SUBCHAPTER I—GENERAL PROVISIONS

§ 1. Regulations by Secretary of the Army for navigation of waters generally

It shall be the duty of the Secretary of the Army to prescribe such regulations for the use, administration, and navigation of the navigable waters of the United States as in his judgment the public necessity may require for the protection of life and property, or of operations of the United States in channel improvement, covering all matters not specifically delegated by law to some other executive department. Such regulations shall be posted, in conspicuous and appropriate places, for the information of the public; and every person and every corporation which shall violate such regulations shall be deemed guilty of a misdemeanor and, on conviction thereof in any district court of the United States within whose territorial jurisdiction such offense may have been committed, shall be punished by a fine not exceeding \$500, or by imprisonment (in the case of a natural person) not exceeding six months, in the discretion of the court.

Any regulations prescribed by the Secretary of the Army in pursuance of this section may be enforced as provided in section 413 of this title, the provisions whereof are made applicable to the said regulations.

(Aug. 18, 1894, ch. 299, § 4, 28 Stat. 362; June 13, 1902, ch. 1079, §§ 6, 11, 32 Stat. 374; Aug. 8, 1917, ch. 49, § 7, 40 Stat. 266; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Editorial Notes

CODIFICATION

The first paragraph of this section is from section 4 of act Aug. 18, 1894, popularly known as the "River and Harbor Act of 1894", as amended.

As originally enacted, said section 4 made it the duty of the Secretary of War to prescribe rules and regulations for the use, administration, and navigation of any or all canals and similar works of navigation owned, operated, or maintained by the United States, and provided for the posting of such regulations and the punishment of violations thereof.

Said section 4 was amended by section 11 of act June 13, 1902, principally by adding to the original section provisions authorizing the Secretary also to prescribe regulations to govern the speed and movement of vessels and other water craft in any public navigable channel which had been improved under authority of Congress, whenever in his judgment such regulations were necessary to protect such improved channel from injury or to prevent interference with the operations of the United States in improving navigable waters or injury to any plant that might be employed in such operations.

Section 4 was also amended by section 7 of act Aug. 8, 1917, to read as set forth in the first paragraph hereof.

The last paragraph of this section is from section 6 of act June 13, 1902. Said section 6 is also the source of the last proviso in section 499 of this title.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July

26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

RULES AND REGULATIONS

Administrative provisions covering definitions which the Coast Guard uses to examine waters to determine whether the Coast Guard has jurisdiction on those waters under particular laws of the United States are set out in chapter I, subchapter A, part 2, of Title 33, Navigation and Navigable Waters, in the Code of Federal Regulations. Such part 2, consisting of sections 2.01-1 to 2.10-10, sets out definitions of jurisdictional terms and provides for the availability of jurisdictional decisions.

§ 2. Regulations for navigation of South and Southwest Passes of Mississippi River; penalties

The Secretary of the Army is authorized to make such rules and regulations for the navigation of the South and Southwest Passes of the Mississippi River as to him shall seem necessary or expedient for the purpose of preventing any obstruction to the channels through said South and Southwest Passes and any injury to the works therein constructed. The term "South and Southwest Passes", as employed in this section, shall be construed as embracing the entire extent of channel in each case, between the upper ends of the works at the head of the pass and the outer or sea ends of the jetties at the entrance from the Gulf of Mexico; and any willful violation of any rule or regulation made by the Secretary of the Army in pursuance of this section shall be deemed a misdemeanor, for which the owner or owners, agent or agents, master or pilot of the vessel so offending shall be separately or collectively responsible, and on conviction thereof shall be punished by a fine of not less than \$100, nor exceeding \$500, or by imprisonment for not exceeding three months, or by both fine and imprisonment, at the discretion of the court.

(Mar. 3, 1909, ch. 264, § 5, 35 Stat. 818; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Editorial Notes

CODIFICATION

These provisions were part of section 5 of act Mar. 3, 1909, popularly known as the "River and Harbor Appropriation Act of 1909".

These provisions superseded previous similar provisions relating to the navigation of the South Pass only, contained in act Aug. 11, 1888, ch. 860, § 5, 25 Stat. 424, amended by act Sept. 19, 1890, ch. 907, § 3, 26 Stat. 452.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 3. Regulations to prevent injuries from target practice

[AUTHORITY TO ADOPT REGULATIONS.] In the interest of the national defense, and for the better protection of life and property on the navigable waters of the United States, the Secretary of the Army is authorized and empowered to prescribe such regulations as he may deem best for the use and navigation of any portion or area of the navigable waters of the United States or waters under the jurisdiction of the United States endangered or likely to be endangered by Artillery fire in target practice or otherwise, or by the proving operations of the Government ordnance proving grounds at Sandy Hook, New Jersey, or at any Government ordnance proving ground that may be established elsewhere on or near such waters, and of any portion or area of said waters occupied by submarine mines, mine fields, submarine cables, or other material and accessories pertaining to seacoast fortifications, or by any plant or facility engaged in the execution of any public project of river and harbor improvement; and the said Secretary shall have like power to regulate the transportation of explosives upon any of said waters: *Provided*, That the authority conferred shall be so exercised as not unreasonably to interfere with or restrict the food fishing industry, and the regulations prescribed in pursuance hereof shall provide for the use of such waters by food fishermen operating under permits granted by the Department of the Army.

[DETAIL OF VESSELS TO ENFORCE REGULATIONS.] To enforce the regulations prescribed pursuant to this section, the Secretary of the Army, may detail any public vessel in the service of the Department of the Army, or, upon the request of the Secretary of the Army, the head of any other department may enforce, and the head of any such department is authorized to enforce, such regulations by means of any public vessel of such department.

[POSTING AND VIOLATION OF REGULATIONS.] The regulations made by the Secretary of the Army pursuant to this section shall be posted in conspicuous and appropriate places, designated by him, for the information of the public; and every person who and every corporation which shall willfully violate any regulations made by the said Secretary pursuant to this section shall be deemed guilty of a misdemeanor, and upon conviction thereof in any court of competent jurisdiction shall be punished by a fine not exceeding \$500, or by imprisonment (in the case of a natural person) not exceeding six months, in the discretion of the court.

[VENUE AND JURISDICTION OF OFFENSES; PROCEDURE.] Offenses against the provisions of this section, or any regulation made pursuant thereto, committed in any Territory or other place subject to the jurisdiction of the United States where there is no court having general jurisdiction of crimes against the United States, shall be cognizable in any court of such place or Territory having original jurisdiction of criminal cases in the place or Territory in which the offense has been committed, with the same right of appeal in all cases as is given in other criminal cases where imprisonment not exceeding six

months forms a part of the penalty, and jurisdiction is conferred upon such courts and such courts shall exercise the same for such purposes; and in case any such offense be committed beyond the territorial jurisdiction of any court having jurisdiction thereof, the offense shall be deemed and held to have been committed within the jurisdiction in which the offender may be found or into which he is first brought, and shall be tried by the court having jurisdiction thereof.

(July 9, 1918, ch. 143, subch. XIX, §§1-4, 40 Stat. 892, 893; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

Editorial Notes

CODIFICATION

Undesignated pars. 1 to 4 of this section are from sections 1 to 4, respectively, of act July 9, 1918, popularly known as the "Army Appropriation Act of 1919".

Undesignated pars. 1 and 2 of this section superseded similar provisions of act Aug. 8, 1917, ch. 49, §8, 40 Stat. 266.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

Coast Artillery changed to Artillery under authority of section 306(a) of act June 28, 1950, ch. 383, title III, 64 Stat. 269. Section 306(a) of act June 28, 1950 was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in section 3063 continued the Artillery as a basic branch of the Army.

TRANSFER OF FUNCTIONS

For transfer of certain functions insofar as they pertain to Air Force, and to extent that they were not previously transferred to Secretary of the Air Force and Department of the Air Force from Secretary of the Army and Department of the Army, see Secretary of Defense Transfer Order No. 40 [App. A(55)], July 22, 1949.

§ 4. Water gauges on Mississippi River and tributaries

The Secretary of the Army is authorized and directed to have water gauges established, and daily observations made of the rise and fall of the Mississippi River and its tributaries.

For the purpose of securing the uninterrupted gauging of the waters of the Mississippi River and its tributaries, as provided for in this section, upon the application of the Chief of Engineers, the Secretary of the Army is authorized to draw his warrant or requisition, from time to time, upon the Secretary of the Treasury for such sums as may be necessary to do such work, not to exceed in the aggregate for each year the sum of \$9,600.

(R.S. §5252; Aug. 11, 1888, ch. 860, §6, 25 Stat. 424; June 13, 1902, ch. 1079, §9, 32 Stat. 374; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501; Aug. 30, 1954, ch. 1076, §1(15), 68 Stat. 967.)

Editorial Notes

CODIFICATION

R.S. § 5252 derived from Res. Feb. 21, 1871, No. 40, 16 Stat. 598.

The first paragraph of this section is from R.S. § 5252, which, as enacted, authorized and directed the establishment of water gauges and the making of daily observations at or in the vicinity of certain enumerated places, and at such other places as the Secretary of War might deem advisable. It further provided that the expenditure should be made from the appropriation for the improvement of rivers and harbors and that the annual cost of the observations should not exceed \$5,000. These latter provisions were apparently modified by section 6 of act Aug. 11, 1888, as amended by section 9 of act June 13, 1902, which was substantially the second paragraph of this section. As originally enacted, section 6 of act Aug. 11, 1888, provided for the gauging of the waters of the Lower Mississippi and tributaries, and limited the cost for each year to the amount appropriated in the act for such purpose.

AMENDMENTS

1954—Act Aug. 30, 1954, repealed proviso requiring that an itemized statement of expenses incurred in gauging waters of the Mississippi River and its tributaries, as provided in this section, should accompany the annual report of the Chief of Engineers.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

APPROPRIATIONS

Section 2 of act June 26, 1934, ch. 756, 48 Stat. 1225, which was classified to section 725a of former Title 31, Money and Finance, repealed the permanent appropriation under the title "Gauging waters of the Mississippi and its tributaries (fiscal year) (8-961.54)" effective July 1, 1935, and provided that such portions of any Acts as make permanent appropriations to be expended under such account are amended so as to authorize, in lieu thereof, annual appropriations from the general fund of the Treasury in identical terms and in such amounts as now provided by the laws providing such permanent appropriations.

§ 5. Abolition of tolls on Government canals, canalized rivers, etc.; expense of operation, repairs to and reconstruction of canals, etc.; Panama Canal excepted; levies by non-Federal interest

(a) No tolls or operating charges whatever shall be levied upon or collected from any vessel, dredge, or other water craft for passing through any lock, canal, canalized river, or other work for the use and benefit of navigation, now belonging to the United States or that may be hereafter acquired or constructed; and for the purpose of preserving and continuing the use and navigation of said canals and other public works without interruption, the Secretary of the Army, upon the recommendation of the Chief of Engineers, United States Army, is authorized to draw his warrant or requisition, from time to time, upon the Secretary of the

Treasury to pay the actual expenses of operating, maintaining, and keeping said works in repair, which warrants or requisitions shall be paid by the Secretary of the Treasury out of any money in the Treasury not otherwise appropriated: *Provided*, That whenever, in the judgment of the Secretary of the Army, the condition of any of the aforesaid works is such that its entire reconstruction is absolutely essential to its efficient and economical maintenance and operation as herein provided for, the reconstruction thereof may include such modifications in plan and location as may be necessary to provide adequate facilities for existing navigation: *Provided further*, That the modifications are necessary to make the reconstructed work conform to similar works previously authorized by Congress and forming a part of the same improvement, and that such modifications shall be considered and approved by the Board of Engineers for Rivers and Harbors and be recommended by the Chief of Engineers before the work of reconstruction is commenced: *And provided further*, That nothing contained in this section shall be held to apply to the Panama Canal.

(b) No taxes, tolls, operating charges, fees, or any other impositions whatever shall be levied upon or collected from any vessel or other water craft, or from its passengers or crew, by any non-Federal interest, if the vessel or water craft is operating on any navigable waters subject to the authority of the United States, or under the right to freedom of navigation on those waters, except for—

(1) fees charged under section 2236 of this title;

(2) reasonable fees charged on a fair and equitable basis that—

(A) are used solely to pay the cost of a service to the vessel or water craft;

(B) enhance the safety and efficiency of interstate and foreign commerce; and

(C) do not impose more than a small burden on interstate or foreign commerce; or

(3) property taxes on vessels or watercraft, other than vessels or watercraft that are primarily engaged in foreign commerce if those taxes are permissible under the United States Constitution.

Editorial Notes

CODIFICATION

Section is from act July 5, 1884, popularly known as the "Rivers and Harbors Appropriation Act of 1884".

The section, as originally enacted, was as follows:

"No tolls or operating charges whatsoever shall be levied or collected upon any vessel or vessels, dredges, or other passing water-craft through any canal or other work for the improvement of navigation belonging to the United States; and for the purpose of preserving and continuing the use and navigation of said canals, rivers, and other public works without interruption, the Secretary of War, upon the application of the chief engineer in charge of said works, is hereby authorized

to draw his warrant or requisition from time to time upon the Secretary of the Treasury to pay the actual expenses of operating and keeping said works in repair, which warrants or requisitions shall be paid by the Secretary of the Treasury, out of any money in the Treasury not otherwise appropriated; *Provided, however*, That an itemized statement of said expenses shall accompany the annual report of the chief of engineers.”

It was amended by act March 3, 1909, to read substantially as set forth above.

AMENDMENTS

2003—Subsec. (b)(3). Pub. L. 108–176 added par. (3).

2002—Pub. L. 107–295 designated existing provisions as subsec. (a) and added subsec. (b).

1954—Act Aug. 30, 1954, repealed last proviso requiring that an itemized statement of expenses incurred in operating, maintaining, keeping in repair, and reconstructing locks, canals, etc., other than the Panama Canal, as provided in this section, should accompany the annual report of the Chief of Engineers.

REFERENCES IN TEXT

Act of Congress approved July 5, 1884, referred to in text, is act July 5, 1884, ch. 229, 23 Stat. 143, which provided in part for the appropriation of \$50,000 for the continuing improvement of the Calumet River, provided that no part of such appropriation be expended until the right of way should have been conveyed to the United States, free from expense, and the United States released from liability to adjacent property owners, to the satisfaction of the Secretary of War.

§ 26a. Additional portion of Calumet River, old channel, abandoned as navigable water

The portion of the old channel of the Calumet River in sections eighteen and nineteen, township thirty-seven north, range fifteen east, of the third principal meridian, in Cook County, Illinois, which lies outside of the new channel lines established by the United States and shown on the map referred to in section 26 of this title, and which lies outside of the exterior limits of the turning basin to be established on said Calumet River in said sections, is abandoned as navigable water of the United States from and after the time when the United States shall have secured title to the land necessary for the establishment of the turning basin at some point, to be approved by the Chief of Engineers, between One hundred and thirteenth Street and One hundred and seventeenth Street in the city of Chicago.

(Mar. 4, 1913, ch. 144, §1, 37 Stat. 816.)

§ 26b. Portion of Calumet River, Chicago, as non-navigable stream

The portion of the Calumet River, in the city of Chicago, county of Cook, State of Illinois, lying between the intersections of this river with the two lines described below, is a nonnavigable stream within the meaning of the Constitution and laws of the United States:

Beginning at a point on the south line of the north half of section 36, township 37 north, range 14 east, of the third principal meridian, one thousand eight hundred and seventy-three and seven-hundredths feet west of the east line of said section; thence northwesterly on a straight line to a point three thousand two hundred and eighty feet west of the east line and seven hundred and eighty-five feet south of the north line of said section; and

Beginning at a point five hundred and eighty-five feet east of the west line and seven hundred

and thirty-two feet north of the south line of section 31, township 37 north, range 15 east, of the third principal meridian; thence north forty-six degrees and thirty minutes east along a straight line to the easterly water's edge of said river.

The right to alter, amend, or repeal this section is expressly reserved.

(June 14, 1937, ch. 338, §§ 2, 3, 50 Stat. 258, 259.)

§ 27. Chicago River at Chicago, Illinois

(Pub. L. 92-605, §1, Oct. 31, 1972, 86 Stat. 1493.)

Statutory Notes and Related Subsidiaries**CHANGE OF NAME**

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

PERMANENT STRUCTURES IN ABOVE-DESCRIBED AREA; APPROVAL OF PLANS

Pub. L. 92-605, §2, Oct. 31, 1972, 86 Stat. 1494, provided that: "This declaration [this section] shall apply only to portions of the above-described area which are filled or occupied by permanent structures. No such filling or erection of structures in the above-described area shall be commenced until the plans therefor have been approved by the Secretary of the Army who shall, prior to granting such approval, give consideration to all factors affecting the general public interest and the impact of the proposed work on the environment."

§ 59j-1. Declaration of nonnavigability for portions of the Delaware River**(a) Area to be declared non-navigable; public interest**

Unless the Secretary finds, after consultation with local and regional public officials (including local and regional public planning organizations), that the proposed projects in Philadelphia, Pennsylvania, to be undertaken within the boundaries described below, are not in the public interest then, subject to subsections (b) and (c) of this section, those portions of the Delaware River, bounded and described as follows, are de-

clared to be non-navigable waters of the United States:

- (1) LIBERTY LANDING. [Omitted]
- (2) MARINA TOWERS AND WORLD TRADE CENTER—PIER 25 NORTH. [Omitted]
- (3) MARINE TRADE CENTER—PIER 24 NORTH. [Omitted]
- (4) NATIONAL SUGAR COMPANY “SUGAR HOUSE”. [Omitted]
- (5) RIVERCENTER. [Omitted]

(b) Limits on applicability; regulatory requirements

The declaration under subsection (a) shall apply only to those parts of the areas described in subsection (a) of this section which are or will be bulkheaded and filled or otherwise occupied by permanent structures, including marina facilities. All such work is subject to all applicable Federal statutes and regulations, including, but not necessarily limited to, sections 401 and 403 of this title, section 1344 of this title, and the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.].

(c) Expiration date

If, 20 years from November 17, 1988, any area or part thereof described in subsection (a) is not bulkheaded or filled or occupied by permanent structures, including marina facilities, in accordance with the requirements set out in subsection (b) of this section, or if work in connection with any activity permitted in subsection (b) is not commenced within 5 years after issuance of such permits, then the declaration of non-navigability for such area or part thereof shall expire. Notwithstanding the preceding sentence, the declaration of nonnavigability for the area described in subsection (a)(5), or any part thereof, shall not expire.

(Pub. L. 100-676, §38, Nov. 17, 1988, 102 Stat. 4032; Pub. L. 110-114, title III, §3181(g), Nov. 8, 2007, 121 Stat. 1162; Pub. L. 114-322, title I, §1310, Dec. 16, 2016, 130 Stat. 1694.)

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2 of Pub. L. 100-676, set out as a note under section 2201 of this title.

§ 59k. Wicomico River, Maryland

(a) If the Secretary of the Army acting through the Chief of Engineers, finds that the proposed project in Salisbury, Maryland, to be undertaken at the locations to be declared non-navigable under this section is in the public interest, on the basis of engineering studies to determine the location and structural stability of any bulkheading and filling and permanent pile-supported structures, in order to preserve and maintain the remaining navigable waterway and on the basis of environmental studies conducted pursuant to the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.], then those portions of the South Prong of the Wicomico River in Wicomico County, State of Maryland, bounded and described as follows, are declared to be not a navigable water of the United States within the meaning of the laws of the United States, and the consent of Congress is hereby given, consistent with subsection (b) of this section, to the filling in of a part thereof or the erection of permanent pile-supported structures thereon: That portion of the South Prong of the Wicomico River in Salisbury, Maryland, bounded on the east by the west side of United States Route 13; on the west by the west side of the Mill Street Bridge; on the south by a line five feet landward from the present water’s edge at high tide extending the entire length of the South Prong from the east boundary at United States Route 13 to the west boundary at the Mill Street Bridge; and on the north by a line five feet landward from the present water’s edge at high tide extending the entire length of the South Prong from the east boundary at United States Route 13 to the west boundary at the Mill Street Bridge.

(b) This declaration shall apply only to the portions of the areas described in subsection (a) which are bulkheaded and filled or occupied by permanent pile-supported structures. Plans for bulkheading and filling and permanent pile-supported structures shall be approved by the Secretary of the Army, acting through the Chief of Engineers. Such bulkheaded and filled areas or areas occupied by permanent pile-supported structures shall not reduce the existing width of the Wicomico River to less than sixty feet and a minimum depth of five feet shall be maintained within such sixty-foot width of the Wicomico River. Local interests shall reimburse the Federal Government for engineering and all other costs incurred under this section.

CODIFICATION

Pub. L. 100-448 and Pub. L. 100-457 enacted identical sections.

§ 59y. Declaration of nonnavigability for portions of Coney Island Creek and Gravesend Bay, New York

(a) Area to be declared non-navigable; public interest

Unless the Secretary finds, after consultation with local and regional public officials (including local and regional public planning organizations), that the proposed projects to be undertaken within the boundaries in the portions of Coney Island Creek and Gravesend Bay, New York, described below, are not in the public interest then, subject to subsections (b) and (c) of this section, those portions of such Creek and Bay, bounded and described as follows, are declared to be non-navigable waters of the United States:

Beginning at the corner formed by the intersection of the Westerly Line of Cropsey Avenue, and the Northernmost United States Pierhead Line of Coney Island Creek.

Running thence south 12 degrees 41 minutes 03 seconds E and along the westerly line of Cropsey Avenue, 98.72 feet to the northerly channel line as shown on Corps of Engineers Map Numbered F. 150 and on Survey by Rogers and Giollorenzo Numbered 13959 dated October 31, 1986.

Running thence in a westerly direction and along the said northerly channel line the following bearings and distances:

South 48 degrees 59 minutes 27 seconds west, 118.77 feet; south 37 degrees 07 minutes 01 seconds west, 232.00 feet; south 23 degrees 17 minutes 10 seconds west, 430.03 feet; south 31 degrees 25 minutes 46 seconds west, 210.95 feet; south 79 degrees 22 minutes 49 seconds west, 244.18 feet; north 55 degrees 00 minutes 29 seconds west, 183.10 feet; north 41 degrees 47 minutes 04 seconds west, 315.16 feet;

North 41 degrees 17 minutes 43 seconds west, 492.47 feet to the said Pierhead Line; thence north 73 degrees 58 minutes 40 seconds west and along said pierhead line, 2,665.25 feet to the intersection of the United States bulkhead line;

Thence north 0 degree 19 minutes 35 seconds west and along the United States Bulkhead line 1,138.50 feet to the intersection of the westerly prolongation of the center line of 26th Avenue,

Thence north 58 degrees 25 minutes 06 seconds east and along the center line of said 26th Avenue, 2,320.85 feet to the westerly line of Cropsey Avenue, then southeasterly and along the southerly line of Cropsey Avenue the following bearings and distances:

South 31 degrees 34 minutes 54 seconds east, 4,124.59 feet; and

South 12 degrees 41 minutes 03 seconds east, 710.74 feet to the point or place of beginning.

Coordinates and bearings are in the system as established by the United States Coast and Geodetic Survey for the Borough of Brooklyn. The Secretary shall make the public interest determination separately for each proposed project, using reasonable discretion, within 150 days after submission of appropriate plans for each proposed project.

(b) Limits on applicability; regulatory requirements

The declaration under subsection (a) shall apply only to those parts of the areas described in subsection (a) of this section which are or will be bulkheaded and filled or otherwise occupied by permanent structures, including marina facilities. All such work is subject to all applicable Federal statutes and regulations, including, but not necessarily limited to, sections 401 and 403 of this title, section 1344 of this title, and the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.].

(c) Expiration date

If, 20 years from November 17, 1988, any area or part thereof described in subsection (a) of this section is not bulkheaded or filled or occupied by permanent structures, including marina facilities, in accordance with the requirements set out in subsection (b) of this section, or if work in connection with any activity permitted in subsection (b) is not commenced within 5 years after issuance of such permits, then the declaration of non-navigability for such area or part thereof shall expire.

(c) Determination of public interest

The declaration made in subsection (a) shall not take effect if the Secretary of the Army (acting through the Chief of Engineers), using reasonable discretion, finds that the proposed project is not in the public interest—

(1) before the date which is 120 days after the date of the submission to the Secretary of appropriate plans for the proposed project; and

(2) after consultation with local and regional public officials (including local and regional public planning organizations).

(d) Limitation on applicability of declaration

(1) Affected area

The declaration made in subsection (a) shall apply only to those portions of the area described in subsection (b) which are or will be occupied by permanent structures (including docking facilities) comprising the proposed project.

(2) Application of other laws

Notwithstanding subsection (a), all activities conducted in the area described in subsection (b) are subject to all Federal laws which apply to such activities, including—

(A) sections 401 and 403 of this title;

(B) section 1344 of this title; and

(C) the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.).

(e) Expiration date

The declaration made in subsection (a) shall expire—

(1) on the date which is 6 years after December 18, 1991, if work on the proposed project to be performed in the area described in subsection (b) is not commenced before such date; or

(2) on the date which is 20 years after December 18, 1991, for any portion of the area described in subsection (b) which on such date is not bulkheaded, filled, or occupied by a permanent structure (including docking facilities).

(f) "Proposed project" defined

For the purposes of this section, the term "proposed project" means any project for the rehabilitation and development of—

(1) the structure located in the area described in subsection (b), commonly referred to as Pier A; and

(2) the area surrounding such structure.

Thence north 56°-06'-52" east a distance of 140.36 feet to a drill hole set on the southwesterly right-of-way line of East 9th Street;

Thence south 33°-53'-08" east on the southwesterly right-of-way line of East 9th Street a distance of 368.79 feet to a drill hole set;

Thence southwesterly along the arc of a curve to the right with a radius of 40.00 feet, and whose chord bears south 11°-06'-52" west 56.57 feet, an arc distance of 62.83 feet to the true place of beginning containing 174,764 square feet (4.012 acres) more or less.

(e) Limits on applicability; regulatory requirements

The declaration under subsection (d) shall apply only to those parts of the areas described in subsection (d) which are or will be bulkheaded and filled or otherwise occupied by permanent structures, including marina facilities. All such work is subject to all applicable Federal statutes and regulations, including sections 401 and 403 of this title, section 1344 of this title, and the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.].

(f) Expiration date

If, 20 years from December 18, 1991, any area or part thereof described in subsection (d) is not bulkheaded or filled or occupied by permanent structures, including marina facilities, in accordance with the requirements set out in subsection (e) of this section, or if work in connection with any activity permitted in subsection (e) is not commenced within 5 years after issuance of such permit, then the declaration of nonnavigability for such area or part thereof shall expire.

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 3 of Pub. L. 102-580, set out as a note under section 2201 of this title.

§ 59hh. Declaration of nonnavigability for portion of Pelican Island, Texas

(a) In general

The Secretary of the Army is authorized to convey to the City¹ of Galveston, Texas, fee simple absolute title to all or any part of a parcel of land containing approximately 605 acres known as the San Jacinto Disposal Area located on the east end of Galveston Island, Texas, in the W.A.A. Wallace Survey, A-647 and A-648, City¹ of Galveston, Galveston County, Texas, being part of the old Fort San Jacinto site, at the fair market value of such parcel to be determined in accordance with the provisions of subsection (d). Such conveyance shall only be made by the Secretary of the Army upon the agree-

ment of the Secretary and the City¹ as to all compensation due herein.

(b) Compensation for conveyance

(1) In general

Upon receipt of compensation from the city of Galveston, the Secretary shall convey the parcel, or any part of the parcel, as described in subsection (a).

(2) Full parcel

If the full 605-acre parcel is conveyed, the compensation shall be—

(A) conveyance to the Department of the Army of fee simple absolute title to a parcel of land containing approximately 564 acres on Pelican Island, Texas, in the Eneas Smith Survey, A-190, Pelican Island, city of Galveston, Galveston County, Texas, adjacent to property currently owned by the United States, with the fair market value of the parcel being determined in accordance with subsection (d); and

(B) payment to the United States of an amount equal to the difference between the fair market value of the parcel to be conveyed under subsection (a) and the fair market value of the parcel to be conveyed under subparagraph (A).

(3) Partial parcel

If the conveyance is 125 acres or less, compensation shall be an amount equal to the fair market value of the parcel to be conveyed, with the fair market value of the parcel being determined in accordance with subsection (d).

(c) Disposition of spoil

Costs of maintaining the Galveston Harbor and Channel will continue to be governed by the Local Cooperation Agreement (LCA) between the United States of America and the City¹ of Galveston dated October 18, 1973, as amended. Upon conveyance of the parcel, or any part of the parcel, described in subsection (a), the Department of the Army shall be compensated directly for the present value of the total costs to the Department for disposal of dredge material and site preparation pursuant to the LCA, if any,² in excess of the present value of the total costs that would have been incurred if this conveyance had not been made.

(d) Determination of fair market value

The fair market value of the land to be conveyed pursuant to subsections (a) and (b) shall be determined by independent appraisers using the market value method.

(e) Navigational servitude

(1) Declaration of nonnavigability; public interest

Unless the Secretary finds, after consultation with local and regional public officials (including local and regional public planning organizations), that the proposed projects to be undertaken within the parcel described in subsection (a) are not in the public interest then, subject to paragraphs (2) and (3), such parcel is declared to be nonnavigable waters of the United States.

¹ So in original. Probably should not be capitalized.

² So in original.

(2) Limits on applicability; regulatory requirements

The declaration under paragraph (1) shall apply only to those parts of the parcel described in subsection (a) which are or will be bulkheaded and filled or otherwise occupied by permanent structures, including marina facilities. All such work is subject to all applicable Federal statutes and regulations including, but not limited to, sections 401 and 403 of this title, section 1344 of this title, and the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.].

(3) Expiration date

If, 20 years after October 28, 1993, any area or part thereof described in subsection (a) is not bulkheaded or filled or occupied by permanent structures, including marina facilities, in accordance with the requirements set out in paragraph (2), or if work in connection with any activity permitted in paragraph (2) is not commenced within 5 years after issuance of such permits, then the declaration of non-navigability for such area or part thereof shall expire.

(f) Survey and study

The 605-acre parcel and the 564-acre parcel shall be surveyed and further legally described prior to conveyance. Not later than 60 days following October 28, 1993, if he deems it necessary, the Secretary of the Army shall complete a review of the applicability of section 1344 of this title to the said parcels.

(Pub. L. 103-126, title I, §108, Oct. 28, 1993, 107 Stat. 1320; Pub. L. 106-53, title V, §585, Aug. 17, 1999, 113 Stat. 377.)

“(2) payment to the United States of an amount equal to the difference of the fair market value of the parcel to be conveyed pursuant to subsection (a) of this section and the fair market value of the parcel to be conveyed pursuant to paragraph (1) of this subsection.”

Subsec. (c). Pub. L. 106-53, §585(3), in second sentence, inserted “, or any part of the parcel,” after “parcel” and “, if any,” after “LCA”.

§ 59ii. Declaration of nonnavigability of a portion of the canal known as the James River and Kanawha Canal in Richmond, Virginia**(a) Canal declared nonnavigable**

The portion of the canal known as the James River and Kanawha Canal in Richmond, Virginia, located between the Great Ship Lock on the east and the limits of the City of Richmond on the west is hereby declared to be a nonnavigable waterway of the United States for purposes of subtitle II of title 46.

(b) Ensuring public safety

The Secretary of Transportation shall provide such technical advice, information, and assistance as the City of Richmond, Virginia, or its designee may request to insure that the vessels operating on the waters declared nonnavigable by subsection (a) are built, maintained, and operated in a manner consistent with protecting public safety.

(c) Termination of declaration**(1) In general**

The Secretary of Transportation may terminate the effectiveness of the declaration made by subsection (a) by publishing a determination that vessels operating on the waters declared nonnavigable by subsection (a) have not been built, maintained, and operated in a manner consistent with protecting public safety.

(2) Public input

Before making a determination under this subsection, the Secretary of Transportation shall—

(A) consult with appropriate State and local government officials regarding whether such a determination is necessary to protect public safety and will serve the public interest; and

(B) provide to persons who might be adversely affected by the determination the opportunity for comment and a hearing on whether such action is necessary to protect public safety and will serve the public interest.

(Pub. L. 106-32, §2, June 1, 1999, 113 Stat. 115.)

Statutory Notes and Related Subsidiaries

FINDINGS

Pub. L. 106-32, §1, June 1, 1999, 113 Stat. 115, provided that: “The Congress finds the following:

“(1) The canal known as the James River and Kanawha Canal played an important part in the economic development of the Commonwealth of Virginia and the City of Richmond.

“(2) The canal ceased to operate as a functioning waterway in the conduct of commerce in the late 1800s.

“(3) Portions of the canal have been found by a Federal district court to be nonnavigable.

“(4) The restored portion of the canal will be utilized to provide entertainment and education to visitors and will play an important part in the economic development of downtown Richmond.

“(5) The restored portion of the canal will not be utilized for general public boating, and will be re-

stricted to activities similar to those conducted on similar waters in San Antonio, Texas.

“(6) The continued classification of the canal as a navigable waterway based upon historic usage that ceased more than 100 years ago does not serve the public interest and is unnecessary to protect public safety.

“(7) Congressional action is required to clarify that the canal is no longer to be considered a navigable waterway for purposes of subtitle II of title 46, United States Code.”

§ 59jj. Designation of nonnavigability for portions of Gloucester County, New Jersey

(a) Designation

(1) In general

The Secretary of the Army (referred to in section¹ as the “Secretary”) shall designate as nonnavigable the areas described in paragraph (3)² unless the Secretary, after consultation with local and regional public officials (including local and regional planning organizations), makes a determination that 1 or more projects proposed to be carried out in 1 or more areas described in paragraph (2) are not in the public interest.

SUBCHAPTER I—PRELIMINARY

§ 151. High seas and inland waters demarcation lines

(a) Establishment and purpose

The Secretary of the department in which the Coast Guard is operating shall establish appropriate identifiable demarcation lines dividing the high seas from harbors, rivers, and other inland waters of the United States, for the purpose of determining the applicability of special navigational rules in lieu of the International Regulations for Preventing Collisions at Sea.

(b) Applicability of other statutes; limitation; position

The Secretary shall also establish appropriate identifiable lines dividing inland waters of the United States from the high seas for the purpose of determining the applicability of each statute that refers to this section or this section, as amended. These lines may not be located more than twelve nautical miles seaward of the base line from which the territorial sea is measured. These lines may differ in position for the purposes of different statutes.

(c) "United States" defined

For the purposes of this section, the term "United States" includes the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, the United States Virgin Islands, the Commonwealth of the Northern Mariana Islands, the Trust Territory of the Pacific Islands, and any other Commonwealth, territory, or possession of the United States.

(Feb. 19, 1895, ch. 102, §2, 28 Stat. 672; Pub. L. 96-324, §1, Aug. 8, 1980, 94 Stat. 1020; Pub. L. 96-376, §13, Oct. 3, 1980, 94 Stat. 1511; Pub. L. 96-591, §9, Dec. 24, 1980, 94 Stat. 3436.)

AMENDMENTS

1980—Subsec. (a). Pub. L. 96-324 designated existing provisions as subsec. (a), substituted provision authorizing the Secretary of the Department in which the Coast Guard is operating to establish demarcation lines for provision authorizing the Secretary of the Treasury to establish demarcation lines, and inserted provision specifying the purpose of establishing demarcation lines as determining the applicability of special navigational rules in lieu of the International Regulations for Preventing Collisions at Sea.

Subsec. (b). Pub. L. 96-324 added subsec. (b).

Subsec. (c). Pub. L. 96-591 and Pub. L. 96-376 made identical amendments by striking out reference to the Canal Zone.

Pub. L. 96-324 added subsec. (c).

TRANSFER OF FUNCTIONS

“Commandant of the Coast Guard” substituted in text for provision that the Chairman of the Light House Board, the Supervising Inspector General of the Steamboat Inspection Service and the Commissioner of Navigation shall convene as a board to prepare regulations, and for approval of the regulations by the Secretary of Commerce and Labor.

Secretary of Commerce and Labor designated Secretary of Commerce by act Mar. 4, 1913, which created Department of Labor.

Sections 4 and 6 of act June 17, 1910, established in Department of Commerce and Labor a Bureau of Lighthouses with a Commissioner of Lighthouses as its head, and transferred duties of Light House Board to such Commissioner. Said sections 4 and 6 were repealed by section 20 of act Aug. 4, 1949, section 1 of which reestablished Coast Guard by enacting Title 14, Coast Guard. Section 2(a) of Reorg. Plan No. II, of 1939, set out in the Appendix to Title 5, Government Organization and Employees, consolidated Bureau of Lighthouses with Coast

Guard, the Chief of which is Commandant of the Coast Guard.

Supervising Inspector General of the Steamboat Inspection Service and Commissioner of Navigation of Bureau of Navigation were affected by Secretary’s authority to retain or dismiss officers and employees upon consolidation of bureaus under section 502(b) of act June 30, 1932.

Steamboat Inspection Service and Bureau of Navigation consolidated into Bureau of Navigation and Steamboat Inspection to be under direction of a chief of bureau by section 501 of act June 30, 1932.

Director of the Bureau of Navigation and Steamboat Inspection was designation given to chief of such Bureau by Secretary of Commerce under section 502(b) of act June 30, 1932.

Bureau of Marine Inspection and Navigation was designation given to Bureau of Navigation and Steamboat Inspection by act May 27, 1936.

Functions of Secretary of Commerce and Director of Bureau of Marine Inspection and Navigation under this section transferred to Commandant of the Coast Guard by Reorg. Plan No. 3, of 1946, §§101 to 104, set out in the Appendix to Title 5.

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

Coast Guard transferred to Department of Transportation, and functions, powers, and duties relating to Coast Guard of Secretary of the Treasury and of other officers and offices of Department of the Treasury transferred to Secretary of Transportation by Pub. L. 89–670, §6(b)(1), Oct. 15, 1966, 80 Stat. 938. Section 6(b)(2) of Pub. L. 89–670, however, provided that notwithstanding such transfer of functions, Coast Guard shall operate as part of Navy in time of war or when President directs as provided in former section 3 (now 103) of Title 14, Coast Guard. See section 108 of Title 49, Transportation.

Executive Documents

TRANSFER OF FUNCTIONS

For transfer of functions of other officers, employees, and agencies of Department of the Treasury, with certain exceptions, to Secretary of the Treasury with power to delegate, see Reorg. Plan No. 26 of 1950, §§1, 2, eff. July 31, 1950, 15 F.R. 4935, 64 Stat. 1280, 1281, set out in the Appendix to Title 5. Functions of Coast Guard, and Commandant of the Coast Guard, excepted from transfer when Coast Guard is operating as part of Navy under former sections 1 and 3 (now 101 and 103) of Title 14, Coast Guard.

§ 153. Penalty for use of unlawful towline

The master of the towing vessel shall be liable to the suspension or revocation of his license for any willful violation of regulations issued pursuant to section 152 of this title in the manner prescribed for incompetency, misconduct, or unskillfulness.

(May 28, 1908, ch. 212, §15, 35 Stat. 429.)

CHAPTER 5—NAVIGATION RULES FOR RED RIVER OF THE NORTH AND RIVERS EMPTYING INTO GULF OF MEXICO AND TRIBUTARIES**Editorial Notes****CODIFICATION**

The rules for preventing collisions prescribed by R.S. §4233, as amended, formed the basis of this chapter. Those rules as enacted were not limited in application to the navigation of any waters. But they were superseded as to navigation on the high seas and in all coast waters of the United States, except such as were otherwise provided for, by the adoption of "Revised International Regulations" by act Mar. 3, 1885, ch. 354, 23 Stat. 438; and these regulations were superseded by the adoption of the subsequent regulations of act Aug. 19, 1890, set out as section 61 et seq. and section 1051 et seq. of this title. The rules prescribed by R.S. §4233 were further superseded, as to navigation on the Great Lakes and their connecting and tributary waters as far east as Montreal, by the rules applying to such navigation prescribed by act Feb. 8, 1895 (section 241 et seq. of this title). The provisions of R.S. §§4233, 4412, and 4413 and regulations pursuant thereto were adopted as special rules for the navigation of harbors, rivers, and inland waters of the United States (except the Great Lakes and their connecting and tributary waters as far east as Montreal) by act Feb. 19, 1895, R.S. §§4412 and 4413 were classified to section 381 of former Title 46, Shipping. But thereafter the rules prescribed by R.S. §4233, were further superseded as to navigation of all harbors, rivers, and inland waters except the Red River of the North and rivers emptying into the Gulf of Mexico and their tributaries, by the rules applying to all such waters other than the specific exceptions, of act June 7, 1897 (section 151 et seq. of this title). The rules prescribed by R.S. §4233, therefore, remained in force only as to the navigation of the Red River of the North and rivers emptying into the Gulf of Mexico and their tributaries.

SUBCHAPTER I—PRELIMINARY**§§ 301 to 303. Repealed. Pub. L. 96-591, § 8(a), Dec. 24, 1980, 94 Stat. 3435**

Section 301, R.S. §4233; Aug. 19, 1890, ch. 802, 26 Stat. 320; Feb. 8, 1895, ch. 64, §1, 28 Stat. 645; Feb. 19, 1895, ch. 102, §1, 28 Stat. 672; June 7, 1897, ch. 4, 30 Stat. 96; May 21, 1948, ch. 328, §4, 62 Stat. 250; Aug. 8, 1953, ch. 386, §2, 67 Stat. 497, made provision for the adoption of rules for navigation on the Red River of the North and rivers emptying into the Gulf of Mexico and tributaries.

Section 302, R.S. §4233; Feb. 19, 1895, ch. 102, §1, 28 Stat. 672; Mar. 3, 1905, ch. 1457, §10, 33 Stat. 1032; May 21, 1948, ch. 328, §4, 62 Stat. 250, defined the terms "steam vessel", "under way", "visible", and "distinct blast".

Section 303, act Feb. 19, 1895, ch. 102, §3, 28 Stat. 672, set penalties for violation by vessels. See section 2072 of this title.

Statutory Notes and Related Subsidiaries**EFFECTIVE DATE OF REPEAL**

§ 392. Complaint and answer; jury trial

At the summary trial of offenses against the laws for the protection of persons or property engaged in commerce or navigation, it shall not be necessary that the accused shall have been previously indicted, but a statement of complaint, verified by oath in writing, shall be presented to the court, setting out the offense in such manner as clearly to apprise the accused of the character of the offense complained of, and to enable him to answer the complaint. The complaint or statement shall be read to the accused, who may plead to or answer the same, or make a counterstatement. The trial shall thereupon be proceeded with in a summary manner, and the case shall be decided by the court, unless, at the time for pleading or answering, the accused shall demand a jury, in which case the trial shall be upon the complaint and plea of not guilty.

SUBCHAPTER I—IN GENERAL

§ 400. Continuing authority programs**(1) Definition of continuing authority program project**

In this section, the term “continuing authority program” means 1 of the following authorities:

- (A) Section 701s of this title.
- (B) Section 426i of this title.
- (C) Section 2330 of this title.
- (D) Section 2309a of this title.
- (E) Section 577 of this title.
- (F) Section 426g of this title.
- (G) Section 701r of this title.
- (H) Section 103 of the River and Harbor Act of 1962 (Public Law 87-874; 76 Stat. 1178).
- (I) Section 2326(e) of this title.
- (J) Section 701b-8a of this title.
- (K) Section 610(a) of this title.

(2) Prioritization

Not later than 1 year after June 10, 2014, the Secretary shall publish in the Federal Register and on a publicly available website, the criteria the Secretary uses for prioritizing annual funding for continuing authority program projects.

(3) Annual report

Not later than 1 year after June 10, 2014, and each year thereafter, the Secretary shall publish in the Federal Register and on a publicly available website, a report on the status of each continuing authority program, which, at a minimum, shall include—

- (A) the name and a short description of each active continuing authority program project;
- (B) the cost estimate to complete each active project; and
- (C) the funding available in that fiscal year for each continuing authority program.

(4) Congressional notification

On publication in the Federal Register under paragraphs (2) and (3), the Secretary shall submit to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a copy of all information published under those paragraphs.

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2 of Pub. L. 113-121, set out as a note under section 2201 of this title.

§ 401. Construction of bridges, causeways, dams or dikes generally; exemptions

It shall not be lawful to construct or commence the construction of any bridge, causeway, dam, or dike over or in any port, roadstead, haven, harbor, canal, navigable river, or other navigable water of the United States until the consent of Congress to the building of such structures shall have been obtained and until the plans for (1) the bridge or causeway shall have been submitted to and approved by the Secretary of the department in which the Coast Guard is operating, or (2) the dam or dike shall have been submitted to and approved by the Chief of Engineers and Secretary of the Army. However, such structures may be built under authority of the legislature of a State across rivers and other waterways the navigable portions of which lie wholly within the limits of a single State, provided the location and plans thereof are submitted to and approved by the Secretary of the department in which the Coast Guard is operating or by the Chief of Engineers and Secretary of the Army before construction is commenced. When plans for any bridge or other structure have been approved by the Secretary of the department in which the Coast Guard is operating or by the Chief of Engineers and Secretary of the Army, it shall not be lawful to deviate from such plans either before or after completion of the structure unless modification of said plans has previously been submitted to and received the approval of the Secretary of the department in which the Coast Guard is operating or the Chief of Engineers and the Secretary of the Army. The approval required by this section of the location and plans or any modification of plans of any bridge or causeway does not apply to any bridge or causeway over waters that are not subject to the ebb and flow of the tide and that are not used and are not susceptible to use

in their natural condition or by reasonable improvement as a means to transport interstate or foreign commerce.

TRANSFER OF FUNCTIONS

Enforcement functions of Secretary of the Army, Chief of Engineers, or other official in Corps of Engineers of the United States Army related to compliance with permits for structures in navigable waters issued under this section with respect to pre-construction, construction, and initial operation of transportation system for Canadian and Alaskan natural gas were transferred to the Federal Inspector, Office of Federal Inspector for the Alaska Natural Gas Transportation System, until the first anniversary of date of initial operation of the Alaska Natural Gas Transportation System, see Reorg. Plan No. 1 of 1979, §§102(b), 203(a), 44 F.R. 33663, 33666, 93 Stat. 1373, 1376, effective July 1, 1979, set out in the Appendix to Title 5, Government Organization and Employees.

§ 403a. Creation or continuance of obstruction of navigable waters

The creation of any obstruction, not affirmatively authorized by law, to the navigable capacity of any waters, in respect of which the United States has jurisdiction, is hereby prohibited. The continuance of any such obstruction, except bridges, piers, docks, and wharves, and similar structures erected for business purposes, whether heretofore or hereafter created, shall constitute an offense and each week's continuance of any such obstruction shall be deemed a separate offense. Every person and every corporation which shall be guilty of creating or continuing any such unlawful obstruction in this act mentioned, or who shall violate the provisions of the last four preceding sections of this act, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding five thousand dollars, or by imprisonment (in the case of a natural person) not exceeding one year, or by both such punishments, in the discretion of the court, the creating or continuing of any unlawful obstruction in this act mentioned may be prevented and such obstruction may be caused to be removed by the injunction of any district court exercising jurisdiction in any district in which such obstruction may be threatened or may exist; and proper proceedings in equity to this end may be instituted under the direction of the Attorney-General of the United States.

(Sept. 19, 1890, ch. 907, §10, 26 Stat. 454; Mar. 3, 1911, ch. 231, §291, 36 Stat. 1167.)

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

SHORT TITLE

This section is popularly known as the "Refuse Act of 1899".

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89-670, §6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation. Pub. L. 97-449 amended section 401 of this title to reflect transfer made by section 6(g)(6)(A) of Pub. L. 89-670, and repealed section 6(g)(6)(A).

TERMINATION OF DISCHARGE PERMIT PROGRAM

No permits for discharges into navigable waters to be issued under this section after Oct. 18, 1972, and the discharge permit program to be carried out instead under section 1342 of this title, with applications under this section pending on Oct. 18, 1972, to be deemed applications for permits under section 1342, see section 1342 of this title.

Executive Documents

EXECUTIVE ORDER NO. 11574

Ex. Ord. No. 11574, Dec. 23, 1970, 35 F.R. 19627, which provided for administration of a permit program to reg-

ulate discharge of pollutants and other refuse matter into navigable waters or their tributaries and placement of such matter on their banks, was revoked by Ex. Ord. No. 12553, Feb. 25, 1986, 51 F.R. 7237.

§ 407a. Deposit of debris of mines and stamp works

In places where harbor-lines have not been established, and where deposits of debris of mines or stamp works can be made without injury to navigation, within lines to be established by the Secretary of the Army, said officer may, and is authorized to, cause such lines to be established; and within such lines such deposits may be made, under regulations to be from time to time prescribed by him.

(Aug. 5, 1886, ch. 929, § 2, 24 Stat. 329; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89-670, § 6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation. Pub. L. 97-449 amended section 401 of this title to reflect transfer made by section 6(g)(6)(A) of Pub. L. 89-670, and repealed section 6(g)(6)(A).

§ 408. Taking possession of, use of, or injury to harbor or river improvements

(a) Prohibitions and permissions

It shall not be lawful for any person or persons to take possession of or make use of for any purpose, or build upon, alter, deface, destroy, move, injure, obstruct by fastening vessels thereto or otherwise, or in any manner whatever impair the usefulness of any sea wall, bulkhead, jetty, dike, levee, wharf, pier, or other work built by the United States, or any piece of plant, floating or otherwise, used in the construction of such work under the control of the United States, in whole or in part, for the preservation and improvement of any of its navigable waters or to prevent floods, or as boundary marks, tide gauges, surveying stations, buoys, or other established marks, nor remove for ballast or other purposes any stone or other material composing such works: *Provided*, That the Secretary of the Army may, on the recommendation of the Chief of Engineers, grant permission for the temporary occupation or use of any of the aforementioned public works when in his judgment such occupation or use will not be injurious to the public interest: *Provided further*, That the Secretary may, on the recommendation of the Chief

of Engineers, grant permission for the alteration or permanent occupation or use of any of the aforementioned public works when in the judgment of the Secretary such occupation or use will not be injurious to the public interest and will not impair the usefulness of such work.

(b) Concurrent review

(1) NEPA review

(A) In general

In any case in which an activity subject to this section requires a review under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), review and approval of the activity under this section shall, to the maximum extent practicable, occur concurrently with any review and decisions made under that Act.

(B) Corps of Engineers as a cooperating agency

If the Corps of Engineers is not the lead Federal agency for an environmental review described in subparagraph (A), the Corps of Engineers shall, to the maximum extent practicable and consistent with Federal laws—

(i) participate in the review as a cooperating agency (unless the Corps of Engineers does not intend to submit comments on the project); and

(ii) adopt and use any environmental document prepared under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) by the lead agency to the same extent that a Federal agency could adopt or use a document prepared by another Federal agency under—

(I) the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.); and

(II) parts 1500 through 1508 of title 40, Code of Federal Regulations (or successor regulations).

(2) Reviews by Secretary

In any case in which the Secretary must approve an action under this section and under another authority, including sections 401 and 403 of this title, section 1344 of this title, and section 1413 of this title, the Secretary shall—

(A) coordinate applicable reviews and, to the maximum extent practicable, carry out the reviews concurrently; and

(B) adopt and use any document prepared by the Corps of Engineers for the purpose of complying with the same law and that addresses the same types of impacts in the same geographic area if such document, as determined by the Secretary, is current and applicable.

