspond to flagnote "[5]" of the table following paragraph (b)(1) of ANAC AD 2020–01–02R3 and flagnote "[3]" of the table following paragraph (b)(2) of ANAC AD 2020–01–02R3.

(5) Where the tables in ANAC AD 2020–01–02R3 refer to "ou," this AD requires replacing that text with "or."

(6) Where the last column of the table following paragraph (c)(2) of ANAC AD 2020–01–02R3 refers to "Interval," this AD requires replacing that text with "Interval."

(7) Where ANAC AD 2020–01–02R3 requires contacting "ANAC and Embraer . . . to approve an adequate repair," for this AD, before further flight obtain repair instructions using the procedures specified in paragraph (k)(2) of this AD and do the repair.

(8) This AD does not adopt paragraph (g)(3) of ANAC AD 2020–01–02R3.

(i) No Reporting Requirement

Although ANAC AD 2020–01–02R3 specifies to submit an inspection report after each inspection, this AD does not include that requirement.

(j) Provisions for Alternative Actions, Critical Design Configuration Control Limitations (CDCCLs), and Intervals

After the existing maintenance or inspection program has been revised as specified in paragraph (g) of this AD, no alternative actions (e.g., inspections), CDCCLs, and intervals are allowed unless they are approved as specified in paragraph (d) of ANAC AD 2020–01–02R3.

(k) Additional AD Provisions

The following provisions also apply to this AD:

(1) *Alternative Methods of Compliance (AMOCs):* The Manager, AIR–520, Continued Operational Safety Branch, FAA, has the

authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or responsible Flight Standards Office, as appropriate. If sending information directly to the manager of AIR-520, Continued Operational Safety Branch, mail it to the address identified in paragraph (l) of this AD. Information may be emailed to: AMOC@faa.gov.

(i) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the responsible Flight Standards Office.

(ii) AMOCs approved previously for AD 2020-12-12 are approved as AMOCs for the corresponding provisions of ANAC AD 2020-01-02R3 that are required by paragraph (g) of this AD.

(2) *Contacting the Manufacturer:* For any requirement in this AD to obtain instructions from a manufacturer, the instructions must be accomplished using a method approved by the Manager, AIR-520, Continued Operational Safety Branch, FAA; or ANAC; or ANAC's authorized Designee. If approved

by the ANAC Designee, the approval must include the Designee's authorized signature.

(l) Additional Information

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-4-2025]

Foreign-Trade Zone (FTZ) 18, Notification of Proposed Production Activity; Halo Industries, Inc.; (Semiconductor Wafers); Santa Clara, California

The City of San Jose Office of Economic Development, grantee of FTZ 18, submitted a notification of proposed production activity to the FTZ Board (the Board) on behalf of Halo Industries, Inc. (Halo) for Halo's facility in Santa Clara, California within FTZ 18. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on January 28, 2025.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/ component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz.

The proposed finished products include: fully-finished and production-ready semiconductor wafers (duty-free).

The proposed foreign-status materials/components include: crude silicon carbide ingots and unfinished or partially processed semiconductor wafers (duty-free). The request indicates that certain materials/components are subject to duties under section 301 of the Trade Act of 1974 (section 301), depending on the country of origin. The applicable section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is March 19, 2025.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

Foreign-Trade Zones Board

[B-5-2025]

Foreign-Trade Zone (FTZ) 205, Notification of Proposed Production Activity; Rincon Power, LLC; (Contactors, Relays and Switches); Carpinteria, California

Rincon Power, LLC submitted a notification of proposed production activity to the FTZ Board (the Board) for its facility in Carpinteria, California within FTZ 205. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on January 30, 2025.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/ component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz.

The proposed finished products include: contactors and relays for switching power at voltages exceeding 1,000 volts; contactors and relays for switching power at voltages not exceeding 1,000 volts; battery disconnect rotary isolation switches for power at voltages exceeding 1,000 volts; current sensors with fluxgate; hardware kits including: nuts, washers, lock washers for relays contactors and rotary

isolation switches; wire harnesses for relays, contactors and rotary isolation switches; mounting brackets for relays, contactors and rotary isolation switches; and, custom formed gaskets and grommet seals, for contactors, relays and rotary isolation switches (duty rate ranges from duty-free to 2.7%).

The proposed foreign-status materials/components include: custom formed o-rings, gaskets and grommet seals (made of synthetic rubber, silicone rubber, or silicone foam rubber); gasket seals (made of polyimide with acrylic adhesive); gasket seals, cut or formed from polyimide or polytetrafluoroethylene sheets; custom formed ceramic magnets, Neodymium magnets, electromagnetic components including, coils, bobbins, flux tubes, plungers, top cores, bottom cores, outer cores or cans, magnet bridges or holders, and shafts; switch sub-assemblies, for voltages not exceeding 1,000 volts; switch sub-assemblies, for voltages exceeding 1,000 volts; micro switches for auxiliary power; custom formed copper busbars; custom printed circuit board assemblies for use in contactors, relays, or rotary isolation switches; custom plastic molded components in the form of housings including tops, bottoms, bases, caps and covers; custom plastic or ceramic molded components in the form of arc chambers including envelope tops and bottoms, shaft guides or bushings; custom plastic molded components for incorporating auxiliary micro switches including brackets and carriers; custom plastic molded components in the form of connector housings including shells and plugs; custom plastic molded components in the form of handles including bezels, shrouds, caps, covers, and levers; custom formed moveable contact bars of copper, silver tin oxide, tungsten, tellurium, glidcop, or molybdenum; headers, custom formed and brazed isolator subassemblies with ceramic and metal alloy components including glidcop, copper, tellurium, tungsten, silver tin oxide, steel, or kovar; custom formed actuator components in the form of springs, bellows, shafts, slide bearings, auxiliary arms, plunger rods, and spacers; and, custom machined arc chamber isolators of ceramic (duty rate ranges from duty-free to 5.8%). The request indicates that certain materials/components are subject to duties under section 301 of the Trade Act of 1974

(section 301), depending on the country of origin. The applicable section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is March 19, 2025.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

Low Melt Polyester Staple Fiber From the Republic of Korea: Final Results of Antidumping Duty Administrative Review; 2022-2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Toray Advanced Materials Korea, Inc. (TAK), the sole producer and exporter subject to this administrative review, made sales of low melt polyester staple fiber (low melt PSF) from the Republic of Korea (Korea) in the United States at less than normal value (NV) during the period of review (POR), August 1, 2022, through July 31, 2023.

DATES: Applicable February 7, 2025.

FOR FURTHER INFORMATION CONTACT: Andrew Hart, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1058.

SUPPLEMENTARY INFORMATION:

Background

On October 1, 2024, Commerce published in the **Federal Register** the *Preliminary Results of 2022-2023* administrative review of the antidumping duty order¹ on low melt

¹ See *Low Melt Polyester Staple Fiber from the Republic of Korea and Taiwan: Antidumping Duty Orders*, 83 FR 40752 (August 16, 2018) (*Order*).

PSF from Korea and invited interested parties to comment.² On December 9, 2024, Commerce tolled the deadline to issue the final results in this administrative review by 90 days.³ Accordingly, the deadline for these final results is now April 29, 2025. For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁴ Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise subject to this *Order* is synthetic staple fibers, not carded or combed, specifically bi-component polyester fibers having a polyester fiber component that melts at a lower temperature than the other polyester fiber component (low melt PSF). For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs submitted by parties in this administrative review are addressed in the Issues and Decision Memorandum and are listed in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding the *Preliminary Results*, and for the reasons explained in the Issues and Decision Memorandum, Commerce made certain changes to the weighted-average dumping margin

² See *Low Melt Polyester Staple Fiber from the Republic of Korea: Preliminary Results of Antidumping Duty Administrative Review; 2022-2023*, 89 FR 79897 (October 1, 2024) (*Preliminary Results*).

calculations for TAK for the final results or review.⁵

Final Results of the Administrative Review

As a result of this review, we determine that the following estimated weighted-average dumping margin exists for the period August 1, 2022, through July 31, 2023.

Producer/exporter	Weighted-average dumping margin (percent)
Toray Advanced Materials Korea, Inc	3.14

Disclosure

Commerce intends to disclose the calculations performed in connection with these final results of review to interested parties within five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Pursuant to 19 CFR 351.212(b)(1), we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of those sales. Where either the respondent's weighted-average dumping margin is zero or *de minimis*, within the meaning of 19 CFR 351.106(c)(1), or an importer-specific rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For entries of subject merchandise during the POR produced by TAK for which it did not know that the merchandise it sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate established in the less-than-fair-value (LTFV) investigation of 16.27 percent *ad valorem*,⁶ if there is no rate for the

⁵ See Issues and Decision Memorandum.

⁶ See *Order*.

intermediate company(ies) involved in the transaction.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

Upon publication of this notice in the **Federal Register**, the following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the company subject to this review will be equal to the weighted-average dumping margin established in the final results of the review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 16.27 percent, the all-others rate established in the LTFV investigation for this proceeding.⁷ These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: January 30, 2025.

Abdelali Elouaradia,

Acting Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

Deletions

On 12/27/2024 (89 FR 106446), the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed deletions from the Procurement List. This notice is published pursuant to 41 U.S.C. 8503(a)(2) and 41 CFR 51-2.3.

After consideration of the relevant matter presented, the Committee has determined that the product(s) listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 8501-8506 and 41 CFR 51-2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in additional reporting, recordkeeping or other compliance requirements for small entities.
2. The action may result in authorizing small entities to furnish the product(s) to the Government.
3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501-8506) in connection with the product(s) deleted from the Procurement List.

End of Certification

Accordingly, the following product(s) are deleted from the Procurement List:

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RM01-5-000]

Notice of Changes To Enable Filers Making eTariff Filings To Designate Applicants and To Add Service List Entries; Electronic Tariff Filings

Take notice that on February 3, 2025,
 changes to the Commission's systems
 have been implemented to enable filers
 making eTariff filings to designate the
 lead and additional or co-applicants on
 a filing and to include additional names
 in the service list through FERC Online.

I. Filings in Which the Lead Applicant and Company IDs Are the Same

For most filings in which the lead
 applicant_id and the company_id are
 the same, the only applicant will be the
 company name associated with the
 Company Registration ID used for both
 the lead_applicant_id and the company_id.
 All registered email addresses added
 in FERC Online will be added to the
 service list. The last active account
 manager email address in company
 registration also will be added to the
 service list.

II. Filings in Which the Lead Applicant ID Differs From Company ID

When the filing company (company_id)
 is filing on behalf of another entity
 as lead applicant, the filing company
 can choose whether it wants to be
 considered an Additional or Co-
 Applicant. Section A describes the
 process to be used in FERC Online by
 which the filing company *will not be*
 considered an Applicant or Co-
 Applicant and *will not be* added to the
 service list. Section B describes the
 process to be used in FERC Online by
 which the filing company *will be*
 considered an Applicant or Co-
 Applicant and *will be* added to the
 service list.

A. Filing Company Does Not Want To Be Considered an Additional Applicant

1. Filers that do not want the filing
 company (company_id) to be considered

an applicant will still be required to
 include *the one registered email address*
required by FERC Online as the
 "Signer" associated with the company_id.
 But they *should not add* any
 additional email address for the filing
 company. If filed in this manner, the
 filing company will not be considered
 an Additional or Co-Applicant and the
 single (signer) email address will not be
 added to the service list.

2. The last active account manager
 email address in company registration
 associated with the lead_applicant_id
 will be added to the service list
 automatically.

3. To add additional registered email
 addresses for the lead applicant, the
 filer can select the lead applicant as an
 "Additional Applicant" in FERC Online
 and add the desired email addresses for
 that entity.

B. Filing Company Wants To Be Considered an Additional Applicant

1. Filers that want the filing company
 associated with the company_id to be an
 Additional or Co-Applicant on the filing
 must include more than one registered
 email address (in addition to the
 "Signer" in FERC Online).¹ If more than
 one email address is added, the filing
 company will be treated as an
 Additional Applicant or Co-Applicant
 and all email addresses for the filing
 company will be added to the service
 list.

2. The last active account manager
 email address in company registration
 associated with the lead_applicant_id
 will be added to the service list
 automatically.

3. To add additional registered email
 addresses for the lead applicant, the
 filer can select the lead applicant as an
 "Additional Applicant" in FERC Online
 and add the desired email addresses for
 that entity.

As the Commission systems are
 upgraded, the goal is to make this
 process more straightforward in the
 future. But, given our current systems,
 this approach will enable filers to
 correctly identify the applicants on a
 filing and include additional registered
 email addresses to the service list as
 part of the filing.

Questions on these changes should be
 directed to: Michael Goldenberg at
Michael.Goldenberg@ferc.gov, James
 Sarikas at James.Sarikas@ferc.gov, and
etariffresponse@ferc.gov.

¹ Filing companies (company-id) that want to be
 considered an Additional or Co-Applicant and only
 want a single contact for the service list can enter
 the same email address as both the signer and other
 contact.

Dated: February 3, 2025.

Debbie-Anne A. Reese,
Secretary.

[Project No. 7987-016]

UP Property 2, LLC; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC) regulations, 18 CFR part 380, Commission staff reviewed UP Property 2, LLC's application to surrender the exemption of the High Falls Project No. 7987 and have prepared an Environmental Assessment (EA) for the proposed surrender. The exemptee proposes to surrender the exemption by removing the dam down to the riverbed. The project is located on the Deep River in Moore County, North Carolina.

