PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-41. A concurrent resolution adopted by the Legislature of the State of Louisiana urging and requesting the United States Congress to not support legislation, or other efforts, relating to the adoption of a central bank digital currency in the United States; to the Committee on Banking, Housing, and Urban Affairs.

HOUSE CONCURRENT RESOLUTION NO. 71

Whereas, on March 9, 2022, President Joseph R. Biden issued Executive Order 14067 (executive order), "Ensuring Responsible Development of Digital Assets", to establish a broad interagency effort to study and develop a United States central bank digital currency (CBDC); and

Whereas, the executive order established an interagency effort to develop "Policy and Actions Related to United States Central Bank Digital Currencies"; and

Whereas, the executive order states, "within 180 days of the date of this order, the Secretary of the Treasury, in consultation with the Secretary of State, the Attorney General, the Secretary of Commerce, the Secretary of Homeland Security, the Director of the Office of Management and Budget, the Director of National Intelligence, and the heads of other relevant agencies, shall submit to the President a report on the future of money and payment systems"; and

Whereas, the executive order states the term "central bank digital currency" or CBDC refers to a form of digital money or monetary value, denomination in the national unit of account, that is a direct liability of the central bank; and

Whereas, the executive order requires the United States attorney general, together with the secretary of the Treasury and the chairman of the Federal Reserve, to provide the president a legislative proposal for a CBDC within two hundred ten days of the executive order; and

Whereas, The Federal Reserve bank of New York and ten financial institutions completed testing of certain features related to a CBDC in 2022; and

Whereas, the CBDC under development and testing pursuant to the executive order will include programmable design features that will control the ability of a person to freely utilize the CBDC; and

Whereas, a United States CBDC raises significant concerns over privacy for individuals and businesses in Louisiana; and

Whereas, the adoption of a CBDC by the federal government would be an unacceptable expansion of federal authority; and

Whereas, the adoption of a CBDC by the federal government would hand over to the Federal Reserve unprecedented control of the lives, freedoms, choices, and sovereignty of the people of Louisiana. Therefore, be it

*Resolved*, That the Legislature of Louisiana does hereby urge the United States Congress not to support legislation, or other efforts, relating to the adoption of a central bank digital currency in the United States. Be it further

*Resolved*, That a copy of this Resolution be transmitted to the president of the United States, the presiding officers of the Senate and the House of Representatives of the

United States Congress, the chairman of the Federal Reserve, the secretary of the Treasury, and each member of the Louisiana congressional delegation.

POM-42. A concurrent resolution adopted by the Legislature of the State of Louisiana urging the United States Congress to take such actions as are necessary to establish Fort Jackson in Plaquemines Parish as a national park; to the Committee on Energy and Natural Resources.

HOUSE CONCURRENT RESOLUTION NO. 42

Whereas, on August 25, 1916, President Woodrow Wilson signed the "Organic Act" creating the National Park Service, a federal bureau in the Department of the Interior responsible for maintaining national parks and monuments; and

Whereas, today, the National Park Service manages four hundred individual units which cover more than eighty-five million acres in all fifty states, the District of Columbia, and US territories; and

Whereas, the National Park System also includes more than one hundred fifty related areas and numerous programs that assist in conserving the nation's natural and cultural heritage; and

Whereas, Fort Jackson is situated thirty-two nautical miles from the Gulf of Mexico and sixty-five miles in a southeasterly direction from New Orleans on the west bank of the Mississippi River in Plaquemines Parish and possesses nationally significant natural and cultural resources; and

Whereas, construction of Fort Jackson was begun in 1822 upon the recommendation of its namesake General Andrew Jackson who recognized the need for additional fortifications to protect the mouth of the Mississippi River from attack; and

Whereas, the construction of star-shaped Fort Jackson was completed in 1832, and the fort was readied for service during the Mexican War in 1846; and

Whereas, in April of 1862, Fort Jackson was the site of an important battle of the Civil War, sustaining days of shelling as Confederate troops fought, to prevent Union forces from reaching New Orleans; and

Whereas, Fort Jackson was donated to Plaquemines Parish in 1960 and since that time the parish and its people have invested in the conservation and renovation of the fort, which efforts have made it one of the principal historical attractions in the region. Now, therefore, be it

*Resolved*, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to establish Fort Jackson in Plaquemines Parish as a national park; and be it further

*Resolved*, That a copy of this Resolution be transmitted to the presiding officers of the

Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-43. A concurrent resolution adopted by the Legislature of the State of Louisiana urging the United States Congress to take such actions as are necessary to codify the terminology of "solar compound" and "wind installation" in lieu of "solar farm" and "wind farm"; to the Committee on Energy and Natural Resources.

#### HOUSE CONCURRENT RESOLUTION NO. 131

Whereas, the state of Louisiana is a proud agricultural state that values the importance of farming and the production of crops; and

Whereas, the development of renewable energy sources such as solar and wind power has become increasingly important in reducing our reliance on fossil fuels and protecting our environment; and

Whereas, the terminology used to describe these renewable energy sources is important in accurately conveying their purpose and function; and

Whereas, the terms "solar farm" and "wind farm" are misleading and inaccurate because they do not produce food or other crops; and

Whereas, the use of these terms can cause confusion and misrepresentation of the purpose of these installations; and

Whereas, Congress has always supported farming and the agricultural industry. Therefore, be it

*Resolved*, that the Louisiana Legislature does hereby memorialize the United States Congress to take such actions as are necessary to codify the terminology of "solar compound" and "wind installation" in lieu of "solar farm" and "wind farm" to accurately reflect the purpose and function of these renewable energy sources. Be it further,

*Resolved*, that a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America, the president of the United States, the governor of Louisiana, and to each member of the Louisiana congressional delegation.

EC-2092. A communication from the Director of Congressional Affairs, Nuclear Regulatory Commission, transmitting, pursuant to law, the report of a rule entitled "Inflation Adjustments to the Price-Anderson Act Financial Protection Regulations" (RIN3150-AL01), received during

adjournment of the Senate in the Office of the President of the Senate on September 8, 2023; to the Committee on Environment and Public Works.

EC-2093. A communication from the Administrator of the Environmental Protection Agency, transmitting, pursuant to law, a report entitled "Report Describing the Administrator's Use of the Ranking Criteria Described CERCLA 104(k)(6)(C) in Awarding Brownfields Grants"; to the Committee on Environment and Public Works.

EC-2094. A communication from the Assistant Administrator, Environmental Protection Agency, transmitting, pursuant to law, a report entitled "Drinking Water Infrastructure Needs Survey and Assessment: the Seventh Report to Congress"; to the Committee on Environment and Public Works.

EC-2095. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; AK; Revisions to Ice Fog and Sulfur Dioxide Regulations" (FRL No. 10419-02-R10), received during adjournment of the Senate in the Office of the President of the Senate on August 23, 2023; to the Committee on Environment and Public Works.

EC-2096. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Second 10-Year Maintenance Plan for the Coso Junction PM-10 Planning Area; California; Correcting Amendment" (FRL No. 10529-03-R9), received during adjournment of the Senate in the Office of the President of the Senate on August 23, 2023; to the Committee on Environment and Public Works.

EC-2097. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; Pennsylvania; Revisions to Plan Approval and Operating Permit Fees Rule and Title V Operating Permit Program" (FRL No. 10673-02-R3), received during adjournment of the Senate in the Office of the President of the Senate on August 23, 2023; to the Committee on Environment and Public Works.

EC-2098. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "New Source Performance Standards Review for Steel Plants: Electric Arc Furnaces Constructed After 10/21/74 & On or Before 8/17/83; Standards of Performance for Steel Plants:

Electric Arc Furnaces & Argon-Oxygen Decarburization Constructed After 8/17/83 And On Or Before May 16, 2022; Standards of Performance for Steel Plants: Electric Arc Furnaces and Argon-Oxygen Decarburization Vessels Constructed After May 16, 2022" ((RIN2060-AU96)(FRL No. 8150-01-OAR)), received during adjournment of the Senate in the Office of the President of the Senate on August 23, 2023; to the Committee on Environment and Public Works.

EC-2099. A communication from the Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; North Carolina; Volatile Organic Compound Regulations; Corrections" (FRL No. 9242-03-R4), received in the Office of the President of the Senate on September 6, 2023; to the Committee on Environment and Public Works.

EC-2100. A communication from the Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Approval of the Clean Air Act, Authority for Hazardous Air Pollutants: Air Emissions Standards for Halogenated Solvent Cleaning Machines; State of Rhode Island Department of Environmental Management" (FRL No. 10498-02-R1), received in the Office of the President of the Senate on September 6, 2023; to the Committee on Environment and Public Works.

EC-2101. A communication from the Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; Connecticut; New Source Review Permit Program State Plan Revision" (FRL No. 10876-02-R1), received in the Office of the President of the Senate on September 6, 2023; to the Committee on Environment and Public Works.

EC-2102. A communication from the Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; North Carolina; Bulk Gasoline Plants, Terminals Vapor Recovery Systems; Correction" (FRL No. 10991-03-R4), received in the Office of the President of the Senate on September 6, 2023; to the Committee on Environment and Public Works.

EC-2103. A communication from the Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; New Hampshire; Reasonable Available Control Technology for the 2008 and 2015 Ozone Standards" (FRL No. 11025-02-R1), received in the Office of the President of the Senate on

September 6, 2023; to the Committee on Environment and Public Works.

EC-2104. A communication from the Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; Rhode Island; Organic Solvent Cleaning Regulation" (FRL No. 11046-02-R1), received in the Office of the President of the Senate on September 6, 2023; to the Committee on Environment and Public Works.

EC-2105. A communication from the Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Amendments to the 'Revised Definition of "Waters of the United States"'" (FRL No. 11132-01-OW), received in the Office of the President of the Senate on September 6, 2023; to the Committee on Environment and Public Works.

EC-2106. A communication from the Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "National Priorities List" (FRL No. 11235-02-OLEM), received in the Office of the President of the Senate on September 6, 2023; to the Committee on Environment and Public Works.

EC-2107. A communication from the Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Freedom of Information Act Regulations Update; Phase II" ((RIN2025-AA38)(FRL No. 5630-01-OGC)), received during adjournment of the Senate in the Office of the President of the Senate on September 8, 2023; to the Committee on Environment and Public Works.

EC-2108. A communication from the Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; Pennsylvania; Liberty Borough Area Second 10-Year PM10 Limited Maintenance Plan" (FRL No. 10907-02-R3), received during adjournment of the Senate in the Office of the President of the Senate on September 8, 2023; to the Committee on Environment and Public Works.

EC-2109. EC-2110. A communication from the Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; Ohio; Approval of the Muskingum River SO2 Attainment Plan" (FRL No. 11047-02-R5), received during adjournment of the Senate in the Office of the President of the Senate on September 8, 2023; to the Committee on Environment and Public Works.

EC-2111. A communication from the Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; Texas; Clean Air Act Requirements for Enhanced Vehicle Inspection and Maintenance" (FRL No. 11279-01-R6), received during adjournment of the Senate in the Office of the President of the Senate on September 8, 2023; to the Committee on Environment and Public Works.

EC-2112. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; South Carolina; New Source Review Updates" (FRL No. 10011-02-R4), received in the Office of the President of the Senate on September 12, 2023; to the Committee on Environment and Public Works.

EC-2113. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; California; San Diego County Air Pollution Control District; Oxides of Nitrogen" (FRL No. 10126-02-R9), received in the Office of the President of the Senate on September 12, 2023; to the Committee on Environment and Public Works.

EC-2114. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; Texas; Updates to Public Notice and Procedural Rules and Removal of Obsolete Provisions" (FRL No. 10892-02-R6), received in the Office of the President of the Senate on September 12, 2023; to the Committee on Environment and Public Works.

EC-2115. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Alternate PCB Extraction Methods and Amendments to PCB Cleanup and Disposal Regulations" (FRL No. 7122-03-OLEM), received in the Office of the President of the Senate on

September 12, 2023; to the Committee on Environment and Public Works.

EC-2116. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; Renewable Fuel Standard (RFS) Program: Standards for 2023-2025 and Other Changes: Correction" ((RIN2060-AV14)-(FRL No. 8514-03-OAR)), received in the Office of the President of the Senate on September 12, 2023; to the Committee on Environment and Public Works.

EC-2117. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; North Carolina; Volatile Organic Compound Regulations" (FRL No. 9242-02-R4), received in the Office of the President of the Senate on September 12, 2023; to the Committee on Environment and Public Works.

EC-2118. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; North Carolina; Air Quality Control, Revisions to Particulates from Fugitive Dust Emissions Sources Rule" (FRL No. 9991-02-R4), received in the Office of the President of the Senate on September 12, 2023; to the Committee on Environment and Public Works.

EC-2119. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; WA; Smoke Management Plan Update" (FRL No. 10545-02-R10), received in the Office of the President of the Senate on September 12, 2023; to the Committee on Environment and Public Works.

EC-2120. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; Texas; Oil and Natural Gas Reasonably Available Control Technology in the Dallas-Fort Worth and Houston-Galveston-Brazoria Ozone Nonattainment Areas" (FRL No. 10583-02-R6), received in the Office of the President of the Senate on September 12, 2023; to the Committee on Environment and Public Works.

EC-2121. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; Florida; Revision of Excess Emissions Provisions and Emission

Standards; Amendments to Stationary Sources - Emission Standards" (FRL No. 10928-02-R4), received in the Office of the President of the Senate on September 12, 2023; to the Committee on Environment and Public Works.

EC-2122. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; North Carolina; Bulk Gasoline Plants, Terminals Vapor Recovery Systems" (FRL No. 10991-02-R4), received in the Office of the President of the Senate on September 12, 2023; to the Committee on Environment and Public Works.

EC-2123. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; Georgia; Miscellaneous Rule Revisions to Gasoline Dispensing Facility - Stage I" (FRL No. 11008-02-R4), received in the Office of the President of the Senate on September 12, 2023; to the Committee on Environment and Public Works.

EC-2124. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; TN; 2010 1-Hour SO2 NAAQS Transport Infrastructure" (FRL No. 11020-02-R4), received in the Office of the President of the Senate on September 12, 2023; to the Committee on Environment and Public Works.

EC-2125. A communication from the Associate Director of the Regulatory Management Division, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Air Plan Approval; North Carolina; Update to Materials Incorporated by Reference" (FRL No. 10177-01-R4), received in the Office of the President of the Senate on September 12, 2023; to the Committee on Environment and Public Works.

#### PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-44. A concurrent memorial adopted by the Legislature of the State of Arizona urging the United States Congress to support hunting, angling, and wildlife conservation; to the Committee on Environment and Public Works.

#### HOUSE CONCURRENT MEMORIAL NO. 2005

Whereas, states are the primary caretakers of fish and wildlife through the public trust doctrine; and

Whereas, the American system of conservation funding depends heavily on the financial support of hunters and anglers, who make the largest monetary contributions to the conservation of fish and wildlife through their purchases of licenses and hunt permits and excise taxes on ammunition and outdoor recreation equipment; and

Whereas, the historic uses of Arizona's rivers, lakes, streams, forests and rural lands over several centuries have included hunting and angling; and

Whereas, Arizona has a rich, historic tradition of hunting and angling that dates back to before statehood and continues to this day; and

Whereas, Arizona's wildlife is held in the public trust, one of the core concepts guaranteeing opportunities for all citizens to participate in hunting, angling and wildlife conservation; and

Whereas, Arizona's sportsmen and sportswomen were among the first conservationists to support the establishment of the Arizona Game and Fish Department (AZGFD) to conserve fish and wildlife and their habitats and to help fund state efforts to provide for healthy natural resources; and

Whereas, Arizona sportsmen and sportswomen continue to provide the funding for the AZGFD, which is the primary steward of the state's fish and wildlife resources; and

Whereas, more than 500,000 hunters and anglers in Arizona represent an economic powerhouse with spending that exceeds \$900 million per year and an economic impact of \$1.34 billion to this state; and

Whereas, Arizona's hunting and angling industries are a vital economic driver, supporting more than 17,000 jobs that generate \$314 million in salaries and wages and creating economic opportunity, particularly in rural communities; and

Whereas, the annual spending by Arizona's hunters and anglers generates \$58 million in state revenue; and

Whereas, AZGFD successfully conserves and protects more than 800 native wildlife species; and

Whereas, hunting and angling provide the financial backbone for world-class stewardship of natural resources through a "user pays-public benefits" approach that represents the world's most effective system of fish and wildlife management; and

Whereas, hunters and anglers must respect private property rights while they are engaged in their hunting and angling endeavors; and

Whereas, National Hunting and Fishing Day was established in 1972 and is celebrated the fourth Saturday of each September to recognize hunters and anglers for their immense contributions to fish and wildlife conservation and to society; and

Whereas, hunting and angling in Arizona are a vital part of the state and local historic

customs, culture, heritage and economies. Wherefore your memorialist, the House of Representatives of the State of Arizona, the Senate concurring, prays:

1. That the United States Congress respect the historic and current use of Arizona's recreational areas by sportsmen and sportswomen, support the time-honored Arizona traditions of hunting and angling, the very backbone of conservation, and respect the administration of wildlife conservation through the sound science delivered by the Arizona Game and Fish Department and science-based policies developed by the Arizona Game and Fish Commission.

2. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.

POM-45. A concurrent memorial adopted by the Legislature of the State of Arizona urging the President of the United States and the United States Congress to halt the imposition of unrealistic ozone standards on the state of Arizona; to the Committee on Environment and Public Works.

#### HOUSE CONCURRENT MEMORIAL NO. 2008

Whereas, on September 16, 2022, the United States Environmental Protection Agency (EPA) reclassified Maricopa County as a moderate nonattainment area for ozone limits under the Clean Air Act; and

Whereas, the EPA under the Biden Administration is trying to force the adoption of ozone control measures on the State of Arizona and its individual citizens, motorists and businesses that would devastate the economy; and

Whereas, the main contributor to nonattainment for Maricopa County was the adoption of the 2015 EPA guidelines, which dropped acceptable ozone levels from 75ppb to 70ppb; and

Whereas, multiple studies have shown that higher ozone levels in Maricopa County are being caused by natural events and that external activity outside the state is beyond the scope and control of the citizens of this state; and

Whereas, there is no evidence that any of the control measures being considered, including additional regulations on business, expanding transit, adopting vision-zero zoning programs or vehicle trip reduction requirements will result in Maricopa County reaching attainment; and

Whereas, the Maricopa Association of Governments has issued public statements acknowledging that the removal of all 4,000,000 internal combustion vehicles in the metropolitan Phoenix area would not bring Maricopa County into compliance with the

ozone requirements mandated by the EPA; and

Whereas, during the Covid-19 pandemic in 2020 ozone levels increased from 79ppb to 87ppb despite the fact that most vehicular and business activity was halted in Maricopa County; and

Whereas, the imposition of fines and penalties or the withholding of Arizona's share of federal transportation dollars by the EPA for nonattainment would be coercive and unfairly punitive to the citizens of this state. Wherefore your memorialist, the House of Representatives of the State of Arizona, the Senate concurring, prays:

1. That the Biden Administration and the United States Congress stop the United States Environmental Protection Agency from imposing coercive and likely unconstitutional penalties on Arizona to comply with an ozone standard that is impossible to attain through any of the control measures being considered.

2. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.

POM-46. A concurrent memorial adopted by the Legislature of the State of Arizona urging the United States Congress to appropriate monies and federal entities to develop solutions to eradicate salt cedars in Arizona waterways; to the Committee on Environment and Public Works.

#### HOUSE CONCURRENT MEMORIAL NO. 2006

Whereas, the salt cedar tree, also known as the tamarisk, was brought to the United States in the 1800s as an ornamental plant to stabilize soil and control erosion; and

Whereas, salt cedars are now listed as an invasive species by the United States Department of Agriculture; and

Whereas, salt cedars spread prolifically by both seed and sprouting, congesting thousands of acres of river land in Arizona; and

Whereas, the density of salt cedars creates dangerous conditions by congesting flood-prone areas, impeding water flow and exacerbating the impact of flooding; and

Whereas, by increasing the frequency and intensity of wildfires, salt cedars threaten existing and future infrastructure in surrounding communities; and

Whereas, this invasive plant out-competes native cottonwood, mesquite and willow and displaces riparian and other wildlife habitats by altering the ecology and hydrology of native systems; and

Whereas, each salt cedar tree consumes 200 to 300 gallons of water a day, which lowers

the water table and creates large deposits of salt in the soil; and

Whereas, salt cedars negatively impact Arizona's economy by jeopardizing agriculture due to high water usage, tending to obstruct irrigation canals and limiting recreational opportunities; and

Whereas, eliminating salt cedars will sustain precious water supplies, reduce the risk of environmental disasters and minimize structural and ecological damage and loss of life.