(3) Contributed funds

The Secretary may accept and expend funds received from non-Federal public or private entities to evaluate under this section an alteration or permanent occupation or use of a work built by the United States.

(c) Timely review

(1) Complete application

On or before the date that is 30 days after the date on which the Secretary receives an

application for permission to take action affecting public projects pursuant to subsection (a), the Secretary shall inform the applicant whether the application is complete and, if it is not, what items are needed for the application to be complete.

(2) Decision

On or before the date that is 90 days after the date on which the Secretary receives a complete application for permission under subsection (a), the Secretary shall—

(A) make a decision on the application; or

(B) provide a schedule to the applicant identifying when the Secretary will make a decision on the application.

(3) Notification to Congress

In any case in which a schedule provided under paragraph (2)(B) extends beyond 120 days from the date of receipt of a complete application, the Secretary shall provide to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives an explanation justifying the extended timeframe for review.

(d) Work Defined

For the purposes of this section, the term “work” shall not include unimproved real estate owned or operated by the Secretary as part of a water resources development project if the Secretary determines that modification of such real estate would not affect the function and usefulness of the project.

(Mar. 3, 1899, ch. 425, §14, 30 Stat. 1152; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501; Pub. L. 99–88, title I, §100, Aug. 15, 1985, 99 Stat. 315; Pub. L. 114–322, title I, §1156(a), Dec. 16, 2016, 130 Stat. 1664; Pub. L. 115–270, title I, §1165, Oct. 23, 2018, 132 Stat. 3797.)

Editorial Notes

REFERENCES IN TEXT

The National Environmental Policy Act of 1969, referred to in subsec. (b)(1), is Pub. L. 91–190, Jan. 1, 1970, 83 Stat. 852, which is classified generally to chapter 55 (§4321 et seq.) of Title 42, The Public Health and Welfare. For complete classification of this Act to the Code, see Short Title note set out under section 4321 of Title 42 and Tables.

CODIFICATION

Section is from act Mar. 3, 1899, popularly known as the “Rivers and Harbors Appropriation Act of 1899”.

PRIOR PROVISIONS

Section superseded act Sept. 19, 1890, ch. 907, §9, 26 Stat. 426, which prohibited persons taking possession of or using or injuring government works in navigable waters.

Act Aug. 14, 1876, ch. 267, §3, 19 Stat. 139, penalizing persons injuring any pier breakwater, or other work of the United States for the improvement of rivers or harbors or navigation, was probably omitted from the Code as superseded by this section.

AMENDMENTS

2018—Subsec. (d), Pub. L. 115–270 added subsec. (d).

2016—Pub. L. 114–322 designated existing provisions as subsec. (a), inserted heading, and added subsecs. (b) and (c).

1985—Pub. L. 99–88 inserted further proviso empowering Secretary, on recommendation of Chief of Engineers, to grant permission for alteration or permanent occupation or use of any of public works mentioned in this section when in judgment of Secretary such occupation or use will not be injurious to public interest and will not impair usefulness of such work.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89–670, §6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation. Pub. L. 97–449 amended section 401 of this title to reflect transfer made by section 6(g)(6)(A) of Pub. L. 89–670, and repealed section 6(g)(6)(A).

§ 408a. Expediting approval of modifications and alterations of projects by non-Federal interests

(a) Section 14 application defined

In this section, the term “section 14 application” means an application submitted by an applicant to the Secretary requesting permission for the temporary occupation or use of a public work, or the alteration or permanent occupation or use of a public work, under section 14 of the Act of March 3, 1899 (commonly known as the “Rivers and Harbors Appropriation Act of 1899”) (33 U.S.C. 408).

(b) Review

Not later than 1 year after June 10, 2014, the Secretary, after providing notice and an opportunity for comment, shall establish a process for the review of section 14 applications in a timely and consistent manner.

(c) Benchmark goals

(1) Establishment of benchmark goals

In carrying out subsection (b), the Secretary shall—

(A) establish benchmark goals for determining the amount of time it should take the Secretary to determine whether a section 14 application is complete;

(B) establish benchmark goals for determining the amount of time it should take the Secretary to approve or disapprove a section 14 application; and

(C) to the extent practicable, use such benchmark goals to make a decision on section 14 applications in a timely and consistent manner.

(2) Benchmark goals**(A) Benchmark goals for determining whether section 14 applications are complete**

To the extent practicable, the benchmark goals established under paragraph (1) shall provide that—

(i) the Secretary reach a decision on whether a section 14 application is complete not later than 15 days after the date of receipt of the application; and

(ii) if the Secretary determines that a section 14 application is not complete, the Secretary promptly notify the applicant of the specific information that is missing or the analysis that is needed to complete the application.

(B) Benchmark goals for reviewing completed applications

To the extent practicable, the benchmark goals established under paragraph (1) shall provide that—

(i) the Secretary generally approve or disapprove a completed section 14 application not later than 45 days after the date of receipt of the completed application; and

(ii) in a case in which the Secretary determines that additional time is needed to review a completed section 14 application due to the type, size, cost, complexity, or impacts of the actions proposed in the application, the Secretary generally approve or disapprove the application not later than 180 days after the date of receipt of the completed application.

(3) Notice

In any case in which the Secretary determines that it will take the Secretary more than 45 days to review a completed section 14 application, the Secretary shall—

(A) provide written notification to the applicant; and

(B) include in the written notice a best estimate of the Secretary as to the amount of time required for completion of the review.

(d) Failure to achieve benchmark goals

In any case in which the Secretary fails make¹ a decision on a section 14 application in accordance with the process established under this section, the Secretary shall provide written notice to the applicant, including a detailed description of—

(1) why the Secretary failed to make a decision in accordance with such process;

(2) the additional actions required before the Secretary will issue a decision; and

(3) the amount of time the Secretary will require to issue a decision.

(e) Notification**(1) Submission to Congress**

The Secretary shall provide a copy of any written notice provided under subsection (d) to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives.

(2) Public availability

The Secretary shall maintain a publicly available database, including on the Internet, on—

(A) all section 14 applications received by the Secretary; and

(B) the current status of such applications.

(f) Guidance**(1) In general**

Not later than 120 days after December 16, 2016, the Secretary shall issue guidance on the implementation of this section.

(2) Incorporation

In issuing guidance under paragraph (1), or any other regulation, guidance, or engineering circular related to activities covered under section 408 of this title, the Secretary shall incorporate the requirements under this section.

(g) Prioritization

The Secretary shall prioritize and complete the activities required of the Secretary under this section.

AMENDMENTS

2016—Subsecs. (f), (g). Pub. L. 114-322 added subsecs. (f) and (g).

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2 of Pub. L. 113-121, set out as a note under section 2201 of this title.

§ 409. Obstruction of navigable waters by vessels; floating timber; marking and removal of sunken vessels

It shall not be lawful to tie up or anchor vessels or other craft in navigable channels in such a manner as to prevent or obstruct the passage of other vessels or craft; or to sink, or permit or cause to be sunk, vessels or other craft in navigable channels; or to float loose timber and logs, or to float what is known as “sack rafts of timber and logs” in streams or channels actually navigated by steamboats in such manner as to obstruct, impede, or endanger navigation. And whenever a vessel, raft or other craft is wrecked and sunk in a navigable channel, it shall be the duty of the owner, lessee, or operator of such sunken craft to immediately mark it with a buoy or beacon during the day and, unless otherwise granted a waiver by the Commandant of the Coast Guard, a light at night, and to maintain such marks until the sunken craft is removed or abandoned, and the neglect or failure of the said owner, lessee, or operator so to do shall be unlawful; and it shall be the duty of the owner, lessee, or operator of such sunken craft to commence the immediate removal of the same, and prosecute such removal diligently, and failure to do so shall be considered as an abandonment of such craft, and subject the

same to removal by the United States as provided for in sections 411 to 416, 418, and 502 of this title. The Commandant of the Coast Guard may waive the requirement to mark a wrecked vessel, raft, or other craft with a light at night if the Commandant determines that placing a light would be impractical and granting such a waiver would not create an undue hazard to navigation.

(Mar. 3, 1899, ch. 425, §15, 30 Stat. 1152; Pub. L. 99-662, title IX, §939(a), Nov. 17, 1986, 100 Stat. 4199; Pub. L. 108-293, title III, §301, Aug. 9, 2004, 118 Stat. 1041.)

Editorial Notes

CODIFICATION

Section is from act Mar. 3, 1899, popularly known as the "Rivers and Harbors Appropriation Act of 1899".

AMENDMENTS

2004—Pub. L. 108-293 substituted "day and, unless otherwise granted a waiver by the Commandant of the Coast Guard, a light" for "day and a lighted lantern" in second sentence and inserted at end "The Commandant of the Coast Guard may waive the requirement to mark a wrecked vessel, raft, or other craft with a light at night if the Commandant determines that placing a light would be impractical and granting such a waiver would not create an undue hazard to navigation."

1986—Pub. L. 99-662 substituted "or to sink" for "or to voluntarily or carelessly sink", struck out "accidentally or otherwise," after "navigable channel," and inserted ", lessee, or operator" after "owner" in three places.

§ 410. Exception as to floating loose timber, sack rafts, etc.; violation of regulations; penalty

The prohibition contained in section 409 of this title against floating loose timber and logs, or sack rafts, so called, of timber and logs in streams or channels actually navigated by steamboats, shall not apply to any navigable river or waterway of the United States or any part thereof whereon the floating of loose timber and logs and sack rafts of timber and logs is the principal method of navigation. But such method of navigation on such river or waterway or part thereof shall be subject to the rules and regulations prescribed by the Secretary of the Army as provided in this section.

The Secretary of the Army shall have power, and he is authorized and directed to prescribe rules and regulations, which he may at any time modify, to govern and regulate the floating of loose timber and logs, and sack rafts, (so called) of timber and logs and other methods of navigation on the streams and waterways, or any thereof, of the character, as to navigation, heretofore in this section described. The said rules and regulations shall be so framed as to equitably adjust conflicting interests between the different methods or forms of navigation; and the said rules and regulations shall be published at least once in such newspaper or newspapers of general circulation as in the opinion of the Secretary of the Army shall be best adapted to give notice of said rules and regulations to persons affected thereby and locally interested therein. And all modifications of said rules and regulations shall be similarly published. And such

rules and regulations when so prescribed and published as to any such stream or waterway shall have the force of law, and any violation thereof shall be a misdemeanor, and every person convicted of such violation shall be punished by a fine of not exceeding \$2,500 nor less than \$500, or by imprisonment (in case of a natural person) for not less than thirty days nor more than one year, or by both such fine and imprisonment, in the discretion of the court: *Provided*, That the proper action to enforce the provisions of this section may be commenced before any magistrate judge, judge, or court of the United States, and such magistrate judge, judge, or court shall proceed in respect thereto as authorized by law in the case of crimes or misdemeanors committed against the United States.

The right to alter, amend, or repeal this section at any time is reserved.

(May 9, 1900, ch. 387, §§1-3, 31 Stat. 172; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501; Pub. L. 90-578, title IV, §402(b)(2), Oct. 17, 1968, 82 Stat. 1118; Pub. L. 101-650, title III, §321, Dec. 1, 1990, 104 Stat. 5117.)

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

"Magistrate judge" substituted in text for "magistrate" pursuant to section 321 of Pub. L. 101-650, set out as a note under section 631 of Title 28, Judiciary and Judicial Procedure. Previously, "magistrate" was substituted for "commissioner" pursuant to Pub. L. 90-578. See chapter 43 (§ 631 et seq.) of Title 28.

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89-670, §6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation. Pub. L. 97-449 amended section 401 of this title to reflect transfer made by section 6(g)(6)(A) of Pub. L. 89-670, and repealed section 6(g)(6)(A).

§ 411. Penalty for wrongful deposit of refuse; use of or injury to harbor improvements, and obstruction of navigable waters generally

Every person and every corporation that shall violate, or that shall knowingly aid, abet, authorize, or instigate a violation of the provisions of sections 407, 408, 409, 414, and 415 of this title shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of up to \$25,000 per day, or by imprisonment (in the case of a natural person) for not less than thirty days nor more than one year, or by both such fine and imprisonment, in the discretion of the court, one-half of said fine to be paid to the person or persons giving information which shall lead to conviction.

(Mar. 3, 1899, ch. 425, §16, 30 Stat. 1153; Pub. L. 104-303, title II, §218(a), Oct. 12, 1996, 110 Stat. 3696.)

CODIFICATION

Section is from part of section 16 of act Mar. 3, 1899, popularly known as the "Rivers and Harbors Appropriation Act of 1899". The balance of such section, relating to liability of masters, pilots, and so forth and of vessels engaged in violations, is classified to section 412 of this title.

AMENDMENTS

1996—Pub. L. 104-303 substituted "407, 408, 409, 414, and 415" for "407, 408, and 409" and "of up to \$25,000 per day" for "not exceeding twenty-five hundred dollars nor less than five hundred dollars".

§ 412. Liability of masters, pilots, etc., and of vessels engaged in violations

Any and every master, pilot, and engineer, or person or persons acting in such capacity, respectively, on board of any boat or vessel who shall knowingly engage in towing any scow, boat, or vessel loaded with any material specified in section 407 of this title to any point or place of deposit or discharge in any harbor or navigable water, elsewhere than within the limits defined and permitted by the Secretary of the Army, or who shall willfully injure or destroy any work of the United States contemplated in section 408 of this title, or who shall willfully obstruct the channel of any waterway in the manner contemplated in section 409 of this title, shall be deemed guilty of a violation of this Act, and shall upon conviction be punished as provided in section 411 of this title, and shall also have his license revoked or suspended for a term to be fixed by the judge before whom tried and convicted. And any boat, vessel, scow, raft, or other craft used or employed in violating any of the provisions of sections 407, 408, 409, 414, and 415 of this title shall be liable for the pecuniary penalties specified in section 411 of this title, and in addition thereto for the amount of the damages done by said boat, vessel, scow, raft, or other craft, which latter sum shall be placed to the credit of the appropriation for the improvement of the harbor or waterway in which the damage occurred, and said boat, vessel, scow, raft, or other craft may be proceeded against summarily by way of libel in any district court of the United States having jurisdiction thereof.

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89-670, §6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation. Pub. L. 97-449 amended section 401 of this title to reflect transfer made by section 6(g)(6)(A) of Pub. L. 89-670, and repealed section 6(g)(6)(A).

§ 413. Duty of United States attorneys and other Federal officers in enforcement of provisions; arrest of offenders

The Department of Justice shall conduct the legal proceedings necessary to enforce the provisions of sections 401, 403, 404, 406, 407, 408, 409, 411, and 412 of this title; and it shall be the duty of United States attorneys to vigorously prosecute all offenders against the same whenever requested to do so by the Secretary of the Army or by any of the officials hereinafter designated, and it shall furthermore be the duty of said United States attorneys to report to the Attorney General of the United States the action taken by him against offenders so reported, and a transcript of such reports shall be transmitted to the Secretary of the Army by the Attorney General; and for the better enforcement of the said provisions and to facilitate the detection and bringing to punishment of such offenders, the officers and agents of the United States in charge of river and harbor improvements, and the assistant engineers and inspectors employed under them by authority of the Secretary of the Army, and the United States collectors of customs and other revenue officers shall have power and authority to swear out process, and to arrest and take into custody, with or without process, any person or persons who may commit any of the acts or offenses prohibited by the said sections, or who may violate any of the provisions of the same: *Provided*, That no person shall be arrested without process for any offense not committed in the presence of some one of the aforesaid officials: *And provided further*, That whenever any arrest is made under such sec-

tions, the person so arrested shall be brought forthwith before a magistrate judge, judge, or court of the United States for examination of the offenses alleged against him; and such magistrate judge, judge, or court shall proceed in respect thereto as authorized by law in case of crimes against the United States.

Editorial Notes

CODIFICATION

Section is from act Mar. 3, 1899, popularly known as the "Rivers and Harbors Appropriation Act of 1899".

PRIOR PROVISIONS

Act Sept. 19, 1890, ch. 907, §11, 26 Stat. 455, was probably omitted from the Code as superseded by this section, or as rendered obsolete by act March 3, 1899, different sections of which superseded provisions of the act of 1890, the enforcement of which was provided for by section 11. It read as follows: "It shall be the duty of officers and agents having the supervision, on the part of the United States, of the works in progress for the preservation and improvement of said navigable waters, and, in their absence, of the United States collectors of customs and other revenue officers to enforce the provisions of this act by giving information to the district attorney of the United States for the district in which any violation of any provision of this act shall have been committed: *Provided*, That the provisions of this act shall not apply to Torch Lake, Houghton County, Michigan."

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Act June 25, 1948, eff. Sept. 1, 1948, substituted "United States attorneys" for "district attorneys of the United States" and "district attorneys". See section 541 of Title 28, Judiciary and Judicial Procedure, and Historical and Revision Notes set out thereunder.

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

"Magistrate judge" substituted in text for "magistrate" pursuant to section 321 of Pub. L. 101-650, set out as a note under section 631 of Title 28, Judiciary and Judicial Procedure. Previously, "magistrate" was substituted for "commissioner" pursuant to Pub. L. 90-578. See chapter 43 (§631 et seq.) of Title 28.

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89-670, §6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation. Pub. L. 97-449 amended section 401 of this title to reflect transfer made by section 6(g)(6)(A) of Pub. L. 89-670, and repealed section 6(g)(6)(A).

TRANSFER OF FUNCTIONS

All offices of collector of customs, comptroller of customs, surveyor of customs, and appraiser of merchandise in Bureau of Customs of Department of the Treasury to which appointments required to be made by President with advice and consent of Senate were ordered abolished with such offices to be terminated not later than Dec. 31, 1966, by Reorg. Plan No. 1 of 1965, eff. May 25, 1965, 30 F.R. 7035, 79 Stat. 1317, set out in the Appendix to Title 5, Government Organization and Employees. All functions of the offices eliminated were already vested in Secretary of the Treasury by Reorg. Plan No. 26 of 1950, eff. July 31, 1950, 15 F.R. 4935, 64 Stat. 1280, set out in the Appendix to Title 5.

§414. Removal by Secretary of the Army of sunken water craft generally; liability of owner, lessee, or operator

(a) Whenever the navigation of any river, lake, harbor, sound, bay, canal, or other navigable waters of the United States shall be obstructed or endangered by any sunken vessel, boat, water craft, raft, or other similar obstruction, and such obstruction has existed for a longer period than thirty days, or whenever the abandonment of such obstruction can be legally established in a less space of time, the sunken vessel, boat, water craft, raft, or other obstruction shall be subject to be broken up, removed, sold, or otherwise disposed of by the Secretary of the Army at his discretion, without liability for any damage to the owners of the same: *Provided*, That in his discretion, the Secretary of the Army may cause reasonable notice of such obstruction of not less than thirty days, unless the legal abandonment of the obstruction can be established in a less time, to be given by publication, addressed "To whom it may concern," in a newspaper published nearest to the locality of the obstruction, requiring the removal thereof: *And provided also*, That the Secretary of the Army may, in his discretion, at or after the time of giving such notice, cause sealed proposals to be solicited by public advertisement, giving reasonable notice of not less than ten days, for the removal of such obstruction as soon as possible after the expiration of the above specified thirty days' notice, in case it has not in the meantime been so removed, these proposals and contracts, at his discretion, to be conditioned that such vessel, boat, water craft, raft, or other obstruction, and all cargo and property contained therein, shall become the property of the contractor, and the contract shall be awarded to the bidder making the proposition most advantageous to the United States: *Provided*, That such bidder shall give satisfactory security to execute the work: *Provided further*, That any money received from the sale of any such wreck, or from any contractor for the removal of wrecks, under this paragraph shall be covered into the Treasury of the United States.

(b) The owner, lessee, or operator of such vessel, boat, watercraft, raft, or other obstruction as described in this section shall be liable to the United States for the cost of removal or destruction and disposal as described which exceeds the costs recovered under subsection (a). Any amount recovered from the owner, lessee, or operator of such vessel pursuant to this subsection

to recover costs in excess of the proceeds from the sale or disposition of such vessel shall be deposited in the general fund of the Treasury of the United States.

Editorial Notes

CODIFICATION

Section is from act Mar. 3, 1899, popularly known as the "Rivers and Harbors Appropriation Act of 1899".

PRIOR PROVISIONS

Section superseded act June 14, 1880, ch. 211, §4, 21 Stat. 197, and act Aug. 2, 1882, ch. 375, 22 Stat. 208, which required the Secretary of War to give notice to the persons interested in wrecks obstructing navigation of the purpose of the Secretary to remove the same unless such parties should do so, and authorized the Secretary to remove the same on the failure of the parties interested to do so, and to sell the same to the highest bidder, and also authorized the Secretary to dispose of any sunken vessel or cargo before removal.

Section also superseded act Sept. 19, 1890, ch. 907, §8, 26 Stat. 454, which authorized the Secretary of War to remove wrecks remaining for more than two months.

AMENDMENTS

1986—Pub. L. 99-662 designated existing provision as subsec. (a) and added subsec. (b).

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

TRANSFER OF FUNCTIONS

Functions, powers and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89-670, §6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation. Pub. L. 97-449 amended section 401 of this title to reflect transfer made by section 6(g)(6)(A) of Pub. L. 89-670, and repealed section 6(g)(6)(A).

TRANSFER OF FUNCTIONS PERTAINING TO AIR FORCE

For transfer of certain functions insofar as they pertain to Air Force, and to extent that they were not previously transferred to Secretary of the Air Force and Department of the Air Force from Secretary of the Army and Department of the Army, see Secretary of Defense Transfer Order No. 40 [App. A(57)], July 22, 1949.

§ 415. Summary removal of water craft obstructing navigation; liability of owner, lessee, or operator

(a) Removal authority

Under emergency, in the case of any vessel, boat, water craft, or raft, or other similar ob-

struction, sinking or grounding, or being unnecessarily delayed in any Government canal or lock, or in any navigable waters mentioned in section 414 of this title, in such manner as to stop, seriously interfere with, or specially endanger navigation, in the opinion of the Secretary of the Army, or any agent of the United States to whom the Secretary may delegate proper authority, the Secretary of the Army or any such agent shall have the right to take immediate possession of such boat, vessel, or other water craft, or raft, so far as to remove or to destroy it and to clear immediately the canal, lock, or navigable waters aforesaid of the obstruction thereby caused, using his best judgment to prevent any unnecessary injury; and no one shall interfere with or prevent such removal or destruction: *Provided*, That the officer or agent charged with the removal or destruction of an obstruction under this section may in his discretion give notice in writing to the owners of any such obstruction requiring them to remove it: *And provided further*, That the actual expense, including administrative expenses, of removing any such obstruction as aforesaid shall be a charge against such craft and cargo; and if the owners thereof fail or refuse to reimburse the United States for such expense within thirty days after notification, then the officer or agent aforesaid may sell the craft or cargo, or any part thereof that may not have been destroyed in removal, and the proceeds of such sale shall be covered into the Treasury of the United States.

(b) Removal requirement

Not later than 24 hours after the Secretary of the Department in which the Coast Guard is operating issues an order to stop or delay navigation in any navigable waters of the United States because of conditions related to the sinking or grounding of a vessel, the owner or operator of the vessel, with the approval of the Secretary of the Army, shall begin removal of the vessel using the most expeditious removal method available or, if appropriate, secure the vessel pending removal to allow navigation to resume. If the owner or operator fails to begin removal or to secure the vessel pending removal or fails to complete removal on an expedited basis, the Secretary of the Army shall remove or destroy the vessel using the summary removal procedures under subsection (a).

(c) Liability of owner, lessee, or operator

The owner, lessee, or operator of such vessel, boat, watercraft, raft, or other obstruction as described in this section shall be liable to the United States for the actual cost, including administrative costs, of removal or destruction and disposal as described which exceeds the costs recovered under subsection (a). Any amount recovered from the owner, lessee, or operator of such vessel pursuant to this subsection to recover costs in excess of the proceeds from the sale or disposition of such vessel shall be deposited in the general fund of the Treasury of the United States.

CODIFICATION

Section is from part of section 20 of act Mar. 3, 1899, popularly known as the "Rivers and Harbors Appropriation Act of 1899". Another part of that section, appropriating money necessary to execute its provisions, is classified to section 416 of this title.

Section 20 of act Mar. 3, 1899, also contained a repealing clause with a proviso saving pending actions and rights of actions. It was amended by act Feb. 20, 1900, ch. 23, §3, 31 Stat. 32, and again amended by act June 13, 1902, ch. 1079, §12, 32 Stat. 375, by adding another proviso which is classified to section 418 of this title.

AMENDMENTS

1996—Subsec. (a). Pub. L. 104-303, §218(b)(1), substituted "actual expense, including administrative expenses, of removing" for "expense of removing".

Subsec. (b). Pub. L. 104-303, §218(b)(4), added subsec. (b). Former subsec. (b) redesignated (c).

Subsec. (c). Pub. L. 104-303, §218(b)(2), (3), redesignated subsec. (b) as (c) and substituted "actual cost, including administrative costs, of removal" for "cost of removal".

1986—Pub. L. 99-662 designated existing provision as subsec. (a) and added subsec. (b).

§ 419. Regulation by Secretary governing transportation and dumping of dredgings, refuse, etc., into navigable waters; oyster lands; appropriations

The Secretary of the Army is authorized and empowered to prescribe regulations to govern the transportation and dumping into any navigable water, or waters adjacent thereto, of dredgings, earth, garbage, and other refuse materials of every kind or description, whenever in his judgment such regulations are required in the interest of navigation. Such regulations shall be posted in conspicuous and appropriate places for the information of the public; and every person or corporation which shall violate the said regulations, or any of them, shall be deemed guilty of a misdemeanor and shall be subject to the penalties prescribed in sections 411 and 412 of this title, for violation of the provisions of section 407 of this title: *Provided*, That any regulations made in pursuance hereof may be enforced as provided in section 413 of this title, the provisions whereof are made applicable to the said regulations: *Provided further*, That this section shall not apply to any waters within the jurisdictional boundaries of any State which are now or may hereafter be used for the cul-

tivation of oysters under the laws of such State, except navigable channels which have been or may hereafter be improved by the United States, or to be designated as navigable channels by competent authority, and in making such improvements of channels, the material dredged shall not be deposited upon any ground in use in accordance with the laws of such State for the cultivation of oysters, except in compliance with said laws: *And provided further*, That any expense necessary in executing this section may be paid from funds available for the improvement of the harbor or waterway, for which regulations may be prescribed, and in case no such funds are available the said expense may be paid from appropriations made by Congress for examinations, surveys, and contingencies of rivers and harbors.

(Mar. 3, 1905, ch. 1482, §4, 33 Stat. 1147; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89-670, § 6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation. Pub. L. 97-449 amended section 401 of this title to reflect transfer made by section 6(g)(6)(A) of Pub. L. 89-670, and repealed section 6(g)(6)(A).

§ 421. Deposit of refuse, etc., in Lake Michigan near Chicago

It shall not be lawful to throw, discharge, dump, or deposit, or cause, suffer, or procure, to be thrown, discharged, dumped, or deposited, any refuse matter of any kind or description whatever other than that flowing from streets and sewers and passing therefrom in a liquid state into Lake Michigan, at any point opposite or in front of the county of Cook, in the State of Illinois, or the county of Lake in the State of Indiana, within eight miles from the shore of said lake, unless said material shall be placed inside of a breakwater so arranged as not to permit the escape of such refuse material into the body of the lake and cause contamination thereof; and no officer of the Government shall dump or cause or authorize to be dumped any material contrary to the provisions of this section: *Provided, however*, That the provisions of this section shall not apply to work in connection with the construction, repair, and protection of breakwaters and other structures built in aid of

navigation, or for the purpose of obtaining water supply. Any person violating any provision of this section shall be guilty of a misdemeanor, and on conviction thereof shall be fined for each offense not exceeding \$1,000.

§ 425. Omitted**Editorial Notes**

CODIFICATION

Section, act June 7, 1924, ch. 316, §9, 43 Stat. 606, directed Secretary of War to investigate depositing of polluting substances into navigable streams and report the results to Congress not later than two years from June 7, 1924.

§ 426. Investigations concerning erosion of shores of coastal and lake waters

The Chief of Engineers of the United States Army, under the direction of the Secretary of the Army, is authorized and directed to cause investigations and studies to be made in cooperation with the appropriate agencies of the various States on the Atlantic, Pacific, and gulf coasts and on the Great Lakes, and of the States of Alaska and Hawaii, the Commonwealth of Puerto Rico, and the possessions of the United States, with a view to devising effective means of preventing erosion of the shores of coastal and lake waters by waves and currents; and any expenses incident and necessary thereto may be paid from funds appropriated for General Investigations, Civil Functions, Department of the Army: *Provided*, That the Department of the Army may release to the appropriate cooperating agencies information obtained by these investigations and studies prior to the formal transmission of reports to Congress: *Provided further*, That no money shall be expended under authority of this section in any State which does not provide for cooperation with the agents

of the United States and contribute to the project such funds or services as the Secretary of the Army may deem appropriate and require; that there shall be organized under the Chief of Engineers, United States Army, a Board of seven members, of whom four shall be officers of the Corps of Engineers and three shall be civilian engineers selected by the Chief of Engineers with regard to their special fitness in the field of beach erosion and shore protection. The Board will furnish such technical assistance as may be directed by the Chief of Engineers in the conduct of such studies as may be undertaken and will review the reports of the investigations made. In the consideration of such studies as may be referred to the Board by the Chief of Engineers, the Board shall, when it considers it necessary and with the sanction of the Chief of Engineers, make, as a board or through its members, personal examination of localities under investigation: *Provided further*, That the civilian members of the Board may be paid at rates not to exceed \$100 a day for each day of attendance at Board meetings, not to exceed thirty days per annum, in addition to the traveling and other necessary expenses connected with their duties on the Board in accordance with the provisions of section 5703 of title 5.

REFERENCES IN TEXT

The Board, referred to in text, means the Beach Erosion Board, which was abolished by Pub. L. 88-172, § 1, Nov. 7, 1963, 77 Stat. 304. See note set out below.

CODIFICATION

“Section 5703 of title 5” substituted in text for “section 5 of the Administrative Expenses Act of 1946, as amended (5 U.S.C. 73b-2)”, on authority of Pub. L. 89-554, § 7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees.

AMENDMENTS

1960—Pub. L. 86-645, among other changes, substituted provisions requiring the three civilian members of the Board to be civilian engineers selected by the Chief of Engineers with regard to their special fitness in the field of beach erosion and shore protection for provisions which required the civilian members to be selected with regard to their special fitness from among the State agencies cooperating with the Department of the Army, and provisions authorizing payment of civilian members at rates not to exceed \$100 a day, for not more than 30 days per annum, for provisions which required the States to pay the salaries of the civilian members.

CODIFICATION

Coastal Engineering Research Center has been substituted for Beach Erosion Board pursuant to Pub. L. 88-172, §1, providing in part for the abolition of the Beach Erosion Board, which is set out as a note under section 426 of this title. For transfer of investigatory functions of the Beach Erosion Board to the Coastal Engineering Research Center see section 426-1 of this title.

§ 426d. Payment of expenses

Any expenses incident and necessary in the undertaking of the general investigations authorized by sections 426a to 426d of this title may be paid from funds appropriated prior to or after July 31, 1945, for examinations, surveys, and contingencies for rivers and harbors.

(July 31, 1945, ch. 334, §4, 59 Stat. 508.)

§ 426e. Federal aid in protection of shores

(a) Declaration of policy

With the purpose of preventing damage to the shores and beaches of the United States, its Territories and possessions and promoting and encouraging the healthful recreation of the people, it is declared to be the policy of the United States, subject to sections 426e to 426h-1 of this title, to promote shore protection projects and related research that encourage the protection, restoration, and enhancement of sandy beaches, including beach restoration and periodic beach nourishment, on a comprehensive and coordinated basis by the Federal Government, States, localities, and private enterprises. In carrying out this policy, preference shall be given to areas in which there has been a Federal investment of funds and areas with respect to which the need for prevention or mitigation of damage to shores and beaches is attributable to Federal navigation projects or other Federal activities.

(b) Federal contribution; maximum amount; exceptions

The Federal contribution in the case of any project referred to in subsection (a) shall not exceed one-half of the cost of the project, and the remainder shall be paid by the State, municipality, or other political subdivision in which

the project is located, except that (1) the costs allocated to the restoration and protection of Federal property shall be borne fully by the Federal Government, (2) Federal participation in the cost of a project for restoration and protection of State, county, and other publicly owned shore parks and conservation areas may be, in the discretion of the Chief of Engineers, not more than 70 per centum of the total cost exclusive of land costs, when such areas: Include a zone which excludes permanent human habitation; include but are not limited to recreational beaches; satisfy adequate criteria for conservation and development of the natural resources of the environment; extend landward a sufficient distance to include, where appropriate, protective dunes, bluffs, or other natural features which serve to protect the uplands from damage; and provide essentially full park facilities for appropriate public use, all of which shall meet with the approval of the Chief of Engineers, and (3) Federal participation in the cost of a project providing hurricane protection may be, in the discretion of the Secretary¹ not more than 70 per centum of the total cost exclusive of land costs.

(c) Periodic beach nourishment; "construction" defined

When in the opinion of the Chief of Engineers the most suitable and economical remedial measures would be provided by periodic beach nourishment, the term "construction" may be construed for the purposes of sections 426e to 426h-1 of this title to include the deposit of sand fill at suitable intervals of time to furnish sand supply to project shores for a length of time specified by the Chief of Engineers.

(d) Shores other than public

Shores other than public will be eligible for Federal assistance if there is benefit such as that arising from public use or from the protection of nearby public property or if the benefits to those shores are incidental to the project, and the Federal contribution to the project shall be adjusted in accordance with the degree of such benefits.

(e) Authorization of projects

(1) In general

No Federal contributions shall be made with respect to a project under sections 426e to 426h-1 of this title unless the plan therefor shall have been specifically adopted and authorized by Congress after investigation and study by the Coastal Engineering Research Center under the provisions of section 426 of this title as amended and supplemented, or, in the case of a small project under section 426g or 426h² of this title, unless the plan therefor has been approved by the Chief of Engineers.

(2) Studies

(A) In general

The Secretary shall—

(i) recommend to Congress studies concerning shore protection projects that meet the criteria established under sec-

¹ So in original. Probably should be followed by a comma.

² See References in Text note below.

tions 426e to 426h-1 of this title (including subparagraph (B)(iii)) and other applicable law;

(ii) conduct such studies as Congress requires under applicable laws; and

(iii) report the results of the studies to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives.

(B) Recommendations for shore protection projects

(i) In general

The Secretary shall recommend to Congress the authorization or reauthorization of shore protection projects based on the studies conducted under subparagraph (A).

(ii) Considerations

In making recommendations, the Secretary shall consider the economic and ecological benefits of the shore protection project.

(C) Coordination of projects

In conducting studies and making recommendations for a shore protection project under this paragraph, the Secretary shall—

(i) determine whether there is any other project being carried out by the Secretary or the head of another Federal agency that may be complementary to the shore protection project; and

(ii) if there is such a complementary project, describe the efforts that will be made to coordinate the projects.

(3) Shore protection projects

(A) In general

The Secretary shall construct, or cause to be constructed, any shore protection project authorized by Congress, or separable element of such a project, for which funds have been appropriated by Congress.

(B) Agreements

(i) Requirement

After authorization by Congress, and before commencement of construction, of a shore protection project or separable element, the Secretary shall enter into a written agreement with a non-Federal interest with respect to the project or separable element.

(ii) Terms

The agreement shall—

(I) specify the life of the project; and

(II) ensure that the Federal Government and the non-Federal interest will cooperate in carrying out the project or separable element.

(C) Coordination of projects

In constructing a shore protection project or separable element under this paragraph, the Secretary shall, to the extent practicable, coordinate the project or element with any complementary project identified under paragraph (2)(C).

Section 426h of this title, referred to in subsec. (e)(1), was repealed by Pub. L. 110-114, title II, §2038(b), Nov. 8, 2007, 121 Stat. 1100.

CODIFICATION

Coastal Engineering Research Center, referred to in subsec. (e), has been substituted for Beach Erosion Board pursuant to Pub. L. 88-172, §1, providing in part for the abolition of the Beach Erosion Board and for transfer of functions of the Beach Erosion Board to the Coastal Engineering Research Center. See section 426-1 of this title.

AMENDMENTS

1996—Subsec. (a). Pub. L. 104-303, §227(a), inserted “and beaches” after “damage to the shores” and substituted “sections 426e to 426h-1 of this title, to promote shore protection projects and related research that encourage the protection, restoration, and enhancement of sandy beaches, including beach restoration and periodic beach nourishment, on a comprehensive and coordinated basis by the Federal Government, States, localities, and private enterprises. In carrying out this policy, preference shall be given to areas in which there has been a Federal investment of funds and areas with respect to which the need for prevention or mitigation of damage to shores and beaches is attributable to Federal navigation projects or other Federal activities.” for “the following provisions of sections 426e to 426h of this title to assist in the construction, but not the maintenance, of works for the restoration and protection against erosion, by waves and currents, of the shores of the United States, its Territories and possessions.”

Subsec. (b)(3). Pub. L. 104-303, §227(e)(2), substituted “Secretary” for “Secretary of the Army, acting through the Chief of Engineers,” and struck out second period at end.

Subsec. (e). Pub. L. 104-303, §227(b), (e)(2)(B), inserted subsec. heading, designated existing provisions as par. (1) and inserted heading, realigned margin, inserted “or 426h” after “under section 426g”, and added pars. (2) and (3).

1970—Subsec. (b). Pub. L. 91-611 provided for designation of existing provisions as cls. (1) and (2) by insertion of “(1)” after “except that” and substitution of “(2)” for “and, further, that” and added cl. (3).

1962—Subsec. (b). Pub. L. 87-874, §103(a)(1), (2), increased maximum limit on amount of Federal contributions from one-third to one-half of project cost, provided that costs for restoration and protection of Federal property shall be borne fully by the Federal Government, and that costs for restoration and protection of State, county and other publicly owned shore parks and conservation areas may be borne by Federal Government up to not more than 70 per centum, exclusive of land costs, when such areas include a zone which excludes permanent human habitation, include recreational beaches, satisfy criteria for conservation and development of natural resources, extend landward enough to include natural features to protect uplands, and provide essentially full park facilities for public use, all of which meet with approval of Chief of Engineers.

Subsec. (e). Pub. L. 87-874, §103(a)(3), required approval of plans by Chief of Engineers in case of a small project under section 426g of this title.

1956—Act July 28, 1956, extended assistance to privately owned shores, to include shores of Territories

and possessions, substituted “restoration” for “improvement”, defined “construction”, and struck out provisions which authorized Federal aid toward the repair and protection of seawalls constructed by political subdivisions to protect important public highways.

BEACH RECREATION

Pub. L. 106-541, title II, §220, Dec. 11, 2000, 114 Stat. 2596, provided that: “Not later than 1 year after the date of enactment of this Act [Dec. 11, 2000], the Secretary shall develop and implement procedures to ensure that all of the benefits of a beach restoration project, including those benefits attributable to recreation, hurricane and storm damage reduction, and environmental protection and restoration, are displayed in reports for such projects.”

SHORE MANAGEMENT PROGRAM

Pub. L. 106-53, title II, §213, Aug. 17, 1999, 113 Stat. 291, required the Secretary to review the implementation of the Corps of Engineers shore management program, with particular attention to inconsistencies in implementation among the divisions and districts of the Corps of Engineers and complaints by or potential inequities regarding property owners in the Savannah District during the 5-year period preceding Aug. 17, 1999, and directed the Secretary to submit to Congress a report of the review by Aug. 17, 1999.

REPORT ON SHORES OF THE UNITED STATES

Pub. L. 106-53, title II, §215(c), Aug. 17, 1999, 113 Stat. 293, required the Secretary to report to Congress, not later than 3 years after Aug. 17, 1999, on the state of the shores of the United States and specified the contents of such report and the use of specific location data.

REPORT TO CONGRESS ON SHORELINE PROTECTION PROGRAMS

Pub. L. 101-640, title III, §309, Nov. 28, 1990, 104 Stat. 4638, provided that not later than 1 year after Nov. 28, 1990, the Secretary was to transmit to Congress a report on the advisability of not participating in the planning, implementation, or maintenance of any beach stabilization or renourishment project involving Federal funds unless the State in which the proposed project would be located had established or committed to establish a beach front management program, which included specified restrictions and other regulatory provisions.

§ 426e-1. Shore protection projects

(a) In general

In accordance with the Act of July 3, 1930 (33 U.S.C. 426) of this title, and notwithstanding administrative actions, it is the policy of the United States to promote beach nourishment for the purposes of flood damage reduction and hurricane and storm damage reduction and related research that encourage the protection, restoration, and enhancement of sandy beaches, including beach restoration and periodic beach renourishment for a period of 50 years, on a comprehensive and coordinated basis by the Federal Government, States, localities, and private enterprises.

(b) Preference

In carrying out the policy under subsection (a), preference shall be given to—

- (1) areas in which there has been a Federal investment of funds for the purposes described in subsection (a); and
- (2) areas with respect to which the need for prevention or mitigation of damage to shores

and beaches is attributable to Federal navigation projects or other Federal activities.

(c) Applicability

The Secretary shall apply the policy under subsection (a) to each shore protection and beach renourishment project (including shore protection and beach renourishment projects constructed before November 8, 2007).

(Pub. L. 110-114, title II, §2018, Nov. 8, 2007, 121 Stat. 1077.)

§ 426e-2. Clarification of munition disposal authorities

(a) In general

The Secretary may, at full Federal expense, implement any response action the Secretary determines to be necessary at a site where—

- (1) the Secretary has carried out a project under civil works authority of the Secretary that includes placing sand on a beach; and
- (2) as a result of the project described in paragraph (1), military munitions that were originally released as a result of Department of Defense activities are deposited on the beach, posing a threat to human health or the environment.

(b) Response action funding

A response action described in subsection (a) shall be reimbursed from amounts made available to the agency within the Department of Defense responsible for the original release of the munitions.

AMENDMENTS

2016—Subsec. (a). Pub. L. 114-322, §1154(1), inserted “, at full Federal expense,” after “The Secretary may” in introductory provisions.

Subsec. (b). Pub. L. 114-322, §1154(2), substituted “reimbursed” for “funded”.

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2 of Pub. L. 113-121, set out as a note under section 2201 of this title.

§ 426e-3. Coastal storm damage reduction contracts

For any project for coastal storm damage reduction, the Secretary may seek input from a

non-Federal interest for a project that may be affected by the timing of the coastal storm damage reduction activities under the project, in order to minimize, to the maximum extent practicable, any negative effects resulting from the timing of those activities.

Secretary means the Secretary of the Army, see section 2 of div. AA of Pub. L. 116-260, set out as a note under section 2201 of this title.

§ 426f. Reimbursements

(a) In general

The Secretary is authorized to reimburse non-Federal interests for work done by them, after initiation of the survey studies which form the basis for the project or separable element of the project, on authorized projects or separable elements which individually do not exceed \$1,000,000 in total cost: *Provided*, That the work which may have been done on the projects or separable elements is approved by the Chief of Engineers as being in accordance with the authorized projects or separable elements: *Provided further*, That such reimbursement shall be subject to appropriations applicable thereto or funds available therefor and shall not take precedence over other pending projects or separable elements of higher priority for improvements.

(b) Agreements

(1) Requirement

After authorization of reimbursement by the Secretary under this section, and before commencement of construction, of a shore protection project, the Secretary shall enter into a written agreement with the non-Federal interest with respect to the project or separable element.

(2) Terms

The agreement shall—

- (A) specify the life of the project; and
- (B) ensure that the Federal Government and the non-Federal interest will cooperate in carrying out the project or separable element.

Editorial Notes

AMENDMENTS

1996—Pub. L. 104-303 inserted section catchline, designated existing provisions as subsec. (a), inserted heading, substituted “Secretary” for “Secretary of the Army” and “non-Federal interests” for “local interests”, inserted “or separable element of the project” after “project”, inserted “or separable elements” after “projects” wherever appearing, and added subsec. (b).

1962—Pub. L. 87-874 substituted provisions which authorize the Secretary of the Army to reimburse local

interests for work done on authorized projects which individually do not exceed \$1,000,000 in cost, and provide that such reimbursement shall be subject to applicable appropriations or available funds and not take priority over pending projects of higher priority, for provisions which authorized the Chief of Engineers to cause to be paid to the political subdivision involved the amount authorized by Congress.

1956—Act July 28, 1956, substituted “or other political subdivision involved” for “or political subdivision”.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89-670, §6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation. Pub. L. 97-449 amended section 401 of this title to reflect transfer made by section 6(g)(6)(A) of Pub. L. 89-670, and repealed section 6(g)(6)(A).

§ 426g. Storm and hurricane restoration and impact minimization program

(a) Construction of small shore and beach restoration and protection projects

(1) In general

The Secretary may carry out a program for the construction of small shore and beach restoration and protection projects not specifically authorized by Congress that otherwise comply with section 426e of this title if the Secretary determines that such construction is advisable.

(2) Local cooperation

The local cooperation requirement of section 426e of this title shall apply to a project under this section.

(3) Completeness

A project under this subsection—

- (A) shall be complete; and
- (B) shall not commit the United States to any additional improvement to ensure the successful operation of the project; except for participation in periodic beach nourishment in accordance with—
 - (i) section 426e of this title; and
 - (ii) the procedure for projects authorized after submission of a survey report.

(b) National shoreline erosion control development and demonstration program

(1) In general

The Secretary shall conduct under the program authorized by subsection (a) a national shoreline erosion control development and demonstration program (referred to in this section as the “demonstration program”).

(2) Requirements**(A) In general**

The demonstration program shall include provisions for—

- (i) projects consisting of planning, design, construction, and monitoring of prototype engineered and native and naturalized vegetative shoreline erosion control devices and methods;
- (ii) monitoring of the applicable prototypes;
- (iii) detailed engineering and environmental reports on the results of each project carried out under the demonstration¹ program; and
- (iv) technology transfers, as appropriate, to private property owners, State and local entities, nonprofit educational institutions, and nongovernmental organizations.

(B) Determination of feasibility

A project under the demonstration program shall not be carried out until the Secretary determines that the project is feasible.

(C) Emphasis

A project under the demonstration program shall emphasize, to the maximum extent practicable—

- (i) the development and demonstration of innovative technologies;
- (ii) efficient designs to prevent erosion at a shoreline site, taking into account the lifecycle cost of the design, including cleanup, maintenance, and amortization;
- (iii) new and enhanced shore protection project design and project formulation tools the purposes of which are to improve the physical performance, and lower the lifecycle costs, of the projects;
- (iv) natural designs, including the use of native and naturalized vegetation or temporary structures that minimize permanent structural alterations to the shoreline;
- (v) the avoidance of negative impacts to adjacent shorefront communities;
- (vi) in areas with substantial residential or commercial interests located adjacent to the shoreline, designs that do not impair the aesthetic appeal of the interests;
- (vii) the potential for long-term protection afforded by the technology; and
- (viii) recommendations developed from evaluations of the program established under the Shoreline Erosion Control Demonstration Act of 1974 (42 U.S.C. 1962-5 note),² including—
 - (I) adequate consideration of the subgrade;
 - (II) proper filtration;
 - (III) durable components;
 - (IV) adequate connection between units; and
 - (V) consideration of additional relevant information.

(D) Sites**(i) In general**

Each project under the demonstration program may be carried out at—

- (I) a privately owned site with substantial public access; or
- (II) a publicly owned site on open coast or in tidal waters.

(ii) Selection

The Secretary shall develop criteria for the selection of sites for projects under the demonstration program, including criteria based on—

- (I) a variety of geographic and climatic conditions;
- (II) the size of the population that is dependent on the beaches for recreation or the protection of private property or public infrastructure;
- (III) the rate of erosion;
- (IV) significant natural resources or habitats and environmentally sensitive areas; and
- (V) significant threatened historic structures or landmarks.

(3) Consultation

The Secretary shall carry out the demonstration program in consultation with—

- (A) the Secretary of Agriculture, particularly with respect to native and naturalized vegetative means of preventing and controlling shoreline erosion;
- (B) Federal, State, and local agencies;
- (C) private organizations;
- (D) the Coastal Engineering Research Center established by section 426-1 of this title; and
- (E) applicable university research facilities.

(4) Completion of demonstration

After carrying out the initial construction and evaluation of the performance and cost of a project under the demonstration program, the Secretary may—

- (A) amend, at the request of a non-Federal interest of the project, the partnership agreement for a federally authorized shore protection project in existence on the date on which initial construction of the project under the demonstration program is complete to incorporate the project constructed under the demonstration program as a feature of the shore protection project, with the future cost sharing of the project constructed under the demonstration program to be determined by the project purposes of the shore protection project; or
- (B) transfer all interest in and responsibility for the completed project constructed under the demonstration program to a non-Federal interest or another Federal agency.

(5) Agreements

The Secretary may enter into a partnership agreement with the non-Federal interest or a cooperative agreement with the head of another Federal agency under the demonstration program—

- (A) to share the costs of construction, operation, maintenance, and monitoring of a project under the demonstration program;

¹ So in original. Probably should be "demonstration".

² See References in Text note below.

(B) to share the costs of removing the project, or element of the project if the Secretary determines that the project or element of the project is detrimental to public or private property, public infrastructure, or public safety; or

(C) to specify ownership of the completed project if the Secretary determines that the completed project will not be part of a Corps of Engineers project.

(6) Report

Not later than December 31, 2008, and every 3 years thereafter, the Secretary shall prepare and submit to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report describing—

(A) the activities carried out and accomplishments made under the demonstration program since the previous report under this paragraph; and

(B) any recommendations of the Secretary relating to the program.

(c) Authorization of appropriations

(1) In general

Subject to paragraph (2), the Secretary may expend, from any appropriations made available to the Secretary for the purpose of carrying out civil works, not more than \$37,500,000 during any fiscal year to pay the Federal share of the costs of construction of small shore and beach restoration and protection projects or small projects under this section.

(2) Limitation

The total amount expended for a project under this section shall—

(A) be sufficient to pay the cost of Federal participation in the project (including periodic nourishment as provided for under section 426e of this title), as determined by the Secretary; and

(B) be not more than \$10,000,000.

(Aug. 13, 1946, ch. 960, § 3, 60 Stat. 1056; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501; July 28, 1956, ch. 768, 70 Stat. 703; Pub. AMENDMENTS

2018—Subsec. (c)(1). Pub. L. 115-270 substituted “\$37,500,000” for “\$30,000,000”.

2016—Subsec. (c)(2)(B). Pub. L. 114-322 substituted “\$10,000,000” for “\$5,000,000”.

2007—Pub. L. 110-114 amended section generally. Prior to amendment, section related to authorization of small shore and beach restoration and protection projects not specifically authorized by Congress.

1999—Pub. L. 106-53 substituted “\$3,000,000” for “\$2,000,000”.

1996—Pub. L. 104-303 substituted “Secretary” for “Secretary of the Army”.

1986—Pub. L. 99-662 substituted “\$30,000,000” for “\$25,000,000” and “\$2,000,000” for “\$1,000,000”.