The EA contains Commission staff's analysis of the potential environmental effects of the proposed surrender of the exemption, and concludes that the proposed surrender, would not constitute a major federal action that would significantly affect the quality of the human environment.

The final EA may be viewed on the Commission's website at <https://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P-7987-016) in the docket number field to access the document. Any person desiring to intervene, to protest, or to answer a complaint in any of the above proceedings must file in accordance with Rules 211, 214, or 206 of the Commission's Regulations (18 CFR 385.211, 385.214, or 385.206) on or before 5:00 p.m. Eastern time on the specified comment date. Protests may be considered, but intervention is necessary to become a party to the proceeding.

The filings are accessible in the Commission's eLibrary system (<https://elibrary.ferc.gov/idmws/search/fercgensearch.asp>) by querying the docket number.

eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, service, and qualifying facilities filings

can be found at: <http://www.ferc.gov/docs-filing/efiling/filing-req.pdf>. For other information, call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, local communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502–6595 or OPP@ferc.gov.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP24–468–000]

Texas Gas Transmission, LLC; Gulf South Pipeline Company, LLC; Notice of Availability of the Environmental Assessment for the Proposed Eunice Reliability and Lake Charles Supply Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Eunice Reliability and Lake Charles Supply Project (Project), proposed by Texas Gas Transmission, LLC (Texas Gas) and Gulf South Pipeline Company, LLC (Gulf South), in the above-referenced docket.¹ On May 8, 2024, Texas Gas and Gulf South filed an application in Docket No. CP24–468–000 requesting authorization to construct, operate and abandon certain natural gas pipeline facilities. The Project consists of the replacement and expansion of compression facilities at Texas Gas' existing Eunice Compressor Station in Acadia Parish, Louisiana and the installation of overpressure protection at Texas Gas' existing Woodlawn Valve Station in Jefferson Davis Parish, Louisiana. The Project would create 120,000 dekatherms per day (Dth/d) of new transportation

service on Texas Gas' system that would be leased to Gulf South to meet its customers' needs in the Lake Charles area, including an electric utility and two natural gas marketers.

The EA assesses the potential environmental effects of the construction and operation of the Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed project would not constitute a major federal action significantly affecting the quality of the human environment.

The Project would consist of the following facilities:

- abandon in place four 1,100 horsepower (hp) and one 2,250 hp reciprocating compressor units and install one 8,968 HP Solar T–70 gas-fired, turbine-driven compressor unit and one 6,391 hp Solar T60 gas-fired, turbine-driven compressor unit, and appurtenances at the Eunice Compressor Station in Acadia Parish, Louisiana;
- install associated suction/discharge lines interconnecting the proposed Eunice Compressor Station facilities and the proposed tie-in facility to be installed at an existing trap site (collectively referred to as the Eunice Compressor Station and Trap Site); and
- install overpressure protection at the existing Woodlawn Junction in Jefferson Davis Parish, Louisiana.

The Commission mailed a copy of the *Notice of Availability* of the EA to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; and newspapers and libraries in the project area. The EA is only available in electronic format. It may be viewed and downloaded from the FERC's website (www.ferc.gov), on the natural gas environmental documents page (<https://www.ferc.gov/industries-data/natural-gas/environment/environmental-documents>). In addition, the EA may be accessed by using the eLibrary link on the FERC's website. Click on the eLibrary link (<https://elibrary.ferc.gov/eLibrary/search>), select "General Search" and enter the docket number in the "Docket Number" field, excluding the last three digits (*i.e.* CP24–468). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208–3676, or for TTY, contact (202) 502–8659.

¹ For tracking purposes under the Council on Environmental Quality, the unique identification number for documents relating to this environmental review is EAXX–019–20–000–1725459309. 40 CFR 1501.5(c)(4) (2024).

The EA is not a decision document. It presents Commission staff's independent analysis of the environmental issues for the Commission to consider when addressing the merits of all issues in this proceeding. Any person wishing to comment on the EA may do so. Your comments should focus on the EA's disclosure and discussion of potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that the Commission has the opportunity to consider your comments prior to making its decision on this project, it is important that we receive your comments in Washington, DC on or before 5:00 p.m. Eastern Time on March 3, 2025.

For your convenience, there are three methods you can use to file your comments to the Commission. The Commission encourages electronic filing of comments and has staff available to assist you at (866) 208-3676 or FercOnlineSupport@ferc.gov. Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the eComment feature on the Commission's website (www.ferc.gov) under the link to FERC Online. This is an easy method for submitting brief, text-only comments on a project;

(2) You can also file your comments electronically using the eFiling feature on the Commission's website (www.ferc.gov) under the link to FERC Online. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the Commission. Be sure to reference the project docket number (CP24-468-000) on your letter. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Filing environmental comments will not give you intervenor status, but you

do not need intervenor status to have your comments considered. Only intervenors have the right to seek rehearing or judicial review of the Commission's decision. At this point in this proceeding, the timeframe for filing timely intervention requests has expired. Any person seeking to become a party to the proceeding must file a motion to intervene out-of-time pursuant to Rule 214(b)(3) and (d) of the Commission's Rules of Practice and Procedures (18 CFR 385.214(b)(3) and (d)) and show good cause why the time limitation should be waived. Motions to intervene are more fully described at <https://www.ferc.gov/how-intervene>.

Additional information about the project is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website (www.ferc.gov) using the eLibrary link. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

Federal Energy Regulatory Commission

[Docket No. CP24-93-000]

Venice Gathering System, L.L.C.; Notice of Availability of the Environmental Assessment for the Proposed Venice Gathering System Abandonment Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Venice Gathering System Abandonment Project (Project), mostly in the Gulf of America (Gulf) offshore of Louisiana.¹ Venice Gathering System, L.L.C. (Venice) proposes to abandon in-place about 124.4 miles of 8-inch to 26-inch-diameter pipeline from offshore South Timbalier Block 151 and West Delta Blocks 41 and 72 in the Gulf to an onshore interconnection with Venice Energy Services Company, L.L.C.'s natural gas processing plant, near the town of Venice, in Plaquemines Parish, Louisiana.

The EA assesses the potential environmental effects of the Project in accordance with the requirements of the National Environmental Policy Act. The FERC staff concludes that approval of the Project would not constitute a major federal action significantly affecting the quality of the human environment.

The Commission mailed a copy of the *Notice of Availability* of the EA to federal, state, and local government representatives and agencies; elected officials; non-governmental organizations, environmental and public interest groups; and newspapers and libraries in the project area. The EA is only available in electronic format. It may be viewed and downloaded from the FERC's website (www.ferc.gov), on the natural gas environmental documents page (<https://www.ferc.gov/industries-data/natural-gas/environment/environmental-documents>). In addition, the EA may be accessed by using the eLibrary link on the FERC's website. Click on the eLibrary link (<https://elibrary.ferc.gov/elibrary/search>), select "General Search" and enter the docket number in the "Docket Number" field, (*i.e.* CP24-93). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free

¹ For tracking purposes, the unique identification number for documents relating to this environmental review is EAXX-019-20-000-1730110485.

at (866) 208–3676, or for TTY, contact (202) 502–8659.

The EA is not a decision document. It presents Commission staff's independent analysis of the environmental issues for the Commission to consider when addressing the merits of all issues in this proceeding. Any person wishing to comment on the EA may do so. Your comments should focus on the EA's disclosure and discussion of potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure consideration of your comments on the proposal, it is important that the Commission receive your comments on or before 5:00 p.m. Eastern Time on March 3, 2025.

For your convenience, there are three methods you can use to submit your comments to the Commission. The Commission encourages electronic filing of comments and has staff available to assist you at (866) 208–3676 or FercOnlineSupport@ferc.gov. Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the eComment feature on the Commission's website (www.ferc.gov) under the link to FERC Online. This is an easy method for submitting brief, text-only comments on a project;

(2) You can also file your comments electronically using the eFiling feature on the Commission's website (www.ferc.gov) under the link to FERC Online. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the Commission. Be sure to reference the Project docket number (CP24–93–000) on your letter. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Filing environmental comments will not give you intervenor status, but you do not need intervenor status to have

your comments considered. Only intervenors have the right to seek rehearing or judicial review of the Commission's decision. At this point in this proceeding, the timeframe for filing timely intervention requests has expired. Any person seeking to become a party to the proceeding must file a motion to intervene out-of-time pursuant to Rule 214(b)(3) and (d) of the Commission's Rules of Practice and Procedures (18 CFR 385.214(b)(3) and (d)) and show good cause why the time limitation should be waived. Motions to intervene are more fully described at <https://www.ferc.gov/how-intervene>.

Additional information about the Project is available from the Commission's Office of External Affairs, at (866) 208–FERC, or on the FERC website (www.ferc.gov) using the eLibrary link. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502–6595 or OPP@ferc.gov.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. FOR FURTHER INFORMATION CONTACT:

Kayla Williams may be reached by email at DataClearance@FERC.gov and telephone at (202) 502-8663.

SUPPLEMENTARY INFORMATION:

Type of Request: Three-year extension of the information collection requirements for FERC Form No. 60, FERC-61, and FERC-555A with no changes to the current reporting requirements.

OMB Control Nos. and Titles: 1902-0215 ((FERC Form No. 60 (Annual Report of Centralized Service Companies), FERC-61 (Narrative Description of Service Company Functions), and FERC-555A (Preservation of Records Companies and Service Companies Subject to PUHCA)).

Abstract: In accordance with the Energy Policy Act of 2005 (EPAct 2005), the Commission implemented the repeal of the Public Utility Holding Company Act of 1935 (PUHCA 1935) and implemented the provisions of a newly

enacted Public Utility Holding Company Act 2005 (PUHCA 2005). Pursuant to PUHCA 2005, the Commission requires centralized service companies to file FERC Form No. 60 or FERC-61, and comply with FERC-555A's requirements unless the company is exempted or granted a waiver pursuant to the Commission's regulations. The information collected in FERC Form No. 60 enables better monitoring for cross-subsidization, and aids the Commission in carrying out its statutory responsibilities. In addition, centralized service companies are required to follow the Commission's preservation of records requirements for centralized service companies.

FERC Form No. 60

FERC Form No. 60 is an annual reporting requirement for centralized service companies set forth in 18 CFR 366.23. The report's function is to collect financial information (including balance sheet, assets, liabilities, billing and charges for associated and non-associated companies) from centralized service companies subject to the Commission's jurisdiction. Unless the Commission exempts or grants a waiver pursuant to 18 CFR 366.3 and 366.4 to the holding company system, every centralized service company in a holding company system must prepare and file electronically with the Commission the FERC Form No. 60, pursuant to the General Instructions in the form.

FERC-61

FERC-61 is a filing requirement for service companies in holding company systems (including special purpose companies) that are currently exempt or granted a waiver of FERC's regulations and would not have to file FERC Form No. 60. Instead, those service companies are required to file, on an annual basis, a narrative description of the service company's functions during the prior calendar year (FERC-61). In complying, a holding company may make a single filing on behalf of all of its service company subsidiaries.

FERC-555A

The Commission's regulations prescribe a mandated preservation of records requirement for holding companies and service companies (unless otherwise exempted by FERC). This requires them to maintain and make available to FERC, their books and records. The preservation of records requirement provides for uniform records retention by holding companies and centralized service companies subject to PUHCA 2005.

Data from FERC Form No. 60, FERC-61, and FERC-555A provide a level of transparency that: (1) helps protect ratepayers from pass-through of improper service company costs, (2) enables the Commission to review and determine cost allocations (among holding company members) for certain non-power goods and services, (3) aids the Commission in meeting its oversight and market monitoring obligations, and

(4) benefits the public, both as ratepayers and investors. In addition, the Commission’s audit staff uses these records during compliance audits, reviews and special analyses.

If data from FERC Form No. 60, FERC-61, and FERC-555A were not available, it would be difficult for the Commission to meet its statutory responsibilities under EPAct 1992, EPAct of 2005, and PUHCA 2005, and

the Commission would have fewer of the regulatory mechanisms necessary to ensure transparency and protect ratepayers.

Type of Respondent: Centralized service companies.

*Estimate of Annual Burden:*¹ The Commission estimates the annual public reporting burden and cost (rounded in the tables) for the information collections as:²

FERC-60—ANNUAL BURDEN ESTIMATE

B. Number of respondents	C. Annual number of responses per respondent	D. Total number of responses (column B × column C)	E. Average burden hours & cost per response	F. Total annual burden hours & cost (column D × column E)	G. Cost per respondent (column F ÷ column B)

Total Annual Cost: \$2,468,472.40 [\$288,600 (FERC Form No. 60) + \$700 (FERC-61) + \$2,177,312.40 (FERC-555A)] (Labor Cost) + \$510 (Record Retention storage cost) = \$2,468,472.40.]

A more granular breakdown of the FERC-60/61/555A cost categories follows:

Labor Cost: The total estimated annual cost for labor burden to respondents is \$2,466,612.40 [\$288,600 (FERC Form No. 60) + \$700 (FERC-61) + \$2,177,312.40 (FERC-555A)].

FERC Form No. 60: 37 respondents × \$7,800 per respondent = \$288,600.

