MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Kelly, one of his secretaries:

REPORT OF THE CONTINUATION OF  
THE NATIONAL EMERGENCY WITH  
RESPECT TO SECURING THE  
INFORMATION AND  
COMMUNICATIONS TECHNOLOGY AND  
SERVICES SUPPLY TO CHINA -- PM 10

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency declared in Executive Order 13873 of May 15, 2019, with respect to securing the information and communications technology and services supply chain, is to continue in effect beyond May 15, 2023.

The unrestricted acquisition or use in the United States of information and communications technology or services designed, developed, manufactured, or supplied by persons owned by, controlled by, or subject to the jurisdiction or direction of foreign adversaries augments the ability of these foreign adversaries to create and exploit vulnerabilities in information and communications technology or services, with potentially catastrophic effects. This threat continues to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 13873 with respect to securing the information and communications technology and services supply chain.

JOSEPH R. BIDEN, JR.  
THE WHITE HOUSE, *May 10, 2023.*

REPORT ON THE CONTINUATION OF  
THE NATIONAL EMERGENCY WITH  
RESPECT TO THE CENTRAL AFRICAN  
REPUBLIC -- PM 11

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national

emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to the Central African Republic declared in Executive Order 13667 of May 12, 2014, is to continue in effect beyond May 12, 2023.

The situation in and in relation to the Central African Republic has been marked by a breakdown of law and order; intersectorian tension; the pervasive, often forced recruitment and use of child soldiers; and widespread violence and atrocities, including those committed by Kremlin-linked and Yevgeniy Prigozhin-affiliated entities such as the Wagner Group. These dynamics threaten the peace, security, or stability of the Central African Republic and neighboring states, and continue to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 13667 with respect to the Central African Republic.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, May 10, 2023.

REPORT ON THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO YEMEN -- PM 12

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to Yemen declared in Executive Order 13611 of May 16, 2012, is to continue in effect beyond May 16, 2023.

The actions and policies of certain former members of the Government of Yemen and others in threatening Yemen's peace, security, and stability continue to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 13611 with respect to Yemen.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, May 11, 2023.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Kelly, one of his secretaries:

REPORT ON THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO THE STABILIZATION OF IRAQ -- PM 13

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to the stabilization of Iraq declared in Executive Order 13303 of May 22, 2003—as

modified in scope and relied upon for additional steps taken in Executive Order 13290 of March 20, 2003, Executive Order 13315 of August 28, 2003, Executive Order 13350 of July 29, 2004, Executive Order 13364 of November 29, 2004, Executive Order 13438 of July 17, 2007, and Executive Order 13668 of May 27, 2014—is to continue in effect beyond May 22, 2023.

Obstacles to the orderly reconstruction of Iraq, the restoration and maintenance of peace and security in the country, and the development of political, administrative, and economic institutions in Iraq continue to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 13303 with respect to the stabilization of Iraq.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, *May 16, 2023*.

PETITIONS AND MEMORIALS

The following petition or memorial was laid before the Senate and was referred or ordered to lie on the table as indicated:

POM-19. A joint memorial adopted by the Legislature of the State of Washington respectfully urging the United States Congress to pass and the President of the United States to sign H.R. 3339 or similar legislation; to the Committee on Banking, Housing, and Urban Affairs.

SENATE JOINT MEMORIAL NO. 8001

Whereas, The American society of civil engineers in its 2021 infrastructure report card rated the current state of infrastructure in the United States at C-minus and indicated that \$6.1 trillion would be needed to restore the nation's infrastructure to a state of good repair; and

Whereas, The American society of civil engineers stated that newer projects and over \$2.62 trillion worth of corrective projects are currently unfunded, and the remaining projects are not adequately funded; and

Whereas, Congress took step forward in 2021 passing the Infrastructure Improvement and Jobs Act, providing \$1.2 trillion in transportation investments, but it does not come close to meeting the current need reported by the American society of civil engineers; and

Whereas, The American society of civil engineers' Seattle, Tacoma-Olympia, and Inland Empire sections in 2019 rated the current state of infrastructure in Washington at C, with drinking water, roads, transit, stormwater, and wastewater receiving a rating of C-minus or worse; and

Whereas, Washington's cities, counties, ports, and business associations in a 2019 report identified more than \$222 billion in infrastructure needs throughout Washington including highways, bridges, freight rail, ports, airports, rural broadband, and energy; and

Whereas, Washington needs financing capacity to build 21st Century infrastructure, including high-speed rail, renewable energy conversion, public housing, and other projects, but many new and visionary projects will not be able to secure funding through traditional commercial investment banking processes and will remain unfunded; and

Whereas, A new national infrastructure bank could directly aid in fostering an economic recovery and build necessary infrastructure projects; and

Whereas, U.S. Representative Danny Davis on May 19, 2021, introduced legislation in Congress, H.R. 3339, to establish a new \$5 trillion national infrastructure bank authorized to invest solely in infrastructure projects; and

Whereas, The new national infrastructure bank is modeled on four previous institutions created, respectively, by Presidents George Washington, John Quincy Adams, Abraham Lincoln, and Franklin D. Roosevelt, which helped spur massive economic growth; and

Whereas, The new national infrastructure bank would be funded through a repurposing of existing treasury debt, as was done previously in the United States, and would require no new federal spending; and

Whereas, The new national infrastructure bank could directly finance much of our nations's infrastructure, in partnership with state and local officials, and lead to the reemployment of people who have lost their jobs during the COVID-19 pandemic; and

Whereas, The new national infrastructure bank will supplement, not supplant, the good work of the Infrastructure Improvement and Jobs Act and allow us to fully invest in our future while creating an estimated 25 million new jobs paying Davis-Bacon wages; and

Whereas, The new national infrastructure bank would ensure project labor agreements for all projects and buy American provisions also while awarding a significant number of contracts to disadvantaged business enterprises and mandating large-scale minority hiring; and

Whereas, The new national infrastructure bank is expected to grow the economy by four to five percent each year; and

Whereas, Some 14 state legislatures and numerous county and city governments have introduced or passed resolutions in support of the new national infrastructure bank, and it has been endorsed by organizations including the national association of counties, the U.S. high-speed rail association, the national Latino farmers and ranchers, the national congress of black women, the national federation of federal employees, the public banking institute, the American sustainable business council, the national association of minority contractors, and many others;

Now, Therefore, Your Memorialists respectfully pray that Congress pass and the President sign H.R. 3339 or similar legislation.

Be it *Resolved*, That copies of this Memorial be immediately transmitted to the Honorable Joseph R. Biden, Jr., President of the United States, the President of the United States Senate, the Speaker of the House of Representatives, and each member of Congress from the State of Washington.

#### PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-20. A resolution from the House of Representatives of the Commonwealth of Puerto Rico expressing its enthusiastic support for the agreement entered into by the House of Representatives of the Commonwealth of Puerto Rico and the Forum of Presidents of the Legislative Bodies of Central America and the Caribbean Basin (FOPREL), which provides for the establishment of a FOPREL branch office in Puerto Rico; establish the rules and objectives of said office; provide for the duties and operations of the branch office; for the purpose of strengthening the cooperation among the various parliaments that are members of this International Body and cementing ties among all Latin American peoples; among others; to the Committee on Foreign Relations.

#### HOUSE RESOLUTION NO. 987

Laws are the vehicle that implements the will of the People and establish the foundation for a progressive, inclusive, and democratic society. The role of parliaments,

which are the institutions that best represent the power of citizens within the government structure, is to create legal frameworks that are innovative, efficient, and consistent with the goal of creating the necessary conditions to meet the challenges faced in a modern society. Thus, a parliamentary system is not just an internal mechanism that each country can use to find answers, but one that can be used to exchange experiences and ideas with other legislative bodies in order to face the challenges of the 21st century in a comprehensively and thoroughly.

The Forum of Presidents of the Legislative Bodies of Central America, the Caribbean Basin and Mexico (FOPREL, Spanish acronym) is the highest inter-parliamentary organization in the Central American, Caribbean Basin, and Mexico region. Its mission is to be: (i) a space for political dialogue, (ii) an organization that promotes inter-parliamentary diplomacy, (iii) a Forum to reach agreements on regional legislative initiatives directed at strengthening national legislation, (iv) a facilitator for the generation of knowledge and to strengthen the parliamentary sphere, (v) a nexus between the legislative, executive, and judicial powers, civil society, and multilateral organizations, (vi) an inter-parliamentary network that promotes the sharing of experiences, good practices, and technical and financial cooperation; and (vi) an institution for the formation of alliances geared towards achieving common goals. Therefore, FOPREL has the authority to enter into agreements with parliaments within and without the region as well as to enter into cooperation agreements with other institutions in order to support its projects and programs.

FOPREL's Charter establishes that the institution "may open branch offices in all countries that are full members of the Forum in order to implement and create programs and projects that contribute to capacity building and strengthen the ties between the aforementioned parliaments and International Organizations." FOPREL's "2022-2027 Institutional Development Plan" states that "branch offices shall be established in the countries that are members of FOPREL and such offices shall be granted the institutional tools necessary for their administration and operation."

During FOPREL's 25th Special Meeting held on November 26, 2021, in the Dominican Republic, an agreement was reached to "create a FOPREL branch office within the House of Representatives of the Commonwealth of Puerto Rico that shall serve as a liaison between Puerto Rico and the countries of the Caribbean Basin that are members of FOPREL." The new office shall undertake, administer, and carry out projects to further FOPREL's institutional goals, and shall serve as a liaison between Puerto Rico,

the countries of the Caribbean Basin and all other full and observer members of FOPREL.