Wherefore your memorialist, the House of Representatives of the State of Arizona, the Senate concurring, prays:

1. That the United States Congress appropriate monies to the State of Arizona to eradicate salt cedars from Arizona waterways.

2. That the United States Department of the Interior and the United States Department of Agriculture develop innovative solutions to control the proliferation of salt cedars.

3. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, the Secretary of the United States Department of the Interior, the Secretary of the United States Department of Agriculture and each Member of Congress from the State of Arizona.

POM-47. A resolution adopted by the Senate of the State of Michigan urging the United States Congress to allocate 425 million dollars for the Great Lakes Restoration Initiative in the fiscal year 2024 budget; to the Committee on Environment and Public Works.

#### SENATE RESOLUTION NO. 15

Whereas, The Great Lakes are a critical resource for our nation, supporting the economy and a way of life in Michigan and the other seven states within the Great Lakes region. The Great Lakes hold 21 percent of the world's surface freshwater and 84 percent of the United States' surface freshwater supply. This globally significant freshwater resource provides drinking water for more than 30 million people and directly supports 1.3 million jobs, generating \$82 billion in wages; and

Whereas, The Great Lakes Restoration Initiative (GLRI) has provided crucial funding to support long overdue work to protect and restore the Great Lakes. In partnership with the states, local governments, and other organizations, the federal government has invested more than \$3 billion and supported over 6,800 projects since 2010, including over \$600 million for more than 2,100 projects in Michigan. These projects have cleaned up toxic pollution, reduced runoff from cities and farms,

combated invasive species, and restored fish and wildlife habitats; and

Whereas, The GLRI has made a significant difference and represents a sound investment in both the environment and the economies of the Great Lakes region. A 2018 study calculated that for every federal dollar invested in Great Lakes restoration there is an additional \$3.35 in economic activity, with older industrial cities like Detroit seeing an even higher return on investment; and

Whereas, Far more work needs to be done. Whether toxic algal blooms contaminating water supplies of Lake Erie, invasive carp threatening billion-dollar fisheries, or contaminated sediments restricting recreational opportunities, substantial limitations and threats to the use of the Great Lakes remain. These problems require a collaborative effort to solve; and

Whereas, The United States Congress allocated \$368 million to the GLRI as part of the federal spending bill for Fiscal Year 2023. While a \$279.8 million increase from Fiscal Year 2022, this allocation is less than the \$400 million that the GLRI was authorized to receive. This shortfall ignores the national significance of our country's largest reserve of drinkable, surface freshwater and jeopardizes the momentum from more than a decade of unprecedented regional cooperation. It is a short-sighted, short-term cost-savings measure with long-term implications. Restoration efforts will only become more expensive and more difficult if they are not addressed in the coming years. The federal government needs to remain an active partner with the Great Lakes Region; now, therefore, be it

*Resolved by the Senate,* That we urge the United States Congress to allocate \$425 million for the Great Lakes Restoration Initiative in the Fiscal Year 2024 budget; and be it further

*Resolved,* That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

POM-48. A resolution adopted by the House of Representatives of the State of Louisiana urging the United States Environmental Protection Agency to take such actions as are necessary to timely review and grant the State of Louisiana's application for primacy in the administration of Class VI injection well permitting and to express this body's support in furtherance thereof to maintain and extend Louisiana's global leadership in transformative energy innovation; to the Committee on Environment and Public Works.

## HOUSE RESOLUTION NO. 229

Whereas, for well over a century the people of Louisiana, through their elected representatives in the Louisiana Legislature and executive branch regulatory agencies, have capably and conscientiously overseen the state's oil and gas industry, including enactment of the first conservation laws in 1906 and the establishment of the office of conservation in 1921; and

Whereas, since the state's first successful oil well was completed in a Jennings rice field more than one hundred twenty years ago, Louisiana has been a leader in exploring the next energy frontier and pioneering the necessary technologies and capabilities, including: the first over-the-water oil well in Caddo Lake, the first long-distance pipeline from Shreveport to a Baton Rouge refinery, the first fluid catalytic cracker unit critical to boost fuel production and octane during World War II, and the first offshore drilling rig and producing well out of sight of land in the Gulf of Mexico; and

Whereas, in 2009 the members of the Louisiana Legislature had the foresight to enact the Louisiana Geologic Sequestration and Carbon Dioxide Act and thus create the statutory and regulatory framework enabling the Department of Natural Resources to request that the United States Environmental Protection Agency (EPA) allow the state of Louisiana to administer and enforce the Class VI injection well permitting program; and

Whereas, the Department of Natural Resources, office of conservation, submitted its primacy request in the fall of 2021, after more than two years of preparation and coordination with EPA Region 6 as well as two public comment periods; and

Whereas, the EPA published a proposed rule to grant Louisiana primacy in the Federal Register in early May 2023; and

Whereas, for decades Louisiana state government agencies have been effectively administering a number of federal regulatory programs to which the EPA has either delegated authority or granted primacy to the state of Louisiana; and

Whereas, in 1982, the office of conservation, Underground Injection Control Section was granted primacy by the EPA to administer the approved regulatory and permitting program for Class I, Class II, Class III, Class IV, and Class V wells; and

Whereas, for more than forty years it has been a core duty of state agency leaders and employees to protect underground sources of drinking water, surface waters, and the land from endangerment by regulating the subsurface injection of hazardous and nonhazardous waste fluids; subsurface storage of liquid, liquefied, and gaseous fluids; mineral solution mining; and injection for enhanced oil recovery; and

Whereas, Louisiana citizens employed at the appropriate state government agencies are

best qualified to evaluate Class VI permit applications in light of Safe Drinking Water Act requirements due to decades-long experience and knowledge of Louisiana's subsurface geology; and

Whereas, Louisiana's Class VI primacy application incorporates a memorandum of agreement with EPA Region 6 reaffirming the state's commitment to inclusive participation during the permitting process with a sensitivity to potential impacts on susceptible sub-populations; and

Whereas, there are currently twenty administratively complete Class VI permit applications pending at the federal agency representing tens of billions of dollars in potential capital investment, tens of millions in metric tons of captured carbon dioxide emissions, and untold thousands of Louisiana jobs; and

Whereas, the EPA has yet to issue a single Class VI permit from a Louisiana applicant; and

Whereas, Louisiana embraces an all-the-above approach to the nation's energy supply as well as the ongoing energy transition, of which carbon capture and sequestration plays an integral part; and

Whereas, Louisiana is committed to maintaining its position as a national leader in energy production, job growth in the energy sector, and innovative climate technologies; and

Whereas, a recent PricewaterhouseCoopers economic analysis showed that Louisiana's natural gas and oil industry supported three hundred forty-six thousand jobs, provided \$25.8 billion in labor income and contributed more than \$54 billion toward the state's economy; and

Whereas, the anticipated carbon capture, utilization, and storage activity in Louisiana, coupled with new infrastructure and retrofitting needs, is critical to retaining, sustaining, and growing the state's oil, natural gas, pipeline, petrochemical, biofuel, liquefied natural gas, and hydrogen economy as it transforms into an increasingly decarbonized future; and

Whereas, Louisiana serves a national strategic purpose in protecting our country's energy security as it produces sixteen per cent of domestic energy, and supports America's allies across the world with energy exports; and

Whereas, Louisiana officials have been in an active, years-long collaboration with the EPA to establish robust regulatory requirements and oversight of Class VI wells in order to ensure the safe implementation of carbon capture and sequestration projects in the state: Now therefore, be it

*Resolved,* That the Legislature of Louisiana does hereby memorialize the United States Environmental Protection Agency to take such actions as are necessary to timely review and grant the state of Louisiana's

application for primacy in the administration of Class VI injection well permitting and to express support in furtherance thereof to maintain and extend Louisiana's global leadership in transformative energy innovation; and

*Resolved*, That a copy of this Resolution be transmitted to the Administrator of the United States Environmental Protection Agency, the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America, to each member of the Louisiana congressional delegation, and submitted for inclusion in the comments for Docket Number EPA-HQ-OW-2023-0073.

#### INTRODUCTION OF BILLS AND JOINT RESOLUTIONS

The following bills and joint resolutions were introduced, read the first and, by unanimous consent, second times, and referred, placed on the calendar, held at the desk, or acted upon, as indicated:

By Mr. WELCH (for himself and Mr. SANDERS):

S. 2798. A bill to amend the Food Security Act of 1985 to clarify land eligible for enrollment in the conservation reserve program; to the Committee on Agriculture, Nutrition, and Forestry.

By Mrs. HYDE-SMITH (for herself and Mr. MERKLEY):

S. 2799. A bill to direct the Secretary of Health and Human Services to establish an Office of Rural Health, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

By Mr. RICKETTS:

S. 2800. A bill to amend the Internal Revenue Code of 1986 to provide for a temporary reduction of the inclusion in gross income for old-age and survivors insurance benefit payments under the Social Security Act, as well as tier 1 railroad retirement benefits; to the Committee on Finance.

By Mrs. MURRAY (for herself, Ms. DUCKWORTH, Mr. HICKENLOOPER, Mr. COONS, Ms. WARREN, Mr. SANDERS, Ms. KLOBUCHAR, Mr. BLUMENTHAL, Mr. WARNOCK, Mr. WHITEHOUSE, Mr. WYDEN, Mrs. SHAHEEN, Mr. MURPHY, Mrs. FEINSTEIN, Mr. BROWN, Mr. KAINE, Mr. PADILLA, Mr. DURBIN, and Mr. HEINRICH):

S. 2801. A bill to improve the reproductive assistance provided by the Department of Defense and the Department of Veterans Affairs to certain members of the Armed Forces, veterans, and their spouses or partners, and for other purposes; to the Committee on Veterans' Affairs.

By Mr. PAUL (for himself, Mr. SCOTT of Florida, Mr. LEE, Mr. SCHMITT,

Mr. BRAUN, Mr. VANCE, and Mrs. BLACKBURN):

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-49. A joint resolution adopted by the Legislature of the State of California requesting the United States Congress to enact, and the President of the United States to sign, legislation that would repeal the Governmental Pension Offset and the Windfall Elimination Provision from the Social Security Act; to the Committee on Finance.

SENATE JOINT RESOLUTION NO. 1

Whereas, Two federal Social Security Administration laws, the Windfall Elimination Provision and the Government Pension Offset, passed by Congress more than 30 years ago, without statistical analysis, diminish or eliminate the fully earned Social Security benefits of large numbers of public service employees in California; and

Whereas, These provisions affect workers who have been employed in a government position that is not coordinated with the Social Security program, such as California public school teachers who have not been able to receive Social Security credits since 1965; and

Whereas, Most peace officers, including the California Highway Patrol, firefighters, and many other public servants working for cities and special districts are not covered by Social Security, making them subject to these provisions; and

Whereas, In California, more than 375,000 retirees have had their Social Security

benefits diminished or completely eliminated by these Laws; and

Whereas, Effective government requires highly qualified and motivated personnel, and California governmental agencies need to compete to recruit and retain outstanding employees, including hiring up to 19,700 teachers by the 2025-26 school year; and

Whereas, The recruitment and retention of qualified individuals reentering the workforce is impeded by these two provisions, which reduce or eliminate the Social Security retirement benefits either earned by workers, themselves, or received through dependent status; and

Whereas, The Government Pension Offset severely cuts, and usually eliminates, all spousal and survivor benefits that were earned from what is deemed by the State of California to be community property income; and

Whereas, The Government Pension Offset requires that a recipient of benefits report any yearly cost-of-living increase in the recipient's public pension, so that the recipient's Social Security benefits may be reduced by two-thirds of that amount; and

Whereas, The Windfall Elimination Provision cuts earned Social Security benefits from work that is separate from the work for which the individual earned a pension from a governmental entity; and

Whereas, The Windfall Elimination Provision subverts the purpose of Social Security retirement benefits by eliminating the formula that reimburses low-income workers at a higher rate than high-income workers, causing severe hardships for those who have not had high-paying public service; and

Whereas, New public sector workers were not notified they would be subject to these unjust penalties until 2005, which means that thousands of workers had no notification of them until they applied for Social Security benefits; now, therefore, be it

*Resolved by the Senate and the Assembly of the State of California, jointly,* That the Legislature requests that the Congress of the United States enact legislation to repeal the Government Pension Offset and the Windfall Elimination Provision from the Social Security Act, and further requests that President Joseph Biden sign that legislation; and be it further

*Resolved,* That the Secretary of the Senate transmit copies of this resolution to the President and the Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, to each Senator and Representative from California in the Congress of the United States, and to the author for appropriate distribution.

POM-50. A resolution adopted by the House of Representatives of the State of Hawaii urging the United States Congress to

adopt national carbon fee and dividend legislation; to the Committee on Finance.

## HOUSE RESOLUTION NO. 125

Whereas, United Nations Secretary General Antonio Guterres recently said, “Greenhouse gas emissions keep growing, global temperatures keep rising, and our planet is fast approaching tipping points that will make climate chaos irreversible. We are on a highway to climate hell with our foot on the accelerator”; and

Whereas, carbon dioxide is a major greenhouse gas and its concentration in the atmosphere has been increasing at progressively rapid rate for more than sixty years, as shown by measurements taken at observatories on Mauna Loa and Mauna Kea, and now registers at more than four hundred twenty parts per million; which is fifty percent higher than before the Industrial Revolution; and

Whereas, many climate change impacts are anticipated for the Hawaiian Islands, including increases in ocean and air temperatures, sea level rise, droughts, severe weather patterns, ocean acidification, and more frequent and severe wildfires; and

Whereas, the Intergovernmental Panel on Climate Change stated in the most recent report of its mitigation working group that any pathway to limit warming to two degrees Celsius would have to “involve rapid and deep and in most cases immediate greenhouse gas emissions reductions in all sectors”; and

Whereas, the United States needs powerful new policies to meet its greenhouse gas emission reduction goals established in the 2015 Paris Climate Agreement; and

Whereas, imposing a tax on the burning of fossil fuels and returning the revenues to households to spend as they see fit, a carbon-pricing policy commonly known as carbon fee and dividend, is an effective and equitable way to substantially reduce greenhouse gas emissions; and

Whereas, carbon fee and dividend is supported by more than thirty-six hundred economists, including twenty-eight Nobel Laureates and fifteen former chairs of the Council of Economic Advisers, who signed a statement that begins, “A carbon tax offers the most cost-effective lever to reduce carbon emissions at the scale and speed that is necessary” and the statement continues, “to maximize the fairness and political viability of a rising tax, all the revenue should be returned directly to American citizens through equal lump-sum rebates”; and

Whereas, a national carbon fee and dividend program can include border adjustments, such as carbon-content-based tariffs on products imported from countries without comparable carbon pricing and refunds to our exporters of carbon taxes paid,

to maintain the competitiveness of United States businesses in global markets; and

Whereas, major trading partners of the United States like Canada and the European Union have adopted meaningful carbon taxes and are now considering carbon border adjustments to level the playing field by ensuring that imports are subject to the same carbon pricing as local goods; and

Whereas, a national carbon fee and dividend program can be implemented quickly and efficiently, and respond to the urgency of the climate crises, because the federal government already has in place mechanisms, such as the Internal Revenue Service, needed to implement and enforce the tax, and already collects taxes from fossil fuel producers and importers; and

Whereas, a national carbon fee and dividend program would make the United States a leader in mitigating climate change and the advancing of clean energy technologies in the 21st century, and would incentivize other countries to enact similar carbon pricing policies, thereby reducing global greenhouse gas emissions without the need for complex international agreements; now, therefore, be it

*Resolved*, by the House of Representatives of the Thirty-second Legislature of the State of Hawaii, Regular Session of 2023, that the United States Congress is urged to pass national carbon fee and dividend legislation; and be it further

*Resolved*, That certified copies of this Resolution be transmitted to the President and Vice-President of the United States, Speaker of the United States House of Representatives, Majority Leader of the United States Senate, and members of Hawaii’s congressional delegation.

POM-51. A concurrent resolution adopted by the Legislature of the State of Louisiana urging and requesting the President of the United States to reconsider the signed agreement that facilitates growth of certain aquaculture exports from Ecuador to the United States; to the Committee on Finance.

## HOUSE CONCURRENT RESOLUTION NO. 29

Whereas, on August 18, 2022, the United States Food and Drug Administration (FDA) signed a confidentiality commitment with Ecuador’s vice minister of Aquaculture and Fisheries (VAP) within the Ministry of Production, Foreign Trade, Investments and Fisheries of the Republic of Ecuador; and

Whereas, the purpose of the confidentiality commitment or agreement is to allow for the exchange of confidential information, including inspection of records, draft rulemaking and guidance, and other nonpublic documents; and

Whereas, the agreement with Ecuador is designed to ensure the safety of shrimp imported to the United States and offers

guarantees for aquaculture exports to the United States; and

Whereas, according to an article from the seafood industry’s trade publication Seafood Source, in the first six months of 2022, Ecuador exported at least one billion one hundred million pounds of shrimp abroad at that time, with the United States being its second-biggest market; and

Whereas, according to the National Oceanic and Atmospheric Administration, in 2020, the United States imported approximately one billion six hundred million pounds of shrimp, an increase of up to seven and one half percent from 2019; and

Whereas, in 2022, Ecuador was the second leading source of shrimp exports to the United States, after India, exporting four hundred forty-one million pounds of shrimp to the United States, according to Seafood Source; and

Whereas, according to the 2021-2022 annual report from the Louisiana Department of Wildlife and Fisheries, shrimp are the state’s most valuable fishery; and

Whereas, the average real dockside value of Louisiana shrimp fell from one dollar and ninety-three cents per pound in 2000 to one dollar and three cents per pound in 2018; and

Whereas, this unfair competition allows foreign competitors to flood the United States market, devastating local industries. Therefore, be it

*Resolved*, That the Legislature of Louisiana does hereby urge and request the president of the United States to reconsider an agreement signed with Ecuador that facilitates growth of certain aquaculture exports from Ecuador to the United States; and be it further

*Resolved*, That a copy of this Resolution be transmitted to the White House and to the presiding officers of the Senate and the House of Representatives of the Congress of the United States and to each member of the Louisiana congressional delegation.

POM-52. A concurrent resolution adopted by the Legislature of the State of Louisiana urging the United States Congress to take such actions as are necessary to pass legislation allowing taxpayers to establish tax-advantaged catastrophe savings accounts for disaster-related expenses; to the Committee on Finance.

## HOUSE CONCURRENT RESOLUTION NO. 55

Whereas, three U.S. states—Alabama, Mississippi, and South Carolina—currently provide within their respective tax codes for catastrophe savings accounts; and

Whereas, these accounts are regular savings or money market accounts that taxpayers designate with their financial institutions as catastrophe savings accounts and to which limited amounts of tax-deductible contributions may be made; and

Whereas, the laws of the three states that provide for such accounts all stipulate that a taxpayer may establish only one catastrophe savings account and shall specify that the purpose of the account is to cover the amount of insurance deductibles and other uninsured portions of risks of loss from floods, hurricanes, or other catastrophic windstorm events; and

Whereas, funds may be withdrawn from these accounts tax-free if used to pay disaster-related expenses defined in law as "qualified catastrophe expenses"; if funds are withdrawn from these accounts for purposes other than paying qualified catastrophe expenses, then the amounts withdrawn are taxed as income; and

Whereas, the function of catastrophe savings accounts with respect to disaster-related expenses is similar to that of health savings accounts, long established in the Internal Revenue Code (26 U.S.C. 223), for health-related expenses; and

Whereas, with the frequency and destructive force of weather-related disasters increasing nationwide, the need for some form of catastrophe or emergency savings account program for all Americans has become more pronounced; and

Whereas, legislation providing exclusively for the type of savings account discussed in this Resolution was introduced in the One Hundred Fifteenth United States Congress (H.R. 2818) and legislation including a catastrophe savings account component has been introduced in the current congress (One Hundred Eighteenth United States Congress, H.R. 312); Therefore, be it,

*Resolved*, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to pass legislation allowing taxpayers to establish tax-advantaged catastrophe savings accounts for disaster-related expenses; and be it further

*Resolved*, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-53. A concurrent resolution adopted by the Legislature of the State of Louisiana urging the United States Congress to take such actions as are necessary to ban the import of shrimp and crawfish from outside the United States; to the Committee on Finance.