1970—Pub. L. 91-611 increased authorized annual allotment for Federal share of project construction costs from \$10,000,000 to \$25,000,000 and the limitation on allotment for any single project from \$500,000 to \$1,000,000.

1965—Pub. L. 89-298 increased authorized annual allotment for Federal share of project construction costs from \$3,000,000 to \$10,000,000 and the limitation on allotment for any single project from \$400,000 to \$500,000.

1962—Pub. L. 87-874 substituted provisions which authorize the Secretary of the Army to undertake small shore and beach projects not specifically authorized by Congress, which otherwise comply with section 426e of this title, and to allot from any civil works appropriations hereafter made, an amount not to exceed \$3,000,000 for the Federal share of such projects in any one fiscal year, provide that no such single project shall be allotted more than \$400,000, including periodic nourishment, that provisions of local cooperation shall apply, and that the work shall be complete and not commit the United States to any additional improvement except for periodic beach nourishment, and as may result from procedure applying to projects authorized after submission of survey reports, for provisions which permitted the Chief of Engineers to make advance payments, not exceeding the United States pro rata part of the value of the labor and materials actually put in, and to undertake construction of restoration and protective works under sections 426e to 426h of this title upon the request of, and contribution of funds by, the interested political subdivision.

1956—Act July 28, 1956, substituted “restoration and protective works under sections 426e to 426h of this title” for “improvement and protective works”.

EFFECTIVE DATE OF 1970 AMENDMENT

Pub. L. 91-611, title I, § 112(c), Dec. 31, 1970, 84 Stat. 1821, provided that: “The amendments made by this section [amending this section and section 577 of this title] shall not apply to any project under contract for construction on the date of enactment of this Act [Dec. 31, 1970].”

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of

the Army under section 401 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89-670, §6(g)(6)(A), Oct. 15, 1966, 80 Stat. 941, which created Department of Transportation. Pub. L. 97-449 amended section 401 of this title to reflect transfer made by section 6(g)(6)(A) of Pub. L. 89-670, and repealed section 6(g)(6)(A).

HURRICANE AND STORM DAMAGE PROTECTION PROGRAM

Pub. L. 115-270, title I, §1112, Oct. 23, 2018, 132 Stat. 3775, provided that:

“(a) **IN GENERAL.**—The Secretary [of the Army] is authorized to carry out a pilot program to award single contracts for more than one authorized hurricane and storm damage reduction project in a geographical region, including projects across more than one Corps of Engineers district, if the Secretary determines that the contract provides cost savings compared to the awarding of such work on a project-by-project basis.

“(b) **PROJECT SELECTION.**—In carrying out the pilot program under subsection (a), the Secretary shall consult with relevant State agencies in selecting projects.

“(c) **CRITERIA.**—In carrying out the pilot program under subsection (a), the Secretary shall establish criteria and other considerations that—

“(1) foster Federal, State, and local collaboration;

“(2) evaluate the performance of projects being carried out under a single contract with respect to whether such projects yield any regional or multi-district benefits; and

“(3) include other criteria and considerations that the Secretary determines to be appropriate.

“(d) **REPORT.**—Not later than 1 year after the date of enactment of this Act [Oct. 23, 2018], and annually thereafter, the Secretary shall submit to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report that includes findings and recommendations of the Secretary with respect to the projects completed under the pilot program carried out under subsection (a).

“(e) **AUTHORIZATION OF APPROPRIATIONS.**—There is authorized to be appropriated to carry out this section \$75,000,000.

“(f) **TERMINATION.**—The authority of the Secretary to enter into contracts pursuant to the pilot program carried out under subsection (a) shall expire on the date that is 10 years after the date of enactment of this Act.”

§ 426g-1. State and regional plans

The Secretary may—

(1) cooperate with any State in the preparation of a comprehensive State or regional plan for the conservation of coastal resources located within the boundaries of the State;

(2) encourage State participation in the implementation of the plan; and

(3) submit to Congress reports and recommendations with respect to appropriate Federal participation in carrying out the plan.

Editorial Notes

PRIOR PROVISIONS

A prior section 4 of act Aug. 13, 1946, was renumbered section 5 of that act, and was classified to section 426h of this title prior to repeal by Pub. L. 104-303.

§ 426h. Repealed. Pub. L. 110-114, title II, § 2038(b), Nov. 8, 2007, 121 Stat. 1100

Section, act Aug. 13, 1946, ch. 960, §5, as added Pub. L. 104-303, title II, §227(e)(1), Oct. 12, 1996, 110 Stat. 3700;

amended Pub. L. 106-53, title V, §581, Aug. 17, 1999, 113 Stat. 375; Pub. L. 109-234, title II, §2305, June 15, 2006, 120 Stat. 456; Pub. L. 110-161, div. C, title I, §113, Dec. 26, 2007, 121 Stat. 1944, related to national shoreline erosion control development and demonstration program.

A prior section 426h, acts Aug. 13, 1946, ch. 960, §5, formerly §4, 60 Stat. 1057; July 28, 1956, ch. 768, 70 Stat. 703; renumbered §5, Oct. 12, 1996, Pub. L. 104-303, title II, §227(d)(1), 110 Stat. 3700, defined the word “shores” as used in sections 426e to 426h of this title, prior to repeal by Pub. L. 104-303, title II, §227(e)(1), Oct. 12, 1996, 110 Stat. 3700.

§ 426h-1. Definitions

In sections 426e and 426f to 426h-1 of this title, the following definitions apply:

(1) Erosion control program

The term “erosion control program” means the national shoreline erosion control development and demonstration program established under this section.

(2) Secretary

The term “Secretary” means the Secretary of the Army.

(3) Separable element

The term “separable element” has the meaning provided by section 2213(f) of this title.

(4) Shore

The term “shore” includes each shoreline of the Atlantic and Pacific Oceans, the Gulf of Mexico, the Great Lakes, and lakes, estuaries, and bays directly connected therewith.

(5) Shore protection project

The term “shore protection project” includes a project for beach nourishment, including the replacement of sand.

(Aug. 13, 1946, ch. 960, §6, as added Pub. L. 104-303, title II, §227(e)(1), Oct. 12, 1996, 110 Stat. 3702.)

§ 426i. Shore damage prevention or mitigation

(a) In general

The Secretary of the Army is authorized to investigate, study, plan, and implement structural and nonstructural measures for the prevention or mitigation of shore damages attributable to Federal navigation works and shore damage attributable to the Atlantic Intracoastal Waterway and the Gulf Intracoastal Waterway, if a non-Federal public body agrees to operate and maintain such measures, and, in the case of interests in real property acquired in conjunction with nonstructural measures, to operate and maintain the property for public purposes in accordance with regulations prescribed by the Secretary.

(b) Cost sharing

The costs of implementing measures, including a study, shall be cost-shared in the same proportion as the cost-sharing provisions applicable to construction of the project causing the shore damage.

(c) Requirement for specific authorization

No such project shall be initiated without specific authorization by Congress if the Federal first cost exceeds \$12,500,000.

(d) Coordination

The Secretary shall—

(1) coordinate the implementation of the measures under this section with other Federal and non-Federal shore protection projects in the same geographic area; and

(2) to the extent practicable, combine mitigation projects with other shore protection projects in the same area into a comprehensive regional project.

(e) Reimbursement for feasibility studies

Beginning on December 16, 2016, in any case in which the Secretary implements a project under this section, the Secretary shall reimburse or credit the non-Federal interest for any amounts contributed for the study evaluating the damage in excess of the non-Federal share of the costs, as determined under subsection (b).

Editorial Notes**AMENDMENTS**

2018—Subsec. (c). Pub. L. 115-270 substituted “\$12,500,000” for “\$10,000,000”.

2016—Subsec. (b). Pub. L. 114-322, § 1169(1), substituted “measures, including a study, shall be cost-shared in the same proportion as the cost-sharing provisions applicable to construction of the project” for “measures under this section shall be cost-shared in the same proportion as the cost-sharing provisions applicable to the project”.

Subsec. (e). Pub. L. 114-322, § 1169(2), added subsec. (e).

2014—Subsec. (c). Pub. L. 113-121 substituted “\$10,000,000” for “\$5,000,000”.

1999—Pub. L. 106-53 designated first sentence as subsec. (a), inserted heading, and inserted “and shore damage attributable to the Atlantic Intracoastal Waterway and the Gulf Intracoastal Waterway” after “navigation works”, designated second sentence as subsec. (b) and inserted heading, and designated third sentence as subsec. (c), inserted heading, and substituted “\$5,000,000” for “\$2,000,000”, and added subsec. (d).

1986—Pub. L. 99-662, § 940, amended section generally. Prior to amendment, section read as follows: “The Secretary of the Army, acting through the Chief of Engineers, is authorized to investigate, study, and construct projects for the prevention or mitigation of shore damages attributable to Federal navigation works. The cost of installing, operating, and maintaining such projects shall be borne entirely by the United States. No such project shall be constructed without specific authorization by Congress if the estimated first cost exceeds \$2,000,000.”

Pub. L. 99-662, § 915(f), substituted “\$2,000,000” for “\$1,000,000”.

Statutory Notes and Related Subsidiaries**EFFECTIVE DATE OF 1986 AMENDMENT**

Amendment by section 915(f) of Pub. L. 99-662 not applicable to any project under contract for construction on Nov. 17, 1986, see section 915(i) of Pub. L. 99-662, set out as a note under section 426g of this title.

COASTAL EROSION

Pub. L. 115-270, title I, § 1172, Oct. 23, 2018, 132 Stat. 3799, provided that:

“(a) IN GENERAL.—Pursuant to section 111 of the River and Harbor Act of 1968 (33 U.S.C. 426i), the Secretary [of the Army] shall, to the maximum extent practicable, complete operation and maintenance re-nourishment to mitigate coastal erosion attributed to Federal project structures in the upper northeast United States.

“(b) PROJECT SELECTION.—In carrying out the work under subsection (a), the Secretary shall—

“(1) identify and carry out not more than five projects—

“(A) located in any of the States of Maine, New Hampshire, Massachusetts, Connecticut, Rhode Island, or New York; and

“(B) for which a feasibility study has been completed by December 31, 2019, that includes findings that a Federal project structure is interrupting the natural flow of sediment and causing coastal erosion; and

“(2) consult with relevant State agencies in selecting projects.”

§ 426i-2. National coastal data bank**(1) Establishment of data bank**

Not later than 2 years after August 17, 1999, the Secretary shall establish a national coastal data bank containing data on the geophysical and climatological characteristics of the shores of the United States.

(2) Content

To the extent practicable, the national coastal data bank shall include data regarding current and predicted shore positions, information on federally authorized shore protection projects, and data on the movement of sand along the shores of the United States, including impediments to such movement caused by natural and manmade features.

(3) Access

The national coastal data bank shall be made readily accessible to the public.

Statutory Notes and Related Subsidiaries**EXISTING PROJECTS**

Pub. L. 110-114, title II, § 2037(b)(2), Nov. 8, 2007, 121 Stat. 1096, provided that: “The Secretary [of the Army]

may complete any project being carried out under section 145 of the Water Resources Development Act of 1976 [this section] on the day before the date of enactment of this Act [Nov. 8, 2007].”

§ 426k. Five year demonstration program to temporarily increase diversion of water from Lake Michigan at Chicago, Illinois

(a) Authorization of Secretary of the Army; purpose; amounts of increase; incremental accomplishment; effects on Illinois Waterway; responsibilities for development, implementation, and supervision

In order to alleviate water damage on the shoreline of Lake Michigan and others of the Great Lakes during periods of abnormally high water levels in the Great Lakes, and to improve the water quality of the Illinois Waterway, the Secretary of the Army, acting through the Chief of Engineers, is authorized to carry out a five-year demonstration program to temporarily increase the diversion of water from Lake Michigan at Chicago, Illinois, for the purpose of testing the practicability of increasing the average annual diversion from the present limit of three thousand two hundred cubic feet per second to ten thousand cubic feet per second. The demonstration program will increase the controllable diversion by various amounts calculated to raise the average annual diversion above three thousand two hundred cubic feet per second up to ten thousand cubic feet per second. The increase in diversion rate will be accomplished incrementally and will take into consideration the effects of such increase on the Illinois Waterway. The program will be developed by the Chief of Engineers in cooperation with the State of Illinois and the Metropolitan Sanitary District of Greater Chicago. The program will be implemented by the State of Illinois and the Metropolitan Sanitary District of Greater Chicago under the supervision of the Chief of Engineers.

(b) Establishment of monthly controllable diversion rates; average annual level of Lake Michigan and total diversion for succeeding accounting year

During the demonstration program a controllable diversion rate will be established for each month calculated to establish an annual average diversion from three thousand two hundred cubic feet per second to not more than ten thousand cubic feet per second. When the level of Lake Michigan is below its average level, the total diversion for the succeeding accounting year shall not exceed three thousand two hundred cubic feet per second on an annual basis. The average level of Lake Michigan will be based upon the average monthly level for the period from 1900 to 1975.

(c) River stages approaching bankfull conditions on Illinois Waterway or Mississippi River or further increased diversion adversely affecting St. Lawrence Seaway water levels: limitation on diversion

When river stages approach or are predicted to approach bankfull conditions at the established flood warning stations on the Illinois Waterway or the Mississippi River, or when further increased diversion of water from Lake Michigan

would adversely affect water levels necessary for navigational requirements of the Saint Lawrence Seaway in its entirety throughout the Saint Lawrence River and Great Lakes-Saint Lawrence Seaway, water shall not be diverted directly from Lake Michigan at the Wilmette, O'Brien, or Chicago River control structures other than as necessary for navigational requirements.

(d) Additional study and demonstration program: determination of effects on Great Lakes levels and Illinois Waterway water quality and susceptibility to additional flooding and investigation of other adverse or beneficial impacts; report and recommendations to Congress

The Chief of Engineers shall conduct a study and a demonstration program to determine the effects of the increased diversion on the levels of the Great Lakes, on the water quality of the Illinois Waterway, and on the susceptibility of the Illinois Waterway to additional flooding. The study and demonstration program will also investigate any adverse or beneficial impacts which result from this section. The Chief of Engineers, at the end of five years after October 22, 1976, will submit to the Congress the results of this study and demonstration program including recommendations whether to continue this authority or to change the criteria stated in subsection (b) of this section.

(e) “Controllable diversion” defined

For purposes of this section, controllable diversion is defined as that diversion at Wilmette, O'Brien, and Chicago River control structures which is not attributable to leakage or which is not necessary for navigational requirements.

(Pub. L. 94-587, §166, Oct. 22, 1976, 90 Stat. 2934.)

§ 426L. Protection of Lake Ontario

(a) Plan for shoreline protection and beach erosion control; report to Congress

The Secretary of the Army, acting through the Chief of Engineers, is directed to develop a plan for shoreline protection and beach erosion control along Lake Ontario, and report on such plan to the Congress as soon as practicable. Such report shall include recommendations on measures of protection and proposals for equitable cost sharing, together with recommendations for regulating the level of Lake Ontario to assure maximum protection of the natural environment and to hold shoreline damage to a minimum.

(b) Minimization of damage and erosion to Lake Ontario shoreline

Until the Congress receives and acts upon the report required under subsection (a) of this section, all Federal agencies having responsibilities affecting the level of Lake Ontario shall, consistent with existing authority, make every effort to discharge such responsibilities in a manner so as to minimize damage and erosion to the shoreline of Lake Ontario.

(c) Authorization of appropriations

There is authorized to be appropriated to carry out this section \$2,000,000.

(d) Short title

This section may be cited as the “Lake Ontario Protection Act of 1976.”

(Pub. L. 94-587, §180, Oct. 22, 1976, 90 Stat. 2939.)

§ 426m. Collection and removal of drift and debris from publicly maintained commercial boat harbors and adjacent land and water areas

(a) Congressional findings

The Congress finds that drift and debris on or in publicly maintained commercial boat harbors and the land and water areas immediately adjacent thereto threaten navigational safety, public health, recreation, and the harborfront environment.

(b) Responsibility of Secretary of the Army for development of projects; project undertakings exempt from specific Congressional approval

(1) The Secretary of the Army, acting through the Chief of Engineers, shall be responsible for developing projects for the collection and removal of drift and debris from publicly maintained commercial boat harbors and from land and water areas immediately adjacent thereto.

(2) The Secretary of the Army, acting through the Chief of Engineers, is authorized to undertake projects developed under paragraph (1) of this subsection without specific congressional approval when the total Federal cost for the project is less than \$400,000.

(c) Federal share of costs; responsibility of non-Federal interests in future project development to recover cost or repair sources

The Federal share of the cost of any project developed pursuant to subsection (b) of this section shall be two-thirds of the cost of the project. The remainder of such costs shall be paid by the State, municipality, or other political subdivision in which the project is to be located, except that any costs associated with the collections and removal of drift and debris from federally owned lands shall be borne by the Federal Government. Non-Federal interests in future project development under subsection (b) of this section shall be required to recover the full cost of drift or debris removal from any identified owner of piers or other potential sources of drift or debris, or to repair such sources so that they no longer create a potential source of drift or debris.

(d) Responsibility for providing lands, easements, and right-of-way necessary for projects; agreement to maintain projects and hold United States free from damages; regulation of project area following project completion; technical advice

Any State, municipality, or other political subdivision where any project developed pursuant to subsection (b) of this section is located shall provide all lands, easements, and right-of-way necessary for the project, including suitable access and disposal areas, and shall agree to maintain such projects and hold and save the United States free from any damages which may result from the non-Federal sponsor's performance of, or failure to perform, any of its required

responsibilities of cooperation for the project. Non-Federal¹ interest shall agree to regulate any project area following project completion so that such area will not become a future source of drift and debris. The Chief of Engineers shall provide technical advice to non-Federal interests on the implementation of this subsection.

(e) Definitions

For the purposes of this section—

(1) the term “drift” includes any buoyant material that, when floating in the navigable waters of the United States, may cause damage to a commercial or recreational vessel; and

(2) the term “debris” includes any abandoned or dilapidated structure or any sunken vessel or other object that can reasonably be expected to collapse or otherwise enter the navigable waters of the United States as drift within a reasonable period.

(f) Authorization of appropriations

There is authorized to be appropriated to carry out this section such sums as may be necessary for fiscal years beginning after September 30, 1986.

(Pub. L. 94-587, §202, Oct. 22, 1976, 90 Stat. 2945; Pub. L. 99-662, title XI, §1129(a), Nov. 17, 1986, 100 Stat. 4246.)

Editorial Notes**AMENDMENTS**

1986—Subsec. (f). Pub. L. 99-662 amended subsec. (f) generally, substituting “such sums as may be necessary for fiscal years beginning after Sept. 30, 1986” for “not to exceed \$4,000,000 per fiscal year for fiscal years 1978 and 1979”.

§ 426n. Technical assistance to States and local governments; cost sharing

(a) Upon request of the Governor of a State, or the appropriate official of local government, the Secretary is authorized to provide designs, plans, and specifications, and such other technical assistance as he deems advisable to such State or local government for its use in carrying out—

(1) projects for removing accumulated snags and other debris, and clearing and straightening channels in navigable streams and tributaries thereof; and

(2) projects for renovating navigable streams and tributaries thereof by means of predominantly nonstructural methods judged by the Secretary to be cost effective, for the purpose of improved drainage, water quality, and habitat diversity.

(b) The non-Federal share of the cost of any designs, plans, specifications or technical assistance provided under subsection (a) shall be 50 percent.

(Pub. L. 99-662, title IX, §942, Nov. 17, 1986, 100 Stat. 4199.)

Statutory Notes and Related Subsidiaries**“SECRETARY” DEFINED**

Secretary means the Secretary of the Army, see section 2201 of this title.

¹ So in original.

§ 426o. Great Lakes material disposal

In planning and implementing any navigation project (including maintenance thereof) on the Great Lakes and adjacent waters, the Secretary shall consult and cooperate with concerned States in selecting disposal areas for dredged material which is suitable for beach nourishment.

(Pub. L. 99-662, title XI, § 1154, Nov. 17, 1986, 100 Stat. 4256.)

Statutory Notes and Related Subsidiaries**“SECRETARY” DEFINED**

Secretary means the Secretary of the Army, see section 2201 of this title.

§ 426o-1. Great Lakes dredging levels adjustment**(a) Definition of Great Lake**

In this section, the term “Great Lake” means Lake Superior, Lake Michigan, Lake Huron (including Lake St. Clair), Lake Erie, and Lake Ontario (including the St. Lawrence River to the 45th parallel of latitude).

(b) Dredging levels

In operating and maintaining Federal channels and harbors of, and the connecting channels between, the Great Lakes, the Secretary shall conduct such dredging as is necessary to ensure minimal operation depths consistent with the original authorized depths of the channels and harbors when water levels in the Great Lakes are, or are forecast to be, below the International Great Lakes Datum of 1985.

(Pub. L. 106-541, title III, § 343, Dec. 11, 2000, 114 Stat. 2613.)

Statutory Notes and Related Subsidiaries**“SECRETARY” DEFINED**

Secretary means the Secretary of the Army, see section 2 of Pub. L. 106-541, set out as a note under section 2201 of this title.

§ 426o-2. Great Lakes navigation and protection**(a) Great Lakes navigation**

Using available funds, the Secretary shall expedite the operation and maintenance, including dredging, of the navigation features of the Great Lakes and Connecting Channels for the purpose of supporting commercial navigation to authorized project depths.

(b) Great Lakes pilot project

Using available funds, the Director of the Animal and Plant Health Inspection Service, in coordination with the Secretary, the Administrator of the Environmental Protection Agency, the Commandant of the Coast Guard, and the Director of the United States Fish and Wildlife Service, shall carry out a pilot project, on an emergency basis, to control and prevent further spreading of viral hemorrhagic septicemia in the Great Lakes and Connecting Channels.

(c) Great Lakes and Connecting Channels defined

In this section, the term “Great Lakes and Connecting Channels” includes Lakes Superior,

Huron, Michigan, Erie, and Ontario, all connecting waters between and among such lakes used for commercial navigation, any navigation features in such lakes or waters that are a Federal operation or maintenance responsibility, and areas of the Saint Lawrence River that are operated or maintained by the Federal Government for commercial navigation.

(Pub. L. 110-114, title V, § 5014, Nov. 8, 2007, 121 Stat. 1195.)

Statutory Notes and Related Subsidiaries**“SECRETARY” DEFINED**

Secretary means the Secretary of the Army, see section 2 of Pub. L. 110-114, set out as a note under section 2201 of this title.

§ 426p. Corps of Engineers**(a) Technical and other assistance**

The Secretary of the Army may—

(1) provide emergency assistance to prevent or reduce damage attributable to high water levels in the Great Lakes, including provision of sandbags, sheeting, and stones and other armorings devices (taking account of flooding and erosion of other property which may be caused by such activity) but not including construction of permanent structures;

(2) provide technical assistance to individuals and local governments with respect to measures to prevent or reduce such damage; and

(3) compile and disseminate information on—

(A) water levels of the Great Lakes,

(B) techniques for prevention or reduction of such damage, and

(C) emergency relief available to persons who suffer economic injury attributable to high water levels in the Great Lakes.

(b) Issuance of permits**(1) Consideration of flooding and erosion**

In issuing a permit under—

(A) section 403 of this title; or

(B) section 1344 of this title;

for any activity carried out with assistance under this title, the Secretary of the Army shall take account of flooding and erosion of other property which may be caused by such activity.

(2) Bank stabilization**(A) General rule**

In issuing permits under sections 403 and 1344 of this title for a project involving dredging of any portion of the Great Lakes, the Secretary of the Army shall, if feasible, encourage for bank stabilization purposes the disposal of nonhazardous compatible sand from such project on shorelines affected by erosion.

(B) Consultation

In carrying out subparagraph (A), the Secretary of the Army shall consult affected State and local governments.

Editorial Notes

CODIFICATION

Section was enacted as part of section 3 of act June 29, 1888. Said section 3 of act June 29, 1888, enacted sections 443 to 448 of this title.

Section 3 of act June 29, 1888, as originally enacted, provided as follows:

"In all cases of receiving on board of any scows or boats such forbidden matter or substance as herein described, it shall be the duty of the owner or master, or person acting in such capacity, on board of such scows or boats, before proceeding to take or tow the same to the place of deposit, to apply for and obtain from the supervisor of the harbor appointed hereunder a permit defining the precise limits within which the discharge of such scows or boats may be made; and any deviation from such dumping or discharging place specified in such permit shall be a misdemeanor within the meaning of this act; and the master and engineer, or person or persons acting in such capacity, on board of any towboat towing such scows or boats, shall be equally guilty of such offense with the master or person acting in the capacity of master of the scow, and be liable to equal punishment."

Section 3 was amended by act Aug. 18, 1894, to read as follows:

"In all cases of receiving on board of any scows or boats such forbidden matter or substance as herein described, the owner or master, or person acting in such capacity on board of such scows or boats, before proceeding to take or tow the same to the place of deposit, shall apply for and obtain from the supervisor of the harbor appointed hereunder a permit defining the pre-

cise limits within which the discharge of such scows or boats may be made; and it shall not be lawful for the owner or master, or person acting in such capacity, of any tug or towboat to tow or move any scow or boat so loaded with such forbidden matter until such permit shall have been obtained; and every person violating the foregoing provisions of this section shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not more than one thousand nor less than five hundred dollars, and in addition thereto the master of any tug or towboat so offending shall have his license revoked, or suspended for a term to be fixed by the judge before whom tried and convicted. And any deviation from such dumping or discharging place specified in such permit shall be a misdemeanor, and the owner and master, or person acting in the capacity of master, of any scows or boats dumping or discharging such forbidden matter in any place other than that specified in such permit shall be liable to punishment therefor as provided in section one of the said Act of June twenty-ninth, eighteen hundred and eighty-eight [section 441 of this title]; and the owner and master, or person acting in the capacity of master, of any tug or towboat towing such scows or boats shall be liable to equal punishment with the owner and master, or person acting in the capacity of master, of the scows or boats; and further, every scowman or other employee on board of both scows and towboats shall be deemed to have knowledge of the place of dumping specified in such permit, and the owners and masters, or persons acting in the capacity of masters, shall be liable to punishment, as aforesaid, for any unlawful dumping, within the meaning of this Act or of the said Act of June twenty-ninth, eighteen hundred and eighty-eight, which may be caused by the negligence or ignorance of such scowman or other employee; and, further, neither defect in machinery nor avoidable accidents to scows or towboats, nor unfavorable weather, nor improper handling or moving of scows or boats of any kind whatsoever, shall operate to release the owners and masters and employees of scows and towboats from the penalties hereinbefore mentioned. Every scow or boat engaged in the transportation of dredgings, earth, sand, mud, cellar dirt, garbage, or other offensive material of any description shall have its name or number and owner's name painted in letters and numbers at least fourteen inches long on both sides of the scow or boat; these names and numbers shall be kept distinctly legible at all times, and no scow or boat not so marked shall be used to transport or dump any such material. The supervisor of the harbor of New York, designated as provided in section five of the said Act of June twenty-ninth, eighteen hundred and eighty-eight [section 451 of this title], is authorized and directed to appoint inspectors and deputy inspectors, and, for the purpose of enforcing the provisions of this Act and of the Act aforesaid, and of detecting and bringing to punishment offenders against the same, the said supervisor of the harbor, and the inspectors and deputy inspectors so appointed by him, shall have power and authority: First. To arrest and take into custody, with or without process, any person or persons who may commit any of the acts or offenses prohibited by this section and by the Act of June twenty-ninth, eighteen hundred and eighty-eight, aforesaid, or who may violate any of the provisions of the same: Provided, That no person shall be arrested without process for any offense not committed in the presence of the supervisor or his inspectors or deputy inspectors, or either of them: And provided further, That whenever any such arrest is made the person or persons so arrested shall be brought forthwith before a commissioner, judge, or court of the United States for examination of the offenses alleged against him; and such commissioner, judge, or court shall proceed in respect thereto as authorized by law in case of crimes against the United States. Second. To go on board of any scow or towboat engaged in unlawful dumping of prohibited material, or in moving the same without a permit as required in this section of this Act, and to seize and

hold said boats until they are discharged by action of the commissioner, judge, or court of the United States before whom the offending persons are brought. Third. To arrest and take into custody any witness or witnesses to such unlawful dumping of prohibited material, the said witnesses to be released under proper bonds. Fourth. To go on board of any towboat having in tow scows or boats loaded with such prohibited material, and accompany the same to the place of dumping whenever such action appears to be necessary to secure compliance with the requirements of this Act and of the Act aforesaid. Fifth. To enter gas and oil works and all other manufacturing works for the purpose of discovering the disposition made of sludge, acid, or other injurious material, whenever there is good reason to believe that such sludge, acid, or other injurious material is allowed to run into the tidal waters of the harbor in violation of section one of the aforesaid Act of June twenty-ninth, eighteen hundred and eighty-eight [section 441 of this title]. Every person who, directly or indirectly, gives any sum of money or other bribe, present, or reward or makes any offer of the same to any inspector, deputy inspector, or other employee of the office of the supervisor of the harbor with intent to influence such inspector, deputy inspector, or other employee to permit or overlook any violation of the provisions of this section or of the said Act of June twenty-ninth, eighteen hundred and eighty-eight, shall, on conviction thereof, be fined not less than five hundred dollars nor more than one thousand dollars, and be imprisoned not less than six months nor more than one year. Every permit issued in accordance with the provisions of this section of this Act which may not be taken up by an inspector or deputy inspector shall be returned within forty-eight hours after issuance to the office of the supervisor of the harbor; such permit shall bear an indorsement by the master of the towboat, or the person acting in such capacity, stating whether the permit has been used, and if so the time and place of dumping. Any person violating the provisions of this section shall be liable to a fine of not more than five hundred dollars nor less than one hundred dollars."

Section 3 was further amended by act May 28, 1908, ch. 212, § 8, to read as set forth in this section and sections 444 to 448 of this title.

§ 444. Dumping at other place than designated dumping grounds; penalty; person liable; excuses for deviation

Any deviation from such dumping or discharging place specified in such permit shall be a misdemeanor, and the owner and master, or person acting in the capacity of master, of any scows or boats dumping or discharging such forbidden matter in any place other than that specified in such permit shall be liable to punishment therefor as provided in section 441 of this title; and the owner and master, or person acting in the capacity of master, of any tug or towboat towing such scows or boats shall be liable to equal punishment with the owner and master, or person acting in the capacity of master, of the scows or boats; and, further, every scowman or other employee on board of both scows and towboats shall be deemed to have knowledge of the place of dumping specified in such permit, and the owners and masters, or persons acting in the capacity of masters, shall be liable to punishment, as aforesaid, for any unlawful dumping, within the meaning of this Act and this subchapter, which may be caused by the negligence or ignorance of such scowman or other employee; and, further, neither defect in machinery nor avoidable accidents to scows or towboats, nor unfavorable weather, nor improper handling or moving of scows or boats of

any kind whatsoever shall operate to release the owners and master and employees of scows and towboats from the penalties mentioned in section 441 of this title.

§ 446. Inspectors; appointment, powers, and duties

Each supervisor of a harbor is authorized and directed to appoint inspectors and deputy inspectors, and for the purposes of enforcing this subchapter and the Act of August 18, 1894, entitled "An Act making appropriations for the construction, repair, and preservation of certain public works on rivers and harbors, and for other purposes" (28 Stat. 338), and of detecting and bringing to punishment offenders against the same, the said supervisor of the harbor, and the inspectors and deputy inspectors so appointed by him, shall have power and authority.

First. To arrest and take into custody, with or without process, any person or persons who may commit any of the acts or offenses prohibited by this subchapter, or who may violate any of the provisions of the same: *Provided*, That no person shall be arrested without process for any offense not committed in the presence of the supervisor or his inspectors or deputy inspectors, or either of them: *And provided further*, That whenever any such arrest is made the person or persons so arrested shall be brought forthwith before a magistrate judge, judge, or court of the United States for examination of the offenses alleged against him; and such magistrate judge, judge, or court shall proceed in respect thereto as authorized by law in case of crimes against the United States.

Second. To go on board of any scow or towboat engaged in unlawful dumping of prohibited material, or in moving the same without a permit, as required in sections 443 to 448 of this title, or otherwise violating sections 443 to 448 of this title, and to seize and hold said boats until they are discharged by action of the magistrate judge, judge, or court of the United States before whom the offending persons are brought.

Third. To arrest and take into custody any witness or witnesses to such unlawful dumping of prohibited material, the said witnesses to be released under proper bonds.

Fourth. To go on board of any towboat having in tow scows or boats loaded with such prohibited material, and accompany the same to the place of dumping, whenever such action appears to be necessary to secure compliance with the requirements of this subchapter and of the Act aforesaid.

Fifth. To enter gas and oil works and all other manufacturing works for the purpose of discovering the disposition made of sludge, acid, or other injurious material, whenever there is good reason to believe that such sludge, acid, or other injurious material is allowed to run into tidal waters of the harbor in violation of section 441 of this title.

§ 466g-1. Controversies involving construction or application of interstate compacts and pollution of waters

(a) Jurisdiction of actions by States

The United States district courts shall have original jurisdiction (concurrent with that of the Supreme Court of the United States, and concurrent with that of any other court of the United States or of any State of the United States in matters in which the Supreme Court, or any other court, has original jurisdiction) of any case or controversy—

(1) which involves the construction or application of an interstate compact which (A) in whole or in part relates to the pollution of the waters of an interstate river system or any portion thereof, and (B) expresses the consent of the States signatory to said compact to be sued in a district court in any case or controversy involving the application or construction thereof; and

(2) which involves pollution of the waters of such river system, or any portion thereof, alleged to be in violation of the provisions of said compact; and

(3) in which one or more of the States signatory to said compact is a plaintiff or plaintiffs; and

(4) which is within the judicial power of the United States as set forth in the Constitution of the United States.

(b) Amount in controversy; residence, situs or citizenship; nature, character, or legal status of parties

The district courts shall have original jurisdiction of a case or controversy such as is referred to in subsection (a) of this section, without any requirement, limitation, or regard as to the sum or value of the matter in controversy, or of the place of residence or situs or citizenship, or of the nature, character, or legal status, of any of the proper parties plaintiff or defendant in said case or controversy other than the signatory State or States plaintiff or plaintiffs referred to in paragraph (3) of subsection (a) of this section: *Provided*, That nothing in this section shall be construed as authorizing a State to sue its own citizens in said courts.

(c) Suits between States signatory to interstate compact

The original jurisdiction conferred upon the district courts by this section shall include, but

not be limited to, suits between States signatory to such interstate compact: *Provided*, That nothing in this section shall be construed as authorizing a State to sue another State which is not a signatory to such compact in said courts.

(d) Venue

The venue of such case or controversy shall be as prescribed by law: *Provided*, That in addition thereto, such case or controversy may be brought in in any judicial district in which the acts of pollution complained of, or any portion thereof, occur, regardless of the place or places of residence, or situs, of any of the parties plaintiff or defendant.

L. 89-753, title II, §210, 80 Stat. 1252, authorized a study by Secretary of the Interior, and a report to Congress not later than July 1, 1967, of the extent of pollution of the navigable waters of the United States from litter and sewage deposited into such waters from watercraft.

Section 466n, act June 30, 1948, ch. 758, §18, as added Nov. 3, 1966, Pub. L. 89-753, title II, §210, 80 Stat. 1252, authorized a study by Secretary of the Interior, and a report to Congress not later than Jan. 30, 1968, relating to incentives, including, but not limited to, tax and other financial incentives, to assist in the construction of industrial anti-pollution facilities.

SUBCHAPTER VII—DAM INSPECTION PROGRAM

§ 467. Definitions

In this subchapter, the following definitions apply:

(1) Administrator

The term “Administrator” means the Administrator of the Federal Emergency Management Agency.

(2) Board

The term “Board” means a National Dam Safety Review Board established under section 467f(f) of this title.

(3) Dam

The term “dam”—

(A) means any artificial barrier that has the ability to impound water, wastewater, or any liquid-borne material, for the purpose of storage or control of water, that—

(i) is 25 feet or more in height from—

(I) the natural bed of the stream channel or watercourse measured at the downstream toe of the barrier; or

(II) if the barrier is not across a stream channel or watercourse, from the lowest elevation of the outside limit of the barrier;

to the maximum water storage elevation; or

(ii) has an impounding capacity for maximum storage elevation of 50 acre-feet or more; but

(B) does not include—

(i) a levee; or

(ii) a barrier described in subparagraph

(A) that—

(I) is 6 feet or less in height regardless of storage capacity; or

(II) has a storage capacity at the maximum water storage elevation that is 15 acre-feet or less regardless of height;

unless the barrier, because of the location of the barrier or another physical characteristic of the barrier, is likely to pose a significant threat to human life or property if the barrier fails (as determined by the Administrator).

(4) Eligible high hazard potential dam

(A) In general

The term “eligible high hazard potential dam” means a non-Federal dam that—

(i) is located in a State with a State dam safety program;

(ii) is classified as “high hazard potential” by the State dam safety agency in the State in which the dam is located;

(iii) has an emergency action plan that—

(I) is approved by the relevant State dam safety agency; or

(II) is in conformance with State law and pending approval by the relevant State dam safety agency;

(iv) fails to meet minimum dam safety standards of the State in which the dam is located, as determined by the State; and

(v) poses an unacceptable risk to the public, as determined by the Administrator, in consultation with the Board.

(B) Exclusion

The term “eligible high hazard potential dam” does not include—

(i) a licensed hydroelectric dam under a hydropower project with an authorized installed capacity of greater than 1.5 megawatts; or

(ii) a dam built under the authority of the Secretary of Agriculture.

(5) Federal agency

The term “Federal agency” means a Federal agency that designs, finances, constructs, owns, operates, maintains, or regulates the construction, operation, or maintenance of a dam.

(6) Federal Guidelines for Dam Safety

The term “Federal Guidelines for Dam Safety” means the FEMA publication, numbered 93 and dated June 1979, that defines management practices for dam safety at all Federal agencies.

(7) FEMA

The term “FEMA” means the Federal Emergency Management Agency.

(8) Hazard reduction

The term “hazard reduction” means the reduction in the potential consequences to life and property of dam failure.

(9) ICODS

The term “ICODS” means the Interagency Committee on Dam Safety established by section 467e of this title.

(10) Eligible subrecipient

The term “eligible subrecipient”, in the case of a project receiving assistance under section 467f-2 of this title, includes—

(A) a governmental organization; and

(B) a nonprofit organization.

(11) Program

The term “Program” means the national dam safety program established under section 467f of this title.

(12) Rehabilitation

The term “rehabilitation” means the repair, replacement, reconstruction, or removal of a

dam that is carried out to meet applicable State dam safety and security standards.

(13) State

The term “State” means each of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and any other territory or possession of the United States.

(14) State dam safety agency

The term “State dam safety agency” means a State agency that has regulatory authority over the safety of non-Federal dams.

(15) State dam safety program

The term “State dam safety program” means a State dam safety program approved and assisted under section 467f(e) of this title.

(16) United States

The term “United States”, when used in a geographical sense, means all of the States.

(Pub. L. 92-367, § 2, as added Pub. L. 104-303, title II, § 215(c)(4), Oct. 12, 1996, 110 Stat. 3685; amended Pub. L. 107-310, § 3(e)(2), Dec. 2, 2002, 116 Stat. 2451; Pub. Editorial Notes

PRIOR PROVISIONS

A prior section 467, Pub. L. 92-367, § 1, Aug. 8, 1972, 86 Stat. 506; Pub. L. 99-662, title XII, § 1201(a), Nov. 17, 1986, 100 Stat. 4260, defined term “dam” as used in this subchapter, prior to repeal by Pub. L. 104-303, § 215(c)(1).

A prior section 2 of Pub. L. 92-367 was renumbered section 3 by section 215(c)(3) of Pub. L. 104-303 and is classified to section 467a of this title.

AMENDMENTS

2020—Par. (4)(A)(iii). Pub. L. 116-260, § 132(a)(1)(A)(i), added cl. (iii) and struck out former cl. (iii) which read as follows: “has an emergency action plan approved by the relevant State dam safety agency; and”.

Par. (4)(A)(iv), (v). Pub. L. 116-260, § 132(a)(1)(A)(ii), added cls. (iv) and (v) and struck out former cl. (iv) which read as follows: “the State in which the dam is located determines—

“(I) fails to meet minimum dam safety standards of the State; and

“(II) poses an unacceptable risk to the public.”

Par. (4)(B)(i). Pub. L. 116-260, § 132(a)(1)(B), inserted “under a hydropower project with an authorized installed capacity of greater than 1.5 megawatts” after “dam”.

Par. (10). Pub. L. 116-260, § 132(a)(2), substituted “Eligible subrecipient” for “Non-Federal sponsor” in heading and “The term ‘eligible subrecipient’” for “The term ‘non-Federal sponsor’” in introductory provisions.

2016—Par. (4). Pub. L. 114-322, § 5006(a)(2), added par. (4). Former par. (4) redesignated (5).

Pars. (5) to (9). Pub. L. 114-322, § 5006(a)(1), redesignated pars. (4) to (8) as (5) to (9), respectively. Former par. (9) redesignated (11).

Par. (10). Pub. L. 114-322, § 5006(a)(3), added par. (10). Former par. (10) redesignated (13).

Par. (11). Pub. L. 114-322, § 5006(a)(1), redesignated par. (9) as (11). Former par. (11) redesignated (14).

Par. (12). Pub. L. 114-322, § 5006(a)(4), added par. (12). Former par. (12) redesignated (15).

Pars. (13) to (16). Pub. L. 114-322, § 5006(a)(1), redesignated pars. (10) to (13) as (13) to (16), respectively.

2014—Pub. L. 113-121, § 3001(a)(1), substituted “Administrator” for “Director” wherever appearing.

Par. (1). Pub. L. 113-121, § 3001(a)(2)(C), added par. (1). Former par. (1) redesignated (2).

Par. (2). Pub. L. 113-121, § 3001(a)(2)(B), redesignated par. (1) as (2). Former par. (2) redesignated (3).

Par. (3). Pub. L. 113-121, § 3001(a)(2)(A), (B), redesignated par. (2) as (3) and struck out former par. (3). Prior to amendment, text read as follows: “The term ‘Administrator’ means the Administrator of FEMA.”

2002—Par. (1). Pub. L. 107-310, § 3(e)(2)(A), substituted “section 467f(f)” for “section 467f(h)”.

Par. (12). Pub. L. 107-310, § 3(e)(2)(B), substituted “section 467f(e)” for “section 467f(f)”.

SHORT TITLE OF 2006 AMENDMENT

Pub. L. 109-460, § 1(a), Dec. 22, 2006, 120 Stat. 3401, provided that: “This section [amending sections 467d, 467f, and 467j of this title] may be cited as the ‘Dam Safety Act of 2006.’”

SHORT TITLE OF 2002 AMENDMENT

Pub. L. 107-310, § 1(a), Dec. 2, 2002, 116 Stat. 2450, provided that: “This Act [enacting section 467g-1 of this title and amending this section and sections 467e to 467g and 467h to 467j of this title] may be cited as the ‘Dam Safety and Security Act of 2002.’”

SHORT TITLE OF 1986 AMENDMENT

Pub. L. 99-662, title XII, § 1206, Nov. 17, 1986, 100 Stat. 4264, provided that: “This title [enacting sections 467f to 467m and 2311 of this title and amending this section and sections 467a and 467b of this title] may be cited as the ‘Dam Safety Act of 1986.’”

SHORT TITLE

Pub. L. 92-367, § 1, as added by Pub. L. 104-303, title II, § 215(c)(1), Oct. 12, 1996, 110 Stat. 3685, provided that: “This Act [enacting this subchapter] may be cited as the ‘National Dam Safety Program Act.’”

TRANSFER OF FUNCTIONS

For transfer of all functions, personnel, assets, components, authorities, grant programs, and liabilities of the Federal Emergency Management Agency, including the functions of the Under Secretary for Federal Emergency Management relating thereto, to the Federal Emergency Management Agency, see section 315(a)(1) of Title 6, Domestic Security.

For transfer of functions, personnel, assets, and liabilities of the Federal Emergency Management Agency, including the functions of the Administrator of the Federal Emergency Management Agency relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see former section 313(1) and sections 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

CONGRESSIONAL STATEMENT OF PURPOSE; NATIONAL DAM SAFETY PROGRAM

Pub. L. 104-303, title II, § 215(a), Oct. 12, 1996, 110 Stat. 3685, provided that: “The purpose of this section [enacting this section and sections 467d to 467j] of this title, amending sections 467a to 467c of this title and section 3802 of Title 25, Indians, repealing former sections 467 and 467d to 467m of this title, and enacting provisions set out as notes under this section] is to reduce the risks to life and property from dam failure in the United States through the establishment and maintenance of an effective national dam safety program to bring together the expertise and resources of the Federal and non-Federal communities in achieving na-

tional dam safety hazard reduction. It is not the intent of this section to preempt any other Federal or State authorities nor is it the intent of this section to mandate State participation in the grant assistance program to be established under this section.”

EFFECT ON OTHER DAM SAFETY PROGRAMS

Pub. L. 104-303, title II, §215(b), Oct. 12, 1996, 110 Stat. 3685, provided that: “Nothing in this section (including the amendments made by this section) [enacting this section and sections 467d to 467j of this title, amending sections 467a to 467c of this title and section 3802 of Title 25, Indians, repealing former sections 467 and 467d to 467m of this title, and enacting provisions set out as notes under this section] shall preempt or otherwise affect any dam safety program of a Federal agency other than the Federal Emergency Management Agency, including any program that regulates, permits, or licenses any activity affecting a dam.”

§ 467a. Inspection of dams

(a) In general

As soon as practicable, the Secretary of the Army, acting through the Chief of Engineers, shall carry out a national program of inspection of dams for the purpose of protecting human life and property. All dams in the United States shall be inspected by the Secretary except (1) dams under the jurisdiction of the Bureau of Reclamation, the Tennessee Valley Authority, or the International Boundary and Water Commission, (2) dams which have been constructed pursuant to licenses issued under the authority of the Federal Power Act [16 U.S.C. 791a et seq.], (3) dams which have been inspected within the twelve-month period immediately prior to August 8, 1972, by a State agency and which the Governor of such State requests be excluded from inspection, and (4) dams which the Secretary of the Army determines do not pose any threat to human life or property. The Secretary may inspect dams which have been licensed under the Federal Power Act upon request of the Federal Energy Regulatory Commission and dams under the jurisdiction of the International Boundary and Water Commission upon request of such Commission.

(b) State participation

On request of a State dam safety agency, with respect to any dam the failure of which would affect the State, the head of a Federal agency shall—

- (1) provide information to the State dam safety agency on the construction, operation, maintenance, condition, or provisions for emergency operations of the dam; or
- (2) allow any official of the State dam safety agency to participate in the Federal inspection of the dam.

(Pub. L. 92-367, §3, formerly §2, Aug. 8, 1972, 86 Stat. 506; Pub. L. 95-91, title IV, §402(a)(1)(A), Aug. 4, 1977, 91 Stat. 583; renumbered §3 and amended Pub. TRANSFER OF FUNCTIONS

“Federal Energy Regulatory Commission” substituted in text for “Federal Power Commission” on authority of Pub. L. 95-91, title IV, §402(a)(1)(A), Aug. 4, 1977, 91 Stat. 583, which is classified to section 7172(a)(1)(A) of Title 42, The Public Health and Welfare.

§ 467b. Investigation reports to Governors

As soon as practicable after inspection of a dam, the Secretary shall notify the Governor of the State in which such dam is located the results of such investigation. In any case in which any hazardous conditions are found during an inspection, upon request by the owner, the Secretary, acting through the Chief of Engineers, may perform detailed engineering studies to determine the structural integrity of the dam, subject to reimbursement of such expense by the owner of such dam. The Secretary shall immediately notify the Governor of any hazardous conditions found during an inspection. The Secretary shall provide advice to the Governor, upon request, relating to timely remedial measures necessary to mitigate or obviate any hazardous conditions found during an inspection.

A prior section 4 of Pub. L. 92-367 was renumbered section 5 and is classified to section 467c of this title.

AMENDMENTS

1996—Pub. L. 104-303 inserted section catchline.

1986—Pub. L. 99-662 inserted “In any case in which any hazardous conditions are found during an inspection, upon request by the owner, the Secretary, acting through the Chief of Engineers, may perform detailed engineering studies to determine the structural integrity of the dam, subject to reimbursement of such expense by the owner of such dam.”

§ 467c. Determination of danger to human life and property

For the purpose of determining whether a dam (including the waters impounded by such dam) constitutes a danger to human life or property, the Secretary shall take into consideration the possibility that the dam might be endangered by

overtopping, seepage, settlement, erosion, sediment, cracking, earth movement, earthquakes, failure of bulkheads, flashboard, gates on conduits, or other conditions which exist or which might occur in any area in the vicinity of the dam.

AMENDMENTS

1996—Pub. L. 104-303 inserted section catchline.

§ 467d. National dam inventory

The Secretary of the Army shall maintain and update information on the inventory of dams in the United States. Such inventory of dams shall include any available information assessing each dam based on inspections completed by either a Federal agency or a State dam safety agency.

(Pub. L. 92-367, § 6, as added Pub. L. 104-303, title II, § 215(c)(8), Oct. 12, 1996, 110 Stat. 3687; amended Pub. L. 109-460, § 1(b), Dec. 22, 2006, 120 Stat. 3401.)

Editorial Notes

PRIOR PROVISIONS

A prior section 467d, Pub. L. 92-367, § 5, Aug. 8, 1972, 86 Stat. 507, directed Secretary report to Congress on or before July 1, 1974, on activities under this subchapter, including in report an inventory of dams in the United States, a review of each inspection made, recommendations to State Governors and implementation of those recommendations, recommendations for comprehensive national program for inspection and safety regulation, and recommendations on responsibilities which should be assumed by Federal, State, and local governments and by public and private interests, prior to repeal by Pub. L. 104-303, title II, § 215(c)(2), Oct. 12, 1996, 110 Stat. 3685.

A prior section 6 of Pub. L. 92-367 was classified to section 467e of this title prior to repeal by Pub. L. 104-303.

AMENDMENTS

2006—Pub. L. 109-460 amended section generally. Prior to amendment, section read as follows: “The Secretary of the Army, acting through the Chief of Engineers, may maintain and periodically publish updated information on the inventory of dams in the United States.”

§ 467e. Interagency Committee on Dam Safety

(a) Establishment

There is established an Interagency Committee on Dam Safety—

(1) comprised of a representative of each of the Department of Agriculture, the Department of Defense, the Department of Energy, the Department of the Interior, the Department of Labor, FEMA, the Federal Energy Regulatory Commission, the Nuclear Regulatory Commission, the Tennessee Valley Au-

thority, and the United States Section of the International Boundary Commission; and

(2) chaired by the Administrator.

(b) Duties

ICODS shall encourage the establishment and maintenance of effective Federal programs, policies, and guidelines intended to enhance dam safety for the protection of human life and property through coordination and information exchange among Federal agencies concerning implementation of the Federal Guidelines for Dam Safety.

