Pub. L. 95-28, title I, § 110, May 13, 1977, 91 Stat. 119, directed Secretary of Commerce to study public works

investment in United States and implications for future of recent trends in such investment and submit a report with respect to its findings and recommendations no later than 18 months after May 13, 1977.

§ 6702. Direct grants; Federal share

(a) The Secretary is authorized to make grants to any State or local government for construction (including demolition and other site preparation activities), renovation, repair, or other improvement of local public works projects including but not limited to those public works projects of State and local governments for which Federal financial assistance is authorized under provisions of law other than this chapter. In addition the Secretary is authorized to make grants to any State or local government for the completion of plans, specifications, and estimates for local public works projects where either architectural design or preliminary engineering or related planning has already been undertaken and where additional architectural and engineering work or related planning is required to permit construction of the project under this chapter.

(b) The Federal share of any project for which a grant is made under this section shall be 100 per centum of the cost of the project.

§ 6703. Grants supplementing Federal contributions under other Federal laws; Federal share

In addition to the grants otherwise authorized by this chapter, the Secretary is authorized to make a grant for the purpose of increasing the Federal contribution to a public works project for which Federal financial assistance is authorized under provisions of law other than this chapter. Any grant made for a public works project under this section shall be in such amount as may be necessary to make the Federal share of the cost of such project 100 per centum. No grant shall be made for a project under this section unless the Federal financial assistance for such project authorized under provisions of law other than this chapter is immediately available for such project and construction of such project has not yet been initiated because of lack of funding for the non-Federal share.

(Pub. L. 94-369, title I, § 104, July 22, 1976, 90 Stat. 999.)

§ 6704. Grants providing State or local contributions required under State or local law

Any grant made for a public works project under this section shall be made in such amount as may be necessary to provide the requested State or local share of the cost of such project. A grant shall be made under this section for either the State or local share of the

cost of the project, but not both shares. No grant shall be made for a project under this section unless the share of the financial assistance for such project (other than the share with respect to which a grant is requested under this section) is immediately available for such project and construction of such project has not yet been initiated.

(Pub. L. 94-369, title I, § 105, July 22, 1976, 90 Stat. 999.)

§ 6705. Limitations on use of grants

(a) Projects relating to natural watercourse or canals

No grant shall be made under section 6702, 6703, or 6704 of this title for any project having as its principal purpose the channelization, damming, diversion, or dredging of any natural watercourse, or the construction or enlargement of any canal (other than a canal or raceway designated for maintenance as an historic site) and having as its permanent effect the channelization, damming, diversion, or dredging of such watercourse or construction or enlargement of any canal (other than a canal or raceway designated for maintenance as an historic site).

(b) Acquisition of interest in real property

No part of any grant made under section 6702, 6703, or 6704 of this title shall be used for the acquisition of any interest in real property.

(c) Maintenance costs

Nothing in this chapter shall be construed to authorize the payment of maintenance costs in connection with any projects constructed (in whole or in part) with Federal financial assistance under this chapter.

(d) Commencement of on-site labor within 90 days of project approval as prerequisite

Grants made by the Secretary under this chapter shall be made only for projects for which the applicant gives satisfactory assurances, in such manner and form as may be required by the Secretary and in accordance with such terms and conditions as the Secretary may prescribe, that, if funds are available, on-site labor can begin within ninety days of project approval.

(e) Performance of projects by State or local governments prohibited; competitive bidding; illegal aliens

(1) No part of the construction (including demolition and other site preparation activities), renovation, repair, or other improvement of any public works project for which a grant is made under this chapter after May 13, 1977, shall be performed directly by any department, agency, or instrumentality of any State or local government. Construction of each such project shall be performed by contract awarded by competitive bidding, unless the Secretary shall affirmatively find that, under the circumstances relating to such project, some other method is in the public interest. Contracts for the construction of each project shall be awarded only on the basis of the lowest responsive bid submitted by a bidder meeting established criteria of responsibility. No requirement or obligation shall be imposed as a condition precedent to the award of a con-

tract to such bidder for a project, or to the Secretary's concurrence in the award of a contract to such bidder, unless such requirement or obligation is otherwise lawful and is specifically set forth in the advertised specifications.

