The Broadcasting Board of Governors' mission is to promote freedom and democracy and to enhance understanding by broadcasting accurate, objective, and balanced news and information about the United States and the world to audiences abroad.

The Broadcasting Board of Governors (BBG) became an independent agency on October 1, 1999, by authority of the Foreign Affairs Reform and Restructuring Act of 1998 (22 U.S.C. 6501 note). It is composed of nine members. Eight members are appointed by the President and confirmed by the Senate; the ninth, an ex-officio member, is the Secretary of State.

The BBG serves as the governing body for all nonmilitary U.S. broadcasting and provides programming in 56 languages via radio, television, and the Internet. The BBG broadcast services include the Voice of America, the Office of Cuba Broadcasting, Radio Free Europe/Radio Liberty, Radio Free Asia, and the Middle East Broadcasting Networks.

All BBG broadcast services adhere to the broadcasting standards and principles of the International Broadcasting Act of 1994, which include reliable, accurate, and comprehensive news; balanced and comprehensive presentations of U.S. thought, institutions, and policies, as well as discussions about those policies; information about developments throughout the world; and a variety of opinions from nations around the world.

Activities

International Broadcasting Bureau The International Broadcasting Bureau (IBB) provides human resource, EEO, procurement, security, information technology, public affairs, administrative, research, and program evaluation services to the Voice of America and Radio/TV Marti. It also provides

marketing, program placement, and transmission services for all the BBG broadcast organizations, managing a global network of transmitting sites and an extensive system of leased satellite and fiber optic circuits, along with a rapidly growing Internet delivery system. The IBB Office of Policy produces U.S. government editorials broadcast daily on VOA. Internet, www.ibb.gov.

Voice of America Voice of America (VOA) is an independent international multimedia broadcasting service of the U.S. government. VOA programs are produced and broadcast in 44 languages. More than 1,200 VOA affiliate radio and television stations around the world download programs through satellite and digital audio (MP3) technology. Internet, www.voanews.com.

Radio Free Europe/Radio Liberty Radio Free Europe/Radio Liberty (RFE/RL) is an international communications service to Eastern Europe, the Caucasus, and Central and Southwestern Asia. All language services are staffed and directed by native speakers and maintain Web sites which offer podcasting, syndication, and feedback options, while several services also offer regular toll-free hotlines to callers in Asia. RFA is funded by an annual grant from the Broadcasting Board of Governors. Internet, www.rfa.org.
