(b) Definitions

For the purposes of this section—

(1) the term "social security system" means, with respect to a foreign country, a social insurance or pension system which is of general application in the country and under which periodic benefits, or the actuarial equivalent thereof, are paid on account of old age, death, or disability; and

(B)(i) that employment or self-employment, or any service which is recognized as equivalent to employment or self-employment under this subchapter or the social security system of a foreign country which is a party to such agreement, shall, on or after the effective date of such agreement, result in a period of coverage under the system established under this subchapter or under the system established under the laws of such foreign country, but not under both, and (ii) the methods and conditions for determining under which system

employment, self-employment, or other service shall result in a period of coverage; and

(2) Any such agreement may provide that an individual who is entitled to cash benefits under this subchapter shall, notwithstanding the provisions of section 402(t) of this title, receive such benefits while he resides in a foreign country which is a party to such agreement.

(3) Section 426 of this title shall not apply in the case of any individual to whom it would not be applicable but for this section or any agreement or regulation under this section.

(4) Any such agreement may contain other provisions which are not inconsistent with the other provisions of this subchapter and which the President deems appropriate to carry out the purposes of this section.

§ 434. Demonstration project authority

(a) Authority

(1) In general

The Commissioner of Social Security (in this section referred to as the “Commissioner”) shall develop and carry out experiments and demonstration projects designed to determine the relative advantages and disadvantages of—

(A) various alternative methods of treating the work activity of individuals entitled to disability insurance benefits under section 423 of this title or to monthly insurance benefits under section 402 of this title based on such individual’s disability (as defined in section 423(d) of this title), including such methods as a reduction in benefits based on earnings, designed to encourage the return to work of such individuals;

(B) altering other limitations and conditions applicable to such individuals (including lengthening the trial work period (as defined in section 422(c) of this title), altering the 24-month waiting period for hospital insurance benefits under section 426 of this title, altering the manner in which the program under this subchapter is administered, earlier referral of such individuals for rehabilitation, and greater use of employers and others to develop, perform, and otherwise stimulate new forms of rehabilitation); and

(C) implementing sliding scale benefit offsets using variations in—

(i) the amount of the offset as a proportion of earned income;

(ii) the duration of the offset period; and

(iii) the method of determining the amount of income earned by such individuals,

to the end that savings will accrue to the Trust Funds, or to otherwise promote the objectives or facilitate the administration of this subchapter.

(2) Authority for expansion of scope

The Commissioner may expand the scope of any such experiment or demonstration project to include any group of applicants for benefits under the program established under this subchapter with impairments that reasonably may be presumed to be disabling for purposes of such demonstration project, and may limit any such demonstration project to any such group of applicants, subject to the terms of such demonstration project which shall define the extent of any such presumption.

(b) Requirements

The experiments and demonstration projects developed under subsection (a) of this section shall be of sufficient scope and shall be carried out on a wide enough scale to permit a thorough evaluation of the alternative methods under consideration while giving assurance that the results derived from the experiments and projects will obtain generally in the operation of the disability insurance program under this subchapter without committing such program to the adoption of any particular system either locally or nationally.

(c) Authority to waive compliance with benefits requirements

In the case of any experiment or demonstration project initiated under subsection (a) of this section on or before December 17, 2005, the Commissioner may waive compliance with the benefit requirements of this subchapter and the requirements of section 1320b-19 of this title as they relate to the program established under this subchapter, and the Secretary may (upon the request of the Commissioner) waive compliance with the benefits requirements of subchapter XVIII of this chapter, insofar as is necessary for a thorough evaluation of the alternative methods under consideration. No such experiment or project shall be actually placed in operation unless at least 90 days prior thereto a written report, prepared for purposes of notification and information only and containing a full and complete description thereof, has been transmitted by the Commissioner to the Committee on Ways and Means of the House of Representatives and to the Committee on Finance of the Senate. Periodic reports on the progress of such experiments and demonstration projects shall be submitted by the Commissioner to such committees. When appropriate, such reports shall include detailed recommendations for changes in administration or law, or both, to carry out the objectives stated in subsection (a) of this section.