#### HOUSE CONCURRENT RESOLUTION NO. 113

To memorialize the United States Congress to take such actions as are necessary to ban the import of shrimp and crawfish from outside the United States.

Whereas, according to the National Oceanic and Atmospheric Administration, in

2019 the United States imported six billion pounds of edible seafood products, including one and one half billion pounds of shrimp, an increase of nearly six and one half million pounds more than the shrimp imported in 2018; and

Whereas, the 2019 shrimp imports alone, valued at six billion dollars, accounted for twenty-seven percent of the total value of imported seafood that year, which reached twenty-two billion dollars; and

Whereas, it is estimated that over half of the imported seafood consumed in the United States is from aquaculture, or seafood farming, rather than wild-caught; and

Whereas, the United States Food and Drug Administration (FDA) is responsible for the safety of all fish and fishery products entering the United States and sold in Louisiana; and

Whereas, in 2011 the FDA was only inspecting two percent of the seafood imported into the United States, the last year for which data regarding the percentage of imports inspected is available; and

Whereas, because imported seafood is not held to the same standards as domestic seafood, domestic fishing industries are put at a distinct and significant disadvantage commercially; and

Whereas, because labor costs are much lower overseas, peeled crawfish meat is much cheaper when imported, resulting in many entities purchasing from other countries instead of supporting the local market; and

Whereas, seafood imported from overseas is not always safe to consume; and

Whereas, according to the Louisiana Department of Wildlife and Fisheries, the average value of Louisiana shrimp fell from three dollars and eighty cents per pound in 1980 to one dollar fifty cents per pound in 2017; and

Whereas, unfair competition allows foreign competitors to flood the United States market with seafood harvested under intensive farming practices, while devastating local industries and coastal communities built around them; and

Whereas, domestically produced shrimp and crawfish offer the best option for the health and safety of United States consumers. Therefore, be it

*Resolved*, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to ban the import of shrimp and crawfish from outside the United States. Be it further

*Resolved*, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-54. A concurrent resolution adopted by the Legislature of the State of Louisiana

urging the United States Congress to take such actions as are necessary to impose a quota or tariff on imported shrimp, crab meat, and crawfish and enact a buy plan for domestic shrimp, crab meat, and crawfish directly from domestic commercial fishermen; to the Committee on Finance.

#### HOUSE CONCURRENT RESOLUTION NO. 109

Whereas, the domestic fishing industry has faced severe hardships such as Hurricane Ida and other natural disasters, repeated openings of the Bonnet Carre Spillway, unfair trade practices, illegal chemicals, rising inflation, gas prices, and supply chain issues; and

Whereas, in October of 2022, United States Congressman Garret Graves announced that the United States Department of Agriculture (USDA) purchased up to twenty five million dollars of Gulf of Mexico and South Atlantic wild caught shrimp; and

Whereas, Section 32 of the Agricultural Adjustment Act authorizes USDA to purchase domestic shrimp; and

Whereas, purchases such as this will help provide relief to Louisiana's shrimp industry; and

Whereas, Louisiana's seafood industry is the largest supplier in the country and the main economic driver in coastal areas; and

Whereas, more relief is necessary for the Louisiana seafood industry to compete with foreign importers; and

Whereas, strategies to ensure that domestic commercial fishermen are able to sell their products are necessary for the continued success of the Louisiana seafood industry; and

Whereas, plans to buy shrimp directly from domestic commercial shrimp fishermen are of vital importance to ensure the success of coastal communities that rely heavily on this industry; Therefore, be it

*Resolved*, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to impose a quota or tariff on imported shrimp, crab meat, and crawfish and enact a buy plan for domestic shrimp, crab meat, and crawfish directly from domestic commercial fishermen; and be it further

*Resolved*, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

#### PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-55. A joint resolution adopted by the Legislature of the State of Wyoming reaffirming its commitment to the strong and deepening relationship between Taiwan and the State of Wyoming; to the Committee on Foreign Relations.

#### SENATE JOINT RESOLUTION NO. 7

Whereas, Taiwan and the United States are bonded by their shared commitment to democracy, human rights, the rule of law and a free market economy; and

Whereas, on March 5, 1984, the State of Wyoming adopted Taiwan as Wyoming's sister state; and

Whereas, Taiwan ranks as the United States' eighth largest trading partner, Taiwan ranks as the United States' sixth largest agricultural goods export destination and bilateral trade between the United States and Taiwan reached an estimated one hundred fourteen billion dollars (\$114,000,000,000.00) in 2021; and

Whereas, the United States and Taiwan have welcomed the resumption of high-level trade engagement and have expressed a desire to work closely together; and

Whereas, Taiwan ranks as the State of Wyoming's eighth largest trading partner in Asia and both the State of Wyoming and Taiwan are committed to strengthening bilateral economic bonds; and

Whereas, the United States Congress passed the landmark Taiwan Relation Act in 1979 to sustain a close, bilateral relationship and to advance mutual security and commercial interests between the United States and Taiwan; and

Whereas, based on the principles of the United States' and Taiwan's Education Initiative in 2020, Taiwan's Ministry of Education and the State of Wyoming's Department of Education signed a memorandum of understanding on educational cooperation in 2022 to further promote teacher and student exchanges and cultural awareness; and

Whereas, the United States has previously assisted Taiwan in its participation with the World Health Organization, the International Civil Aviation Organization and the International Criminal Police Organization

and the United States will continue to support Taiwan's meaningful participation in these and other international organizations; and

Whereas, Taiwan, as a willing and contributing member of the world community, has made countless contributions of technical and financial assistance in the wake of natural disasters worldwide: Now, therefore, be it

*Resolved, By the Members of the Legislature of the State of Wyoming:*

Section 1. That, Wyoming reaffirms its commitment to the strong and deepening relationship between Taiwan and the State of Wyoming.

Section 2. That Wyoming supports Taiwan's participation in internal organizations that impact the global trade, health, safety and well-being of twenty-three million (23,000,000) people in Taiwan.

Section 3. That Wyoming reiterates its support for a closer economic and trade partnership between the United States and Taiwan including signing the United States-Taiwan Bilateral Trade Agreement.

Section 4. That the Secretary of State of Wyoming transmit copies of this resolution to the President of the United States, to the President of the Senate and Speaker of the House of Representatives of the United States Congress, to Wyoming's Congressional Delegation, to Taiwan President Tsai Ing-wen and to the Taipei Economic and Cultural Office, Seattle, Washington.

POM-56. A resolution adopted by the House of Representatives of the State of Michigan urging the United States government and Michiganders to strengthen ties with Taiwan; to the Committee on Foreign Relations.

#### HOUSE RESOLUTION NO. 59

Whereas, the United States and Taiwan have strong ties based on shared ideals and robust bilateral trade. Taiwan shares the values of freedom, democracy, human rights, rule of law, peace, and prosperity with the United States and the state of Michigan. In 2021, the United States ranked as Taiwan's second-largest trading partner, while Taiwan was the eighth-largest trading partner of the United States, counting the European Union as a single trading partner. The countries shared 113.9 billion dollars in two-way goods trade and 19.8 billion dollars in two-way services trade in that year; and

Whereas, Taiwan is a particularly important trade partner for our nation's agricultural industry. Taiwan imported 3.9 billion dollars' worth of agricultural products from the United States in 2021, making it the sixth-largest market for United States food and agricultural products overall. Examining individual agricultural products, Taiwan was the seventh-largest market for United States soybeans and corn in 2021. Due to our high-

quality produce, the United States remains one of Taiwan's largest sources of agricultural products, supplying more than one-fifth of the country's total agricultural imports in 2020; and

Whereas, the state of Michigan and Taiwan have enjoyed a mutually beneficial relationship, with strong bilateral trade and a long history of educational and cultural exchanges. Taiwan was Michigan's tenth-largest export market in Asia in 2022, with over 313 million dollars' worth of Michigan goods exported to Taiwan that year. Since 2006, the Michigan Department of Education and the Taiwanese Ministry of Education have had an English and Chinese language teacher exchange program, helping our citizens to grow closer and learn about each other's cultures. The Taiwan Friendship Caucus in the Michigan Legislature exists to strengthen ties between our governments, our economies, and our people. To ensure this relationship remains strong, Michigan businesses should increase their economic engagement with Taiwan; and

Whereas, the United States could take additional steps to strengthen bilateral trade with Taiwan, which would also enhance Taiwan's trade with the state of Michigan. Trade between our nations could be improved if the United States entered into a bilateral trade agreement and an avoidance of double taxation agreement with Taiwan. Taiwan could also be included in the Indo-Pacific Economic Framework for Prosperity (IPEF), a partnership between many Indo-Pacific nations and the United States that was created to strengthen economic cooperation. The United States invited other Indo-Pacific partners to join the IPEF in May 2022, and Taiwan should be invited to and included in this partnership; and

Whereas, Taiwan has adopted a policy of "steadfast diplomacy" in its foreign relations. This policy "aims at mutual benefit and peace, creating sustainable partnerships with diplomatic allies, and strengthening substantive ties in multiple fields with friendly and like-minded countries." Taiwan is clearly willing to collaborate with the world to deal with global challenges and seek a brighter future together; now, therefore, be it

*Resolved by the House of Representatives,* That we urge the United States government and Michiganders to strengthen ties with Taiwan; and be it further

*Resolved,* That copies of this resolution be transmitted to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, and the members of the Michigan congressional delegation.

POM-57. A concurrent resolution adopted by the Legislature of the State of Louisiana urging and requesting the United States Congress and the National Security Council

to conduct a formal review of the Status of Forces Agreement between the United States and Japan; to the Committee on Foreign Relations.

#### HOUSE CONCURRENT RESOLUTION NO. 52

Whereas, in 1960, the Treaty of Mutual Cooperation and Security between the United States and Japan was signed and established mutuality between the two nations; and

Whereas, the Treaty of Mutual Cooperation and Security has had the effect of establishing a military alliance between the United States and Japan; and

Whereas, under Article VI of the Treaty of Mutual Cooperation and Security, the government of Japan agrees to take necessary action to ensure the adequate security and protection of the United States Armed Forces while stationed in Japan; and

Whereas, there are over one hundred thousand American service members and dependents stationed in Japan, which is more than any other place in the world other than the United States; and

Whereas, active-duty American service members are, and will continue to be, stationed abroad in Japan while serving in the United States Armed Forces; and

Whereas, status of forces agreements are designed to ensure adequate and fair legal treatment of American service members stationed abroad; and

Whereas, the Status of Forces Agreement between the United States and Japan does not appear to provide adequate legal protection for American service members due to reports that Japan regularly violates the Status of Forces Agreement by detaining American service members without adequate cause or necessity prior to charges; and

Whereas, there are reports that Japanese authorities consistently deny legal counsel to service members during police interrogations and fail to provide adequate translation assistance during interrogations and trials, which would violate the Department of Defense policy regarding the legal rights of service members overseas; and

Whereas, the United States Congress through the United States House and Senate Committees on Armed Services are responsible for conducting oversight of the United States military and ensuring that international agreements are in the best interest of the American people and abided by the parties entering such agreements. Therefore, be it

*Resolved,* That the Legislature of Louisiana does hereby urge and request the United States Congress and the National Security Council to conduct a formal review of the Status of Forces Agreement between the United States and Japan to ensure that the agreement is in the best interest of the United States and adequately protects American

service members in accordance with constitutional rights and the United States Department of Defense policy. Be it further

*Resolved,* That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-58. A resolution adopted by the House of the Representatives of the State of Arkansas recognizing the importance of pregnancy help organizations in Arkansas; to the Committee on Health, Education, Labor, and Pensions.

#### HOUSE RESOLUTION NO. 1010

Whereas, the life-affirming impact of pregnancy help organizations on the women, men, children, and communities they serve is considerable and growing; and

Whereas, pregnancy help organizations serve women in Arkansas and across the United States with integrity and compassion; and

Whereas, more than two thousand seven hundred (2,700) pregnancy help organizations across the United States provide comprehensive care to women and men facing unplanned pregnancies, including resources to meet their physical, psychological, emotional, and spiritual needs; and

Whereas, pregnancy help organizations offer women free, confidential, and compassionate services, including pregnancy tests, peer counseling, 24-hour telephone hotlines, childbirth and parenting classes, referrals to community health care, and other support services; and

Whereas, many pregnancy help organizations offer ultrasounds and other medical services; and

Whereas, many pregnancy help organizations provide information on adoption and adoption referrals to pregnant women; and

Whereas, pregnancy help organizations encourage women to make positive life choices by equipping them with complete and accurate information regarding their pregnancy options and the development of their unborn children; and

Whereas, pregnancy help organizations provide women with compassionate and confidential peer counseling in a nonjudgmental manner regardless of their pregnancy outcomes; and

Whereas, pregnancy help organizations provide important support and resources for women who choose childbirth over abortion; and

Whereas, pregnancy help organizations ensure that women are receiving prenatal information and services that lead to the birth of healthy infants; and

Whereas, many pregnancy help organizations provide grief assistance for women and men who regret the loss of their children from past choices they have made; and

Whereas, many pregnancy help organizations work to prevent unplanned pregnancies by teaching effective abstinence education in public schools; and

Whereas, both federal and state governments are increasingly recognizing the valuable services of pregnancy help organizations through the designation of public funds for such organizations; and

Whereas, pregnancy help organizations operate primarily through reliance on the voluntary donations and time of individuals who are committed to caring for the needs of women and promoting and protecting life, Now therefore, be it

*Resolved* by the House of Representatives of the Ninety-Fourth General Assembly of the State of Arkansas:

That the House of Representatives:

(1) Strongly support pregnancy help organizations in their unique, positive contributions to the individual lives of women, men, and babies, both born and unborn;

(2) Commend the compassionate work of tens of thousands of volunteers and paid staff at pregnancy help organizations in Arkansas and across the United States;

(3) Strongly encourage the United States Congress and other federal and state government agencies to grant pregnancy help organizations assistance for medical equipment and abstinence education in a manner that does not compromise the mission or religious integrity of these organizations; and

(4) Disapprove of the actions of any national, state, or local groups attempting to prevent pregnancy help organizations from effectively serving women and men facing unplanned pregnancies; and be it further

*Resolved*, That upon its adoption a copy of this resolution be presented by the Chief Clerk of the House of Representatives to each pregnancy help organization in Arkansas, to the Governor, to the President of the United States, and to the Vice President of the United States, and the Speaker of the House of Representatives of the United States Congress.

POM-59. A resolution adopted by the House of Representatives of the State of Michigan urging the United States Congress to enact legislation that would ensure abortion is affordable and available for anyone who needs it and to support the President of the United States' efforts to protect abortion access across the country; to the Committee on Health, Education, Labor, and Pensions.

#### HOUSE RESOLUTION NO. 123

Whereas, Every person should have the freedom to make decisions about their bodies, their lives, and their futures with respect and dignity, including when and how to become parents, without barriers based on income or access. Abortion care, along with the full range of health care, should be affordable, available, and supported for everyone who needs it; and

Whereas, On June 24, 2022 the Supreme Court overturned *Roe v. Wade* and stripped away a right that had been held for nearly 50 years. Almost one third (29%) of the total U.S. population of women of reproductive age are now living in states where abortion is either unavailable or severely restricted, and a dozen other states are certain or likely to ban abortion in the future. All across the country, pregnant people now face delays when trying to access abortion care or are forced to travel hundreds of miles to states with less restrictive requirements and take on additional emotional and financial costs; and

Whereas, A 2022 report found that more than 66 clinics in 15 states have been forced to stop providing abortion care as a result of criminalization, impacting 22 million people of reproductive age who may be in need of abortion care. In these states, people are denied abortion care altogether and, without the means to travel to receive the care they need, are forced to carry a pregnancy against their will; and

Whereas, A person seeking an abortion that is denied is more likely to experience life-threatening maternal and infant health complications, more likely to have a household income below the poverty line and experience economic hardship, and more likely to stay in contact with violent partners, putting them and their children at greater risk than if they were able to receive the abortion; and

Whereas, Abortion is a safe and effective medical procedure. Leading public health organizations such as the American College of Obstetricians and Gynecologists, the American Medical Association, and the American Academy of Family Physicians strongly oppose efforts to impede access to abortion care or interfere in the relationship between a person and health care provider; and

Whereas, Medication abortion is a FDA-approved, safe, and effective option for ending an early pregnancy up to 10 weeks and accounts for more than half of all abortions, yet anti-abortion lawmakers have enacted medically unnecessary laws to restrict and stigmatize the procedure. Congressional passage of the Women's Health Protection Act of 2023 would protect the right to abortion and prohibit governmental restrictions on abortion; and

Whereas, Abortion care should be made available without hurdles or stigma for

people of color, young people, LGBTQ+ and non-binary people, immigrants, and others. Systemic racism, economic insecurity, and punitive policies such as the Hyde amendment and insurance coverage bans have especially impacted people of color and marginalized groups. Congressional passage of the Equal Access to Abortion Coverage in Health Insurance (EACH) Act of 2023 would ensure equal, affordable access to abortion to all individuals no matter their race, how much money they make, how they are insured, who they are, or where they're from; and

Whereas, Immigrant families continue to struggle against low wages, unfair working conditions, a dehumanizing immigration system, and restrictions to access based on documentation status. Congressional passage of the Lifting Immigrant Families Through Benefits Access Restoration Act of 2021 and the Health Equity and Access under the Law (HEAL) for Immigrant Women and Families Act of 2021 would allow many immigrants to enroll in federal health programs like Medicaid without waiting periods and ensure that all immigrants can access affordable coverage for which they are otherwise eligible; and

Whereas, The Michigan House of Representatives stands committed to ensuring abortion is available for everyone who needs it by supporting and advancing policies that ensure abortion care is available without hurdles or stigma for all people in the communities in which they live, regardless of their race, gender, sexual orientation or socioeconomic status. The Michigan Legislature has already taken bold steps towards abortion justice by repealing the harmful and archaic 1931 law that criminalized abortion providers and adding protections so that no worker will have to face discrimination based on their reproductive health outcomes, including having an abortion; and

Whereas, Local leaders and stakeholders in Michigan are working to advance comprehensive abortion justice policies that address the lived realities of abortion access. Abortion providers in the state of Michigan offer quality and compassionate care, making Michigan a state that will always be a place for those in need of abortion care; Now, therefore, be it

*Resolved by the House of Representatives*, That we urge the United States Congress to enact legislation that would ensure abortion is affordable and available for anyone who needs it and to support the President of the United States' efforts to protect abortion access across the country; and be it further

*Resolved*, That copies of this resolution be transmitted to the President of the United States, the Speaker of the United States House of Representatives, the President of

the United States Senate, and the members of the Michigan congressional delegation.

POM-60. A concurrent resolution adopted by the Legislature of the State of Louisiana urging and requesting the Louisiana Department of Health and the United States Food and Drug Administration to expand testing of imported shrimp products and increase public awareness of health risks associated with imported shrimp; to the Committee on Health, Education, Labor, and Pensions.

#### HOUSE CONCURRENT RESOLUTION NO. 105

Whereas, the harvesting of shrimp has been part of the cultural heritage of Louisiana since the nineteenth century; and

Whereas, according to a recent report by the University of Louisiana at Lafayette, the Louisiana seafood industry produces an economic impact of over \$2.4 billion annually for the state; and

Whereas, the Louisiana shrimp fishery is the largest commercial fishery in the state by economic value and the second largest commercial fishery by volume of landings; and

Whereas, Louisiana's shrimp landings account for more than forty percent of all warmwater shrimp landed in the United States in 2022; and

Whereas, the Louisiana wild-caught shrimp fishery is losing domestic market share to an inferior, pond-raised, imported shrimp, which results in lower dockside prices for Louisiana fishers; and

Whereas, approximately ninety-four percent of seafood sold in the United States is imported and shrimp account for the highest percent of all seafood imports; and

Whereas, according to the National Oceanic and Atmospheric Administration (NOAA), imported shrimp products have risen from less than two hundred fifty million pounds in 1980, to nearly two billion pounds in 2022; and

Whereas, according to statistics from the United States Census Bureau and the NOAA, the price per pound for imported shrimp, adjusted for inflation, has decreased from nearly ten dollars in 1980, to just over four dollars in 2022, while the Gulf dockside value has declined from nearly five dollars in 1980, to approximately two dollars and fifty cents in 2022; and

Whereas, current food safety regulations and inspections are failing to prevent risks to human safety and, according to a report published in Environmental Science and Technology, only two percent of all seafood imported into the United States is tested for contamination, whereas the European Union inspects fifty percent, Japan inspects eighteen percent, and Canada inspects fifteen percent. Therefore, be it

*Resolved*, That the Legislature of Louisiana does hereby urge and request the Louisiana Department of Health and the United States Food and Drug Administration to expand the testing of imported shrimp products for banned drugs, bacteria, and disease and to increase public awareness to the possible health risks associated with imported shrimp. Be it further

*Resolved*, That the Legislature of Louisiana does hereby urge the United States Congress to support legislation requiring the labeling of all shrimp sold at restaurants to be labeled with their country of origin and to take such actions as are necessary to hold foreign fisheries to the same standards as domestic fisheries and reduce the volume of shrimp products imported into the United States. Be it further

*Resolved*, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the United States Congress and to each member of the Louisiana congressional delegation.

