Ord. No. 13270, §10, July 3, 2002, 67 F.R. 45291, set out below.

#### EX. ORD. NO. 13270. TRIBAL COLLEGES AND UNIVERSITIES

Ex. Ord. No. 13270, July 3, 2002, 67 F.R. 45288, provided: By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. *Policy.* There is a unique relationship between the United States and Indian tribes, and a special relationship between the United States and Alaska Native entities. It is the policy of the Federal Govern-

ment that this Nation's commitment to educational excellence and opportunity must extend as well to the tribal colleges and universities (tribal colleges) that serve Indian tribes and Alaska Native entities. The President's Board of Advisors on Tribal Colleges and Universities (the "Board") and the White House Initiative on Tribal Colleges and Universities (WHITCU) established by this order shall ensure that this national policy regarding tribal colleges is carried out with direct accountability at the highest levels of the Federal Government.

Tribal colleges are both integral and essential to their communities. Often they are the only postsecondary institutions within some of our Nation's poorest rural areas. They fulfill a vital role: in maintaining and preserving irreplaceable languages and cultural traditions; in offering a high-quality college education to younger students; and in providing job training and other career-building programs to adults and senior citizens. Tribal colleges provide crucial services in communities that continue to suffer high rates of unemployment and the resulting social and economic distress.

The Federal Government's commitment to tribal colleges is reaffirmed and the private sector can and should contribute to the colleges' educational and cultural missions.

Finally, postsecondary institutions can play a vital role in promoting excellence in early childhood, elementary, and secondary education. The Federal Government will therefore work to implement the innovations and reforms of the No Child Left Behind Act of 2001 (Public Law 107-110) [see Short Title of 2002 Amendment note set out under 20 U.S.C. 6301] in partnership with tribal colleges and their American Indian and Alaska Native communities.

SEC. 2. *Definition of Tribal Colleges and Universities.* Tribal colleges are those institutions cited in section 532 of the Equity in Educational Land-Grant Status Act of 1994 (7 U.S.C. 301 note), any other institution that qualifies for funding under the Tribally Controlled Community College Assistance Act of 1978 [now Tribally Controlled College or University Assistance Act of 1978] (25 U.S.C. 1801 *et seq.*), and Diné College, authorized in the Navajo Community College Assistance Act of 1978, Public Law 95-471, title II (25 U.S.C. 640a note).

SEC. 3. *Board of Advisors.* (a) *Establishment.* There shall be established in the Department of Education a Presidential advisory committee entitled the President's Board of Advisors on Tribal Colleges and Universities (the "Board").

(b) *Membership.* The Board shall consist of not more than 15 members who shall be appointed by the President, one of whom shall be designated by the President as Chair. The Board shall include representatives of tribal colleges and may also include representatives of the higher, early childhood, elementary, and secondary education communities; tribal officials; health, business, and financial institutions; private foundations; and such other persons as the President deems appropriate.

(c) *Functions.* The Board shall provide advice regarding the progress made by Federal agencies toward fulfilling the purposes and objectives of this order. The Board also shall provide recommendations to the President, through the Secretary of Education (Secretary), on ways the Federal Government can help tribal colleges:

- (1) use long-term development, endowment building, and planning to strengthen institutional viability;
- (2) improve financial management and security, obtain private-sector funding support, and expand and complement Federal education initiatives;
- (3) develop institutional capacity through the use of new and emerging technologies offered by both the Federal and private sectors;
- (4) enhance physical infrastructure to facilitate more efficient operation and effective recruitment and retention of students and faculty; and

(5) help implement the No Child Left Behind Act of 2001 [see Short Title of 2002 Amendment note set out under 20 U.S.C. 6301] and meet other high standards of educational achievement.

(d) *Meetings.* The Board shall meet at least annually, at the request of the Secretary, to provide advice and consultation on tribal colleges and relevant Federal and private-sector activities, and to transmit reports and present recommendations.

SEC. 4. *White House Initiative on Tribal Colleges and Universities.* There shall be established in the Department of Education, Office of the Secretary, the White House Initiative on Tribal Colleges and Universities (WHITCU). The WHITCU shall:

- (a) provide the staff support for the Board;
- (b) assist the Secretary in the role of liaison between the executive branch and tribal colleges; and
- (c) serve the Secretary in carrying out the Secretary's responsibilities under this order.

SEC. 5. *Department and Agency Participation.* Each participating executive department and agency (agency), as determined by the Secretary, shall appoint a senior official who is a full-time officer of the Federal Government and who is responsible for management or program administration. The official shall report directly to the agency head, or to the agency head's designee, on agency activity under this order and serve as liaison to the WHITCU. To the extent permitted by law and regulation, each agency shall provide appropriate information as requested by the WHITCU staff pursuant to this order.

