FUEL OIL
PRIMARY
SUPPLIERS

MARCH 1943

UNITED STATES
OFFICE OF PRICE ADMINISTRATION
WASHINGTON, D. C.

The registration listing of primary suppliers showing the name, address, the registration number and the primary supplier number assigned is issued monthly as a guide and in no way is it intended to officially include all primary suppliers within the 48 States and District of Columbia and Puerto Rico. This list is issued as of February 2, 1943, and does contain all primary suppliers registered with the Government and with the Civilian Control Administration. Inasmuch as primary supplier registrations are an ever-changing picture, that is new registrations and cancellations going on all the time, this list cannot be listed as an official index.

The registration number will follow the name and address of the primary supplier in all cases.