POM-61. A concurrent resolution adopted by the Legislature of the State of Louisiana urging the United States Congress to take such actions as are necessary to compel the United States Food and Drug Administration (FDA) to fulfill its duties regarding inspection and testing of imported seafood; to the Committee on Health, Education, Labor, and Pensions.

#### HOUSE CONCURRENT RESOLUTION NO. 88

Whereas, according to the National Oceanic and Atmospheric Administration, in 2019 the United States imported six billion pounds of edible seafood products, including one and one half billion pounds of shrimp, an increase of nearly six and one half million pounds more than the shrimp imported in 2018; and

Whereas, the 2019 shrimp imports alone, valued at six billion dollars, accounted for twenty-seven percent of the total value of imported seafood that year, which reached twenty-two billion dollars; and

Whereas, it is estimated that over half of the imported seafood consumed in the United States is from aquaculture, or seafood farming, rather than wild-caught; and

Whereas, the FDA is responsible for the safety of all fish and fishery products entering the United States and sold in Louisiana; and

Whereas, the FDA's seafood safety program is governed by its Hazard Analysis Critical Control Point regulations, which address food safety management through the analysis and control of biological, chemical, and physical hazards from raw material production and procurement and handling to manufacturing, distribution, and consumption of the finished product; and

Whereas, FDA regulations are supposed to measure the compliance of imported seafood with inspections of foreign processing facilities, sampling of seafood offered for import into the United States, domestic surveillance sampling of imported products, inspections of seafood importers, foreign country program assessments, and the use of information from foreign partners and FDA overseas offices; and

Whereas, in 2011 the FDA was only inspecting two percent of the seafood imported into the United States; and

Whereas, unfortunately 2011 is the last year for which data regarding the percentage of imports inspected is available due to a lack of transparency and inadequate assessment measures; and

Whereas, in 2011 the Government Accountability Office (GAO) noted that the FDA's assessment of foreign aquaculture operations was limited by the FDA's lack of procedures, criteria, and standards; and ten years later, a 2021 GAO report found that the agency was failing to monitor the effectiveness of its own enforcement policies and procedures; and

Whereas, in contrast, the European Union regularly conducts physical checks of approximately twenty percent of all imported fish products that are fresh, frozen, dry, salted, or hermetically sealed, and for certain fishery products, physical checks are conducted on approximately fifty percent of imports; and

Whereas, the Louisiana State University School of Renewable Natural Resources published a 2020 paper titled "Determination of Sulfite and Antimicrobial Residue in Imported Shrimp to the USA", which presented findings from a study of shrimp imported from India, Thailand, Indonesia, Vietnam, China, Bangladesh, and Ecuador and purchased from retail stores in Baton Rouge, Louisiana; and

Whereas, a screening of these shrimp for sulfites and residues from antimicrobial drugs found the following: (1) five percent of the shrimp contained malachite green, (2) seven percent contained oxytetracycline, (3) seventeen percent contained fluoroquinolone, and (4) seventy percent contained nitrofurantoin, all of which have been banned by the FDA in domestic aquaculture operations; and

Whereas, although the FDA requires that food products exposed to sulfites must include a label with a statement about the presence of sulfites, of the forty-three percent of these locally purchased shrimp found to contain sulfites, not one package complied with this labeling requirement; and

Whereas, the drug and sulfite residues included in this screening can be harmful to human health during both handling and consumption and have been known to cause all of the following: liver damage and tumors,

reproductive abnormalities, cardiac arrhythmia, renal failure, hemolysis, asthma attacks, and allergic reactions; and

Whereas, the results of this study confirm that existing screening and enforcement measures for imported seafood are insufficient; whatever the percentage of imports inspected may be, seafood is currently being imported that contains unsafe substances that put American consumers at risk; and

Whereas, because imported seafood is not held to the same standards as domestic seafood, domestic fishing industries are put at a distinct and significant disadvantage commercially; and

Whereas, according to the Louisiana Department of Wildlife and Fisheries, the average value of Louisiana shrimp fell from three dollars and eighty cents per pound in 1980 to one dollar fifty cents per pound in 2017; and

Whereas, this unfair competition allows foreign competitors to flood the United States market with seafood harvested under intensive farming practices using antimicrobial drugs, while devastating local industries and the coastal communities built around them. Therefore, be it

*Resolved*, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to compel the United States Food and Drug Administration to fulfill its duties regarding inspection and testing of imported seafood. Be it further

*Resolved*, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-62. A resolution adopted by the City Council of Toledo, Ohio, urging the federal government and our nation to embrace the United Nations Treaty on the Prohibition of Nuclear Weapons and make nuclear disarmament the centerpiece of our national security policy; to the Committee on Foreign Relations.

POM-63. A resolution adopted by the Board of Commissioners of Washtenaw County, Michigan urging the President of the United States and the United States Congress to normalize trade and diplomatic relations with the Republic of Cuba by dissolving the current U.S. trade embargo, removing Cuba from the State Sponsors of Terrorism list and other barriers; to the Committee on Foreign Relations.

POM-64. A resolution adopted by the City Council of Monterey Park, California, condemning the military junta of Myanmar (Burma) for the oppression of civilians with excessive violence and standing firmly with the people of Burma in their pursuit for a fair, just, and sustainable democratic sovereign

government; to the Committee on Foreign Relations.

#### PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-65. A joint resolution adopted by the Legislature of the State of California urging the United States Congress to work with the President of the United States to authorize assigning the City of Eastvale an independent ZIP code; to the Committee on Homeland Security and Governmental Affairs.

#### SENATE JOINT RESOLUTION NO. 3

Whereas, The City of Eastvale was incorporated on October 1, 2010. Located in the County of Riverside, before incorporation Eastvale was predominantly dairy farms and agricultural land; and

Whereas, The United States Postal Service uses Zone Improvement Plan, commonly known as ZIP Codes, to route mail and deliver packages. ZIP Codes assist the United States Postal Service's obligation to provide quality mail delivery to the American public at reasonable prices; and

Whereas, The City of Eastvale shares the ZIP Code 91752 with the City of Jurupa Valley. The ZIP Code is coded as the former Mira Loma community, which was annexed by the Cities of Eastvale and Jurupa Valley. Additionally, the City of Eastvale also shares the ZIP Code 92880 with the City of Corona; and

Whereas, The City of Eastvale has grown exponentially in the last two decades and currently has a population of over 71,000 according to 2021 census information; and

Whereas, Since its incorporation, the City of Eastvale has experienced various challenges because it shares ZIP Codes with neighboring jurisdictions; and

Whereas, It is difficult for certain businesses to expand in the City of Eastvale because commercial developers and businesses evaluate expansion decisions based on trade areas that are analyzed by ZIP Codes; and

Whereas, Because the City of Eastvale does not have its own ZIP Code, its population demographics and economic data are inaccurately represented in various Geographic Information System (GIS) platforms that entities utilize to inform commercial attractiveness, insurance payment rates, and sales tax distribution decisions; and

Whereas, Eastvale residents and visitors experience navigational and mail delivery challenges because many addresses in the City of Eastvale are incorrectly identified as being located in Corona, Jurupa Valley, or Mira Loma; and

Whereas, Having an address improperly associated with another city has led to increased insurance rates for Eastvale residents due to being grouped with other jurisdictions; and

Whereas, Lack of a definitive ZIP Code causes confusion with voter registration, misdirected property, possible decreased sales tax revenue, and decreased property values because comparable sales are mixed with adjacent communities and are not exclusive to the City of Eastvale. Thus, the continuity of property values is disrupted; and

Whereas, The City of Eastvale is also concerned about possible delays in response efforts in the event of a large-scale emergency such as wildfire, which has become fairly common; and

Whereas, Eastvale residents' eligibility for sport league participation is impacted because many associations and sport entities set team limits and restrictions based on ZIP Codes; and

Whereas, The City of Eastvale's independent ZIP Code advocacy efforts have been widely supported by federal, state, county, and local community members, including United States Senator Alex Padilla, United States Senator Dianne Feinstein, United States Representative Ken Calvert, United States Representative Norma Torres, Riverside County Supervisor Karen Spiegel, the City of Chino, the City of Corona, the City of Norco, and the City of Ontario, the Chino Valley Chamber of Commerce, the Eastvale Chamber of Commerce, the Eastvale Chinese American Association, the Eastvale Kiwanis Club, Norco College, and the Riverside County Sheriff's Department; and

Whereas, United States Representatives Ken Calvert and Norma Torres have introduced federal legislation granting the City of Eastvale a new and independent ZIP Code; and

Whereas, Granting the City of Eastvale a new and independent ZIP Code would address its emergency management, public safety, business attraction and retention, and insurance coverage challenges caused by factors that are outside of its control; now, therefore, be it

*Resolved by the Senate and the Assembly of the State of California, jointly,* That the Legislature urges the Congress of the United States to work with President Joseph R. Biden to authorize assigning the City of Eastvale an independent ZIP Code; and be it further

*Resolved,* That the Secretary of the Senate transmit copies of this resolution to the President and the Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, and to each Senator and Representative from California in the Congress of the United States, and to the author for appropriate distribution.

POM-66. A resolution adopted by the House of Representatives of the State of Texas urging the United States Congress to pass H.R. 412, designating the U.S. Post Office at 620 East Pecan Boulevard in McAllen as the Agent Raul H. Gonzalez Jr. Memorial Post Office; to the Committee on Homeland Security and Governmental Affairs.

## HOUSE RESOLUTION NO. 1343

Whereas, United States Representative Monica De La Cruz introduced a bipartisan bill, H.R. 412, on January 20, 2023, to designate the U.S. Post Office at 620 East Pecan Boulevard in McAllen as the Agent Raul H. Gonzalez Jr. Memorial Post Office; and

Whereas, On December 7, 2022, U.S. Border Patrol Agent Raul H. Gonzalez of Edinburg was engaged in a high-speed chase when his ATV crashed; he was transported to a hospital but died of his injuries that day, at the age of 38, leaving two children, Sebastian and Camila Gonzalez, and a large extended family, as well as numerous bereaved colleagues; and

Whereas, Agent Gonzalez was a graduate of Economedes High School in Edinburg and the Border Patrol Academy; deeply patriotic, he demonstrated great dedication over the course of a career that spanned more than a decade with U.S. Customs and Border Protection, which is within the Department of Homeland Security; he was assigned to the Rio Grande Valley Sector McAllen Station; and

Whereas, Committed to the important mission of the U.S. Border Patrol, Agent Gonzalez lost his life in the line of duty, and it would be most fitting to recognize his exemplary service and supreme sacrifice by

naming the post office in McAllen in his honor; now, therefore, be it

*Resolved,* That the House of Representatives of the 88th Texas Legislature hereby respectfully urge the United States Congress to pass H.R. 412, designating the U.S. Post Office at 620 East Pecan Boulevard in McAllen as the Agent Raul H. Gonzalez Jr. Memorial Post Office; and, be it further

*Resolved,* That the chief clerk of the Texas House of Representatives forward official copies of this resolution to the president of the United States, to the speaker of the House of Representatives and the president of the Senate of the United States Congress, and to all the members of the Texas delegation to Congress with the request that this resolution be officially entered in the Congressional Record as a memorial to the Congress of the United States of America.

POM-67. A joint resolution adopted by the General Assembly of the State of Tennessee expressing strong support for completing the southern border wall and urging the United States Congress to immediately take action to fund the construction necessary for completion; to the Committee on Homeland Security and Governmental Affairs.

## HOUSE JOINT RESOLUTION NO. 27

Whereas, the security of our nation's borders and the safety of our citizens are paramount to protecting the American way of life; and

Whereas, it is essential to the welfare of our nation that illegal immigration cease; and

Whereas, the United States government began to secure our borders through the construction of a physical border wall, but completion of the wall was halted under the Biden Administration; and

Whereas, hundreds of thousands of illegal immigrants continue to enter the United States of America each year through our nation's southern border; and

Whereas, the members of this General Assembly have consistently taken steps to address illegal immigration within the borders of our great State and now wish to urge the United States Congress to address illegal immigration by supporting and funding the completion of the southern border wall: Now, therefore, be it

*Resolved by the House of Representatives of the One Hundred Thirteenth General Assembly of the State of Tennessee, the Senate concurring,* That we strongly support completion of the border wall along our nation's southern border, and we strongly urge the United States Congress to immediately take action to fund the completion of said border wall without delay. Be it further

*Resolved,* That certified copies of this resolution be transmitted to the President of the United States, the U.S. Secretary of

Homeland Security, the Governor of the State of Tennessee, the Speaker and the Clerk of the United States House of Representatives, the President and the Secretary of the United States Senate, and each member of the Tennessee Congressional delegation.

POM-68. A resolution adopted by the Senate of the State of Texas requesting that the United States Congress fully reimburse the State of Texas for 9,927,000,000 dollars in expended funds that were used or will be used to meet federal obligations to secure the southern border; to the Committee on Homeland Security and Governmental Affairs.

## SENATE RESOLUTION NO. 678

Whereas, The Texas Senate finds that border security is a federal responsibility; and

Whereas, Due to the lack of action by the federal government, the State of Texas has been forced to continually appropriate funds to secure the southern border of the United States; and

Whereas, Texas has taken these actions not just for the people of Texas, but to help maintain safety and security across the United States; and

Whereas, The human costs of sex trafficking, human trafficking, drug proliferation, and the expansion of vast criminal enterprises cannot be easily quantified; and

Whereas, The financial cost that the State of Texas has paid or will pay to combat these criminal acts has totaled more than \$9,927,000,000; and

Whereas, The state has spent the following amounts on border security in each of the most recent biennial state budgets:

2016-2017—\$800,000,000

2018-2019—\$800,000,000

2020-2021—\$800,600,000

2022-2023—\$2,926,400,000; and

Whereas, Texas plans to spend \$4,600,000,000 to secure the border in the 2024-2025 biennium; now, therefore, be it further

*Resolved,* That the Senate of the 88th Texas Legislature hereby respectfully request that the Congress of the United States fully reimburse the State of Texas for \$9,927,000,000 in expended funds that were used or will be used to meet federal obligations to secure the southern border; and, be it further

*Resolved,* That Texas is not seeking reimbursement for additional costs associated with securing the southern border, including the additional strains that have been placed on the state's healthcare and education systems, and the impacts on local law enforcement or private property damage; and, be it further

*Resolved,* That the secretary of the Senate forward official copies of this resolution to

the president of the United States, to the president of the Senate and the speaker of the House of Representatives of the United States Congress, and to all the members of the Texas delegation to Congress with the request that this resolution be officially entered in the Congressional Record as a memorial to the Congress of the United States of America.

MESSAGES FROM THE PRESIDENT

The following messages from the President of the United States was transmitted to the Senate by Ms. Kelly, one of his secretaries:

REPORT OF THE VETO OF S.J. RES. 9, A JOINT RESOLUTION THAT WOULD DISAPPROVE THE FINAL RULE ENTITLED "ENDANGERED AND THREATENED WILDLIFE AND PLANTS; LESSER PRAIRIE-CHICKEN" -- PM 22

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States; which was ordered to be printed in the Record, spread in full upon the Journal, and held at the desk:

*To the Senate of the United States:*

I am returning herewith without my approval S.J. Res. 9, a joint resolution that would disapprove the final rule entitled "Endangered and Threatened Wildlife and Plants; Lesser Prairie-Chicken; Threatened Status with Section 4(d) Rule for the Northern Distinct Population Segment and Endangered Status for the Southern Distinct Population Segment."

The final rule, issued by the United States Fish and Wildlife Service (USFWS), provides Endangered Species Act (ESA) protections to an American bird species whose historical habitat on the Great Plains

has diminished by approximately 90 percent and whose populations have plummeted toward disappearance. Following a rigorous review of the best available scientific and commercial information regarding the past, present, and future threats, as well as ongoing conservation efforts, the USFWS listed the Southern Distinct Population Segment of the lesser prairie-chicken as endangered, and the Northern Distinct Population Segment of the lesser prairie-chicken as threatened. The rule also affirms and protects locally led and crafted voluntary conservation agreements that landowners and land managers have developed in recent years, which provide certainty for industry as well as safeguards for prairie-chicken populations.

S.J. Res. 9 would overturn a science-based rulemaking that follows the requirements of the law, and thereby undermines the ESA. The lesser prairie-chicken serves as an indicator for healthy grasslands and prairies, making the species an important measure of the overall health of America's grasslands. If enacted, S.J. Res. 9 would undermine America's proud wildlife conservation traditions, risk the extinction of a once-abundant American bird, and create uncertainty for landowners and industries who have been working for years to forge the durable, locally led conservation strategies that this rule supports.

Therefore, I am vetoing this resolution.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, *September 26, 2023.*

REPORT OF THE VETO OF S.J. RES. 24, A  
JOINT RESOLUTION THAT WOULD  
DISAPPROVE THE FINAL RULE  
ENTITLED "ENDANGERED AND  
THREATENED WILDLIFE AND PLANTS;  
NORTHERN LONG-EARED BAT" -- PM 23

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States; which was ordered to be printed in the Record, spread in full upon the Journal, and held at the desk:

*To The Senate of the United States:*

I am returning herewith without my approval S.J. Res. 24, a joint resolution that would disapprove the final rule entitled "Endangered and Threatened Wildlife and Plants; Endangered Species Status for Northern Long-Eared Bat."

The final rule, issued by the United States Fish and Wildlife Service (USFWS), provides Endangered Species Act (ESA) protections to the northern long-eared bat, whose populations have been heavily impacted by white-nose syndrome. The northern long-eared bat now faces extinction due to white-nose syndrome, a deadly disease that has spread across approximately 79 percent of the northern long-eared bat's entire range and is expected to affect 100 percent of the species' range by the end of the decade. Data indicate white-nose syndrome has caused estimated declines of 97 to 100

percent in affected northern long-eared bat populations. Following a rigorous review of the best available scientific and commercial information regarding the past, present, and future threats, as well as ongoing conservation efforts, the USFWS listed the northern long-eared bat as an endangered species under the ESA.

S.J. Res. 24 would overturn a science-based rulemaking that follows the requirements of the law, and thereby undermines the ESA. Bats are critical to healthy, functioning ecosystems and contribute at least \$3 billion annually to the United States agriculture economy through pest control and pollination. If enacted, S.J. Res. 24 would undermine America's proud wildlife conservation traditions and risk extinction of the species.

Therefore, I am vetoing this resolution.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, *September 26, 2023.*

MESSAGE FROM THE HOUSE

The following message was received from the House of Representatives on today, as indicated:

At 3:02 p.m., a message from the House of Representatives, delivered by Mrs. Alli, one of its reading clerks, announced that pursuant to section 4 of the United States Semiquincentennial Commission Act of 2016 (Public Law 114-196), the Minority Leader appoints the following individual from private life to serve as a Commissioner to the United States Semiquincentennial Commission: Mr. Reginald Matthew Browne of Newtown, Pennsylvania.

ORDER RELATIVE TO VETO  
MESSAGES ON JOINT RESOLUTION  
S.J. RES 9 AND JOINT RESOLUTION  
S.J. RES 24

By unanimous consent, on the request of Mr. SCHUMER,

*Ordered*, That, the messages of disapproval relative to joint resolutions S.J. Res. 9 and S.J. Res. 24 having been received from the President of the United States, said messages of disapproval be considered read, and as the Constitution prescribes, spread upon the Journal, en bloc.