(Pub. L. 92-367, § 7, as added Pub. L. 104-303, title II, § 215(c)(8), Oct. 12, 1996, 110 Stat. 3687; amended Pub. L. 107-310, § 2, Dec. 2, 2002, 116 Stat. 2450; Pub. L. 113-121, title III, § 3001(a)(1), June 10, 2014, 128 Stat. 1282.)

TRANSFER OF FUNCTIONS

For transfer of all functions, personnel, assets, components, authorities, grant programs, and liabilities of the Federal Emergency Management Agency, including the functions of the Under Secretary for Federal Emergency Management relating thereto, to the Federal Emergency Management Agency, see section 315(a)(1) of Title 6, Domestic Security.

For transfer of functions, personnel, assets, and liabilities of the Federal Emergency Management Agency, including the functions of the Administrator of the Federal Emergency Management Agency relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see former section 313(1) and sections 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§ 467f. National dam safety program

(a) In general

The Administrator, in consultation with ICODS and State dam safety agencies, and the Board shall establish and maintain, in accordance with this section, a coordinated national dam safety program. The Program shall—

(1) be administered by FEMA to achieve the objectives set forth in subsection (c);

(2) involve, to the extent appropriate, each Federal agency; and

(3) include—

(A) each of the components described in subsection (d);

(B) the strategic plan described in subsection (b); and

(C) assistance for State dam safety programs described in subsection (e).

(b) Duties

The Administrator shall prepare a strategic plan—

(1) to establish goals, priorities, performance measures, and target dates toward effectively administering this subchapter in order to improve the safety of dams in the United States; and

(2) to the extent feasible, to establish cooperation and coordination with, and assistance to, interested governmental entities in all States.

(c) Objectives

The objectives of the Program are to—

(1) ensure that new and existing dams are safe through the development of technologically and economically feasible programs and procedures for national dam safety hazard reduction;

(2) encourage acceptable engineering policies and procedures to be used for dam site investigation, design, construction, operation and maintenance, and emergency preparedness;

(3) encourage the establishment and implementation of effective dam safety programs in each State based on State standards;

(4) develop and implement a comprehensive dam safety hazard education and public awareness initiative to assist the public in preparing for, mitigating, responding to, and recovering from dam incidents;

(5) develop technical assistance materials for Federal and non-Federal dam safety programs;

(6) develop mechanisms with which to provide Federal technical assistance for dam safety to the non-Federal sector; and

(7) develop technical assistance materials, seminars, and guidelines to improve security for dams in the United States.

(d) Components

(1) In general

The Program shall consist of—

(A) a Federal element and a non-Federal element; and

(B) leadership activity, technical assistance activity, and public awareness activity.

(2) Elements

(A) Federal

The Federal element shall incorporate the activities and practices carried out by Federal agencies under section 467e of this title to implement the Federal Guidelines for Dam Safety.

(B) Non-Federal

The non-Federal element shall consist of—

(i) the activities and practices carried out by States, local governments, and the private sector to safely build, regulate, operate, and maintain dams; and

(ii) Federal activities that foster State efforts to develop and implement effective programs for the safety of dams.

(3) Functional activities

(A) Leadership

The leadership activity shall be the responsibility of FEMA and shall be exercised by chairing the Board to coordinate national efforts to improve the safety of the dams in the United States.

(B) Technical assistance

The technical assistance activity shall consist of the transfer of knowledge and technical information among the Federal and non-Federal elements described in paragraph (2).

(C) Public awareness

The public awareness activity shall provide for the education of the public, including State and local officials, in the hazards of dam failure, methods of reducing the adverse consequences of dam failure, and related matters.

(e) Assistance for State dam safety programs

(1) In general

To encourage the establishment and maintenance of effective State programs intended to ensure dam safety, to protect human life and property, and to improve State dam safety programs, the Administrator shall provide assistance with amounts made available under section 467j¹ of this title to assist States in establishing, maintaining, and improving dam safety programs in accordance with the criteria specified in paragraph (2).

(2) Criteria and budgeting requirement

For a State to be eligible for assistance under this subsection, a State dam safety program must be working toward meeting the following criteria and budgeting requirement:

(A) Criteria

A State dam safety program must be authorized by State legislation to include, at a minimum—

(i) the authority to review and approve plans and specifications to construct, enlarge, modify, remove, and abandon dams;

(ii) the authority to perform periodic inspections during dam construction to ensure compliance with approved plans and specifications;

(iii) a requirement that, on completion of dam construction, State approval must be given before operation of the dam;

(iv) the authority to require or perform periodic evaluations of all dams and reservoirs to determine the extent of the threat to human life and property in case of failure;

(v)(I) the authority to require or perform the inspection, at least once every 5 years, of all dams and reservoirs that would pose a significant threat to human life and property in case of failure to determine

¹ See References in Text note below.

the continued safety of the dams and reservoirs; and

(II) a procedure for more detailed and frequent safety inspections;

(vi) a requirement that all inspections be performed under the supervision of a State-registered professional engineer with related experience in dam design and construction;

(vii) the authority to issue notices, when appropriate, to require owners of dams to perform necessary maintenance or remedial work, install and monitor instrumentation, improve security, revise operating procedures, or take other actions, including breaching dams when necessary;

(viii) regulations for carrying out the legislation of the State described in this subparagraph;

(ix) provision for necessary funds—

(I) to ensure timely repairs or other changes to, or removal of, a dam in order to protect human life and property; and

(II) if the owner of the dam does not take action described in subclause (I), to take appropriate action as expeditiously as practicable;

(x) a system of emergency procedures to be used if a dam fails or if the failure of a dam is imminent; and

(xi) an identification of—

(I) each dam the failure of which could be reasonably expected to endanger human life;

(II) the maximum area that could be flooded if the dam failed; and

(III) necessary public facilities that would be affected by the flooding.

(B) Budgeting requirement

For a State to be eligible for assistance under this subsection, State appropriations must be budgeted to carry out the legislation of the State under subparagraph (A).

(3) Work plans

The Administrator shall enter into a² agreement with each State receiving assistance under paragraph (2) to develop a work plan necessary for the State dam safety program to reach a level of program performance specified in the agreement.

(4) Maintenance of effort

Assistance may not be provided to a State under this subsection for a fiscal year unless the State enters into such agreement with the Administrator as the Administrator requires to ensure that the State will maintain the aggregate expenditures of the State from all other sources for programs to ensure dam safety for the protection of human life and property at or above a level equal to the average annual level of such expenditures for the 2 fiscal years preceding the fiscal year.

(5) Approval of programs

(A) Submission

For a State to be eligible for assistance under this subsection, a plan for a State dam

safety program shall be submitted to the Administrator for approval.

(B) Approval

A State dam safety program shall be deemed to be approved 120 days after the date of receipt by the Administrator unless the Administrator determines within the 120-day period that the State dam safety program fails to meet the requirements of paragraphs (1) through (3).

(C) Notification of disapproval

If the Administrator determines that a State dam safety program does not meet the requirements for approval, the Administrator shall immediately notify the State in writing and provide the reasons for the determination and the changes that are necessary for the plan to be approved.

(6) Review of State dam safety programs

Using the expertise of the Board, the Administrator shall periodically review State dam safety programs. If the Board finds that a State dam safety program has proven inadequate to reasonably protect human life and property and the Administrator concurs, the Administrator shall revoke approval of the State dam safety program, and withhold assistance under this subsection, until the State dam safety program again meets the requirements for approval.

(f) Board

(1) Establishment

The Administrator shall establish an advisory board to be known as the “National Dam Safety Review Board” to monitor the safety of dams in the United States, to monitor State implementation of this section, and to advise the Administrator on national dam safety policy.

(2) Authority

The Board may use the expertise of Federal agencies and enter into contracts for necessary studies to carry out this section.

(3) Voting membership

The Board shall consist of 11 voting members selected by the Administrator for expertise in dam safety, of whom—

(A) 1 member shall represent the Department of Agriculture;

(B) 1 member shall represent the Department of Defense;

(C) 1 member shall represent the Department of the Interior;

(D) 1 member shall represent FEMA;

(E) 1 member shall represent the Federal Energy Regulatory Commission;

(F) 5 members shall be selected by the Administrator from among State dam safety officials; and

(G) 1 member shall be selected by the Administrator to represent the private sector.

(4) Nonvoting membership

The Administrator, in consultation with the Board, may invite a representative of the National Laboratories of the Department of Energy and may invite representatives from Fed-

²So in original. Probably should be “an”.

eral or State agencies, representatives from nongovernmental organizations, or dam safety experts, as needed, to participate in meetings of the Board.

(5) Duties

(A) In general

The Board shall encourage the establishment and maintenance of effective programs, policies, and guidelines to enhance dam safety for the protection of human life and property throughout the United States.

(B) Coordination and information exchange among agencies

In carrying out subparagraph (A), the Board shall encourage coordination and information exchange among Federal and State dam safety agencies that share common problems and responsibilities for dam safety, including planning, design, construction, operation, emergency action planning, inspections, maintenance, regulation or licensing, technical or financial assistance, research, and data management.

(6) Work groups

The Administrator may establish work groups under the Board to assist the Board in accomplishing its goals. The work groups shall consist of members of the Board and other individuals selected by the Administrator.

(7) Compensation of members

(A) Federal employees

Each member of the Board who is an officer or employee of the United States shall serve without compensation in addition to compensation received for the services of the member as an officer or employee of the United States.

(B) Other members

Each member of the Board who is not an officer or employee of the United States shall serve without compensation.

(8) Travel expenses

(A) Representatives of Federal agencies

To the extent amounts are made available in advance in appropriations Acts, each member of the Board who represents a Federal agency shall be reimbursed of appropriations for travel expenses by his or her agency, including per diem in lieu of subsistence, at rates authorized for an employee of an agency under subchapter I of chapter 57 of title 5, while away from the home or regular place of business of the member in the performance of services for the Board.

(B) Other individuals

To the extent amounts are made available in advance in appropriations Acts, each member of the Board who represents a State agency, the member of the Board who represents the private sector, and each member of a work group created under paragraph (1) shall be reimbursed for travel expenses by FEMA, including per diem in lieu of subsistence, at rates authorized for an employee of an agency under subchapter I of chapter 57

of title 5, while away from home or regular place of business of the member in performance of services for the Board.

(9) Applicability of Federal Advisory Committee Act

The Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to the Board.

AMENDMENTS

2014—Pub. L. 113-121, § 3001(a)(1), substituted "Administrator" for "Director" wherever appearing.

Subsec. (c)(4). Pub. L. 113-121, § 3001(c)(1), added par. (4) and struck out former par. (4) which read as follows: "develop and encourage public awareness projects to increase public acceptance and support of State dam safety programs;"

Subsec. (f)(4). Pub. L. 113-121, § 3001(c)(2), inserted "representatives from nongovernmental organizations," after "State agencies".

2006—Subsec. (b)(1). Pub. L. 109-460, § 1(c)(1), substituted "performance measures, and target dates toward effectively administering this subchapter in order to" for "and target dates to".

Subsec. (e)(2)(A). Pub. L. 109-460, § 1(c)(2)(A), struck out "substantially" after "to include" in introductory provisions.

Subsec. (e)(2)(A)(iv) to (vi). Pub. L. 109-460, § 1(c)(2)(B), (C), added cl. (iv) and redesignated former cls. (iv) and (v) as (v) and (vi), respectively. Former cl. (vi) redesignated (vii).

Subsec. (e)(2)(A)(vii). Pub. L. 109-460, § 1(c)(2)(B), (D), redesignated cl. (vi) as (vii) and inserted "install and monitor instrumentation," after "remedial work,". Former cl. (vii) redesignated (viii).

Subsec. (e)(2)(A)(viii) to (xi). Pub. L. 109-460, § 1(c)(2)(B), redesignated cls. (vii) to (x) as (viii) to (xi), respectively.

2002—Subsec. (a)(3)(B). Pub. L. 107-310, § 3(a)(1), substituted "strategic plan described in subsection (b)" for "implementation plan described in subsection (e)".

Subsec. (a)(3)(C). Pub. L. 107-310, § 3(a)(2), substituted "subsection (e)" for "subsection (f)".

Subsec. (b). Pub. L. 107-310, § 3(b), amended heading and text of subsec. (b) generally. Prior to amendment, text read as follows: "The Director shall—

"(1) not later than 270 days after October 12, 1996, develop the implementation plan described in subsection (e) of this section;

“(2) not later than 300 days after October 12, 1996, submit to the appropriate authorizing committees of Congress the implementation plan described in subsection (e) of this section; and

“(3) by regulation, not later than 360 days after October 12, 1996—

“(A) develop and implement the Program;

“(B) establish goals, priorities, and target dates for implementation of the Program; and

“(C) to the extent feasible, provide a method for cooperation and coordination with, and assistance to, interested governmental entities in all States.”

Subsec. (c)(7). Pub. L. 107-310, §3(c), added par. (7).

Subsec. (d)(3)(A). Pub. L. 107-310, §3(d), substituted “and shall be exercised by chairing the Board to coordinate national efforts to improve the safety of the dams in the United States” for “and shall be exercised by chairing ICODS to coordinate Federal efforts in cooperation with State dam safety officials”.

Subsec. (e). Pub. L. 107-310, §3(e)(1), redesignated subsec. (f) as (e) and struck out heading and text of former subsec. (e). Text read as follows: “The Director shall—

“(1) develop an implementation plan for the Program that shall set, through fiscal year 2002, year-by-year targets that demonstrate improvements in dam safety; and

“(2) recommend appropriate roles for Federal agencies and for State and local units of government, individuals, and private organizations in carrying out the implementation plan.”

Subsec. (e)(1). Pub. L. 107-310, §3(f)(1), substituted “the Director shall provide assistance with amounts made available under section 467j of this title to assist States in establishing, maintaining, and improving dam safety programs in accordance with the criteria specified in paragraph (2).” for “the Director shall provide assistance with amounts made available under section 467j of this title to assist States in establishing and maintaining dam safety programs—

“(A) in accordance with the criteria specified in paragraph (2); and

“(B) in accordance with more advanced requirements and standards established by the Board and the Director with the assistance of established criteria such as the Model State Dam Safety Program published by FEMA, numbered 123 and dated April 1987, and amendments to the Model State Dam Safety Program.”

Subsec. (e)(2). Pub. L. 107-310, §3(f)(2)(A), in introductory provisions, struck out “primary” after “For a State to be eligible for” and “, and for a State to be eligible for advanced assistance under this subsection, a State dam safety program must meet the following criteria and budgeting requirement and be working toward meeting the advanced requirements and standards established under paragraph (1)(B)” before colon.

Subsec. (e)(2)(A). Pub. L. 107-310, §3(f)(2)(B)(i), substituted “A State” for “For a State to be eligible for assistance under this subsection, a State” in introductory provisions.

Subsec. (e)(2)(A)(vi). Pub. L. 107-310, §3(f)(2)(B)(ii), inserted “improve security,” before “revise operating procedures.”

Subsec. (e)(3). Pub. L. 107-310, §3(f)(3), substituted “agreement” for “contract” in two places.

Subsec. (f). Pub. L. 107-310, §3(e)(1), redesignated subsec. (h) as (f). Former subsec. (f) redesignated (e).

Subsec. (f)(1). Pub. L. 107-310, §3(g)(1), substituted “The Director shall establish” for “The Director may establish” and “to monitor the safety of dams in the United States, to monitor State implementation of this section, and to advise the Director on national dam safety policy” for “to monitor State implementation of this section”.

Subsec. (f)(3). Pub. L. 107-310, §3(g)(2)(A), (B), substituted “Voting membership” for “Membership” in heading and “11 voting members” for “11 members” in introductory provisions.

Subsec. (f)(3)(F), (G). Pub. L. 107-310, §3(g)(2)(C), added subpars. (F) and (G) and struck out former subpars. (F) and (G) which read as follows:

“(F) 5 members shall be selected by the Director from among dam safety officials of States; and

“(G) 1 member shall be selected by the Director to represent the United States Committee on Large Dams.”

Subsec. (f)(4) to (6). Pub. L. 107-310, §3(g)(3)(B), added pars. (4) to (6). Former pars. (4) to (6) redesignated (7) to (9), respectively.

Subsec. (f)(7). Pub. L. 107-310, §3(g)(3)(A), redesignated par. (4) as (7).

Subsec. (f)(8). Pub. L. 107-310, §3(g)(4), added par. (8) and struck out heading and text of former par. (8). Text read as follows: “Each member of the Board shall be allowed travel expenses, including per diem in lieu of subsistence, at rates authorized for an employee of an agency under subchapter I of chapter 57 of title 5, while away from the home or regular place of business of the member in the performance of services for the Board.”

Pub. L. 107-310, §3(g)(3)(A), redesignated par. (5) as (8).

Subsec. (f)(9). Pub. L. 107-310, §3(g)(3)(A), redesignated par. (6) as (9).

Subsec. (g). Pub. L. 107-310, §3(e)(1), struck out heading and text of subsec. (g). Text read as follows: “At the request of any State that has or intends to develop a State dam safety program, the Director shall provide training for State dam safety staff and inspectors.”

Subsec. (h). Pub. L. 107-310, §3(e)(1), redesignated subsec. (h) as (f).

TRANSFER OF FUNCTIONS

For transfer of all functions, personnel, assets, components, authorities, grant programs, and liabilities of the Federal Emergency Management Agency, including the functions of the Under Secretary for Federal Emergency Management relating thereto, to the Federal Emergency Management Agency, see section 315(a)(1) of Title 6, Domestic Security.

For transfer of functions, personnel, assets, and liabilities of the Federal Emergency Management Agency, including the functions of the Administrator of the Federal Emergency Management Agency relating thereto, to the Secretary of Homeland Security, and for treatment of related references, see former section 313(1) and sections 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§ 467f-1. Lock and dam security

(a) Standards

The Secretary, in consultation with the Federal Emergency Management Agency, the Tennessee Valley Authority, and the Coast Guard, shall develop standards for the security of locks and dams, including the testing and certification of vessel exclusion barriers.

(b) Site surveys

At the request of a lock or dam owner, the Secretary shall provide technical assistance, on a reimbursable basis, to improve lock or dam security.

(c) Cooperative agreement

The Secretary may enter into a cooperative agreement with a nonprofit alliance of public and private organizations that has the mission of promoting safe waterways and seaports to carry out testing and certification activities, and to perform site surveys, under this section.

(d) Authorization of appropriations

There is authorized to be appropriated \$3,000,000 to carry out this section.

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2 of Pub. L. 110-114, set out as a note under section 2201 of this title.

§ 467f-2. Rehabilitation of high hazard potential dams

(a) Establishment of program

The Administrator shall establish, within FEMA, a program to provide technical, planning, design, and construction assistance in the form of grants to States with dam safety programs for rehabilitation of eligible high hazard potential dams.

(b) Eligible activities

A grant awarded under this section to a State may be used by the State to award grants to eligible subrecipients for—

- (1) repair;
- (2) removal; or
- (3) any other structural or nonstructural measures to rehabilitate an eligible high hazard potential dam.

(c) Award of grants

(1) Application

(A) In general

A State interested in receiving a grant under this section may submit to the Administrator an application for the grant.

(B) Requirements

An application submitted to the Administrator under this section shall be submitted at such time, be in such form, and contain such information as the Administrator may prescribe by regulation.

(2) Grant

(A) In general

The Administrator may make a grant in accordance with this section for rehabilitation of eligible high hazard potential dams to a State that submits an application for the grant in accordance with the regulations prescribed by the Administrator.

(B) Grant agreement

The Administrator shall enter into a grant agreement with the State to establish the terms of the grant and the projects for which the grant is awarded, including the amount of the grant.

(C) Grant assurance

As part of a grant agreement under subparagraph (B), the Administrator shall require that each eligible subrecipient to

which the State awards a grant under this section provides an assurance, with respect to the dam to be rehabilitated by the eligible subrecipient, that the dam owner will carry out a plan for maintenance of the dam during the expected life of the dam.

(D) Limitation

A State may not award a grant to an eligible subrecipient under this section that exceeds, for any 1 dam, the lesser of—

- (i) 12.5 percent of the total amount of funds made available to carry out this section; or
- (ii) \$7,500,000.

(d) Requirements

(1) Approval

A grant awarded under this section to an eligible subrecipient for a project shall be approved by the relevant State dam safety agency.

(2) Eligible subrecipient requirements

To receive a grant under this section, an eligible subrecipient shall, with respect to the dam to be rehabilitated by the eligible subrecipient—

(A) demonstrate that the community in which the dam is located participates in, and complies with, all applicable Federal flood insurance programs, including demonstrating that such community is participating in the National Flood Insurance Program, and is not on probation, suspended, or withdrawn from such Program;

(B) beginning not later than 2 years after the date on which the Administrator publishes criteria for hazard mitigation plans under paragraph (3), demonstrate that the Tribal or local government with jurisdiction over the area in which the dam is located has in place a hazard mitigation plan that—

- (i) includes all dam risks; and
- (ii) complies with the Disaster Mitigation Act of 2000 (Public Law 106-390; 114 Stat. 1552);

(C) commit to provide operation and maintenance of the project for the expected life of the dam following completion of rehabilitation;

(D) comply with such minimum eligibility requirements as the Administrator may establish to ensure that each owner and operator of a dam under a participating State dam safety program and that receives assistance under this section—

- (i) acts in accordance with the State dam safety program; and
- (ii) carries out activities relating to the public in the area around the dam in accordance with the hazard mitigation plan described in subparagraph (B); and

(E) comply with section 5196(j)(9) of title 42 (as in effect on December 16, 2016) with respect to projects receiving assistance under this section in the same manner as recipients are required to comply in order to receive financial contributions from the Administrator for emergency preparedness purposes.

(3) Hazard mitigation plan criteria

Not later than 1 year after December 27, 2020, the Administrator, in consultation with the Board, shall publish criteria for hazard mitigation plans required under paragraph (2)(B).

(e) Floodplain management plans**(1) In general**

As a condition of receipt of assistance under this section, an eligible subrecipient shall demonstrate that a floodplain management plan to reduce the impacts of future flood events in the area protected by the project—

- (A) is in place; or
- (B) will be—

- (i) developed not later than 2 years after the date of execution of a project agreement for assistance under this section; and
- (ii) implemented not later than 2 years after the date of completion of construction of the project.

(2) Inclusions

A plan under paragraph (1) shall address—

- (A) potential measures, practices, and policies to reduce loss of life, injuries, damage to property and facilities, public expenditures, and other adverse impacts of flooding in the area protected by the project;
- (B) plans for flood fighting and evacuation; and
- (C) public education and awareness of flood risks.

(3) Plan criteria and technical support

The Administrator, in consultation with the Board, shall provide criteria, and may provide technical support, for the development and implementation of floodplain management plans prepared under this subsection.

(f) Priority system

The Administrator, in consultation with the Board, shall develop a risk-based priority system for use in identifying eligible high hazard potential dams for which grants may be made under this section.

(g) Funding**(1) Cost sharing****(A) In general**

Any assistance provided under this section for a project shall be subject to a non-Federal cost-sharing requirement of not less than 35 percent.

(B) In-kind contributions

The non-Federal share under subparagraph (A) may be provided in the form of in-kind contributions.

(2) Allocation of funds

The total amount of funds made available to carry out this section for each fiscal year shall be distributed as follows:

(A) Equal distribution

$\frac{1}{3}$ shall be distributed equally among the States in which the projects for which applications are submitted under subsection (c)(1) are located.

(B) Need-based

$\frac{2}{3}$ shall be distributed among the States in which the projects for which applications are submitted under subsection (c)(1) are located based on the proportion that—

- (i) the number of eligible high hazard potential dams in the State; bears to
- (ii) the number of eligible high hazard potential dams in all such States.

(h) Use of funds

None of the funds provided in the form of a grant or otherwise made available under this section shall be used—

- (1) to rehabilitate a Federal dam;
- (2) to perform routine operation or maintenance of a dam;
- (3) to modify a dam to produce hydroelectric power;
- (4) to increase water supply storage capacity; or
- (5) to make any other modification to a dam that does not also improve the safety of the dam.

(i) Contractual requirements**(1) In general**

Subject to paragraph (2), as a condition on the receipt of a grant under this section of an amount greater than \$1,000,000, an eligible subrecipient that receives the grant shall require that each contract and subcontract for program management, construction management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping, and related services entered into using funds from the grant be awarded in the same manner as a contract for architectural and engineering services is awarded under—

- (A) chapter 11 of title 40; or
- (B) an equivalent qualifications-based requirement prescribed by the relevant State.

(2) No proprietary interest

A contract awarded in accordance with paragraph (1) shall not be considered to confer a proprietary interest upon the United States.

(j) Authorization of appropriations

There are authorized to be appropriated to carry out this section—

- (1) \$10,000,000 for fiscal years 2017 and 2018;
- (2) \$25,000,000 for fiscal year 2019;
- (3) \$40,000,000 for fiscal year 2020; and
- (4) \$60,000,000 for each of fiscal years 2021 through 2026.

AMENDMENTS

2020—Subsec. (a). Pub. L. 116-260, §132(b)(1), substituted “to States with dam safety programs” for “to non-Federal sponsors”.

Subsec. (b). Pub. L. 116-260, §132(b)(2), substituted “to a State may be used by the State to award grants to eligible subrecipients for” for “a project may be used for” in introductory provisions.

Subsec. (c)(1)(A). Pub. L. 116-260, §132(b)(3)(A), substituted “State” for “non-Federal sponsor”.

Subsec. (c)(2)(A). Pub. L. 116-260, §132(b)(3)(B)(i), substituted “eligible high hazard potential dams to a State” for “an eligible high hazard potential dam to a non-Federal sponsor”.

Subsec. (c)(2)(B). Pub. L. 116-260, §132(b)(3)(B)(ii), in heading, substituted “Grant” for “Project grant” and, in text, substituted “grant agreement with the State” for “project grant agreement with the non-Federal sponsor” and “projects for which the grant is awarded,” for “project.”

Subsec. (c)(2)(C). Pub. L. 116-260, §132(b)(3)(B)(iii), amended subpar. (C) generally. Prior to amendment, text read as follows: “As part of a project grant agreement under subparagraph (B), the Administrator shall require the non-Federal sponsor to provide an assurance, with respect to the dam to be rehabilitated under the project, that the owner of the dam has developed and will carry out a plan for maintenance of the dam during the expected life of the dam.”

Subsec. (c)(2)(D). Pub. L. 116-260, §132(b)(3)(B)(iv), substituted “A State may not award a grant to an eligible subrecipient under this section that exceeds, for any 1 dam,” for “A grant provided under this section shall not exceed” in introductory provisions.

Subsec. (d)(1). Pub. L. 116-260, §132(b)(4)(A), inserted “to an eligible subrecipient” after “this section”.

Subsec. (d)(2). Pub. L. 116-260, §132(b)(4)(B)(i), (ii), substituted “Eligible subrecipient” for “Non-Federal sponsor” in heading and “an eligible subrecipient shall, with respect to the dam to be rehabilitated by the eligible subrecipient” for “the non-Federal sponsor shall” in introductory provisions.

Subsec. (d)(2)(A). Pub. L. 116-260, §132(b)(4)(B)(iii), amended subpar. (A) generally. Prior to amendment, subpar. (A) read as follows: “participate in, and comply with, all applicable Federal flood insurance programs;”.

Subsec. (d)(2)(B). Pub. L. 116-260, §132(b)(4)(B)(iv), substituted “beginning not later than 2 years after the date on which the Administrator publishes criteria for hazard mitigation plans under paragraph (3), demonstrate that the Tribal or local government with jurisdiction over the area in which the dam is located has” for “have” in introductory provisions.

Subsec. (d)(2)(C). Pub. L. 116-260, §132(b)(4)(B)(v), substituted “expected life of the dam” for “50-year period”.

Subsec. (d)(3). Pub. L. 116-260, §132(b)(4)(C), added par. (3).

Subsec. (e)(1). Pub. L. 116-260, §132(b)(5)(A)(i), substituted “an eligible subrecipient” for “non-Federal sponsor” in introductory provisions.

Subsec. (e)(1)(B). Pub. L. 116-260, §132(b)(5)(A)(ii), substituted “2 years” for “1 year” in cls. (i) and (ii).

Subsec. (e)(3). Pub. L. 116-260, §132(b)(5)(B), added par. (3) and struck out former par. (3). Prior to amendment, text read as follows: “The Administrator may provide technical support for the development and implementation of floodplain management plans prepared under this subsection.”

Subsec. (i)(1). Pub. L. 116-260, §132(b)(6), substituted “an eligible subrecipient” for “a non-Federal sponsor” in introductory provisions.

RULEMAKING

Pub. L. 114-322, title IV, §5006(c), Dec. 16, 2016, 130 Stat. 1896, provided that:

“(1) PROPOSED RULEMAKING.—Not later than 90 days after the date of enactment of this Act [Dec. 16, 2016], the Administrator of the Federal Emergency Management Agency shall issue a notice of proposed rulemaking regarding applications for grants of assistance under the amendments made by subsection (b) to the National Dam Safety Program Act (33 U.S.C. 467 et seq.) [enacting this section].

“(2) FINAL RULE.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Emergency Management Agency shall promulgate a final rule regarding the amendments described in paragraph (1).”

REHABILITATION OF CORPS OF ENGINEERS CONSTRUCTED DAMS

Pub. L. 114-322, title I, §1177, Dec. 16, 2016, 130 Stat. 1674, as amended by Pub. L. 115-270, title I, §1132, Oct. 23, 2018, 132 Stat. 3781; Pub. L. 116-260, div. AA, title III, §305, Dec. 27, 2020, 134 Stat. 2703, provided that:

“(a) IN GENERAL.—If the Secretary [of the Army] determines that the project is feasible, the Secretary may carry out a project for the rehabilitation of a dam described in subsection (b).

“(b) ELIGIBLE DAMS.—A dam eligible for assistance under this section is a dam—

“(1) that has been constructed, in whole or in part, by the Corps of Engineers for flood control purposes;

“(2) for which construction was completed before 1940;

“(3) that is classified as ‘high hazard potential’ by the State dam safety agency of the State in which the dam is located; and

“(4) that is operated by a non-Federal entity.

“(c) COST SHARING.—Non-Federal interests shall provide 35 percent of the cost of construction of any project carried out under this section, including provision of all land, easements, rights-of-way, and necessary relocations.

“(d) AGREEMENTS.—Construction of a project under this section shall be initiated only after a non-Federal interest has entered into a binding agreement with the Secretary [of the Army]—

“(1) to pay the non-Federal share of the costs of construction under subsection (c); and

“(2) to pay 100 percent of any operation, maintenance, and replacement and rehabilitation costs with respect to the project in accordance with regulations prescribed by the Secretary.

“(e) COST LIMITATION.—The Secretary shall not expend more than \$60,000,000 for a project at any single dam under this section.

“(f) FUNDING.—There is authorized to be appropriated to carry out this section \$60,000,000 for each of fiscal years 2017 through 2026.”

§ 467g. Research

(a) In general

The Administrator, in cooperation with the Board, shall carry out a program of technical and archival research to develop and support—

(1) improved techniques, historical experience, and equipment for rapid and effective dam construction, rehabilitation, and inspection;

(2) devices for the continued monitoring of the safety of dams;

(3) development and maintenance of information resources systems needed to support managing the safety of dams; and

(4) initiatives to guide the formulation of effective public policy and advance improvements in dam safety engineering, security, and management.

(b) Consultation

The Administrator shall provide for State participation in research under subsection (a) and

periodically advise all States and Congress of the results of the research.

§ 467j. Authorization of appropriations

(a) National dam safety program

(1) Annual amounts

There are authorized to be appropriated to FEMA to carry out sections 467e, 467f, and 467h of this title (in addition to any amounts made available for similar purposes included in any other Act and amounts made available under subsections (b) through (e)), \$9,200,000 for each of fiscal years 2019 through 2023, to remain available until expended.

(2) Allocation

(A) In general

Subject to subparagraphs (B) and (C), for each fiscal year, amounts made available under this subsection to carry out section 467f of this title shall be allocated among the States as follows:

(i) One-third among States that qualify for assistance under section 467f(e) of this title.

(ii) Two-thirds among States that qualify for assistance under section 467f(e) of this title, to each such State in proportion to—

(I) the number of dams in the State that are listed as State-regulated dams on the inventory of dams maintained under section 467d of this title; as compared to

(II) the number of dams in all States that are listed as State-regulated dams on the inventory of dams maintained under section 467d of this title.

(B) Maximum amount of allocation

(i) In general

The amount of funds allocated to a State under this paragraph may not exceed 50 percent of the reasonable cost of implementing the State dam safety program.

(ii) Fiscal year 2015 and subsequent fiscal years

For fiscal year 2015 and each subsequent fiscal year, the amount of funds allocated to a State under this paragraph may not exceed the amount of funds committed by the State to implement dam safety activities.

(C) Determination

The Administrator and the Board shall determine the amount allocated to States.

(b) National dam inventory

There is authorized to be appropriated to carry out section 467d of this title \$500,000 for each of fiscal years 2019 through 2023.

(c) Public awareness

There is authorized to be appropriated to carry out section 467g–2 of this title \$1,000,000 for each of fiscal years 2019 through 2023.

(d) Research

There is authorized to be appropriated to carry out section 467g of this title \$1,450,000 for each of fiscal years 2019 through 2023, to remain until expended.

(e) Dam safety training

There is authorized to be appropriated to carry out section 467g–1 of this title \$750,000 for each of fiscal years 2019 through 2023.

(f) Staff

There is authorized to be appropriated to FEMA for the employment of such additional staff personnel as are necessary to carry out sections 467f through 467g–1 of this title \$1,000,000 for each of fiscal years 2019 through 2023.

(g) Limitation on use of amounts

Amounts made available under this subchapter may not be used to construct or repair any Federal or non-Federal dam.

(Pub. L. 92–367, §14, formerly §12, as added Pub. L. 104–303, title II, §215(c)(8), Oct. 12, 1996, 110 Stat. 3693; renumbered §13 and amended Pub. Section 467m, Pub. L. 92–367, §14, as added Pub. L. 99–662, title XII, §1201(b), Nov. 17, 1986, 100 Stat. 4263, provided that inspection funds were not to be used for repair or construction of any dam.

§ 467n. Recovery of dam modification costs required for safety purposes

(a) After November 17, 1986, costs incurred in the modification by the Secretary of dams and related facilities constructed or operated by the Secretary, the cause of which results from new hydrologic or seismic data or changes in state-of-the-art design or construction criteria deemed necessary for safety purposes, shall be recovered in accordance with the provisions in this subsection:

(1) Fifteen percent of the modification costs shall be assigned to project purposes in accordance with the cost allocation in effect for the project at the time the work is initiated. Non-Federal interests shall share the costs assigned to each purpose in accord with the cost sharing in effect at the time of initial project construction: *Provided*, That the Secretary of the Interior shall recover costs assigned to irrigation in accordance with repayment provisions of Public Law 98–404.

(2) Repayment under this subsection, with the exception of costs assigned to irrigation, may be made, with interest, over a period of not more than thirty years from the date of completion of the work. The interest rate used shall be determined by the Secretary of the Treasury, taking into consideration average market yields on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the applicable reimbursable period during the month preceding the fiscal year in which the costs are incurred, plus a premium of one-eighth of one percentage point for transaction costs. To the extent that more than one interest rate is determined pursuant to the preceding sentence, the Secretary of the Treasury shall establish an interest rate at the weighted average of the rates so determined.

(b) Nothing in this section affects the authority of the Secretary to perform work pursuant

to Public Law 84-99, as amended (33 U.S.C. 701n) or cost sharing for such work.

TRANSFER OF FUNCTIONS

“Commandant of the Coast Guard” and “Coast Guard” substituted in text for “Commissioner of Lighthouses” and “Lighthouse Service”, respectively, on authority of Reorg. Plan No. II of 1939, § 2(a), set out in the Appendix to Title 5, Government Organization and Employees, which transferred and consolidated the Bureau of Lighthouses (of which the Lighthouse Service was a part and of which the Commissioner of Lighthouses was the head) and its functions with the Coast Guard (of which the Commandant was the Chief).

For transfer of functions of other officers, employees, and agencies of Department of the Treasury, with certain exceptions, to Secretary of the Treasury with power to delegate, see Reorg. Plan No. 26 of 1950, §§ 1, 2, eff. July 31, 1950, 15 F.R. 4935, 64 Stat. 1280, 1281, set out in the Appendix to Title 5, Government Organization and Employees. Functions of Coast Guard, and Commandant of Coast Guard, excepted from transfer when Coast Guard is operating as part of Navy under former sections 1 and 3 (now 101 and 103) of Title 14, Coast Guard.

§ 473. Repealed. Pub. L. 89-554, § 8(a), Sept. 6, 1966, 80 Stat. 637

Section, act Mar. 2, 1895, ch. 172, § 2, 28 Stat. 740, provided that the powers and authority conferred upon the harbor master, District of Columbia, may in his absence or disability be exercised by the pilot of the harbor police boat.

§ 474. Anchorage and general regulations for St. Marys River

The Commandant of the Coast Guard is authorized and directed to adopt and prescribe suitable rules and regulations governing the movements and anchorage of vessels and rafts in Saint Marys River from Point Iroquois, on Lake Superior, to Point Detour, on Lake Huron, and for the purpose of enforcing the observance of such regulations the Secretary of Transportation is authorized to detail one or more Coast Guard vessels for duty upon the request of the Commandant of the Coast Guard on said river.

All officers of the Coast Guard who are directed to enforce the regulations prescribed by the above rules are empowered and directed, in case of necessity, or when a proper notice has been disregarded, to use the force at their command to remove from channels or stop any vessel found violating the prescribed rules.

In the event of the violation of any such regulations or rules of the Commandant of the Coast Guard by the owners, master, or person in charge of such vessel, such owners, master, or person in charge shall be liable to a penalty not exceeding \$200: *Provided*, That the Commandant of the Coast Guard may remit said fine on such terms as he may prescribe: *Provided also*, That nothing in this section shall be construed to amend or repeal chapter 4¹ of this title.

§ 476. Restrictions on tanker traffic in Puget Sound and adjacent waters

(a) The Congress finds that—

(1) the navigable waters of Puget Sound in the State of Washington, and the natural resources therein, are a fragile and important national asset;

(2) Puget Sound and the shore area immediately adjacent thereto is threatened by increased domestic and international traffic of tankers carrying crude oil in bulk which in-

creases the possibility of vessel collisions and oil spills; and

(3) it is necessary to restrict such tanker traffic in Puget Sound in order to protect the navigable waters thereof, the natural resources therein, and the shore area immediately adjacent thereto, from environmental harm.

(b) Notwithstanding any other provision of law, on and after October 18, 1977, no officer, employee, or other official of the Federal Government shall, or shall have authority to, issue, renew, grant, or otherwise approve any permit, license, or other authority for constructing, renovating, modifying, or otherwise altering a terminal, dock, or other facility in, on, or immediately adjacent to, or affecting the navigable waters of Puget Sound, or any other navigable waters in the State of Washington east of Port Angeles, which will or may result in any increase in the volume of crude oil capable of being handled at any such facility (measured as of October 18, 1977), other than oil to be refined for consumption in the State of Washington.

BRIDGE PERMITS

Pub. L. 112-213, title VII, § 712(a), Dec. 20, 2012, 126 Stat. 1582, provided that:

"(a) IN GENERAL.—For the purposes of reviewing a permit application pursuant to section 9 of the Act of March 3, 1899, popularly known as the Rivers and Harbors Appropriation Act of 1899 (33 U.S.C. 401), the Act of March 23, 1906, popularly known as the Bridge Act of 1906 (33 U.S.C. 491 et seq.), the Act of June 21, 1940, popularly known as the Truman-Hobbs Act (33 U.S.C. 511 et seq.), or the General Bridge Act of 1946 (33 U.S.C. 525 et seq.), the Secretary of the department in which the Coast Guard is operating may—

"(1) accept voluntary services from one or more owners of a bridge; and

"(2) accept and credit to Coast Guard operating expenses any amounts received from one or more owners of a bridge."

SUBCHAPTER I—GENERAL PROVISIONS

§ 491. Approval of and deviation from plans; exemptions

When, after March 23, 1906, authority is granted by Congress to any persons to construct and maintain a bridge across or over any of the navigable waters of the United States, such bridge shall not be built or commenced until the plans and specifications for its construction, together with such drawings of the proposed construction and such map of the proposed location as may be required for a full understanding of the subject, have been submitted to the Secretary of the department in which the Coast Guard is operating for the Secretary's approval, nor until the Secretary shall have approved such plans and speci-

fications and the location of such bridge and accessory works; and when the plans for any bridge to be constructed under the provisions of sections 491 to 494 and 495 to 498 of this title, have been approved by the Secretary it shall not be lawful to deviate from such plans, either before or after completion of the structure, unless the modification of such plans has previously been submitted to and received the approval of the Secretary. This section shall not apply to any bridge over waters which are not subject to the ebb and flow of the tide and which are not used and are not susceptible to use in their natural condition or by reasonable improvement as a means to transport interstate or foreign commerce.

Sections 491 to 494 and 495 to 498 of this title are popularly known as the “Bridge Act of 1906” and the “General Bridge Act of 1906”.

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army [formerly War] and other offices and officers of Department of the Army [formerly War] under this section to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89-670, §6(g)(6)(B), Oct. 15, 1966, 80 Stat. 941. Pub. L. 97-449 amended this section to reflect transfer made by section 6(g)(6)(B) of Pub. L. 89-670, and repealed section 6(g)(6)(B).

§ 492. Bridge as post route; limitation as to charges against Government; telegraph and telephone lines

Any bridge built in accordance with the provisions of sections 491 to 494 and 495 to 498 of this title, shall be a lawful structure and shall be recognized and known as a post route, upon which no higher charge shall be made for the transmission over the same of the mails, the troops, and the munitions of war of the United States than the rate per mile paid for the trans-

portation over any railroad, street railway, or public highway leading to said bridge; and the United States shall have the right to construct, maintain, and repair, without any charge therefor, telegraph and telephone lines across and upon said bridge and its approaches; and equal privileges in the use of said bridge and its approaches shall be granted to all telegraph and telephone companies.

(Mar. 23, 1906, ch. 1130, §2, 34 Stat. 85.)

§ 493. Use of railroad bridges by other railroad companies

All railroad companies desiring the use of any railroad bridge built in accordance with the provisions of sections 491 to 494 and 495 to 498 of this title, shall be entitled to equal rights and privileges relative to the passage of railway trains or cars over the same and over the approaches thereto upon payment of a reasonable compensation for such use; and in case of any disagreement between the parties in regard to the terms of such use or the sums to be paid all matters at issue shall be determined by the Secretary of Transportation upon hearing the allegations and proofs submitted to him.

(Mar. 23, 1906, ch. 1130, §3, 34 Stat. 85; Pub. L. 97-449, §2(d)(1), Jan. 12, 1983, 96 Stat. 2440.)

§ 494. Obstruction of navigation; alterations and removals; lights and signals; draws

No bridge erected or maintained under the provisions of sections 491 to 494 and 495 to 498 of this title, shall at any time unreasonably obstruct the free navigation of the waters over which it is constructed, and if any bridge erected in accordance with the provisions of said sections, shall, in the opinion of the Secretary of the department in which the Coast Guard is operating at any time unreasonably obstruct such navigation, either on account of insufficient height, width of span, or otherwise, or if there be difficulty in passing the draw opening or the drawspan of such bridge by rafts, steamboats, or other water craft, it shall be the duty of the Secretary of the department in which the Coast Guard is operating after giving the parties interested reasonable opportunity to be heard, to notify the persons owning or controlling such

bridge to so alter the same as to render navigation through or under it reasonably free, easy, and unobstructed, stating in such notice the changes required to be made, and prescribing in each case a reasonable time in which to make such changes, and if at the end of the time so specified the changes so required have not been made, the persons owning or controlling such bridge shall be deemed guilty of a violation of said sections; and all such alterations shall be made and all such obstructions shall be removed at the expense of the persons owning or operating said bridge. The persons owning or operating any such bridge shall maintain, at their own expense, such lights and other signals thereon as the Commandant of the Coast Guard shall prescribe. If the bridge shall be constructed with a draw, then the draw shall be opened promptly by the persons owning or operating such bridge upon reasonable signal for the passage of boats and other water craft.

Editorial Notes

PRIOR PROVISIONS

Act July 5, 1884, ch. 229, §8, 23 Stat. 148, relating to authority of Secretary of War to require owners of bridges which obstruct navigation to relieve the situation or be penalized, was probably omitted from the Code as superseded by this section and section 495 of this title, which by section 498b of this title were made applicable to bridges authorized prior to March 23, 1906.

Section would seem to supersede a provision of act Aug. 7, 1882, ch. 433, §1, 22 Stat. 309, which read as follows: “That all parties owning, occupying, or operating bridges over any navigable river shall maintain at their own expense, from sunset to sunrise, throughout the year, such lights on their bridges as may be required by the Light-House Board for the security of navigation; and in addition thereto all persons owning, occupying, or operating any bridge over any navigable river shall, in any event, maintain all lights on their bridge that may be necessary for the security of navigation.”

AMENDMENTS

2016—Pub. L. 114–120 substituted “Secretary of the department in which the Coast Guard is operating” for “Secretary of Homeland Security” in two places.

2010—Pub. L. 111–281 amended directory language of Pub. L. 109–241, §902(k). See 2006 Amendment note below.

2006—Pub. L. 109–241, §902(k), as amended by Pub. L. 111–281, substituted “Secretary of Homeland Security” for “Secretary of Transportation” in two places.

1987—Pub. L. 100–17 struck out last sentence relating to tolls.

1983—Pub. L. 97–449 substituted “Secretary of Transportation” for “Secretary of War” wherever appearing. See Transfer of Functions note below.

EFFECTIVE DATE OF 2010 AMENDMENT

Pub. L. 111–281, title IX, §903(a), Oct. 15, 2010, 124 Stat. 3010, provided that the amendment by section 903(a)(9) is effective with enactment of Pub. L. 109–241.

CONNECTICUT RIVER BRIDGES

Acts Aug. 7, 1939, ch. 503, 53 Stat. 1234, and Apr. 24, 1946, ch. 214, 60 Stat. 122, were amended by act Aug. 9, 1955, ch. 631, 69 Stat. 552, to provide that the last sentence of this section should not be applicable to bridges constructed pursuant to acts Aug. 7, 1939 and Apr. 24, 1946.

TRANSFER OF FUNCTIONS

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

Functions, powers, and duties of Secretary of the Army [formerly War] and other offices and officers of Department of the Army [formerly War] relating to reasonableness of tolls and to location and clearances of bridges and causeways in navigable waters of United States under this section transferred to and vested in Secretary of Transportation by section 6(g)(4)(A), (6)(B) of Pub. L. 89–670. Pub. L. 97–449 amended this section to reflect transfer made by section 6(g)(4)(A), (6)(B) of Pub. L. 89–670, and repealed section 6(g)(4)(A), (6)(B).

Coast Guard transferred to Department of Transportation, and functions, powers, and duties relating to Coast Guard of Secretary of the Treasury and of other officers and offices of Department of the Treasury transferred to Secretary of Transportation by Pub. L. 89–670, §6(b)(1), Oct. 15, 1966, 80 Stat. 938. Section 6(b)(2) of Pub. L. 89–670, however, provided that notwithstanding such transfer of functions, Coast Guard shall operate as part of Navy in time of war or when the President directs as provided in former section 3 (now 103) of Title 14, Coast Guard. See section 108 of Title 49, Transportation.

Secretary of Commerce and Labor redesignated Secretary of Labor by act Mar. 4, 1913, which enacted Department of Labor.

Executive Documents

TRANSFER OF FUNCTIONS

For transfer of functions of other officers, employees, and agencies of Department of the Treasury, with certain exceptions, to Secretary of the Treasury with power to delegate, see Reorg. Plan No. 26 of 1950, §§1, 2, eff. July 31, 1950, 15 F.R. 4935, 64 Stat. 1280, 1281, set out in the Appendix to Title 5, Government Organization and Employees. Functions of Coast Guard, and Commandant of Coast Guard, excepted from transfer when Coast Guard is operating as part of Navy under former sections 1 and 3 (now 101 and 103) of Title 14, Coast Guard.

“Commandant of the Coast Guard” substituted in text for “Secretary of Commerce” on authority of Reorg. Plan No. 3 of 1946, §§101 to 104, set out in the Appendix to Title 5, Government Organization and Employees.

§ 494a. Study of bridges over navigable waters

The Commandant of the Coast Guard shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a comprehensive study on the construction or alteration of any bridge, drawbridge, or causeway over the navigable waters of the United States with a channel depth of 25 feet or greater that may impede or obstruct future navigation to or from port facilities and for which a permit under the Act of March 23, 1906 (33 U.S.C. 491 et seq.),

popularly known as the Bridge Act of 1906, was requested during the period beginning on January 1, 2006, and ending on August 3, 2011.

(Pub. L. 111-281, title IX, §905, Oct. 15, 2010, 124 Stat. 3012; Pub. L. 112-213, title VII, §702(a), Dec. 20, 2012, 126 Stat. 1580.)

REFERENCES IN TEXT

Act of March 23, 1906 (33 U.S.C. 491 et seq.), popularly known as the Bridge Act of 1906, referred to in text, is act Mar. 23, 1906, ch. 1130, 34 Stat. 84, which enacted sections 491 to 494 and 495 to 498 of this title. For complete classification of this Act of the Code, see Short Title note set out under section 491 of this title and Tables.

AMENDMENTS

2012—Pub. L. 112-213 amended section generally. Prior to amendment, text read as follows: “The Commandant of the Coast Guard shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a comprehensive study on the proposed construction or alteration of any bridge, drawbridge, or causeway over navigable waters with a channel depth of 25 feet or greater of the United States that may impede or obstruct future navigation to or from port facilities.”

§ 495. Violations of orders respecting bridges and accessory works

(a) Criminal penalties for violation; misdemeanor; fine; new offenses; jurisdiction; suits for recovery of removal expenses, enforcement of removal, and obstruction-to-navigation causes or questions

Any persons who shall willfully fail or refuse to comply with the lawful order of the Secretary of the department in which the Coast Guard is operating or the Chief of Engineers, made in accordance with the provisions of sections 491 to 494 and 495 to 498 of this title, shall be deemed guilty of a misdemeanor and on conviction thereof shall be punished in any court of competent jurisdiction by a fine not exceeding \$5,000, and every month such persons shall remain in default shall be deemed a new offense and subject such persons to additional penalties therefor; and in addition to the penalties above described the Secretary of the department in which the Coast Guard is operating and the Chief of Engineers may, upon refusal of the persons owning or controlling any such bridge and accessory works to comply with any lawful order issued by the Secretary of the department in which the Coast Guard is operating or Chief of Engineers in regard thereto, cause the removal of such bridge and accessory works at the expense of the persons owning or controlling such bridge, and suit for such expense may be brought in the name of the United States against such persons, and recovery had for such expense in any court of competent jurisdiction; and the removal of any structures erected or maintained in violation of the provisions of said sections, or the order or direction of the Secretary of the department in which the Coast Guard is operating or Chief of Engineers made in pursuance thereof may be enforced by injunction, mandamus, or other summary process, upon application to the district court in the dis-

trict in which such structure may, in whole or in part, exist, and proper proceedings to this end may be instituted under the direction of the Attorney General of the United States at the request of the Secretary of the department in which the Coast Guard is operating; and in case of any litigation arising from any obstruction or alleged obstruction to navigation created by the construction of any bridge under said sections, the cause or question arising may be tried before the district court of the United States in any district which any portion of said obstruction or bridge touches.