SEC. 6. *Three-Year Federal Plan.* (a) *Content.* Each agency identified by the Secretary shall develop and implement a Three-Year Plan of the agency's efforts to fulfill the purposes of this order. These Three-Year Plans shall include annual performance indicators and appropriate measurable objectives for the agency. Among other relevant issues, the plans shall address how the agency intends to increase the capacity of tribal colleges to compete effectively for any available grants, contracts, cooperative agreements, and any other Federal resources, and to encourage tribal colleges to participate in Federal programs. The plans also may emphasize access to high-quality educational opportunities for economically disadvantaged Indian students, consistent with requirements of the No Child Left Behind Act of 2001 [see Short Title of 2002 Amendment note set out under 20 U.S.C. 6301]; the preservation and revitalization of tribal languages and cultural traditions; and innovative approaches to better link tribal colleges with early childhood, elementary, and secondary education programs. The agency's performance indicators and objectives should be clearly reflected in the agency's annual budget submission to the Office of Management and Budget. To facilitate the attainment of these performance indicators and objectives, the head of each agency identified by the Secretary, shall provide, as appropriate, technical assistance and information to tribal colleges regarding the program activities of the agency and the preparation of applications or proposals for grants, contracts, or cooperative agreements.

(b) *Submission.* Each agency shall submit its Three-Year Plan to the WHITCU. In consultation with the Board, the WHITCU shall then review these Three-Year Plans and develop an integrated Three-Year Plan for Assistance to Tribal Colleges, which the Secretary shall review and submit to the President. Agencies may revise their Three-Year Plans within the three-year period.

(c) *Annual Performance Reports.* Each agency shall submit to the WHITCU an Annual Performance Report that measures the agency's performance against the objectives set forth in its Three-Year Plan. In consultation with the Board, the WHITCU shall review and combine Annual Performance Reports into one annual report, which shall be submitted to the Secretary for review, in consultation with the Office of Management and Budget.

SEC. 7. *Private Sector.* In cooperation with the Board, the WHITCU shall encourage the private sector to as-

sist tribal colleges through increased use of such strategies as:

(a) matching funds to support increased endowments; (b) developing expertise and more effective ways to manage finances, improve information systems, build facilities, and improve course offerings; and

(c) increasing resources for and training of faculty.

SEC. 8. *Termination.* The Board shall terminate 2 years after the date of this order unless the Board is renewed by the President prior to the end of that 2-year period.

SEC. 9. *Administration.* (a) *Compensation.* Members of the Board shall serve without compensation, but shall be allowed travel expenses, including per diem in lieu of subsistence, as authorized by law for persons serving intermittently in Government service (5 U.S.C. 5701-5707).

(b) *Funding.* The Board and the WHITCU shall be funded by the Department of Education.

(c) *Administrative Support.* The Department of Education shall provide appropriate administrative services and staff support for the Board and the WHITCU. With the consent of the Department of Education, other agencies participating in the WHITCU shall provide administrative support (including detailees) to the WHITCU consistent with statutory authority. The Board and the WHITCU each shall have a staff and shall be supported at appropriate levels commensurate with that of similar White House Initiative Offices.

(d) *General Provisions.* Insofar as the Federal Advisory Committee Act, as amended (5 U.S.C. App.) (the "Act"), may apply to the administration of any portion of this order, any functions of the President under the Act, except that of reporting to the Congress, shall be performed by the Secretary of Education in accordance with the guidelines issued by the Administrator of General Services.

SEC. 10. *Revocation.* Executive Order 13021 of October 19, 1996, as amended, is revoked.

GEORGE W. BUSH.

**§ 1811. Grant adjustments****(a) Formula for allocation**

(1) If the sums appropriated for any fiscal year pursuant to section 1810(a)(2) of this title for grants under section 1807 of this title are not sufficient to pay in full the total amount which approved applicants are eligible to receive under such section for such fiscal year—

(A) the Secretary shall first allocate to each such applicant which received funds under section 1807 of this title for the preceding fiscal year an amount equal to 95 percent of the payment received by such applicant under section 1808 of this title;

(B) the Secretary shall next allocate to applicants who did not receive funds under such section for the preceding fiscal year an amount equal to 100 per centum of the product of—

(i) the per capita payment for the preceding fiscal year; and

(ii) the applicant's projected Indian student count for the academic year for which payment is being made;

in the order in which such applicants have qualified for assistance in accordance with such section so that no amount shall be allocated to a later qualified applicant until each earlier qualified applicant is allocated an amount equal to such product; and

(C) if additional funds remain after making the allocations required by subparagraphs (A) and (B), the Secretary shall allocate such funds by—

(i) ratably increasing the amounts of the grants determined under subparagraph (A) until such grants are equal to 100 per centum of the product described in such subparagraph; and

(ii) then ratably increasing the amounts of both (I) the grants determined under subparagraph (A), as increased under clause (i) of this subparagraph, and (II) the grants determined under subparagraph (B).

(2) For purposes of paragraph (1) of this subsection, the term "per capita payment" for any fiscal year shall be determined by dividing the amount available for grants to tribally controlled colleges or universities under section 1807 of this title for such fiscal year by the sum of the Indian student counts of such colleges or universities for such fiscal year. The Secretary shall, on the basis of the most satisfactory data available, compute the Indian student count for any fiscal year for which such count was not used for the purpose of making allocations under this subchapter.