FERC-61: 14 respondents × \$50 per respondent = \$700.

FERC-555A: 51 respondents × \$42,692.40 per respondent = \$2,177,312.40.

We expect the labor cost of FERC-555A record keeping to trend downward over time as companies move their

¹ Burden is defined as the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose, or provide information to or for a Federal agency. For further explanation of what is included in the information collection burden, refer to 5 CFR 1320.3. The burden hours and costs are rounded for ease of presentation.

² The cost for the Form 60 and FERC-61 is based on FERC’s 2024 Commission-wide average salary cost (salary plus benefits) of \$100/hour. The Commission staff believes the FERC FTE (full-time

equivalent) average cost for wages plus benefits is representative of the corresponding cost for the industry respondents.

For the FERC-555A, the \$39.53 hourly cost figure comes from the average cost (wages plus benefits) of a file clerk (Occupation Code 43-4071) as posted on the BLS website (https://www.bls.gov/oes/current/naics2_22.htm).

³ Previously, the Commission estimated the number of FERC-61 respondents by including the potential for a holding company to file for a group of companies. In contrast, the current estimate is

updated to instead reflect the actual number of filers filing the FERC-61, as opposed to the potential number of companies represented by the population of filers. The current approach is more precise as it can be confirmed by reviewing the most recent number of FERC-61 filers. It is also consistent with the manner in which the number of respondents is estimated for other Commission collections. The varying corporate sizes and complexities inherent in the filing community is already taken into account via the burden hours estimate that is based on average filer burden.

records almost entirely to electronic record keeping and storage.

*Storage Cost:*⁴ In addition to the FERC-555A labor (burden cost provided above), there are additional costs that represent record retention and storage costs. Previously, the estimate included paper storage costs, but firms no longer rely on paper storage to maintain the majority of their records, therefore the Commission is removing the costs for paper storage. For electronic storage, the Commission estimates \$10.00 per respondent annually. Total annual electronic storage cost to industry (\$10.00 × 51 respondents): \$510. This calculation estimates storage of 1GB per year at \$10.00. We expect that this estimate should continue to trend downward over time as the cost of electronic storage technology, including cloud storage, continues to decrease. For example, external hard drives of approximately 1,000 GB are available for approximately \$75. In addition, cloud storage plans from multiple providers for 1TB of storage (with a reasonable amount of requests and data transfers) are available for less than \$7 per month.

Comments: Comments are invited on: (1) whether the collections of information are necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency's estimates of the burden and cost of the collections of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information collections; and (4) ways to minimize the burden of the collections of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

SUPPLEMENTARY INFORMATION:

Type of Request: Three-year extensions of FERC Form Nos. 1, 1–F, and 3–Q, with no changes to the current reporting requirements.

FERC Form No. 1, Annual Report of Major Electric Utilities, Licensees, and Others

OMB Control Nos. and Titles: 1902–0021 (FERC Form No. 1, Annual Report of Major Electric Utilities, Licensees, and Others).

Abstract: FERC Form No. 1 is a comprehensive financial and operating report submitted annually for electric

rate regulation, market oversight analysis, and financial audits by major electric utilities, licensees, and others. A major electric utility, licensee, or other reporter is defined as having in each of the last three consecutive calendar years, sales or transmission services that exceed one of the following: (1) one million megawatt-hours of total sales; (2) 100 megawatt-hours of sales for resale; (3) 500 megawatt-hours of power exchanges delivered; or (4) 500 megawatt-hours of wheeling for others (deliveries plus losses).¹

FERC Form No. 1 is designed to collect financial and operational information and is made available to the public. FERC Form No. 1 includes a basic set of financial statements:

- Comparative Balance Sheet,
- Statement of Income,
- Statement of Retained Earnings,
- Statement of Cash Flows,
- Statement of Accumulated Comprehensive Income and Hedging Activities, and

- Notes to Financial Statements.

Supporting schedules contain:

- Supplementary information and outlines of corporate structure and governance,
- Information on formula rates, and
- Description of important changes during the year.

Other schedules provide:

- Information on revenues and the related quantities of electric sales and electricity transmitted,
- Account balances for all electric operation and maintenance expenses,
- Selected plant cost data, and
- Other statistical information.

Type of Respondent: Major electric utilities.

*Estimate of Annual Burden:*² The Commission estimates the annual burden and cost³ for FERC Form No. 1 as follows:

¹ As detailed in 18 CFR part 101 (Uniform System of Accounts Prescribed for Public Utilities and Licensees Subject to the Provision of the Federal Power Act, General Instructions) and 18 CFR 141.1.

² Burden is defined as the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose, or provide information to or for a Federal agency. For further explanation of what is included in the information collection burden, refer to 5 CFR 1320.3. The burden hours and costs are rounded for ease of presentation.

³ The cost is based on FERC's 2025 Commission-wide average salary cost (salary plus benefits) of \$103.00/hour. The Commission staff believes the FERC FTE (full-time equivalent) average cost for wages plus benefits is representative of the corresponding cost for the industry respondents.

Requirements	Number of respondents (1)	Average annual number of responses (2)	Total number of responses (1) * (2) = (3)	Average annual burden (hrs.) & cost per response (\$) (4)	Total average annual burden (hrs.) & total annual cost (\$) (3) * (4) = (5)	Cost per respondent (\$) (5) ÷ (1)
Form 1	216	1	216	1,168; \$120,304	252,288; \$25,985,664	\$120,304
Total					252,288; \$25,985,664	120,304

FERC Form No. 1–F, Annual Report for Nonmajor Public Utilities and Licensees

OMB Control Nos. and Titles: 1902–0029 (FERC Form No. 1–F, Annual Report for Nonmajor Public Utilities and Licensees).

Abstract: FERC Form No. 1–F is a financial and operating report submitted annually for electric rate regulation, market oversight analysis, and financial audits by Nonmajor electric utilities and licensees. Nonmajor is defined as utilities and licensees that are not classified as Major, and having total sales in each of the last three

consecutive years of 10,000 megawatt-hours or more.⁴

FERC Form No. 1–F is designed to collect financial and operational information and is made available to the public. FERC Form No. 1–F includes a basic set of financial statements:

- Comparative Balance Sheet,
- Statement of Retained Earnings,
- Statement of Cash Flows,
- Statement of Comprehensive Income and Hedging Activities, and
- Notes to Financial Statements.

Supporting schedules contain:

- Supplementary information and include revenues and the related

quantities of electric sales and electricity transmitted,

- Account balances for all electric operation and maintenance expenses,
- Selected plant cost data, and
- Other statistical information.

Type of Respondent: Nonmajor electric utilities.

Estimate of Annual Burden: The estimated annual burden and cost follow. (The estimated hourly cost used for FERC Form No. 1–F is \$103 (for wages plus benefits) and is described above, under FERC Form No. 1.) The burden hours and costs are rounded for ease of presentation.

Requirements	Number of respondents (1)	Average annual number of responses (2)	Total number of responses (1) * (2) = (3)	Average annual burden (hrs.) & cost per response (\$) (4)	Total average annual burden (hrs.) & total annual cost (\$) (3) * (4) = (5)	Cost per respondent (\$) (5) ÷ (1)
Form 1F	2	1	2	122; \$12,566	244; \$25,132	\$12,566
Total					244; \$25,132	12,566

FERC Form No. 3–Q, Quarterly Financial Report of Electric Utilities, Licensees, and Natural Gas Companies

OMB Control Nos. and Titles: 1902–0205 (FERC Form No. 3–Q, Quarterly Financial Report of Electric Utilities, Licensees, and Natural Gas Companies).

Abstract: FERC Form No. 3–Q is a quarterly financial and operating report for rate regulation, market oversight analysis, and financial audits which supplements (a) FERC Form Nos. 1 and 1–F, for the electric industry, or (b) FERC Form No. 2 (Annual Report for Major Natural Gas Companies; OMB Control No. 1902–0028) and FERC Form No. 2–A (Annual Report for Nonmajor Natural Gas Companies; OMB Control No. 1902–0030), for the natural gas industry. FERC Form No. 3–Q is submitted for all Major and Nonmajor

electric utilities, licensees, and natural gas companies.⁵

FERC Form No. 3–Q includes a basic set of financial statements:

- Comparative Balance Sheet,
- Statement of Income and Statement of Retained Earnings,
- Statement of Cash Flows,
- Statement of Comprehensive Income and Hedging Activities, and
- Supporting schedules containing supplementary information.

Electric respondents report:

• Revenues and the related quantities of electric sales and electricity transmitted,

- Account balances for all electric operation and maintenance expenses,
- Selected plant cost data, and
- Other statistical information.

Natural gas respondents report:

- Monthly and quarterly quantities of gas transported and associated revenues,
- Storage, terminalling, and processing services,
- Natural gas customer accounts and details of service, and
- Operational expenses, depreciation, depletion, and amortization of gas plant.

Type of Respondent: Major and nonmajor electric utilities, licensees, and natural gas companies.

Estimate of Annual Burden: The estimated annual burden and cost (as rounded) follow. (The estimated hourly cost used for FERC Form No. 3–Q is \$103 (for wages plus benefits) and is described above, under FERC Form No. 1.) The burden hours and costs are rounded for ease of presentation. The quarterly filings are generally a subset of the annual filings.

⁴ As detailed in 18 CFR part 101 (Uniform System of Accounts Prescribed for Public Utilities and Licensees Subject to the Provision of the Federal Power Act, General Instructions) and 18 CFR 141.2.

⁵ 18 CFR 260.1(b) states that for natural gas companies as defined by the Natural Gas Act, Major pertains to a company whose combined gas transported or stored for a fee exceed 50 million Dth in each of the three previous calendar years. 18 CFR 260.2(b) states that for natural gas companies as

defined by the Natural Gas Act, Non-Major pertains to a company not meeting the filing threshold for FERC Form No. 2, but having total gas sales or volume transactions exceeding 200,000 Dth in each of the three previous calendar years.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP25–37–000]

Transwestern Pipeline Company, LLC; Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed WT–0 Compressor Station Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental document, that will discuss the environmental impacts of the WT–0 Compressor Station involving construction and operation of facilities by Transwestern Pipeline Company, LLC (Transwestern) in Chaves County, New Mexico. The Commission will use this environmental document in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies regarding the project. As part of the National Environmental Policy Act (NEPA) review process, the Commission takes into account concerns the public may have about proposals and the environmental impacts that could result from its action whenever it considers the issuance of a Certificate of Public Convenience and Necessity. This gathering of public input is referred to as “scoping.” The main goal of the scoping process is to focus the analysis in the environmental document on the important environmental issues. Additional information about the Commission’s NEPA process is described below in the *NEPA Process and the Environmental Document* section of this notice.

By this notice, the Commission requests public comments on the scope of issues to address in the environmental document. To ensure that your comments are timely and properly recorded, please submit your comments so that the Commission receives them in Washington, DC, on or before 5:00 p.m. Eastern Time on March 5th, 2025. Comments may be submitted in written form. Further details on how to submit comments are provided in the *Public Participation* section of this notice.

Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. Your input will help the Commission staff determine what issues they need to evaluate in the environmental document. Commission staff will consider all written comments during the preparation of the environmental document.

If you submitted comments on this project to the Commission before the opening of this docket on December 20, 2024, you will need to file those comments in Docket No. CP25–37–000 to ensure they are considered as part of this proceeding.

This notice is being sent to the Commission’s current environmental mailing list for this project. State and local government representatives should notify their constituents of this proposed project and encourage them to comment on their areas of concern.

If you are a landowner receiving this notice, a pipeline company representative may contact you about the acquisition of an easement to construct, operate, and maintain the proposed facilities. The company would seek to negotiate a mutually acceptable easement agreement. You are not required to enter into an agreement. However, if the Commission approves the project, the Natural Gas Act conveys the right of eminent domain to the company. Therefore, if you and the company do not reach an easement agreement, the pipeline company could initiate condemnation proceedings in court. In such instances, compensation would be determined by a judge in accordance with state law. The Commission does not subsequently grant, exercise, or oversee the exercise of that eminent domain authority. The courts have exclusive authority to handle eminent domain cases; the Commission has no jurisdiction over these matters.

Transwestern provided landowners with a fact sheet prepared by the FERC entitled “An Interstate Natural Gas Facility On My Land? What Do I Need To Know?” which addresses typically asked questions, including the use of eminent domain and how to participate in the Commission’s proceedings. This fact sheet along with other landowner topics of interest are available for viewing on the FERC website (www.ferc.gov) under the Natural Gas, Landowner Topics link.

Public Participation

There are three methods you can use to submit your comments to the Commission. Please carefully follow these instructions so that your comments are properly recorded. The Commission encourages electronic filing of comments and has staff available to

assist you at (866) 208–3676 or FercOnlineSupport@ferc.gov.

(1) You can file your comments electronically using the eComment feature, which is located on the Commission's website (www.ferc.gov) under the link to FERC Online. Using eComment is an easy method for submitting brief, text-only comments on a project;

(2) You can file your comments electronically by using the eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to FERC Online. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; a comment on a particular project is considered a "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the Commission. Be sure to reference the project docket number (CP25–37–000) on your letter. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, MD 20852.

