Tahoe Regional
Planning Compact.
Consent of
Congress.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to encourage the wise use and conservation of the waters of Lake Tahoe and of the resources of the area around said lake, the consent of the Congress is hereby given to the Tahoe regional planning compact heretofore adopted by the States of California and Nevada, which compact reads as follows:

"TAHOE REGIONAL PLANNING COMPACT

"Article I. Findings and Declarations of Policy

"(a) It is found and declared that the waters of Lake Tahoe and other resources of the Lake Tahoe region are threatened with deterioration or degeneration, which may endanger the natural beauty and economic productivity of the region.

"(b) It is further declared that by virtue of the special conditions and circumstances of the natural ecology, developmental pattern, population distribution, and human needs in the Lake Tahoe region, the region is experiencing problems of resource use and deficiencies of environmental control.

"(c) It is further found and declared that there is a need to maintain an equilibrium between the region's natural endowment and its manmade environment, to preserve the scenic beauty and recreational opportunities of the region, and it is recognized that for the purpose

of enhancing the efficiency and governmental effectiveness of the region, it is imperative that there be established an areawide planning agency with power to adopt and enforce a regional plan of resource conservation and orderly development, to exercise effective environmental controls and to perform other essential functions, as enumerated in this title.

The notice required by this paragraph shall be given at least 20 days prior to the public hearing by publication at least once in a newspaper or combination of newspapers whose circulation is general throughout the region and in each county a portion of whose territory lies within the region.

“The planning commission shall then recommend such plan or amendment to the governing body for adoption by ordinance. The governing body may adopt, modify or reject the proposed plan or amendment, or may initiate and adopt a plan or amendment without referring it to the planning commission. If the governing body initiates or substantially modifies a plan or amendment, it shall hold at least one public hearing thereon after due notice as required in this paragraph.

"TAHOE REGIONAL PLAN

"(b) Within 15 months after the formation of the agency, the planning commission shall recommend a regional plan. The regional plan shall consist of a diagram, or diagrams, and text, or texts setting forth the projects and proposals for implementation of the regional plan, a description of the needs and goals of the region and a statement of the policies, standards, and elements of the regional plan.

"The regional plan shall include the following correlated elements:

"(1) A land-use plan for the integrated arrangement and general location and extent of, and the criteria and standards for, the uses of land, water, air, space and other natural resources within the region, including but not limited to, an indication or allocation of maximum population densities.

"(2) A transportation plan for the integrated development of a regional system of transportation, including but not limited to, freeways, parkways, highways, transportation facilities, transit routes, waterways, navigation and aviation aids and facilities, and appurtenant terminals and facilities for the movement of people and goods within the region.

Where necessary for the realization of the regional plan, the agency may engage in collaborative planning with local governmental jurisdictions located outside the region, but contiguous to its boundaries. In formulating and implementing the regional plan, the agency shall seek the cooperation and consider the recommendations of counties and cities and other agencies of local government, of state and federal agencies, of educational institutions and research organizations, whether public or private, and of civic groups and private individuals.

"(c) All provisions of the Tahoe regional general plan shall be enforced by the agency and by the states, counties and cities in the region.

“TAHOE REGIONAL INTERIM PLAN

“(d) Within 60 days after the formation of the agency, the planning commission shall recommend a regional interim plan. Within 90 days after the formation of the agency, the governing body shall adopt a regional interim plan. The interim plan shall consist of statements of development policies, criteria and standards for planning and development, of plans or portions of plans, and projects and planning decisions, which the agency finds it necessary to adopt and administer on an interim basis in accordance with the substantive powers granted to it in this agreement.

“(e) The agency shall maintain the data, maps and other information developed in the course of formulating and administering the regional plan and interim plan, in a form suitable to assure a consistent view of developmental trends and other relevant information for the availability of and use by other agencies of government and by private organizations and individuals concerned.

“(f) All provisions of the interim plan shall be enforced by the agency and by the states, the counties, and cities.

“ARTICLE VI. AGENCY'S POWERS

“(a) The governing body shall adopt all necessary ordinances, rules, regulations and policies to effectuate the adopted regional and interim plans. Every such ordinance, rule or regulation shall establish a minimum standard applicable throughout the basin, and any political subdivision may adopt and enforce an equal or higher standard applicable to the same subject of regulation in its territory. The regulations shall contain general, regional standards including but not limited to the following: water purity and clarity; subdivision; zoning; tree removal; solid waste disposal; sewage disposal; land fills, excavations, cuts and grading; piers; harbors, breakwaters; or channels and other shoreline developments; waste disposal in shoreline areas; waste disposal from boats; mobile-home parks; house relocation; outdoor advertising; flood plain protection; soil and sedimentation control; air pollution; and watershed protection. Whenever possible without diminishing the effectiveness of the interim plan or the general plan, the ordinances, rules, regulations and policies shall be confined to matters which are general and regional in application, leaving to the jurisdiction of the respective states, counties and cities the enactment of specific and local ordinances, rules, regulations and policies which conform to the interim or general plan.

“Every ordinance adopted by the agency shall be published at least once by title in a newspaper or combination of newspapers whose circulation is general throughout the region. Except an ordinance adopting or amending the interim plan or the regional plan, no ordinance shall become effective until 60 days after its adoption. Immediately after its adoption, a copy of each ordinance shall be transmitted to the governing body of each political subdivision having territory within the region.

“Interim regulations shall be adopted within 90 days from the formation of the agency and final regulations within 18 months after the formation of the agency.