**(b) Ratable reduction or increase in funds available for existing schools; excess funds; definition**

(1) If the sums appropriated for any fiscal year for grants under section 1807 of this title are not sufficient to pay in full the total amount of the grants determined pursuant to subsection (a)(1)(A) of this section, the amount which applicants described in such subsection are eligible to receive under section 1807 of this title for such fiscal year shall be ratably reduced.

(2) If any additional funds become available for making payments under section 1807 of this title for any fiscal year to which subsection (a) of this section or paragraph (1) of this subsection applies, such additional amounts shall be allocated by first increasing grants reduced under paragraph (1) of this subsection on the same basis as they were reduced and by then allocating the remainder in accordance with subsection (a) of this section. Sums appropriated in excess of the amount necessary to pay in full the total amounts for which applicants are eligible under section 1807 of this title shall be allocated by ratably increasing such total amounts.

(3) References in this subsection and subsection (a) of this section to section 1807 of this title shall, with respect to fiscal year 1983, be deemed to refer to section 1806 of this title as in effect at the beginning of such fiscal year.

**(c) Reallocation of funds**

In any fiscal year in which the amounts for which grant recipients are eligible to receive have been reduced under the first sentence of subsection (a) of this section, and in which additional funds have not been made available to pay in full the total of such amounts under the second sentence of such subsection, each grantee shall report to the Secretary any unused portion of received funds ninety days prior to the grant expiration date. The amounts so reported by any grant recipient shall be made available for reallocation to eligible grantees on a basis proportionate to the amount which is unfunded as a result of the ratable reduction, but no grant recipient shall receive, as a result of such reallocation, more than the amount provided for under section 1807(a) of this title.

For the purpose of providing its required portion of the cost of such construction, a tribally controlled college or university may use funds provided under section 13 of this title.

(2) The Secretary may waive, in whole or in part, the requirements of paragraph (1) in the case of any tribally controlled college or university which demonstrates that neither such college or university nor the tribal government with which it is affiliated have sufficient resources to comply with such requirements. The Secretary shall base a decision on whether to grant such a waiver solely on the basis of the following factors: (A) tribal population; (B) potential student population; (C) the rate of unemployment among tribal members; (D) tribal fi-

ancial resources; and (E) other factors alleged by the college or university to have a bearing on the availability of resources for compliance with the requirements of paragraph (1) and which may include the educational attainment of tribal members.

If, within twenty years after completion of construction of a facility which has been constructed in whole or in part with a grant made available under this section—

(1) the facility ceases to be used by the applicant in a public or nonprofit capacity as an academic facility, unless the Secretary determines that there is good cause for releasing the institution from this obligation, and

(2) the tribe with which the applicant is affiliated fails to use the facility for a public purpose approved by the tribal government in furtherance of the general welfare of the community served by the tribal government,

title to the facility shall vest in the United States and the applicant (or such tribe if such tribe is the successor in title to the facility) shall be entitled to recover from the United States an amount which bears the same ratio to the present value of the facility as the amount of the applicant's contribution (excluding any funds provided under section 13 of this title) bore to the original cost of the facility. Such value shall be determined by agreement of the parties or by action brought in the United States district court for the district in which such facility is located.

**(e) Religious use**

No construction assisted with funds under this section shall be used for religious worship or a sectarian activity or for a school or department of divinity.

**(f) "Construction" and "academic facilities" defined**

#### § 1901. Congressional findings

Recognizing the special relationship between the United States and the Indian tribes and their members and the Federal responsibility to Indian people, the Congress finds—

(1) that clause 3, section 8, article I of the United States Constitution provides that “The Congress shall have Power \* \* \* To regulate Commerce \* \* \* with Indian tribes<sup>1</sup>” and, through this and other constitutional authority, Congress has plenary power over Indian affairs;

(2) that Congress, through statutes, treaties, and the general course of dealing with Indian tribes, has assumed the responsibility for the protection and preservation of Indian tribes and their resources;

(3) that there is no resource that is more vital to the continued existence and integrity of Indian tribes than their children and that the United States has a direct interest, as trustee, in protecting Indian children who are members of or are eligible for membership in an Indian tribe;

(4) that an alarmingly high percentage of Indian families are broken up by the removal, often unwarranted, of their children from them by nontribal public and private agencies and that an alarmingly high percentage of such children are placed in non-Indian foster and adoptive homes and institutions; and

(5) that the States, exercising their recognized jurisdiction over Indian child custody proceedings through administrative and judicial bodies, have often failed to recognize the essential tribal relations of Indian people and the cultural and social standards prevailing in Indian communities and families.

(Pub. L. 95-608, §2, Nov. 8, 1978, 92 Stat. 3069.)

#### SHORT TITLE

Section 1 of Pub. L. 95-608 provided: “That this Act [enacting this chapter] may be cited as the ‘Indian Child Welfare Act of 1978’.”

#### § 1902. Congressional declaration of policy

The Congress hereby declares that it is the policy of this Nation to protect the best interests of Indian children and to promote the stability and security of Indian tribes and families by the establishment of minimum Federal standards for the removal of Indian children from their families and the placement of such children in foster or adoptive homes which will reflect the unique values of Indian culture, and by providing for assistance to Indian tribes in the operation of child and family service programs.