This Legislative Assembly believes that the establishment of a FOPREL branch office on our Island shall enable Puerto Rico to join in progressive conversations on different topics and challenges and provide Puerto Rico with access to answers and solutions that shall, in turn, allow for the development and drafting of more effective, sensible, and appropriate legislation to address the needs of Puerto Rican society.

*Be it resolved by the House of Representatives of Puerto Rico:*

Section 1.—To express our enthusiastic support for the agreement entered into by the House of Representatives of the Commonwealth of Puerto Rico and the Forum of Presidents of the Legislative Bodies of Central America and the Caribbean Basin (FOPREL) at the 25th Extraordinary Meeting held on November 26, 2021, which provides for the establishment of a FOPREL branch office in Puerto Rico for the purpose of strengthening cooperation among the different parliaments that are members of this International Body and cementing ties among all Latin American peoples.

Section 2.—A branch office of the Forum of Presidents of the Legislative Bodies of Central America, the Caribbean Basin and Mexico (FOPREL) is hereby established within the House of Representatives, in the city of San Juan, Puerto Rico.

Section 3.—FOPREL branch office shall be subject to FOPREL’s regulatory framework, depending hierarchically and administratively on the Permanent Secretary, as provided in Articles 9, 10, and 11 of the Institutional Bylaws, adopted in the 24th Special Meeting of the International Body held on August 10, 2021.

Section 4.—FOPREL branch office, in coordination with the FOPREL’s Permanent Secretary shall enact bylaws to provide for its operation and management. Furthermore, it shall take legal and administrative actions as appropriate for its efficient operation as an International Parliamentary Body in the Commonwealth of Puerto Rico.

Section 5.—FOPREL branch office may undertake, administer, and carry out projects to further FOPREL’s institutional goals, as well as to collaborate as necessary in any and all processes at the request of the House of Representatives upon authorization of FOPREL’s Permanent Secretary.

Section 6.—The FOPREL branch office’s work agenda includes, but is not limited to:

(a) Facilitating and promoting actions within the framework of Collaboration Agreement No. 2021-003 which is the governing instrument of the Institutional Fellowship and Collaboration Alliance between the House of Representatives of the Commonwealth of Puerto Rico and the Chamber of Deputies of the Dominican

Republic, entered into under Resolution No. RE-VVV-01-28112021.

(b) Developing a Regional Program for Inter Parliamentary Action and the Attainment of Sustainable Development Goals, as provided in Resolution No. RE-XXXIX-04-25022021.

(c) Serving as a liaison between the countries of the Caribbean Basin and all other full and observer members of FOPREL.

(d) Addressing all other matters assigned by FOPREL.

Section 7.—Upon its approval, a copy of this Resolution shall be delivered to the Forum of Presidents of the Legislative Bodies of Central America, the Caribbean Basin and Mexico (FOPREL) as well as to each member thereof. Furthermore, this Resolution shall be translated into English and delivered to the President of the United States and the leadership of the United States Congress.

Section 8.—This Resolution shall take effect upon its approval.

POM-21. A joint resolution adopted by the General Assembly of the State of Tennessee urging state agencies to expand comprehensive cardiovascular screening programs to allow for earlier identification of patients at risk of cardiovascular events; to the Committee on Health, Education, Labor, and Pensions.

SENATE JOINT RESOLUTION NO. 44

Whereas, cardiovascular disease is the leading cause of death in the United States; and,

Whereas, in the United States, approximately 21 million patients have been diagnosed with atherosclerotic cardiovascular disease (ASCVD) and are at risk of a cardiovascular event, according to the U.S. Census Bureau; and,

Whereas, the Mayo Clinic states that ASCVD is linked to the buildup of cholesterol in the arteries, and the risk of associated events can be modified by lowering low-density lipoprotein cholesterol (LDL-C); and

Whereas, in 2016, nearly 70 million adults in the United States had higher than recommended LDL-C levels; and

Whereas, 43.1 million people in the United States are currently treated with lipid-lowering therapies to manage cardiovascular risk; and

Whereas, only 20 percent of people with ASCVD who are taking statins, one of the leading lipid-lowering therapies, actually achieve healthy levels of LDL-C; and

Whereas, the total direct and indirect cost of ASCVD in the United States was \$555 billion in 2016 and is projected to climb to \$1.1 trillion by 2035, according to the American Heart Association; and

Whereas, in Tennessee, 579,200 adults have been told by a health professional that

they had angina, a stroke, a heart attack, or coronary heart disease, which are some of the manifestations of ASCVD; and

Whereas, in Tennessee, 10,491 people had ASCVD as an underlying cause of death; and

Whereas, in Tennessee, 280,700 adults reported experiencing a heart attack in their lifetime, and 243,600 adults reported experiencing a stroke in their lifetime; and

Whereas, Tennessee spends an estimated \$3.41 billion on direct medical expenses for ASCVD care each year; now, therefore;

*Be it resolved by the Senate of the One Hundred Thirteenth General Assembly of the State of Tennessee, the House of Representatives concurring,* That we urge state agencies to expand comprehensive cardiovascular screening programs to allow for earlier identification of patients at risk of cardiovascular events; and be it further

*Resolved,* That we urge state agencies to explore ways to collaborate with federal and national agencies to establish or expand comprehensive cardiovascular screening programs; and be it further

*Resolved,* That we urge an update of the State’s cardiovascular plan to accelerate quality improvements in the care rendered to these patients such that screening, treatment, monitoring, and improved health outcomes are achieved.

*Resolved,* That we support the creation of policies to decrease the rising number of deaths of Americans as a result of ASCVD; and be it further

*Resolved,* That a certified copy of this resolution be transmitted to the President of the United States, the Vice President of the United States, the members of the Tennessee Congressional Delegation, and other federal and state government officials and agencies as appropriate.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-22. A joint resolution adopted by the Legislature of the State of Oklahoma stating that a delegation of commissioners selected as provided in this resolution shall be authorized to attend and participate in a gathering of states proposed by any state legislature for the purposes of developing rules and procedures for an Article V Convention for proposing amendments to the

United States Constitution to require a balanced federal budget, or to impose fiscal restraints on the federal government, to limit the power and jurisdiction of the federal government and to limit the terms of office for federal officials and members of Congress and for proposing an initial date and location for the meeting of the several states in an Article V Convention; to the Committee on the Judiciary.

HOUSE JOINT RESOLUTION NO. 1017

Whereas, Article V of the Constitution of the United States provides that upon receipt of applications from two-thirds of the legislatures of the several states, Congress shall call a convention of the states for proposing amendments; and

Whereas, the Oklahoma Legislature adopted Senate Joint Resolution 4 in the 2nd Session of the 55th Oklahoma Legislature, and Senate Joint Resolution 23 in the 1st Session of the 57th Oklahoma Legislature, that applied to the Congress of the United States “for the calling of a convention of the states limited to proposing an amendment to the Constitution of the United States requiring that in the absence of a national emergency the total of all federal appropriations made by the Congress for any fiscal year may not exceed the total of all estimated federal revenues for that fiscal year, together with any related and appropriate fiscal restraints”; and

Whereas, it appears that two-thirds of the states, including Oklahoma, soon will have applied for a convention to propose such an amendment adding to the United States Constitution a requirement that the federal government balance its budget; and

Whereas, it has also been proposed by several states, including Oklahoma, that a convention be called for proposing amendments to “impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of Congress”; and

Whereas, in its call Congress will be required to specify an initial time and place for the meeting of the Article V Convention for proposing amendments; and

Whereas, it is appropriate for the state legislatures to prepare for the Article V Convention and recommend to Congress an initial time and place to hold the convention; and

Whereas, a gathering of the states called by a state legislature and consisting of members authorized by other state legislatures would be an effective way of considering and recommending solutions to common issues related to an Article V Convention, including planning for and recommending rules and procedures for an Article V Convention, and

recommending to Congress the initial date and location of an Article V Convention; and

Whereas, a planning convention of the several states convened on September 12, 2017, in Phoenix, Arizona, and was attended by a delegation from Oklahoma as authorized by House Concurrent Resolution No. 1007 of the 1st Session of the 56th Oklahoma Legislature (2017). Now, therefore,

*Be it resolved by the House of Representatives and the Senate of the 1st Session of the 59th Oklahoma Legislature:*

That a delegation of commissioners selected as provided in this resolution shall be authorized to attend and participate in a gathering of states proposed by any state legislature for the purposes of developing rules and procedures for an Article V Convention for proposing amendments to the United States Constitution to require a balanced federal budget, or to impose fiscal restraints on the federal government, to limit the power and jurisdiction of the federal government and to limit the terms of office for federal officials and members of Congress and for proposing an initial date and location for the meeting of the several states in an Article V Convention.

That the delegation of commissioners shall be composed of seven members, three of whom shall be appointed by the Speaker of the Oklahoma House of Representatives, three of whom shall be appointed by the President Pro Tempore of the Oklahoma State Senate, and one of whom shall be appointed by agreement of both the Speaker of the Oklahoma House of Representatives and the President Pro Tempore of the Oklahoma State Senate.