(b) Civil penalties for violation; separate offenses; notice and hearing; assessment, collection, and remission; civil actions

Whoever violates any provision of sections 491 to 494 and 495 to 498 of this title, or any order issued under sections 491 to 494 and 495 to 498 of this title, shall be liable to a civil penalty of not more than \$25,000 for a violation occurring in 2008 and any year thereafter. Each day a violation continues shall be deemed a separate offense. No penalty may be assessed under this subsection until the person charged is given notice and an opportunity for a hearing on the charge. The Secretary of the department in which the Coast Guard is operating may assess and collect any civil penalty incurred under this subsection and, in his discretion, may remit, mitigate, or compromise any penalty until the matter is referred to the Attorney General. If a person against whom a civil penalty is assessed under this subsection fails to pay that penalty, an action may be commenced in the district court of the United States for any district in which the violation occurs for such penalty.

CODIFICATION

The words “district court” were substituted for “circuit court,” upon incorporation into the Code, the Circuit Courts being abolished by act Mar. 3, 1911, and their powers and duties transferred to the district courts by section 291 of that act.

AMENDMENTS

2018—Subsec. (b). Pub. L. 115-232 struck out “\$5,000 for a violation occurring in 2004; \$10,000 for a violation occurring in 2005; \$15,000 for a violation occurring in 2006; \$20,000 for a violation occurring in 2007; and” after “civil penalty of not more than”.

2016—Pub. L. 114-120 substituted “Secretary of the department in which the Coast Guard is operating” for “Secretary of Transportation” wherever appearing.

2004—Subsec. (b). Pub. L. 108-293 substituted “\$5,000 for a violation occurring in 2004; \$10,000 for a violation occurring in 2005; \$15,000 for a violation occurring in 2006; \$20,000 for a violation occurring in 2007; and \$25,000 for a violation occurring in 2008 and any year thereafter” for “\$1,000”.

1983—Subsec. (a). Pub. L. 97-449 substituted “Secretary of Transportation” for “Secretary of War” wherever appearing. See Transfer of Functions note below.

1982—Subsec. (a). Pub. L. 97-322, §108(c)(1)–(3), designated existing provisions as subsec. (a), provided for punishment of persons who shall “willfully” fail to comply with lawful orders, and struck out “shall be deemed guilty of a violation of said sections, and any persons who shall be guilty of a violation of said sections” before “shall be deemed guilty of a misdemeanor”.

Subsec. (b). Pub. L. 97-322, §108(c)(4), added subsec. (b).

Statutory Notes and Related Subsidiaries

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army [formerly War] and other offices and officers of Department the Army [formerly War] under this section to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89-670, §6(g)(6)(B), Oct. 15, 1966, 80 Stat. 941. Pub. L. 97-449 amended this section to reflect transfer made by section 6(g)(6)(B) of Pub. L. 89-670, and repealed section 6(g)(6)(B).

§ 496. Time for commencement and completion of bridge

Whenever Congress shall after March 23, 1906, by law authorize the construction of any bridge over or across any of the navigable waters of the United States, and no time for the commencement and completion of such bridge is named in said Act, the authority thereby granted shall cease and be null and void unless the actual construction of the bridge authorized in such Act be commenced within one year and completed within three years from the date of the passage of such Act.

(Mar. 23, 1906, ch. 1130, §6, 34 Stat. 86.)

§ 497. “Persons” defined

The word “persons” as used in sections 491 to 494 and 495 to 498 of this title, shall be construed to import both the singular and the plural, as the case demands, and shall include municipalities, quasi-municipal corporations, corporations, companies, and associations.

(Mar. 23, 1906, ch. 1130, §7, 34 Stat. 86.)

§ 498. Reservation of right to alter or repeal

The right to alter, amend, or repeal sections 491 to 494 and 495 to 498 of this title, is expressly reserved as to any and all bridges which may be built in accordance with the provisions of said sections, and the United States shall incur no liability for the alteration, amendment, or repeal thereof to the owner or owners or any other persons interested in any bridge which shall have been constructed in accordance with its provisions.

(Mar. 23, 1906, ch. 1130, §8, 34 Stat. 86.)

§ 498a. Repealed. Pub. L. 100-17, title I, § 135(b), Apr. 2, 1987, 101 Stat. 174

Section, act June 10, 1930, ch. 441, §17, 46 Stat. 552, provided that, in the case of bridges authorized prior to June 10, 1930, by Acts of Congress, where Congress has specifically reserved the right to regulate tolls, such bridges, with respect to regulation of all tolls, be subject to sections 491 to 494 and 495 to 498 of this title.

§ 498b. Repealed. Pub. L. 100-17, title I, § 135(c), Apr. 2, 1987, 101 Stat. 174

Section, act June 27, 1930, ch. 640, §1, 46 Stat. 821, provided that, in case of any bridge authorized prior to Mar. 23, 1906, by Act of Congress, where Congress has specifically reserved the right to alter, amend, or repeal such Act, regulation of all tolls be subject to sections 491 to 494 and 495 to 498 of this title.

§ 499. Regulations for drawbridges

(a) Criminal penalties for violations; enforcement; rules and regulations

It shall be the duty of all persons owning, operating, and tending the drawbridges built prior to August 18, 1894, or which may thereafter be built across the navigable rivers and other waters of the United States, to open, or cause to be opened, the draws of such bridges under such rules and regulations as in the opinion of the Secretary of the department in which the Coast Guard is operating the public interests require to govern the opening of drawbridges for the passage of vessels and other water crafts, and such rules and regulations, when so made and published, shall have the force of law. Every such person who shall willfully fail or refuse to open, or cause to be opened, the draw of any such bridge for the passage of a boat or boats, as provided in such regulations, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not more than \$2,000 nor less than \$1,000, or by imprisonment (in the case of a natural person) for not exceeding one year, or by both such fine and imprisonment, in the discretion of the court: *Provided*, That the proper action to enforce the provisions of this subsection may be commenced before any magistrate judge, judge, or court of the United States, and such magistrate judge, judge, or court shall proceed in respect thereto as authorized by law in case of crimes against the United States: *Provided further*, That whenever, in the opinion of the Secretary of the department in which the Coast Guard is operating, the public interests require it, he may make rules and regulations to govern the opening of drawbridges for the passage of vessels and other water crafts, and such rules and regulations, when so made and published, shall have the force of law, and any willful violation thereof shall be punished as hereinbefore provided: *Provided further*, That any regulations made in pursuance of this section may be enforced as provided in section 413 of this title, the provisions whereof are made applicable to the said regulations. Any rules and regulations made in pursuance of this section shall, to the extent practical and feasible, provide for regularly scheduled openings of drawbridges during seasons of the year, and during times of the day, when scheduled openings would help reduce motor vehicle traffic delays and congestion on roads and highways linked by drawbridges.

(b) Nonstructural vessel appurtenances; unreasonable delays

No vessel owner or operator shall signal a drawbridge to open for any nonstructural vessel appurtenance which is not essential to navigation or which is easily lowered and no person shall unreasonably delay the opening of a draw

after the signal required by rules or regulations under this section has been given. The Secretary of the department in which the Coast Guard is operating shall issue rules and regulations to implement this subsection.

(c) Civil penalties for violation; notice and hearing; assessment, collection, and remission; civil actions

Whoever violates any rule or regulation issued under subsection (a) or (b), shall be liable to a civil penalty of not more than \$5,000 for a violation occurring in 2004; \$10,000 for a violation occurring in 2005; \$15,000 for a violation occurring in 2006; \$20,000 for a violation occurring in 2007; and \$25,000 for a violation occurring in 2008 and any year thereafter. No penalty may be assessed under this subsection until the person charged is given notice and an opportunity for a hearing on the charge. The Secretary of the department in which the Coast Guard is operating may assess and collect any civil penalty incurred under this subsection and, in his discretion, may remit, mitigate, or compromise any penalty until the matter is referred to the Attorney General. If a person against whom a civil penalty is assessed under this subsection fails to pay that penalty, an action may be commenced in the district court of the United States for any district in which the violation occurs for such penalty.

(d) Temporary changes to drawbridge operating schedules

Notwithstanding section 553 of title 5, whenever a temporary change to the operating schedule of a drawbridge, lasting 180 days or less—

(1) is approved—

(A) the Secretary of the department in which the Coast Guard is operating shall—

(i) issue a deviation approval letter to the bridge owner; and

(ii) announce the temporary change in—

(I) the Local Notice to Mariners;

(II) a broadcast notice to mariners and through radio stations; or

(III) such other local media as the Secretary considers appropriate; and

(B) the bridge owner, except a railroad bridge owner, shall notify—

(i) the public by publishing notice of the temporary change in a newspaper of general circulation published in the place where the bridge is located;

(ii) the department, agency, or office of transportation with jurisdiction over the roadway that abuts the approaches to the bridge; and

(iii) the law enforcement organization with jurisdiction over the roadway that abuts the approaches to the bridge; or

(2) is denied, the Secretary of the department in which the Coast Guard is operating shall—

(A) not later than 10 days after the date of receipt of the request, provide the bridge owner in writing the reasons for the denial, including any supporting data and evidence used to make the determination; and

(B) provide the bridge owner a reasonable opportunity to address each reason for the denial and resubmit the request.

(e) Drawbridge movements

The Secretary of the department in which the Coast Guard is operating—

(1) shall require a drawbridge operator to record each movement of the drawbridge in a logbook;

(2) may inspect the logbook to ensure drawbridge movement is in accordance with the posted operating schedule;

(3) shall review whether deviations from the posted operating schedule are impairing vehicular and pedestrian traffic; and

(4) may determine if the operating schedule should be adjusted for efficiency of maritime or vehicular and pedestrian traffic.

(f) Requirements

(1) Logbooks

An operator of a drawbridge built across a navigable river or other water of the United States—

(A) that opens the draw of such bridge for the passage of a vessel, shall record in a logbook—

(i) the bridge identification and date of each opening;

(ii) the bridge tender or operator for each opening;

(iii) each time it is opened for navigation;

(iv) each time it is closed for navigation;

(v) the number and direction of vessels passing through during each opening;

(vi) the types of vessels passing through during each opening;

(vii) an estimated or known size (height, length, and beam) of the largest vessel passing through during each opening;

(viii) for each vessel, the vessel name and registration number if easily observable; and

(ix) all maintenance openings, malfunctions, or other comments; and

(B) that remains open to navigation but closes to allow for trains to cross, shall record in a logbook—

(i) the bridge identification and date of each opening and closing;

(ii) the bridge tender or operator;

(iii) each time it is opened to navigation;

(iv) each time it is closed to navigation; and

(v) all maintenance openings, closings, malfunctions, or other comments.

(2) Maintenance of logbooks

A drawbridge operator shall maintain logbooks required under paragraph (1) for not less than 5 years.

(3) Submission of logbooks

At the request of the Secretary of the department in which the Coast Guard is operating, a drawbridge operator shall submit to the Secretary the logbook required under paragraph (1) as the Secretary considers necessary to carry out this section.

(4) Exemption

The requirements under paragraph (1) shall be exempt from sections 3501 to 3521 of title 44.

CODIFICATION

The last proviso of subsec. (a) of this section was from a part of section 6 of act June 13, 1902, which reads as follows: "Any regulations heretofore or hereafter prescribed by the Secretary of War in pursuance of the fourth and fifth sections of the river and harbor Act of August eighteenth, eighteen hundred and ninety-four [this section and section 1 of this title], and any regulations hereafter prescribed in pursuance of the aforesaid section four as amended by section eleven of this Act [section 1 of this title], may be enforced as provided in section seventeen of the river and harbor Act of March third, eighteen hundred and ninety-nine [section 413 of this title], the provisions whereof are hereby made applicable to the said regulations."

The last paragraph of section 1 of this title is also from a part of section 6 of act June 13, 1902.

Except for the last proviso of subsec. (a), this section was from act Aug. 18, 1894.

AMENDMENTS

2018—Subsecs. (d) to (f). Pub. L. 115-282 added subsecs. (d) to (f).

2016—Pub. L. 114-120 substituted "Secretary of the department in which the Coast Guard is operating" for "Secretary of Transportation" wherever appearing.

2004—Subsec. (c). Pub. L. 108-293 substituted "\$5,000 for a violation occurring in 2004; \$10,000 for a violation occurring in 2005; \$15,000 for a violation occurring in 2006; \$20,000 for a violation occurring in 2007; and \$25,000 for a violation occurring in 2008 and any year thereafter" for "\$1,000".

1988—Subsec. (a). Pub. L. 100-448 inserted at end "Any rules and regulations made in pursuance of this section shall, to the extent practical and feasible, provide for regularly scheduled openings of drawbridges during seasons of the year, and during times of the day, when scheduled openings would help reduce motor vehicle traffic delays and congestion on roads and highways linked by drawbridges."

1983—Subsec. (a). Pub. L. 97-449 substituted "Secretary of Transportation" for "Secretary of War" wherever appearing. See Transfer of Functions note below.

1982—Subsec. (a). Pub. L. 97-322, § 108(a)(1)-(4), designated existing provisions as subsec. (a); struck out from second sentence after "boats," the clause "or who shall unreasonably delay the opening of said draw after reasonable signal shall have been given."; substituted in first proviso "subsection" for "section"; and in second proviso provided for punishment of "willful" violation of rules and regulations.

Subsecs. (b), (c). Pub. L. 97-322, § 108(a)(5), added subsecs. (b) and (c).

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

"Magistrate judge" substituted in text for "magistrate" pursuant to section 321 of Pub. L. 101-650, set out as a note under section 631 of Title 28, Judiciary and Judicial Procedure. Previously, "magistrate" substituted for "commissioner" pursuant to Pub. L. 90-578. See chapter 43 (§ 631 et seq.) of Title 28.

TRANSFER OF FUNCTIONS

Section 6(g)(2) of Pub. L. 89-670 transferred functions, powers, and duties of Secretary of the Army [formerly War] and other officers and offices of Department of the Army [formerly War] relating to drawbridge operating regulations under this section to Secretary of Transportation. Pub. L. 97-449 amended this section to reflect transfer made by section 6(g)(2) of Pub. L. 89-670, and repealed section 6(g)(2).

§ 500. Deflection of current; liability to riparian owners

Whenever complaint shall be made to the Secretary of the Army that by reason of the placing in any navigable waters of the United States of any bridge pier or abutment, the current of such waters has been so deflected from its natural course as to cause by producing caving of banks or otherwise serious damage or danger to property, it shall be his duty to make inquiry, and if it shall be ascertained that the complaint is well founded, he shall cause the owners or persons operating such bridge to repair such damage or prevent such danger to property by such means as he shall indicate and within such time as he may name, and in default thereof the owners or persons operating such bridge shall be liable in any court of competent jurisdiction to the persons injured in a sum double the amount of said injury: *Provided, however,* That nothing herein contained shall be construed so as to affect any rights of action which may have existed prior to August 11, 1888.

(Aug. 11, 1888, ch. 860, § 2, 25 Stat. 423; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Editorial Notes

CODIFICATION

Section was from the River and Harbor Appropriation Act of 1888.

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army and other offices and officers of Department of the Army under sections 491 to 494 and 495 to 498 of this title to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by Pub. L. 89-670, § 6(g)(6)(B), Oct. 15, 1966, 80 Stat. 931. Pub. L. 97-449 amended sections 491 to 494 and 495 to 498 of this title to reflect transfer made by section 6(g)(6)(B) of Pub. L. 89-670, and repealed section 6(g)(6)(B).

§ 501. Omitted

Editorial Notes

CODIFICATION

Section, R.S. § 5250, gave assent of Congress to construction of bridges across the Maquoketa River in Iowa.

§ 502. Alteration, removal, or repair of bridge or accessory obstructions to navigation

(a) Criminal penalties for violation; alteration or removal requirements; notice and hearing; specification of changes; time for compliance; notice to United States attorney; misdemeanor; fine; new offenses

Whenever the Secretary of the department in which the Coast Guard is operating shall have good reason to believe that any railroad or other bridge over any of the navigable waterways of the United States is an unreasonable obstruction to the free navigation of such waters on account of insufficient height, width of span, or otherwise, or where there is difficulty in passing the draw opening or the draw span of such bridge by rafts, steamboats, or other water craft, it shall be the duty of the said Secretary, first giving the parties reasonable opportunity to be heard, to give notice to the persons or corporations owning or controlling such bridge so to alter the same as to render navigation through or under it reasonably free, easy, and unobstructed; and in giving such notice he shall specify the changes that are required to be made, and shall prescribe in each case a reasonable time in which to make them. If at the end of such time the alteration has not been made, the Secretary of the department in which the Coast Guard is operating shall forthwith notify the United States attorney for the district in which such bridge is situated, to the end that the criminal proceedings hereinafter in this section mentioned may be taken. If the persons, corporation, or association owning or controlling any railroad or other bridge shall, after receiving notice to that effect, as hereinbefore required, from the Secretary of the department in which the Coast Guard is operating and within the time prescribed by him willfully fail or refuse to remove the same or to comply with the lawful order of the Secretary of the department in which the Coast Guard is operating in the premises, such persons, corporation, or association shall be deemed guilty of a misdemeanor and on conviction thereof shall be punished by a fine not exceeding \$5,000, and every month such persons, corporation, or association shall remain in default in respect to the removal or alteration of such bridge shall be deemed a new offense, and subject the persons, corporation, or association so offending to the penalties above prescribed.

(b) Proper repair requirement

No owner or operator of any bridge, drawbridge, or causeway shall endanger, unreasonably obstruct, or make hazardous the free navigation of any navigable water of the United States by reason of the failure to keep the bridge, drawbridge, or causeway and any accessory works in proper repair.

(c) Civil penalties for violation; separate offenses; notice and hearing; assessment, collection, and remission; civil actions

Whoever violates any provision of this section, or any order issued under this section, shall be liable to a civil penalty of not more than \$5,000 for a violation occurring in 2004; \$10,000 for a violation occurring in 2005; \$15,000 for a violation

occurring in 2006; \$20,000 for a violation occurring in 2007; and \$25,000 for a violation occurring in 2008 and any year thereafter. Each day a violation continues shall be deemed a separate offense. No penalty may be assessed under this subsection until the person charged is given notice and an opportunity for a hearing on the charge. The Secretary of the department in which the Coast Guard is operating may assess and collect any civil penalty incurred under this subsection and, in his discretion, may remit, mitigate, or compromise any penalty until the matter is referred to the Attorney General. If a person against whom a civil penalty is assessed under this subsection fails to pay that penalty, an action may be commenced in the district court of the United States for any district in which the violation occurs for such penalty.

Editorial Notes

CODIFICATION

Section is from act Mar. 3, 1899, popularly known as the "Rivers and Harbors Appropriation Act of 1899".

The words "or from the existing circuit courts," which followed "district courts" in the proviso were superseded by the abolition of the circuit courts and the transfer of their jurisdiction to the district courts, by act Mar. 3, 1911.

PRIOR PROVISIONS

This section superseded act Aug. 11, 1888, ch. 860, §§9, 10, 25 Stat. 424, as amended by act Sept. 19, 1890, ch. 907, §§4, 5, 26 Stat. 453, which required the Secretary of War to provide against obstructions to navigation by bridges, and prescribed a punishment on the owner's default in making the required alterations.

The Secretary of War was authorized to make the required changes in bridges obstructing navigation on the owner's failure to do so, and the Attorney General was required to institute proceedings against the owner for the recovery of the cost of such changes, by act July 5, 1884, ch. 229, §8, 23 Stat. 148.

AMENDMENTS

2016—Subsecs. (a), (c). Pub. L. 114-120 substituted "Secretary of the department in which the Coast Guard is operating" for "Secretary of Transportation" wherever appearing.

2004—Subsec. (c). Pub. L. 108-293 substituted "\$5,000 for a violation occurring in 2004; \$10,000 for a violation occurring in 2005; \$15,000 for a violation occurring in 2006; \$20,000 for a violation occurring in 2007; and \$25,000 for a violation occurring in 2008 and any year thereafter" for "\$1,000".

1982—Subsec. (a). Pub. L. 97-322 designated existing provisions as subsec. (a), substituted "Secretary of Transportation" for "Secretary of War" wherever appearing, and struck out "recommended by the Chief of Engineers" after "specify the charges".

Subsecs. (b), (c). Pub. L. 97-322 added subsecs. (b) and (c).

1948—Act June 25, 1948, §39, repealed proviso at end relating to appeals. See sections 1252 and 1253 of title 28.

CHANGE OF NAME

Act June 25, 1948, eff. Sept. 1, 1948, substituted "United States attorney" for "district attorney of the United States". See section 541 of Title 28, Judiciary and Judicial Procedure, and Historical and Revision Notes thereunder.

EFFECTIVE DATE OF 1948 AMENDMENT

Amendment by act June 25, 1948 effective Sept. 1, 1948, see section 38 of act June 25, 1948, set out as an Effective Date note preceding section 1 of Title 28, Judiciary and Judicial Procedure.

LIMITATION ON APPLICATION

Section as not applicable to bridges constructed under sections 491 to 494 and 495 to 498 of this title, see section 494 of this title.

§ 503 to 507. Repealed. Pub. L. 100-17, title I, § 135(d), Apr. 2, 1987, 101 Stat. 174

Section 503, act Aug. 21, 1935, ch. 597, §1, 49 Stat. 670, provided that, on and after Aug. 21, 1935, tolls over any bridge over any of the navigable waters of the United States, if such bridge is used for travel or transportation in interstate or foreign commerce, be just and reasonable and specified bridges to which sections 503 to 507 of this title not apply.

Section 504, acts Aug. 21, 1935, ch. 597, §2, 49 Stat. 671; Jan. 12, 1983, Pub. L. 97-449, §2(d)(1), 96 Stat. 2440, authorized Secretary of Transportation to determine reasonableness of any toll charged for passage or transit over any bridge to which sections 503 to 507 of this title applied and to prescribe an order establishing a reasonable toll, which order was to take effect thirty days after issuance.

Section 505, acts Aug. 21, 1935, ch. 597, §3, 49 Stat. 671; June 25, 1948, ch. 646, §32(a), 62 Stat. 991; May 24, 1949, ch. 139, §127, 63 Stat. 107; Jan. 12, 1983, Pub. L. 97-449, §2(d)(1), 96 Stat. 2440, provided for judicial review of orders of the Secretary of Transportation prescribing reasonable tolls.

Section 506, acts Aug. 21, 1935, ch. 597, §4, 49 Stat. 671; Oct. 15, 1970, Pub. L. 91-452, title II, §235, 84 Stat. 930; Jan. 12, 1983, Pub. L. 97-449, §2(d)(1), 96 Stat. 2440, authorized Secretary of Transportation to hold hearings in determining reasonableness of tolls, to require attendance of witnesses, and to punish witnesses for failure to attend such hearings.

Section 507, act Aug. 21, 1935, ch. 597, §5, 49 Stat. 672, related to punishment for failure to obey an order prescribing toll.

§ 508. Amount of tolls

Tolls for passage or transit over any bridge constructed under the authority of the Act of March 23, 1906, commonly known as the "Bridge Act of 1906", the General Bridge Act of 1946 [33 U.S.C. 525 et seq.], and the International Bridge Act of 1972 [33 U.S.C. 535 et seq.] shall be just and reasonable.

SUBCHAPTER II—ALTERATION OF BRIDGES

§ 511. Definitions

When used in this subchapter, unless the context indicates otherwise—

The term "alteration" includes changes of any kind, reconstruction, or removal in whole or in part.

The term "bridge" means a lawful bridge over navigable waters of the United States, including approaches, fenders, and appurtenances thereto, which is used and operated for the purpose of carrying railroad traffic, or both railroad and highway traffic, or if a State, county, municipality, or other political subdivision is the owner or joint owner thereof, which is used and operated for the purpose of carrying highway traffic.

The term "bridge owner" means any State, county, municipality, or other political subdivision, or any corporation, association, partnership, or individual owning, or jointly owning, any bridge, and, when any bridge shall be in the possession or under the control of any trustee, receiver, trustee in a case under title 11, or lessee, such terms shall include both the owner of the legal title and the person or the entity in possession or control of such bridge.

The term "Secretary" means the Secretary of the department in which the Coast Guard is operating.

The term "United States", when used in a geographical sense, includes the Territories and possessions of the United States.

(June 21, 1940, ch. 409, §1, 54 Stat. 497; July 16, 1952, ch. 889, §1, 66 Stat. 732; Pub. L. 95-598, title III, §323, Nov. 6, 1978, 92 Stat. 2679; Pub. L. 97-449, §2(d)(2), Jan. 12, 1983, 96 Stat. 2440; Pub. L. 114-120, title III, §306(b)(4)(A), Feb. 8, 2016, 130 Stat. 55.)

AMENDMENTS

2016—Pub. L. 114-120 substituted "Secretary of the department in which the Coast Guard is operating" for "Secretary of Transportation".

1983—Pub. L. 97-449 substituted provision that the term "Secretary" means the Secretary of Transportation for provision that it meant the Secretary of War acting directly or through the Chief of Engineers.

1978—Pub. L. 95-598 substituted in definition of "bridge owner" the phrase "trustee in a case under title 11" for "trustee in bankruptcy".

1952—Act of July 16, 1952, redefined "bridge" and "bridge owner".

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1978 AMENDMENT

Amendment by Pub. L. 95-598 effective Oct. 1, 1979, see section 402(a) of Pub. L. 95-598, set out as an Effective Date note preceding section 1 of Title 33, Judiciary and Judicial Procedure.

tive Dates note preceding section 101 of Title 11, Bankruptcy.

SHORT TITLE

Sections 511 to 523 of this title are popularly known as the "Hobbs Bridge Act" and also as the "Truman-Hobbs Act".

TRANSFER OF FUNCTIONS

Section 6(g)(3) of Pub. L. 89-670 transferred functions, powers, and duties of Secretary of the Army [formerly War] and other officers and offices of Department of the Army [formerly War] relating to obstructive bridges under this subchapter to Secretary of Transportation. Pub. L. 97-449 amended this section to reflect transfer made by section 6(g)(3) of Pub. L. 89-670, and repealed section 6(g)(3).

§ 512. Obstruction of navigation

No bridge shall at any time unreasonably obstruct the free navigation of any navigable waters of the United States.

(June 21, 1940, ch. 409, § 2, 54 Stat. 498.)

§ 513. Notice, hearings, and findings

Whenever any bridge shall, in the opinion of the Secretary, at any time unreasonably obstruct such navigation, it shall be the duty of the Secretary, after notice to interested parties, to hold a hearing at which the bridge owner, those interested in water navigation thereunder or therethrough, those interested in either railroad or highway traffic thereover, and any other party or parties in interest shall have full opportunity to offer evidence and be heard as to whether any alteration of such bridge is needed, and if so what alterations are needed, having due regard to the necessity of free and unobstructed water navigation and to the necessities of the rail or highway traffic. If, upon such hearing, the Secretary determines that any alterations of such bridge are necessary in order to render navigation through or under it reasonably free, easy, and unobstructed, having due regard also for the necessities of rail or highway traffic thereover, he shall so find and shall issue and cause to be served upon interested parties an order requiring such alterations of such bridge as he finds to be reasonably necessary for the purposes of navigation.

(June 21, 1940, ch. 409, § 3, 54 Stat. 498.)

§ 514. Submission and approval of general plans and specifications

After the service of an order under this subchapter, it shall be the duty of the bridge owner to prepare and submit to the Secretary of the department in which the Coast Guard is operating, within a reasonable time as prescribed by the Secretary, general plans and specifications to provide for the alteration of such bridge in accordance with such order, and for such additional alteration of such bridge as the bridge owner may desire to meet the necessities of railroad or highway traffic, or both. The Secretary may approve or reject such general plans and specifications, in whole or in part, and may require the submission of new or additional plans and specifications, but when the Secretary shall have approved general plans and specifications, they shall be final and binding upon all parties

unless changes therein be afterward approved by the Secretary and the bridge owner.

(June 21, 1940, ch. 409, § 4, 54 Stat. 498; Pub. L. 94-587, § 119, Oct. 22, 1976, 90 Stat. 2924; Pub. L. 114-120, title III, § 306(b)(4)(B), Feb. 8, 2016, 130 Stat. 55.)

Editorial Notes

AMENDMENTS

2016—Pub. L. 114-120 substituted "Secretary of the department in which the Coast Guard is operating" for "Secretary of Transportation".

1976—Pub. L. 94-587 substituted provision for preparation and submission of general plans and specifications within a reasonable time as prescribed by the Secretary after the service of an order for provision for such action within ninety days after service of his order.

§ 515. Contracts for project; guaranty of cost

After approval of such general plans and specifications by the Secretary, and after notification of such approval, the bridge owner shall, in such manner and within such times as the Secretary may prescribe, take bids for the alteration of such bridge in accordance with such general plans and specifications. All bids, including any bid for all or part of the project submitted by the bridge owner, shall be submitted to the Secretary, together with a recommendation by the bridge owner as to the most competent bid or bids, and at the same time the bridge owner shall submit to the Secretary a written guaranty that the total cost of the project, including the cost of such work as is to be performed by the bridge owner and not included in the work to be performed by contract, shall not exceed the sum stated in said guaranty. The Secretary may direct the bridge owner to reject all bids and to take new bids, or may authorize the bridge owner to proceed with the project, by contract, or partly by contract and partly by the bridge owner, or wholly by the bridge owner. Upon such authorization and fixing of the proportionate shares of the cost as provided in section 516 of this title, the bridge owner shall, within a reasonable time to be prescribed by the Secretary, proceed with the work of alteration; and the cost thereof shall be borne by the United States and by the bridge owner, as provided in sections 516 and 517 of this title: *Provided*, That where funds have been appropriated for part only of a project, the bridge owner may take bids for part only of the work. In the event the bridge owner proceeds with the alteration through the taking of successive partial bids, the bridge owner shall, if required by the Secretary, submit a revised guaranty of cost after bids are accepted for successive parts of the work.

(June 21, 1940, ch. 409, § 5, 54 Stat. 498; Pub. L. 85-640, § 1(a), (b), Aug. 14, 1958, 72 Stat. 595.)

Editorial Notes

AMENDMENTS

1958—Pub. L. 85-640 struck out provisions which required bridge owner to take bids within 90 days after notification of approval of general plans and specifications, and inserted provisions permitting the taking of partial bids where funds have been appropriated for

part of a project, and requiring the bridge owner, if requested, to submit a revised guaranty of cost.

§ 516. Apportionment of cost

At the time the Secretary shall authorize the bridge owner to proceed with the project, as provided in section 515 of this title, and after an opportunity to the bridge owner to be heard thereon, the Secretary shall determine and issue an order specifying the proportionate shares of the total cost of the project to be borne by the United States and by the bridge owner. Such apportionment shall be made on the following basis: The bridge owner shall bear such part of the cost as is attributable to the direct and special benefits which will accrue to the bridge owner as a result of the alteration, including the expectable savings in repair or maintenance costs; and that part of the cost attributable to the requirements of traffic by railroad or highway, or both, including any expenditure for increased carrying capacity of the bridge, and including such proportion of the actual capital cost of the old bridge or of such part of the old bridge as may be altered or changed or rebuilt, as the used service life of the whole or a part, as the case may be, bears to the total estimated service life of the whole or such part: *Provided*, That in the event the alteration or relocation of any bridge may be desirable for the reason that the bridge unreasonably obstructs navigation, but also for some other reason, the Secretary may require equitable contribution from any interested person, firm, association, corporation, municipality, county, or State desiring such alteration or relocation for such other reason, as a condition precedent to the making of an order for such alteration or relocation. The United States shall bear the balance of the cost, including that part attributable to the necessities of navigation: *And provided further*, That where the bridge owner proceeds with the alteration on a successive partial bid basis the Secretary is authorized to issue an order of apportionment of cost for the entire alteration based on the accepted bid for the first part of the alteration and an estimate of cost for the remainder of the work. The Secretary is authorized to revise the order of apportionment of cost, to the extent he deems reasonable and proper, to meet any changed conditions.

(June 21, 1940, ch. 409, § 6, 54 Stat. 499; July 16, 1952, ch. 889, § 2, 66 Stat. 733; Pub. L. 85-640, § 1(c), Aug. 14, 1958, 72 Stat. 595.)

AMENDMENTS

1958—Pub. L. 85-640 permitted issuance of an order of apportionment of cost for entire alteration based on the accepted bid for first part of alteration and an estimate of cost for remainder of work where bridge owner proceeds with alteration on a successive partial bid basis.

1952—Act July 16, 1952, made railroads share equally with proprietors of highways in bearing cost of alterations necessary to remove obstacles to navigation.

§ 517. Payment of share of United States

Following service of the order requiring alteration of the bridge, the Secretary of the depart-

ment in which the Coast Guard is operating may make partial payments as the work progresses to the extent that funds have been appropriated. The total payments out of Federal funds shall not exceed the proportionate share of the United States of the total cost of the project paid or incurred by the bridge owner, and, if such total cost exceeds the cost guaranteed by the bridge owner, shall not exceed the proportionate share of the United States of such guaranteed cost, except that if the cost of the work exceeds the guaranteed cost by reason of emergencies, conditions beyond the control of the owner, or unforeseen or undetermined conditions, the Secretary of the department in which the Coast Guard is operating may, after full review of all the circumstances, provide for additional payments by the United States to help defray such excess cost to the extent he deems to be reasonable and proper, and shall certify such additional payments to the Secretary of the Treasury for payment. All payments to any bridge owner herein provided for shall be made by the Secretary of the Treasury through the Fiscal Service upon certifications of the Secretary of the department in which the Coast Guard is operating.

AMENDMENTS

2016—Pub. L. 114-120 substituted “Secretary of the department in which the Coast Guard is operating” for “Secretary of Transportation” wherever appearing.

1983—Pub. L. 97-449 substituted “Secretary of Transportation” for “Secretary of War” wherever appearing, which substitution had previously been made by Pub. L. 91-605. See, also, Transfer of Functions note below.

1970—Pub. L. 91-605 substituted provision permitting Secretary of Transportation to make payments for design work performed prior to the actual commencement of bridge alteration but after the order to alter has been issued for provision requiring Secretary of War to approve alteration plans, the cost guaranty, the fixing of proportionate shares as between the United States and bridge owner, and the commencement of the alteration, before the Chief of Engineers may make payments for bridge alteration, inserted reference to Secretary of Transportation in second sentence, and substituted “Secretary of Transportation” for “Secretary of War” in third sentence.

1958—Pub. L. 85-640 struck out provisions which required Secretary of War to furnish to Secretary of the Treasury a certified copy of his approval of the plans and specifications and guaranty, and of his order fixing the proportionate shares, and which required the Secretary of the Treasury to set aside the share of the United States for the project.

TRANSFER OF FUNCTIONS

“Fiscal Service” substituted in text for “Division of Disbursement” on authority of section 1(a)(1) of Reorg. Plan No. III of 1940, eff. June 30, 1940, 5 F.R. 2107, 54 Stat. 1231, set out in the Appendix to Title 5, Government Organization and Employees, which consolidated such division into Fiscal Service of Department of the Treasury. See section 306 of Title 31, Money and Finance.

§ 518. Authorization of appropriations

There are authorized to be appropriated such sums as may be necessary to carry out the provisions of this subchapter.

(June 21, 1940, ch. 409, § 8, 54 Stat. 500.)

ALTERATION OF BRIDGES

Pub. L. 108-90, title II, Oct. 1, 2003, 117 Stat. 1144, provided in part: “That in fiscal year 2004 and thereafter, funds for bridge alteration projects conducted pursuant to the Act of June 21, 1940 (33 U.S.C. 511 et seq.) shall be available for such projects only to the extent that the steel, iron, and manufactured products used in such projects are produced in the United States, unless contrary to law or international agreement, or unless the Commandant of the Coast Guard determines such action to be inconsistent with the public interest or the cost unreasonable.”

Similar provisions were contained in the following prior appropriation act:

Pub. L. 108-7, div. I, title I, Feb. 20, 2003, 117 Stat. 389.

§ 519. Noncompliance with orders; penalties; removal of bridge

Any bridge owner who shall willfully fail or refuse to comply with any lawful order of the Secretary, made in accordance with the provisions of this subchapter, shall be deemed guilty of a misdemeanor and on conviction thereof shall be punished in any court of competent jurisdiction by a fine not exceeding \$5,000, and every month such bridge owner shall remain in default shall be deemed a new offense and subject such bridge owner to additional penalties therefor. In addition to the penalties above prescribed the Secretary may, upon the failure or refusal of any bridge owner to comply with any lawful order issued by the Secretary in regard thereto, cause the removal of any such bridge and accessory works at the expense of the bridge owner; and suit for such expense may be brought in the name of the United States against such bridge owner and recovery had for such expense in any court of competent jurisdiction. The removal of any bridge erected or maintained in violation of the provisions of this subchapter or the order or direction of the Secretary made in pursuance thereof, and compliance with any order of the Secretary made with respect to any bridge in accordance with the provisions of this subchapter, may be enforced by injunction, mandamus, or other summary process upon application to the district court of any district in which such bridge may, in whole or in part, exist, and proper proceedings to this end may be

instituted under the direction of the Attorney General of the United States at the request of the Secretary.

(June 21, 1940, ch. 409, § 9, 54 Stat. 500.)

§ 520. Review of findings and orders

Any order made or issued under section 516 of this title may be reviewed by the court of appeals for any judicial circuit in which the bridge in question is wholly or partly located, if a petition for such review is filed within three months after the date such order is issued. The judgment of any such court shall be final except that it shall be subject to review by the Supreme Court of the United States upon certification or certiorari, in the manner provided in section 1254 of title 28. The review by such Court shall be limited to questions of law, and the findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive. Upon such review, such Court shall have power to affirm or, if the order is not in accordance with law, to modify or to reverse the order, with or without remanding the case for a rehearing as justice may require. Proceedings under this section shall not operate as a stay of any order of the Secretary issued under provisions of this subchapter other than section 516 of this title, or relieve any bridge owner of any liability or penalty under such provisions.

(June 21, 1940, ch. 409, § 10, 54 Stat. 501; June 25, 1948, ch. 646, § 32(a), 62 Stat. 991; May 24, 1949, ch. 139, § 127, 63 Stat. 107.)

Editorial Notes

CODIFICATION

“Section 1254 of title 28” substituted in text for “sections 239 and 240 of the Judicial Code, as amended” on authority of act June 25, 1948, ch. 646, 62 Stat. 869, section 1 of which enacted Title 28, Judiciary and Judicial Procedure. Prior to the enactment of Title 28, sections 239 and 240 of the Judicial Code were classified to sections 346 and 347 of Title 28.

§ 521. Regulations and orders

The Secretary is authorized to prescribe such rules and regulations, and to make and issue such orders, as may be necessary or appropriate for carrying out the provisions of this subchapter.

(June 21, 1940, ch. 409, § 11, 54 Stat. 501.)

§ 522. Repealed. Pub. L. 116-283, div. G, title LVXXXV [LXXXV], § 8507(b), Jan. 1, 2021, 134 Stat. 4754

Section, act June 21, 1940, ch. 409, § 12, 54 Stat. 501, related to applicability of certain provisions of law existing in 1940.

§ 523. Relocation of bridges

If the owner of any bridge and the Secretary shall agree that in order to remove an obstruc-

tion to navigation, or for any other purpose, a relocation of such bridge or the construction of a new bridge upon a new location would be preferable to an alteration of the existing bridge, such relocation or new construction may be carried out at such new site and upon such terms as may be acceptable to the bridge owner and the Secretary, and the cost of such relocation or new construction, including also any expense of changes in and additions to rights-of-way, stations, tracks, spurs, sidings, switches, signals, and other railroad facilities and property, and relocation of shippers required for railroad connection with the bridge at the new site, shall be apportioned as between the bridge owner and the United States in the manner which is provided for in section 516 of this title in the case of an alteration and the share of the United States paid from the appropriation authorized in section 518 of this title: *Provided*, That nothing in this section shall be construed as requiring the United States to pay any part of the expense of building any bridge across a navigable stream which the Secretary of the department in which the Coast Guard is operating shall not find to be, in fact, a relocation of an existing bridge.

SUBCHAPTER III—GENERAL BRIDGE AUTHORITY

§ 525. Construction and operation of bridges

(a) Consent of Congress

The consent of Congress is granted for the construction, maintenance, and operation of bridges and approaches thereto over the navigable waters of the United States, in accordance with the provisions of this subchapter.

(b) Approval of plans

The location and plans for such bridges shall be approved by the Secretary of the department in which the Coast Guard is operating before construction is commenced, and, in approving the location and plans of any bridge, the Secretary may impose any specific conditions relating to the maintenance and operation of the structure which the Secretary may deem necessary in the interest of public navigation, and the conditions so imposed shall have the force of law. This subsection shall not apply to any bridge over waters which are not subject to the ebb and flow of the tide and which are not used and are not susceptible to use in their natural condition or by reasonable improvement as a means to transport interstate or foreign commerce.

(c) Private highway toll bridges

Notwithstanding the provisions of subsections (a) and (b), it shall be unlawful to construct or commence the construction of any privately owned highway toll bridge until the location and plans thereof shall also have been submitted to and approved by the highway department or departments of the State or States in which the bridge and its approaches are situated; and where such bridge shall be between two or more States and the highway departments thereof shall be unable to agree upon the location and plans therefor, or if they, or either of them, shall fail or refuse to act upon the location and plans submitted, such location and plans then shall be submitted to the Secretary of Transportation and, if approved by the Secretary of Transportation, approval by the highway departments shall not be required.

SHORT TITLE

Section 501 of title V of act Aug. 2, 1946, provided that: “This title [enacting this subchapter] may be cited as the ‘General Bridge Act of 1946’.”

RESERVATION OF RIGHT TO ALTER, AMEND, OR REPEAL

Section 511 of title V of act Aug. 2, 1946, provided that: “The right to alter, amend, or repeal this title [this subchapter] is hereby expressly reserved as to any and all bridges which may be built under authority hereof.”

TRANSFER OF FUNCTIONS

Functions, powers, and duties of Secretary of the Army [formerly War] and other offices and officers of Department of the Army [formerly War] under this section to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States transferred to and vested in Secretary of Transportation by section 6(g)(6)(C) of Pub. L. 89-670. Pub. L. 97-449 amended this section to reflect transfer made by section 6(g)(6)(C) of Pub. L. 89-670, and repealed section 6(g)(6)(C).

Functions of Public Roads Administration transferred to Bureau of Public Roads within General Services Administration by section 103(a) of act June 30, 1949. See Historical and Revision Notes under section 303(b) of Title 40, Public Buildings, Property, and Works. Section 303(b) of Title 40 was amended generally by Pub. L. 109-313, §2(a)(1), Oct. 6, 2006, 120 Stat. 1734, and, as so amended, no longer relates to the Federal Works Agency and Commissioner of Public Buildings. See 2006 Amendment note under section 303 of Title 40.

Functions, powers, and duties of Secretary of Commerce and other offices and officers of Department of Commerce under subsec. (c) of this section relating generally to highways transferred to and vested in Secretary of Transportation by section 6(g)(6)(C) of Pub. L. 89-670. Pub. L. 97-449 amended this section to reflect transfer made by section 6(g)(6)(C) of Pub. L. 89-670, and repealed section 6(g)(6)(C).

TRANSFER OF FUNCTIONS

Bureau of Public Roads within General Services Administration transferred to Department of Commerce by section 1 of Reorg. Plan No. 7 of 1949.

For transfer of functions of other officers, employees, and agencies of Department of Commerce, with certain exceptions, to Secretary of Commerce, with power to delegate, see Reorg. Plan No. 5 of 1950, §§1, 2, eff. May 24, 1950, 15 F.R. 3174, 64 Stat. 1263, set out in the Appendix to Title 5, Government Organization and Employees.

§ 526. Repealed. Pub. L. 100-17, title I, § 135(e), Apr. 2, 1987, 101 Stat. 174

Section, acts Aug. 2, 1946, ch. 753, title V, §503, 60 Stat. 847; Jan. 12, 1983, Pub. L. 97-449, §2(d)(1), 96 Stat. 2440, provided that tolls charged for transit over any interstate bridge be just and reasonable and authorized Secretary of Transportation to prescribe reasonable rates of toll for such transit, which rates were to be legal rates demanded and received. See section 508 of this title.

§ 526a. Repealed. Pub. L. 100-17, title I, § 135(f), Apr. 2, 1987, 101 Stat. 174

Section, act Pub. L. 93-87, title I, §133(b), Aug. 13, 1973, 87 Stat. 267, authorized Secretary of Transportation to promulgate regulations establishing guidelines governing any increase in tolls for use of any bridge constructed pursuant to either the General Bridge Act of 1906 or the General Bridge Act of 1946.

Statutory Notes and Related Subsidiaries

STUDY OF TOLL BRIDGE AUTHORITY; INVESTIGATION AND STUDY OF FEDERAL STATUTES AND REGULATIONS; REPORT TO CONGRESS

Section 133(a) of Pub. L. 93-87 directed Secretary of Transportation to study the existing Federal laws and regulations governing toll bridges over navigable waters of United States and submit a report containing recommendations regarding action to be taken to assure reasonable nationwide tolls no later than July 1, 1974, except in the case of the toll bridge at Chester, Illinois, where the Secretary was directed to submit a similar report no later than Dec. 31, 1973, prior to repeal by Pub. L. 100-17, title I, §135(f), Apr. 2, 1987, 101 Stat. 174.

§ 527. Acquisition of interstate bridges by public agencies; amount of damages

After the completion of any interstate toll bridge constructed by an individual, firm, or corporation, as determined by the Secretary of Transportation, either of the States in which the bridge is located, or any public agency or political subdivision of either of such States, within or adjoining which any part of such bridge is located, or any two or more of them jointly, may at any time acquire and take over all right, title, and interest in such bridge and its approaches, and any interest in real property for public purposes by condemnation or expropriation. If at any time after the expiration of five years after the completion of such bridge the same is acquired by condemnation or expropriation, the amount of damages or compensation to be allowed shall not include good will, going value, or prospective revenues or profits, but shall be limited to the sum of (1) the actual cost of constructing such bridge and its approaches, less a reasonable deduction for actual depreciation in value; (2) the actual costs of acquiring such interests in real property; (3) actual financing and promotion costs, not to exceed 10 per centum of the sum of the cost of constructing the bridge and its approaches and acquiring such interests in real property; and (4) actual expenditures for necessary improvements.

TRANSFER OF FUNCTIONS

Section 6(g)(6)(C) of Pub. L. 89-670 transferred functions, powers, and duties of Secretary of the Army [formerly War] and other offices and officers of Department of the Army [formerly War] under this subchapter to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States to Secretary of Transportation. Pub. L. 97-449 amended this section to reflect transfer made by section 6(g)(6)(C) of Pub. L. 89-670, and repealed section 6(g)(6)(C).

§ 528. Statement of construction costs of privately owned interstate bridges; investigation of costs; conclusiveness of findings; review

Within ninety days after the completion of a privately owned interstate toll bridge, the owner shall file with the Secretary of Transportation and with the highway departments of the States in which the bridge is located, a sworn itemized statement showing the actual original cost of constructing the bridge and its approaches, the actual cost of acquiring any interest in real property necessary therefor, and the actual financing and promotion costs. The Secretary of Transportation may, and upon request of a highway department shall, at any time within three years after the completion of such bridge, investigate such costs and determine the accuracy and the reasonableness of the costs alleged in the statement of costs so filed, and shall make a finding of the actual and reasonable costs of constructing, financing, and promoting such bridge. For the purpose of such investigation the said individual, firm, or corporation, its successors and assigns, shall make available all of its records in connection with the construction, financing, and promotion thereof. The findings of the Secretary of Transportation as to the reasonable costs of the construction, financing, and promotion of the bridge shall be conclusive for the purposes mentioned in section 527 of this title subject only to review in a court of equity for fraud or gross mistake.

TRANSFER OF FUNCTIONS

Section 6(g)(6)(C) of Pub. L. 89-670 transferred functions, powers, and duties of Secretary of the Army [formerly War] and other offices and officers of Department

of the Army [formerly War] under this subchapter to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States to Secretary of Transportation. Pub. L. 97-449 amended this section to reflect transfer made by section 6(g)(6)(C) of Pub. L. 89-670, and repealed section 6(g)(6)(C).

§ 529. Repealed. Pub. L. 100-17, title I, § 135(e), Apr. 2, 1987, 101 Stat. 174

Section, acts Aug. 2, 1946, ch. 753, title V, §506, 60 Stat. 848; May 25, 1948, ch. 336, 62 Stat. 267, related to adjusting rates of tolls charged on an interstate bridge constructed or taken over by State or political subdivision thereof to provide fund to pay reasonable costs of maintaining and operating such bridge and a sinking fund to amortize amount paid for such bridge, with such bridge to be operated and maintained free of tolls after a sinking fund sufficient for such amortization had been provided.

§ 530. Bridges included and excluded

The provisions of this subchapter shall apply only to bridges over navigable waters of the United States, the construction of which is approved after August 2, 1946, under the provisions of this subchapter; and the provisions of the first proviso of section 401 of this title, and the provisions of sections 491 to 494 and 495 to 498 of this title, shall not apply to such bridges.

(Aug. 2, 1946, ch. 753, title V, §507, 60 Stat. 849.)

§ 531. International bridges

This subchapter shall not be construed to authorize the construction of any bridge which will connect the United States, or any Territory or possession of the United States, with any foreign country.

(Aug. 2, 1946, ch. 753, title V, §508, 60 Stat. 849.)

§ 532. Eminent domain

There are conferred upon any individual, his heirs, legal representatives, or assigns, any firm or corporation, its successors or assigns, or any State, political subdivision, or municipality authorized in accordance with the provisions of this subchapter to build a bridge between two or more States, all such rights and powers to enter upon lands and acquire, condemn, occupy, possess, and use real estate and other property in the respective States needed for the location, construction, operation, and maintenance of such bridge and its approaches, as are possessed by railroad corporations for railroad purposes or by bridge corporations for bridge purposes in the State in which such real estate or other property is situated, upon making just compensation therefor to be ascertained and paid according to the laws of such State, and the proceedings therefor shall be the same as in the condemnation or expropriation of property for public purposes in such State.

(Aug. 2, 1946, ch. 753, title V, §509, 60 Stat. 849.)

§ 533. Penalties for violations**(a) Criminal penalties for violation**

Any person who willfully fails or refuses to comply with any lawful order of the Secretary of the department in which the Coast Guard is

operating or the Chief of Engineers issued under the provisions of this subchapter, or who willfully fails to comply with any specific condition imposed by the Chief of Engineers and the Secretary of the department in which the Coast Guard is operating relating to the maintenance and operation of bridges, or who willfully refuses to produce books, papers, or documents in obedience to a subpoena or other lawful requirement under this subchapter, or who otherwise willfully violates any provisions of this subchapter, shall, upon conviction thereof, be punished by a fine of not to exceed \$5,000 or by imprisonment for not more than one year, or by both such fine and imprisonment.