*Ordered further*, That, notwithstanding the provisions of rule XXII of the Standing Rules of the Senate, the Senate proceed to consider the messages of disapproval from the President of the United States relative to joint resolutions S.J. Res. 9 and S.J. Res. 24, at a time to be determined by the Majority Leader, in consultation with the Minority Leader, but no later than Wednesday,

October 4, 2023; that there be two hours, equally divided and controlled between the two leaders, or their designees, for debate on each of the said messages of disapproval; and that the Senate then vote on the questions of passage of the joint resolutions notwithstanding the objections from the President of the United States thereto.

Whereupon,

VETO MESSAGE ON JOINT  
RESOLUTION S.J. RES. 9

Pursuant to the forgoing order,

The PRESIDING OFFICER (Mr. KELLY in the chair) laid before the Senate the message received, on today, from the President of the United States, returning to the Senate, in which it originated, with his objections thereto, the joint resolution (S.J. Res. 9) providing for congressional disapproval under chapter 8 of title 5, United States Code, of the rule submitted by the United States Fish and Wildlife Service relating to "Endangered and Threatened Wildlife and Plants; Lesser Prairie-Chicken; Threatened Status with Section 4(d) Rule for the Northern Distinct Population Segment and Endangered Status for the Southern Distinct Population Segment", which was considered read, and as the Constitution prescribes, spread upon the Journal, as follows:

*To the Senate of the United States:*

I am returning herewith without my approval S.J. Res. 9, a joint resolution that would disapprove the final rule entitled "Endangered and Threatened Wildlife and Plants; Lesser Prairie-Chicken; Threatened Status with Section 4(d) Rule for the Northern Distinct Population Segment and Endangered Status for the Southern Distinct Population Segment."

The final rule, issued by the United States Fish and Wildlife Service (USFWS), provides Endangered Species Act (ESA) protections to an American bird species whose historical habitat on the Great Plains has diminished by approximately 90 percent and whose populations have plummeted toward disappearance. Following a rigorous review of the best available scientific and commercial information regarding the past, present, and future threats, as well as ongoing conservation efforts, the USFWS listed the Southern Distinct Population Segment of the lesser prairie-chicken as endangered, and the Northern Distinct Population Segment of the lesser prairie-chicken as threatened. The rule also affirms and protects locally led and crafted voluntary conservation agreements that landowners and land managers have developed in recent years, which provide certainty for industry as well as safeguards for prairie-chicken populations.

S.J. Res. 9 would overturn a science-based rulemaking that follows the requirements of the law, and thereby undermines the ESA.

The lesser prairie-chicken serves as an indicator for healthy grasslands and prairies, making the species an important measure of the overall health of America's grasslands. If enacted, S.J. Res. 9 would undermine America's proud wildlife conservation traditions, risk the extinction of a once-abundant American bird, and create uncertainty for landowners and industries who have been working for years to forge the durable, locally led conservation strategies that this rule supports.

Therefore, I am vetoing this resolution.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, *September 26, 2023.*

The question being on passage of the joint resolution, upon reconsideration, the objections of the President of the United States to the contrary notwithstanding.

VETO MESSAGE ON JOINT  
RESOLUTION S.J. RES. 24

Pursuant to the order of today,

The PRESIDING OFFICER laid before the Senate the message received, on today, from the President of the United States, returning to the Senate, in which it originated, with his objections thereto, the joint resolution (S.J. Res. 24) providing for congressional disapproval under chapter 8 of title 5, United States Code, of the rule submitted by the United States Fish and Wildlife Service relating to "Endangered and Threatened Wildlife and Plants; Endangered Species Status for Northern Long-Eared Bat", which was considered read, and as the Constitution prescribes, spread upon the Journal, as follows:

*To The Senate of the United States:*

I am returning herewith without my approval S.J. Res. 24, a joint resolution that would disapprove the final rule entitled "Endangered and Threatened Wildlife and Plants; Endangered Species Status for Northern Long-Eared Bat."

The final rule, issued by the United States Fish and Wildlife Service (USFWS), provides Endangered Species Act (ESA) protections to the northern long-eared bat, whose populations have been heavily impacted by white-nose syndrome. The northern long-eared bat now faces extinction due to white-nose syndrome, a deadly disease that has spread across approximately 79 percent of the northern long-eared bat's entire range and is expected to affect 100 percent of the species' range by the end of the decade. Data indicate white-nose syndrome has caused estimated declines of 97 to 100 percent in affected northern long-eared bat populations. Following a rigorous review of the best available scientific and commercial information regarding the past, present, and future threats, as well as ongoing conservation efforts, the USFWS listed the

northern long-eared bat as an endangered species under the ESA.

S.J. Res. 24 would overturn a science-based rulemaking that follows the requirements of the law, and thereby undermines the ESA. Bats are critical to healthy, functioning ecosystems and contribute at least \$3 billion annually to the United States agriculture economy through pest control and pollination. If enacted, S.J. Res. 24 would undermine America's proud wildlife conservation traditions and risk extinction of the species.

Therefore, I am vetoing this resolution.

#### PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-69. A concurrent resolution adopted by the Legislature of the State of Louisiana urging the United States Congress to take such actions as are necessary to establish the "Agent Orange Veterans Service Medal" to commemorate the service and sacrifice of veterans who were exposed to the Agent Orange herbicide during the Vietnam War from 1961 to 1971; to the Committee on Armed Services.

#### HOUSE CONCURRENT RESOLUTION NO. 12

Whereas, for generations, millions of Americans have answered the call to serve and taken the sacred oath to defend and preserve our nation's ideals of liberty and democracy; and

Whereas, such valiant men and women sacrifice their personal safety and time with their families to protect the individual and collective freedom guaranteed to all Americans; and

Whereas, more than eight million citizens of this country honorably served during the

Vietnam War, during which time Agent Orange was widely used in Vietnam by the United States Armed Forces as part of the herbicidal warfare program Operation Ranch Hand from 1961 until 1971; and

Whereas, nearly twenty million gallons of the orange powder were sprayed over the land from helicopters or low-flying aircraft, destroying vegetation and crops in order to deprive enemy guerrillas of food and cover for their activities and exposing more than two million American soldiers to the herbicide and defoliant chemical; and

Whereas, Agent Orange is a dioxin and cancer-causing chemical that enters the body through physical contact or ingestion and moves into the human cell nucleus, where it attacks the genes and causes a number of serious illnesses, including leukemia, lymphoma, myeloma, ischemic heart disease, soft tissue sarcoma, amyloidosis, diabetes, and cancers of the throat, prostate, lung, and colon; and

Whereas, Agent Orange also causes genetic damage, and in some cases, the children and grandchildren of veterans exposed to Agent Orange have been born with spina bifida and other abnormalities; and

Whereas, today, only eight hundred thousand Vietnam veterans exposed to Agent Orange are alive, and approximately three hundred deaths occur among them every day; and

Whereas, while fallen comrades are memorialized at the Vietnam Veterans Memorial in Washington, D.C., those veterans who are victims of Agent Orange are not recognized as fatalities of the Vietnam War; and

Whereas, it is most appropriate that we should honor these veterans to the full extent of our ability, as they have made untold and innumerable sacrifices to preserve the liberties we enjoy today and that our progeny will hopefully continue to cherish for generations to come. Therefore, be it

*Resolved*, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to establish a commemorative military service medal to be known as the "Agent Orange Veterans Service Medal" to honor and recognize the victims of Agent Orange during the Vietnam War for their courageous service to our Nation as some of America's most heroic citizens; and be it further.

*Resolved*, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the United States Congress and to each member of the Louisiana congressional delegation.

POM-70. A joint resolution adopted by the Legislature of the State of Oklahoma making an application to the United States Congress, as provided by Article V of the United States

Constitution, to call a convention limited to proposing an amendment to the United States Constitution to set a limit on the number of terms that a person may be elected as a Member of the United States House of Representatives and to set a limit on the number of terms a person may be elected as a Member of the United States Senate; to the Committee on the Judiciary.

#### HOUSE JOINT RESOLUTION NO. 1032

Section 1. The Oklahoma Legislature of Oklahoma hereby makes an application to Congress, as provided by Article V of the Constitution of the United States of America, to call a convention limited to proposing an amendment to the Constitution of the United States of America to set a limit on the number of terms that a person may be elected as a Member of the United States House of Representatives and to set a limit on the number of terms that a person may be elected as a Member of the United States Senate.

Section 2. The Secretary of State is hereby directed to transmit copies of this application to the President and Secretary of the Senate of the United States and to the Speaker, Clerk and Judiciary Committee Chairman of the House of Representatives of the Congress of the United States, and copies to the members of the said Senate and House of Representatives from this State; also to transmit copies hereof to the presiding officers of each of the legislative houses in the several States, requesting their cooperation.

Section 3. This application shall be considered as covering the same subject matter as the applications from other States to Congress to call a convention to set a limit on the number of terms that a person may be elected to the House of Representatives of the Congress of the United States and the Senate of the United States; and this application shall be aggregated with same for the purpose of attaining the two-thirds of states necessary to require Congress to call a limited convention on this subject, but shall not be aggregated with any other applications on any other subject.

Section 4. This application constitutes a continuing application in accordance with Article V of the Constitution of the United States of America until the legislatures of at least two-thirds of the several states have made applications on the same subject.

POM-71. A joint resolution adopted by the Legislature of the State of Oklahoma making an application to the United States Congress, as provided by Article V of the United States Constitution, to call a convention limited to proposing an amendment to the United States Constitution to set a limit on the number of terms that a person may be elected as a Member of the United States House of Representatives and to set a limit on the

number of terms a person may be elected as a Member of the United States Senate; to the Committee on the Judiciary.

POM-72. A joint resolution adopted by the Legislature of the State of Colorado urging and requesting the United States government to take action to preserve and enhance American leadership in space; to the Committee on the Judiciary.

#### SENATE JOINT RESOLUTION NO. 23-007

Whereas, Our nation significantly benefitted from technological and scientific advancements resulting from space exploration and aerospace activities; and

Whereas, Colorado ranks first in the nation for aerospace employment concentration; and

Whereas, There are over 34,000 Coloradans who are directly employed in aerospace, with the aerospace cluster supporting over 240,000 jobs; and

Whereas, Colorado is home to the nation's top aerospace companies, including Ball Aerospace, Boeing, L3Harris, Lockheed Martin Space, Maxar Technologies, Northrop Grumman, Raytheon, Sierra Space, and United Launch Alliance, and close to 500 additional companies that support the aerospace sector by providing services and developing products, including spacecraft, launch vehicles, satellites, command and control software, sensors, and navigation operations; and

Whereas, Colorado is a strategic location for national space and cyber activity, with five key military commands: North American Aerospace Defense Command (NORAD), the United States Northern Command, the United States Strategic Command's Joint Functional Component Command for Space Missile Warning Center, the United States Space Command, and the United States Army Space and Missile Defense Command/ Army Forces Strategic Command, as well as three space-related United States Space Force bases: Buckley, Peterson, and Schriever; and

Whereas, The United States Air Force Academy, along with Colorado's colleges and universities, including the University of Colorado Boulder, University of Colorado Colorado Springs, Colorado School of Mines, Colorado State University, Metropolitan State University of Denver, University of Denver, Colorado Mesa University, and Fort Lewis College, provides access to world-class aerospace-related degrees and offers aerospace companies one of the country's most educated workforces; and

Whereas, Various organizations are key to Colorado's prominence in aerospace, such as the American Institute of Aeronautics and Astronautics, the world's largest aerospace technical society; the Colorado Space Coalition, a group of industry stakeholders working to grow and promote Colorado as a center of excellence for aerospace; the Colorado chapter of Citizens for Space Exploration, housed within the Colorado Business Roundtable, whose mission is to promote better understanding of aerospace and its importance in our economy and daily lives, as well as promoting the importance of human space exploration; and the Colorado Space Business Roundtable, an organization that works to convene stakeholders from industry, government, and academia to advance aerospace business and workforce opportunities throughout the state. Together these organizations form the Colorado chapter of the Aerospace States Association, a nonpartisan organization of lieutenant governors and associate members from aerospace organizations and academia who represent states' interests in federal aerospace

and aviation policy development led by Colorado Lieutenant Governor Dianne Primavera; and

Whereas, In addition, the Colorado Air and Space Port, located east of the Denver International Airport, seeks to serve as America's hub for commercial space transportation, research, and development; this horizontal launch facility will have the potential to become the foundation for a global suborbital transportation network connecting Colorado globally. Now, therefore, be it

*Resolved by the Senate of the Seventy-fourth General Assembly of the State of Colorado, the House of Representatives concurring herein:* That we, the members of the Colorado General Assembly:

(1) Strongly urge and request the government of the United States of America to take action to preserve and enhance American leadership in space, spur innovation, and ensure our continued national and economic security by supporting space exploration and activities, including sending United States astronauts (including the first female and first person of color who will walk on the Moon) under NASA's Artemis program, which launched its successful uncrewed test flight on November 16, 2022. Hundreds of Colorado companies worked to make Artemis I a success, including Boeing, which built the Space Launch System rocket; United Launch Alliance, which built the Interim Cryogenic Propulsion system, the second stage that propelled Orion into orbit around the Moon; and Lockheed Martin Space, which designed and built the Orion spacecraft for NASA in Colorado, which traveled 1.4 million miles beyond the Moon and back;

(2) Recognize and appreciate Colorado's space and aerospace companies and organizations, especially the growing membership and activities of the Colorado chapter of Citizens for Space Exploration, in partnership with the Colorado Business Roundtable, whose activities to promote space exploration are helping to increase public understanding and enthusiasm for exploration funding;

(3) Recognize and appreciate the exciting new innovations coming this year with the inaugural flight of the United Launch Alliance Vulcan Centaur rocket; Boeing's CST-100 Starliner crew test flight to the International Space Station; and the Sierra Space Dream Chaser, the world's only winged commercial spaceplane, which will also travel to the International Space Station. Both the Starliner and Dream Chaser will launch atop a United Launch Alliance rocket;

(4) Express our most sincere and deepest appreciation to the men and women working in our military installations in Colorado; and

(5) Hereby declare March 13, 2023, to be "Colorado Aerospace Day".

Be it Further *Resolved*, That copies of this Joint Resolution be sent to President Joseph Biden, Jr.; Vice President Kamala Harris; Speaker of the House of Representatives Kevin McCarthy; House Minority Leader Hakeem Jeffries; Senate Majority Leader Charles Schumer; Senate Minority Leader Mitch McConnell; Senator John Hickenlooper; Senator Michael Bennet; Congresswoman Diana DeGette; Congressman Joe Neguse; Congresswoman Lauren Boebert; Congressman Ken Buck; Congressman Doug Lamborn; Congressman Jason Crow; Congresswoman Brittany Pettersen; Congresswoman Yadira Caraveo; Bill Nelson, NASA Administrator; Billy Nolen, Administrator, Federal Aviation Administration; Governor Jared Polis; Lieutenant Governor and Co-chair, Colorado Space Coalition, Dianne Primavera; Brigadier General Laura Clellan, Adjutant General of Colorado; General James Dickinson, Commander, U.S. Space Command; Colonel Marcus Jackson, Buckley Garrison Commander, Buckley Space Force Base; Dr. Christopher Scolese, Director, National Reconnaissance Office; Ross B. Garelick Bell, Executive Director, Aerospace States Association; Thomas E. Zelibor, Chief Executive Officer, Space Foundation; Alexandra Dukes, Section Chair, American Institute of Aeronautics and Astronautics Rocky Mountain Section; Dr. Ronald M. Sega, Co-chair, Colorado Space Coalition; Michael Gass, Co-chair, Colorado Space Coalition; Bob Cone, Chair, Colorado Space Business Roundtable; Christie Lee and Stacey DeFore, Co-Chairs, Colorado Citizens for Space Exploration; Jeff Kloska, Director, Colorado Air and Space Port; and Debbie Brown, President, Colorado Space Business Roundtable.

POM-73. A resolution adopted by the Senate of the State of California respectfully calling upon the President of the United States and the United States Congress to formally and consistently reaffirm the historical truth that the atrocities committed against the Armenian people constituted genocide; to the Committee on the Judiciary.

#### SENATE RESOLUTION NO. 28

Whereas, Armenians have resided in Asia Minor and the Caucasus for approximately four millennia and have a long and rich history in the region, including the establishment of many kingdoms. Despite Armenians' historic presence, stewardship, and autonomy in the region, Turkish rulers of the Ottoman Empire and the Republic of Turkey subjected Armenians to severe and unjust persecution and brutality; and

Whereas, Ottoman Turkish political leaders, succeeded by the leaders of the Young Turk Revolution of 1908, promoted a pan-Turkic agenda to unite the Turkic

populations of the Ottoman Empire and the Russian Empire by annihilating the non-Turkic Armenian, Greek, and Assyrian minorities in the region, an agenda that continues to this day; and

Whereas, The Armenian population was a victim of a series of massacres, namely the Hamidian massacres between 1894 and 1896 and the Adana massacre of 1909, at the hands of Ottoman Turkey; and

Whereas, The Armenian nation was subjected to a systematic and premeditated genocide at the hands of the Young Turk government of the Ottoman Empire from 1915 to 1919. The genocide officially began on April 24, 1915, and continued at the hands of the Kemalist Movement of Turkey from 1920 to 1923; and

Whereas, Over 1,500,000 Armenian men, women, and children were slaughtered or marched to their deaths in an effort to annihilate the Armenian nation in the first genocide of modern times, thousands of surviving Armenian women and children were forcibly converted and Islamized, and hundreds of thousands more were subjected to ethnic cleansing during the period of the modern Republic of Turkey from 1924 to 1937; and

Whereas, During the genocides of the Christians living in the Ottoman Empire and surrounding regions, in addition to the 1,500,000 men, women, and children of Armenian descent, hundreds of thousands of Assyrians, Greeks, and other Christians lost their lives at the hands of the Ottoman Turkish Empire and the Republic of Turkey, thereby constituting one of the most atrocious violations of human rights and crimes against humanity in the history of the world; and

Whereas, The Republic of Azerbaijan also carried out massacres in Shushi, Baku, Ghaibalishen, Jamilli, Karkijahan, and Pahlul between 1918 and 1920; and

Whereas, These crimes against humanity also had the consequence of permanently removing all traces of the Armenians and other targeted people from their historic homelands of more than four millennia and enriching the perpetrators with the lands and other property of the victims of these crimes, including through the usurpation of several thousand churches and cultural institutions; and

Whereas, In response to the genocide and at the behest of President Woodrow Wilson and the United States State Department, the Near East Relief organization was founded and became the first congressionally sanctioned American philanthropic effort created exclusively to provide humanitarian assistance to, and to rescue from annihilation, the Armenian nation and other Christian minorities. Those who were rescued went on to survive and thrive outside of their ancestral homeland all over the world and specifically in this state; and

Whereas, Near-East Relief succeeded, with the active participation of the citizens from this state, in delivering \$117,000,000 in assistance and in saving more than 1,000,000 refugees, including 132,000 orphans, between 1915 and 1930, by delivering food, clothing, and materials for shelter and by setting up refugee camps, clinics, hospitals, and orphanages; and

Whereas, The Armenian nation survived the genocide despite the attempt by the Ottoman Empire to exterminate it; and

Whereas, In 1923, Soviet leader Josef Stalin, utilizing a strategy to divide and conquer ethnic minorities in the former Russian Empire, proclaimed the ancient Armenian region of Artsakh, populated almost entirely by ethnic Armenians, as the Nagorno-Karabakh Autonomous Oblast of the Azerbaijani Soviet Socialist Republic; and

Whereas, In 1924, Soviet leader Josef Stalin, in furtherance of the same strategy, created an Azerbaijani exclave on the ancient Armenian lands of Nakhichevan, which was subsequently ethnically cleansed of all Armenians and rendered devoid of Armenian cultural presence through the deliberate destruction of thousands of Armenian antiquities, cross-stones, and artifacts; and

Whereas, Adolf Hitler, in, persuading his army commanders that the merciless persecution and killing of Jews, Poles, and other people would bring no retribution, declared, “Who, after all, speaks today of the annihilation of the Armenians?”; and

Whereas, On November 4, 1918, immediately after the collapse of the Young Turk regime and before the founding of the Republic of Turkey by Mustafa Kemal Atatürk in 1923, the Ottoman Parliament considered a motion on the crimes committed by the Committee of Union and Progress (CUP) stating: “A population of one million people guilty of nothing except belonging to the Armenian nation were massacred and exterminated, including even women and children.” The Minister of Interior at the time, Fethi Bey, responded by telling the Parliament: “It is the intention of the government to cure every single injustice done up until now, as far as the means allow, to make possible the return to their homes of those sent into exile, and to compensate for their material loss as far as possible”; and