Additionally, the Commission offers a free service called eSubscription which makes it easy to stay informed of all issuances and submittals regarding the dockets/projects to which you subscribe. These instant email notifications are the fastest way to receive notification and provide a link to the document files which can reduce the amount of time you spend researching proceedings. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members, and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502–6595 or OPP@ferc.gov.

Summary of the Proposed Project

Transwestern proposes to construct, own, operate, and maintain the proposed WT–0 Compressor Station Project facilities in Chaves County, New Mexico. The WT–0 Compressor Station would provide about 80,000 million British thermal units per day of new firm transportation capacity, including receipts of natural gas in Transwestern's West Texas Lateral Central Zone and deliveries on the Transwestern Panhandle Lateral.

The WT–0 Compressor Station would consist of the following facilities:

- a new compressor station including one new Solar Mars 90 natural gas turbine-driven compressor unit providing 13,220 horsepower; one natural-gas-driven micro turbine for on-site power generation; one backup generator; and associated buildings and appurtenances;
- metering facilities, including an inlet filter separator and fuel gas measurement skid;
- tie-in to Transwestern's existing 24-inch-diameter dual lateral pipeline in its existing corridor; and
- a new, permanent access driveway off Harriet Road and extending into the project site.

The general location of the project facilities is shown in appendix document.¹

Land Requirements for Construction

Construction of the proposed facilities would disturb about 11.8 acres of land for the aboveground facilities and the pipeline. Following construction, Transwestern would maintain 10.1 acres for permanent operation of the project's facilities; the remaining acreage would be restored and revert to former uses. About 16.1 percent of the proposed pipeline route parallels existing pipeline, utility, or road rights-of-way.

NEPA Process and the Environmental Document

Any environmental document issued by the Commission will discuss impacts that could occur as a result of the construction and operation of the proposed project under the relevant general resource areas:

- geology and soils;
- water resources and wetlands;
- vegetation and wildlife;

- threatened and endangered species;
- cultural resources;
- land use;
- socioeconomics;
- air quality and noise; and
- reliability and safety.

Commission staff will also evaluate reasonable alternatives to the proposed project or portions of the project and make recommendations on how to lessen or avoid impacts on the various resource areas. Your comments will help Commission staff identify and focus on the issues that might have an effect on the human environment and potentially eliminate others from further study and discussion in the environmental document.

Following this scoping period, Commission staff will determine whether to prepare an Environmental Assessment (EA) or an Environmental Impact Statement (EIS). The EA or the EIS will present Commission staff's independent analysis of the issues. If Commission staff prepares an EA, a *Notice of Schedule for the Preparation of an Environmental Assessment* will be issued. The EA may be issued for an allotted public comment period. The Commission would consider timely comments on the EA before making its decision regarding the proposed project. If Commission staff prepares an EIS, a *Notice of Intent to Prepare an EIS/ Notice of Schedule* will be issued, which will open up an additional comment period. Staff will then prepare a draft EIS which will be issued for public comment. Commission staff will consider all timely comments received during the comment period on the draft EIS and revise the document, as necessary, before issuing a final EIS. Any EA or draft and final EIS will be available in electronic format in the public record through eLibrary² and the Commission's natural gas environmental documents web page (<https://www.ferc.gov/industries-data/natural-gas/environment/environmental-documents>). If eSubscribed, you will receive instant email notification when the environmental document is issued.

With this notice, the Commission is asking agencies with jurisdiction by law and/or special expertise with respect to the environmental issues of this project to formally cooperate in the preparation of the environmental document.³ Agencies that would like to request cooperating agency status should follow

¹ The appendices referenced in this notice will not appear in the **Federal Register**. Copies of the appendices were sent to all those receiving this notice in the mail and are available at www.ferc.gov using the link called "eLibrary." For instructions on connecting to eLibrary, refer to the last page of this notice. For assistance, contact FERC at FercOnlineSupport@ferc.gov or call toll free, (866) 208–3676 or TTY (202) 502–8659.

³ Cooperating agency responsibilities are addressed in Section 107(a)(3) of NEPA (42 U.S. Code 4336(a)(3)).

the instructions for filing comments provided under the *Public Participation* section of this notice.

Consultation Under Section 106 of the National Historic Preservation Act

In accordance with the Advisory Council on Historic Preservation's implementing regulations for section 106 of the National Historic Preservation Act, the Commission is using this notice to initiate consultation with the New Mexico State Historic Preservation Office, and to solicit their views and those of other government agencies, interested Indian tribes, and the public on the project's potential effects on historic properties.⁴ The environmental document for this project will document findings on the impacts on historic properties and summarize the status of consultations under section 106.

Environmental Mailing List

The environmental mailing list includes federal, state, and local government representatives and agencies; elected officials; environmental, community, and public interest groups; Native American Tribes; other interested parties; and local libraries and newspapers. This list also includes all affected landowners (as defined in the Commission's regulations) who are potential right-of-way grantors, whose property may be used temporarily for project purposes, or who own homes within certain distances of aboveground facilities, and anyone who submits comments on the project and includes a mailing address with their comments. Commission staff will update the environmental mailing list as the analysis proceeds to ensure that Commission notices related to this environmental review are sent to all individuals, organizations, and government entities interested in and/or potentially affected by the proposed project.

If you need to make changes to your name/address, or if you would like to remove your name from the mailing list, please complete one of the following steps:

(1) Send an email to GasProjectAddressChange@ferc.gov stating your request. You must include the docket number CP25-37-000 in your request. If you are requesting a change to your address, please be sure

⁴ The Advisory Council on Historic Preservation's regulations are at Title 36, Code of Federal Regulations, Part 800. Those regulations define historic properties as any prehistoric or historic district, site, building, structure, or object included in or eligible for inclusion in the National Register of Historic Places.

to include your name and the correct address. If you are requesting to delete your address from the mailing list, please include your name and address as it appeared on this notice. This email address is unable to accept comments.

OR

(2) Return the attached "Mailing List Update Form" (appendix 2).

Additional Information

Additional information about the project is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website at www.ferc.gov using the eLibrary link. Click on the eLibrary link, click on "General Search" and enter the docket number in the "Docket Number" field. Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or (866) 208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

Public sessions or site visits will be posted on the Commission's calendar located at <https://www.ferc.gov/news-events/events> along with other related information.

[Project No. 8615-049]

Fiske Hydro, Inc.; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC) regulations, 18 CFR part 380, Commission staff reviewed Fiske Hydro, Inc.'s application for surrender of license for the Fiske Mill Hydroelectric Project No. 8615 and have prepared an Environmental Assessment (EA) for the project.¹ The licensee proposes to surrender its license and decommission the project. The project is located on the Ashuelot River in Hinsdale, Cheshire

¹ The unique identification number for documents relating to this environmental review is EAXX-019-20-000-1728548635.

County, New Hampshire. The project is not located on federal lands.

The EA contains Commission staff's analysis of the potential environmental effects of the proposed surrender, alternatives to the proposed action, and concludes that the proposed surrender would not constitute a major federal action that would significantly affect the quality of the human environment.

The EA may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P-8615) in the docket number field to access the document. FEDERAL RESERVE SYSTEM**Agency Information Collection Activities: Announcement of Board Approval Under Delegated Authority and Submission to OMB**

AGENCY: Board of Governors of the Federal Reserve System.

SUMMARY: The Board of Governors of the Federal Reserve System (Board) is adopting a proposal to extend for three years, without revision, the Supervisory and Regulatory Survey (FR 3052; OMB No. 7100–0322).

FOR FURTHER INFORMATION CONTACT: Federal Reserve Board Clearance Officer—Nuha Elmaghrabi—Office of the Chief Data Officer, Board of Governors of the Federal Reserve System, nuha.elmaghrabi@frb.gov, (202) 452–3884.

Office of Management and Budget (OMB) Desk Officer for the Federal Reserve Board, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 10235, 725 17th Street NW, Washington, DC 20503, or by fax to (202) 395–6974.

SUPPLEMENTARY INFORMATION: On June 15, 1984, OMB delegated to the Board authority under the Paperwork Reduction Act (PRA) to approve and assign OMB control numbers to collections of information conducted or sponsored by the Board. Board-approved collections of information are incorporated into the official OMB inventory of currently approved collections of information. The OMB inventory, as well as copies of the PRA Submission, supporting statements (which contain more detailed information about the information collections and burden estimates than this notice), and approved collection of information instrument(s) are available at <https://www.reginfo.gov/public/do/PRAMain>. These documents are also available on the Federal Reserve Board's public website at <https://www.federalreserve.gov/apps/reportingforms/review> or may be requested from the agency clearance officer, whose name appears above. On the page displayed at the link above, you can find the supporting information by referencing the collection identifier, FR 3052.

Final Approval Under OMB Delegated Authority of the Extension for Three Years, Without Revision, of the Following Information Collection

Collection title: Supervisory and Regulatory Survey.

Collection identifier: FR 3052.

OMB control number: 7100–0322.

General description of collection: This survey collects information from financial institutions specifically tailored to the Federal Reserve's supervisory, regulatory, and operational responsibilities. The frequency and content of the questions may depend on economic, regulatory, supervisory, and legislative developments. The surveys are conducted on a voluntary basis.

Frequency: On Occasion.

Respondents: Respondents may include bank holding companies, state member banks, savings and loan holding companies, intermediate holding companies, U.S. branches and agencies of foreign banking organizations (FBOs), Edge Act and agreement corporations, non-bank financial companies that the Financial Stability Oversight Council has determined should be supervised by the Board, or the combined domestic operations of FBOs.

Total estimated number of respondents: 5,000.

Estimated average hours per response: 0.5.

Total estimated annual burden hours: 60,000.

Current actions: On October 2, 2024, the Board published a notice in the **Federal Register** (89 FR 80246) requesting public comment for 60 days on the extension, without revision, of the FR 3052. The comment period for this notice expired on December 2, 2024. The Board received one comment. The comment supported the proposal to extend, without revision, the FR 3052. The comment recommended integrating an international auditing standard and establishing a collaborative working group related to future surveys under the FR 3052. The Board appreciates feedback and will consider these recommendations in connection with future surveys. The Board will adopt the extension, without revision, of the FR 3052 as originally proposed.

Board of Governors of the Federal Reserve System, February 4, 2025.

Final Approval Under OMB Delegated Authority of the Extension for Three Years, With Revision, of the Following Information Collection

Collection title: Application Form for Membership on the Community Advisory Council.

Collection identifier: FR 1401.

OMB control number: 7100–0371.

General description of collection: The Application Form for Membership on the Community Advisory Council (Application) is used to obtain information about the experiences and qualifications of persons seeking to be considered for membership on the Board’s Community Advisory Council (CAC). The Application collects an applicant’s contact information; details regarding current employment and areas of expertise; a resume, which typically includes information about employment history, education, and training; and a cover letter explaining why the applicant is interested in serving on the CAC and their primary qualifications. Applicants can voluntarily elect to provide additional information to support their application.

Frequency: Annual.

Respondents: Individuals seeking to be considered for membership on the CAC.

Total estimated number of respondents: 300.

Total estimated change in burden: 23.

Total estimated annual burden hours: 323.

Current actions: On September 30, 2024, the Board published a notice in the **Federal Register** (89 FR 79588) requesting public comment for 60 days on the extension, with revision, of the FR 1401. The Board proposed to modify the choices for the organization type, add choices for the areas of expertise on the application, and add two attestations. Revisions will be effective as of the 2025 application period. The comment period for this notice expired on November 29, 2024. The Board did not receive any comments. The revisions will be implemented as proposed.

Collection title: Holding Company Report of Insured Depository

Institutions' Section 23A Transactions with Affiliates.

Collection identifier: FR Y-8.

OMB control number: 7100-0126.

General description of collection: The FR Y-8 collects information on covered transactions between an insured depository institution and its affiliates that are subject to the quantitative limits and other requirements of section 23A of the Federal Reserve Act (12 U.S.C. 371c) and the Board's Regulation W—Transactions Between Member Banks and Their Affiliates (12 CFR part 223). The data to be reported vary based on the activities and subsidiaries of the insured depository institution. A respondent must file a separate FR Y-8 report for each U.S. insured depository institution it controls. The reports are used by the Federal Reserve System to monitor bank exposures to affiliates and to ensure banks' compliance with section 23A.

Frequency: Quarterly.

Respondents: U.S. top-tier bank holding companies, intermediate holding companies, and savings and loan holding companies; foreign banking organizations that directly own or control a U.S. subsidiary insured depository institution.

Total estimated number of respondents: 590.

Total estimated annual burden hours: 12,178.

Final Approval Under OMB Delegated Authority of the Extension for Three Years, Without Revision, of the Following Information Collection

Collection title: Complex Institution Liquidity Monitoring Report.

Collection identifier: FR 2052a.

OMB control number: 7100-0361.

General description of collection: The FR 2052a collects quantitative information on select assets, liabilities, funding activities, and contingent liabilities of certain banking organizations. The Board uses this information to monitor the liquidity profile of these banking organizations.

The data collected by the FR 2052a provide detailed information about the liquidity risks within different business lines (e.g., financing of securities positions or prime brokerage activities) of certain large banking organizations supervised by the Board. The Board's

supervisory surveillance program relies on this data, which provide timely information about banking organization-specific liquidity risks during periods of stress. The Board uses analyses of liquidity risk to inform its supervisory processes, including the preparation of analytical reports that detail funding vulnerabilities. FR 2052a data also contribute to the Board's supervisory monitoring efforts by identifying potential impediments to the movement of liquidity across legal entities. In addition, the FR 2052a provides detailed information that the Board uses to monitor compliance with the Liquidity Coverage Ratio (LCR) and Net Stable Funding Ratio (NSFR) rules under the Board's Regulation WW—Liquidity Risk Measurement, Standards, and Monitoring (12 CFR part 249).