(b) Civil penalties for violation; separate offenses; notice and hearing; assessment, collection, and remission; civil actions

Whoever violates any provision of this subchapter, or any order issued under this subchapter, shall be liable to a civil penalty of not more than \$5,000 for a violation occurring in 2004; \$10,000 for a violation occurring in 2005; \$15,000 for a violation occurring in 2006; \$20,000 for a violation occurring in 2007; and \$25,000 for a violation occurring in 2008 and any year thereafter. Each day a violation continues shall be deemed a separate offense. No penalty may be assessed under this subsection until the person charged is given notice and an opportunity for a hearing on the charge. The Secretary of the department in which the Coast Guard is operating may assess and collect any civil penalty incurred under this subsection and, in his discretion, may remit, mitigate, or compromise any penalty until the matter is referred to the Attorney General. If a person against whom a civil penalty is assessed under this subsection fails to pay that penalty, an action may be commenced in the district court of the United States for any district in which the violation occurs for such penalty.

TRANSFER OF FUNCTIONS

Section 6(g)(6)(C) of Pub. L. 89-670 transferred functions, powers, and duties of Secretary of the Army [for-

merly War] and other offices and officers of Department of the Army [formerly War] under this subchapter to extent that they relate generally to location and clearances of bridges and causeways in navigable waters of United States to Secretary of Transportation. Pub. L. 97-449 amended this section to reflect transfer made by section 6(g)(6)(C) of Pub. L. 89-670, and repealed section 6(g)(6)(C).

§534. Conveyance of right, title, and interest of United States in bridges transferred to States or political subdivisions; terms and conditions

The Secretary of the Army is authorized to transfer or convey to State authorities or political subdivisions thereof all right, title, and interest of the United States, in and to any and all bridges heretofore or hereafter constructed or acquired in connection with the improvement of canals, rivers and harbors, or works of flood control, together with the necessary lands, easements, or rights-of-way, upon such terms and conditions and with or without consideration, as may be determined to be in the best interest of the United States by the Chief of Engineers: *Provided*, That such transferred bridges shall be toll-free.

CODIFICATION

Section was not enacted as part of the General Bridge Act of 1946 which comprises this subchapter.

SUBCHAPTER IV—INTERNATIONAL BRIDGES

§535. Congressional consent to construction, maintenance, and operation of international bridges; conditions of consent

The consent of Congress is hereby granted to the construction, maintenance, and operation of any bridge and approaches thereto, which will connect the United States with any foreign country (hereinafter in this subchapter referred to as an “international bridge”) and to the collection of tolls for its use, so far as the United States has jurisdiction. Such consent shall be subject to (1) the approval of the proper authorities in the foreign country concerned; (2) the provisions of sections 491 to 494 and 495 to 498 of this title, except section 496 of this title, whether or not such bridge is to be built across or over any of the navigable waters of the United States; and (3) of the provisions of this subchapter.

(Pub. L. 92-434, §2, Sept. 26, 1972, 86 Stat. 731.)

Statutory Notes and Related Subsidiaries

SHORT TITLE

Pub. L. 92-434, §1, Sept. 26, 1972, 86 Stat. 731, provided: “That this Act [enacting this subchapter and amending section 129 of Title 23, Highways] may be cited as the ‘International Bridge Act of 1972’.”

§535a. Congressional consent to State agreements with Canada and Mexico; Secretary of State’s approval of agreements

The consent of Congress is hereby granted for a State or a subdivision or instrumentality thereof to enter into agreements—

(1) with the Government of Canada, a Canadian Province, or a subdivision or instrumentality of either, in the case of a bridge connecting the United States and Canada, or

(2) with the Government of Mexico, a Mexican State, or a subdivision or instrumentality of either, in the case of a bridge connecting the United States and Mexico,

for the construction, operation, and maintenance of such bridge in accordance with the applicable provisions of this subchapter. The effectiveness of such agreement shall be conditioned on its approval by the Secretary of State.

(Pub. L. 92-434, §3, Sept. 26, 1972, 86 Stat. 731.)

§ 535b. Presidential approval; recommendations of Federal officials

No bridge may be constructed, maintained, and operated as provided in section 535 of this title unless the President has given his approval thereto. In the course of determining whether to grant such approval, the President shall secure the advice and recommendations of (1) the United States section of the International Boundary and Water Commission, United States and Mexico, in the case of a bridge connecting the United States and Mexico, and (2) the heads of such departments and agencies of the Federal Government as he deems appropriate to determine the necessity for such bridge.

(Pub. L. 92-434, §4, Sept. 26, 1972, 86 Stat. 731.)

§ 535c. Approval of Secretary; commencement and completion requirements; extension of time limits

The approval of the Secretary of the department in which the Coast Guard is operating, as required by section 491 of this title, shall be given only subsequent to the President's approval, as provided for in section 535b of this title, and shall be null and void unless the construction of the bridge is commenced within two years and completed within five years from the date of the Secretary's approval: *Provided, however*, That the Secretary, for good cause shown, may extend for a reasonable time either or both of the time limits herein provided.

(Pub. L. 92-434, §5, Sept. 26, 1972, 86 Stat. 732; Pub. L. 114-120, title III, §306(b)(6)(A), Feb. 8, 2016, 130 Stat. 56.)

AMENDMENTS

2016—Pub. L. 114-120 substituted “Secretary of the department in which the Coast Guard is operating” for “Secretary of Transportation”.

§ 535d. Repealed. Pub. L. 100-17, title I, § 135(g), Apr. 2, 1987, 101 Stat. 174

Section, Pub. L. 92-434, §6, Sept. 26, 1972, 86 Stat. 732, directed that tolls charged for use of an international bridge constructed or acquired under this subchapter by private individual, company, or other private entity be collected for a reasonable period for amortization of construction or acquisition costs, plus interest and reasonable return, that at end of such period the United States portion of bridge become the property of the State having jurisdiction over such United States por-

tion, and that accurate records on expenditures and tolls collected be kept and annually reported to Secretary of Transportation, with authority for Secretary to conduct audits.

§ 535e. Ownership

(a) Sale, assignment, or transfer; approval of Secretary

Nothing in this subchapter shall be deemed to prevent the individual, corporation, or other entity to which, pursuant to this subchapter, authorization has been given to construct, operate, and maintain an international bridge and the approaches thereto, from selling, assigning, or transferring the rights, powers, and privileges conferred by this subchapter: *Provided*, That such sale, assignment, or transfer shall be subject to approval by the Secretary of the department in which the Coast Guard is operating.

(b) State status of original applicant upon acquisition of right, title, and interest after termination of private entity licenses, contracts, or orders

Upon the acquisition by a State or States, or by a subdivision or instrumentality thereof, of the right, title, and interest of a private individual, corporation, or other private entity, in and to an international bridge, any license, contract, or order issued or entered into by the Secretary of the department in which the Coast Guard is operating, to or with such private individual, corporation, or other private entity, shall be deemed terminated forthwith. Thereafter, the State, subdivision, or instrumentality so acquiring shall operate and maintain such bridge in the same manner as if it had been the original applicant, and the provisions of section 535d¹ of this title shall not apply.

(Pub. L. 92-434, §8, Sept. 26, 1972, 86 Stat. 732; Pub. L. 114-120, title III, §306(b)(6)(B), Feb. 8, 2016, 130 Stat. 56.)

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

WATERWAY IMPROVEMENTS STUDY AND REPORT; AVAILABILITY OF DATA TO NATIONAL TRANSPORTATION POLICY COMMISSION

Pub. L. 94-587, §158, Oct. 22, 1976, 90 Stat. 2933, directed the Secretary of the Army, acting through the Chief of Engineers, to make a comprehensive study and report on the system of waterway improvements under his jurisdiction, including a review of emergency and defense requirements and an appraisal of additional improvements necessary to optimize the system and its intermodal characteristics, and to submit a report to Congress within three years after funds were first appropriated and made available for the study, together with his recommendations. The Secretary of the Army, acting through the Chief of Engineers, was to make available to the National Transportation Policy Study Commission established by section 154 of Public Law

94-280 [set out as a note under section 101 of Title 23, Highways], the information and other data developed as a result of the study.

REIMBURSEMENT OF STATES FOR WATER RESOURCES PROJECTS; STUDY

Pub. L. 89-298, title III, §314, Oct. 27, 1965, 79 Stat. 1096, authorized the Secretary of the Army, through the Chief of Engineers, to study the need for and feasibility of Federal reimbursement of certain public entities for their expenses incurred in connection with authorized projects for improvements of rivers, harbors, and certain other waterways, for various purposes, and to submit a report to Congress no later than Jan. 31, 1967, together with his recommendations in connection therewith.

§ 540a. Availability of appropriations for attendance by military personnel at meetings and for printing survey reports

Appropriations in this title¹ or appropriations made in this title¹ in subsequent Energy and Water Development Appropriations Acts shall on and after October 2, 1992, be available for expenses of attendance by military personnel at meetings in the manner authorized by section 4110 of title 5, uniforms, and allowances therefor, as authorized by law (5 U.S.C. 5901-5902), and for printing, either during a recess or session of Congress, of survey reports authorized by law, and such survey reports as may be printed during a recess of Congress shall be printed, with illustrations, as documents of the next succeeding session of Congress.

This title, referred to in text, is title I of Pub. L. 102-377, Oct. 2, 1992, 106 Stat. 1315. For complete classification of title I to the Code, see Tables.

§ 541. Board of Engineers for Rivers and Harbors; establishment; duties and powers generally

There shall be organized in the office of the Chief of Engineers, United States Army, by detail from time to time from the Corps of Engineers, a board of seven engineer officers, a majority of whom shall be of rank not less than lieutenant colonel, whose duties shall be fixed by the Chief of Engineers, and to whom shall be referred for consideration and recommendation, in addition to any other duties assigned, so far as in the opinion of the Chief of Engineers may be necessary, all reports upon examinations and surveys provided for by Congress, and all projects or changes in projects for works of river and harbor improvement prior to June 13, 1902, or thereafter provided for. And the board shall submit to the Chief of Engineers recommendations as to the desirability of commencing or continuing any and all improvements upon which reports are required. And in the consideration of such works and projects the board shall have in view the amount and character of commerce existing or reasonably prospective which will be benefited by the improvement, and the relation of the ultimate cost of such work, both

as to cost of construction and maintenance, to the public commercial interests involved, and the public necessity for the work and propriety of its construction, continuance, or maintenance at the expense of the United States. And such consideration shall be given as time permits to such works as have, prior to June 13, 1902, been provided for by Congress, the same as in the case of new works proposed. The board shall, when it considers the same necessary, and with the sanction and under orders from the Chief of Engineers, make, as a board or through its members, personal examinations of localities. And all facts, information, and arguments which are presented to the board for its consideration in connection with any matter referred to it by the Chief of Engineers shall be reduced to and submitted in writing, and made a part of the records of the office of the Chief of Engineers. It shall further be the duty of said board, upon a request transmitted to the Chief of Engineers by the Committee on Public Works and Transportation of the House of Representatives, or the Committee on Environment and Public Works of the Senate, in the same manner to examine and report through the Chief of Engineers upon any projects adopted, prior to June 13, 1902, by the Government or upon which appropriations have been made, and report upon the desirability of continuing the same or upon any modifications thereof which may be deemed desirable. As used in this section the term "commerce" shall include the use of waterways by seasonal passenger craft, yachts, house boats, fishing boats, motor boats, and other similar water craft, whether or not operated for hire.

The board shall have authority, with the approval of the Chief of Engineers, to rent quarters, if necessary, for the proper transaction of its business, and to employ such civil employees as may, in the opinion of the Chief of Engineers, be required for properly transacting the business assigned to it, and the necessary expenses of the board shall be paid from allotments made by the Chief of Engineers from any appropriations made by Congress for the work or works to which the duties of the board pertain.

TERMINATION OF BOARD OF ENGINEERS FOR RIVERS AND HARBORS AND REASSIGNMENT OF DUTIES AND RESPONSIBILITIES

Pub. L. 102-580, title II, §223, Oct. 31, 1992, 106 Stat. 4837, provided that: "The Board of Engineers for Rivers and Harbors, established by section 3 of the River and Harbor Act of June 13, 1902 (33 U.S.C. 541), shall cease to exist on the 180th day following the date of the enactment of this Act [Oct. 31, 1992]. The Secretary may reassign to other elements within the Department of the Army such duties and responsibilities of the Board as the Secretary determines to be necessary."

WATERWAYS COMMISSION

Act Aug. 8, 1917, ch. 49, §18, 40 Stat. 269, created a commission to be known as the Waterways Commission, to bring into coordination and cooperation the engineering, scientific, and constructive services, bureaus, boards, etc., relating to study development, or control of waterways, etc., prior to repeal by act June 10, 1920, ch. 285, §29, 41 Stat. 1077.

§ 542. Review by Board of Engineers of reports on examinations and surveys and special reports

All reports on examinations and surveys authorized by law shall be reviewed by the Board of Engineers for Rivers and Harbors as provided for in section 541 of this title, and all special reports ordered by Congress shall, in the discretion of the Chief of Engineers, be reviewed in like manner by said board; and the said board shall also, on request by resolution of the Committee on Environment and Public Works of the Senate or the Committee on Public Works and Transportation of the House of Representatives, submitted to the Chief of Engineers, examine and review the report of any examination or survey made pursuant to any Act or resolution of Congress, and report thereon through the Chief of Engineers, United States Army, who shall submit his conclusions thereon as in other cases: *Provided*, That in no case shall the board, in its report thus called for by committee resolution, extend the scope of the project contemplated in the original report upon which its examination and review has been requested, or in the provision of law authorizing the original examination or survey.

AMENDMENTS

1996—Pub. L. 104-106 struck out at end “The Chief of Engineers is directed to report on July 1 of each year to the Congress on the implementation of this section, together with recommendation for any legislation that may be needed to assure the fuller and more equitable participation of members of minority groups in this project or others under the direction of the Secretary.”

§ 545. Preliminary examinations and reports; surveys; contents of report to Congress generally

In all cases where preliminary examinations and surveys are authorized a preliminary examination of the river, harbor, or other proposed improvement mentioned shall first be made and a report as to the advisability of its improvement shall be submitted unless a survey or estimate is expressly directed. If upon such preliminary examination the proposed improvement is not deemed advisable, no further action shall be taken thereon without the further direction of Congress; but in case the report shall be favorable to such proposed improvement, or that a survey and estimate should be made to determine the advisability of improvement, the Secretary of the Army is authorized, in his discretion, to cause surveys to be made, and the cost and advisability to be reported to Congress. And such reports containing plans and estimates shall also contain a statement as to the rate at which the work should be prosecuted: *Provided*, That every report submitted to Congress, in addition to full information regarding the present and prospective commercial importance of the project covered by the report and the benefit to commerce likely to result from any proposed plan of improvement, shall also contain such data as it may be practicable to secure in regard to the following subjects:

(a) The existence and establishment of both private and public terminal and transfer facilities contiguous to the navigable water proposed to be improved, and, if water terminals have been constructed, the general location, description, and use made of the same, with an opinion as to their adequacy and efficiency, whether private or public. If no public terminals have been constructed, or if they are inadequate in number, there shall be included in the report an opinion in general terms as to the necessity, number, and appropriate location of the same, and also the necessary relations of such proposed terminals to the development of commerce.

(b) The development and utilization of water power for industrial and commercial purposes.

(c) Such other subjects as may be properly connected with such project: *Provided*, That in the investigation and study of these questions consideration shall be given only to their bearing upon the improvement of navigation, to the possibility and desirability of their being coordinated in a logical and proper manner with improvements for navigation to lessen the cost of such improvements and to compensate the Government for expenditures made in the interest of navigation, and to their relation to the development and regulation of commerce: *Provided further*, That the investigation and study of these questions may, upon review by the Board of Engineers for Rivers and Harbors when called for as provided by law, be extended to any work of improvement under way and to any locality the examination and survey of which has heretofore been, or may hereafter be, authorized by Congress.

(Mar. 4, 1913, ch. 144, § 3, 37 Stat. 825; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Editorial Notes

CODIFICATION

This section and the second paragraph of section 556 of this title are from section 3 of act Mar. 4, 1913, popularly known as the "Rivers and Harbors Appropriation Act of 1913". That section superseded similar provisions of act June 25, 1910, ch. 382, § 3, 36 Stat. 668, for reports, investigations on review by the board of Engineers and for the printing of reports.

PRIOR PROVISIONS

Provision for report of examinations of river and harbor improvements appeared in R.S. §231, repealed by act Mar. 3, 1933, ch. 202, §1, 47 Stat. 1428, and read as follows: "The Secretary of War shall cause to be prepared and submitted to Congress, in connection with the reports of examinations and surveys of rivers and harbors hereafter made by order of Congress, full statements of all existing facts tending to show to what extent the general commerce of the country will be promoted by the several works of improvements contemplated by such examinations and surveys, to the end that public moneys shall not be applied excepting where such improvements shall tend to subserve the general commercial and navigation interests of the United States."

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

TERMINATION OF BOARD OF ENGINEERS FOR RIVERS AND HARBORS AND REASSIGNMENT OF DUTIES AND RESPONSIBILITIES

For termination of Board of Engineers for Rivers and Harbors 180 days after Oct. 31, 1992, and reassignment of duties and responsibilities by Secretary of Army, see section 223 of Pub. L. 102-580, set out as a note under section 541 of this title.

TEMPORARY PROHIBITORY PROVISIONS

Provisions prohibiting supplemental reports or estimates, prohibiting the making of examination or survey for new works not designated, and providing that projects were not to be deemed entered upon until appropriations were made, appeared in various rivers and harbors appropriation acts. They are omitted from the Code as superseded or temporary.

REPORT ON IMPROVEMENTS FOR COASTAL DEFENSE PURPOSES

The Secretary of War and the Secretary of the Navy were authorized and directed to report to Congress at the earliest practicable date, such specific plans for improvement of harbors, canals and connecting channels as would best provide adequate facilities for operations of the fleet for defense of the harbors on the Atlantic, Gulf, and Pacific coasts; also the feasible extensions requisite to make existing approved projects for improvement of such harbors, canals, and channels available for such purposes, and the cost of each such several improvements, calculated upon the basis of completion under contract within five years, by act Aug. 29, 1916, ch. 417, 39 Stat. 556, omitted from the Code as special and temporary.

PRELIMINARY EXAMINATIONS AND SURVEYS OF GREAT LAKES

The Secretary of War was directed to cause preliminary examinations and surveys to be made of the har-

bors and connecting waters of the Great Lakes with a view to determining what additional improvements would be necessary to permit those waterways to accommodate vessels to pass through the Welland Canal when enlarged by the Dominion of Canada, including report as to the character and draft of vessels which might be expected to use the canal when so enlarged, by a provision of the Rivers and Harbors Appropriation Act of 1916, act July 27, 1916, ch. 260, § 2, 39 Stat. 411, omitted from the Code as special and temporary.

§ 545a. Discontinuance

For preliminary examinations and surveys authorized in previous river and harbor and flood-control Acts, the Secretary of the Army is directed to cause investigations and reports for navigation and allied purposes to be prepared under the supervision of the Chief of Engineers in the form of survey reports, and that preliminary examination reports shall no longer be required to be prepared.

REFERENCES IN TEXT

Previous river and harbor and flood-control Acts, referred to in text, means those acts prior to the River and Harbor Act of 1958 and the Flood Control Act of 1958, titles I and II, respectively, of Pub. L. 85-500.

§ 546. Investigation of stream flow and watersheds; surveys in connection with dams

The surveys of navigable streams shall include such stream-flow measurements and other investigations of the watersheds as may be necessary for preparation of plans of improvement and a proper consideration of all uses of the stream affecting navigation, and whenever necessary similar investigations may be made in connection with all navigable streams under improvement. Whenever permission for the construction of dams in navigable streams is granted, or is under consideration by Congress, such surveys and investigations of the sections of the streams affected may be made as are necessary to secure conformity with rational plans for the improvement of the streams for navigation.

Section is from section 3 of act June 25, 1910, popularly known as the "Rivers and Harbors Appropriation Act of 1910". Other provisions of such section were omitted, as superseded by section 545 of this title.

PRIOR PROVISIONS

General provisions regulating the construction of dams were made by the Dam Act of June 21, 1906, ch. 3508, 34 Stat. 386, as amended by act June 23, 1910, ch. 360, 36 Stat. 593, apparently omitted from the Code as superseded.

§ 546a. Information as to configuration of shore line

Every report submitted to Congress in pursuance of any provision of law for preliminary examination and survey looking to the improvement of the entrance at the mouth of any river

or at any inlet, in addition to other information which the Congress has directed shall be given, shall contain information concerning the configuration of the shore line and the probable effect thereon that may be expected to result from the improvement having particular reference to erosion and/or accretion for a distance of not less than ten miles on either side of the said entrance.

(Aug. 30, 1935, ch. 831, § 5, 49 Stat. 1048.)

§ 547. Reports as to local benefits of improvement and recommendations as to local cooperation

Every report submitted to Congress in pursuance of any provision of law for a survey, in addition to other information which the Congress has directed shall be given, shall contain a statement of special or local benefit which will accrue to localities affected by such improvement and a statement of general or national benefits, with recommendations as to what local cooperation should be required, if any, on account of such special or local benefit.

§ 550. Report on water terminal and transfer facilities

The Chief of Engineers, United States Army, shall indicate in his annual reports the character of the terminal and transfer facilities existing on every harbor or waterway under maintenance or improvement by the United States, and state whether they are considered adequate for existing commerce. He shall also submit one or more special reports on this subject, as soon as possible after January 18, 1918, including, among other things, the following:

(a) A brief description of such water terminals, including location and the suitability of such terminals to the existing traffic conditions, and whether such terminals are publicly or privately owned, and the terms and conditions under which they may be subjected to public use.

¹ So in original. Probably should be "due to".

(b) Whether such water terminals are connected by a belt or spur line of railroad with all the railroads serving the same territory or municipality, and whether such connecting railroad is owned by the public and the conditions upon which the same may be used, and also whether there is an interchange of traffic between the water carriers and the railroad or railroads as to such traffic which is carried partly by rail and partly by water to its destination, and also whether improved and adequate highways have been constructed connecting such water terminal with the other lines of highways.

(c) If no water terminals have been constructed by the municipality or other existing public agency there shall be included in his report an expression of opinion in general terms as to the necessity, number, and appropriate location of such a terminal or terminals.

(d) An investigation of the general subject of water terminals, with descriptions and general plans of terminals of appropriate types and construction for the harbors and waterways of the United States suitable for various commercial purposes and adapted to the varying conditions of tides, floods, and other physical characteristics.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 555a. Petroleum product information

(a) Disclosure to States

The Secretary shall disclose petroleum product information to any State taxing agency making a request under subsection (b). Such information shall be disclosed for the purpose of, and only to the extent necessary in, the administration of State tax laws.

(b) Requests for disclosure

Disclosure of information under this section shall be permitted only upon written request by the head of the State taxing agency and only to the representatives of such agency designated in such written request as the individuals who are to inspect or to receive the information on behalf of such agency. Any such representative shall be an employee or legal representative of such agency.

(c) Modes of disclosure

(1) Requests for the disclosure of information under this section, and such disclosure, shall be made in such manner and at such time and place as shall be prescribed by the Secretary.

(2) Information disclosed to any person under this section may be provided in the form of writ-

ten documents or reproductions of such documents, or by any other mode or means which the Secretary determines necessary or appropriate. A reasonable fee may be prescribed for furnishing such information.

(3) Any reproduction of any document or other matter made in accordance with this subsection shall have the same legal status as the original, and any such reproduction shall, if properly authenticated, be admissible in evidence in any judicial or administrative proceeding as if it were the original, whether or not the original is in existence.

(d) Confidentiality of disclosed information

The Secretary shall not disclose information to a State taxing agency of a State under this section unless such State has in effect provisions of law which—

(1) exempt such information from disclosure under a State law requiring agencies of the State to make information available to the public, or

(2) otherwise protect the confidentiality of the information.

Nothing in the preceding sentence shall be construed to prohibit the disclosure by an officer or employee of a State of information to another officer or employer of such State (or political subdivision of such State) to the extent necessary in the administration of State tax laws.

(e) Definitions

For purposes of this section, the term—

(1) "petroleum product information" means information relating to petroleum products transported by vessel which is received by the Secretary (A) under section 555 of this title, or (B) under any other legal authority; and

(2) "State taxing agency" means any State agency, body, or commission, or its legal representative, which is charged under the laws of such State with responsibility for the administration of State tax laws.

(f) Omitted

Editorial Notes

CODIFICATION

The first paragraph of this section is from act Aug. 11, 1888, popularly known as the "Rivers and Harbors Appropriation Act".

The Mississippi River Commission was created by act June 28, 1879, set out as sections 641, 642, 644, 646, and 647 of this title.

The words "and Missouri" which appeared in the original text after "Mississippi" were superseded by the abolition of the Missouri River Commission by act June 13, 1902, ch. 1079, § 1, 32 Stat. 367.

The second paragraph of this section is from the last paragraph of section 3 of act Mar. 4, 1913, which superseded a similar provision of act July 25, 1912, ch. 253, 37 Stat. 231. Other parts of said section 3 are set out in section 545 of this title.

CHANGE OF NAME

"Director of the Government Publishing Office" substituted for "Public Printer" in text on authority of section 1301(d) of Pub. L. 113-235, set out as a note under section 301 of Title 44, Public Printing and Documents.

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

COMPILATION AND PRINTING OF LAWS

Act June 5, 1920, ch. 252, § 6, 41 Stat. 1014, as amended by act Mar. 3, 1925, ch. 467, § 4, 43 Stat. 1190, provided for compilation and printing of laws relating to improvement of rivers and harbors, passed between Mar. 4, 1913, until and including laws of second session of Sixty-eighth Congress.

§ 557. Payment of costs of printing

The printing of matter relating to river and harbor works, including all reports, compilations, regulations, and so forth, whose preparation is allowable under Department of the Army regulations, shall be done and paid for out of regular annual appropriations for printing and binding for the Department of the Army.

(July 25, 1912, ch. 253, § 13, 37 Stat. 234; July 1, 1916, ch. 209, § 1, 39 Stat. 330; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Editorial Notes

CODIFICATION

Section is from section 1 of act July 1, 1916, repealing section 13 of act July 25, 1912.

Section 1 of that act was a provision, following an appropriation for printing for the War Department, of the Sundry Civil Appropriation Act for 1917.

The repealed section 13 of act July 25, 1912, read as follows: "The printing of matter relating to river and harbor works, including all reports, compilations, regulations, and so forth, whose preparation is allowable under War Department regulations, may, upon recommendation of the Chief of Engineers and approval by the Secretary of War, be paid for from river and harbor appropriations."

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 557a. Publication of pamphlets, maps, brochures, and other material

The Chief of Engineers is authorized to publish information pamphlets, maps, brochures, and other material on river and harbor, flood control, and other civil works activities, including related public park and recreation facilities, under his jurisdiction, as he may deem to be of value to the general public.

(Pub. L. 85-480, § 1, July 2, 1958, 72 Stat. 279.)

§ 557b. Sale of publications, charts, or other material; deposit of proceeds

The Chief of Engineers is authorized to provide for the sale of any of the material prepared under authority of section 557a of this title; and of publications, charts, or material prepared under his direction pursuant to other legislative authorization or appropriation, and to charge therefor a sum not less than the cost of reproduction. The money received from sales authorized by this section shall be deposited into the Treasury to the credit of miscellaneous receipts, except that in any case in which the cost of reproduction has been paid from the revolving fund established pursuant to the Civil Functions Appropriation Act, 1954, the proceeds shall be deposited to the credit of such fund.

(Pub. L. 85-480, § 2, July 2, 1958, 72 Stat. 279.)

§ 558. Proceeds from sale or transfer of property acquired

When any property which has been heretofore or may be hereafter purchased or acquired for the improvement of rivers and harbors is no longer needed, or is no longer serviceable and is transferred or sold, the proceeds thereof may be credited to the appropriation for the work for which it was acquired.

(June 13, 1902, ch. 1079, § 5, 32 Stat. 373; Feb. 20, 1931, ch. 235, 46 Stat. 1191; Oct. 31, 1951, ch. 654, § 4(4), 65 Stat. 709.)

Editorial Notes

CODIFICATION

Section originally began with the words “when any land or other” preceding “property”. The words, “land or other”, were deleted on the basis of act February 20, 1931, which provided, “that hereafter no real estate of the War Department shall be sold or disposed of without authority of Congress, and all existing Acts or parts thereof in conflict with this proviso, other than special Acts for the sale of stated tracts of land, are hereby repealed.”

Section is from the first part of section 5 of act June 13, 1902, which was a provision of the Rivers and Harbors Appropriation Act for 1902. The last part of such section 5 is set out as section 631 of this title.

AMENDMENTS

1951—Act Oct. 31, 1951, struck out provisions authorizing the Secretary of the Army to sell the unserviceable property referred to, and authorizing him to direct the transfer of any property employed in river and harbor works; struck out the provision that the property so transferred should be valued and credited to the project upon which it was theretofore used and charged to the project to which it was transferred; and inserted “and is transferred or sold, the proceeds thereof may be credited to the appropriation for the work for which it was acquired”.

§ 558a. Repealed. Oct. 31, 1951, ch. 654, § 1(56), 65 Stat. 703

Section, act Aug. 30, 1935, ch. 831, § 7, 49 Stat. 1048, related to sale of property no longer needed for improvement of canals, rivers and harbors.

§ 558b. Exchange of land or property

In any case in which it may be necessary or advisable in the execution of an authorized work of river and harbor improvement to exchange land or other property of the Government for private lands or property required for such project, the Secretary of the Army may, upon the recommendation of the Chief of Engineers, authorize such exchange upon terms and conditions deemed appropriate by him, and any conveyance of Government land or interests therein necessary to effect such exchange may be executed by the Secretary of the Army: *Provided further*, That the authority granted to the Secretary of the Army shall not extend to or include lands held or acquired by the Tennessee Valley Authority pursuant to the terms of the Tennessee Valley Authority Act [16 U.S.C. 831 et seq.]. This section shall apply to any exchanges heretofore deemed advisable in connection with the construction of the Bonneville Dam in the Columbia River.

(June 20, 1938, ch. 535, § 2, 52 Stat. 804; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Act July 11, 1940, ch. 581, 54 Stat. 752, provided in part that: "The consent and approval of Congress is hereby given to an interstate compact relating to the control and reduction of the pollution of the streams of the Ohio River drainage basin negotiated and entered into or to be entered into under authority of Public Resolution Numbered 104, Seventy-fourth Congress, approved June 8, 1936, [this section] and now ratified by the States of New York, Illinois, Kentucky, and Indiana, and by the State of Ohio (whose ratification is to go into effect at the time at which the States of New York, Pennsylvania, and West Virginia enter into said compact as parties and signatory States), also by the State of West Virginia (whose ratification is to go into effect at the time at which the States of New York, Ohio, Virginia, and Pennsylvania enter into said compact as parties and signatory States) * * *."

"SEC. 2. Without further submission of said compact, the consent of Congress is hereby given to the State of Virginia or any other State with waters in the Ohio River drainage basin, entering into said compact as a signatory State and party in addition to the States therein named or any of them.

"SEC. 3. The commissioners to represent the United States, as provided in article IV of said compact, shall be appointed by the President.

"SEC. 4. Nothing contained in this Act or in the compact herein approved shall be construed as impairing or affecting the sovereignty of the United States or any of its rights or jurisdiction in and over the area or waters which are the subject of such compact.

"SEC. 5. The right to alter, amend, or repeal the provisions of section 1 is hereby expressly reserved."

§ 567b. Pollution of Potomac drainage basin; control by State compacts

The consent of Congress is given to the States of Maryland and West Virginia and the Com-

monwealths of Virginia and Pennsylvania and the District of Columbia to enter into the compact to create a Potomac Valley Conservancy District and to establish an Interstate Commission on the Potomac River Basin: *Provided*, That nothing contained in such compact shall be construed as impairing or in any manner affecting any right or jurisdiction of the United States in and over the region which forms the subject of this compact.

(July 11, 1940, ch. 579, 54 Stat. 748.)

§ 567b-1. Amended compact

The consent of Congress is hereby given to the States of Maryland and West Virginia and the Commonwealths of Virginia and Pennsylvania and the District of Columbia to adopt the aforementioned amendments and enter into the amended compact hereinbefore recited and every part and article thereof: *Provided*, That nothing contained in such amended compact shall be construed as impairing or in any manner affecting any right or jurisdiction of the United States in and over the region which forms the subject of this compact: *And provided further*, That the consent herein given does not extend to section (F)(2) of article II of the amended compact.

CODIFICATION

Section, act Sept. 6, 1950, ch. 896, ch. IX, §101, 64 Stat. 726, which related to availability of appropriation for payments to school districts, was from the Civil Functions Appropriation Act, 1951, and was not repeated in subsequent appropriation acts.

§ 574a. Training funds

(a) In general

The Secretary may include individuals not employed by the Department of the Army in training classes and courses offered by the Corps of Engineers in any case in which the Secretary determines that it is in the best interest of the Federal Government to include those individuals as participants.

(b) Expenses

(1) In general

An individual not employed by the Department of the Army attending a training class or course described in subsection (a) shall pay the full cost of the training provided to the individual.

(2) Payments

Payments made by an individual for training received under paragraph (1), up to the actual cost of the training—

(A) may be retained by the Secretary;

(B) shall be credited to an appropriations account used for paying training costs; and

(C) shall be available for use by the Secretary, without further appropriation, for training purposes.

(3) Excess amounts

Any payments received under paragraph (2) that are in excess of the actual cost of training provided shall be credited as miscellaneous receipts to the Treasury of the United States.

§ 575. Availability of appropriations for expenses incident to operation of power boats or vessels; expenses defined; certification of expenditures

On and after July 31, 1947, no appropriation under the Corps of Engineers shall be available for any expenses incident to operating any power-driven boat or vessel on other than Government business, and that Government business shall be construed to include transportation, lodging, and subsistence on inspection trips of Federal and State officials, having a public interest in authorized or proposed improvements for river and harbor and flood control, and any expenses incurred therefor shall be chargeable to river and harbor and flood control appropriations heretofore or hereafter made under rules and regulations to be prescribed by the Chief of Engineers: *Provided*, That such expenditures shall be certified by the Division Engineer as necessary and proper expenditures.

(July 31, 1947, ch. 411, §1, 61 Stat. 688.)

Editorial Notes

CODIFICATION

Section is also set out as section 701b-9 of this title. Section was formerly classified to sections 190a and 199 of Title 10 prior to the general revision and enactment of Title 10, Armed Forces, by act Aug. 10, 1956, ch. 1041, §1, 70A Stat. 1.

§ 576. Revolving fund; establishment; availability; reimbursement; transfer of funds; limitation

(a) Revolving fund

For establishment of a revolving fund, to be available without fiscal year limitation, for ex-

penses necessary for the maintenance and operation of the plant and equipment of the Corps of Engineers used in civil works functions, including acquisition of plant and equipment, maintenance, repair, and purchase, operation, and maintenance of not to exceed four aircraft at any one time, temporary financing of services finally chargeable to appropriations for civil works functions, and the furnishing of facilities and services for military functions of the Department of the Army and other Government agencies and private persons, as authorized by law. In addition, the Secretary of the Army is authorized to provide capital for the fund by capitalizing the present inventories, plant and equipment of the civil works functions of the Corps of Engineers. The fund shall be credited with reimbursements or advances for the cost of equipment, facilities, and services furnished, at rates which shall include charges for overhead and related expenses, depreciation of plant and equipment, and accrued leave: *Provided*, That on July 1, 1953, (1) the fund shall assume the assets, liabilities, and obligations of the Plant accounts, as carried on the records of the Corps of Engineers as of June 30, 1953, under the appropriations for "Maintenance and improvement of existing river and harbor works", "Flood control, general", and "Flood control, Mississippi River and tributaries", and (2) there shall be transferred from said appropriations to the fund amounts equivalent to the unexpended cash balances of the Plant accounts on June 30, 1953: *Provided further*, That the total capital of said fund shall not exceed \$140,000,000.

(b) Prohibition

(1) In general

No funds may be expended or obligated from the revolving fund described in subsection (a) to newly construct, or perform a major renovation on, a building for use by the Corps of Engineers unless specifically authorized by law.

(2) Statutory construction

Nothing in this subsection may be construed to—

- (A) change any authority provided under subchapter I of chapter 169 of title 10;¹ or
- (B) change the use of funds under subsection (a) for purposes other than those described in paragraph (1).

(c) Transmission to Congress of prospectus

To secure consideration for an authorization under subsection (b), the Secretary shall transmit to the Committee on Transportation and Infrastructure of the House of Representative and the Committee on Environment and Public Works of the Senate a prospectus of the proposed construction or major renovation of a building that includes—

- (1) a brief description of the building;
- (2) the location of the building;
- (3) an estimate of the maximum cost to be provided by the revolving fund for the building to be constructed or renovated;
- (4) the total size of the building after the proposed construction or major renovation;

(5) the number of personnel proposed to be housed in the building after the construction or major renovation;

(6) a statement that other suitable space owned by the Federal Government is not available;

(7) a statement of rents and other housing costs currently being paid for the tenants proposed to be housed in the building; and

(8) the size of the building currently housing the tenants proposed to be housed in the building.

(d) Provision of building project surveys

(1) In general

If requested by resolution by the Committee on Environment and Public Works of the Senate or the Committee on Transportation and Infrastructure of the House of Representatives, the Secretary shall create a building project survey for the construction or major renovation of a building described in subsection (b).

(2) Report

Within a reasonable time after creating a building project survey under paragraph (1), the Secretary shall submit to Congress a report on the survey that includes the information required to be included in a prospectus under subsection (c).

(e) Major renovation defined

In this section, the term "major renovation" means a renovation or alteration of a building for use by the Corps of Engineers with a total expenditure of more than \$20,000,000.

(July 27, 1953, ch. 245, §101, 67 Stat. 199; Pub. L. 114-322, title I, §1160, Dec. 16, 2016, 130 Stat. 1667.)

§ 576c. Corps of Engineers operation of unmanned aircraft systems

(a) In general

The Secretary shall designate an individual, within the headquarters office of the Corps of Engineers, who shall serve as the coordinator and principal approving official for developing the process and procedures by which the Corps of Engineers—

(1) operates and maintains small unmanned aircraft (as defined in section 331 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101¹ note)) systems in support of civil works and emergency response missions of the Corps of Engineers; and

(2) acquires, applies for, and receives any necessary Federal Aviation Administration authorizations for such operations and systems.

(b) Requirements

A small unmanned aircraft system acquired, operated, or maintained for carrying out the missions specified in subsection (a) shall be operated in accordance with regulations of the Federal Aviation Administration as a civil aircraft or public aircraft, at the discretion of the Secretary, and shall be exempt from regulations of the Department of Defense, including the Department of the Army, governing such system.

(c) Limitation

A small unmanned aircraft system acquired, operated, or maintained by the Corps of Engineers is excluded from use by the Department of Defense, including the Department of the Army, for any mission of the Department of Defense other than a mission specified in subsection (a).

"SECRETARY" DEFINED

Secretary means the Secretary of the Army, see section 1002 of Pub. L. 114-322, set out as a note under section 2201 of this title.

§ 577. Small river and harbor improvement projects

(a) Allotment from appropriations for construction

The Secretary of the Army is authorized to allot from any appropriations hereafter made for rivers and harbors not to exceed \$62,500,000 for any one fiscal year for the construction of small river and harbor improvement projects not specifically authorized by Congress which will result in substantial benefits to navigation and which can be operated consistently with appropriate and economic use of the waters of the Nation for other purposes, when in the opinion of the Chief of Engineers such work is advisable, if benefits are in excess of the cost.

(b) Limitation on allotment

Not more than \$10,000,000 shall be allotted for the construction of a project under this section at any single locality and the amount allotted

¹ See References in Text note below.

shall be sufficient to complete the Federal participation in the project under this section.

(c) Lands, easements, and rights-of-way; indemnification; assurances of local cooperation

Local interests shall provide without cost to the United States all necessary lands, easements and rights-of-way for all projects to be constructed under the authority of this section. In addition, local interests may be required to hold and save the United States free from damages that may result from the construction and maintenance of the project and may be required to provide such additional local cooperation as the Chief of Engineers deems appropriate. A State, county, municipality or other responsible local entity shall give assurance satisfactory to the Chief of Engineers that such conditions of cooperation as are required will be accomplished.

(d) Sharing of costs by non-Federal interests

Non-Federal interests may be required to share in the cost of the project to the extent that the Chief of Engineers deems that such cost should not be borne by the Federal Government in view of the recreational or otherwise special or local nature of the project benefits.

(e) Completeness of project

Each project for which money is allotted under this section shall be complete in itself and not commit the United States to any additional improvement to insure its successful operation, other than routine maintenance, and except as may result from the normal procedure applying to projects authorized after submission of survey reports, and projects constructed under the authority of this section shall be considered as authorized projects.

(f) Low water access navigation channels from existing channel of Mississippi River

This section shall apply to, but not be limited to, the provision of low water access navigation channels from the existing channel of the Mississippi River to harbor areas heretofore or now established and located along the Mississippi River.

This Act, referred to in text, means Pub. L. 91-611, Dec. 31, 1970, 84 Stat. 1818, as amended. For complete classification of this Act to the Code, see Tables.

Hereafter, referred to in text, probably means after Dec. 31, 1970.

AMENDMENTS

1974—Pub. L. 93-251 amended section generally. Prior to amendment, section read as follows: “The costs of

operation and maintenance of the general navigation features of small boat harbor projects authorized between January 1, 1970, and December 31, 1970, under the authority of this Act, section 201 of the Flood Control Act of 1965 [42 U.S.C. 1962d-5], or section 107 of the River and Harbor Act of 1960 [33 U.S.C. 577], shall be borne by the United States.”

§ 578. Disposal of surplus property for development of public port or industrial facilities

(a) Conveyance by Secretary of the Army

Whenever the Secretary of the Army, upon the recommendation of the Chief of Engineers, determines that notwithstanding the provisions of chapters 1 to 11 of title 40 and division C (except sections 3302, 3307(e), 3501(b), 3509, 3906, 4710, and 4711) of subtitle I of title 41, with respect to disposal of surplus real property, (1) the development of public port or industrial facilities on land which is part of a water resource development project under his jurisdiction will be in the public interest; (2) that such development will not interfere with the operation and maintenance of the project; and (3) that disposition of the property for these purposes under this section will serve the objectives of the project within which the land is located, he may convey the land by quitclaim deed to a State, political subdivision thereof, port district, port authority, or other body created by the State or through a compact between two or more States for the purpose of developing or encouraging the development of such facilities. In any case, where two or more political subdivisions thereof, or bodies created by, a State or group of States, seek to obtain the same land, the Secretary of the Army shall give preference to that political subdivision or body whose intended use of land will, in his opinion, best promote the purposes for which the project involved was authorized.

(b) Purchase price; conditions, reservations or restrictions

Any conveyance authorized by this section shall be made at the fair market value of the land, as determined by the Secretary of the Army, upon condition that the property shall be used for one of the purposes stated in the subsection (a) of this section only, and subject to such other conditions, reservations or restrictions as the Secretary may determine to be necessary for the development, maintenance, or operation of the project or otherwise in the public interest.

(c) Notice of proposed conveyance

Prior to the conveyance of any land under the provisions of this section, the Secretary of the Army shall, in the manner he deems reasonable, give public notice of the proposed conveyance and afford an opportunity to interested eligible bodies in the general vicinity of the land to apply for its purchase.

(d) Delegation of authority

The Secretary of the Army may delegate any authority conferred upon him by this section to any officer or employee of the Department of the Army. Any such officer or employee shall exercise the authority so delegated under rules and regulations approved by the Secretary.

(e) Deposit of proceeds

The proceeds from any conveyance made under the provisions of this section shall be covered into the Treasury as miscellaneous receipts.

CODIFICATION

In subsec. (a), “chapters 1 to 11 of title 40 and division C (except sections 3302, 3307(e), 3501(b), 3509, 3906, 4710, and 4711) of subtitle I of title 41” substituted for “the Federal Property and Administrative Services Act of 1949 (63 Stat. 377), as amended” on authority of Pub. L. 107-217, § 5(c), Aug. 21, 2002, 116 Stat. 1303, which Act enacted Title 40, Public Buildings, Property, and Works, and Pub. L. 111-350, § 6(c), Jan. 4, 2011, 124 Stat. 3854, which Act enacted Title 41, Public Contracts.

§ 578a. Disposition studies

(a) In general

In carrying out a disposition study for a project of the Corps of Engineers, including a disposition study under section 549a of this title or an assessment under section 6002 of the Water Resources Reform and Development Act of 2014 (Public Law 113-121; 128 Stat. 1349), the Secretary shall consider the extent to which the property concerned has economic, cultural, historic, or recreational significance or impacts at the national, State, or local level.

(b) Completion of assessment and inventory

Not later than 1 year after December 16, 2016, the Secretary shall complete the assessment and inventory required under section 6002(a) of the Water Resources Reform and Development Act of 2014 (Public Law 113-121; 128 Stat. 1349).

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 1002 of Pub. L. 114-322, set out as a note under section 2201 of this title.

§ 578b. Disposition of projects

(a) In general

In carrying out a disposition study for a project of the Corps of Engineers, or a separable element of such a project, including a disposition study under section 549a of this title, the Secretary shall consider modifications that would improve the overall quality of the environment in the public interest, including removal of the project or separable element of a project.

(b) Disposition study transparency

The Secretary shall carry out disposition studies described in subsection (a) in a transparent manner, including by—

- (1) providing opportunities for public input; and
- (2) publishing the final disposition studies.

(c) Removal of infrastructure

For disposition studies described in subsection (a) in which the Secretary determines that a Federal interest no longer exists, and makes a recommendation of removal of the project or separable element of a project, the Secretary is authorized, using existing authorities, to pursue removal of the project or separable element of a project in partnership with other Federal agencies and non-Federal entities with appropriate capabilities to undertake infrastructure removal.

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 102 of Pub. L. 115-270, set out as a note under section 2201 of this title.

§ 579. Repealed. Pub. L. 101-640, title I, § 119(b), Nov. 28, 1990, 104 Stat. 4630

Section, Pub. L. 93-251, title I, §12, Mar. 7, 1974, 88 Stat. 16; H. Res. 988, Oct. 8, 1974; Pub. L. 94-587, §157(a), Oct. 22, 1976, 90 Stat. 2933; S. Res. 4, Feb. 4, 1977, provided for deauthorization of projects of improvement of rivers and harbors and other waterways for navigation, beach erosion, flood control, and other purposes which the Secretary of the Army determined should no longer be authorized.

§ 579a. Corps budgeting; project deauthorizations; comprehensive backlog report

(a) Funds to be obligated for construction to avoid deauthorization

Any project authorized for construction by this Act shall not be authorized after the last day of the 5-year period beginning on November 17, 1986, unless during such period funds have been obligated for construction, including planning and designing, of such project.

(b) Transmission to Congress of list of unconstructed projects or separable elements authorized but not receiving obligations during 10 fiscal years preceding transmission; two-year updates of list

(1) Not later than one year after November 17, 1986, the Secretary shall transmit to Congress a list of unconstructed projects, or unconstructed separable elements of projects, which have been authorized, but have received no obligations during the 10 full fiscal years preceding the transmittal of such list. A project or separable element included in such list is not authorized after December 31, 1989, if funds have not been obligated for construction of such project or element after November 17, 1986, and before December 31, 1989.

(2) COMPREHENSIVE CONSTRUCTION BACKLOG AND OPERATION AND MAINTENANCE REPORT.—

(A) IN GENERAL.—The Secretary, once every 2 years, shall compile and publish—

- (i) a complete list of all projects and separable elements of projects of the Corps of

Engineers that are authorized for construction but have not been completed;

(ii) a complete list of all feasibility studies of the Corps of Engineers that Congress has authorized the Secretary to carry out for which a Report of the Chief of Engineers has not been issued;

(iii) a complete list of all environmental infrastructure projects authorized by Congress under section 219 of the Water Resources Development Act of 1992 (106 Stat. 4835); and

(iv) a list of major Federal operation and maintenance needs of projects and properties under the control of the Corps of Engineers.

(B) REQUIRED INFORMATION.—The Secretary shall include on each list developed under clause (i), (ii), or (iii) of subparagraph (A) for each feasibility study, project, and separable element on that list—

(i) the date of authorization of the feasibility study, project, or separable element, including any subsequent modifications to the original authorization;

(ii) the original budget authority for the feasibility study, project, or separable element;

(iii) a brief description of the feasibility study, project, or separable element;

(iv) the estimated date of completion of the feasibility study, project, or separable element, assuming all capability is fully funded;

(v) the estimated total cost of completion of the feasibility study, project, or separable element;

(vi) the amount of funds spent on the feasibility study, project, or separable element, including Federal and non-Federal funds;

(vii) the amount of appropriations estimated to be required in each fiscal year during the period of construction to complete the project or separable element by the date specified under clause (iv);

(viii) the location of the feasibility study, project, or separable element;

(ix) a statement from the non-Federal interest for the project or separable element indicating the non-Federal interest's capability to provide the required local cooperation estimated to be required for the project or separable element in each fiscal year during the period of construction;

(x) the benefit-cost ratio of the project or separable element, calculated using the discount rate specified by the Office of Management and Budget for purposes of preparing the President's budget pursuant to chapter 11 of title 31;

(xi) the benefit-cost ratio of the project or separable element, calculated using the discount rate utilized by the Corps of Engineers for water resources development project planning pursuant to section 1962d-17 of title 42; and

(xii) the last fiscal year in which the project or separable element incurred obligations.

(C) REQUIRED OPERATION AND MAINTENANCE INFORMATION.—The Secretary shall include on

the list developed under subparagraph (A)(iv), for each project and property under the control of the Corps of Engineers on that list—

- (i) the authority under which the project was authorized or the property was acquired by the Corps of Engineers;
- (ii) a brief description of the project or property;
- (iii) an estimate of the Federal costs to meet the major operation and maintenance needs at the project or property; and
- (iv) an estimate of unmet or deferred operation and maintenance needs at the project or property.

(D) PUBLICATION.—

(i) IN GENERAL.—For fiscal year 2020, and once every 2 years thereafter, in conjunction with the President’s annual budget submission to Congress under section 1105(a) of title 31, the Secretary shall submit a copy of the lists developed under subparagraph (A) to—

(I) the Committee on Environment and Public Works and the Committee on Appropriations of the Senate and the Committee on Transportation and Infrastructure and the Committee on Appropriations of the House of Representatives; and

(II) the Director of the Office of Management and Budget.

(ii) PUBLIC AVAILABILITY.—The Secretary shall make a copy of the lists available on a publicly accessible website site¹ in a manner that is downloadable, searchable, and sortable.

This Act, referred to in subsec. (a), is Pub. L. 99–662, Nov. 17, 1986, 100 Stat. 4082, known as the Water Resources Development Act of 1986. For complete classification of this Act to the Code, see Short Title note set out under section 2201 of this title and Tables.

Section 219 of the Water Resources Development Act of 1992, referred to in subsec. (b)(2)(A)(iii), is section 219 of Pub. L. 102–580, title II, Oct. 31, 1992, 106 Stat. 4835, which is not classified to the Code.

AMENDMENTS

2020—Subsec. (b)(2), (3). Pub. L. 116–260, §360(b)(1), re-designated par. (3) as (2) and struck out former par. (2) which related to project deauthorizations and notification to Congress.