(2) No grant shall be made under this chapter for any local public works project unless the State or local government applying for such grant submits with its application a certification acceptable to the Secretary that no contract will be awarded in connection with such project to any bidder who will employ on such project any alien in the United States in violation of the Immigration and Nationality Act [8 U.S.C. 1101 et seq.] or any other law, convention, or treaty of the United States relating to the immigration, exclusion, deportation, or expulsion of aliens.

(f) Use of products made in United States; minority business enterprises

(1)(A) Notwithstanding any other provision of law, no grant shall be made under this chapter for any local public works project unless only such unmanufactured articles, materials, and supplies as have been mined or produced in the United States, and only such manufactured articles, materials, and supplies as have been manufactured in the United States substantially all from articles, materials, and supplies mined, produced, or manufactured, as the case may be, in the United States, will be used in such project.

(B) Subparagraph (A) of this paragraph shall not apply in any case where the Secretary determines it to be inconsistent with the public interest, or the cost to be unreasonable, or if articles, materials, or supplies of the class or kind to be used or the articles, materials, or supplies from which they are manufactured are not mined, produced, or manufactured, as the case may be, in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality.

(2) Except to the extent that the Secretary determines otherwise, no grant shall be made under this chapter for any local public works project unless the applicant gives satisfactory assurance to the Secretary that at least 10 per centum of the amount of each grant shall be expended for minority business enterprises. For purposes of this paragraph, the term "minority business enterprise" means a business at least 50 per centum of which is owned by minority group members or, in case of a publicly owned business, at least 51 per centum of the stock of which is owned by minority group members. For the purposes of the preceding sentence, minority group members are citizens of the United States who are Asian American, Native Hawaiian, Pacific Islanders, African American, Hispanic, Native American, or Alaska Natives.

(g) Accessibility standards for handicapped and elderly

No grant shall be made under this chapter for any project for which the applicant does not give assurances satisfactory to the Secretary that the project will be designed and constructed in accordance with the standards for accessibility for public buildings and facilities to the handicapped and elderly under the Act

entitled “An Act to insure that certain buildings financed with Federal funds are so designed and constructed as to be accessible to the physically handicapped”, approved August 12, 1968 (42 U.S.C. 4151 et seq.). The Architectural and Transportation Barriers Compliance Board established by the Rehabilitation Act of 1973 (P.L. 93-112) [29 U.S.C. 701 et seq.] is authorized to insure that any construction and renovation done pursuant to any grant made under this chapter complies with the accessibility standards for public buildings¹ and facilities issued under the Act of August 12, 1968.

§ 6706. Implementing rules, regulations, and procedures; criteria; employment of disabled and Vietnam-era veterans; determination of applications for grants

The Secretary shall, not later than thirty days after July 22, 1976, prescribe those rules, regulations, and procedures (including application forms) necessary to carry out this chapter. Such rules, regulations, and procedures shall assure that adequate consideration is given to the relative needs of various sections of the country. The Secretary shall consider among other factors (1) the severity and duration of unemployment in proposed project areas, (2) the income levels and extent of underemployment in proposed project area, and (3) the extent to which proposed projects will contribute to the reduction of unemployment. The Secretary, in consultation with the Secretary of Labor, and con-

The Secretary shall make a final determination with respect to each application for a grant submitted to him under this chapter not later than the sixtieth day after the date he receives such application. Failure to make such final determination within such period shall be deemed to be an approval by the Secretary of the grant requested. For purposes of this section, in considering the extent of unemployment or underemployment, the Secretary shall consider the amount of unemployment or underemployment in the construction and construction-related industries.

§ 6707. Priority and amounts of projects

(a) Allocation of appropriated funds; Indian tribes and Alaska Native villages; prior applications; unemployment ratio; limits on grants for any one State; territories

The Secretary shall allocate funds appropriated after May 13, 1977, under section 6710 of this title as follows:

(1) 2½ per centum of such funds shall be set aside and shall be expended only for grants for public works projects under this chapter to Indian tribes and Alaska Native villages. None of the remainder of such funds shall be expended for such grants to such tribes and villages.