That two of the commissioners appointed by the Speaker of the Oklahoma House of Representatives shall be current members of the Oklahoma House of Representatives at the time of appointment, and two of the commissioners appointed by the President Pro Tempore of the Oklahoma State Senate shall be current members of the Oklahoma State Senate at the time of appointment. The third commissioner appointed by the Speaker of the Oklahoma House of Representatives shall be a current or former member of the Oklahoma House of Representatives and the third commissioner appointed by the President Pro Tempore of the Oklahoma State Senate shall be a current or former member of the Oklahoma State Senate.

That the commissioners shall be bound by the rules adopted by the gathering of the states or provided for in the proposal for the Article V Convention.

That unless otherwise provided by the Oklahoma Legislature, the commissioners provided for in this resolution shall also serve as commissioners to the Article V Convention for proposing amendments to the United States Constitution when called and

shall be bound by the rules adopted by the members of the Article V Convention.

That if a commissioner is unable to participate in either the state gathering or an Article V Convention to propose amendments to the United States Constitution either permanently or temporarily, the appointing authority or authorities shall select an alternate, who shall be a current or former member of the appointing authority’s legislative body, to serve for the time the commissioner is unable to serve. The alternate shall be bound by the same rules and procedures as the original commissioner.

That no commissioner or alternate from this state to an Article V Convention shall have the authority to vote to allow consideration of or vote to approve an unauthorized amendment for ratification to the United States Constitution.

That any commissioner or alternate casting a vote to allow consideration or approval of an unauthorized amendment shall be immediately recalled by the appointing authority or authorities and be replaced by an alternate.

That all voting in either a gathering of states or an Article V Convention shall be by state with each state having one vote.

That commissioners and alternates shall take the following oath of office before accepting their appointment:

“I do solemnly swear or affirm that to the best of my abilities I will, as a commissioner (alternate commissioner) to a convention for proposing any amendment to the United States Constitution, uphold the Constitution and laws of the United States and the State of Oklahoma.

I will abide by my specific instructions from the Legislature of the State of Oklahoma. I will not vote to allow consideration of or to approve any amendment proposed for ratification to the United States Constitution that is unrelated to the subject of the approved call of the convention by Congress.

I will vote only for convention rules that provide that each state have one equal vote and that a state or commissioner shall not be allowed to propose an amendment that is unrelated to the approved call of the convention. I acknowledge that any violation of this oath may result in being recalled by the Legislature of the State of Oklahoma or its authorized committee.”

That an Article V Convention Committee shall be composed of three members, one appointed by the Speaker of the Oklahoma House of Representatives, one appointed by the President Pro Tempore of the Oklahoma State Senate and one appointed jointly by the Speaker and President Pro Tempore. A member of the Article V Convention Committee may not be a member of the delegation. The duties of the Article V

Convention Committee and their appointing authority or authorities include:

1. Monitoring the delegation to determine if it is following legislative instructions and obeying convention rules;

2. Advising the delegation on the Legislature's position on issues before the convention;

3. Disciplining any commissioner who violates the oath of office or instructions or is otherwise guilty of malfeasance or nonfeasance. Discipline may include recall from the convention, removal as a commissioner or demotion to the office of alternate commissioner;

4. Notifying the convention that a commissioner has been recalled, removed as a commissioner or demoted to the office of alternate commissioner; and

5. Replacing any recalled commissioner.

That commissioners shall vote only for Article V Convention rules consistent with the following principles:

1. The convention is convened under the authority reserved to the state legislatures of the several states by Article V of the Constitution of the United States;

2. The only participants at this convention are the several states represented by their respective delegations duly selected in the manner that their respective legislatures have determined;

3. The scope of the convention's authority is defined by applications adopted by at least two-thirds of the legislatures of the several states, which authority is limited to the subject of the approved call of the convention. The convention has no authority to propose or discuss an amendment on any other subject outside the approved call of the convention by Congress;

4. The convention shall provide for disciplining a commissioner or delegation for exceeding the scope of the convention's authority by raising subjects for discussion or debate that lie outside the convention's authority;

5. The convention shall not infringe on the respective state legislatures' authority to instruct, discipline, recall and replace commissioners; and

6. All voting at the convention or in a committee shall be by state with each state having one vote without apportionment or division. Each state legislature shall determine the internal voting and quorum rules for casting the vote of its delegation.

That the Chief Clerk of the House of Representatives, immediately after the passage of this resolution, shall prepare and file one copy thereof with the Secretary of State and one copy with the Attorney General and transmit copies to the President and Secretary of the United States Senate and to the Speaker and Clerk of the United States House of Representatives, to the members of the Oklahoma Congressional Delegation, and

to the presiding officers of each of the legislative houses in the several states, requesting their cooperation.

POM-23. A concurrent memorial adopted by the Legislature of the State of Arizona urging the United States Congress to enact H.R. 9174, the State Immigration Enforcement Act, or similar legislation; to the Committee on the Judiciary.

#### HOUSE CONCURRENT MEMORIAL NO. 2007

Whereas, the Biden Administration has consistently refused to enforce our nation's federal immigration laws; and

Whereas, this gross dereliction of duty has resulted in large numbers of illegal immigrants pouring over the United States southern border in what has become a historic invasion; and

Whereas, Congressman Andy Biggs of Arizona introduced legislation in Congress that would empower states and localities to pass and enforce their own immigration enforcement laws similar to federal immigration laws; and

Whereas, H.R. 9174, known as the State Immigration Enforcement Act, would allow states to bypass the current Administration's open border policies and restore the rule of law.

Wherefore your memorialist, the House of Representatives of the State of Arizona, the Senate concurring, prays:

1. That the United States Congress enact H.R. 9174, the State Immigration Enforcement Act, or similar legislation.

2. That the Secretary of State of the State of Arizona transmit copies of this Memorial to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.

POM-24. A joint resolution adopted by the General Assembly of the State of Tennessee urging the United States Congress to enact legislation that will make state child abuse registries public records; to the Committee on the Judiciary.

#### HOUSE JOINT RESOLUTION NO. 19

Whereas, in Tennessee, the Department of Children's Services maintains the official Child Abuse Registry, which includes the names of people who have been substantiated as perpetrators of child abuse or neglect; and

Whereas, the purpose of the Registry is to protect children from persons who have been identified as perpetrators of child abuse or neglect; a person's name is not placed on the Registry until all reviews or hearings have concluded or the person has waived their right to due process; and

Whereas, the Department of Children's Services may release the name of a person who is listed on the Registry only to other

state agencies or organizations due to the nature of the employment or licensing of the person as statutorily required in certain circumstances; and

Whereas, due to prohibitive federal rules and regulations, the general public does not have access to the Child Abuse Registry; now, therefore,

Be it *Resolved by the House of Representatives of the One Hundred Thirteenth General Assembly of the State of Tennessee, The Senate Concurring*, that we urge the United States Congress to enact legislation to make state child abuse registries public records; and be it further

*Resolved*, that a certified copy of this resolution be transmitted to the Speaker and the Clerk of the United States House of Representatives, the President and the Secretary of the United States Senate, and each member of the Tennessee Congressional delegation.

POM-25. A resolution adopted by the City Council of Durham, North Carolina, urging the Executive Office of the President to act immediately to designate Temporary Protected Status (TPS) for Guatemala, and calls on the Department of Homeland Security to grant a TPS designation for Guatemalans currently residing in the United States, a program that provides support to people fleeing uncertainty, natural disasters, and violence; to the Committee on the Judiciary.

POM-26. A resolution adopted by the Board of Supervisors of the City and County of San Francisco, California, urging the Department of Homeland Security (DHS) and the President's Administration to reject the recent attack on San Francisco's long-standing Sanctuary Ordinance and urging DHS to extradite the accused individuals without further delay; to the Committee on the Judiciary.

POM-27. A resolution adopted by the Board of Supervisors of the City and County of San Francisco, California, condemning the passage of "Red-Baiting" House Concurrent Resolution 9, and urging the United States Congress not to engage in, vote for, or otherwise support fearmongering and red-baiting by the federal government; to the Committee on the Judiciary.

REPORT OF THE CONTINUATION OF  
THE NATIONAL EMERGENCY WITH  
RESPECT TO BELARUS -- PM 14

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to Belarus that was declared in Executive Order 13405 of June 16, 2006, which was expanded in scope in Executive Order 14038 of August 9, 2021, is to continue in effect beyond June 16, 2023.

The actions and policies of certain members of the Government of Belarus and other persons, and the Belarusian regime's harmful activities and long-standing abuses, continue to pose an unusual and extraordinary threat to the national security and foreign policy of the United States.

Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 13405 with respect to Belarus.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, June 12, 2023.

#### PETITIONS AND MEMORIALS

The following petition or memorial was laid before the Senate and was referred or ordered to lie on the table as indicated:

POM-28. A resolution adopted by the Senate of Louisiana urging the United States Congress to enact a trade policy that supports United States businesses and workers while penalizing global polluters; to the Committee on Finance.