Whereas, The Parliamentary Investigative Committee proceeded to collect relevant documents describing the actions of those responsible for the Armenian mass killings and turned them over to the Turkish Military Tribunal. CUP’s leading figures were found guilty of massacring Armenians and hanged or given lengthy prison sentences. The Turkish Military Tribunal requested that Germany extradite to Turkey the masterminds of the massacres who had fled

the country. After German refusal, they were tried in absentia and sentenced to death; and

Whereas, On August 1, 1926, in an interview published in the Los Angeles Examiner, Mustafa Kemal Atatürk admitted: “These left-overs from the former Young Turk Party, who should have been made to account for the lives of millions of our Christian subjects who were ruthlessly driven en masse from their homes and massacred, have been restive under the Republican rule. They have hitherto lived on plunder, robbery and bribery and become inimical to any idea or suggestion to enlist in useful labor and earn their living by the honest sweat of their brow”; and

Whereas, From 1988 to 1990, the Armenian population in Soviet Azerbaijan was also the target of racially motivated pogroms in the Cities of Sumgait (February 27 to 29, 1988), Kirovabad (November 21 to 27, 1988) and Baku (January 13 to 19, 1990); and

Whereas, Eighty-nine medieval churches, 5,840 ornate cross-stones (khachkars), and 22,000 tombstones in the formerly Armenian region of Nakhichevan were systematically and covertly eradicated by the Azerbaijani government from 1997 to 2006 in order to erase the region’s indigenous Armenian trace; and

Whereas, Having suffered racial and economic discrimination under the Soviet Azerbaijani occupation, the citizens of the Nagorno-Karabakh Autonomous Region declared their independence from the USSR in 1991 and established the free, independent, and democratic Republic of Artsakh through a referendum held in accordance with the constitution and laws of the Soviet Union, the Universal Declaration of Human Rights, the International Covenant on Economic, Social and Cultural Rights, and the principles of the International Covenant on Civil and Political Rights; and

Whereas, Unlike other people and governments that have admitted and denounced the abuses and crimes of predecessor regimes, and despite the Turkish government’s earlier admissions and the overwhelming proof of genocidal intent, the Republic of Turkey inexplicably and adamantly has denied the occurrence of the crimes against humanity committed by the Ottoman and Young Turk rulers for many years, and continues to do so more than a century since the first crimes constituting genocide occurred; and

Whereas, The Republic of Turkey continues its genocidal policy by showing no remorse for the crime and engages in the final stage of genocide by denying the veracity of the crimes perpetrated against the Armenian, Greek, and Assyrian nations; and

Whereas, Those denials compound the grief of the few remaining survivors and deprive the surviving Armenian nation of its

individual and collective ancestral lands, property, cultural heritage, financial assets, and population growth; and

Whereas, The Republic of Turkey has escalated its international campaign of Armenian Genocide denial, maintained its blockade of Armenia, and increased its pressure on the small but growing movement in Turkey acknowledging the Armenian Genocide and seeking justice for this systematic campaign of destruction of millions of Armenians, Greeks, Assyrians, and other Christians upon their homelands; and

Whereas, Those citizens of Turkey, both Armenian and non-Armenian, who continue to speak the truth about the Armenian Genocide, such as human rights activist and journalist Hrant Dink, continue to be silenced by violent means or imprisonment, in part due to a Turkish law that criminalizes any expression that is considered to be insulting to the Turkish identity; and

Whereas, There is continued concern about the welfare of Christians in the Republic of Turkey, their right to worship and practice freely, and the legal status and condition of thousands of ancient Armenian churches, monasteries, cemeteries, and other historical and cultural structures, sites, and antiquities in the Republic of Turkey; and

Whereas, The United States is on record as having officially recognized the Armenian Genocide in the United States government's May 28, 1951, written statement to the International Court of Justice regarding the Reservations to the Convention on the Prevention and Punishment of the Crime of Genocide, through President Ronald Reagan's April 22, 1981, Proclamation No. 4838, and by congressional legislation, including House Joint Resolution 148 adopted on April 9, 1975, and House Joint Resolution 247 adopted on September 12, 1984; and

Whereas, Prior to the Convention on the Prevention and Punishment of the Crime of Genocide, the United States had a record of seeking just and constructive means to address the consequences of the Ottoman Empire's intentional destruction of the Armenian people, including through United States Senate Concurrent Resolution 12 adopted on February 9, 1916, United States Senate Resolution 359 adopted on May 11, 1920, and President Woodrow Wilson's November 22, 1920, decision titled, "The Frontier between Armenia and Turkey," which was issued as a legally binding arbitral award, but has not been enforced to this date; and

Whereas, The Republics of Armenia and Artsakh are bastions of freedom, liberty, and democracy in the region; and

Whereas, Artsakh, also known as Nagorno-Karabakh, has never been a part of the independent Republic of Azerbaijan in that it

proclaimed its independence before the fall of the Soviet Union and before Azerbaijan did the same; and

Whereas, The Republics of Turkey and Azerbaijan proclaim each other as "one nation, two states"; and

Whereas, The Republic of Turkey, has long served as a destabilizing force in the region by illegally blockading the Republic of Armenia, targeting minority groups in Turkey, and invading and occupying the sovereign territories of the Syrian Arab Republic, among other gross violations of international law; and

Whereas, The Republic of Turkey directly supported Azerbaijan during the 2020 Nagorno-Karabakh War through the recruitment and deployment of mercenary terrorists and the supply of military equipment and senior military personnel used by Azerbaijan to commit war crimes and crimes against humanity against the Armenians of the Republic of Nagorno-Karabakh, including ISIS-style beheadings of Armenian senior citizens; and

Whereas, These international crimes against humanity still need to be prosecuted under the jurisdiction of international legal institutions; and

Whereas, Azerbaijan has continuously invaded and occupied the sovereign territories of the Republic of Armenia since May 2021, harmed or killed civilians, and destroyed critical infrastructure; and

Whereas, Azerbaijan began, on December 12, 2022, an illegal blockade of the Lachin corridor, the road of life connecting Artsakh to the world through Armenia, that has deprived 120,000 Armenians of food, medicine, gas, electricity, and in internet connectivity; and

Whereas, California is home to the largest Armenian American population in the United States, and Armenians living in California have enriched our state through their leadership and contribution in business, agriculture, academia, government, and the arts. Many of them have family members who experienced firsthand the horror and evil of the Armenian Genocide and its ongoing denial; and

Whereas, Every person should be made aware and educated about the Armenian Genocide and other crimes against humanity; and

Whereas, The State of California has been at the forefront of encouraging and promoting a curriculum relating to human rights and genocide in order to empower future generations to prevent the recurrence of genocide; and

Whereas, April 24, 1915, is globally observed and recognized as the commencement of the, Armenian Genocide; and

Whereas, The Armenian Genocide has been officially recognized by the United

States Congress in 2019 with the adoption of House Resolution 296 and Senate Resolution 150, officially reaffirming the United States' record on the Armenian Genocide; and

Whereas, Both resolutions set, as a matter of United States policy, to (1) commemorate the Armenian Genocide through official recognition and remembrance; (2) reject efforts to enlist, engage, or otherwise associate the United States government with denial of the Armenian Genocide or any other genocide; and (3) encourage education and public understanding of the facts of the Armenian Genocide, including the United States' role in the humanitarian relief effort and the relevance of the Armenian Genocide to modern-day crimes against humanity; and

Whereas, President Joseph Biden affirmed the United States' record on the recognition of the Armenian Genocide on April 24, 2021, and in doing so noted that recognition is a step "to ensure that what happened is never repeated"; and

Whereas, The Senate encourages the United States government to halt all military assistance to Azerbaijan while it continues Turkey's annihilation of ethnic Armenians in both Nagorno-Karabakh, which is also known as Artsakh, and Armenia; and

Whereas, We must encourage education and public understanding of the facts of the Armenian Genocide, including the United States' role in the humanitarian relief effort, and the relevance of the Armenian Genocide to modern-day crimes against humanity; and

Whereas, Armenians in California and throughout the world have not been provided with justice for the crimes perpetrated against the Armenian nation despite the fact that over a century has passed since the crimes were first committed; and

Whereas, The Armenian people in California and throughout the world remain resolved and their spirit continues to thrive more than a century after their near annihilation; and

Whereas, By recognizing and consistently remembering the Armenian Genocide and other genocides, we help protect cultural and historic memory and ensure that similar atrocities do not occur again; now, therefore, be it

*Resolved by the Senate of the State of California,* That the Senate hereby designates the year of 2023 as "State of California Year of Commemoration of the Anniversary of the Armenian Genocide of 1915-1923" and in doing so, intends, through the enactment of legislation, that the Armenian Genocide is properly commemorated and taught to its citizens and visitors through statewide educational and cultural events; and be it further

*Resolved,* That the Senate hereby designates the month of April 2023 as "State of California Month of Commemoration of

the 108th Anniversary of the Armenian Genocide of 1915-1923"; and be it further

*Resolved*, That the Senate commends its conscientious educators who teach about human rights and genocide, and intends for them, through the enactment of legislation, to continue to enhance their efforts to educate students at all levels about the experience of the Armenians and other crimes against humanity; and be it further

*Resolved*, That the Senate hereby commends the extraordinary service that was delivered by Near East Relief to the survivors of the Armenian Genocide and the Assyrian Genocide, including thousands of direct beneficiaries of American philanthropy who are the parents, grandparents, and great-grandparents of many Californian Armenians and Assyrians, and pledges its intent, through the enactment of legislation, to working with community groups, nonprofit organizations, citizens, state personnel, and the community at large to host statewide educational and cultural events; and be it further

*Resolved*, That the Senate deplors the persistent, ongoing efforts by any person, in this country or abroad, to deny the historical fact of the Armenian Genocide; and be it further

*Resolved*, That the Senate respectfully calls upon the President and the Congress of the United States to formally and consistently reaffirm the historical truth that the atrocities committed against the Armenian people constituted genocide; and be it further

*Resolved*, That the Senate calls on the President of the United States to work toward equitable, constructive, stable, and durable Armenian-Turkish relations; and be it further

*Resolved*, That the Senate calls on the President and the Congress of the United States, in all official contacts with Turkish and other world leaders and officials, to emphasize that Turkey should:

(1) End all forms of religious discrimination and persecution;

(2) Allow the rightful historical church and lay owners of Christian and other church properties, without hindrance or restriction, to organize and administer prayer services, religious education, clerical training, appointments, and succession, religious community gatherings, social services, including ministry to the needs of the poor and infirm, and other religious activities;

(3) Return to their rightful owners all historical Christian and other churches and other places of worship, monasteries, schools, hospitals, monuments, relics, holy sites, and other religious properties, including movable properties, such as artwork, manuscripts, vestments, vessels, and other artifacts;

(4) Allow the rightful Christian and other church and lay owners of church properties, without hindrance or restriction, to preserve, reconstruct, and repair, as they see fit, all churches and other places of worship,

monasteries, schools, hospitals, monuments, relics, holy sites, and other religious properties within Turkey; and be it further

*Resolved*, That in light of the impending ethnic cleansing and genocide of the Armenians in Artsakh, the Senate calls upon the President of the United States to ensure the rights of the Armenians of Nagorno-Karabakh to extraterritorial self-determination (independence) in accordance with the principle of remedial succession and the global commitment to Responsibility to Protect (R2P); and be it further

*Resolved*, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, to each Senator and Representative from California in the Congress of the United States, to the Governor of California, to every Member of the California State Legislature, and to the Superintendent of Public Instruction.

POM-74. A joint resolution adopted by the Legislature of the State of South Carolina applying to the United States Congress to call a convention for proposing amendments pursuant to Article V of the United States Constitution limited to proposing amendments that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of Congress; to the Committee on the Judiciary.

HOUSE JOINT RESOLUTION NO. 3205

Whereas, the founders of our constitution empowered state legislators to be guardians of liberty against future abuses of power by the federal government; and

Whereas, the federal government has created a crushing national debt through improper and imprudent spending; and

Whereas, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

Whereas, the federal government has ceased to live under a proper interpretation of the Constitution of the United States; and

Whereas, it is the solemn duty of the states to protect the liberty of our people—particularly for the generations to come—by proposing amendments to the Constitution of the United States through a convention of the states under Article V for the purpose of restraining these and related abuses of power. Now, therefore, be it

*Enacted by the General Assembly of the State of South Carolina:*

APPLICATION FOR CALLING A CONVENTION OF THE STATES

Section 1. The General Assembly of South Carolina, by this joint resolution, hereby applies to Congress, under the provisions of Article V of the Constitution of the United States, for the calling of a convention of the states limited to proposing amendments to the Constitution of the United States that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of Congress.

DISTRIBUTION OF COPIES

Section 2. The Clerks of the South Carolina House of Representatives and the South Carolina Senate shall transmit copies of this resolution to the President and the Secretary of the United States Senate, the Speaker and the Clerk of the United States House of Representatives, the members of the South Carolina Congressional Delegation, and the presiding officers of each of the legislative houses in the several states, attesting to the enactment of this joint resolution by the South Carolina General Assembly and requesting cooperation.

JOINT RESOLUTION CONSTITUTES A CONTINUING APPLICATION

Section 3. This joint resolution constitutes a continuing application in accordance with Article V of the Constitution of the United States until the legislatures of at least two-thirds of the several states have made applications on the same subject.

TIME EFFECTIVE

Section 4. This joint resolution takes effect upon approval by the Governor House.

POM-75. A concurrent resolution adopted by the Legislature of the State of Louisiana urging the United States Congress to take such actions as are necessary to improve the mental health of military veterans by supporting exposure to nature with the designation of "Get Outside Day"; to the Committee on the Judiciary.

HOUSE CONCURRENT RESOLUTION

To memorialize the United States Congress to take such actions as are necessary to improve the mental health of military veterans by supporting exposure to nature with the designation of "Get Outside Day".

Whereas, mental health is a top priority both at the federal and state government level; and

Whereas, mental health issues affect different groups, in particular, our vulnerable military veterans; and

Whereas, countless military veterans return home suffering from post-traumatic stress disorder, traumatic brain injury, anxiety, and depression; and

Whereas, the onset of certain mental health conditions have increased substance abuse and decreased social interaction; and

Whereas, military veterans have disproportionately high rates of suicide; and

Whereas, studies show that exposure to nature has a positive and therapeutic impact on mental health and the psychological conditions that are related to suicides; and

Whereas, the enjoyment of a single day outside can lead to increased mobility and renewed therapy for psychological impediments and correspond to a decrease in suicides; and

Whereas, the Louisiana Naval War Memorial Commission in conjunction with the Military Veterans Advocacy agree to sponsor "Get Outside Day" at the USS Kidd Veterans Museum. Therefore, be it

*Resolved*, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to designate the second Saturday in June as "Get Outside Day" at the federal government level; and be it further

*Resolved*, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

## MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Kelly, one of his secretaries:

REPORT ON THE CONTINUATION OF  
THE NATIONAL EMERGENCY WITH  
RESPECT TO SIGNIFICANT NARCOTICS  
TRAFFICKERS CENTERED IN  
COLOMBIA -- PM 25

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to significant narcotics traffickers centered in Colombia declared in Executive Order 12978 of October 21, 1995, is to continue in effect beyond October 21, 2023.

The circumstances that led to the declaration of a national emergency on October 21, 1995, have not been resolved. The actions of significant narcotics traffickers centered in Colombia continue to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States and to cause an extreme level of violence, corruption, and harm in the United States and abroad. For this reason, I have determined that it is necessary to continue the national emergency declared in Executive Order 12978 with respect to significant narcotics traffickers centered in Colombia.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, *October 17, 2023.*

The following message from the President of the United States was transmitted to the Senate by Ms. Kelly, one of his secretaries:

#### REPORT ON THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO THE SITUATION IN OR IN RELATION TO THE DEMOCRATIC REPUBLIC OF THE CONGO -- PM 26

The PRESIDING OFFICER laid before the Senate the following message from the

President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice with respect to the situation in or in relation to the Democratic Republic of the Congo declared in Executive Order 13413 of October 27, 2006, as amended by Executive Order 13671 of July 8, 2014, is to continue in effect beyond October 27, 2023.

The situation in or in relation to the Democratic Republic of the Congo, which has been marked by widespread violence and atrocities that continue to threaten regional stability, continues to pose an unusual and extraordinary threat to the foreign policy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 13413, as amended by Executive Order 13671, with respect to the situation in or in relation to the Democratic Republic of the Congo.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, *October 24, 2023.*

#### PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-77. A joint resolution adopted by the Legislature of the State of Alaska urging the United States Secretary of Commerce, the National Marine Fisheries Service, the Alaska Department of Fish and Game, and

other federal and state agencies to defend the state's fisheries, including the Southeast Alaska troll fishery; to the Committee on Commerce, Science, and Transportation.

#### HOUSE JOINT RESOLUTION NO. 5

Whereas commercial fishing is a mainstay of the state's economy and the largest private sector employer in the state; and

Whereas, in Southeast Alaska alone, the seafood industry directly employed 11,300 workers and provided \$653,000,000 in total economic output in 2019; and

Whereas the troll fleet is one of the largest fleets in the state and the largest fleet in Southeast Alaska, and, in 2019, approximately 1,450 fishers earned income directly from the fishery; and

Whereas state residents comprise 85 percent of the state's commercial troll permit holders, making it the highest level of local ownership of any major fishery in the state; and

Whereas commercial salmon trolling contributes to the economy of Southeast Alaska year-round, with winter, spring, and summer troll seasons sustaining employment in fishing, seafood processing, and fisheries-related industries; and

Whereas, when accounting for multiplier effects of the fishing, seafood processing, and fisheries-related industries, commercial trolling is one of the three most valuable commercial fisheries in Southeast Alaska and has a total annual economic impact of approximately \$85,000,000, as measured in terms of total output; and

Whereas, as compared to the costs of entry to other state fisheries, the affordability of the troll fishery provides an entry level opportunity for new commercial fishers, and, as a result, there are troll fishery permit holders in nearly all 33 communities in Southeast Alaska, all of which will suffer if the Southeast Alaska chinook troll fishery is closed; and

Whereas the Wild Fish Conservancy filed a lawsuit against the United States Secretary of Commerce and the National Marine Fisheries Service alleging that the Southeast Alaska chinook troll fishery authorized by the National Marine Fisheries Service is contributing to the extinction of an endangered population of southern resident killer whales; and

Whereas only two to three percent of the total Alaska catch is from the Puget Sound chinook salmon and lower Columbia River fall stocks, which constitute the most important stocks for southern resident killer whales, and the Alaska fishery catch is only a small portion of those stocks' runs; and

Whereas numerous studies have identified habitat loss and industrial activities in Puget Sound as factors negatively affecting southern resident killer whales; and

Whereas, while the population of southern resident killer whales has struggled, most of the northern and Alaska resident killer whale populations have at least doubled over the last 40 years; and

Whereas the Wild Fish Conservancy lawsuit has the potential to result in the closure of the Southeast Alaska troll fishery, despite the improbability of the closure resulting in meaningful benefits to southern resident killer whales; and

Whereas, if successful, the Wild Fish Conservancy lawsuit could affect other state fisheries by rescinding the state's delegated authority to manage and implement salmon fisheries in state water and in the exclusive economic zone off the shores of the state, requiring changes in the allocation of salmon under the Pacific Salmon Treaty and implementing new restrictions and closures in the state's fisheries; and be it further

*Resolved*, That the Alaska State Legislature urges the National Marine Fisheries Service to find a way to hold the Southeast Alaska troll fishery harmless and prioritize preparation of the necessary documents and processes to support the continuation of the Southeast Alaska winter and summer troll fisheries while the National Marine Fisheries Service prepares a new biological opinion; and be it

*Resolved*, That the Alaska State Legislature urges the National Marine Fisheries Service and the Alaska Department of Fish and Game to commit the necessary resources to effectively defend the state's fisheries in present and future lawsuits, including the Wild Fish Conservancy lawsuit; and be it

*Resolved*, That the Alaska State Legislature urges the state to work with the Alaska Congressional delegation to keep the Southeast Alaska troll fishery open should the court adopt the magistrate judge's recommendation that the troll fishery be closed.