Frequency: Daily, monthly.

Respondents: Banking organizations subject to Category I, II, III, or IV standards under the Board's Regulation YY and Regulation LL. The panel includes (1) any top-tier U.S. bank holding company with \$100 billion or more in total consolidated assets that is not a subsidiary of a foreign banking organization (FBO), (2) any top-tier U.S. savings and loan holding company with \$100 billion or more in total consolidated assets that is a covered depository institution holding company as defined by the LCR and NSFR rules and is not a subsidiary of an FBO, and (3) any FBO, as defined by the Board's Regulation YY, with combined U.S. assets of \$100 billion or more.

Total estimated number of respondents: Daily, 18; Monthly, 23.

Estimated average hours per response: Daily, 221; Monthly 121.

Total estimated annual burden hours: 1,027,896.

Final Approval Under OMB Delegated Authority of the Extension for Three Years, Without Revision, of the Following Information Collection

Collection title: Policy Impact Survey.
Collection identifier: FR 3075.
OMB control number: 7100-0362.

General description of collection: The Policy Impact Survey collects information from certain types of institutions regulated by the Board in order to assess the effects of proposed, pending, or recently adopted policy changes at the domestic and international levels. The Board uses the survey to collect information used for certain quantitative impact studies sponsored by financial stability bodies such as the Basel Committee on Banking Supervision and the Financial Stability Board. Recent collections have included the Basel III monitoring exercise, which monitors the global impact of the Basel III framework, the global systemically important bank exercise, which assesses firms' systemic risk profiles, and a survey of the domestic systemic risk footprint of large foreign banking organizations. Since the collected data may change from survey to survey, there is no fixed reporting form.

Final Approval Under OMB Delegated Authority of the Extension for Three Years, Without Revision, of the Following Information Collection

Collection title: Domestic Branch Application.

Collection identifier: FR 4001.

OMB control number: 7100-0097.

General description of collection: The Federal Reserve Act and the Board's Regulation H—Membership of State Banking Institutions in the Federal Reserve System (12 CFR part 208) require a state member bank to seek prior approval of the Federal Reserve System before establishing or acquiring a domestic branch. Such requests for approval must be filed as applications at the appropriate Reserve Bank for the state member bank. Due to the limited information that a state member bank generally has to provide for branch proposals, there is no formal reporting

form for a domestic branch application. A state member bank is required to notify the Federal Reserve by letter of its intent to establish one or more new branches and provide evidence that public notice of the proposed branch(es) has been published by the state member bank in the appropriate newspaper(s). The applicant may include with its letter a copy of the Conference of State Bank Supervisors Uniform Interstate Application/Notice form. The Federal Reserve uses the information provided by the applicant to fulfill its statutory obligation to review branch applications before acting on the proposals and to otherwise supervise state member banks.

Petition of Enbridge Inc. To Reopen and Set Aside Order; Correction

AGENCY: Federal Trade Commission.

ACTION: Notice; correction.

SUMMARY: The Federal Trade Commission (“Commission”) published a document in the **Federal Register** of January 30, 2025, announcing the Commission’s receipt of a petition from Enbridge Inc. (“Enbridge” or “the company”) to reopen and set aside the Commission’s Decision and Order entered on March 22, 2017 (the “Order”), concerning ownership interests in competing natural gas pipelines. Shortly after publication, the Commission learned the document contained the incorrect deadline for receipt of public comments. The Commission issues this correction to reflect the corrected deadline. Comments must be received on or

before February 21, 2025, not March 3, 2025.

FOR FURTHER INFORMATION CONTACT: Maribeth Petrizzi (202-326-2564), Bureau of Competition, Federal Trade Commission, 600 Pennsylvania Avenue NW, Washington, DC 20580.

SUPPLEMENTARY INFORMATION: The notice document submitted by Commission staff for publication contained an incorrect comment deadline.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG-2025-0048]

Revisions to Maritime Security (MARSEC) Directive 104-6; Guidelines for U.S. Vessels Operating in High Risk Waters

AGENCY: Coast Guard, DHS.

ACTION: Notice of availability.

SUMMARY: The Coast Guard announces the availability of Revision 9 to Maritime Security (MARSEC) Directive 104-6, which provides guidelines for U.S. vessels operating in high-risk waters (HRW) where acts of terrorism, piracy, and armed robbery against ships are prevalent. The directive contains security-sensitive information and, therefore, cannot be made available to the general public. U.S. vessel owners and operators who have needed to take action under previous versions of MARSEC Directive 104-6, should immediately contact their local Coast Guard Captain of the Port or District Commander for a copy of Revision 9. This revision contains important updates to HRW locations and

organizational responsibilities regarding addressing security risks in those waters.

DATES: MARSEC Directive 104-6 (Revision 9) has been available since January 10, 2025. MARSEC Directive 104-6 (Revision 8) is no longer valid after that date.

FOR FURTHER INFORMATION CONTACT: For information about this document call or email Commander Andrew Czarniak; U.S. Coast Guard, Office of Commercial Vessel Compliance; telephone 202-372-1236, email cgcvc@uscg.mil.

SUPPLEMENTARY INFORMATION: Maritime Security (MARSEC) Directive 104-6 Revision 9 replaces Revision 8, previously signed on August 11, 2021. The directive provides direction to U.S. flagged vessels operating in High Risk Waters (HRW) where acts of terrorism, piracy, and armed robbery against ships are prevalent. This revision reflects the addition of provisions for the reduction of electronic vessel transmissions, an amendment to the applicability of Annex 1 to include the high risk waters of the Red Sea and Arabian Sea, and a revision to the northern limits of the high risk waters of the Red Sea.

Electronic vessel transmissions broadly include any device onboard capable of generating a radio frequency signal with or without operator intervention. Examples of electronic vessel transmissions include those from cellular and satellite phone systems, vessel-to-vessel and vessel-to-shore radio transmission equipment, Automatic Identification System, Long Range Identification and Tracking Systems, and radar.

U.S. vessel owners and operators who have needed to take action under previous versions of MARSEC Directive 104-6 should immediately contact their local Coast Guard Captain of the Port or District Commander for a copy of Revision 9, which contains important updates to the locations of HRW and to the guidelines for addressing security risks in those waters. The Coast Guard advises owners and operators that, under Revision 9, they may need to take specific actions in accordance with MARSEC Directive 104-6 before their vessel enters HRW.

This notice is issued under authority of 33 CFR 101.405(a)(2) and 5 U.S.C. 552(a).

Dated: January 31, 2025.

A.M. Beach,

Captain, U.S. Coast Guard, Director of Inspections and Compliance.

[Investigation Nos. 701–TA–729–730 and 731–TA–1698–1699 (Final)]

Brake Drums From China and Turkey; Scheduling of the Final Phase of Countervailing Duty and Antidumping Duty Investigations

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice of the scheduling of the final phase of antidumping and countervailing duty investigation Nos. 701–TA–729–730 and 731–TA–1698–1699 (Final) pursuant to the Tariff Act of 1930 (“the Act”) to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports of brake drums from China and Turkey, provided for in subheading 8708.30.50 of the Harmonized Tariff Schedule of the United States, preliminarily determined by the Department of Commerce (“Commerce”) to be subsidized and sold at less-than-fair-value.

DATES: January 29, 2025.

FOR FURTHER INFORMATION CONTACT:

Mary Messer (202–205–3193), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission’s TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for these investigations may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Scope.—For purposes of these investigations, Commerce has defined the subject merchandise as “. . . certain brake drums made of gray cast iron, whether finished or unfinished, with an actual or nominal inside diameter of 14.75 inches or more but not over 16.6 inches, weighing more than 50 pounds. Unfinished brake drums are those which have undergone some turning or machining but are not ready for installation. Subject brake drums are

included within the scope whether imported individually or with nonsubject merchandise (for example, a hub), whether assembled or unassembled, or if joined with non-subject merchandise. When a subject drum is imported together with non-subject merchandise, such as, but not limited to, a drum-hub assembly, only the subject drum is covered by the scope.

Subject merchandise also includes finished and unfinished brake drums that are further processed in a third country or in the United States, including, but not limited to, assembly or any other processing that would not otherwise remove the merchandise from the scope of this investigation if performed in the country of manufacture of the subject brake drums. The inclusion, attachment, joining, or assembly of non-subject merchandise with subject drums either in the country of manufacture of the subject drum or in a third country does not remove the subject drum from the scope. Specifically excluded is merchandise covered by the scope of the antidumping and countervailing duty orders on certain chassis and subassemblies thereof from the People’s Republic of China. *See Certain Chassis and Subassemblies Thereof from the People’s Republic of China: Antidumping Duty Order*, 86 FR 36093 (July 8, 2021) and *Certain Chassis and Subassemblies Thereof from the People’s Republic of China: Countervailing Duty Order and Amended Final Affirmative Countervailing Duty Determination*, 86 FR 24844 (May 10, 2021).

The scope also excludes composite brake drums that contain more than 38 percent steel by weight.”

Background.—The final phase of these investigations is being scheduled pursuant to sections 705(b) and 731(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b) and 1673d(b)), as a result of affirmative preliminary determinations by Commerce that certain benefits which constitute subsidies within the meaning of § 703 of the Act (19 U.S.C. 1671b) are being provided to manufacturers, producers, or exporters in China and Turkey of brake drums, and that such products are being sold in the United States at less than fair value within the meaning of § 733 of the Act (19 U.S.C. 1673b). The investigations were requested in petitions filed on June 20, 2024, by Webb Wheel Products, Inc., Cullman, Alabama.

For further information concerning the conduct of this phase of the investigations, hearing procedures, and rules of general application, consult the

Commission’s Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

Participation in the investigations and public service list.—Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of these investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in § 201.11 of the Commission’s rules, no later than 21 days prior to the hearing date specified in this notice. A party that filed a notice of appearance during the preliminary phase of the investigations need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Please note the Secretary’s Office will accept only electronic filings during this time. Filings must be made through the Commission’s Electronic Document Information System (EDIS, <https://edis.usitc.gov>). No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.—Pursuant to § 207.7(a) of the Commission’s rules, the Secretary will make BPI gathered in the final phase of these investigations available to authorized applicants under the APO issued in the investigations, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the investigations. A party granted access to BPI in the preliminary phase of the investigations need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report.—The prehearing staff report in the final phase of these investigations will be placed in the nonpublic record on June 3, 2025, and a public version will be issued thereafter, pursuant to § 207.22 of the Commission’s rules.

Hearing.—The Commission will hold a hearing in connection with the final phase of this investigation beginning at 9:30 a.m. on June 17, 2025. Requests to appear at the hearing should be filed in

writing with the Secretary to the Commission on or before June 11, 2025. Any requests to appear as a witness via videoconference must be included with your request to appear. Requests to appear via videoconference must include a statement explaining why the witness cannot appear in person; the Chairman, or other person designated to conduct the investigation, may in their discretion for good cause shown, grant such a request. Requests to appear as remote witness due to illness or a positive COVID-19 test result may be submitted by 3 p.m. the business day prior to the hearing. Further information about participation in the hearing will be posted on the Commission's website at <https://www.usitc.gov/calendarpad/calendar.html>.

A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should attend a prehearing conference, if deemed necessary, to be held at 9:30 a.m. on June 13, 2025. Parties shall file and serve written testimony and presentation slides in connection with their presentation at the hearing by no later than noon on June 16, 2025. Oral testimony and written materials to be submitted at the public hearing are governed by sections 201.6(b)(2), 201.13(f), and 207.24 of the Commission's rules. Parties must submit any request to present a portion of their hearing testimony *in camera* no later than 7 business days prior to the date of the hearing.

Written submissions.—Each party who is an interested party shall submit a prehearing brief to the Commission. Prehearing briefs must conform with the provisions of § 207.23 of the Commission's rules; the deadline for filing is 5:15 p.m. on June 10, 2025. Parties shall also file written testimony in connection with their presentation at the hearing, and posthearing briefs, which must conform with the provisions of § 207.25 of the Commission's rules. The deadline for filing posthearing briefs is 5:15 p.m. on June 25, 2025. In addition, any person who has not entered an appearance as a party to the investigations may submit a written statement of information pertinent to the subject of the investigations, including statements of support or opposition to the petition, on or before 5:15 p.m. on June 25, 2025. On July 9, 2025, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final

comments on this information on or before 5:15 p.m. on July 11, 2025, but such final comments must not contain new factual information and must otherwise comply with § 207.30 of the Commission's rules. All written submissions must conform with the provisions of § 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of §§ 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's *Handbook on Filing Procedures*, available on the Commission's website at https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf, elaborates upon the Commission's procedures with respect to filings.

Additional written submissions to the Commission, including requests pursuant to § 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with §§ 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Authority: These investigations are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to § 207.21 of the Commission's rules.

By order of the Commission.