(2) After the set aside required by paragraph (1) of this subsection, \$70,000,000 shall be set aside and expended only for grants for any public works project the application for a grant for which was made under this chapter after July 22, 1976, and before December 24, 1976, and which application was not received, was not considered, or was rejected solely because of an error by an officer or employee of the United States. Any allocation made to an applicant pursuant to regulation shall be reduced by the amount of any grant made to such applicant under this paragraph.

tum of such funds shall be allocated among the States on the basis of the ratio that the number of unemployed persons in each State bears to the total number of unemployed persons in all the States and 35 per centum of such funds shall be allocated among those States with an average unemployment rate for the preceding twelve-month period in excess of 6.5 per centum on the basis of the relative severity of unemployment in each such State, except that (A) no State shall be allocated less than three-quarters of one per centum or more than 12½ per centum of such funds for local public works projects within such State, except that in the case of Guam, the Virgin Islands, American Samoa, and the Trust Territory of the Pacific Islands, not less than one-half of one per centum in the aggregate shall be granted for such projects in all four of these jurisdictions, and (B) no State whose unemployment data was converted for the first time in 1976 to the benchmark data of the current population survey annual average compiled by the Bureau of Labor Statistics shall receive a percentage of such funds less than the percentage of funds allocated to such State under this chapter from funds appropriated to carry out this chapter prior to May 13, 1977.

(b) Local government projects; energy conservation; endorsement of project by general purpose local government; projects requested by school districts

(1) In making grants under this chapter, the Secretary shall give priority and preference to public works projects of local governments.

(2) In making grants for projects for construction, renovation, repair, or other improvement of buildings, the Secretary shall also give consideration as between such building projects to those projects which will result in conserving energy, including, but not limited to, projects to redesign and retrofit existing public facilities for energy conservation purposes, and projects using alternative energy systems.

(3) In making grants under this chapter, the Secretary shall also give priority and preference to any public works project requested by a State or by a special purpose unit of local government which is endorsed by a general purpose local government within such State.

(4) A project requested by a school district shall be accorded the full priority and preference to public works projects of local governments provided in paragraph (1).

(c) Unemployment rates; priority; States receiving minimum allocations

In making grants under this chapter, if for the twelve most recent consecutive months, the national unemployment rate is equal to or exceeds 6½ per centum, the Secretary shall (1) expedite and give priority to applications submitted by States or local governments having unemployment rates for the twelve most recent consecutive months in excess of the national unemployment rate and (2) shall give priority thereafter to applications submitted by States or local governments having unemployment rates for the twelve most recent consecutive months in excess of 6½ per centum, but less than the national unemployment rate. Information regard-

ing unemployment rates may be furnished either by the Federal Government, or by States or local governments, provided the Secretary determines that the unemployment rates furnished by States or local governments are accurate, and shall provide assistance to States or local governments in the calculation of such rates to insure validity and standardization. The Secretary may waive the application of the first sentence of this subsection to any State which receives a minimum allocation pursuant to paragraph (3) of subsection (a) of this section.

(d) Priorities for projects in State or localities with two or more projects

Whenever a State or local government submits applications for grants under this chapter for two or more projects, such State or local government shall submit as part of such applications its priority for each such project.

(e) Community or neighborhood basis of unemployment rates

The unemployment rate of a local government shall, for the purposes of this chapter, and upon request of the applicant, be based upon the unemployment rate of any community or neighborhood (defined without regard to political or other subdivisions or boundaries) within the jurisdiction of such local government, except that any grant made to a local government based upon the unemployment rate of a community or neighborhood within its jurisdiction must be for a project to be constructed in such community or neighborhood.