Subsec. (c). Pub. L. 116–260, §360(b)(2), struck out subsec. (c). Prior to amendment, text read as follows: “The Secretary shall publish in the Federal Register a list of any projects or separable elements that are deauthorized under this section.”

2018—Pub. L. 115–270, §1154(a)(1), substituted “Corps budgeting; project deauthorizations; comprehensive

backlog report” for “Project deauthorizations” in section catchline.

Subsec. (b)(3), (4). Pub. L. 115–270, §1154(a)(2), added pars. (3) and (4) and struck out former pars. (3) and (4) which related to minimum funding lists and comprehensive backlog reports, respectively.

2014—Subsec. (b)(3), (4). Pub. L. 113–121 added pars. (3) and (4).

2007—Subsec. (b)(2). Pub. L. 110–114, §2046(3), which directed the substitution of “such period” for “such 30 month period” in last sentence, was executed by making the substitution for “such 30-month period” to reflect the probable intent of Congress.

Pub. L. 110–114, §2046(2), in last sentence, substituted “the last date of the fiscal year following the fiscal year in which” for “30 months after the date”.

Pub. L. 110–114, §2046(1), in first sentence, substituted “year” for “two years” and “5” for “7”.

1999—Subsec. (b)(2). Pub. L. 106–109, in first sentence, substituted “Notwithstanding section 3003 of Public Law 104–66 (31 U.S.C. 1113 note; 109 Stat. 734), every” for “Every”.

1996—Subsec. (b)(2). Pub. L. 104–303 substituted “7 full” for “10 full”, “Upon submission” for “Before submission”, and “for the planning, design, or construction” for “for construction”.

1990—Subsec. (b)(2). Pub. L. 101–640 inserted after first sentence “Before submission of such list to Congress, the Secretary shall notify each Senator in whose State, and each Member of the House of Representatives in whose district, a project (including any part thereof) on such list would be located.”

§ 579d-2. Deauthorization of inactive projects as of Public Law 116-260

(a) Purposes

The purposes of this section are—

(1) to identify water resources development projects authorized by Congress that are no longer viable for construction due to—

- (A) a lack of local support;
- (B) a lack of available Federal or non-Federal resources; or
- (C) an authorizing purpose that is no longer relevant or feasible;

(2) to create an expedited and definitive process for Congress to deauthorize water resources development projects that are no longer viable for construction; and

(3) to allow the continued authorization of water resources development projects that are viable for construction.

(b) Proposed deauthorization list

(1) Preliminary list of projects

(A) In general

The Secretary shall develop a preliminary list of each water resources development project, or separable element of a project, authorized for construction before November 8, 2007, for which—

- (i) planning, design, or construction was not initiated before December 27, 2020; or
- (ii) planning, design, or construction was initiated before December 27, 2020, but for which no funds, Federal or non-Federal, were obligated for planning, design, or

construction of the project or separable element of the project during the current fiscal year or any of the 10 preceding fiscal years.

(B) Use of comprehensive construction backlog and operation and maintenance report

The Secretary may develop the preliminary list from the comprehensive construction backlog and operation and maintenance reports developed pursuant to section 579a(b)(2) of this title.

(C) Exclusions

The Secretary shall not include on the preliminary list—

(i) an environmental infrastructure assistance project authorized to be carried out by the Secretary (including a project authorized pursuant to an environmental assistance program); or

(ii) a project or separable element of a project authorized as part of the Comprehensive Everglades Restoration Plan described in section 601 of the Water Resources Development Act of 2000 (114 Stat. 2680).

(2) Preparation of proposed deauthorization list

(A) Deauthorization amount

The Secretary shall prepare a proposed list of projects for deauthorization comprised of a subset of projects and separable elements identified on the preliminary list developed under paragraph (1) that have, in the aggregate, an estimated Federal cost to complete that is at least \$10,000,000,000.

(B) Determination of Federal cost to complete

For purposes of subparagraph (A), the Federal cost to complete shall take into account any allowances authorized by section 2280 of this title, as applied to the most recent project schedule and cost estimate.

(C) Inclusion of deauthorization of anti-quated projects

The Secretary shall reduce the amount identified for deauthorization under paragraph (2)(A) by an amount equivalent to the estimated current value of each project, or separable element of a project, that is deauthorized by subsection (f).

(3) Sequencing of projects

(A) In general

The Secretary shall identify projects and separable elements for inclusion on the proposed list of projects for deauthorization under paragraph (2) according to the order in which the projects and separable elements were authorized, beginning with the earliest authorized projects and separable elements and ending with the latest project or separable element necessary to meet the aggregate amount under paragraph (2)(A).

(B) Factors to consider

The Secretary may identify projects and separable elements in an order other than

that established by subparagraph (A) if the Secretary determines, on a case-by-case basis, that a project or separable element is critical for interests of the United States, based on the possible impact of the project or separable element on public health and safety, the national economy, or the environment.

(4) Public comment and consultation

(A) In general

The Secretary shall solicit comments from the public and the Governors of each applicable State on the proposed deauthorization list prepared under paragraph (2)(A).

(B) Comment period

The public comment period shall be 90 days.

(5) Preparation of final deauthorization list

(A) In general

The Secretary shall prepare a final deauthorization list by—

- (i) considering any comments received under paragraph (4); and
- (ii) revising the proposed deauthorization list prepared under paragraph (2)(A) as the Secretary determines necessary to respond to such comments.

(B) Appendix

The Secretary shall include as part of the final deauthorization list an appendix that—

- (i) identifies each project or separable element on the proposed deauthorization list that is not included on the final deauthorization list; and
- (ii) describes the reasons why the project or separable element is not included on the final deauthorization list.

(c) Submission of final deauthorization list to Congress for congressional review; publication

(1) In general

Not later than 90 days after the date of the close of the comment period under subsection (b)(4), the Secretary shall—

(A) submit the final deauthorization list and appendix prepared under subsection (b)(5) to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Senate; and

(B) publish the final deauthorization list and appendix in the Federal Register.

(2) Exclusions

The Secretary shall not include in the final deauthorization list submitted under paragraph (1) any project or separable element with respect to which Federal funds for planning, design, or construction are obligated after the development of the preliminary list under subsection (b)(1)(A) but prior to the submission of the final deauthorization list under paragraph (1)(A) of this subsection.

(d) Deauthorization; congressional review

(1) In general

After the expiration of the 2-year period beginning on the date of publication of the final

deauthorization list and appendix under subsection (c)(1)(B), a project or separable element of a project identified in the final deauthorization list is hereby deauthorized, unless Congress passes a joint resolution disapproving the final deauthorization list prior to the end of such period.

(2) Non-Federal contributions

(A) In general

A project or separable element of a project identified in the final deauthorization list under subsection (c) shall not be deauthorized under this subsection if, before the expiration of the 2-year period referred to in paragraph (1), the non-Federal interest for the project or separable element of the project provides sufficient funds to complete the project or separable element of the project.

(B) Treatment of projects

Notwithstanding subparagraph (A), each project and separable element of a project identified in the final deauthorization list shall be treated as deauthorized for purposes of the aggregate deauthorization amount specified in subsection (b)(2)(A).

(3) Projects identified in appendix

A project or separable element of a project identified in the appendix to the final deauthorization list shall remain subject to future deauthorization by Congress.

(e) Special rules

(1) Post-authorization studies

A project or separable element of a project may not be identified on the proposed deauthorization list developed under subsection (b), or the final deauthorization list developed under subsection (c), if the project or separable element received funding for a post-authorization study during the current fiscal year or any of the 10 preceding fiscal years.

(2) Treatment of project modifications

For purposes of this section, if an authorized water resources development project or separable element of the project has been modified by an Act of Congress, the date of the authorization of the project or separable element shall be deemed to be the date of the most recent such modification.

(f) Deauthorization of antiquated projects

(1) In general

Any water resources development project, or separable element of a project, authorized for construction prior to November 17, 1986, for which construction has not been initiated prior to December 27, 2020, or for which funds have not been obligated for construction in the 10-year period prior to December 27, 2020, is hereby deauthorized.

(2) Identification

Not later than 60 days after December 27, 2020, the Secretary shall issue to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Senate a report that identifies—

(A) the name of each project, or separable element of a project, deauthorized by paragraph (1); and

(B) the estimated current value of each such project or separable element of a project.

(g) Economic and environmental review of inactive water resources development projects

The Secretary or the non-Federal interest may not carry out any authorized water resources development project, or separable element of such project, for which construction has not been initiated in the 20-year period following the date of the authorization of such project or separable element, until—

(1) the Secretary provides to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Senate a post-authorization change report that updates the economic and environmental analysis of the project or separable element; and

(2) the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Senate take appropriate action to address any modifications to the economic and environmental analysis for the project or separable element of the project contained in the post-authorization change report.

(h) Definitions

In this section:

(1) Post-authorization change report

The term “post-authorization change report” has the meaning given such term in section 2282e(d) of this title.

(2) Post-authorization study

The term “post-authorization study” means—

(A) a feasibility report developed under section 2282 of this title;

(B) a feasibility study, as defined in section 2215(d) of this title; or

(C) a review conducted under section 549a of this title, including an initial appraisal that—

- (i) demonstrates a Federal interest; and
- (ii) requires additional analysis for the project or separable element.

§ 579e. Access to real estate data

(a) In general

Using available funds, the Secretary shall make publicly available, including on a publicly accessible website, information on all Federal real estate assets in the United States that are owned, operated, or managed by, or in the custody of, the Corps of Engineers.

(b) Requirements

(1) In general

The real estate information made available under subsection (a) shall include—

(A) existing standardized real estate plat descriptions of assets described in subsection (a); and

(B) existing geographic information systems and geospatial information associated with such assets.

(2) Collaboration

In making information available under subsection (a), the Secretary shall consult with the Administrator of General Services. Such information may be made available, in whole or in part, in the Federal real property database published under section 21 of the Federal Assets Sale and Transfer Act of 2016 (Public Law 114–287), as determined appropriate by the Administrator of General Services. Nothing in this paragraph shall be construed as requiring the Administrator of General Services to add additional data elements or features to such Federal real property database if such additions are impractical or would add additional costs to such database.

(c) Limitation

Nothing in this section shall compel or authorize the disclosure of data or other information determined by the Secretary to be confidential, privileged, national security information, personal information, or information the disclosure of which is otherwise prohibited by law.

(d) Timing

The Secretary shall ensure that the implementation of subsection (a) occurs as soon as practicable.

(e) Effect on other laws

Nothing in this section shall be construed as modifying, or exempting the Corps of Engineers from, the requirements of the Federal real property database published under section 21 of the Federal Assets Sale and Transfer Act of 2016 (Public Law 114–287).

§ 579f. Budgetary evaluation metrics and transparency; public participation

(a) Omitted

(b) Budgetary evaluation metrics and transparency

Beginning in fiscal year 2020, in the formulation of the annual budget request for the U.S. Army Corps of Engineers (Civil Works) pursuant to section 1105(a) of title 31, the President shall ensure that such budget request—

(1) aligns the assessment of the potential benefit-cost ratio for budgeting water resources development projects with that used by the Corps of Engineers during project plan formulation and evaluation pursuant to section 1962d-17 of title 42; and

(2) demonstrates the transparent criteria and metrics utilized by the President in the evaluation and selection of water resources development projects included in such budget request.

(c) Public participation

In the development of, or any proposed major substantive modification to, a proposed budget for water resources development projects, the Secretary, through each District shall, not less frequently than annually—

(1) provide to non-Federal interests and other interested stakeholders information on the proposed budget for projects or substantive modifications to project budgets within each District's jurisdiction;

(2) hold multiple public meetings to discuss the budget for projects within each District's jurisdiction; and

(3) provide to non-Federal interests the opportunity to collaborate with District personnel for projects within each District's jurisdiction—

(A) to support information sharing; and

(B) to the maximum extent practicable, to share in concept development and decision-making to achieve complementary or integrated solutions to problems.

§ 597. Acquisition of lands for water resource development projects; information as to probable timing for acquisition; public meetings; regulations

Within six months after the date that Congress authorizes construction of a water resource development project under the jurisdiction of the Secretary of the Army, the Corps of Engineers shall make reasonable effort to advise owners and occupants in and adjacent to the project area as to the probable timing for the acquisition of lands for the project and for incidental rights-of-way, relocations, and any other requirements affecting owners and occupants. Within a reasonable time after initial appropriations are made for land acquisition or construction, including relocations, the Corps of Engineers shall conduct public meetings at locations convenient to owners and tenants to be displaced by the project in order to advise them of the proposed plans for acquisition and to afford them an opportunity to comment. To carry out the provisions of this section, the Chief of Engineers shall issue regulations to provide, among other things, dissemination of the following information to those affected: (1) factors considered in making the appraisals; (2) desire to purchase property without going to court; (3) legal right to submit to condemnation proceedings; (4) payments for moving expenses or other losses not covered by appraised market value; (5) occupancy during construction; (6) removal of improvements; (7) payments required from occupants of Government acquired land; (8) withdrawals by owners of deposits made in court by Government, and (9) use of land by owner when easement is acquired. The provisions of this section shall not subject the United States to any

liability nor affect the validity of any acquisitions by purchase or condemnation and shall be exempt from the operations of subchapter II of chapter 5, and chapter 7, of title 5.

SHORT TITLE

Pub. L. 86-645, title III, §303, July 14, 1960, 74 Stat. 503, provided that: “Title III of this Act [enacting this section and section 596 of this title] may be cited as the ‘Land Acquisition Policy Act of 1960.’”

§ 598. Resettlement of displaced families, individuals, and business concerns

(a) Acquisition of land; condemnation expenses; bond

Whenever any State, or any agency or instrumentality of a State or local government, or any nonprofit incorporated body organized or chartered under the law of the State in which it is located, or any nonprofit association or combination of such bodies, agencies or instrumentalities, shall undertake to secure any lands or interests therein as a site for the resettlement of families, individuals, and business concerns displaced by a river and harbor improvement, flood control or other water resource project duly authorized by Congress, and when it has been determined by the Secretary of the Army that the State is unable to acquire necessary lands or interests in lands or is unable to acquire such lands or interests in lands with sufficient promptness, the Secretary, upon the request of the Governor of the State in which such site is located, and after consultation with appropriate Federal, State, interstate, regional, and local departments and agencies, is authorized, in the name of the United States and prior to the approval of title by the Attorney General, to acquire, enter upon, and take possession of such lands or interests in lands by purchase, donation, condemnation or otherwise in accordance with the laws of the United States (including sections 3114-3116 and 3118 of title 40). All expenses of said acquisition and any award that may be made under a condemnation proceeding, including costs of examination and abstract of title, certificate of title, appraisal, advertising, and any fees incident to acquisition, shall be paid by such State or body, agency, or instrumentality. The State, agency, instrumentality, or nonprofit body may repay such amounts from any funds made available to it for such purposes by any Federal department, agency, or instrumentality (other than the Department of the Army) having authority to make funds available for such a purpose. Pending such payment, the Secretary may expend from any funds hereafter

appropriated for the project occasioning such acquisition such sums as may be necessary to carry out this section. To secure payment, the Secretary may require any such State or agency, body, or instrumentality to execute a proper bond in such amount as he may deem necessary before acquisition is commenced. Any sums paid to the Secretary by any such State or agency, body or instrumentality shall be deposited in the Treasury to the credit of the appropriation for such project.

(b) Acquisition provisions

No acquisition shall be undertaken under the authority of this section unless the Secretary has determined, after consultation with appropriate Federal, State, and local governmental agencies that (1) the development of a site is necessary in order to alleviate hardships to displaced persons; (2) the location of the site is suitable for development in relation to present or potential sources of employment; and (3) a plan for development of the site has been approved by appropriate local governmental authorities in the area or community in which such site is located.

(c) Conveyance to State, public or private nonprofit body

The Secretary is further authorized and directed by proper deed, executed in the name of the United States, to convey any lands or interests in land acquired in any State under the provisions of this section, to the State, or such public or private nonprofit body, agency, or institution in the State as the Governor may prescribe, upon such terms and conditions as may be agreed upon by the Secretary, the Governor, and the agency to which the conveyance is to be made.

CODIFICATION

“Sections 3114-3116 and 3118 of title 40” substituted in subsec. (a) for “the Act of February 26, 1931 (46 Stat. 1421)” on authority of Pub. L. 107-217, §5(c), Aug. 21, 2002, 116 Stat. 1303, the first section of which enacted Title 40, Public Buildings, Property, and Works.

§ 598a. Property acquisition

(a) In general

In acquiring an interest in land, or requiring a non-Federal interest to acquire an interest in land, the Secretary shall, in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 [42 U.S.C. 4601 et seq.], first consider the minimum interest in real property necessary to support the water resources development project for which such interest is acquired.

(b) Determination

In determining an interest in land under subsection (a), the Secretary shall first consider a temporary easement or other interest designed to reduce the overall cost of the water resources development project for which such interest is acquired, reduce the time to complete such

project, and minimize conflict with property owners related to such project.

(c) Procedures used in State

In carrying out subsection (a), the Secretary shall consider, with respect to a State, the procedures that the State uses to acquire, or require the acquisition of, interests in land, to the extent that such procedures are generally consistent with the goals of a project or action.

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 102 of Pub. L. 115-270, set out as a note under section 2201 of this title.

SUBCHAPTER IV—PARTICULAR WORK OR IMPROVEMENTS

§ 601. Mississippi River; regulation of reservoirs at headwaters

It shall be the duty of the Secretary of the Army to prescribe such rules and regulations in respect to the use and administration of the reservoirs at the headwaters of the Mississippi River as in his judgment the public interest and necessity may require; which rules and regulations shall be posted in some conspicuous place or places for the information of the public. And any person knowingly and willfully violating such rules and regulations shall be liable to a fine not exceeding \$500, or imprisonment, not exceeding six months, the same to be enforced by prosecution in any district court of the United States within whose territorial jurisdiction such offense may have been committed. And the Secretary of the Army shall cause such gaugings to be made at or near Saint Paul during the annual operation of said reservoirs as shall determine accurately the discharge at that point, the cost of same to be paid out of the annual appropriation for gauging the waters of the Mississippi River and its tributaries.

(Aug. 11, 1888, ch. 860, §1, 25 Stat. 419; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

Editorial Notes

CODIFICATION

Section is from act Aug. 11, 1888, the River and Harbor Appropriation Act of 1888.

In the original text the words “said reservoirs” appeared instead of “reservoirs at the headwaters of the Mississippi river.” The provision from which this section is derived, however, followed an appropriation “for continuing operations upon the reservoirs at the headwaters of the Mississippi river.”

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 602. Maintenance of channel of South Pass of Mississippi River

Upon the termination of the contract entered into with the late James B. Eads for the maintenance of the channel through the South Pass of the Mississippi River, the Secretary of the Army is directed to take charge of said channel, including the jetties, and all auxiliary works connected therewith, and thereafter to maintain with the utmost efficiency said South Pass Channel; and for that purpose he is authorized to draw his warrants from time to time on the Treasurer of the United States, until otherwise provided for by law, for such sums of money as may be necessary, not to exceed in the aggregate for any one year \$100,000. For that purpose any available Government dredge may be used.

For the purpose of securing the uninterrupted examinations and surveys of the South Pass of the Mississippi River, the Secretary of the Army, upon the application of the Chief of Engineers, is authorized to draw his warrant or requisition from time to time upon the Secretary of the Treasury for such sums as may be necessary to do such work, not to exceed in the aggregate for each year the sum of \$10,000.

(Aug. 11, 1888, ch. 860, §§1, 4, 25 Stat. 422, 424; June 6, 1900, ch. 790, §3, 31 Stat. 584; June 13, 1902, ch. 1079, §1, 32 Stat. 340; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501; Aug. 30, 1954, ch. 1076, §1(15), 68 Stat. 967.)

Editorial Notes

CODIFICATION

Except for the last sentence, the first paragraph of this section was from a part of section 3 of act June 6, 1900. The omitted portion of the original text authorized the Secretary of War, in his discretion, to terminate the contract with James B. Eads and provided that the Secretary of War should take charge of the channel "in case of the termination of said contract, by virtue of the provisions hereof or by expiration of said contract."

The last sentence of the first paragraph of this section was from a provision of section 1 of act June 13, 1902. Further provisions of the original text, for the purchase of lands and buildings on either side of the South Pass, were temporary merely and are omitted. The original text provided for the use of "the dredge boat Beta, or any other available government dredge."

The second paragraph of this section was from section 4 of act Aug. 11, 1888. In the original text, following the words "Mississippi river," the following words appeared: "As provided for in the Act of Mar. third, eight-hundred and seventy-five."

The words "the sum of \$10,000," are substituted for "the amount appropriated in this act for such purpose." \$10,000 was the amount appropriated for such purpose by section 1 of act June 13, 1902.

Act Mar. 3, 1875, ch. 134, mentioned in the original text, provided in section 4 et seq., 18 Stat. 463 to 466, for

a contract with James B. Eads and others to construct jetties, etc., to maintain the channel at the South Pass.

The provisions of that act and of act Aug. 11, 1888, with regard to examinations and surveys at the South Pass, remained in force notwithstanding the termination of said contract, by a provision of act June 13, 1902.

AMENDMENTS

1954—Act Aug. 30, 1954, repealed proviso requiring that an itemized statement of expenses incurred for maintenance of the channel through, and securing uninterrupted examinations and surveys of, the South Pass of the Mississippi River, as provided in this section, should accompany the annual report of the Chief of Engineers.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

APPROPRIATIONS

Act June 26, 1934, ch. 756, §2, 48 Stat. 1225, which was classified to section 725a of former Title 31, Money and Finance, repealed the permanent appropriation under the titles "Maintenance of channel, South Pass, Mississippi River (fiscal year) (8-961.55)" and "Examinations and surveys at South Pass, Mississippi River (fiscal year) (8-961.53)" effective July 1, 1935, and provided that such portions of any Acts as make permanent appropriations to be expended under such accounts are amended so as to authorize, in lieu thereof, annual appropriations from the general fund of the Treasury in identical terms and in such amounts as now provided by the laws providing such permanent appropriations.

§ 603. Repealed. Mar. 2, 1945, ch. 19, §3, 59 Stat. 23

Section, acts July 25, 1912, ch. 253, §1, 37 Stat. 222; July 3, 1930, ch. 847, §3, 46 Stat. 946; Oct. 17, 1940, ch. 895, §3, 54 Stat. 1200, related to removal of temporary obstructions and to minor improvements in navigable waters. See section 603a of this title.

§ 603a. Removal of snags and debris, and straightening, clearing, and protecting channels in navigable waters

The Secretary of the Army is authorized to allot not to exceed \$5,000,000 from any appropriations made prior to or after March 2, 1945, for any one fiscal year for improvement of rivers and harbors, for removing accumulated snags, obstructions, and other debris located in or adjacent to a Federal channel, and for protecting, clearing, and straightening channels in navigable harbors and navigable streams and tributaries thereof, when in the opinion of the Chief of Engineers such work is advisable in the interest of navigation, flood control, or recreation.

(Mar. 2, 1945, ch. 19, §3, 59 Stat. 23; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501; Pub. L. 99-662, title IX, §915(g), Nov. 17, 1986, 100 Stat. 4191; Pub. L. 114-322, title I, §1164, Dec. 16, 2016, 130 Stat. 1670.)

Editorial Notes

AMENDMENTS

2016—Pub. L. 114-322 substituted “\$5,000,000” for “\$1,000,000”, “accumulated snags, obstructions, and other debris located in or adjacent to a Federal channel” for “accumulated snags and other debris”, and “, flood control, or recreation” for “or flood control”.

1986—Pub. L. 99-662 substituted “\$1,000,000” for “\$300,000”.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

EFFECTIVE DATE OF 1986 AMENDMENT

Amendment by Pub. L. 99-662 not applicable to any project under contract for construction on Nov. 17, 1986, see section 915(i) of Pub. L. 99-662, set out as a note under section 426g of this title.

§ 604. Removal of snags, etc., from Mississippi River

For the purpose of removing snags, wrecks, and other obstructions in the Mississippi River, the Atchafalaya and Old Rivers from the junction with the Mississippi and Red Rivers down the Atchafalaya River as far down as Melville, Louisiana, the Secretary of the Army, upon the application of the Chief of Engineers, is authorized to draw his warrant or requisition from time to time upon the Secretary of the Treasury for such sums as may be necessary to do such work, not to exceed in the aggregate for each year the sum of \$100,000.

(Aug. 11, 1888, ch. 860, §§1, 7, 25 Stat. 421, 424; Mar. 3, 1909, ch. 264, §3, 35 Stat. 817; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501; Aug. 30, 1954, ch. 1076, §1(15), 68 Stat. 967.)

Editorial Notes

CODIFICATION

Section is from the Rivers and Harbors Appropriation Act of 1888, act Aug. 11, 1888, as affected by act Mar. 3, 1909.

Act Mar. 3, 1909, made the provisions of act Aug. 11, 1888, for the removal of snags applicable to “the Atchafalaya and Old Rivers from the junction with the Mississippi and Red Rivers down the Atchafalaya River as far as Melville, Louisiana.”

Section 7 of act Aug. 11, 1888, provided for “securing the uninterrupted work of operating snag boats on the upper Mississippi River” as well as for the removal of snags. The provision for operating snag boats is set out as section 605 of this title.

The words “the sum of \$100,000” are substituted for “the amounts appropriated in this act for such purposes.” An appropriation of \$100,000 for removal of snags is contained in section 1 of the act.

AMENDMENTS

1954—Act Aug. 30, 1954, repealed proviso requiring that an itemized statement of expenses incurred in the removal of snags, etc., as provided in this section, should accompany the annual report of the Chief of Engineers.

§ 605a. Mississippi River forecasting improvements**(1) In general**

The Secretary, in consultation with the Secretary of the department in which the Coast Guard is operating, the Director of the United States Geological Survey, the Administrator of the National Oceanic and Atmospheric Administration, and the Director of the National Weather Service, as applicable, shall improve forecasting on the Mississippi River by—

(A) updating forecasting technology deployed on the Mississippi River and its tributaries through—

- (i) the construction of additional automated river gages;
- (ii) the rehabilitation of existing automated and manual river gages; and
- (iii) the replacement of manual river gages with automated gages, as the Secretary determines to be necessary;

(B) constructing additional sedimentation ranges on the Mississippi River and its tributaries; and

(C) deploying additional automatic identification system base stations at river gage sites.

(2) Prioritization

In carrying out this section, the Secretary shall prioritize the sections of the Mississippi River on which additional and more reliable information would have the greatest impact on maintaining navigation on the Mississippi River.

(3) Report

Not later than 1 year after June 10, 2014, the Secretary shall submit to Congress and make publicly available a report on the activities carried out by the Secretary under this section.

§ 610. Control of aquatic plant growths and invasive species

(a) In general

(1) In general

There is hereby authorized a comprehensive program to provide for prevention, control, and progressive eradication of noxious aquatic plant growths and aquatic invasive species from the navigable waters, tributary streams, connecting channels, and other allied waters of the United States, in the combined interest of navigation, flood control, drainage, agriculture, fish and wildlife conservation, public health, and related purposes, including continued research for development of the most effective and economic control measures, to be administered by the Chief of Engineers, under the direction of the Secretary of the Army, in cooperation with other Federal and State agencies.

(2) Local interests

Local interests shall agree to hold and save the United States free from claims that may occur from control operations and to participate to the extent of 30 per centum of the cost of such operations.

(3) Federal costs

Costs for research and planning undertaken pursuant to the authorities of this section

shall be borne fully by the Federal Government.

(b) Authorization of appropriations

(1) In general

There is authorized to be appropriated to carry out this section (except for subsections (f) and (g)) \$130,000,000 for each fiscal year, of which—

- (A) \$30,000,000 shall be made available to carry out subsection (d)(1)(A)(i);
- (B) \$30,000,000 shall be made available to carry out subsection (d)(1)(A)(ii);
- (C) \$30,000,000 shall be made available to carry out subsection (d)(1)(A)(iii);
- (D) \$30,000,000 shall be made available to carry out subsection (d)(1)(A)(iv); and
- (E) \$10,000,000 shall be made available to carry out subsection (d)(1)(A)(v).

(2) Other programs

(A) In general

There are authorized to be appropriated—

- (i) \$10,000,000 for each of fiscal years 2021 through 2024 to carry out subsection (f); and
- (ii) \$50,000,000 for each of fiscal years 2021 through 2024 to carry out subsection (g)(2).

(B) Invasive plant species pilot program

There is authorized to be appropriated to the Secretary of the Interior, acting through the Director of the United States Fish and Wildlife Service, \$10,000,000 to carry out subsection (g)(3).

(3) Control operations

Any funds made available under paragraph (1) or (2)(A) to be used for control operations shall be allocated by the Chief of Engineers on a priority basis, based on the urgency and need of each area and the availability of local funds.

(c) Support

In carrying out the program under this section, the Secretary is encouraged to use contracts, cooperative agreements, and grants with colleges and universities and other non-Federal entities.

(d) Watercraft inspection and Decontamination stations

(1) In general

(A) Watercraft inspection and decontamination stations

In carrying out this section, the Secretary shall establish (as applicable), operate, and maintain new or existing watercraft inspection and decontamination stations—

- (i) to protect the Columbia River Basin;
- (ii) to protect the Upper Missouri River Basin;
- (iii) to protect the Upper Colorado River Basin and the South Platte and Arkansas River Basins;
- (iv) to protect the Russian River Basin, California; and
- (v) to protect basins and watersheds that adjoin an international border between the United States and Canada.

(B) Locations

The Secretary shall place watercraft inspection and decontamination stations

under subparagraph (A) at locations with the highest likelihood of preventing the spread of aquatic invasive species into and out of waters of the United States, as determined by the Secretary in consultation with the Governors and entities described in paragraph (3).

(C) Rapid response

The Secretary shall assist States within the areas described in subparagraph (A) with rapid response to any aquatic invasive species, including quagga or zebra mussel, infestation.

(2) Cost share

The non-Federal share of the cost of constructing, operating, and maintaining watercraft inspection and decontamination stations described in paragraph (1) (including personnel costs) shall be—

- (A) 50 percent; and
- (B) provided by the State or local governmental entity in which such inspection station is located.

(3) Coordination

In carrying out this subsection, the Secretary shall consult and coordinate with—

- (A) the Governors of the States within the areas described in each of clauses (i) through (v) of paragraph (1)(A), as applicable;
- (B) Indian tribes; and
- (C) other Federal agencies, including—
 - (i) the Department of Agriculture;
 - (ii) the Department of Energy;
 - (iii) the Department of Homeland Security;
 - (iv) the Department of Commerce; and
 - (v) the Department of the Interior.

(e) Monitoring and contingency planning

In carrying out this section, the Secretary may—

- (1) carry out risk assessments of water resources facilities;
- (2) monitor for aquatic invasive species;
- (3) assist States in early detection of aquatic invasive species, including quagga and zebra mussels; and
- (4) monitor water quality, including sediment cores and fish tissue samples.

(f) Invasive species management pilot program

(1) Definition of invasive species

In this subsection, the term “invasive species” has the meaning given the term in section 1 of Executive Order 13112 (64 Fed. Reg. 6183; relating to invasive species (February 3, 1999)) (as amended by section 2 of Executive Order 13751 (81 Fed. Reg. 88609; relating to safeguarding the Nation from the impacts of invasive species (December 5, 2016))).

(2) Development of plans

The Secretary, in coordination with the Aquatic Nuisance Species Task Force, shall carry out a pilot program under which the Secretary shall collaborate with States in the Upper Missouri River Basin in developing voluntary aquatic invasive species management plans to mitigate the effects of invasive species on public infrastructure facilities located

on reservoirs of the Corps of Engineers in those States.

(3) Management plan

(A) In general

The Secretary, in consultation with the Governor of each State in the Upper Missouri River Basin that elects to participate in the pilot program, shall prepare a management plan, or update or expand an existing plan, for each participating State that identifies public infrastructure facilities located on reservoirs of the Corps of Engineers in those States that—

- (i) are affected by aquatic invasive species; and
- (ii) need financial and technical assistance in order to maintain operations.

(B) Use of existing plans

In developing a management plan under subparagraph (A), the Secretary shall consider a management plan submitted by a participating State under section 4724(a) of title 16.

(4) Termination of authority

The authority provided under this subsection shall terminate on September 30, 2024.

(g) Invasive species prevention, control, and eradication

(1) Definition of invasive species

In this subsection, the term “invasive species” has the meaning given the term in section 1 of Executive Order 13112 (64 Fed. Reg. 6183; relating to invasive species (February 3, 1999)) (as amended by section 2 of Executive Order 13751 (81 Fed. Reg. 88609; relating to safeguarding the Nation from the impacts of invasive species (December 5, 2016))).

(2) Invasive species partnerships

(A) In general

The Secretary may enter into partnerships with applicable States and other Federal agencies to carry out actions to prevent the introduction of, control, or eradicate, to the maximum extent practicable, invasive species that adversely impact water quantity or water quality in the Platte River Basin, the Upper Colorado River Basin, the Upper Snake River Basin, and the Upper Missouri River Basin.

(B) Prioritization

In selecting actions to carry out under a partnership under subparagraph (A), the Secretary shall give priority to projects that are intended to control or eradicate the Russian olive (*Elaeagnus angustifolia*) or saltcedar (of the genus *Tamarix*).

(3) Invasive plant species pilot program

(A) Definitions

In this paragraph:

(i) Eligible entity

The term “eligible entity” means a partnership between or among 2 or more entities that—

- (I) includes—

- (aa) at least 1 flood control district; and

- (bb) at least 1 city, county, township, town, borough, parish, village, or other general purpose political subdivision of a State or Indian Tribe (as defined in section 5304 of title 25); and

- (II) may include any other entity (such as a nonprofit organization or institution of higher education), as determined by the Secretary.

(ii) Invasive plant species

The term “invasive plant species” means a plant that is nonnative to the ecosystem under consideration, the introduction of which causes or is likely to cause economic harm or harm to human health.

(B) Pilot program

The Secretary of the Interior, acting through the Director of the United States Fish and Wildlife Service, shall establish a pilot program under which such Secretary shall work with eligible entities to carry out activities—

- (i) to remove invasive plant species in riparian areas that contribute to drought conditions in—

- (I) the Lower Colorado River Basin;
- (II) the Rio Grande River Basin;
- (III) the Texas Gulf Coast Basin; and
- (IV) the Arkansas-White-Red Basin;

- (ii) where appropriate, to replace the invasive plant species described in clause (i) with ecologically suitable native species; and

- (iii) to maintain and monitor riparian areas in which activities are carried out under clauses (i) and (ii).

(C) Report to Congress

Not later than 18 months after December 27, 2020, the Secretary of the Interior, acting through the Director of the United States Fish and Wildlife Service, shall submit to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report describing the implementation of the pilot program.

(D) Termination of authority

The authority provided under this paragraph shall terminate on September 30, 2024.

(4) Cost share

The Federal share of an action carried out under a partnership under paragraph (2) or an activity carried out under the pilot program under paragraph (3) shall not exceed 80 percent of the total cost of the action or activity.

AMENDMENTS

2020—Subsec. (b)(1). Pub. L. 116–260, § 505(1)(A)(i), substituted “this section (except for subsections (f) and (g)) \$130,000,000” for “this section \$110,000,000” in introductory provisions.

Subsec. (b)(1)(D), (E). Pub. L. 116–260, § 505(1)(A)(ii)–(iv), added subpars. (D) and (E).

Subsec. (b)(2). Pub. L. 116–260, § 505(1)(C), added par. (2). Former par. (2) redesignated (3).

Subsec. (b)(3). Pub. L. 116–260, § 505(1)(B), (D), redesignated par. (2) as (3) and inserted “or (2)(A)” after “paragraph (1)”.

Subsec. (d). Pub. L. 116–260, § 505(2)(A), inserted “and Decontamination” after “inspection” in heading.

Subsec. (d)(1)(A). Pub. L. 116–260, § 505(2)(B)(i)(I), (D), inserted “and decontamination” after “inspection” in heading and substituted “watercraft inspection and decontamination stations” for “watercraft inspection stations” in introductory provisions.

Subsec. (d)(1)(A)(iii). Pub. L. 116–260, § 505(2)(B)(i)(III), substituted “Arkansas River Basins;” for “Arizona River Basins.”

Subsec. (d)(1)(A)(iv), (v). Pub. L. 116–260, § 505(2)(B)(i)(II), (IV), added cls. (iv) and (v).

Subsec. (d)(1)(B). Pub. L. 116–260, § 505(2)(B)(ii), added subpar. (B) and struck out former subpar. (B). Prior to amendment, text read as follows: “The Secretary shall establish watercraft inspection stations under subparagraph (A) at locations with the highest likelihood of preventing the spread of aquatic invasive species at reservoirs operated and maintained by the Secretary, as determined by the Secretary in consultation with States within the areas described in subparagraph (A).”

Subsec. (d)(2). Pub. L. 116–260, § 505(2)(D), substituted “watercraft inspection and decontamination stations” for “watercraft inspection stations” in introductory provisions.

Subsec. (d)(3)(A). Pub. L. 116–260, § 505(2)(C), substituted “(v)” for “(iii)” in introductory provisions.

Subsecs. (f), (g). Pub. L. 116–260, § 505(3), added subsecs. (f) and (g).

2018—Subsec. (b). Pub. L. 115–270, § 1170(1), amended subsec. (b) generally. Prior to amendment, text read as follows: “There are authorized to be appropriated such amounts, not in excess of \$40,000,000, of which \$20,000,000 shall be made available to implement subsection (d), annually, as may be necessary to carry out the provisions of this section. Any such funds employed for control operations shall be allocated by the Chief of Engineers on a priority basis, based upon the urgency and need of each area, and the availability of local funds.”

Subsec. (d)(1). Pub. L. 115–270, § 1170(2)(A), amended par. (1) generally. Prior to amendment, text read as follows: “In carrying out this section, the Secretary may establish, operate, and maintain new or existing watercraft inspection stations to protect the Columbia River Basin to be located in the States of Idaho, Montana, Oregon, and Washington at locations, as determined by the Secretary in consultation with such States, with the highest likelihood of preventing the spread of aquatic invasive species at reservoirs operated and maintained by the Secretary. The Secretary shall also assist the States referred to in this paragraph with rapid response to any aquatic invasive species, including quagga or zebra mussel, infestation.”

Subsec. (d)(3)(A). Pub. L. 115–270, § 1170(2)(B), amended subpar. (A) generally. Prior to amendment, text read as follows: “the Governors of the States described in paragraph (1);”.

2016—Subsec. (d)(1). Pub. L. 114–322, § 1178(b)(1)(A), added par. (1) and struck out former par. (1). Prior to amendment, text read as follows: “In carrying out this section, the Secretary may establish watercraft inspection stations in the Columbia River Basin to be located in the States of Idaho, Montana, Oregon, and Washington at locations, as determined by the Secretary, with the highest likelihood of preventing the spread of aquatic invasive species at reservoirs operated and maintained by the Secretary.”

Subsec. (d)(3)(A). Pub. L. 114–322, § 1178(b)(1)(B), inserted “Governors of the” before “States”.

Subsec. (e)(3). Pub. L. 114–322, § 1178(b)(2), added par. (3) and struck out former par. (3) which read as follows: “establish watershed-wide plans for expedited response to an infestation of aquatic invasive species; and”.

2014—Subsec. (a). Pub. L. 113–121, § 1039(d)(1)(A)–(C), designated first, second, and third sentences as pars. (1) to (3), respectively, and inserted headings.

Subsec. (a)(1). Pub. L. 113–121, § 1039(d)(1)(D)(ii), inserted “and aquatic invasive species” after “noxious aquatic plant growths”.

Pub. L. 113–121, § 1039(d)(1)(D)(i), which directed substitution of “prevention, control, and progressive” for “control and progressive,” was executed by making the substitution for “control and progressive” to reflect the probable intent of Congress.

Subsec. (b). Pub. L. 113–121, § 1039(d)(2), substituted “\$40,000,000, of which \$20,000,000 shall be made available to implement subsection (d), annually” for “\$15,000,000 annually”.

Subsecs. (d), (e). Pub. L. 113–121, § 1039(d)(3), added subsecs. (d) and (e).

1999—Subsec. (a). Pub. L. 106–53, § 205(1), substituted “noxious aquatic plant growths from” for “water-hyacinth, alligatorweed, Eurasian water milfoil, melaleuca, and other obnoxious aquatic plant growths, from” in first sentence.

Subsec. (b). Pub. L. 106–53, § 205(2), substituted “\$15,000,000” for “\$12,000,000” in first sentence.

Subsec. (c). Pub. L. 106–53, § 205(3), added subsec. (c).

1996—Subsec. (a). Pub. L. 104–303 inserted “melaleuca,” after “milfoil.”

1986—Subsec. (b). Pub. L. 99–662 substituted “\$12,000,000” for “\$10,000,000”.

1983—Subsec. (b). Pub. L. 98–63 substituted “\$10,000,000” for “\$5,000,000”.

1965—Subsec. (a). Pub. L. 89–298 designated part of existing provisions as subsec. (a), substituting “comprehensive program” and “other allied waters of the United States” for “comprehensive project” and “other allied waters in the States of North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, and Texas”, respectively, providing for control and eradication of Eurasian water milfoil, and striking out “in accordance with the report of the Chief of Engineers, published as House Document Numbered 37, Eighty-fifth Congress” after “Federal and State agencies”.

Subsec. (b). Pub. L. 89–298 designated part of existing provisions as subsec. (b), substituting the appropriations authorization of \$5,000,000 annually as first sentence for former provisions which authorized “an estimated additional cost for the expanded program over that now underway of \$1,350,000 annually for five years, of which 70 per centum, presently estimated at \$945,000, shall be borne by the United States and 30 per centum, presently estimated at \$405,000, by local interests” and incorporating former second proviso in second sentence.

HARMFUL ALGAL BLOOM DEMONSTRATION PROGRAM

Pub. L. 116–260, div. AA, title I, § 128, Dec. 27, 2020, 134 Stat. 2642, provided that:

“(a) IN GENERAL.—The Secretary [of the Army] shall carry out a demonstration program to determine the causes of, and implement measures to effectively de-

tect, prevent, treat, and eliminate, harmful algal blooms associated with water resources development projects.

“(b) CONSULTATION; USE OF EXISTING DATA AND PROGRAM AUTHORITIES.—In carrying out the demonstration program under subsection (a), the Secretary shall—

“(1) consult with the heads of appropriate Federal and State agencies; and

“(2) make maximum use of existing Federal and State data and ongoing programs and activities of Federal and State agencies, including the activities of the Secretary carried out through the Engineer Research and Development Center pursuant to section 1109 of the Water Resources Development Act of 2018 [Pub. L. 115-270] (33 U.S.C. 610 note).

“(c) FOCUS AREAS.—In carrying out the demonstration program under subsection (a), the Secretary shall undertake program activities related to harmful algal blooms in the Great Lakes, the tidal and inland waters of the State of New Jersey, the coastal and tidal waters of the State of Louisiana, the waterways of the counties that comprise the Sacramento-San Joaquin Delta, California, the Allegheny Reservoir Watershed, New York, and Lake Okeechobee, Florida.

“(d) ADDITIONAL FOCUS AREAS.—In addition to the areas described in subsection (c), in carrying out the demonstration program under subsection (a), the Secretary shall undertake program activities related to harmful algal blooms at any Federal reservoir located in the Upper Missouri River Basin or the North Platte River Basin, at the request and expense of another Federal agency.

“(e) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Secretary \$25,000,000 to carry out this section. Such sums shall remain available until expended.”

UPDATE ON INVASIVE SPECIES POLICY GUIDANCE

Pub. L. 116-260, div. AA, title V, § 501, Dec. 27, 2020, 134 Stat. 2744, provided that:

“(a) IN GENERAL.—The Secretary [of the Army] shall periodically update the Invasive Species Policy Guidance, developed under section 104 of the River and Harbor Act of 1958 (33 U.S.C. 610) and the Nonindigenous Aquatic Nuisance Prevention and Control Act of 1990 (16 U.S.C. 4701 et seq.), in accordance with the most recent National Invasive Species Council Management Plan developed pursuant to Executive Order 13112 [42 U.S.C. 4321 note].

“(b) INCLUSION.—The Secretary may include in the updated guidance invasive species specific efforts at federally authorized water resources development projects located in—

“(1) high-altitude lakes; and

“(2) the Tennessee and Cumberland River basins.”

TERRESTRIAL NOXIOUS WEED CONTROL PILOT PROGRAM

Pub. L. 116-260, div. AA, title V, § 503, Dec. 27, 2020, 134 Stat. 2745, provided that:

“(a) IN GENERAL.—The Secretary [of the Army] shall carry out a pilot program, in consultation with the Federal Interagency Committee for the Management of Noxious and Exotic Weeds, to identify and develop new and improved strategies for terrestrial noxious weed control on Federal land under the jurisdiction of the Secretary.

“(b) PARTNERSHIPS.—In carrying out the pilot program under subsection (a), the Secretary shall act in partnership with such other individuals and entities as the Secretary determines to be appropriate.

“(c) COOPERATIVE AGREEMENTS.—The Secretary may utilize cooperative agreements with county and State agencies for the implementation of the pilot program under subsection (a).

“(d) REPORT TO CONGRESS.—Not later than 2 years after the date of enactment of this Act [Dec. 27, 2020], the Secretary shall provide to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the

House of Representatives a report describing the new and improved strategies developed through the pilot program under subsection (a).”

ASIAN CARP PREVENTION AND CONTROL PILOT PROGRAM

Pub. L. 116-260, div. AA, title V, § 509(a), Dec. 27, 2020, 134 Stat. 2750, provided that:

“(a) CORPS OF ENGINEERS ASIAN CARP PREVENTION PILOT PROGRAM.—

“(1) IN GENERAL.—The Secretary [of the Army], in conjunction with the Tennessee Valley Authority and other relevant Federal agencies, shall carry out an Asian carp prevention pilot program to carry out projects to manage and prevent the spread of Asian carp using innovative technologies, methods, and measures.

“(2) PROJECT SELECTION.—

“(A) LOCATION.—Each project under the pilot program shall be carried out in a river system or reservoir in the Cumberland River Watershed or Tennessee River Watershed in which Asian carp populations are expanding or have been documented.

“(B) CONSULTATION.—In selecting projects to carry out under the pilot program, the Secretary shall consult with—

“(i) applicable Federal, State, and local agencies;

“(ii) institutions of higher education; and

“(iii) relevant private organizations, including nonprofit organizations.

“(C) LIMITATIONS.—

“(i) NUMBER OF PROJECTS.—The Secretary may select not more than 10 projects to carry out under the pilot program.

“(ii) DEADLINE.—Not later than September 30, 2024, the Secretary shall complete projects selected to be carried out under the pilot program.

“(3) BEST PRACTICES.—In carrying out the pilot program, to the maximum extent practicable, the Secretary shall consider existing best practices, such as those described in the document of the Asian Carp Working Group of the Aquatic Nuisance Species Task Force entitled ‘Management and Control Plan for Bighead, Black, Grass, and Silver Carps in the United States’ and dated November 2007.

“(4) COST-SHARE.—

“(A) IN GENERAL.—The Federal share of the costs of a project carried out under the program may not exceed 75 percent of the total costs of the project.

“(B) OPERATION, MAINTENANCE, REHABILITATION, AND REPAIR.—After the completion of a project under the pilot program, the Federal share of the costs for operation, maintenance, rehabilitation, and repair of the project shall be 100 percent.

“(5) MEMORANDUM OF AGREEMENT.—For projects carried out in reservoirs owned or managed by the Tennessee Valley Authority, the Secretary and the Tennessee Valley Authority shall execute a memorandum of agreement establishing the framework for a partnership and the terms and conditions for sharing expertise and resources.

“(6) PAYMENTS.—The Secretary is authorized to accept and expend funds from the Tennessee Valley Authority to complete any work under this section at a reservoir owned or managed by the Tennessee Valley Authority.

“(7) REPORT.—Not later than 2 years after the date of enactment of this Act [Dec. 27, 2020], and 2 years thereafter, the Secretary shall submit to Congress a report describing the results of the pilot program, including an analysis of the effectiveness of the innovative technologies, methods, and measures used in projects carried out under the pilot program at preventing the spread, or managing the eradicating of, Asian carp.

“(8) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this subsection \$25,000,000, to remain available until expended.”

HARMFUL ALGAL BLOOM TECHNOLOGY DEMONSTRATION

Pub. L. 115-270, title I, §1109, Oct. 23, 2018, 132 Stat. 3774, provided that:

“(a) IN GENERAL.—The Secretary [of the Army], acting through the Engineer Research and Development Center, shall implement a 5-year harmful algal bloom technology development demonstration program under the Aquatic Nuisance Research Program. To the extent practicable, the Secretary shall support research that will identify and develop improved strategies for early detection, prevention, and management techniques and procedures to reduce the occurrence and effects of harmful algal blooms in the Nation’s water resources.

“(b) SCALABILITY REQUIREMENT.—The Secretary shall ensure that technologies identified, tested, and deployed under the harmful algal bloom technology development demonstration program have the ability to scale up to meet the needs of harmful-algal-bloom-related events.”

SUBCHAPTER V—PROSECUTION OF WORK
GENERALLY**§ 621. By what methods river and harbor work may be authorized to be prosecuted**

Any public work on canals, rivers, and harbors adopted by Congress may be prosecuted by direct appropriations, by continuing contracts, or by both direct appropriations and continuing contracts.

(Sept. 22, 1922, ch. 427, §10, 42 Stat. 1043.)

Editorial Notes

CODIFICATION

Section is from the Rivers and Harbors Appropriation Act of 1922.

§ 622. Contracts, etc., with private industry for implementation of projects for improvements and dredging; reduction of federally owned fleet**(a) Contracts for dredging and related work**

The Secretary of the Army, acting through the Chief of Engineers (hereinafter referred to as the “Secretary”), in carrying out projects for improvement of rivers and harbors (other than surveys, estimates, and gagings) shall, by contract or otherwise, carry out such work in the manner most economical and advantageous to the United States. The Secretary shall have dredging and related work done by contract if he determines private industry has the capability to do such work and it can be done at reasonable prices and in a timely manner. During the four-year period which begins on April 26, 1978, the Secretary may limit the application of the second sentence of this subsection for work for which the federally owned fleet is available to achieve an orderly transition to full implementation of this subsection.

(b) Reduction of federally owned fleet

As private industry reasonably demonstrates its capability under subsection (a) to perform the work done by the federally owned fleet, at reasonable prices and in a timely manner, the federally owned fleet shall be reduced in an orderly manner, as determined by the Secretary, by retirement of plant. To carry out emergency and national defense work the Secretary shall retain only the minimum federally owned fleet

capable of performing such work and he may exempt from the provisions of this section such amount of work as he determines to be reasonably necessary to keep such fleet fully operational, as determined by the Secretary, after the minimum fleet requirements have been determined. Notwithstanding the preceding sentence, in carrying out the reduction of the federally owned fleet, the Secretary may retain so much of the federally owned fleet as he determines necessary, for so long as he determines necessary, to insure the capability of the Federal Government and private industry together to carry out projects for improvements of rivers and harbors. For the purpose of making the determination required by the preceding sentence the Secretary shall not exempt any work from the requirements of this section. The minimum federally owned fleet shall be maintained to technologically modern and efficient standards, including replacement as necessary. The Secretary is authorized and directed to undertake a study to determine the minimum federally owned fleet required to perform emergency and national defense work. The study, which shall be submitted to Congress within two years after April 26, 1978, shall also include preservation of employee rights of persons presently employed on the existing federally owned fleet.