Issued: February 4, 2025.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-752 and 731-TA-1730 (Preliminary)]

Active Anode Material From China

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"),

¹ The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

that there is a reasonable indication that the establishment of an industry in the United States is materially retarded by reason of imports of active anode material from China, provided for in subheadings 2504.10.50 and 3801.10.50 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value ("LTFV") and alleged to be subsidized by the government of China.^{2,3}

Commencement of Final Phase Investigations

Pursuant to § 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in § 207.21 of the Commission's rules, upon notice from the U.S. Department of Commerce ("Commerce") of affirmative preliminary determinations in the investigations under section 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under section 705(a) or 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Any other party may file an entry of appearance for the final phase of the investigations after publication of the final phase notice of scheduling. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations. As provided in § 207.20 of the Commission's rules, the Director of the Office of Investigations will circulate draft questionnaires for the final phase of the investigations to parties to the investigations, placing copies on the Commission's Electronic Document Information System (EDIS, <https://edis.usitc.gov>), for comment.

Background

On December 18, 2024, the American Active Anode Material Producers, the members of which are Anovion

² 90 FR 3788 and 90 FR 3792 (January 15, 2025).

³ Commissioner Rhonda K. Schmidlein did not participate.

Technologies LLC, Sanborn, New York; Syrah Technologies LLC (“Syrah”), Vidalia, Louisiana; NOVONIX Anode Materials LLC, Chattanooga, Tennessee; Epsilon Advanced Materials Pty. Ltd., Leland, North Carolina; and SKI US, Inc., Marietta, Georgia, filed petitions with the Commission and Commerce, alleging that an industry in the United States is materially injured or threatened with material injury by reason of subsidized imports of active anode material from China and LTFV imports of active anode material from China. Accordingly, effective December 18, 2024, the Commission instituted countervailing duty investigation No. 701-TA-752 and antidumping duty investigation No. 731-TA-1730 (Preliminary).

Notice of the institution of the Commission’s investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of December 26, 2024 (89 FR 105100). The Commission conducted its conference on January 8, 2025. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to sections 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)). It completed and filed its determinations in these investigations on February 3, 2025. The views of the Commission are contained in USITC Publication 5585 (February 2025), entitled *Active Anode Material from China: Investigation Nos. 701-TA-752 and 731-TA-1730 (Preliminary)*.

By order of the Commission.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1379]

Certain Video Capable Electronic Devices, Including Computers, Streaming Devices, Televisions, Cameras, and Components and Modules Thereof; Notice of Request for Submissions on the Public Interest

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that on January 29, 2025, the presiding administrative law judge (“ALJ”) issued an Initial Determination on Violation of Section 337. The ALJ also issued a Recommended Determination on remedy and bonding should a violation be found in the above-captioned investigation. The Commission is soliciting submissions on public interest issues raised by the recommended relief should the Commission find a violation. This notice is soliciting comments from the public and interested government agencies only.

FOR FURTHER INFORMATION CONTACT:

Joelle P. Justus, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205-2593. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: Section 337 of the Tariff Act of 1930 provides that, if the Commission finds a violation, it shall exclude the articles concerned from the United States unless, after considering the effect of such exclusion upon the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, it finds that such articles should not be excluded from entry. (19 U.S.C. 1337(d)(1)). A similar provision applies to cease and desist orders. (19 U.S.C. 1337(f)(1)).

The Commission is soliciting submissions on public interest issues raised by the recommended relief should the Commission find a violation, specifically: a limited exclusion order directed to certain video capable electronic devices, including computers, streaming devices, televisions, cameras, and components and modules thereof imported, sold for importation, and/or sold after importation by respondents *Amazon.com, Inc.* and *Amazon.com Services, LLC* (collectively, “Amazon”); and cease and desist orders directed to Amazon. Parties are to file public

interest submissions pursuant to 19 CFR 210.50(a)(4).

The Commission is interested in further development of the record on the public interest in this investigation. Accordingly, members of the public and interested government agencies are invited to file submissions of no more than five (5) pages, inclusive of attachments, concerning the public interest in light of the ALJ’s Recommended Determination on Remedy and Bonding issued in this investigation on January 29, 2025. Comments should address whether issuance of the recommended remedial orders in this investigation, should the Commission find a violation, would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

(i) explain how the articles potentially subject to the recommended remedial orders are used in the United States;

(ii) identify any public health, safety, or welfare concerns in the United States relating to the recommended orders;

(iii) identify like or directly competitive articles that complainant, its licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;

(iv) indicate whether complainant, complainant’s licensees, and/or third-party suppliers have the capacity to replace the volume of articles potentially subject to the recommended orders within a commercially reasonable time; and

(v) explain how the recommended orders would impact consumers in the United States.

Written submissions must be filed no later than by close of business on March 5, 2025.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above pursuant to 19 CFR 210.4(f). Submissions should refer to the investigation number (“Inv. No. 337-TA-1379”) in a prominent place on the cover page and/or the first page. (See Handbook for Electronic Filing Procedures, https://www.usitc.gov/secretary/fed_reg_notices/rules/handbook_on_electronic_filing.pdf). Persons with questions regarding filing should contact the Secretary (202-205-2000).

Any person desiring to submit a document to the Commission in

confidence must request confidential treatment by marking each document with a header indicating that the document contains confidential information. This marking will be deemed to satisfy the request procedure set forth in Rules 201.6(b) and 210.5(e)(2) (19 CFR 201.6(b) & 210.5(e)(2)). Documents for which confidential treatment by the Commission is properly sought will be treated accordingly. Any non-party wishing to submit comments containing confidential information must serve those comments on the parties to the investigation pursuant to the applicable Administrative Protective Order. A redacted non-confidential version of the document must also be filed simultaneously with any confidential filing and must be served in accordance with Commission Rule 210.4(f)(7)(ii)(A) (19 CFR 210.4(f)(7)(ii)(A)). All information, including confidential business information and documents for which confidential treatment is properly sought, submitted to the Commission for purposes of this investigation may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. All contract personnel will sign appropriate nondisclosure agreements. All nonconfidential written submissions will be available for public inspection on EDIS.

This action is taken under the authority of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: February 3, 2025.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1362 (Remand)]

Certain Liquid Transfer Devices With an Integral Vial Adapter; Notice of a Commission Determination Finding a Violation of Section 337; Issuance of a Limited Exclusion Order and a Cease and Desist Order; Termination of the Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to affirm the determination finding a violation of section 337 of the Tariff Act of 1930, as amended, in the remand initial determination ("Remand ID") issued by the Chief Administrative Law Judge ("CALJ") and to take no position with respect to a portion of the Remand ID. The Commission has also determined to issue a limited exclusion order prohibiting further importation of infringing products by the three remaining respondents and a cease and desist order against one respondent.

FOR FURTHER INFORMATION CONTACT: Edward S. Jou, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205-3316. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on May 11, 2023, based on a complaint, as supplemented, (the "Complaint") filed by West Pharmaceutical Services, Inc. and West Pharma. Services IL, Ltd. (collectively, "West" or "Complainants"). 88 FR 30342 (May 11, 2023). The Complaint alleged violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, based on the importation into the United States, the sale for importation, and the sale within the United States after importation of certain liquid transfer devices with an integral vial adapter by

reason of the infringement of claim 1 of U.S. Patent No. 10,688,295 (the "'295 patent"); the claim of U.S. Design Patent No. D767,124 ("the D'124 patent"); the claim of U.S. Design Patent No. D765,837 ("the D'837 patent"); the claim of U.S. Design Patent No. D630,732 ("the D'732 patent"); and U.S. Trademark Registration No. 5,810,583 ("the '583 mark"). *Id.* at 30342.

The Commission's notice of investigation named four respondents: Advcare Medical, Inc. ("Advcare") of New Taipei City, Taiwan, Dragon Heart Medical Devices Co., Ltd. ("Dragon Heart Devices") of Kaiping City, China, Dragon Heart Medical, Inc. ("Dragon Heart") of Addison, Illinois, and Summit International Medical Technologies, Inc. ("Summit") of Franklin, Massachusetts. *Id.* The Office of Unfair Import Investigations ("OUII") is also a party to this investigation. *Id.*

The investigation was terminated as to Dragon Heart Devices by withdrawal of the Complaint. Order No. 9 (Aug. 24, 2023), *unreviewed by Comm'n Notice* (Sept. 20, 2023).

The '583 mark and the three asserted design patents (the D'124 patent, the D'837 patent, and the D'732 patent) were terminated from the investigation by withdrawal of the Complaint. Order No. 12 (Sept. 19, 2023), *unreviewed by Comm'n Notice* (Oct. 19, 2023); Order No. 14 (Oct. 4, 2023), *unreviewed by Comm'n Notice* (Nov. 2, 2023). Accordingly, the '295 patent is the only remaining asserted intellectual property in this investigation, and the respondents remaining in the investigation are Summit, Advcare, and Dragon Heart (collectively, "Respondents").

On October 16, 2023, West filed an unopposed motion for summary determination that it satisfied the economic prong of the domestic industry requirement, which was granted. Order No. 17 (Nov. 28, 2023), *unreviewed by Comm'n Notice* (Dec. 28, 2023).

A claim construction hearing was held on October 26, 2023, and the CALJ issued a claim construction order on November 13, 2023. Order No. 15 (Nov. 13, 2023). The parties filed motions *in limine*, and the CALJ precluded certain evidence and arguments in Order No. 19 (Dec. 1, 2023). In particular, the CALJ granted West's motion *in limine* no. 2, precluding Respondents and OUII from challenging the validity of the '295 patent. *Id.* at 2-6.

An evidentiary hearing was held on December 4-5, 2023, and the CALJ issued a final initial determination ("Final ID") on March 15, 2024, finding a violation of section 337 based on

infringement of claim 1 of the '295 patent. The Final ID included a recommended determination ("RD") on remedy and bonding that recommended issuance of a limited exclusion order directed to the three remaining respondents and a cease and desist order directed to Summit. *See* Final ID at 73–87.

On May 16, 2024, the Commission determined to review the Final ID in part. 89 FR 45012–15 (May 22, 2024). The Commission determined not to review the Final ID's findings with respect to claim construction, infringement, and the technical prong of the domestic industry requirement. *Id.* at 45013. On July 23, 2024, the Commission determined to supplement the Final ID and to reverse-in-part Order No. 19 and remand the investigation to the CALJ for further proceedings with respect to the written description requirement. *See* Comm'n Notice (July 23, 2024); Comm'n Op. (July 23, 2024); Remand Order (July 23, 2024).

On remand, the parties agreed that a live hearing was unnecessary and the CALJ set a procedural schedule for the submission of evidence and the parties' briefing and extended the target date to February 10, 2025. Order No. 23 (Aug. 1, 2024), *unreviewed by* Comm'n Notice (Aug. 27, 2024). The parties conducted additional expert discovery and the CALJ admitted the resulting evidence into the record. Order No. 24 (Sept. 3, 2024).

On November 8, 2024, the CALJ issued the Remand ID finding that claim 1 of the '295 is not invalid for lack of written description under 35 U.S.C. 112. OUII filed a petition for review on November 21, 2024. Respondents filed a petition for review on November 29, 2024. West filed a response to OUII's petition for review on November 29, 2024. West filed a response to Respondents' petition for review on December 6, 2024.

On December 20, 2024, the Commission determined to review the Remand ID in its entirety. On review, the Commission has determined to take no position with respect to certain statements in the Remand ID.¹ Specifically, the Commission takes no position on the second sentence of the last paragraph on page 5 continuing to page 6 ("The Commission concluded that OUII. . .") and the subsequent citations ("*Id.* at 18. . .; *see also*. . .; *but cf.*. . ."); and the Commission takes no position on the second sentence in the first full paragraph on page 7 ("Because OUII. . ."). The

Commission has determined to affirm the remainder of the Remand ID. Because the Commission previously determined not to review the finding on summary determination with respect to the economic prong of the domestic industry requirement and the findings in the Final ID with respect to claim construction, infringement, and the technical prong of the domestic industry requirement, the Commission has determined that there has been a violation of section 337 with respect to infringement of claim 1 of the '295 patent.²

For remedy, the Commission has determined to issue a limited exclusion order prohibiting further importation of infringing products by the three remaining respondents and a cease and desist order against Respondent Summit. The Commission has determined that the public interest factors do not counsel against issuing remedial orders. The Commission has determined that bond should be set in the amount of zero percent (0%) (*i.e.*, no bond).

The Commission vote for this determination took place on February 3, 2025.

This action is taken under the authority of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: February 3, 2025.

Lisa Barton,

Secretary to the Commission.

BILLING CODE 7020–02–P

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

Massoud Amini, M.D.; Decision and Order

On February 23, 2024, the Drug Enforcement Administration (DEA or Government) issued an Order to Show Cause (OSC) to Massoud Amini, M.D., of Woodland Hills, California. (Registrant). Request for Final Agency Action (RFAA), Exhibit (RFAAX) 1, at 1, 3. The OSC proposed the revocation of Registrant's DEA Certificate of Registration No. BA6612142, alleging that Registrant's registration should be revoked because Registrant is "currently without authority to handle controlled

substances in California, the state in which [he is] registered with DEA." *Id.* at 2 (citing 21 U.S.C. 824(a)(3)).