(f) Repealed. Pub. L. 95-28, title I, § 107(e), May 13, 1977, 91 Stat. 119

(g) Criteria for requests

States and local governments making application under this chapter should (1) relate their specific requests to existing approved plans and programs of a local community development or regional development nature so as to avoid harmful or costly inconsistencies or contradictions; and (2) where feasible, make requests which, although capable of early initiation, will promote or advance longer range plans and programs.

(h) Applications not submitted on or before December 23, 1976; grants prohibited; exceptions

(1) Except as provided in paragraph (2) of this subsection, the Secretary shall not consider or approve or make a grant for any project for which any application was not submitted for a grant under this chapter on or before December 23, 1976.

(2) The Secretary may receive applications for grants for projects under this chapter—

(A) from the Trust Territory of the Pacific Islands;

(B) from Indian tribes and Alaska Native villages;

(C) from any applicant to use any allocation which may be made pursuant to regulation, to the extent necessary to expend such allocation, if a sufficient number of applications were not submitted on or before December 23, 1976, to use such allocation.

(i) Substitution of projects to alleviate drought or other emergency or disaster-related conditions or damage

The Secretary may allow any applicant which has received a grant for a project under this chapter to substitute one or more projects for such project if in the judgment of the Secretary (1) the Federal cost in the aggregate of such substituted project or projects does not exceed such grant, (2) such substituted project or projects comply with section 6705(d) of this title, and (3) such substituted project or projects will in fact aid in alleviating drought or other emergency or disaster-related conditions or damage. Section 6705(a) of this title shall not apply to projects substituted under this subsection.

(j) Private nonprofit health care or rehabilitation facilities

Notwithstanding subsection (h)(1) of this section, grants may be made from appropriations made under section 6710 of this title after September 30, 1977, to States or local governments for projects for the construction, renovation, repair, or other improvements of health care or rehabilitation facilities owned and operated by private nonprofit entities.

SUBCHAPTER II—ANTIRECESSION PROVISIONS

§ 6721. Congressional findings of fact and declaration of policy

The Congress finds—

(1) that State and local governments represent a significant segment of the national economy whose economic health is essential to national economic prosperity;

(2) that present national economic problems have imposed considerable hardships on State and local government budgets;

(3) that those governments, because of their own fiscal difficulties, are being forced to take budget-related actions which tend to undermine Federal Government efforts to stimulate the economy;

(4) that efforts to stimulate the economy through reductions in Federal Government tax obligations are weakened when State and local governments are forced to increase taxes;

(5) that the net effect of Federal Government efforts to reduce unemployment through public service jobs is substantially limited if State and local governments use federally financed public service employees to replace regular employees that they have been forced to lay off;

(6) that efforts to stimulate the construction industry and reduce unemployment are substantially undermined when State and local governments are forced to cancel or delay the construction of essential capital projects; and

(7) that efforts by the Federal Government to stimulate the economic recovery will be substantially enhanced by a program of emergency Federal Government assistance to State and local governments to help prevent those governments from taking budget-related actions which undermine the Federal Government efforts to stimulate economic recovery.

(Pub. L. 94-369, title II, §201, July 22, 1976, 90 Stat. 1002.)

(c) Aggregate authorization

In no case shall the aggregate amount authorized to be appropriated under the provisions of subsection (b) for the five successive calendar quarters beginning with the calendar quarter which begins July 1, 1977, exceed \$2,250,000,000.

(d) Termination

(1) the average rate of national unemployment during the most recent calendar quarter which ended three months before the beginning of such calendar quarter did not exceed 6 percent, or

(2) the rate of national unemployment for the last month of the most recent calendar quarter which ended three months before the beginning of such calendar quarter did not exceed 6 percent.

(2) the extent to which other factors, such as relative tax effort, should also be made part of the allocation system provided by this chapter; and

(3) the availability and reliability of data concerning Puerto Rico, Guam, the Virgin Islands, American Samoa, and the Trust Territory of the Pacific Islands, and the extent to which such territories may properly be made part of the regular allocation system applicable to the several States.

The results of such investigation shall be submitted to the Congress not later than March 1, 1978, in order that such results may be available during congressional consideration of any extension of this chapter beyond the fiscal year ending September 30, 1978.