#### SENATE RESOLUTION No. 53

Whereas, Chinese government-owned industry is an arm of the communist party and strives to increase its influence over the global economy by pursuing predatory, unfair trade practices designed to steal intellectual property and destroy competition from the United States; and

Whereas, China's dominance of key components of the global supply chain, including those related to critical minerals, represents a threat to United States economic security and economic and social development; and

Whereas, China, by far the world's largest polluter, accounts for approximately thirty percent of global carbon dioxide (CO<sub>2</sub>) emissions and subsidizes its exports by not imposing or enforcing reasonable environmental and labor standards; and

Whereas, the United States has eliminated more carbon emissions than any other country in the last fifteen years, and its economy is forty-four percent more carbon efficient than the world average; and

Whereas, United States' manufacturers are more efficient in nearly every industry from steel to solar panels to automobiles and yet are forced to compete with companies in China and elsewhere that face few limits on how much they pollute; and

Whereas, goods produced in China, on average, generate three times the CO<sub>2</sub> emissions of equivalent goods made in the United States, and goods produced in Russia emit four times the emissions; and

Whereas, minerals mined in China are more than twice as carbon intensive as those

mined in the United States, the average carbon intensity of Russian oil is at least thirty-three percent higher than United States oil, and Russian natural gas is sixty percent more greenhouse gas intensive than United States natural gas; and

Whereas, many rural Americans are being left behind economically, suffering from severe poverty, poor health care, and few economic opportunities, making them increasingly vulnerable to crime and the opioid crisis; and

Whereas, the average per capita income for rural Americans is only forty-six thousand dollars, compared to roughly sixty thousand dollars for all Americans, and the poverty rate in rural America is fourteen point four percent, compared with eleven point nine percent nationwide; and

Whereas, United States rural communities have lower wages, property taxes, and land prices, which should give them a competitive advantage in attracting investments in manufacturing that provide revenue streams that help fund local schools and infrastructure; and

Whereas, manufacturing jobs pay a more important role in the rural economy than in urban areas, accounting for a greater share of jobs and earnings; and

Whereas, United States' trade policy, which has given foreign polluters an unfair advantage over the past two decades, has encouraged economic restructuring across rural America that has resulted in manufacturing employment falling by close to thirty percent; and

Whereas, China has been the major beneficiary of this poorly designed federal trade policy, with the United States losing roughly five million jobs in the last twenty years, and half of those losses are the result of the United States trade deficit with China; and

Whereas, rewarding United States firms for their environmental performance would bolster domestic manufacturing and generate good paying jobs, particularly in rural areas, and reduce dependence on imports from high emitting producers like Russia and China: Now, therefore, be it

*Resolved*, That the Senate of the Legislature of Louisiana does hereby memorialize the Congress of the United States to take such actions as are necessary to enact a trade policy that holds high-polluting countries like China and Russia accountable for their pollution and promotes American economic development and the rebuilding of United States supply chains, particularly in rural communities, by rewarding American businesses and workers for their superior environmental performance while penalizing global polluters; and be it further

*Resolved*, That a copy of this Resolution shall be transmitted to the secretary of the United States Senate and the clerk of the

United States House of Representatives and to each member of the Louisiana delegation to the United States Congress.

VETO MESSAGE ON JOINT  
RESOLUTION S.J. RES. 11

By unanimous consent, on the request of Mr. SCHUMER,

As in legislative session,

The PRESIDING OFFICER (Ms. ROSEN in the chair) laid before the Senate the message from the President of the United States, returning to the Senate, in which it originated, the joint resolution (S.J. Res. 11) providing for congressional disapproval under chapter 8 of title 5, United States Code, of the rule submitted by the Environmental Protection Agency relating to "Control of Air Pollution From New Motor Vehicles: Heavy-Duty Engine and Vehicle Standards", with his objections thereto, received from the President on today; which was deemed read and, as the Constitution prescribes, spread upon the Journal, as follows:

*To the Senate of the United States:*

I am returning herewith without my approval S.J. Res. 11, a resolution that would disapprove the rule entitled "Control of Air Pollution From New Motor Vehicles: Heavy-Duty Engine and Vehicle Standards."

This rule amends the Environmental Protection Agency's heavy-duty emissions control program—including its standards, test procedures, and other requirements—to further reduce the air quality impacts of heavy-duty engines. The rule cuts pollution, boosts public health, and advances environmental justice in communities across the country. It will prevent hundreds, if not thousands, of premature deaths; thousands of childhood asthma cases; and millions of missed school days every year.

The resolution would deny communities these health benefits by resulting in weaker emissions standards for heavy-duty vehicles and engines, which are significant sources of pollutants that threaten public health. If enacted, the resolution would squander \$36 billion in benefits to society—and an opportunity to lead on the defining crisis of our time.

Therefore, I am vetoing this resolution.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, June 14, 2023.

By unanimous consent, on the request of Mr. SCHUMER,

As in legislative session,

*Ordered*, That, at a time to be determined by the Majority Leader, in consultation with the Minority Leader, prior to Friday, June 23, 2023, and notwithstanding the provisions of rule XXII of the Standing Rules of the Senate, the Senate proceed to consider the veto message on joint resolution S.J. Res. 11; that there be two hours, equally divided and controlled between the two leaders, or their designees, for debate thereon, upon reconsideration; and that, upon conclusion of debate, the Senate vote on the question of passage of said joint resolution, upon reconsideration, the objections of the President to the contrary notwithstanding.

The question being on passage of the joint resolution, upon reconsideration, the objections of the President to the contrary notwithstanding.

CELEBRATING THE ANNIVERSARY  
OF THE CREATION OF THE FLAG  
OF THE UNITED STATES

On the request of Mr. BRAUN,

As in legislative session,

The PRESIDING OFFICER (Mr. MURPHY in the chair) laid before the Senate the resolution (S. Res. 252) celebrating the 246th anniversary of the creation of the flag of the United States and expressing support for the Pledge of Allegiance, submitted today by Mr. BRAUN (for himself, Mr. CRUZ, Mr. MARSHALL, Mr. LEE, Mr. RISCH, Mr. HAGERTY, Mr. TILLIS, Mr. RICK SCOTT, Mr. ROUNDS, Mrs. HYDE-SMITH, Ms. COLLINS, Mr. SCHMITT, Mr. YOUNG, Mr. BOOZMAN, Mrs. BRITT, Mr. WICKER, Mr. HOEVEN, Mr. GRAHAM, Mr. VANCE, Mr. BUDD, Mrs. FISCHER, Mr. TUBERVILLE, Ms. LUMMIS, Mr.

MULLIN, Mr. KENNEDY, and Mr. TIM SCOTT), and at the desk.

The Senate proceeded, by unanimous consent, to consider the resolution.

The question being on agreeing to the resolution.

*Resolved*, That the Senate agree thereto, and to the accompanying preamble.

A motion to reconsider was deemed made and laid on the table, by unanimous consent.

TRANSACTION OF MORNING  
BUSINESS

By unanimous consent, on the request of Ms. CORTEZ MASTO,

*Ordered*, That, effective immediately, the Senate proceed to a period for the transaction of morning business, with Senators permitted to speak for 10 minutes each therein.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Kelly, one of his secretaries:

REPORT OF THE VETO OF S.J. RES. 11,  
DISAPPROVING THE RULE ENTITLED  
"CONTROL OF AIR POLLUTION FROM  
NEW MOTOR VEHICLES: HEAVY-DUTY  
ENGINE AND VEHICLE STANDARDS" --  
PM 15

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States; which was ordered to be printed in the Record, spread in full upon the Journal, and held at the desk:  
*To the Senate of the United States:*

I am returning herewith without my approval S.J. Res. 11, a resolution that would disapprove the rule entitled "Control of Air Pollution From New Motor Vehicles: Heavy-Duty Engine and Vehicle Standards."

## MESSAGES FROM THE PRESIDENT

The following messages from the President of the United States were transmitted to the Senate by Ms. Kelly, one of his secretaries:

REPORT ON THE CONTINUATION OF  
THE NATIONAL EMERGENCY WITH  
RESPECT TO THE WESTERN BALKANS -  
- PM 16

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* publication the enclosed notice stating that the national emergency with respect to the Western Balkans that was declared in Executive Order 13219 of June 26, 2001, under which additional steps were taken in Executive Order 13304 of May 28, 2003, and which was expanded in scope in Executive Order 14033 of June 8, 2021, is to continue in effect beyond June 26, 2023.

The acts of extremist violence and obstructionist activity, and the situation in the Western Balkans, which stymies progress toward effective and democratic governance and full integration into transatlantic

institutions, outlined in these Executive Orders, continue to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 13219 with respect to the Western Balkans.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, June 20, 2023.

REPORT OF THE CONTINUATION OF  
THE NATIONAL EMERGENCY WITH  
RESPECT TO NORTH KOREA -- PM 17

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to North Korea that was declared in Executive Order 13466 of June 26, 2008, expanded in scope in Executive Order 13551 of August 30, 2010, addressed further in Executive Order 13570 of April 18, 2011, further expanded in scope in Executive Order 13687 of January 2, 2015, and under which additional steps were taken in Executive Order 13722 of March 15, 2016, and Executive Order 13810 of September 20, 2017, is to continue in effect beyond June 26, 2023.

The existence and risk of the proliferation of weapons-usable fissile material on the Korean Peninsula; the actions and policies of the Government of North Korea that destabilize the Korean Peninsula and imperil United States Armed Forces, allies, and trading partners in the region, including its pursuit of nuclear and missile programs; and other provocative, destabilizing, and repressive actions and policies of the Government of North Korea, continue to constitute an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States.

For this reason, I have determined that it is necessary to continue the national emergency declared in Executive Order 13466 with respect to North Korea.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, June 20, 2023.

#### PETITIONS AND MEMORIALS

The following petition or memorial was laid before the Senate and was referred or ordered to lie on the table as indicated:

POM-29. A joint resolution adopted by the Legislature of the State of Colorado reaffirming Colorado to be the permanent location for the United States Space Command, and, in connection therewith, urging the Department of Defense to keep the United States Space Command in Colorado; to the Committee on Armed Services.