The OSC notified Registrant of his right to file with DEA a written request for hearing, and that if he failed to file such a request, he would be deemed to have waived his right to a hearing and be in default. *Id.* (citing 21 CFR 1301.43). Here, Registrant did not request a hearing. RFAA, at 2.¹ "A default, unless excused, shall be deemed to constitute a waiver of the [registrant's] right to a hearing and an admission of the factual allegations of the [OSC]." 21 CFR 1301.43(e).

Further, "[i]n the event that a registrant . . . is deemed to be in default . . . DEA may then file a request for final agency action with the Administrator, along with a record to support its request. In such circumstances, the Administrator may enter a default final order pursuant to [21 CFR] § 1316.67." *Id.* § 1301.43(f)(1). Here, the Government has requested final agency action based on Registrant's default pursuant to 21 CFR 1301.43(c), (f), 1301.46. RFAA, at 1; *see also* 21 CFR 1316.67.

¹ Based on the Government's submissions in its RFAA dated April 18, 2024, the Agency finds that service of the OSC on Registrant was adequate. Specifically, the Declaration from a DEA Diversion Investigator (DI) indicates that on February 29, 2024, the DI successfully served the OSC via email to Registrant's registered email address, as the DI's email was not returned undeliverable. RFAAX 2, at 2; *Mohammed S. Aljanaby, M.D.*, 82 FR 34552, 34552 (2017) (finding that service by email satisfies due process where the email is not returned as undeliverable and other methods have been unsuccessful).

The DI made several other attempts to serve Registrant with the OSC, but they were unsuccessful. On February 27, 2024, the DI attempted personal service at Registrant's last known forwarding address. RFAAX 2, at 2. The DI left a copy of the OSC at the address and asked the current residents to give the documents to Registrant. *Id.* Also on this date, the DI called and texted Registrant via a telephone number provided by the current residents and received no response. *Id.* On February 29, 2024, the DI attempted to contact Registrant by his registered phone number and left her contact information with an acquaintance of Registrant who answered the phone. *Id.* at 2–3. On March 1, 2024, the DI sent the OSC via certified mail to four addresses associated with Registrant, including Registrant's registered address. *Id.* at 3. Attachment C. According to the DI, all four mailings were returned unable to forward. *Id.* at 3. The DI also contacted the Medical Board of California in attempting service, but the Board was unable to provide a current address. *Id.* at 3.

In sum, the Agency finds that Registrant was successfully served the OSC by email and the DI's efforts to serve Registrant by other means were "reasonably calculated, under all the circumstances, to apprise [Registrant] of the pendency of the action." *Jones v. Flowers*, 547 U.S. 220, 226 (2006) (quoting *Mullane v. Central Hanover Bank & Trust Co.*, 339 U.S. 306, 314 (1950)). Therefore, due process notice requirements have been satisfied.

¹ Commissioner Schmidlein stepped down from the Commission on January 31, 2025.

² Commissioner Kearns respectfully dissents from the Commission's decision and has filed a separate opinion explaining his views.

I. Findings of Fact

The Agency finds that, in light of Registrant's default, the factual allegations in the OSC are admitted. According to the OSC, effective January 12, 2024, the Medical Board of California revoked Registrant's California medical license. RFAAX 1, at 2. According to California's online records, of which the Agency takes official notice, Registrant's California medical license remains revoked.² California DCA License Search, <https://search.dca.ca.gov/> (last visited date of signature of this Order). Accordingly, the Agency finds that Registrant is not licensed to practice medicine in California, the state in which he is registered with DEA.

II. Discussion

Pursuant to 21 U.S.C. 824(a)(3), the Attorney General is authorized to suspend or revoke a registration issued under 21 U.S.C. 823 "upon a finding that the registrant . . . has had his State license or registration suspended . . . [or] revoked . . . by competent State authority and is no longer authorized by State law to engage in the . . . dispensing of controlled substances." With respect to a practitioner, DEA has also long held that the possession of authority to dispense controlled substances under the laws of the state in which a practitioner engages in professional practice is a fundamental condition for obtaining and maintaining a practitioner's registration. *See, e.g., James L. Hooper, D.O.*, 76 FR 71371, 71372 (2011), *pet. for rev. denied*, 481 F. App'x 826 (4th Cir. 2012); *Frederick Marsh Blanton, D.O.*, 43 FR 27616, 27617 (1978).³

² Under the Administrative Procedure Act, an agency "may take official notice of facts at any stage in a proceeding—even in the final decision." United States Department of Justice, Attorney General's Manual on the Administrative Procedure Act 80 (1947) (Wm. W. Gaunt & Sons, Inc., Reprint 1979). Pursuant to 5 U.S.C. 556(e), "[w]hen an agency decision rests on official notice of a material fact not appearing in the evidence in the record, a party is entitled, on timely request, to an opportunity to show the contrary." Accordingly, Registrant may dispute the Agency's finding by filing a properly supported motion for reconsideration of findings of fact within fifteen calendar days of the date of this Order. Any such motion and response shall be filed and served by email to the other party and to Office of the Administrator, Drug Enforcement Administration at dea.addo.attorneys@dea.gov.

³ This rule derives from the text of two provisions of the Controlled Substances Act (CSA). First, Congress defined the term "practitioner" to mean "a physician . . . or other person licensed, registered, or otherwise permitted, by . . . the jurisdiction in which he practices . . . , to distribute, dispense, . . . [or] administer . . . a controlled substance in the course of professional practice." 21 U.S.C. 802(21). Second, in setting the requirements for obtaining a practitioner's

According to California statute, "dispense" means "to deliver a controlled substance to an ultimate user or research subject by or pursuant to the lawful order of a practitioner, including the prescribing, furnishing, packaging, labeling, or compounding necessary to prepare the substance for that delivery." Cal. Health & Safety Code section 11010 (West 2024). Furthermore, a "practitioner" means a person "licensed, registered, or otherwise permitted, to distribute, dispense, conduct research with respect to, or administer, a controlled substance in the course of professional practice or research in [the] state." *Id.* section 11026(c).

Here, the undisputed evidence in the record is that Registrant currently lacks authority to practice medicine in California. As discussed above, a physician must be a licensed practitioner to dispense a controlled substance in California. Thus, because Registrant currently lacks authority to practice medicine in California and, therefore, is not currently authorized to handle controlled substances in California, Registrant is not eligible to maintain a DEA registration. Accordingly, the Agency will order that Registrant's DEA registration be revoked.

Pursuant to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 824(a), I hereby revoke DEA Certificate of Registration No. BA6612142 issued to Massoud Amini, M.D. Further, pursuant to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 823(g)(1), I hereby deny any pending applications of Massoud Amini, M.D., to renew or modify this registration, as well as any other pending application of Massoud Amini, M.D., for additional registration in California. DEPARTMENT OF JUSTICE

Drug Enforcement Administration

[Docket No. 24-47]

Herold Pierre-Louis, P.A.; Decision and Order

On May 21, 2024, the Drug Enforcement Administration (DEA or Government) issued an Order to Show Cause (OSC) to Herold Pierre-Louis, P.A., of Tucson, Arizona (Respondent). OSC, at 1, 3. The OSC proposed the revocation of Respondent's DEA Certificate of Registration No. MP7845766, alleging that Respondent's DEA registration should be revoked because Respondent is "without authority to prescribe, administer, dispense, or otherwise handle controlled substances in the State of Arizona, the state in which [he is] registered with DEA." *Id.* at 2 (citing 21 U.S.C. 824(a)(3)).

On May 30, 2024, Respondent requested a hearing and filed an Answer to the OSC. On June 10, 2024, the Government filed a Motion for Summary Disposition, to which Respondent did not respond.¹ On June 27, 2024, Administrative Law Judge Paul E. Soeffing (the ALJ) granted the Government's Motion for Summary Disposition and recommended the revocation of Respondent's registration, finding that because Respondent lacks state authority to handle controlled substances in Arizona, the state in which he is registered with DEA, "there is no other fact of consequence for this tribunal to decide." Order Granting the

¹ On June 17, 2024, Respondent filed a Motion to Continue Show Cause Hearing to request a continuance on the instant proceedings, which the Administrative Law Judge denied.

Government's Motion for Summary Disposition, and Recommended Rulings, Findings of Fact, Conclusions of Law, and Decision of the Administrative Law Judge (RD), at 5. Respondent did not file exceptions to the RD.

Having reviewed the entire record, the Agency adopts and hereby incorporates by reference the entirety of the ALJ's rulings, findings of fact, conclusions of law, and recommended sanction as found in the RD and summarizes and expands upon portions thereof herein.

Findings of Fact

On or about November 29, 2023, the Arizona Regulatory Board of Physician Assistants revoked Respondent's Arizona physician assistant license. RD, at 3.² According to Arizona online records, of which the Agency takes official notice, as of August 23, 2024, the status of Respondent's Arizona physician assistant license was revoked.³ Arizona Regulatory Board of Physician Assistants, Find Your PA, <https://www.azpa.gov/PASearch/PASearch> (last visited date of signature of this Order).⁴ Accordingly, the Agency

³ Under the Administrative Procedure Act, an agency "may take official notice of facts at any stage in a proceeding—even in the final decision." United States Department of Justice, Attorney General's Manual on the Administrative Procedure Act 80 (1947) (Wm. W. Gaunt & Sons, Inc., Reprint 1979). Pursuant to 5 U.S.C. 556(e), "[w]hen an agency decision rests on official notice of a material fact not appearing in the evidence in the record, a party is entitled, on timely request, to an opportunity to show the contrary." Accordingly, Respondent may dispute the Agency's finding by filing a properly supported motion for reconsideration of findings of fact within fifteen calendar days of the date of this Order. Any such motion and response shall be filed and served by email to the other party and to Office of the Administrator, Drug Enforcement Administration at dea.addo.attorneys@dea.gov.

⁴ As of August 23, 2024, the Arizona Regulatory Board of Physician Assistants website identified Respondent's physician assistant license as revoked. However, there is no longer any record of Respondent's licensure on the website. Despite being provided an opportunity to do so, Respondent has not established that his Arizona license has been reinstated or that he otherwise has state authority to dispense controlled substances. Following the issuance of the RD, Respondent did not file any Exceptions to indicate that his license had been restored. Additionally, on October 1, 2024, the Agency issued a Briefing Order requesting documentary evidence regarding the status of Respondent's Arizona physician assistant license. Respondent's acknowledged receipt of the Order, but did not provide any responsive documentation or evidence regarding the status of his Arizona license. Accordingly, the Agency finds that Respondent's Arizona physician assistant license remains revoked. See *Fares F. Yasin, M.D.*, 88 FR 74523, 74524 n.5 (2023); *Heather M. Entrekin, DVM*, 88 FR 17266, 17266 (2023). Respondent may dispute the Agency's finding by filing a motion for

finds that Respondent is not currently licensed to practice as a physician assistant in Arizona, the state in which he is registered with DEA.

Discussion

Pursuant to 21 U.S.C. 824(a)(3), the Attorney General is authorized to suspend or revoke a registration issued under section 823 of the Controlled Substances Act (CSA) "upon a finding that the registrant . . . has had his State license or registration suspended . . . [or] revoked . . . by competent State authority and is no longer authorized by State law to engage in the . . . dispensing of controlled substances." With respect to a practitioner, DEA has also long held that the possession of authority to dispense controlled substances under the laws of the state in which a practitioner engages in professional practice is a fundamental condition for obtaining and maintaining a practitioner's registration. *Gonzales v. Oregon*, 546 U.S. 243, 270 (2006) ("The Attorney General can register a physician to dispense controlled substances 'if the applicant is authorized to dispense . . . controlled substances under the laws of the State in which he practices.' . . . The very definition of a 'practitioner' eligible to prescribe includes physicians 'licensed, registered, or otherwise permitted, by the United States or the jurisdiction in which he practices' to dispense controlled substances. § 802(21)."). The Agency has applied these principles consistently. See, e.g., *James L. Hooper, M.D.*, 76 FR 71371, 71372 (2011), *pet. for rev. denied*, 481 F. App'x 826 (4th Cir. 2012); *Frederick Marsh Blanton, M.D.*, 43 FR 27616, 27617 (1978).⁵

reconsideration of findings of fact within fifteen calendar days of the date of this Order with supporting documentation (showing that Respondent had state authority to dispense controlled substances on or before the date of this Order). Any such motion and response shall be filed and served by email to the other party and to Office of the Administrator, Drug Enforcement Administration, at dea.addo.attorneys@dea.gov.

⁵ This rule derives from the text of two provisions of the CSA. First, Congress defined the term "practitioner" to mean "a physician . . . or other person licensed, registered, or otherwise permitted, by . . . the jurisdiction in which he practices . . . , to distribute, dispense, . . . [or] administer . . . a controlled substance in the course of professional practice." 21 U.S.C. 802(21). Second, in setting the requirements for obtaining a practitioner's registration, Congress directed that "[t]he Attorney General shall register practitioners . . . if the applicant is authorized to dispense . . . controlled substances under the laws of the State in which he practices." 21 U.S.C. 823(g)(1). Because Congress has clearly mandated that a practitioner possess state authority in order to be deemed a practitioner under the CSA, DEA has held repeatedly that revocation of a practitioner's registration is the appropriate sanction whenever he is no longer authorized to dispense controlled substances under

According to Arizona statute, "[e]very person who manufactures, distributes, dispenses, prescribes or uses for scientific purposes any controlled substance within th[e] state or who proposes to engage in the manufacture, distribution, prescribing or dispensing of or using for scientific purposes any controlled substance within th[e] state must first: (1) [o]btain and possess a current license or permit as a medical practitioner as defined in § 32–1901" Ariz. Rev. Stat. Ann. section 36–2522(A)(1) (2024). Section 32–1901 defines a "[m]edical practitioner" as "any medical doctor . . . or other person who is licensed and authorized by law to use and prescribe drugs and devices to treat sick and injured human beings or animals or to diagnose or prevent sickness in human beings or animals in [Arizona] or any state, territory or district of the United States." *Id.* section 32–1901.