Copies of this resolution shall be sent to the Honorable Joseph R. Biden, President of the United States; the Honorable Kamala D. Harris, Vice President of the United States and President of the U.S. Senate; the Honorable Gina Raimondo, United States Secretary of Commerce; the Honorable Richard W. Spinrad, Ph.D., United States Under Secretary of Commerce for Oceans and Atmosphere and National Oceanic and Atmospheric Administration Administrator; Janet Coit, Assistant Administrator for Fisheries, National Oceanic and Atmospheric Administration; the Honorable Doug Vincent-Lang, Commissioner, Alaska Department of Fish and Game; and the Honorable Lisa Murkowski and the Honorable Dan Sullivan, U.S. Senators, and the Honorable Mary Peltola, U.S. Representative, members of the Alaska delegation in Congress.

POM-78. A joint resolution adopted by the Legislature of the State of Alaska disapproving the proposed rule by the National Park Service limiting non-subsistence hunting methods and urging the National Park Service to withdraw the rule; to the Committee on Energy and Natural Resources.

#### HOUSE JOINT RESOLUTION NO. 10

Whereas the United States Supreme Court has long interpreted the United States Constitution to provide state primacy in wildlife management; and

Whereas art. VIII, sec. 4, Constitution of the State of Alaska, provides for the conservation and sustainable use of wildlife, including the maintenance of healthy predator populations; and

Whereas federal law recognizes the state's authority to manage wildlife, including the Alaska Statehood Act and the Alaska National Interest Lands Conservation Act; and

Whereas the state has managed wildlife on both state and federal land in Alaska since the United States Department of the Interior granted the state management authority in 1959; and

Whereas the Alaska National Interest Lands Conservation Act established each of the national preserves in the state as National Park Service land that would remain open to hunting and trapping under state management; and

Whereas the National Park Service proposed a rule to amend its regulations for non-subsistence hunting and trapping in national preserves that would prohibit certain hunting practices that have been approved by the Alaska Board of Game following a public process with significant input from biologists, local residents, and other stakeholders; and

Whereas, ignoring the state's objection, the National Park Service has labeled certain hunting practices as predator control or predator reduction actions and has prohibited that predator control or predator reduction in national preserves; and

Whereas, as a result, the ability of state residents to hunt bears, wolves, and even caribou is limited, without biological basis and with contrary evidence from the Alaska Department of Fish and Game, which shows that those practices do not pose conservation, public safety, or public administration concerns; and

Whereas the proposed National Park Service rule would limit the ability of state residents to engage in traditional hunting practices; and

Whereas the proposed National Park Service rule is contrary to the Alaska National Interest Lands Conservation Act and the Alaska Statehood Act; and

Whereas the proposed National Park Service rule is an overreach of federal authority and would inappropriately limit the state's authority to manage wildlife on national preserves; be it

*Resolved*, That the Alaska State Legislature disapproves of the proposed National Park Service rule; and be it further

*Resolved*, That the Alaska State Legislature strongly urges the National Park Service to withdraw the proposed rule without adoption and to affirm the mandates within its 2020 national preserves rule in any new rule that is prepared in response to court order; and be it further

*Resolved*, That this resolution is the policy of the Alaska State Legislature until it is withdrawn or modified by another resolution.

Copies of this resolution shall be sent to the Honorable Joseph R. Biden, President of the United States; the Honorable Kamala D. Harris, Vice President of the United States and President of the U.S. Senate; the Honorable Kevin McCarthy, Speaker of the U.S. House of Representatives; the Honorable Deb Haaland, United States Secretary of the Interior; the Honorable Charles F. Sams III, Director, National Park Service; and the Honorable Lisa Murkowski and the Honorable Dan Sullivan, U.S. Senators, and the Honorable Mary Peltola, U.S. Representative, members of the Alaska delegation in Congress.

POM-79. A joint resolution adopted by the Legislature of the State of Alaska supporting oil and gas leasing and development within the National Petroleum Reserve in Alaska and urging President Biden and the United States Department of the Interior to approve the Willow Master Development Plan; to the Committee on Energy and Natural Resources.

#### HOUSE JOINT RESOLUTION NO. 6

Whereas, in 1923, President Warren G. Harding issued an Executive Order establishing Naval Petroleum Reserve No. 4 on the North Slope region to provide a potential supply of oil for the United States Navy; and

Whereas 42 U.S.C. 6501 (Naval Petroleum Reserves Production Act of 1976) redesignated Naval Petroleum Reserve No. 4 as the National Petroleum Reserve in Alaska and transferred responsibility for its administration to the Secretary of the Interior; and

Whereas the National Petroleum Reserve in Alaska encompasses 23,500,000 acres, with boundaries extending south from Icy Cape to the drainage divide of the Brooks Range, then following the divide eastward to 156 degrees west longitude, then north to the Colville River, and following the Colville River downstream to its mouth; and

Whereas the National Petroleum Reserve in Alaska falls entirely within the boundary of

the North Slope Borough and includes the communities of Anaktuvuk Pass, Atkasuk, Nuiqsut, Utqiagvik, and Wainwright; and

Whereas, in 2017, the United States Geological Survey estimated there to be 8,700,000,000 barrels of recoverable oil and 25,000,000,000,000 cubic feet of recoverable gas reserves in the National Petroleum Reserve in Alaska; and

Whereas the 2020 National Petroleum Reserve in Alaska Integrated Activity Plan and Environmental Impact Statement estimates potential annual government revenue, including local, state, and federal taxes and royalties, of \$730,000,000 to \$4,750,000,000 from oil and gas development in the National Petroleum Reserve in Alaska; and

Whereas the 2020 National Petroleum Reserve in Alaska Integrated Activity Plan and Environmental Impact Statement estimates that the exploration, development, and production of oil and gas in the reserve could generate 3,600 direct jobs and 2,750 indirect jobs annually over a period of 30 years; and

Whereas the Willow oil and gas prospect, known as the Willow project, is located in the Bear Tooth Unit of the National Petroleum Reserve in Alaska and would be the farthest-west producing field on the North Slope; and

Whereas the Willow project would tap into reserves of an estimated 600,000,000 barrels of oil and, at peak production, produce 180,000 barrels a day; and

Whereas the Final Supplemental Environmental Impact Statement for the Willow Master Development Plan was developed over multiple years through a rigorous process with significant involvement by and support from local communities and Alaska Native entities and was specifically designed to protect surface values and the Inupiat way of life; and

Whereas, on February 1, 2023, the United States Department of the Interior released its Final Supplemental Environmental Impact Statement for the Willow project, which demonstrates that the project is legally sufficient and environmentally sound; and

Whereas the Inupiat people are the longstanding stewards of the land on which the National Petroleum Reserve in Alaska sits, and take seriously the need for careful and balanced stewardship; and

Whereas the Arctic Slope Regional Corporation, the Inupiat Community of the Arctic Slope, the North Slope Borough, the Alaska Federation of Natives, the Alaska Native Village Corporation Association, the ANCSA Regional Association, the City of Utqiagvik, the City of Wainwright, the City of Atkasuk, and the Kuukpik Corporation are all united in support of the Willow project; and

Whereas the Willow project has received the support of labor unions and trade groups,

including the Alaska Petroleum Joint Crafts Council, the Alaska Support Industry Alliance, the Alaska AFL-CIO, the International Union of Operating Engineers, the Laborers' International Union of North America, the National Association of Manufacturers, the North America's Building Trades Unions, and the Alaska Chamber of Commerce; and

Whereas Representative Mary Peltola, Senator Lisa Murkowski, and Senator Dan Sullivan, the Alaska delegation in Congress, unanimously support approval of the Willow project; and

Whereas state royalties from oil and gas development in the National Petroleum Reserve in Alaska are allocated to the National Petroleum Reserve in Alaska Impact Mitigation Fund, which is used to provide the local communities of Anaktuvuk Pass, Atkasuk, Nuiqsut, Wainwright, Utqiagvik, and the North Slope Borough with grants to mitigate impacts related to oil and gas development; and

Whereas oil and gas development in the National Petroleum Reserve in Alaska would strengthen national security and provide long-lasting benefits to the national economy by creating thousands of jobs nationwide, generating billions of dollars in government revenue, providing affordable energy to American consumers, and decreasing dependence on foreign energy; and

Whereas resource development in the state has benefited rural communities by bringing family-supporting jobs and wages, increased educational opportunities, safe water and wastewater facilities, and expanded health care services to those communities; and

Whereas, because of resource development, compared with the national average, rural areas of the state experienced greater increases in life expectancy between 1980 and 2014 in locations where resource development activities, including oil and gas development, mining, and fisheries operations, have occurred; and

Whereas safe and responsible oil and gas exploration, development, and production has been demonstrated by over 50 years of activity on the North Slope region without adverse effects on the environment or wildlife populations; and

Whereas the state's leadership in the nation's energy future includes robust support for the development and implementation of renewable energy systems and sources to ensure that cost-effective energy and power are provided to communities and individuals in the state; and

Whereas responsible resource development today equips communities in the state to make investments in technology and infrastructure to support the use of renewable sources of energy and power; and

Whereas the Willow project is an important part of a diverse energy future for the state and the nation; be it

*Resolved*, That the Alaska State Legislature urges the United States Department of the Interior, Bureau of Land Management, to maximize the area available for oil and gas leasing and development within the National Petroleum Reserve in Alaska while conserving and protecting valued fish, wildlife, subsistence, and cultural resources; and be it

*Resolved*, That the Alaska State Legislature urges President Biden and the United States Department of the Interior to move forward with final approval of the Willow project by selecting the preferred Alternative E plan, which allows three drill sites, the minimum for the project to remain economically viable; and be it

*Resolved*, That a further delay in approval or construction of the Willow project undermines the values and benefits of the project to the state and its residents and the nation, and is not in the public interest; and be it

*Resolved*, That the Alaska State Legislature urges the United States Department of the Interior, Bureau of Land Management, when considering management activities related to the National Petroleum Reserve in Alaska, to take into account the long history of safe and responsible oil and gas development on the North Slope region and the enormous benefits that development of oil and gas resources in the National Petroleum Reserve in Alaska would bring to local communities, tribal governments, the state, and the nation.

Copies of this resolution shall be sent to the Honorable Joseph R. Biden, President of the United States; the Honorable Kamala D. Harris, Vice President of the United States and President of the U.S. Senate; the Honorable Deb Haaland, United States Secretary of the Interior; the Honorable Tracy Stone-Manning, Director, Bureau of Land Management, U.S. Department of the Interior; Steve Cohn, Alaska State Director, Bureau of Land Management, U.S. Department of the Interior; and the Honorable Lisa Murkowski and the Honorable Dan Sullivan, U.S. Senators, and the Honorable Mary Peltola, U.S. Representative, members of the Alaska delegation in Congress.

#### PETITIONS AND MEMORIALS

The following petition or memorial was laid before the Senate and was referred or ordered to lie on the table as indicated:

POM-80. A joint resolution adopted by the Legislature of the State of Alaska urging the United States Environmental Protection Agency to develop a woodstove certification program that addresses the threat to clean and healthy winter air in Fairbanks and urging the state Department of Environmental Conservation to develop an economically and legally defensible state implementation plan for the Fairbanks North Star Borough nonattainment area; to the Committee on Environment and Public Works.

#### HOUSE JOINT RESOLUTION NO. 11

Whereas, in November 2009, the United States Environmental Protection Agency designated part of the Fairbanks North Star Borough a nonattainment area for fine particle pollution; and

Whereas, in May 2017, the United States Environmental Protection Agency reclassified the Fairbanks North Star Borough nonattainment area from moderate to serious for particulate matter 2.5 (PM<sub>2.5</sub>), which are fine inhalable particles with diameters that are generally 2.5 micrometers and smaller; and

Whereas PM<sub>2.5</sub> pollution is of serious concern and is harmful to the health of vulnerable Alaskans subjected to it; and

Whereas, in the winter, PM<sub>2.5</sub> concentrations in the Fairbanks North Star Borough nonattainment area routinely exceed federal health-based standards; and

Whereas air quality issues could affect large-scale economic development, including military expansion; and

Whereas studies have identified wood burning as the greatest contributor of PM<sub>2.5</sub> pollution; and

Whereas the state Department of Environmental Conservation has developed a

state implementation plan to address wood burning as the root cause of PM<sub>2.5</sub> pollution; and

Whereas actual PM<sub>2.5</sub> pollution measured across the Fairbanks North Star Borough nonattainment area has halved as the result of efforts taken under the state Department of Environmental Conservation's moderate and serious state implementation plans; and

Whereas a significant reduction in PM<sub>2.5</sub> emissions has been attributed to the replacement of solid fuel burning appliances, also known as woodstoves, with either new United States Environmental Protection Agency-certified solid fuel burning appliances or non-solid fuel burning appliance alternatives; and

Whereas United States Environmental Protection Agency-certified appliances installed in the Fairbanks North Star Borough nonattainment area did not decrease PM<sub>2.5</sub> emissions when compared to previously installed solid fuel burning appliances because of the United States Environmental Protection Agency's failure to competently manage and implement testing standards for this program; and

Whereas the United States Environmental Protection Agency approved the state Department of Environmental Conservation's standards for wood-fired heating devices and solid fuel burning appliance control measures from the serious state implementation plan in September 2021, effectively supporting the state Department of Environmental Conservation's finding that the United States Environmental Protection Agency's national wood heater certification program is deeply flawed; and

Whereas, at the national policy level, the United States Environmental Protection Agency seems intent on turning attentions toward so-called greener sources of heat, including electric heat pumps, that will not work as solutions in the Fairbanks North Star Borough because the second law of thermodynamics states that heat always moves from hotter objects to colder objects, unless energy in some form is supplied to reverse the direction of heat flow; and

Whereas residents of the Fairbanks North Star Borough need adequate and affordable sources of heat in harsh subarctic winter conditions, and the state Department of Environmental Conservation has acknowledged that a pathway for the use of solid fuel burning appliances is essential to these Alaskans; and

Whereas the state Department of Environmental Conservation's state implementation plan was crafted in adherence to an enormous effort from the local stakeholders group; and

Whereas the United States Environmental Protection Agency has yet to provide a working model necessary to dismiss overly burdensome and expensive controls on local

power plants that insignificantly contribute to air pollution during air alert days in the Fairbanks North Star Borough; and

Whereas the United States Environmental Protection Agency proposes to mandate these more expensive controls, even though such an investment would be unlikely to reduce exposure to unhealthy air; and

Whereas the United States Environmental Protection Agency would further mandate ultra-low-sulfur diesel for home heating oil, driving up the cost of living for residents of the Fairbanks North Star Borough; and

Whereas these actions will drive residents to solid fuel burning appliances as a source of heat; and

Whereas the United States Environmental Protection Agency has nevertheless reverted to a liability-averse course of disapproval for the state Department of Environmental Conservation's state implementation plan that would impose costly and burdensome regulations; Now, therefore, be it

*Resolved*, That the Alaska State Legislature urges the United States Environmental Protection Agency to develop a woodstove certification program that the state Department of Environmental Conservation and residents of the Fairbanks North Star Borough nonattainment area can rely on to address the core threat to clean and healthy winter air in Fairbanks; and be it further

*Resolved*, That the Alaska State Legislature urges the state Department of Environmental Conservation to continue efforts to develop and defend a state implementation plan for the Fairbanks North Star Borough serious nonattainment area that acknowledges the unique challenges Alaskans face, is economically and technically feasible, and is legally defensible, while avoiding costly and burdensome requirements that further such hardships; and be it further

*Resolved*, That the Alaska State Legislature urges the state Department of Environmental Conservation to investigate all options to defend its state implementation plan, which reflects the community's needs and engagement, from federal attack, in court if necessary.

Copies of this resolution shall be sent to the Honorable Joseph R. Biden. President of the United States; the Honorable Kamala D. Harris, Vice President of the United States and President of the U.S. Senate; the Honorable Deb Haaland, United States Secretary of the Interior; the Honorable Michael S. Regan, Administrator of the U.S. Environmental Protection Agency; and the Honorable Lisa Murkowski and the Honorable Dan Sullivan, U.S. Senators, and the Honorable Mary Peltola, U.S. Representative, members of the Alaska delegation in Congress.

## MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Mrs. Stringer, one of his secretaries:

REPORT RELATIVE TO THE  
CONTINUATION OF THE NATIONAL  
EMERGENCY WITH RESPECT TO THE  
PROLIFERATION OF WEAPONS OF  
MASS DESTRUCTION -- PM 27

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to the proliferation of weapons of mass destruction declared in Executive Order 12938 of November 14, 1994, is to continue in effect beyond November 14, 2023.

MESSAGES FROM THE PRESIDENT RECEIVED DURING ADJOURNMENT

Under the authority of the order of the Senate of January 3, 2023, the Secretary of the Senate, on November 3, 2023, during the adjournment of the Senate, received the following messages from the President of the United States:

REPORT OF THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO THE THREAT FROM SECURITIES INVESTMENTS THAT FINANCE CERTAIN COMPANIES OF THE PEOPLE'S REPUBLIC OF CHINA (PRC) -- PM 28

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the

automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to the threat from securities investments that finance certain companies of the People's Republic of China (PRC) that was declared in Executive Order 13959 of November 12, 2020, and expanded in scope in Executive Order 14032 of June 3, 2021, is to continue in effect beyond November 12, 2023.

The PRC exploits United States capital to resource and to enable the development and modernization of its military, intelligence, and other security apparatuses, which continues to allow the PRC to directly threaten the United States homeland and United States forces overseas. Through the national strategy of Military-Civil Fusion, the PRC increases the size of the country's military-industrial complex by compelling civilian Chinese companies to support its military and intelligence activities. Those companies, though remaining ostensibly private and civilian, directly support the PRC's military, intelligence, and security apparatuses. At the same time, those companies raise capital by selling securities to United States investors that trade on public exchanges both here and abroad, lobbying United States index providers and funds to include these securities in market offerings, and engaging in other acts to ensure access to United States capital.

The PRC military-industrial complex, by directly supporting the efforts of the PRC's military, intelligence, and other security apparatuses, continues to constitute an unusual and extraordinary threat, which has its source in whole or substantial part outside the United States, to the national security, foreign policy, and economy of the United States. In addition, the use of Chinese surveillance technology outside the PRC and the development or use of Chinese surveillance technology to facilitate repression or serious human rights abuse continue to constitute unusual and extraordinary threats, which have their source in whole or substantial part outside the United States, to the national security, foreign policy, and economy of the United States.

Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 13959, expanded in scope by Executive Order 14032, with respect to the threat from securities investments that finance certain companies of the PRC.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, *November 3, 2023.*

REPORT TO CONGRESS RELATIVE TO  
THE SECRETARY OF THE INTERIOR'S  
CERTIFICATION THAT NATIONALS OF  
THE PEOPLE'S REPUBLIC OF CHINA  
(PRC) ARE ENGAGING IN TRADE OR  
TAKING OF EIGHT SPECIES OF  
PANGOLIN -- PM 29

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Foreign Relations:

*To the Congress of the United States:*

On August 24, 2023, the Secretary of the Interior certified under section 8 of the Fishermen's Protective Act of 1967, as amended (the "Pelly Amendment") (22 U.S.C. 1978), that nationals of the People's Republic of China (PRC) are engaging in trade or taking of eight species of pangolin that diminishes the effectiveness of the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES). This letter constitutes my notification to the Congress consistent with subsection (b) of the Pelly Amendment.

Pangolins, the world's only scaly mammal, are captured and trafficked at a higher rate annually than rhinoceroses, elephants, and tigers combined. Consumer demand for pangolin scales for traditional medicinal practices has pushed all eight pangolin species, originating from across Africa and Asia, toward extinction. Effective January 2, 2017, all species of pangolin were included in CITES Appendix I, which prohibits international trade for primarily commercial purposes. Despite this prohibition, the PRC remains the largest destination country for pangolin scales.

The PRC has taken some steps to curtail pangolin trafficking at its international ports and has uplisted pangolins under its Wildlife Protection Law. Yet the PRC maintains a system that allows for the legal commercial trade of pangolin scales for medicinal use from its national stockpiles, thereby indirectly providing commercial avenues for selling illegal pangolin specimens through its domestic pangolin market. Provincial governments within the PRC are allowed to issue permits to designated pharmaceutical companies and other entities to acquire pangolin specimens from the PRC's national stockpiles for medicinal use.