#### HOUSE JOINT RESOLUTION NO. 23-1015

Whereas, Our nation and the world have significantly benefitted from technological and scientific advances resulting from space exploration and aerospace activities, and Colorado is paving the way for new discoveries in the frontiers of space by having a rich history in aerospace development and being at the forefront of space travel, exploration, and aerospace research; and

Whereas, Colorado is the acting provisional Space Command Base, and it will remain the provisional base until 2026. Colorado is also the center for United States military space operations and strategy. According to the Colorado Space Coalition, the state's military commands are the primary customers for space-based research, development, acquisitions, and operations, representing nearly 90 percent of space-related

expenditure by the military. Moving the United States Space Command (USSPACECOM) to Huntsville, Alabama, would be incredibly disruptive to the National Defense Strategy. In addition, it would cause a major upheaval in existing infrastructure and jobs in the state, which would result in higher costs and less efficient outcomes for the United States military; and

Whereas, Colorado is strategically located at the center of our national and space defense. We are the home to five key strategic military commands: North American Aerospace Defense Command (NORAD), United States Northern Command (USNORTHCOM), United States Strategic Command's Joint Functional Component Command for Space (JFCC Space) Missile Warning Center, the United States Space Force, and the United States Army Space and Missile Defense Command/Army Forces Strategic Command; and five military installations, including United States Space Force bases Buckley, Peterson, and Schriever; Cheyenne Mountain Space Force Station; as well as Fort Carson Army Base; and

Whereas, The 460th Space Wing at Buckley Space Force Base provides operational command and control of three constellations to space-based infrared missile warning systems, has been defending America continuously since 1970, and is a critical part of global defense and national security; and

Whereas, Colorado leads the charge in bringing current and future global positioning system (GPS) assets to life, a service provided free to the world by United States Space Force in Colorado Springs. Lockheed Martin designs and builds GPS III, the most powerful GPS satellite to date, which United Launch Alliance launches, with Raytheon Technologies developing the command and control capabilities. Boeing, L3Harris Technologies, Braxton Technologies, and Infinity Systems Engineering also support GPS development and operations from locations in Colorado. These GPS technologies enable an integral part of our global economy and have an incalculable impact that has improved the everyday lives of billions of people around the world; and

Whereas, Colorado's aerospace industry is home to a broad range of companies that create products and systems for commercial, military, and civil space applications, such as spacecraft, launch vehicles, satellites, command and control software, sensors, and navigation operations. These companies include Ball Aerospace, Boeing, DigitalGlobe, L3Harris Technologies, Lockheed Martin Space Systems, Northrop Grumman, Raytheon Technologies, Sierra Nevada Corporation, Teledyne Brown Engineering, and United Launch Alliance,

which make up a large portion of the aerospace sector; and

Whereas, Colorado has an existing educated workforce, ranked second in the nation for residents with a bachelor's degree or higher, and a pipeline of higher education institutions to sustain future growth. We are home to the United States Air Force Academy and many colleges and universities, including the University of Colorado Boulder and the University of Colorado Colorado Springs, Colorado School of Mines, Colorado State University, Metropolitan State University of Denver, University of Denver, Colorado Mesa University, and Fort Lewis College. Altogether, they provide access to world-class aerospace-related degrees and offer aerospace companies one of the country's most educated workforces; and

Whereas, Colorado is home to some amazing research institutions. These institutions include the prestigious Laboratory for Atmospheric and Space Physics at the University of Colorado Boulder. It began in 1948, a decade before NASA, and is the world's only research institute to have sent instruments to all eight planets and to Pluto, combining all aspects of space exploration through science, engineering, mission operations, and scientific data analysis; and

Whereas, Colorado is also home to the National Oceanic and Atmospheric Administration's Space Weather Prediction Center, a world-leading center of predictions for the solar and near-Earth space environment and the nation's official source of watches, warnings, and alerts of incoming solar storms, using satellite observations to protect and save lives and property; and

Whereas, Various organizations are key to Colorado's prominence in aerospace, such as the Colorado Space Coalition, a group of industry stakeholders working to make Colorado a center of excellence for aerospace; the Colorado Space Business Roundtable, working to bring together aerospace stakeholders from the industry, government, and academia for roundtable discussions and business development and to encourage grassroots citizen participation in aerospace issues; the Colorado chapter of Citizens for Space Exploration, whose mission is to promote better understanding of aerospace and its importance to our economy and daily lives, as well as to promote the importance of human space exploration; Manufacturer's Edge, a statewide manufacturing assistance center that encourages the strength and competitiveness of Colorado manufacturers by providing on-site technical assistance through coaching, training, and consulting by providing collaboration-focused industry programs and by leveraging government, university, and economic development partnerships; and the Space Foundation, founded in 1983, with its

world headquarters in Colorado Springs, Colorado, which holds an annual Space Symposium, bringing together civil, commercial, and national security space leaders from around the world to discuss, address, and plan for the future of space exploration; and

Whereas, For the aforementioned reasons, it is in the best interests of the American taxpayer to keep USSPACECOM in the state because Colorado is already fulfilling the mission of the USSPACECOM; because Colorado Springs has in place the community infrastructure capacity and community support to champion an expanding mission; because the move would cost the United States billions of dollars; and because the move would severely disrupt the Colorado aerospace industry, which has grown to support the mission; Now, therefore, be it

*Resolved by the House of Representatives of the Seventy-fourth General Assembly of the State of Colorado, the Senate concurring herein.*

That we, the members of the General Assembly:

(1) Strongly urge the Department of Defense of the Biden-Harris administration to reevaluate the merits of this irresponsible decision and rightly conclude that it is the correct decision to keep the existing USSPACECOM in Colorado, recognizing Colorado's unique blend of military installations and major commands, private aerospace companies, academic and research institutions, and government entities, and the valuable synergies this ecosystem produces;

(2) Strongly urge the Department of Defense of the Biden-Harris administration to permanently base USSPACECOM in Colorado, recognizing that Colorado provides the existing command structure, base infrastructure, and communications platforms necessary to successfully host additional national security initiatives and ensure coordination of efforts without committing additional funds;

(3) Proudly express that Colorado has deep ties with the Department of Defense and immense patriotic commitment to providing for the nation's security and bolstering our defense;

(4) Express our most sincere and deepest appreciation to our service members and civilian employees working in and supporting military and civilian aerospace companies, military installations, and civil organizations in Colorado; and

(5) Hereby declare Colorado to be the prime location for the permanent headquarters for USSPACECOM.

*Be it further Resolved*, That copies of this Joint Resolution be sent to President Joseph R. Biden, Jr.; Vice President Kamala Harris; Congressman Kevin McCarthy; Senator Chuck Schumer; Senator Mitch McConnell; Senator Michael Bennet; Senator John

Hickenlooper; Congresswoman Diana DeGette; Congresswoman Lauren Boebert; Congressman Jason Crow; Congressman Joe Neguse; Congressman Ken Buck; Congressman Doug Lamborn; Congresswoman Brittany Pettersen; Congresswoman Yadira Caraveo; Bill Nelson, NASA Administrator; Pam Melroy, NASA Deputy Administrator; Phil Washington, Federal Aviation Administration Administrator; Governor Jared Polis; Lieutenant Governor Dianne Primavera; Brig. Gen. Laura Clellan, The Adjutant General, Colorado National Guard; Wayne R. Monteith, Associate Administrator for Commercial Space Transportation at the Federal Aviation Administration; General John W. "Jay" Raymond, U.S. Space Force Chief of Space Operations; Colonel Robert J. Schreiner, USAF, Commander Aerospace Data Facility-Colorado; Dr. Christopher Scolese, Director, National Reconnaissance Office; Ross Garelick Bell, Executive Director, Aerospace States Association; Thomas E. Zelibor, Chief Executive Officer, Space Foundation; Dr. Ronald Segal, Co-chair, Colorado Space Coalition; Michael Gass, Co-chair, Colorado Space Coalition; and Bob Cone, Chair, Colorado Citizens for Space Exploration.

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Ms. Kelly, one of his secretaries:

REPORT OF THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO THE SITUATION IN HONG KONG -- PM 18

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Foreign Relations:

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register*

and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to Hong Kong that was declared in Executive Order 13936 of July 14, 2020, is to continue in effect beyond July 14, 2023.

The situation with respect to Hong Kong, including recent actions taken by the People's Republic of China to fundamentally undermine Hong Kong's autonomy, continues to pose an unusual and extraordinary threat, which has its source in substantial part outside the United States, to the national security, foreign policy, and economy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 13936 with respect to the situation in Hong Kong.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, *July 11, 2023.*

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Mrs. Stringer, one of his secretaries:

REPORT OF THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO HOSTAGE-TAKING AND THE WRONGFUL DETENTION OF UNITED STATES NATIONALS ABROAD -  
- PM 19

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Foreign Relations:

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to hostage-taking and the wrongful detention of United States nationals abroad declared in Executive Order 14078 of July 19, 2022, is to continue in effect beyond July 19, 2023.