Here, the undisputed evidence in the record is that Respondent lacks authority to practice as a physician assistant in Arizona. As discussed above, only a licensed medical practitioner can dispense controlled substances in Arizona. Thus, because Respondent lacks authority to practice as a physician assistant in Arizona, and therefore is not a licensed medical practitioner, Respondent is not eligible to maintain a DEA registration. Accordingly, the Agency will order that Respondent's DEA registration be revoked.

Order

Pursuant to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 824(a), I hereby revoke DEA Certificate of Registration No. MP7845766 issued to Herold Pierre-Louis, P.A. Further,

the laws of the state in which he practices. See, e.g., *James L. Hooper, M.D.*, 76 FR 71371, 71372; *Sheran Arden Yeates, M.D.*, 71 FR 39130, 39131 (2006); *Dominick A. Moreover, because "the controlling question" in a proceeding brought under 21 U.S.C. 824(a)(3) is whether the holder of a practitioner's registration "is currently authorized to handle controlled substances in the [S]tate," *Hooper*, 76 FR 71371 (quoting *Anne Lazar Thorn*, 62 FR 12847, 12848 (1997)), the Agency has also long held that revocation is warranted even where a practitioner is still challenging the underlying action. *Bourne Pharmacy*, 72 FR 18273, 18274 (2007); *Wingfield Drugs*, 52 FR 27070, 27071 (1987). Thus, it is of no consequence that Respondent is still challenging the underlying action here, see Respondent's Answer, at 2; Respondent's Motion to Continue Show Cause Hearing. What is consequential is the Agency's finding that Respondent is not currently authorized to dispense controlled substances in Arizona, the state in which he is registered with the DEA. *Adley Dasilva, P.A.*, 87 FR 69341, 69341 n.2 (2022); see also Order Denying Respondent's Motion to Continue.

pursuant to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 823(g)(1), I hereby deny any pending applications of Herold Pierre-Louis, P.A., to renew or modify this registration, as well as any other pending application of Herold Pierre-Louis, P.A., for additional registration in Arizona. This Order is effective March 10, 2025.

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

James T. Craig, D.D.S.; Decision and Order

On May 24, 2023, the Drug Enforcement Administration (DEA or Government) issued an Order to Show Cause (OSC) to James T. Craig, D.D.S., of Aurora, Colorado (Registrant). Request for Final Agency Action (RFAA), Exhibit (RFAAX) 2, at 1, 3. The OSC proposed the revocation of Registrant's Certificate of Registration No. FC0032348, alleging that Registrant's registration should be revoked because Registrant is "currently without authority to prescribe, administer, dispense, or otherwise handle controlled substances in Colorado, the state in which [he is] registered with DEA." *Id.* at 2 (citing 21 U.S.C. 824(a)(3)).¹

¹ According to Agency records, Registrant's registration expired on August 31, 2024. The fact that a registrant allows his registration to expire during the pendency of an OSC does not impact the Agency's jurisdiction or prerogative under the Controlled Substances Act (CSA) to adjudicate the OSC to finality. *Jeffrey D. Olsen, M.D.*, 84 FR 68474, 68476-79 (2019).

The OSC notified Registrant of his right to file a written request for hearing, and that if he failed to file such a request, he would be deemed to have waived his right to a hearing and be in default. *Id.* at 2 (citing 21 CFR 1301.43). Here, Registrant did not request a hearing. RFAA, at 2.² "A default, unless excused, shall be deemed to constitute a waiver of the registrant's/applicant's right to a hearing and an admission of the factual allegations of the [OSC]." 21 CFR 1301.43(e).

Further, "[i]n the event that a registrant . . . is deemed to be in default . . . DEA may then file a request for final agency action with the Administrator, along with a record to support its request. In such circumstances, the Administrator may enter a default final order pursuant to [21 CFR] § 1316.67." *Id.* § 1301.43(f)(1). Here, the Government has requested final agency action based on Registrant's default pursuant to 21 CFR 1301.43(c), (f), 1301.46. RFAA, at 3; *see also* 21 CFR 1316.67.

Findings of Fact

The Agency finds that, in light of Registrant's default, the factual allegations in the OSC are admitted. According to the OSC, on March 23, 2023, Registrant's Colorado dental license was suspended. RFAAX 2, at 1-2. According to Colorado online records, of which the Agency takes official notice, Registrant's Colorado dentist license is revoked.³ Colorado Division of Professions and Occupations License Search, <https://apps2.colorado.gov/dora/licensing/lookup/licenselookup.aspx> (last visited date of signature of this Order).

² Based on the Government's submissions in its RFAA dated July 18, 2024, the Agency finds that service of the OSC on Registrant was adequate. Specifically, the included Declaration from a DEA Diversion Investigator (DI) indicates that on May 26, 2023, Registrant was personally served a copy of the OSC at the Arapahoe County Detention Center in Centennial, Colorado, where Registrant remained incarcerated. RFAAX 3, at 2.

³ Under the Administrative Procedure Act, an agency "may take official notice of facts at any stage in a proceeding—even in the final decision." United States Department of Justice, Attorney General's Manual on the Administrative Procedure Act 80 (1947) (Wm. W. Gaunt & Sons, Inc., Reprint 1979). Pursuant to 5 U.S.C. 556(e), "[w]hen an agency decision rests on official notice of a material fact not appearing in the evidence in the record, a party is entitled, on timely request, to an opportunity to show the contrary." Accordingly, Registrant may dispute the Agency's finding by filing a properly supported motion for reconsideration of findings of fact within fifteen calendar days of the date of this Order. Any such motion and response shall be filed and served by email to the other party and to the DEA Office of the Administrator, Drug Enforcement Administration at dea.addo.attorneys@dea.gov.

Accordingly, the Agency finds that Registrant is not licensed to practice as a dentist in Colorado, the state in which he is registered with DEA.

Discussion

Pursuant to 21 U.S.C. 824(a)(3), the Attorney General is authorized to suspend or revoke a registration issued under 21 U.S.C. 823 "upon a finding that the registrant . . . has had his State license or registration suspended . . . With respect to a practitioner, DEA has also long held that the possession of authority to dispense controlled substances under the laws of the state in which a practitioner engages in professional practice is a fundamental condition for obtaining and maintaining a practitioner's registration. *Gonzales v. The very definition of a 'practitioner' eligible to prescribe includes physicians 'licensed, registered, or otherwise permitted, by the United States or the jurisdiction in which he practices' to dispense controlled substances. § 802(21)."). The Agency has applied these principles consistently. *See, e.g., James L. Hooper, M.D.*, 76 FR 71371, 71372 (2011), *pet. for rev. denied*, 481 F. According to Colorado statute, "dispense" means "to deliver a controlled substance to an ultimate user,

⁴ This rule derives from the text of two provisions of the CSA. Further, a “practitioner” means a “physician . . . or other person licensed, registered, or otherwise permitted, by this state, to distribute, dispense, conduct research with respect to, administer, or to use in teaching or chemical analysis, a controlled substance in the course of professional practice or research.” *Id.* section 18–18–102(29).

Here, the undisputed evidence in the record is that Registrant lacks authority to practice as a dentist in Colorado. As discussed above an individual must be a licensed practitioner to dispense a controlled substance in Colorado. Thus, because Registrant lacks authority to practice as a dentist in Colorado and, therefore, is not authorized to handle controlled substances in Colorado, Registrant is not eligible to maintain a DEA registration. Accordingly, the Agency will order that Registrant’s DEA registration be revoked.

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) has published a final site-specific environmental impact statement (EIS), issued as NUREG–1437, Supplement 2, Second Renewal, “Site-Specific Environmental Impact Statement for License Renewal of Nuclear Plants Regarding Subsequent License Renewal for Oconee Nuclear Station, Units 1, 2, and 3, Final Report.” This EIS evaluates, on a site-specific basis, the environmental impacts of subsequent renewal of Renewed Facility Operating License Nos. DPR–38, DPR–47, and DPR–55 for an additional 20 years of operation for Oconee Nuclear Station, Units 1, 2, and 3 (Oconee Station), respectively. Oconee Station is located in Seneca, South Carolina, approximately 30 miles west of Greenville. Possible alternatives to the proposed action of subsequent license renewal for Oconee Station include the no-action alternative, a new nuclear alternative, a natural gas combined-cycle alternative, and a combination alternative.

DATES: NUREG–1437, Supplement 2, Second Renewal, is available as of February 3, 2025.

SUPPLEMENTARY INFORMATION:

I. Background

In accordance with section 51.118 of title 10 of the *Code of Federal Regulations*, “Final environmental impact statement—notice of availability,” the NRC is making available for public inspection site-specific NUREG–1437, Supplement 2, Second Renewal, regarding the subsequent renewal of Duke Energy Carolinas’ (Duke Energy) Renewed Facility Operating License Nos. DPR–38, DPR–47, and DPR–55 for an additional 20 years of operation for Oconee Station. A notice of availability of the site-specific draft of NUREG–1437, Supplement 2, Second Renewal, was published in the *Federal Register* on February 13, 2024, by the NRC (89 FR 10107) and on February 16, 2024, by the Environmental Protection Agency (89 FR 12335). The public comment period on the draft site-specific EIS ended on April 1, 2024, and the comments received are addressed in the final EIS.

II. Discussion

As discussed in Chapter 4 of NUREG–1437, Supplement 2, Second Renewal, the NRC staff’s recommendation is that the adverse environmental impacts of subsequent license renewal for Oconee Station for an additional 20 years beyond the expiration dates of the initial renewed licenses are not so great

that preserving the option of subsequent license renewal for energy-planning decisionmakers would be unreasonable. This recommendation is based on: (1) Duke Energy’s environmental report, as supplemented; (2) the NRC staff’s consultations with Federal, State, Tribal, and local government agencies; (3) the NRC staff’s independent environmental review, which is documented in NUREG–1437, Supplement 2, Second Renewal; and (4) the NRC staff’s consideration of public comments.

Dated: February 4, 2025.

SUPPLEMENTARY INFORMATION:**Table of Contents**

- I. Introduction
- II. Public Proceeding(s)
- III. Summary Proceeding(s)

I. Introduction

Pursuant to 39 CFR 3041.405, the Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to Competitive negotiated service agreement(s). The request(s) may propose the addition of a negotiated service agreement from the Competitive product list or the modification of an existing product currently appearing on the Competitive product list.

The public portions of the Postal Service's request(s) can be accessed via the Commission's website (<http://www.prc.gov>). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance with the requirements of 39 CFR 3011.301.¹

Section II identifies the docket number(s) associated with each Postal Service request, if any, that will be reviewed in a public proceeding as defined by 39 CFR 3010.101(p), the title of each such request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each such request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 and 39 CFR 3000.114 (Public Representative). Section II also establishes comment deadline(s) pertaining to each such request.

The Commission invites comments on whether the Postal Service's request(s) identified in Section II, if any, are consistent with the policies of title 39. Applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3035, and 39 CFR part 3041. Comment deadline(s) for each such request, if any, appear in Section II.

Section III identifies the docket number(s) associated with each Postal Service request, if any, to add a standardized distinct product to the Competitive product list or to amend a standardized distinct product, the title of each such request, the request's acceptance date, and the authority cited by the Postal Service for each request. Standardized distinct products are negotiated service agreements that are variations of one or more Competitive products, and for which financial

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–102322; File No. SR–LTSE–2025–01]

Self-Regulatory Organizations; Long-Term Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Fee Schedule To Establish Section C and Adopt Connectivity Fees for Cross-Connects at the Primary, Disaster Recovery and Test Environment Facilities

February 3, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on January 23, 2025, Long-Term Stock Exchange, Inc. (“LTSE” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Item I below, which Item has been substantially prepared by the Exchange. The Exchange has designated this proposal for immediate effectiveness pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b–4(f) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing with the Securities and Exchange Commission (“Commission”) a proposed rule change to amend the LTSE Fee Schedule (the “Fee Schedule”) to establish Section C and adopt Connectivity Fees for Cross-Connects at the Primary, Disaster Recovery and Test Environment facilities. The Exchange also proposes to adopt Connectivity Fees for Logical Connectivity (all environments), effective January 23, 2025.⁵

The text of the proposed rule change is available at the Exchange’s website at <https://ltse.com/regulation/rule-filings>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

The proposed rule change, including the Exchange’s statement of the purpose of, and statutory basis for, the proposed rule change, is available on the Exchange’s website at <https://ltse.com/regulation/rule-filings>, and on the Commission’s website at https://www.sec.gov/rules-regulations/self-regulatory-organization-rulemaking/national-securities-exchanges?file_number=SR-LTSE-2025-01.

II. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.⁶ Comments may be submitted electronically by using the Commission’s internet comment form