According to the United Nations, pangolin seizures have increased tenfold since 2014; moreover, based on data collected between 2007 and 2018, 71 percent of seizures were destined for the PRC. The size of individual seizures has also increased; for example, in 2019 Malaysian authorities reported seizing a record-setting 30 tons of pangolin products. My Administration therefore remains concerned that, despite assurances from the

PRC regarding its anti-trafficking efforts, demand for pangolin scales appears to be growing. The PRC must do more to close domestic markets for pangolins and pangolin specimens that provide cover for the illegal market. Without these actions, it is likely that pangolin populations will continue to decline, bringing the species closer to extinction.

Since the Secretary of the Interior's certification on August 24, 2023, executive departments and agencies have outlined conservation and anti-trafficking conditions that must be met by the PRC to ameliorate United States concerns that the PRC is undermining pangolin conservation under CITES. Necessary actions by the PRC that would demonstrate its commitment to pangolin conservation and compliance with CITES directives include completely closing its domestic market for pangolins and pangolin parts, transparent accounting of domestic stockpiles, and fully removing pangolins and pangolin parts from the national list of approved medicines. The PRC has made some progress towards its international commitments, but given the complexity of the PRC's domestic pangolin market and its overlapping jurisdictions, more time is needed to ensure that the appropriate agencies from the PRC are implementing the necessary steps to protect pangolin species from possible extinction.

That is why I have directed the Department of State and the Department of the Interior to continue their ongoing efforts and to report back to me on the outcome of the ongoing negotiations at the CITES Standing Committee meeting taking place in Geneva from November 6-10, 2023. If significant commitments by the PRC to implement CITES-directed measures to protect pangolin species have not been made by December 31, 2023, I plan to direct certain prohibitions on the importation of, and impose trade measures on, certain products from the PRC.

The United States will take the steps necessary to end illegal trade in order to save pangolins from extinction, with the goal of demonstrating progress by the end of this year.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Kelly, one of his secretaries:

REPORT RELATIVE TO THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO IRAN -- PM 30

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the

President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to Iran that was declared in Executive Order 12170 of November 14, 1979, is to continue in effect beyond November 14, 2023.

Our relations with Iran have not yet normalized, and the process of implementing the agreements with Iran, dated January 19, 1981, is ongoing. Therefore I have determined that it is necessary to continue the national emergency declared in Executive Order 12170 with respect to Iran.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, November 7, 2023.

#### PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-82. A memorial adopted by the House of Representatives of the State of New Mexico supporting Ukraine against Russian aggression; to the Committee on Foreign Relations.

#### HOUSE MEMORIAL NO. 55

Whereas, the post-war international security order, led by the North Atlantic treaty organization, relied upon diplomacy, peace and communication rather than armed conflict to ensure prosperity and stability for more than seventy years; and

Whereas, following the collapse of the Soviet Union, the Ukrainian people voted overwhelmingly to form a nation independent from Russia and built a thriving democratic country grounded in the rule of law; and

Whereas, more than thirty years ago, Ukraine declared its independence, and in 1994, the United States, the Russian Federation and the United Kingdom signed an agreement whereby each country pledged to respect the independence and sovereignty of Ukraine's borders in return for its nuclear disarmament; and

Whereas, in 2014, the pro-western Euromaidan protest movement in Ukraine led to the resignation of authoritarian president Victor Yanukovich, a brutal ally of Russian president Vladimir Putin, and ushered in democratically elected leaders who have sought closer ties to the United States, the European Union and Great Britain; and

Whereas, Ukraine is recognized as a peaceful and honorable democratic republic that is governed by democratically elected President Volodymyr Zelenskyy and Prime Minister Denys Shmyhal; and

Whereas, in order to manufacture a pretext to invade and occupy Ukraine, Vladimir Putin and his surrogates lied to the people of Russia and the global community, falsely claiming that Ukraine posed a threat to Russians and that he was launching a crusade against "Ukrainian Nazis"; and

Whereas, on February 24, 2022, Vladimir Putin launched an unjust, unwarranted and unprovoked full-scale war of choice and aggression upon the peaceful nation of Ukraine; and

Whereas, the Russian Federation violated international peace and security agreements that provided peaceful alternatives; and

Whereas, since February 24, 2022, Russian soldiers and surrogates have brutally inflicted violence and terror upon Ukrainian civilians of every age, including children and the elderly, and committed atrocities throughout Ukraine; and

Whereas, since February 24, 2022, Russian soldiers and surrogates have cruelly killed Ukrainian citizens' pets, domestic animals and wildlife; and

Whereas, since February 24, 2022, Russian soldiers and surrogates have attacked Ukrainian farms, environment, cultural institutions, religious sites and heritage; and

Whereas, since February 24, 2022, Russia has used targeted and indiscriminate aerial strikes to destroy residential structures, hospitals, schools, businesses and critical infrastructure that supports life including

water systems and energy grids, plants and pipelines; and

Whereas, Russia has attacked and damaged nuclear power facilities in Ukraine captured and tortured workers from the facilities and subjected Ukraine and its neighbors to risks of radioactive releases; and

Whereas, as Russia's military struggled on the battlefield, Putin resorted to relying on the brutal PMC Wagner group to inflict his war of aggression and choice; and

Whereas, the PMC Wagner group is a Russian mercenary organization that was founded and is led by a Russian oligarch with close ties to Putin; and

Whereas, the PMC Wagner group has been designated as a significant transnational criminal organization pursuant to United States executive orders and by the United States department of the treasury; and

Whereas, Russian soldiers and the PMC Wagner group are credibly alleged to have committed violations of human rights and international humanitarian law by targeting children, the elderly, women and civilians through acts of cruel violence, torture, rape, abduction and forced mass displacement of Ukrainian children in Russian filtration camps to erase their Ukrainian identity and place them with Russian citizens; and

Whereas, Russia's war on Ukraine has severely disrupted Ukrainian and international economies, resources, food supplies and environments; and

Whereas, the brutality of Russia's war on Ukraine is an affront to international law, decency and humanity; and

Whereas, a threat to the sovereign borders of Ukraine is a threat to all western democracies; and

Whereas, Ukraine has been a bulwark against Russian military aggression in Europe and the world; and

Whereas, in response to the Russian invasion of Ukraine, the United States and the international community have imposed sanctions on Russia and provided Ukraine with equipment and resources it needs to defend its territory and people; and

Whereas, the leaders, military and citizens of Ukraine continue to valiantly stand up and fight against Russia's unjust and heinous invasion of their country; and

Whereas, Ukraine deserves the continued support of every American and the international community as Ukraine defends itself from Russia's invasion, which is the largest attack in Europe since World War II; now, therefore, be it

*Resolved* by the House of Representatives of the State of New Mexico that the members of the house of representatives proudly stand in solidarity with Ukraine, its people and its leaders, and commend them for their resiliency, courage and relentless fight to protect their right to self-determination and self-governance; and condemn, in the

strongest possible terms, Vladimir Putin's attack on the people of Ukraine and endorse continued economic sanctions and export controls on Russia and continued provision of military and humanitarian resources to Ukraine; and be it further

*Resolved*, That members of the house of representatives wholeheartedly support the United States and international efforts to swiftly aid Ukraine in defending Ukrainian borders, end Russia's war on Ukraine and hold Russia accountable for its actions; and be it further

*Resolved*, That copies of this memorial be transmitted to the president of the United States, the senate of the United States, the house of representatives of the United States, members of New Mexico's congressional delegation and the Ukrainian embassy in the United States.

POM-83. A resolution adopted by the Senate of the State of Ohio condemning the terrorist attacks against the state of Israel and expressing support for Israel's people; to the Committee on Foreign Relations.

SENATE RESOLUTION NO. 214

Whereas, On October 7, 2023, Hamas terrorists carried out an unprovoked attack on the state of Israel; and

Whereas, The members of the Senate of the 135th General Assembly share Israel's grief for the hundreds of civilians who have been killed or captured in this horrific act of terrorism; and

Whereas, Ohio is home to many Israeli citizens, Ohioans of Jewish faith, and countless other Ohioans who support the people of Israel; and

Whereas, Israel is a staunch ally of the United States and is deserving of our nation's unequivocal support as they defend themselves against this unjustifiable attack; now therefore be it

*Resolved*, That we, the members of the Senate of the 135th General Assembly of the State of Ohio, in adopting this resolution, declare our support for the Israeli people; and be it further

*Resolved*, That we condemn the actions of Hamas and their allies, including Iran, and their attack on Israel and its people; and be it further

*Resolved*, That the Clerk of the Senate transmit duly authenticated copies of this resolution to the President of the United States, the Clerk of the United States House of Representatives, the Secretary of the United States Senate, the Israeli Embassy in Washington, D.C., for transmission to the proper authorities in the State of Israel, and the news media of Ohio.

POM-84. A resolution adopted by the House of Representatives of the State of Ohio expressing Ohio's unwavering support for the people of Israel and condemning the recent

attacks against the state of Israel; to the Committee on Foreign Relations.

HOUSE RESOLUTION NO. 292

Whereas, Israel is the strongest ally to the United States of America in the Middle East; and

Whereas, The safety and security of Israel is of paramount importance to stability and peace in the Middle East; and

Whereas, Ohio has long been a partner in trade and civil exchange with Israel; and

Whereas, Ohio is home to many Israeli citizens, Ohioans of Jewish faith, and countless other Ohioans who support the people of Israel; and

Whereas, On October 7, 2023, Iran-backed Hamas extremists carried out heinous and unprecedented attacks against the people of Israel and their rightful homeland; and

Whereas, The deaths of more than 700 Israeli citizens represent a terrorist attack at an unprecedented scale and have been caused by brutal, unthinkable attacks on children, families, and other defenseless civilians; and

Whereas, The inhumane actions of the Iran-backed terrorists against the children, mothers, fathers, grandparents, sons, and daughters of Israel were unprecedented and cowardly; now therefore be it

*Resolved*, That we, the members of the House of Representatives of the 135th General Assembly of the State of Ohio, in adopting this resolution, express our unwavering support for the people of Israel and their desire for a safe, secure, and free Israel; and be it further

*Resolved*, That we unequivocally condemn the cowardly actions of Hamas and their unprecedented attack on Israeli citizens; and be it further

*Resolved*, That we offer our prayers for peace and the protection of innocent lives during this conflict; and be it further

*Resolved*, That we commit to steadfastly supporting Israel and its citizens as they strive for peace and to prevent Hamas from harming Israeli citizens in the future; and be it further

*Resolved*, That the Clerk of the House of Representatives transmit duly authenticated copies of this resolution to the President of the United States, the Clerk of the United States House of Representatives, the Secretary of the United States Senate, the Israeli Embassy in Washington, D.C., for transmission to the proper authorities in the State of Israel, and the news media of Ohio.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Kelly, one of his secretaries:

TEXT OF AN AGREEMENT FOR  
COOPERATION BETWEEN THE UNITED  
STATES OF AMERICA AND THE  
REPUBLIC OF THE PHILIPPINES  
CONCERNING PEACEFUL USES OF  
NUCLEAR ENERGY -- PM 32

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Foreign Relations:

*To the Congress of the United States:*

I am pleased to transmit to the Congress, pursuant to subsections 123 b. and 123 d. of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2153(b), (d)) (the "Act"), the text of an Agreement for Cooperation between the Government of the United States of America and the Government of the Republic of the Philippines Concerning Peaceful Uses of Nuclear Energy (the "Agreement").

I am also pleased to transmit my written approval, authorization, and determination concerning the Agreement and an

unclassified Nuclear Proliferation Assessment Statement (NPAS) concerning the Agreement. In accordance with section 123 of the Act, a classified annex to the NPAS, prepared by the Secretary of State, in consultation with the Director of National Intelligence, summarizing relevant classified information, will be submitted to the Congress separately. The joint memorandum submitted to me by the Secretaries of State and Energy and a letter from the Chair of the Nuclear Regulatory Commission stating the views of the Commission are also enclosed. An addendum to the NPAS containing a comprehensive analysis of the export control system of the Republic of the Philippines with respect to nuclear-related matters, including interactions with other countries of proliferation concern and the actual or suspected nuclear, dual-use, or missile-related transfers to such countries, pursuant to section 102A(w) of the National Security Act of 1947 (50 U.S.C. 3024(w)), is being submitted separately by the Director of National Intelligence.

The Agreement has been negotiated in accordance with the Act and other applicable law. In my judgment, it meets all applicable statutory requirements and will advance the nonproliferation and other foreign policy interests of the United States of America.

The Agreement contains all of the provisions required by subsection 123 a. of the Act. It provides a comprehensive framework for peaceful nuclear cooperation with the Republic of the Philippines based on a mutual commitment to nuclear nonproliferation. It would permit the transfer of material, equipment (including reactors), components, and information for peaceful nuclear purposes. It would not permit the transfer of Restricted Data or sensitive nuclear technology. Any special fissionable material transferred could only be in the form of low enriched uranium, with the exception of small quantities of material for use as samples, standards, detectors, or targets, or for such other purposes as the parties may agree.

Through the Agreement, the Republic of the Philippines would affirm its intent to rely on existing international markets for nuclear fuel services rather than acquiring sensitive nuclear technology (i.e., for enrichment and reprocessing), and the United States would affirm its intent to support the supply of reactors, material, and equipment in order to ensure a reliable supply of low enriched uranium fuel to the Republic of the Philippines.

The Agreement has a term of 30 years, although it can be terminated by either party upon providing 1 year's advance written notice. In the event of termination or expiration of the Agreement, key nonproliferation conditions and controls will continue in effect as long as any material,

equipment, or components subject to the Agreement remain in the territory of the party concerned or under its jurisdiction or control anywhere, or until such time as the parties agree that such material, equipment, or components are no longer usable for any nuclear activity relevant from the point of view of safeguards.

The Republic of the Philippines has an excellent track record on nonproliferation and has consistently reiterated its commitment to nonproliferation. Through its constitution, the Republic of the Philippines has adopted and pursued a policy of freedom from nuclear weapons in its territory. It is a party to the Treaty on the Non-Proliferation of Nuclear Weapons and has concluded a Comprehensive Safeguards Agreement and Additional Protocol with the International Atomic Energy Agency. The Republic of the Philippines was also among the early sponsors of and is a State Party to the Treaty on the Southeast Asia Nuclear Weapon-Free Zone. A more detailed discussion of the Republic of the Philippines' domestic civil nuclear activities and its nuclear nonproliferation policies and practices is provided in the NPAS and its classified annex.

I have considered the views and recommendations of the interested departments and agencies in reviewing the Agreement and have determined that its performance will promote, and will not constitute an unreasonable risk to, the common defense and security. Accordingly, I have approved the Agreement and authorized its execution and urge that the Congress give it favorable consideration.

This transmission shall constitute a submittal for purposes of both subsections 123 b. and 123 d. of the Act. My Administration is prepared to begin immediately consultations with the Senate Foreign Relations Committee and the House Foreign Affairs Committee, as provided in subsection 123 b. Upon completion of the 30 days of continuous session review provided for in subsection 123 b., the 60 days of continuous session review provided for in subsection 123 d. shall commence.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, *November 30, 2023.*

#### PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-86. A resolution adopted by the Senate of the Commonwealth of Pennsylvania urging the Federal Housing Finance Agency to rescind all fee increases that negatively impact Pennsylvania homebuyers; to the Committee on Banking, Housing, and Urban Affairs.

#### SENATE RESOLUTION NO. 134

Whereas, The Federal Housing Finance Agency (FHFA) implemented a change to Fannie Mae's and Freddie Mac's single-family pricing framework by introducing redesigned fee matrices for home purchases, rate-term refinance and cash-out refinance loans; and

Whereas, Under the newly effective change, fees assessed on borrowers with lower credit scores were reduced while fees were increased for borrowers with higher credit scores and moderate down payments; and

Whereas, The majority of mortgages that exist today are known as "conforming mortgages" because they adhere to the underwriting guidelines of Fannie Mae or Freddie Mac and are subject to loan-level price adjustments established by the FHFA; and

Whereas, Housing affordability has reached its lowest level in over a decade due to the significant surge in mortgage rates and record home price appreciation; and

Whereas, Imposing higher fees on borrowers further exacerbates the challenge of affording a home within an already constrained housing market; and

Whereas, The increased fees on borrowers with higher credit scores is contrary to the congressionally chartered duty of the government-sponsored enterprises, which is to promote access to mortgage credit throughout the nation, and is unnecessary for the safety and soundness of the enterprises; therefore be it

*Resolved*, That the Senate of the Commonwealth of Pennsylvania urge the Federal Housing Finance Agency to rescind all fee increases that negatively impact Pennsylvania homebuyers; and be it further

*Resolved*, That copies of this resolution be transmitted to the President of the United States, the presiding officers of each house of Congress, each member of Congress from Pennsylvania and the Federal Housing Finance Agency.

POM-87. A resolution adopted by the Senate of the Commonwealth of Massachusetts calling on the United States Government to continue to stand with the people of Israel in their time of need, support the victims of the recent terrorist attack against the state of Israel and work towards the safe return of those who are being held hostage; to the Committee on Foreign Relations.

#### SENATE RESOLUTION NO. 2462

Whereas, on October 7, 2023, the Terrorist Organization known as Hamas launched a brutal barbaric assault and attack on the State of Israel and brought immense suffering to the innocent civilians of Israel and the region; and

Whereas, the Israeli people have an inalienable right to defend themselves against acts of terrorism; and

Whereas, The Commonwealth mourns the thousands of innocent victims of Hamas's terrorist attack against Israel, including women, children and babies, and is gravely concerned for the many innocent civilians who have been kidnapped and are being held hostage; and

Whereas, The Commonwealth has continuously demonstrated an unwavering commitment to supporting innocent victims of violence and calls for a safe return of the Israelis, Americans and other nationals who have recently been kidnapped and are being held hostage; and

Whereas, The Commonwealth must strongly condemn these heinous terrorist actions by Hamas in Israel; and

Whereas, The Commonwealth stands in solidarity with the Jewish community in Israel, the Commonwealth and around the world; and

Whereas, the recent, sharp rise in antisemitism, expressed openly and violently, reinforces the need for our collective, continued efforts to stand against hatred and bigotry in the Commonwealth and abroad; now therefore be it

*Resolved*, That the Massachusetts Senate hereby calls on the United States Government to continue to stand with the people of Israel in their time of need, support the victims of the recent terrorist attack against the State of Israel and work towards the safe return of those who are being held hostage; and be it further

*Resolved*, That a copy of these resolutions be transmitted forthwith by the clerk of the Senate to the Congress of the United States

and the President of the United States, Joseph R. Biden, Jr.

#### REPORTS OF A COMMITTEE

The following reports of a committee were submitted:

By Mr. WYDEN, from the Committee on Finance, without amendment:

S. 3430. An original bill to amend titles XVIII and XIX of the Social Security Act to expand the mental health care workforce and services, reduce prescription drug costs, and extend certain expiring provisions under Medicare and Medicaid, and for other purposes (Rept. No. 118-121).

#### ENROLLED BILLS PRESENTED

The Secretary of the Senate reported that on today, Wednesday, December 13, 2023, she had presented to the President of the United States the following enrolled bills:

S. 2747. A bill to amend the Federal Election Campaign Act of 1971 to extend the Administrative Fine Program for certain reporting violations.

S. 2787. A bill to authorize the Federal Communications Commission to process applications for spectrum licenses from applicants who were successful bidders in an auction before the authority of the Commission to conduct auctions expired on March 9, 2023.

#### MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Stringer, one of his secretaries:

#### REPORT OF THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO GLOBAL ILLICIT DRUG TRAFFICKING -- PM 33

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to global illicit drug trafficking declared in Executive Order 14059 of December 15, 2021, is to continue in effect beyond December 15, 2023.

The trafficking into the United States of illicit drugs, including fentanyl and other

synthetic opioids, is causing the deaths of tens of thousands of Americans annually, as well as countless more non-fatal overdoses with their own tragic human toll. Drug cartels, transnational criminal organizations, and their facilitators are the primary sources of illicit drugs and precursor chemicals that fuel the current opioid epidemic, as well as drug-related violence that harms our communities. International drug trafficking—including the illicit production, global sale, and widespread distribution of illegal drugs; the rise of extremely potent drugs such as fentanyl and other synthetic opioids; as well as the growing role of internet-based drug sales—continues to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 14059 with respect to global illicit drug trafficking.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, *December 13, 2023.*