Hostage-taking and the wrongful detention of United States nationals are heinous acts that undermine the rule of law. Terrorist organizations, criminal groups, and other malicious actors who take hostages for financial, political, or other gain—as well as foreign states that engage in the practice of wrongful detention, including for political leverage or to seek concessions from the United States—threaten the integrity of the international political system and the safety of United States nationals and other persons abroad. Hostage-taking and the wrongful detention of United States nationals abroad continue to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 14078 with respect to hostage-taking and the wrongful detention of United States nationals abroad.

JOSEPH R. BIDEN, JR.

THE WHITE HOUSE, *July 12, 2023.*

#### PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-30. A resolution adopted by the General Assembly of the State of New Jersey respectfully urging the United States Congress and the President of the United States to enact legislation creating a program to subsidize the purchase of diapers; to the Committee on Health, Education, Labor, and Pensions.

#### ASSEMBLY RESOLUTION NO. 87

Whereas, The ability to access clean diapers is a medical and economic necessity for the health and welfare of infants and toddlers and their families; and

Whereas, The majority of children in the United States use disposable diapers until the age of three; and

Whereas, A child in the United States uses approximately 3,800 disposable diapers per year for the first three years of the child's life; and

Whereas, Diapers on average cost a family \$80 a month in New Jersey, equaling an annual cost of \$960 and a cumulative total cost for three years of \$2,880; and

Whereas, Statistics collected by the federal Bureau of Labor Statistics indicate that the vast majority of parents work outside the home and these individuals need child care. For example, over 70 percent of single women and over 80 percent of single men, who are head of households with children under the age of 18, are employed and over 58 percent of mothers with infants under a year old participate in the workforce; and

Whereas, The majority of day care providers require that children use disposable diapers; and

Whereas, For those individuals who are moderate to low income, the purchase of diapers can be a significant portion of their monthly income; and

Whereas, Over 35 percent of families who receive Temporary Assistance for Needy Families (TANF) have a child under the age of three years old; and

Whereas, The maximum TANF cash benefit for a family consisting of one parent and two children is \$424 a month in New Jersey; and

Whereas, For families who rely on TANF, one child's need for diapers will take up 18 percent of the monthly TANF cash benefit; and

Whereas, TANF is the only public assistance benefit that can be used to purchase diapers; Supplemental Nutrition Assistance benefits and Women, Infant and Children benefits cannot be used to purchase diapers; and

Whereas, The President of the United States announced an initiative in March of 2016 which encourages companies to develop low-cost disposable diapers and to assist in the distribution of disposable diapers through diaper banks; and

Whereas, [H.R. 4055, the "Hygiene Assistance for Families of Infants and Toddlers Act of 2015" was introduced in November 2015 to address the needs of infants and toddler who lack sufficient diapers] In the past, federal legislation has been introduced to help low-income families address the diapering needs of their children, but such legislation has not been enacted; now, therefore, be it

*Resolved by the General Assembly of the State of New Jersey:*

1. The United States Congress and the President of the United States are respectfully urged to enact legislation creating a program to subsidize the cost of disposable diapers for families.

2. The President of the United States is respectfully requested to continue efforts to support the development of low cost disposable diapers and the development of a network of organizations to provide access to disposable diapers to support working parents.

3. Copies of this resolution, as filed with the Secretary of State, shall be transmitted by the Clerk of the General Assembly to the President and Vice President of the United States, the Majority and Minority Leader of the United States Senate, the Speaker and Minority Leader of the United States House of Representatives, and to every member of Congress elected from this State.

POM-31. A resolution adopted by the General Assembly of the State of New Jersey respectfully urging the United States Senate to pass the Frederick Douglass Trafficking Victims Prevention and Protection Reauthorization Act of 2022; to the Committee on Foreign Relations.

#### ASSEMBLY RESOLUTION No. 161

Whereas, On July 26, 2022, the United States House of Representatives passed the Frederick Douglass Trafficking Victims Prevention and Protection Reauthorization Act of 2022 (the "Act") by a vote of 401-20 and on July 27, 2022, it was referred to the Senate Committee on Foreign Relations; and

Whereas, If enacted, the Act would provide more than \$1.1 billion over a five-year period to reauthorize and enhance certain programs established by the Victims of Trafficking and Violence Protections Act of 2000 such as those that provide shelters, mental health care, education, life skills, and job training; and

Whereas, This legislation also would provide \$35 million for housing opportunities to help victims escape living with those who abuse them and to prevent trafficking of foster youth; and

Whereas, The Act would reauthorize the federal Department of Homeland Security's Angel Watch Center, codified by the International Megan's Law, to prevent international sex tourism travel by convicted child sex offenders; and

Whereas, Further, this legislation would enhance trafficking prevention education for children by involving parents and law enforcement in age-appropriate programs to assist in the prevention of child trafficking as well as online grooming; and

Whereas, The Act, if passed, will strengthen laws to convict human traffickers domestically and internationally, protect victims and witnesses during investigations, provide restitution for survivors, prevent unfair sentencing of youthful offenders who were victims of trafficking, and provide stricter sanctions for countries on Tier 3 of the Trafficking in Persons Report because

they do not comply with minimum standards to prevent human trafficking; and

Whereas, The legislation also increases accountability for the United States, as well as foreign governments, hotels, and airlines through anti-trafficking training and codes of conduct for their staff; transparency in anti-trafficking expenditures; and permanent incorporation of the United States Advisory Council on Human Trafficking as part of the United States' commitment to survivor informed policy; and

Whereas, The State of New Jersey recognizes that a major reason trafficking survivors cannot escape the cycle of human trafficking is because they do not have shelter to which they can escape; and

Whereas, It is the duty of our State and country to protect these vulnerable populations and to ensure housing access; and

Whereas, The welfare of an increasing number of children is effected by the human trafficking issues this legislation is intended to eliminate; and

Whereas, It is imperative that Congress acts to ensure that these vulnerable populations are protected from a devastating cycle of violence and abuse resulting from human trafficking; now, therefore, be it

*Resolved by the General Assembly of the State of New Jersey:*

1. The United States Senate is respectfully urged to pass the Frederick Douglass Trafficking Victims Prevention and Protection Reauthorization Act of 2022.

2. Copies of this resolution, as filed with the Secretary of State, shall be transmitted by the Clerk of the General Assembly, to the President and Vice President of the United States, the Majority and Minority Leaders of the United States Senate, and to every member of New Jersey's congressional delegation.

POM-32. A resolution adopted by the Council of the District of Columbia declaring the sense of the Council that the United States should end the economic blockade of Cuba and remove Cuba from the State Sponsors of Terrorism list due to the unjust harm it causes the Cuban people; to the Committee on Homeland Security and Governmental Affairs.

#### PETITIONS AND MEMORIALS

The following petition or memorial was laid before the Senate and was referred or ordered to lie on the table as indicated:

POM-33. A concurrent resolution adopted by the Legislature of the State of Hawaii urging the President of the United States to publish the Equal Rights Amendment as the Twenty-eighth Amendment to the Constitution of the United States of America; to the Committee on the Judiciary.

#### HOUSE CONCURRENT RESOLUTION NO. 200

Whereas, in 1972, the ninety-second Congress of the United States, at its second session, in both houses, by a constitutional majority of two-thirds, adopted the following proposition to amend the Constitution of the United States of America:

"JOINT RESOLUTION RESOLVED BY THE HOUSE OF REPRESENTATIVES AND SENATE OF THE UNITED STATES OF AMERICA IN CONGRESS ASSEMBLED (TWO-THIRDS OF EACH HOUSE CONCURRING THEREIN), That the following article is proposed as an amendment to the Constitution of the United States, which shall be valid to all intents and purposes as a part of the Constitution when ratified by legislatures of three-fourths of the several States within seven years from the date of its submission by the Congress:

"ARTICLE \_\_

Section 1. Equality of rights under the law shall not be denied or abridged by the United States or by any State on account of sex.

Section 2. The Congress shall have the power to enforce, by appropriate legislation, the provisions of this article.

Section 3. This amendment shall take effect two years after the date of ratification.""; and

Whereas, Article V of the Constitution of the United States sets forth a two-step amending procedure; and

Whereas, the first step of the Article V amending procedure is proposal of an amendment either by two-thirds vote of both houses of Congress or by a convention called by application of two-thirds of the states; and

Whereas, the second and final step of the Article V amending procedure is ratification of an amendment by three-fourths of the states; and

Whereas, the Constitution of the United States does not limit the time for states to ratify an amendment; and

Whereas, to have full force and effect, any substantive change to the Constitution of the United States, such as a time limit on ratification, must be within the text of an amendment, where it can also be approved by states as part of each of the two steps of the Article V amending procedure—a proposal step and a ratification step; and

Whereas, in the proposal step for the Equal Rights Amendment, the time limit on state ratification was only in the preamble section of the resolution by Congress and not within the text of the amendment presented to the states for state approval; and

Whereas, in the ratification step, the states ratified only the text of the Equal Rights Amendment; and

Whereas, a time limit was only approved by Congress in 1972, but not subsequently approved by the states and is thus without force or effect; and

Whereas, in comparison, when in 1978 two-thirds of both houses of Congress passed the District of Columbia Voting Rights Amendment, a timeline was included within the text of the amendment offered to states for ratification; and

Whereas, the time limit for the District of Columbia Voting Rights Amendment ended before completion of the second and final step of ratification of the amendment by three-fourths of the states; and

Whereas, because the time limit was within the text of the District of Columbia Voting Rights Amendment, that time limit had full force and effect and the amendment expired in 1985; and