“Every plan, ordinance, rule, regulation or policy adopted by the agency shall recognize as a permitted and conforming use any business or recreational establishment which is required by law of the state in which it is located to be individually licensed by the state, if such business or establishment:

“(1) Was so licensed on February 5, 1968, or was licensed for a

limited season during any part of the calendar year immediately preceding February 5, 1968.

“(2) Is to be constructed on land which was so zoned or designated in a finally adopted master plan on February 5, 1968, as to permit the construction of such a business or establishment.

“(b) All ordinances, rules, regulations and policies adopted by the agency shall be enforced by the agency and by the respective states, counties, and cities. The appropriate courts of the respective states, each within its limits of territory and subject matter provided by state law, are vested with jurisdiction over civil actions to which the agency is a party and criminal actions for violations of its ordinances. Each such action shall be brought in a court of the state where the violation is committed or where the property affected by a civil action is situated, unless the action is brought in a federal court. For this purpose, the agency shall be deemed a political subdivision of both the State of California and the State of Nevada.

“(c) Except as otherwise provided in paragraph (d), all public works projects shall be reviewed prior to construction and approved by the agency as to the project's compliance with the adopted regional general plan.

“(d) All plans, programs and proposals of the State of California or Nevada, or of its executive or administrative agencies, which may substantially affect, or may specifically apply, to the uses of land, water, air, space and other natural resources in the region, including but not limited to public works plans, programs and proposals concerning highway routing, design and construction, shall be referred to the agency for its review, as to conformity with the regional plan or interim plan, and for report and recommendations by the agency to the executive head of the state agency concerned and to the Governor. A public works project which is initiated and is to be constructed by a department of either state shall be submitted to the agency for review and recommendation, but may be constructed as proposed.

“(e) The agency shall police the region to ensure compliance with the general plan and adopted ordinances, rules, regulations and policies. If it is found that the general plan, or ordinances, rules, regulations and policies are not being enforced by a local jurisdiction, the agency may bring action in a court of competent jurisdiction to ensure compliance.

“(f) Violation of any ordinance of the agency is a misdemeanor.

“(g) The agency is hereby empowered to initiate, negotiate and participate in contracts and agreements among the local governmental authorities of the region, or any other intergovernmental contracts or agreements authorized by state or federal law.

“(h) Each intergovernmental contract or agreement shall provide for its own funding and staffing, but this shall not preclude financial contributions from the local authorities concerned or from supplementary sources.

“(i) Whenever a new city is formed within the region, the membership of the governing body shall be increased by two additional members, one appointed by, and who shall be a member of, the legislative body of the new city, and one appointed by the Governor of the state in which the city is not located. A member appointed by the Governor of California is subject to Senate confirmation.

“(j) Every record of the agency, whether public or not, shall be open for examination to the Legislative Analyst of the State of California and the Fiscal Analyst of the State of Nevada.

“(k) Whenever under the provisions of this article or any ordinance, rule, regulation or policy adopted pursuant thereto, the agency

is required to review or approve any proposal, public or private, the agency shall take final action, whether to approve, to require modification or to reject such proposal, within 60 days after such proposal is delivered to the agency. If the agency does not take final action within 60 days, the proposal shall be deemed approved.

“ARTICLE VII. FINANCES

“(a) Except as provided in paragraph (e), on or before December 30 of each calendar year the agency shall establish the amount of money necessary to support its activities for the next succeeding fiscal year commencing July 1 of the following year. The agency shall apportion not more than \$150,000 of this amount among the counties within the region on the same ratio to the total sum required as the full cash valuation of taxable property within the region in each county bears to the total full cash valuation of taxable property within the region. Each county in California shall pay the sum allotted to it by the agency from any funds available therefor and may levy a tax on any taxable property within its boundaries sufficient to pay the amount so allocated to it. Each county in Nevada shall pay such sums from its general fund or from any other moneys available therefor.

“(b) The agency may fix and collect reasonable fees for any services rendered by it.

“(c) The agency shall be strictly accountable to any county in the region for all funds paid by it to the agency and shall be strictly accountable to all participating bodies for all receipts and disbursements.

“(d) The agency is authorized to receive gifts, donations, subventions, grants, and other financial aids and funds.

“(e) As soon as possible after the ratification of this compact, the agency shall estimate the amount of money necessary to support its activities:

“(1) For the remainder of the then-current fiscal year; and

“(2) If the first estimate is made between January 1 and June 30, for the fiscal year beginning on July 1 of that calendar year.

The agency shall then allot such amount among the several counties, subject to the restriction and in the manner provided in paragraph (a), and each county shall pay such amount.

“(f) The agency shall not obligate itself beyond the moneys due under this article for its support from the several counties for the current fiscal year, plus any moneys on hand or irrevocably pledged to its support from other sources. No obligation contracted by the agency shall bind either of the party states or any political subdivision thereof.

“ARTICLE VIII. MISCELLANEOUS

“(a) It is intended that the provisions of this compact shall be reasonably and liberally construed to effectuate the purposes thereof. Except as provided in paragraph (c), the provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force

and effect as to the remaining state and in full force and effect as to the state affected as to all severable matters.

“(b) The agency shall have such additional powers and duties as may hereafter be delegated or imposed upon it from time to time by the action of the Legislature of either state concurred in by the Legislature of the other.

“(c) A state party to this compact may withdraw therefrom by enacting a statute repealing the compact. Notice of withdrawal shall be communicated officially and in writing to the Governor of the other state and to the agency administrators. This provision is not severable, and if it is held to be unconstitutional or invalid, no other provision of this compact shall be binding upon the State of Nevada or the State of California.

“(d) No provision of this compact shall have any effect upon the allocation or distribution of interstate waters or upon any appropriate water right.”