Whereas, in comparison, the text of the Twenty-first and Twenty-second Amendments both include a timeline within the text of each amendment, and such timelines were ratified by three-fourths of the states within the agreed timeline; and

Whereas, in 1789, by two-thirds vote of each house of the first United States Congress, the so-called Madison Amendment relating to compensation of members of

Congress completed the proposal step of Article V; and

Whereas, approximately two hundred three years later the Madison Amendment completed the ratification step of Article V through ratification by three-fourths of the states; and

Whereas, in 1992, having met the strict two-step requirements of Article V, the Madison Amendment was published by the Archivist of the United States during President George H.W. Bush's administration as the Twenty-seventh Amendment to the Constitution of the United States; and

Whereas, following publication of the Madison Amendment, Congress affirmed the Madison Amendment as the Twenty-seventh Amendment of the Constitution of the United States; and

Whereas, as of January 27, 2020, three-fourths of the states have ratified the Equal Rights Amendment; and

Whereas, unlike the District of Columbia Voting Rights Amendment, the Equal Rights Amendment does not have a time limit in its text where it would be of full force and effect; and

Whereas, in contrast to the Madison Amendment, which took two hundred three years to ratify, the Equal Rights Amendment took a mere forty-eight years to ratify; and

Whereas, the text of Article V of the Constitution of the United States gives the states the power of ratification, not rescission; and

Whereas, Samuel Johnson's dictionary of 1755 defines "ratify" as "to confirm; to settle"; and

Whereas, Bouvier's Law Dictionary of 1856, considered to be the first American legal dictionary, states that a ratification once done "cannot be revoked or recalled"; and

Whereas, James Madison wrote in a July 20, 1788, letter to Alexander Hamilton that ratification is "in toto and for ever"; and

Whereas, the various attempts throughout history to rescind the ratifications of the Constitution of the United States or its amendments, including the Fourteenth, Fifteenth, and Nineteenth Amendments, have never been honored; and

Whereas, the Equal Rights Amendment now meets the strict requirements of Article V of the Constitution of the United States and should be added as the Twenty-eighth Amendment; now, therefore, be it

*Resolved* by the House of Representatives of the Thirty-second Legislature of the State of Hawaii, Regular Session of 2023, the Senate concurring, that this body urges the administration of President Joseph R. Biden, Jr., to publish without delay the Equal Rights Amendment as the Twenty-eighth Amendment to the Constitution of the United States; and be it further

*Resolved*, That this body urges the Congress of the United States to pass a joint

resolution affirming the Equal Rights Amendment as the Twenty-eighth Amendment to the Constitution of the United States; and be it further

*Resolved*, That this body calls on other states to join this action by passing the same or similar resolutions; and be it further

*Resolved*, That certified copies of this Concurrent Resolution be transmitted to the President of the United States, Vice President of the United States, each member of Hawaii's congressional delegation, and Archivist of the United States.

#### MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by Mrs. Stringer, one of his secretaries:

#### REPORT OF THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO SIGNIFICANT TRANSNATIONAL CRIMINAL ORGANIZATIONS -- PM 21

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to significant transnational criminal organizations that was declared in Executive Order 13581 of July 24, 2011, under which additional steps were taken in Executive Order 13863 of March 15, 2019, is to continue in effect beyond July 24, 2023.

The activities of significant transnational criminal organizations have reached such scope and gravity that they threaten the stability of international political and economic systems. Such organizations are becoming increasingly sophisticated and dangerous to the United States; they are increasingly entrenched in the operations of

foreign governments and the international financial system, thereby weakening democratic institutions, degrading the rule of law, and undermining economic markets. These organizations facilitate and aggravate violent civil conflicts and increasingly facilitate the activities of other dangerous persons.

Significant transnational criminal organizations continue to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. Therefore, I have determined that it is necessary to continue the national emergency with respect to significant transnational criminal organizations declared in Executive Order 13581.

JOSEPH R. BIDEN, JR.  
THE WHITE HOUSE, July 19, 2023.

#### PETITIONS AND MEMORIALS

The following petition or memorial was laid before the Senate and was referred or ordered to lie on the table as indicated:

POM-34. A concurrent resolution adopted by the General Assembly of the State of Ohio urging the President of the United States to rescind the Federal Housing Finance Agency's new loan-level price adjustments (LLPAs) for purchase, rate-term refinance, and cash-out refinance loans; to the Committee on Banking, Housing, and Urban Affairs.

#### SENATE CONCURRENT RESOLUTION NO. 115

Whereas, The Federal Housing Finance Agency announced a new fee structure for purchase, rate-term refinance, and cash-out refinance loans that will take effect on May 1, 2023; and

Whereas, The new fee structure reduces or eliminates fees for first-time and low-income homebuyers, but would significantly increase fees for borrowers with moderate incomes and higher credit scores; and

Whereas, These increased fees, combined with higher mortgage interest rates, could inhibit the ability of middle class Ohioans to afford a home or to obtain a loan to maintain or improve their current home; and

Whereas, The increased fees could have a significant chilling effect on the real estate market in Ohio and create greater uncertainty for both buyers and sellers; now therefore be it

*Resolved*, That we, the members of Ohio Senate of the 135th General Assembly, call upon the President of the United States to rescind the new loan-level price adjustments for purchase, rate-term refinance, and cash-out refinance loans and, should the President refuse, call upon the United States Congress to intervene; and be it further

*Resolved*, That the Clerk of the Senate transmit duly authenticated copies of this resolution to the President of the United States, the President Pro Tempore and Clerk of the United States Senate, the Speaker and Clerk of the United States House of Representatives, each member of the Ohio congressional delegation, and the new media of Ohio.

#### PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-35. A concurrent resolution adopted by the Legislature of the State of Louisiana urging and requesting the United States Congress to support the extension of funding for the Affordable Connectivity Program (ACP) of 2021, which provides their citizens with access to broadband services; to the Committee on Commerce, Science, and Transportation.

#### HOUSE CONCURRENT RESOLUTION NO. 103

Whereas, in August of 2019, by executive order, Governor John Bel Edwards created the Broadband for Everyone in Louisiana commission. This commission facilitates private sector providers, public entities, and other broadband stakeholders to improve both the adoption and availability of broadband service for Louisiana residents by providing universal access to broadband service; and

Whereas, during the 2020 Second Extraordinary Session of the Legislature of Louisiana, the legislature created the office of broadband and connectivity within the governor's office to promote and encourage broadband adoption for households in an effort to eliminate the digital divide in Louisiana by 2029; and

Whereas, the office of broadband and connectivity's mission is to coordinate federal, state, and municipal efforts by identifying best practices and tactics necessary in their goal; and

Whereas, in 2021, as part of the bipartisan Infrastructure Investment and Jobs Act's historic investment in broadband infrastructure and digital equity, Congress appropriated more than fourteen billion dollars for the ACP; and

Whereas, Congress assigned the Federal Communications Commission to administer the ACP, the successor program to the Emergency Broadband Benefit, which helped almost nine million households afford internet access during the pandemic; and

Whereas, under the ACP, eligible households can receive up to thirty dollars per month discount toward internet services and up to seventy-five dollars per month for households on qualifying tribal lands; and

Whereas, eligible households may also receive a one-time discount of up to one hundred dollars to purchase a laptop, desktop

computer, or tablet from participating providers; and

Whereas, Louisiana was the first state to receive broadband award approval from the bipartisan Infrastructure Investment and Jobs Act and is number one in the nation for ACP enrollment with an estimated forty-six percent of eligible households enrolled; and

Whereas, currently, there are more than nine hundred thousand eligible households within the state that may qualify for the ACP and four hundred and twenty-two thousand, two hundred and fifty-seven households that have enrolled; and

Whereas, based on current take rates, the more than fourteen billion dollars in funding appropriated for the ACP program could be exhausted in late 2023 or early 2024; and

Whereas, the ACP has been a critical tool in helping bridge the “digital divide” that exists between those who have access to modern information and communications technology and those who do not; therefore, be it

*Resolved*, That the Legislature of Louisiana does hereby urge and request each member of the Louisiana congressional delegation to support continued funding of the ACP so that low-income Louisiana households can continue to receive the support they need to participate in the digital marketplace; and be it further

*Resolved*, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-36. A resolution adopted by the House of Representatives of the State of Louisiana urging and requesting the Transportation and Security Administration (TSA) of the United States to have discussions with the Department of Public Safety and Corrections (DPS&C) regarding the development of guidelines and procedures for individuals released from DPS&C custody and those on probation or parole for a pre-application process for Transportation Worker Identification Credential cards (TWIC cards) while in custody and to work on a process to streamline felony conviction automatic denials; to the Committee on Commerce, Science, and Transportation.

#### HOUSE RESOLUTION NO. 275

Whereas, the Maritime Transportation Security Act of 2001 (MTSA) was introduced following the terrorist attacks on September 11, 2001, and became P.L. 107-295 in 2002; and

Whereas, the MTSA provided that TWIC cards were to be issued to workers who have access to secure areas of the nation’s maritime facilities and vessels; and

Whereas, TSA and the United States Coast Guard jointly administer the TWIC card program; and

Whereas, TSA has rules and regulations in place to address an applicant’s criminal history on a case-by-case basis through an appeals and waiver process; and

Whereas, DPS&C releases over thirteen thousand individuals back into the community each year and supervises over forty-four thousand individuals; and

Whereas, securing a TWIC card as soon as possible after release provides for more opportunities for employment; and

Whereas, according to the Ports Association of Louisiana, five hundred twenty-five thousand jobs in Louisiana are tied to the state’s ports; additionally, there are over two hundred sixty thousand jobs related to the oil and gas industry in Louisiana; many of the jobs require a valid TWIC card; and

Whereas, employment is critical to the success of those on supervision and studies show that unemployment is a major predictor of recidivism; and

Whereas, it is critical to our national security to protect and secure the nation’s maritime facilities and vessels through the TWIC card process; and

Whereas, it is also critical that opportunities are available to those who have demonstrated rehabilitation and are seeking a second chance; and

Whereas, according to TSA, individuals in the custody of DPS&C are not eligible to apply for a TWIC card until after they have been released from custody; and

Whereas, TSA issues TWIC cards within its current regulations to individuals with certain felony convictions; and

Whereas, the appeal and waiver process takes months for TSA to review conviction details, circumstances, proof of rehabilitation, and whether the person is in the process of rehabilitation before issuing a waiver or ruling on an appeal; and

Whereas, applying for a TWIC card and beginning the appeal and waiver process prior to a person’s release from DPS&C will increase chances of employment shortly after release: Now, therefore, be it

*Resolved*, That the House of Representatives of the Legislature of Louisiana does hereby urge and request the Transportation and Security Administration of the United States to have discussions with the Department of Public Safety and Corrections regarding the development of guidelines and procedures for individuals released from the custody of the Department of Public Safety and Corrections and those on probation or parole for a pre-application process for Transportation Worker Identification Credential cards while in custody and to work on a process to streamline felony conviction automatic denials; and be it further

*Resolved*, That a copy of this Resolution be transmitted to the secretary of the Department of Homeland Security of the United States, the administrator of the Transportation and Security Administration, presiding officers of the Senate and House of Representatives of the United States, and to each member of the Louisiana Congressional Delegation.

POM-37. A joint resolution adopted by the Legislature of the State of Wyoming recognizing and congratulating the United States Air Force on the 75th anniversary of its founding; to the Committee on Armed Services.

#### SENATE JOINT RESOLUTION NO. 5

Whereas, the United States Air Force was founded in 1947 and has had a continuous and active presence in Wyoming since that time; and

Whereas, The United States Air force’s heritage in Wyoming pre-dates the Air Force founded as a separate military branch and includes the significant training mission of strategic bomber crews at the Casper Army Air Field during World War II; and

Whereas, Francis E. Warren Air Force Base is the oldest continuously active, Air Force based in the Nation; and

Whereas, Francis E. Warren Air Force Base has played a vital role in the strategic defense of the United States and its allies by maintaining the first fully operational Intercontinental Ballistic Missile (ICBM), the Atlas D, in 1959; and

Whereas, Francis E. Warren Air Force Base is home to the 90th Missile Wing, one of three active missile wings currently operating the Minuteman III ICBM and the headquarters of 20th Air Force, which commands all three (3) missile wings; and

Whereas, the 90th Missile wing was the only military unit to operate the Peacekeeper ICBM, the most advanced ballistic missile fielded to date which was deployed exclusively in Wyoming; and

Whereas, the 90th Missile Wing will continue to play a vital role in the strategic defense of the United States now and into the future and be the first unit to deploy the new Sentinel ICBM; and

Whereas, the University of Wyoming has a strong history of supporting the United States Air Force by establishing Air Force ROTC Detachment 940 in 1952 and counting Samuel C. Phillips, the leader of the Air Force’s Minuteman ICBM program, as an alumnus; and

Whereas, the Wyoming Air National Guard has continuously supported our state and nation since 1946; and

Whereas, the Wyoming Air National Guard became part of the Air Force in 1947 and ever since has honorably, ably and faithfully been the “Sword and Shield” for our state and nation; and

Whereas, the Wyoming Air National Guard, as the Sword, has played a vital role in guarding the United States and defending freedom in nearly every major conflict and contingency by repeatedly answering the nation's call in places such as Korea, Kuwait, Afghanistan, Iraq and around the world; and

Whereas, the Wyoming Air National Guard, as the Shield, has fought fires on the ground and in the air in Wyoming and throughout the West, mitigated flooding in Saratoga, Fremont county and elsewhere, and most recently provided desperately needed manpower for medical facilities throughout the state during the height of the COVID-19 pandemic; and

Whereas, the State of Wyoming is dedicated to memorializing the story of the Air Force through the Wyoming Veterans Memorial Museum and Quebec 01 Missile Alert Facility State Historic Site. Now, Therefore

*Be it Resolved by the Members of the Legislature of the State of Wyoming:*

Section 1.

(a) The State of Wyoming commends the United States Air Force on its 75th anniversary.

(b) The State of Wyoming acknowledges the strong historic relationship between the United States Air Force and the State.

(c) The State of Wyoming recognizes the significant service that the United States Air Force currently provides in protecting our vital state and national interests.

(d) The State of Wyoming is determined to continue the strong partnership between the State and the United States Air Force.

Section 2. That the Secretary of State of Wyoming transmit copies of this resolution to the President of the United States, to the President of the Senate and the Speaker of the House of Representatives of the United States Congress, to the Wyoming Congressional Delegation, the Secretary of Defense, the Secretary of the Air Force, the Commander of the 90th Missile Wing, 20th Air Force and the Commander of the Air Force ROTC Detachment 940.

POM-38. A resolution adopted by the Senate of Louisiana memorializing the United States Congress to pass the AMERICANS Act of 2023 to reinstate any service member removed from any branch of the military for refusing the COVID-19 vaccine; to the Committee on Armed Services.

SENATE RESOLUTION NO. 117

Whereas, in August of 2021, United States Defense Secretary Lloyd Austin required COVID-19 vaccinations for all service members; and

Whereas, at the direction of Congress in January of 2022, Secretary Austin rescinded the COVID-19 vaccination mandate; and

Whereas, during the effective period of the mandate, approximately eight thousand two hundred service members of the armed forces were discharged for refusing to get the vaccine for religious or other reasons; and

Whereas, while the passing of the 2023 National Defense Authorization Act ended the mandate, it did not go far enough to prevent a similar mandate in the future or provide meaningful remedies for service members that were kicked out of the military; and

Whereas, if the AMERICANS Act of 2023 is enacted, service members that were involuntarily separated from their service would be credited with missed retirement pay, have their rank restored, and receive any compensation for any pay or benefits lost due to the demotion or discharge; and

Whereas, the AMERICANS Act of 2023 would also change any "general" discharge given to the unvaccinated to "honorable" and expunge the records of service members who faced adverse action for their refusal to be vaccinated; and

Whereas, the enactment of the AMERICANS Act of 2023 would result in a fair and just outcome for those loyal service members who were discharged for remaining true to their personal convictions. Therefore, be it

*Resolved*, That the Senate of the Legislature of Louisiana does hereby memorialize the Congress of the United States to pass the AMERICANS Act of 2023 to reinstate any service member removed from any branch of the military for refusing the COVID-19 vaccine. Be it further

*Resolved*, that a copy of this Resolution shall be transmitted to the secretary of the United States Senate and the clerk of the United States House of Representatives and to each member of the Louisiana delegation to the United States Congress.

POM-39. A resolution adopted by the House of Representatives of Louisiana urging the United States Congress to take such actions as are necessary to assist in the establishment of a Louisiana pilot program for the recruitment of new United States Army members to address the military recruitment shortage; to the Committee on Armed Services.

HOUSE RESOLUTION NO. 239

Whereas, the United States Army was founded to serve the American people, defend the nation, protect vital national interests, and fulfill national military responsibilities; and

Whereas, the United States Army helps to maintain peace and stability in the United States and in regions critical to the interests of the United States; and

Whereas, recruiting and retaining service members is essential for our military members and national security; and

Whereas, in recent years, the United States Army has struggled to recruit qualified and willing recruits; and

Whereas, last fiscal year, the United States Army missed its recruiting goal by fifteen thousand active duty soldiers, or twenty-five percent of its target; and

Whereas, the United States Senate Committee on Armed Services convened recently to explore solutions to the military recruitment crisis; and

Whereas, for decades, Louisiana has had the nation's highest incarceration rate and state leaders have sought programs to reduce recidivism and alternatives to incarceration; and

Whereas, elected officials want to work with the armed forces, law enforcement, and advocates to develop a plan to improve military eligibility which includes nonviolent offenders between the ages of eighteen and twenty-five with a high school diploma or college degree, such as an associate degree or bachelor's degree, to participate in the pilot program and join the United States Army; Therefore, be it

*Resolved*, That the House of Representatives of the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to assist in the establishment of a Louisiana pilot program for the recruitment of new United States Army members to address the military recruitment shortage.

*Resolved*, that the offenders who fail to complete the pilot program or who fail to enlist in the United States Army shall return to the custody of the Department of Public Safety and Corrections with credit for time served in the pilot program.

*Resolved*, that a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-40. A concurrent resolution adopted by the Legislature of the State of Louisiana urging the United States Congress to take such actions as are necessary to assist in the establishment of a Louisiana pilot program for the recruitment of new United States Army members to address the military recruitment shortage; to the Committee on Armed Services.

HOUSE CONCURRENT RESOLUTION NO. 90

Whereas, the United States Army was founded to serve the American people, defend the nation, protect vital national interests, and fulfill national military responsibilities; and

Whereas, the United States Army helps to maintain peace and stability in the United States and in regions critical to the interests of the United States; and