(c) Program to increase use of private hopper dredges**(1) Initiation**

The Secretary shall initiate a program to increase the use of private-industry hopper dredges for the construction and maintenance of Federal navigation channels.

(2) Ready reserve status for hopper dredge Wheeler

In order to carry out this subsection, the Secretary shall place the Federal hopper dredge Wheeler in a ready reserve status not later than the earlier of 90 days after the date of completion of the rehabilitation of the hopper dredge McFarland pursuant to section 563 of the Water Resources Development Act of 1996 or October 1, 1997.

(3) Testing and use of ready reserve hopper dredge

The Secretary may periodically perform routine tests of the equipment of the vessel placed in a ready reserve status under paragraph (2) to ensure the vessel’s ability to perform emergency work. The Secretary shall not assign any scheduled hopper dredging work to such vessel but shall perform any repairs needed to maintain the vessel in a fully operational condition. The Secretary may place the vessel in active status in order to perform any dredging work only if the Secretary determines that private industry has failed to submit a responsive and responsible bid for work advertised by the Secretary or to carry out the project as required pursuant to a contract with the Secretary.

(4) Repair and rehabilitation

The Secretary may undertake any repair and rehabilitation of any Federal hopper dredge, including the vessel placed in ready re-

serve status under paragraph (2) to allow the vessel to be placed in active status as provided in paragraph (3).

(5) Procedures

The Secretary shall develop and implement procedures to ensure that, to the maximum extent practicable, private industry hopper dredge capacity is available to meet both routine and time-sensitive dredging needs. Such procedures shall include—

(A) scheduling of contract solicitations to effectively distribute dredging work throughout the dredging season; and

(B) use of expedited contracting procedures to allow dredges performing routine work to be made available to meet time-sensitive, urgent, or emergency dredging needs.

(6) Report

Not later than 2 years after October 12, 1996, the Secretary shall report to Congress on whether the vessel placed in ready reserve status under paragraph (2) is needed to be returned to active status or continued in a ready reserve status or whether another Federal hopper dredge should be placed in a ready reserve status.

(7) Limitations

(A) Reductions in status

The Secretary may not further reduce the readiness status of any Federal hopper dredge below a ready reserve status except any vessel placed in such status for not less than 5 years that the Secretary determines has not been used sufficiently to justify retaining the vessel in such status.

(B) Increase in assignments of dredging work

For each fiscal year beginning after October 12, 1996, the Secretary shall not assign any greater quantity of dredging work to any Federal hopper dredge in active status than was assigned to that vessel in the average of the 3 prior fiscal years. This subparagraph shall not apply to the Federal hopper dredges Essayons and Yaquina of the Corps of Engineers.

(C) Remaining dredges

In carrying out the program under this section, the Secretary shall not reduce the availability and utilization of Federal hopper dredge vessels stationed on the Pacific and Atlantic coasts below that which occurred in fiscal year 1996 to meet the navigation dredging needs of the ports on those coasts.

(8) Contracts; payment of capital costs

The Secretary may enter into a contract for the maintenance and crewing of any Federal hopper dredge retained in a ready reserve status. The capital costs (including depreciation costs) of any dredge retained in such status shall be paid for out of funds made available from the Harbor Maintenance Trust Fund and shall not be charged against the Corps of Engineers' Revolving Fund Account or any individual project cost unless the dredge is specifically used in connection with that project.

REFERENCES IN TEXT

Section 563 of the Water Resources Development Act of 1996, referred to in subsec. (c)(2), is section 563 of Pub. L. 104-303, Oct. 12, 1996, 110 Stat. 3784, which is not classified to the Code.

CODIFICATION

Prior to the general amendment by Pub. L. 95-269, this section was a composite of several Acts as follows:

The first sentence was from a part of section 3 of Act of Aug. 11, 1888, the Rivers and Harbors Appropriation Act of 1888. The remainder of section 3 was classified to section 623 of this title.

The second sentence, which provided that all improvement works authorized by contract may, in the discretion of the Secretary of War [now Army], be carried on by contract or otherwise, as may be most economical or advantageous to the United States, was from section 1 of the Act of July 25, 1912, the Rivers and Harbors Appropriation Act of 1912. Previous similar provisions were contained in Acts Mar. 2, 1907, ch. 2509, § 1, 34 Stat. 1110; Feb. 27, 1911, ch. 166, § 1, 36 Stat. 952.

The third sentence, which provided that in all cases where the project for a work of river or harbor improvement provides for the construction or use of Government dredging plant, the Secretary of War [now Army] may, in his discretion, have the work done by contract if reasonable prices can be obtained, was from section 3 of the Act of Mar. 2, 1919, the Rivers and Harbors Appropriation Act of 1919, which superseded a somewhat similar provision in section 3 of the Act of Aug. 8, 1917, ch. 49, 40 Stat. 261. Section 1 of the 1917 Act, 40 Stat. 255, provided in part that "the work proposed under the project adopted by the river and harbor Act approved July twenty-fifth, nineteen hundred and twelve, may be done by contract if reasonable prices can be obtained".

AMENDMENTS

2007—Subsec. (c)(7)(B). Pub. L. 110-114 inserted "This subparagraph shall not apply to the Federal hopper dredges Essayons and Yaquina of the Corps of Engineers." at end.

1996—Subsec. (c). Pub. L. 104-303 added subsec. (c).

1978—Pub. L. 95-269 designated existing provision as subsec. (a), substituted provisions relating to authority of Secretary of the Army, acting through the Chief of Engineers, to implement improvement projects by contract or otherwise and dredging and related work by contract with private industry, for provisions relating to authority of the Secretary of the Army to apply moneys appropriated for improvements by contract or otherwise and for construction or use of a Government dredging plant by contract, and added subsec. (b).

§ 623. Repealed. Oct. 31, 1951, ch. 654, § 1(57), 65 Stat. 703

Section, act Aug. 11, 1888, ch. 860, § 3, 25 Stat. 423, related to letting of contracts to lowest responsible bidder.

§ 624. Limitation on improvement work by private contract

(a) Determinations respecting comparison of private contract price with estimation of cost of performance of work by Government plant or by well-equipped contractor

No works of river and harbor improvement shall be done by private contract—

(1) if the Secretary of the Army, acting through the Chief of Engineers, determines that Government plant is reasonably available to perform the subject work and the contract price for doing the work is more than 25 per centum in excess of the estimated comparable cost of doing the work by Government plant; or

(2) in any other circumstance where the Secretary of the Army, acting through the Chief of Engineers, determines that the contract price is more than 25 per centum in excess of what he determines to be a fair and reasonable estimated cost of a well-equipped contractor doing the work.

(b) Considerations involved in determinations of estimation of cost of performance of work by Government plant

In estimating the comparable cost of doing the work under subsection (a)(1) by Government plant the Secretary of the Army, acting through the Chief of Engineers shall, in addition to the cost of labor and materials, take into account proper charges for depreciation of plant, all supervising and overhead expenses, interest on the capital invested in the Government plant (but the rate of interest shall not exceed the maximum prevailing rate being paid by the United States on current issues of bonds or other evidences of indebtedness) and such other Government expenses and charges as the Chief of Engineers determines to be appropriate.

(c) Considerations involved in determinations of estimation of cost of performance of work by well-equipped contractor

In determining a fair and reasonable estimated cost of doing work by private contract under subsection (a)(2), the Secretary of the Army, acting through the Chief of Engineers, shall, in addition to the cost of labor and materials, take into account proper charges for depreciation of plant, all expenses for supervision, overhead, workmen's compensation, general liability insurance, taxes (State and local), interest on capital invested in plant, and such other expenses and charges the Secretary of the Army, acting through the Chief of Engineers, determines to be appropriate.

AMENDMENTS

1978—Pub. L. 95-269 designated existing provision as subsec. (a), substituted provisions relating to determinations by the Secretary of the Army, acting through the Chief of Engineers, respecting contract prices for performance of works of river and harbor improvement by a Government plant or by a well-equipped contractor as a limitation on performance of the work by private contract, for provisions relating to limitation on use of funds for works of river and harbor improvement pursuant to private contract based on estimation of cost for performance of work by Government plant and factors constituting cost estimation, and added subsecs. (b) and (c).

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

SIMILAR PROVISIONS

A similar provision was contained in act Mar. 2, 1907, ch. 2509, §1, 34 Stat. 1073.

§ 627. Application of appropriation when separate works are included therein

Where separate works or items are consolidated in River and Harbor Acts and an aggregate amount is appropriated therefor, any balances remaining to the credit of the separate works or items may be transferred to the credit of the corresponding aggregate amounts appropriated for the consolidated items, and the amounts appropriated or transferred shall, unless otherwise expressed, be expended in securing maintenance and improvement according to the respective projects adopted by Congress, after giving due regard to the respective needs of traffic. The allotments to the respective works consolidated shall be made by the Secretary of the Army

upon recommendations by the Chief of Engineers. In case such works or items are consolidated and separate amounts are given with each project, the amounts so named shall be expended upon such separate projects unless, in the discretion of the Secretary of the Army, another allotment or division should be made of the same. Any balances remaining to the credit of the consolidated items shall be carried to the credit of the respective aggregate amounts appropriated for the consolidated items.

CODIFICATION

Section, act June 25, 1910, ch. 382, § 5, 36 Stat. 676, provided that the requirements of R.S. § 3744, section 16 of former Title 41, Public Contracts, should not apply to the lease of certain property or hire of vessels for use in connection with river and harbor improvements where the period of the lease or hire did not exceed three months. R.S. § 3744, which required contracts by the Secretaries of War, Navy, and Interior to be in writing and filed in the returns office of the Interior Department, was repealed by act Oct. 21, 1941, ch. 452, 55 Stat. 743.

§ 633. Protection, alteration, reconstruction, relocation, or replacement of structures and facilities; contract standards; reasonable costs

Whenever, during the construction or reconstruction of any navigation, flood control, or related water development project under the direction of the Secretary of the Army, the Chief of Engineers determines that any structure or facility owned by an agency of government and utilized in the performance of a governmental function should be protected, altered, reconstructed, relocated, or replaced to meet the requirements of navigation or flood control, or both; or to preserve the safety or integrity of such facility when its safety or usefulness is determined by the Chief of Engineers to be adversely affected or threatened by the project, the Chief of Engineers may, if he deems such action to be in the public interest, enter into a contract providing for (1) the payment from appropriations made for the construction or maintenance of such project, of the reasonable cost of replacing, relocating, or reconstructing such facility to such standard as he deems reasonable but not to exceed the minimum standard of the State or political subdivision for the same type

of facility involved, except that if the existing facility exceeds the minimum standard of the State or political subdivision, the Chief of Engineers may provide a facility of comparable standard, or (2) the payment of a lump sum representing the estimated reasonable cost thereof. This section shall not be construed as modifying any existing or future requirement of local cooperation, or as indicating a policy that local interests shall not hereafter be required to assume costs of modifying such facilities. The provisions of this section may be applied to projects hereafter authorized and to those heretofore authorized but not completed as of July 3, 1958, and notwithstanding the navigation servitude vested in the United States, they may be applied to such structures or facilities occupying the beds of navigable waters of the United States.

AMENDMENTS

1965—Pub. L. 89-298 provided for payment of the reasonable cost of replacing, relocating, or reconstructing the facility to a reasonable standard, not exceeding minimum standard of State or political subdivision for same type of facility involved, except that if the existing facility exceeds the minimum standard of the State or political subdivision, the Chief of Engineers may provide a facility of comparable standard, in provision designated as clause (1), eliminated former provision for payment of reasonable actual cost of the remedial work, and designated existing provisions as clause (2).

§ 634. Assistance relating to water supply

The Secretary may provide assistance to municipalities the water supply of which is adversely affected by construction carried out by the Corps of Engineers.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 647. Mississippi River survey

[DETAIL OF ASSISTANTS; VESSELS; INSTRUMENTS.] It shall be the duty of the Mississippi River Commission to direct and complete such

surveys of the Mississippi River, between the Head of the Passes near its mouth to its headwaters as may have been in progress June 28, 1879, and to make such additional surveys, examinations, and investigations, topographical, hydrographical, and hydrometrical, of said river and its tributaries, as may be deemed necessary by said commission to carry out the objects of sections 641 to 644, 646, and 647 of this title. And to enable said commission to complete such surveys, examinations, and investigations, the Secretary of the Army shall, when requested by said commission, detail from the Engineer Corps of the Army such officers and men as may be necessary, and shall place in the charge and for the use of said commission such vessel or vessels and such machinery and instruments as may be under his control and may be deemed necessary. And the Secretary of Commerce shall, when requested by said commission in like manner detail from the National Ocean Survey such officers and men as may be necessary, and shall place in the charge and for the use of said commission such vessel or vessels and such machinery and instruments as may be under his control and may be deemed necessary. And the said commission may, with the approval of the Secretary of the Army, employ such additional force and assistants, and provide, by purchase or otherwise, such vessels or boats and such instruments and means as may be deemed necessary.

[PLANS; REPORT.] It shall be the duty of said commission to take into consideration and mature such plan or plans and estimates as will correct, permanently locate, and deepen the channel and protect the banks of the Mississippi River; improve and give safety and ease to the navigation thereof; prevent destructive floods; promote and facilitate commerce, trade, and the postal service; and when so prepared and matured, to submit to the Secretary of the Army a full and detailed report of their proceedings and actions, and of such plans, with estimates of the cost thereof, for the purposes aforesaid, to be by him transmitted to Congress: *Provided*, That the commission shall report in full upon the practicability, feasibility, and probable cost of the various plans known as the jetty system, the levee system, and the outlet system, as well as upon such others as they deem necessary.

[PLANS FOR IMMEDIATE WORKS.] The said commission may, prior to the completion of all the surveys and examinations contemplated by sections 641 to 644, 646, and 647 of this title, prepare and submit to the Secretary of the Army, plans, specifications, and estimates of costs for such immediate works as, in the judgment of said commission, may constitute a part of the general system of works herein contemplated, to be by him transmitted to Congress.

(June 28, 1879, ch. 43, §§ 3-5, 21 Stat. 37, 38; Feb. 14, 1903, ch. 552, § 4, 32 Stat. 826; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Editorial Notes

CODIFICATION

Section is from the Rivers and Harbors Appropriation Act for the year 1922.

§ 652. Upper Mississippi River Management**(a) Short title; Congressional declaration of intent**

(1) This section may be cited as the "Upper Mississippi River Management Act of 1986".

(2) To ensure the coordinated development and enhancement of the Upper Mississippi River system, it is hereby declared to be the intent of Congress to recognize that system as a nationally significant ecosystem and a nationally significant commercial navigation system. Congress further recognizes that the system provides a diversity of opportunities and experiences. The system shall be administered and regulated in recognition of its several purposes.

(b) Definitions

For purposes of this section—

(1) the terms "Upper Mississippi River system" and "system" mean those river reaches having commercial navigation channels on the Mississippi River main stem north of Cairo, Illinois; the Minnesota River, Minnesota; Black River, Wisconsin; Saint Croix River, Minnesota and Wisconsin; Illinois River and Waterway, Illinois; and Kaskaskia River, Illinois;

(2) the term "Master Plan" means the comprehensive master plan for the management of the Upper Mississippi River system, dated January 1, 1982, prepared by the Upper Mississippi River Basin Commission and submitted to Congress pursuant to Public Law 95-502;

(3) the term "GREAT I, GREAT II, and GRRM studies" means the studies entitled "GREAT Environmental Action Team—GREAT I—A Study of the Upper Mississippi River", dated September 1980, "GREAT River Environmental Action Team—GREAT II—A Study of the Upper Mississippi River", dated

December 1980, and "GREAT River Resource Management Study", dated September 1982; and

(4) the term "Upper Mississippi River Basin Association" means an association of the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin, formed for the purposes of cooperative effort and united assistance in the comprehensive planning for the use, protection, growth, and development of the Upper Mississippi River System.

(c) Congressional approval of Master Plan

(1) Congress hereby approves the Master Plan as a guide for future water policy on the Upper Mississippi River system. Such approval shall not constitute authorization of any recommendation contained in the Master Plan.

(2) Omitted.

(d) Cooperative effort and mutual assistance among States

(1) The consent of the Congress is hereby given to the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin, or any two or more of such States, to enter into negotiations for agreements, not in conflict with any law of the United States, for cooperative effort and mutual assistance in the comprehensive planning for the use, protection, growth, and development of the Upper Mississippi River system, and to establish such agencies, joint or otherwise, or designate an existing multi-State entity, as they may deem desirable for making effective such agreements. To the extent required by Article I, section 10 of the Constitution, such agreements shall become final only after ratification by an Act of Congress.

(2) The Secretary is authorized to enter into cooperative agreements with the Upper Mississippi River Basin Association or any other agency established under paragraph (1) of this subsection to promote and facilitate active State government participation in the river system management, development, and protection.

(3) For the purpose of ensuring the coordinated planning and implementation of programs authorized in subsections (e) and (h)(2) of this section, the Secretary shall enter into an inter-agency agreement with the Secretary of the Interior to provide for the direct participation of, and transfer of funds to, the Fish and Wildlife Service and any other agency or bureau of the Department of the Interior for the planning, design, implementation, and evaluation of such programs.

(4) The Upper Mississippi River Basin Association or any other agency established under paragraph (1) of this subsection is hereby designated by Congress as the caretaker of the master plan. Any changes to the master plan recommended by the Secretary shall be submitted to such association or agency for review. Such association or agency may make such comments with respect to such recommendations and offer other recommended changes to the master plan as such association or agency deems appropriate and shall transmit such comments and other recommended changes to the Secretary. The Secretary shall transmit such recommendations along with the comments and other recommended changes of such association or agen-

cy to the Congress for approval within 90 days of the receipt of such comments or recommended changes.

(e) Program authority

(1) AUTHORITY.—

(A) IN GENERAL.—The Secretary, in consultation with the Secretary of the Interior and the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin, may undertake, as identified in the master plan—

(i) a program for the planning, construction, and evaluation of measures for fish and wildlife habitat rehabilitation and enhancement; and

(ii) implementation of a long-term resource monitoring, computerized data inventory and analysis, and applied research program, including research on water quality issues affecting the Mississippi River (including elevated nutrient levels) and the development of remediation strategies.

(B) ADVISORY COMMITTEE.—In carrying out subparagraph (A)(i), the Secretary shall establish an independent technical advisory committee to review projects, monitoring plans, and habitat and natural resource needs assessments.

(2) REPORTS.—Not later than December 31, 2004, and not later than December 31 of every sixth year thereafter, the Secretary, in consultation with the Secretary of the Interior and the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin, shall submit to Congress a report that—

(A) contains an evaluation of the programs described in paragraph (1);

(B) describes the accomplishments of each of the programs;

(C) provides updates of a systemic habitat needs assessment; and

(D) identifies any needed adjustments in the authorization of the programs.

(3) For purposes of carrying out paragraph (1)(A)(i) of this subsection, there is authorized to be appropriated to the Secretary \$40,000,000 for fiscal year 1999 and each fiscal year thereafter.

(4) For purposes of carrying out paragraph (1)(A)(ii) of this subsection, there is authorized to be appropriated to the Secretary \$15,000,000 for fiscal year 1999 and each fiscal year thereafter.

(5) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out paragraph (1)(B) \$350,000 for each of fiscal years 1999 through 2009.

(6) TRANSFER OF AMOUNTS.—For fiscal year 1999 and each fiscal year thereafter, the Secretary, in consultation with the Secretary of the Interior and the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin, may transfer not to exceed 20 percent of the amounts appropriated to carry out clause (i) or (ii) of paragraph (1)(A) to the amounts appropriated to carry out the other of those clauses.

(7)(A) Notwithstanding the provisions of subsection (a)(2) of this section, the costs of each project carried out pursuant to paragraph (1)(A)(i) of this subsection shall be allocated between the Secretary and the appropriate non-

Federal sponsor in accordance with the provisions of section 2283(e) of this title; except that the costs of operation and maintenance of projects located on Federal lands or lands owned or operated by a State or local government shall be borne by the Federal, State, or local agency that is responsible for management activities for fish and wildlife on such lands and, in the case of any project requiring non-Federal cost sharing, the non-Federal share of the cost of the project shall be 35 percent.

(B) Notwithstanding the provisions of subsection (a)(2) of this section, the cost of implementing the activities authorized by paragraph (1)(A)(ii) of this subsection shall be allocated in accordance with the provisions of section 2283 of this title, as if such activity was required to mitigate losses to fish and wildlife.

(8) None of the funds appropriated pursuant to any authorization contained in this subsection shall be considered to be chargeable to navigation.

(f) Recreational projects authority

(1) The Secretary, in consultation with any agency established under subsection (d)(1) of this section, is authorized to implement a program of recreational projects for the system substantially in accordance with the recommendations of the GREAT I, GREAT II, and GRRM studies and the master plan reports. In addition, the Secretary, in consultation with any such agency, shall, at Federal expense, conduct an assessment of the economic benefits generated by recreational activities in the system. The cost of each such project shall be allocated between the Secretary and the appropriate non-Federal sponsor in accordance with title I of this Act [33 U.S.C. 2211 et seq.].

(2) For purposes of carrying out the program of recreational projects authorized in paragraph (1) of this subsection, there is authorized to be appropriated to the Secretary not to exceed \$500,000 per fiscal year for each of the first 15 fiscal years beginning after November 17, 1986.

(g) Increases in lock capacity

The Secretary shall, in his budget request, identify those measures developed by the Secretary, in consultation with the Secretary of Transportation and any agency established under subsection (d)(1) of this section, to be undertaken to increase the capacity of specific locks throughout the system by employing non-structural measures and making minor structural improvements.

(h) Monitoring of traffic movements

(1) The Secretary, in consultation with any agency established under subsection (d)(1) of this section, shall monitor traffic movements on the system for the purpose of verifying lock capacity, updating traffic projections, and refining the economic evaluation so as to verify the need for future capacity expansion of the system.

(2) DETERMINATION.—

(A) IN GENERAL.—The Secretary, in consultation with the Secretary of the Interior and the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin, shall determine the need for river rehabilitation and environmental enhancement and protection based on the condi-

tion of the environment, project developments, and projected environmental impacts from implementing any proposals resulting from recommendations made under subsection (g) and paragraph (1) of this subsection.

(B) REQUIREMENTS.—The Secretary shall—

(i) complete the ongoing habitat needs assessment conducted under this paragraph not later than September 30, 2000; and

(ii) include in each report under subsection (e)(2) the most recent habitat needs assessment conducted under this paragraph.

(3) There is authorized to be appropriated to the Secretary such sums as may be necessary to carry out this subsection.

(i) Disposal of dredged material

(1) The Secretary shall, as he determines feasible, dispose of dredged material from the system pursuant to the recommendations of the GREAT I, GREAT II, and GRRM studies.

(2) The Secretary shall establish and request appropriate Federal funding for a program to facilitate productive uses of dredged material. The Secretary shall work with the States which have, within their boundaries, any part of the system to identify potential users of dredged material.

(j) Construction of second lock at locks and dam 26, Mississippi River, Alton, Illinois and Missouri

The Secretary is authorized to provide for the engineering, design, and construction of a second lock at locks and dam 26, Mississippi River, Alton, Illinois and Missouri, at a total cost of \$220,000,000, with a first Federal cost of \$220,000,000. Such second lock shall be one hundred and ten feet by six hundred feet and shall be constructed at or in the vicinity of the location of the replacement lock authorized by section 102 of Public Law 95-502. Section 2212 of this title shall apply to the project authorized by this subsection.

This Act, referred to in subsection (f)(1), is Pub. L. 99-662, Nov. 17, 1986, 100 Stat. 4082, as amended, known as the Water Resources Development Act of 1986. Title I of this Act is classified generally to subchapter I (§ 2211 et seq.) of chapter 36 of this title. For complete classification of this Act to the Code, see Short Title note set out under section 2201 of this title and Tables.

CODIFICATION

Subsec. (c)(2) of this section amended section 101 of Pub. L. 95-502, which is set out as a note under section 1962b-3 of Title 42, The Public Health and Welfare.

AMENDMENTS

2020—Subsec. (e)(3). Pub. L. 116-260, § 307(1), substituted “\$40,000,000” for “\$22,750,000”.

Subsec. (e)(4). Pub. L. 116-260, § 307(2), substituted “\$15,000,000” for “\$10,420,000”.

2007—Subsec. (e)(1)(A)(ii). Pub. L. 110-114 inserted “, including research on water quality issues affecting the Mississippi River (including elevated nutrient levels) and the development of remediation strategies” before period at end.

1999—Subsec. (e). Pub. L. 106-53, § 509(a), inserted subsec. heading, added par. (1), and struck out former par. (1) which read as follows: “The Secretary, in consultation with the Secretary of the Interior and the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin, is authorized to undertake, as identified in the master plan—

“(A) a program for the planning, construction, and evaluation of measures for fish and wildlife habitat rehabilitation and enhancement;

“(B) implementation of a long-term resource monitoring program; and

“(C) implementation of a computerized inventory and analysis system.”

Subsec. (e)(2). Pub. L. 106-53, § 509(b), added par. (2) and struck out former par. (2) which read as follows: “Each program referred to in paragraph (1) shall be carried out for 15 years. Before the last day of such 15-year period, the Secretary, in consultation with the Secretary of the Interior and the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin, shall conduct an evaluation of such programs and submit a report on the results of such evaluation to Congress. Such evaluation shall determine each such program’s effectiveness, strengths, and weaknesses and contain recommendations for the modification and continuance or termination of such program.”

Subsec. (e)(3). Pub. L. 106-53, § 509(c)(1), substituted “(1)(A)(i)” for “(1)(A)” and “Secretary \$22,750,000 for fiscal year 1999 and each fiscal year thereafter” for “Secretary not to exceed \$8,200,000 for the first fiscal year beginning after November 17, 1986, not to exceed \$12,400,000 for the second fiscal year beginning after November 17, 1986, and not to exceed \$13,000,000 per fiscal year for each of the succeeding 13 fiscal years”.

Subsec. (e)(4). Pub. L. 106-53, § 509(c)(2), substituted “(1)(A)(ii)” for “(1)(B)” and “Secretary \$10,420,000 for fiscal year 1999 and each fiscal year thereafter” for “Secretary not to exceed \$7,680,000 for the first fiscal year beginning after November 17, 1986, and not to exceed \$5,080,000 per fiscal year for each of the succeeding 14 fiscal years”.

Subsec. (e)(5). Pub. L. 106-109 substituted “paragraph (1)(B)” for “paragraph (1)(A)(i)”.

Pub. L. 106-53, § 509(c)(3), added par. (5) and struck out former par. (5) which read as follows: “For purposes of carrying out paragraph (1)(C) of this subsection, there is authorized to be appropriated to the Secretary not to exceed \$40,000 for the first fiscal year beginning after November 17, 1986, not to exceed \$280,000 for the second fiscal year beginning after November 17, 1986, not to exceed \$1,220,000 for the third fiscal year beginning after November 17, 1986, and not to exceed \$875,000 per fiscal year for each of the succeeding 12 fiscal years”.

Subsec. (e)(6). Pub. L. 106-53, § 509(d), added par. (6) and struck out former par. (6) which contained provisions limiting transfers to 20% of appropriated amounts and setting out specific maximum monetary amounts.

Subsec. (e)(7)(A). Pub. L. 106-53, § 509(e), (g)(1)(A), substituted “(1)(A)(i)” for “(1)(A)” and inserted before period at end “and, in the case of any project requiring non-Federal cost sharing, the non-Federal share of the cost of the project shall be 35 percent”.

Subsec. (e)(7)(B). Pub. L. 106-53, § 509(g)(1)(B), substituted “paragraph (1)(A)(ii)” for “paragraphs (1)(B) and (1)(C)”.

Subsec. (f)(2). Pub. L. 106-53, § 509(g)(2), struck out “(A)” after “(2)” and struck out subpar. (B) which read as follows: “For purposes of carrying out the assess-

ment of the economic benefits of recreational activities as authorized in paragraph (1) of this subsection, there is authorized to be appropriated to the Secretary not to exceed \$300,000 per fiscal year for the first and second fiscal years beginning after the computerized inventory and analysis system implemented pursuant to subsection (e)(1)(C) of this section is fully functional and \$150,000 for the third such fiscal year”.

Subsec. (h)(2). Pub. L. 106-53, § 509(f), inserted par. heading, designated existing provisions as subpar. (A) and inserted heading, and added subpar. (B).

1992—Subsec. (e)(2). Pub. L. 102-580, § 107(a)(1), which directed the substitution of “15” for “ten” each place it appears, could not be executed because “ten” did not appear subsequent to amendment by Pub. L. 101-640, § 405(1). See 1990 Amendment note below.

Subsec. (e)(6). Pub. L. 102-580, § 107(a)(3), added par. (6). Former par. (6) redesignated (7).

Subsec. (e)(7). Pub. L. 102-580, § 107(a)(2), redesignated par. (6) as (7). Former par. (7) redesignated (8).

Subsec. (e)(7)(A). Pub. L. 102-580, § 107(b), added subpar. (A) and struck out former subpar. (A) which read as follows: “Notwithstanding the provisions of subsection (a)(2) of this section, the costs of each project carried out pursuant to paragraph (1)(A) of this subsection shall be allocated between the Secretary and the appropriate non-Federal sponsor in accordance with the provisions of section 2283 of this title.”

Subsec. (e)(8). Pub. L. 102-580, § 107(a)(2), redesignated par. (7) as (8).

1990—Subsec. (e)(2). Pub. L. 101-640, § 405(1), substituted “15” for “ten” in two places.

Subsec. (e)(3). Pub. L. 101-640, § 405(2), substituted “13” for “eight”.

Subsec. (e)(4). Pub. L. 101-640, § 405(3), substituted “14” for “nine”.

Subsec. (e)(5). Pub. L. 101-640, § 405(4), substituted “12” for “seven”.

Subsec. (f)(2)(A). Pub. L. 101-640, § 405(5), substituted “15” for “ten”.

Statutory Notes and Related Subsidiaries

UPPER MISSISSIPPI RIVER AND ILLINOIS WATER-WAY SYSTEM

Pub. L. 110-114, title VIII, Nov. 8, 2007, 121 Stat. 1283, provided that:

“SEC. 8001. DEFINITIONS.

“In this title, the following definitions apply:

“(1) PLAN.—The term ‘Plan’ means the project for navigation and ecosystem improvements for the Upper Mississippi River and Illinois Waterway System: Report of the Chief of Engineers, dated December 15, 2004.

“(2) UPPER MISSISSIPPI RIVER AND ILLINOIS WATER-WAY SYSTEM.—The term ‘Upper Mississippi River and Illinois Waterway System’ means the projects for navigation and ecosystem restoration authorized by Congress for—

“(A) the segment of the Mississippi River from the confluence with the Ohio River, River Mile 0.0, to Upper St. Anthony Falls Lock in Minneapolis-St. Paul, Minnesota, River Mile 854.0; and

“(B) the Illinois Waterway from its confluence with the Mississippi River at Grafton, Illinois, River Mile 0.0, to T.J. O’Brien Lock in Chicago, Illinois, River Mile 327.0.

“SEC. 8002. NAVIGATION IMPROVEMENTS AND RESTORATION.

“Except as modified by this title, the Secretary [of the Army] shall undertake navigation improvements and restoration of the ecosystem for the Upper Mississippi River and Illinois Waterway System substantially in accordance with the Plan and subject to the conditions described therein.

“SEC. 8003. AUTHORIZATION OF CONSTRUCTION OF NAVIGATION IMPROVEMENTS.

“(a) SMALL SCALE AND NONSTRUCTURAL MEASURES.—

“(1) IN GENERAL.—The Secretary [of the Army] shall—

“(A) construct mooring facilities at Locks 12, 14, 18, 20, 22, 24, and LaGrange Lock or other alternative locations that are economically and environmentally feasible;

“(B) provide switchboats at Locks 20 through 25; and

“(C) conduct development and testing of an appointment scheduling system.

“(2) AUTHORIZATION OF APPROPRIATIONS.—The total cost of projects authorized under this subsection shall be \$256,000,000. Such costs are to be paid half from amounts appropriated from the general fund of the Treasury and half from amounts appropriated from the Inland Waterways Trust Fund. Such sums shall remain available until expended.

“(b) NEW LOCKS.—

“(1) IN GENERAL.—The Secretary [of the Army] shall construct new 1,200-foot locks at Locks 20, 21, 22, 24, and 25 on the Upper Mississippi River and at LaGrange Lock and Peoria Lock on the Illinois Waterway.

“(2) AUTHORIZATION OF APPROPRIATIONS.—The total cost of projects authorized under this subsection shall be \$1,948,000,000. Such costs are to be paid half from amounts appropriated from the general fund of the Treasury and half from amounts appropriated from the Inland Waterways Trust Fund. Such sums shall remain available until expended.

“(c) CONCURRENCE.—The mitigation required for the projects authorized under subsections (a) and (b), including any acquisition of lands or interests in lands, shall be undertaken or acquired concurrently with lands and interests in lands for the projects authorized under subsections (a) and (b), and physical construction required for the purposes of mitigation shall be undertaken concurrently with the physical construction of such projects.

“SEC. 8004. ECOSYSTEM RESTORATION AUTHORIZATION.

“(a) OPERATION.—To ensure the environmental sustainability of the existing Upper Mississippi River and Illinois Waterway System, the Secretary [of the Army] shall modify, consistent with requirements to avoid adverse effects on navigation, the operation of the Upper Mississippi River and Illinois Waterway System to address the cumulative environmental impacts of operation of the system and improve the ecological integrity of the Upper Mississippi River and Illinois River.

“(b) ECOSYSTEM RESTORATION PROJECTS.—

“(1) IN GENERAL.—The Secretary [of the Army] shall carry out, consistent with requirements to avoid adverse effects on navigation, ecosystem restoration projects to attain and maintain the sustainability of the ecosystem of the Upper Mississippi River and Illinois River in accordance with the general framework outlined in the Plan.

“(2) PROJECTS INCLUDED.—Ecosystem restoration projects may include—

“(A) island building;

“(B) construction of fish passages;

“(C) floodplain restoration;

“(D) water level management (including water drawdown);

“(E) backwater restoration;

“(F) side channel restoration;

“(G) wing dam and dike restoration and modification;

“(H) island and shoreline protection;

“(I) topographical diversity;

“(J) dam point control;

“(K) use of dredged material for environmental purposes;

“(L) tributary confluence restoration;

“(M) spillway, dam, and levee modification to benefit the environment; and

“(N) land and easement acquisition.

“(3) COST SHARING.—

“(A) IN GENERAL.—Except as provided in subparagraphs (B) and (C), the Federal share of the cost of carrying out an ecosystem restoration project under this subsection shall be 65 percent.

“(B) EXCEPTION FOR CERTAIN RESTORATION PROJECTS.—In the case of a project under this section for ecosystem restoration, the Federal share of the cost of carrying out the project shall be 100 percent if the project—

“(i) is located below the ordinary high water mark or in a connected backwater;

“(ii) modifies the operation of structures for navigation; or

“(iii) is located on federally owned land.

“(C) SAVINGS CLAUSE.—Nothing in this subsection affects the applicability of section 906(e) of the Water Resources Development Act of 1986 (33 U.S.C. 2283(e)).

“(D) NONGOVERNMENTAL ORGANIZATIONS.—In accordance with section 221 of the Flood Control Act of 1970 (42 U.S.C. 1962d-5b), for any project carried out under this title, a non-Federal sponsor may include a nonprofit entity, with the consent of the affected local government.

“(4) LAND ACQUISITION.—The Secretary [of the Army] may acquire land or an interest in land for an ecosystem restoration project from a willing seller through conveyance of—

“(A) fee title to the land; or

“(B) a flood plain conservation easement.

“(c) MONITORING.—The Secretary [of the Army] shall carry out a long term resource monitoring, computerized data inventory and analysis, and applied research program for the Upper Mississippi River and Illinois River to determine trends in ecosystem health, to understand systemic changes, and to help identify restoration needs. The program shall consider and adopt the monitoring program established under section 1103(e)(1)(A)(ii) of the Water Resources Development Act of 1986 (33 U.S.C. 652(e)(1)(A)(ii)).

“(d) ECOSYSTEM RESTORATION PRECONSTRUCTION ENGINEERING AND DESIGN.—

“(1) RESTORATION DESIGN.—Before initiating the construction of any individual ecosystem restoration project, the Secretary [of the Army] shall—

“(A) establish ecosystem restoration goals and identify specific performance measures designed to demonstrate ecosystem restoration;

“(B) establish the without-project condition or baseline for each performance indicator; and

“(C) for each separable element of the ecosystem restoration, identify specific target goals for each performance indicator.

“(2) OUTCOMES.—Performance measures identified under paragraph (1)(A) shall include specific measurable environmental outcomes, such as changes in water quality, hydrology, or the well-being of indicator species the population and distribution of which are representative of the abundance and diversity of ecosystem-dependent aquatic and terrestrial species.

“(3) RESTORATION DESIGN.—Restoration design carried out as part of ecosystem restoration shall include a monitoring plan for the performance measures identified under paragraph (1)(A), including—

“(A) a timeline to achieve the identified target goals; and

“(B) a timeline for the demonstration of project completion.

“(e) CONSULTATION AND FUNDING AGREEMENTS.—

“(1) IN GENERAL.—In carrying out the environmental sustainability, ecosystem restoration, and monitoring activities authorized in this section, the Secretary [of the Army] shall consult with the Secretary of the Interior and the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin.

“(2) FUNDING AGREEMENTS.—The Secretary is authorized to enter into agreements with the Secretary of the Interior, the Upper Mississippi River Basin Association, and natural resource and conservation

agencies of the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin to provide for the direct participation of and transfer of funds to such entities for the planning, implementation, and evaluation of projects and programs established by this section.

“(f) SPECIFIC PROJECTS AUTHORIZATION.—

“(1) IN GENERAL.—There is authorized to be appropriated to carry out this subsection \$1,717,000,000, of which not more than \$245,000,000 shall be available for projects described in subsection (b)(2)(B) and not more than \$48,000,000 shall be available for projects described in subsection (b)(2)(J). Such sums shall remain available until expended.

“(2) LIMITATION ON AVAILABLE FUNDS.—Of the amounts made available under paragraph (1), not more than \$35,000,000 in any fiscal year may be used for land acquisition under subsection (b)(4).

“(3) INDIVIDUAL PROJECT LIMIT.—Other than for projects described in subparagraphs (B) and (J) of subsection (b)(2), the total cost of any single project carried out under this subsection shall not exceed \$25,000,000.

“(4) MONITORING.—In addition to amounts authorized under paragraph (1), there are authorized \$10,420,000 per fiscal year to carry out the monitoring program under subsection (c) if such sums are not appropriated pursuant to section 1103(e)(4) the Water Resources Development Act of 1986 (33 U.S.C. 652(e)(4)).

“(g) IMPLEMENTATION REPORTS.—

“(1) IN GENERAL.—Not later than June 30, 2009, and every 4 years thereafter, the Secretary [of the Army] shall submit to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives an implementation report that—

“(A) includes baselines, milestones, goals, and priorities for ecosystem restoration projects; and

“(B) measures the progress in meeting the goals.

“(2) ADVISORY PANEL.—

“(A) IN GENERAL.—The Secretary shall appoint and convene an advisory panel to provide independent guidance in the development of each implementation report under paragraph (1).

“(B) PANEL MEMBERS.—Panel members shall include—

“(i) one representative of each of the State resource agencies (or a designee of the Governor of the State) from each of the States of Illinois, Iowa, Minnesota, Missouri, and Wisconsin;

“(ii) one representative of the Department of Agriculture;

“(iii) one representative of the Department of Transportation;

“(iv) one representative of the United States Geological Survey;

“(v) one representative of the United States Fish and Wildlife Service;

“(vi) one representative of the Environmental Protection Agency;

“(vii) one representative of affected landowners;

“(viii) two representatives of conservation and environmental advocacy groups; and

“(ix) two representatives of agriculture and industry advocacy groups.

“(C) CHAIRPERSON.—The Secretary shall serve as chairperson of the advisory panel.

“(D) APPLICATION OF FEDERAL ADVISORY COMMITTEE ACT.—The Advisory Panel and any working group established by the Advisory Panel shall not be considered an advisory committee under the Federal Advisory Committee Act (5 U.S.C. App.).

“(h) RANKING SYSTEM.—

“(1) IN GENERAL.—The Secretary [of the Army], in consultation with the Advisory Panel, shall develop a system to rank proposed projects.

“(2) PRIORITY.—The ranking system shall give greater weight to projects that restore natural river processes, including those projects listed in subsection (b)(2).

“SEC. 8005. COMPARABLE PROGRESS.

“(a) IN GENERAL.—As the Secretary [of the Army] conducts pre-engineering, design, and construction for projects authorized under this title, the Secretary shall—

“(1) select appropriate milestones;

“(2) determine, at the time of such selection, whether the projects are being carried out at comparable rates; and

“(3) make an annual report to Congress, beginning in fiscal year 2009, regarding whether the projects are being carried out at a comparable rate.

“(b) NO COMPARABLE RATE.—If the Secretary [of the Army] or Congress determines under subsection (a)(2) that projects authorized under this title are not moving toward completion at a comparable rate, annual funding requests for the projects shall be adjusted to ensure that the projects move toward completion at a comparable rate in the future.”

UPPER MISSISSIPPI RIVER BASIN SEDIMENT AND NUTRIENT STUDY

Pub. L. 106-541, title IV, § 403, Dec. 11, 2000, 114 Stat. 2634, provided that:

“(a) IN GENERAL.—In conjunction with the Secretary of Agriculture and the Secretary of the Interior, the Secretary [of the Army] shall conduct a study to—

“(1) identify and evaluate significant sources of sediment and nutrients in the upper Mississippi River basin;

“(2) quantify the processes affecting mobilization, transport, and fate of those sediments and nutrients on land and in water; and

“(3) quantify the transport of those sediments and nutrients to the upper Mississippi River and the tributaries of the upper Mississippi River.

“(b) STUDY COMPONENTS.—

“(1) COMPUTER MODELING.—In carrying out the study under this section, the Secretary shall develop computer models of the upper Mississippi River basin, at the subwatershed and basin scales, to—

“(A) identify and quantify sources of sediment and nutrients; and

“(B) examine the effectiveness of alternative management measures.

“(2) RESEARCH.—In carrying out the study under this section, the Secretary shall conduct research to improve the understanding of—

“(A) fate processes and processes affecting sediment and nutrient transport, with emphasis on nitrogen and phosphorus cycling and dynamics;

“(B) the influences on sediment and nutrient losses of soil type, slope, climate, vegetation cover, and modifications to the stream drainage network; and

“(C) river hydrodynamics, in relation to sediment and nutrient transformations, retention, and transport.

“(c) USE OF INFORMATION.—On request of a Federal agency, the Secretary may provide information for use in applying sediment and nutrient reduction programs associated with land-use improvements and land management practices.

“(d) REPORTS.—

“(1) PRELIMINARY REPORT.—Not later than 2 years after the date of enactment of this Act [Dec. 11, 2000], the Secretary shall transmit to Congress a preliminary report that outlines work being conducted on the study components described in subsection (b).

“(2) FINAL REPORT.—Not later than 5 years after the date of enactment of this Act, the Secretary shall transmit to Congress a report describing the results of the study under this section, including any findings and recommendations of the study.

“(e) FUNDING.—

“(1) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section \$4,000,000 for each of fiscal years 2001 through 2005.

“(2) FEDERAL SHARE.—The Federal share of the cost of carrying out this section shall be 50 percent.”

UPPER MISSISSIPPI RIVER COMPREHENSIVE PLAN

Pub. L. 106-53, title IV, § 459, Aug. 17, 1999, 113 Stat. 332, as amended by Pub. L. 106-541, title IV, § 404, Dec. 11, 2000, 114 Stat. 2635, provided that:

“(a) DEVELOPMENT.—The Secretary [of the Army] shall develop a plan to address water resource and related land resource problems and opportunities in the upper Mississippi and Illinois River basins, from Cairo, Illinois, to the headwaters of the Mississippi River, in the interest of systemic flood damage reduction by means of—

“(1) structural and nonstructural flood control and floodplain management strategies;

“(2) continued maintenance of the navigation project;

“(3) management of bank caving and erosion;

“(4) watershed nutrient and sediment management;

“(5) habitat management;

“(6) recreation needs; and

“(7) other related purposes.

“(b) CONTENTS.—The plan under subsection (a) shall—

“(1) contain recommendations on management plans and actions to be carried out by the responsible Federal and non-Federal entities;

“(2) specifically address recommendations to authorize construction of a systemic flood control project for the upper Mississippi River; and

“(3) include recommendations for Federal action where appropriate and recommendations for follow-on studies for problem areas for which data or current technology does not allow immediate solutions.

“(c) CONSULTATION AND USE OF EXISTING DATA.—In carrying out this section, the Secretary shall—

“(1) consult with appropriate Federal and State agencies; and

“(2) make maximum use of data in existence on the date of enactment of this Act [Aug. 17, 1999] and ongoing programs and efforts of Federal agencies and States in developing the plan under subsection (a).

“(d) COST SHARING.—

“(1) DEVELOPMENT.—Development of the plan under subsection (a) shall be at Federal expense.

“(2) FEASIBILITY STUDIES.—Feasibility studies resulting from development of the plan shall be subject to cost sharing under section 105 of the Water Resources Development Act of 1986 (33 U.S.C. 2215).

“(e) REPORT.—Not later than 3 years after the first date on which funds are appropriated to carry out this section, the Secretary shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Senate a report that includes the plan under subsection (a).”

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2201 of this title.

§ 653. Extension of jurisdiction of Mississippi River Commission

The jurisdiction of the Mississippi River Commission (established by the Act of June 29, 1879¹ (33 U.S.C. 641)) is extended to include—

(1) Terrebonne Parish, Louisiana; and

(2) the area bounded by the East Atchafalaya Basin Protection Levee, the Mississippi River Levee, and Bayou Lafourche and extending from Morganza, Louisiana, to the Gulf of Mexico, insofar as such area is affected by the flood waters of the Mississippi River.

(Pub. L. 102-580, title III, § 301, Oct. 31, 1992, 106 Stat. 4838.)

CHAPTER 14—CALIFORNIA DEBRIS COMMISSION

Sec.	
661.	Creation of commission; appointment of members; vacancies; powers generally.
662.	Organization; compensation of members; rules and regulations of procedure; traveling expenses.
663.	Territorial jurisdiction over hydraulic mining; hydraulic mining injurious to navigation prohibited.
664.	General duties as to plans for protection of navigation.
665.	Survey for debris reservoirs; study of methods of mines and mining.
666.	Noting conditions of navigable channels.
667.	Annual reports.
668.	“Hydraulic mining” and “mining by hydraulic process” defined.
669.	Petition by hydraulic miners.
670.	Surrender to United States of right to regulate debris of mine.
671.	Petition for common dumping ground, etc.
672.	Notice of petition for dumping grounds, etc.; hearing.
673.	Order by commission directing method of mining, etc.; expenses of complying with order; exemption from mining taxes.
674.	Plans for and supervision of work required by order; permit to commence mining.
675.	Conditions precedent for commencement of mining operations.
676.	Allotment of expenses for common dumping grounds; location of impounding works.
677.	Limitation as to quantity of debris washed away.
678.	Modification and revocation of permit to mine.
679.	Violation of permit to mine; penalty.
680.	Examination of mines; reports.
681.	Repealed.
682.	Malicious injury to works; injury to navigable waters by hydraulic mining; penalty.
683.	Tax on operation of hydraulic mines; “debris fund”; advances by mine owners; storage for water and use of outlet facilities.

Sec.	
684.	Cooperation by commission with State authorities.
685.	Construction by commission of restraining works, etc.; use of debris fund.
686.	Construction of restraining works in conjunction with State.
687.	Use of State dredge and appliances in river and harbor improvements.

§ 661. Creation of commission; appointment of members; vacancies; powers generally

A commission is created, to be known as the California Debris Commission, consisting of three members. The President of the United States shall, by and with the advice and consent of the Senate, appoint the commission from officers of the Corps of Engineers, United States Army. Vacancies occurring therein shall be filled in like manner. It shall have the authority, and exercise the powers set forth in sections 662 to 685 of this title, under the supervision of the Chief of Engineers and direction of the Secretary of the Army.

(Mar. 1, 1893, ch. 183, §1, 27 Stat. 507; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

ABOLITION OF CALIFORNIA DEBRIS COMMISSION

Pub. L. 99-662, title XI, §1106, Nov. 17, 1986, 100 Stat. 4229, provided that:

“(a) The California Debris Commission established by the first section of the Act of March 1, 1893 (33 U.S.C. 661) is hereby abolished.

“(b) All authorities, powers, functions, and duties of the California Debris Commission are hereby transferred to the Secretary [meaning Secretary of the Army, see 33 U.S.C. 2201].

“(c) The assets, liabilities, contracts, property, records, and the unexpended balance of appropriations, authorizations, allocations, and other funds employed, held, used arising from, available to, or to be made available in connection with the authorities, powers, functions, and duties transferred by this section, subject to section 202 of the Budget and Accounting Procedure Act of 1950 [see 31 U.S.C. 1531], are hereby transferred to the Secretary for appropriate allocation. Unexpended funds transferred pursuant to this subsection shall be used only for the purposes for which the funds were originally authorized and appropriated.

“(d) All acquired lands, and other interests therein presently under the jurisdiction of the California Debris Commission are hereby authorized to be retained, and shall be administered under the direction of the Secretary, who is hereby authorized to take such actions as are necessary to consolidate and perfect title; to exchange for other lands or interests therein which may be required for recreation or for existing or proposed projects of the United States; to transfer to other Federal agencies or dispose of as surplus property; and to release to the coextensive fee owners any easements no longer required by the United States, under such conditions or for such consideration as the Secretary shall determine to be fair and reasonable. Except as

specifically provided herein all transactions will be in accordance with existing laws and procedures.”

§ 662. Organization; compensation of members; rules and regulations of procedure; traveling expenses

Said commission shall organize by the selection of such officers as may be required in the performance of its duties the same to be selected from the members thereof. The members of said commission shall receive no greater compensation than is now allowed by law to each, respectively, as an officer of said Corps of Engineers. It shall also adopt rules and regulations, not inconsistent with law, to govern its deliberations and prescribe the method of procedure under the provisions of this chapter. While traveling on duty the officers of the commission shall receive the mileage allowed by law.

(Mar. 1, 1893, ch. 183, § 2, 27 Stat. 507; June 6, 1900, ch. 791, § 1, 31 Stat. 631.)

Editorial Notes

CODIFICATION

The last sentence of this section is from a provision accompanying an appropriation for the expenses of the Commission in the Sundry Civil Appropriation Act for 1901, which originally read as follows: “So much of the Act of March third, eighteen hundred and ninety-nine, as provides that the members of the California Debris Commission shall receive only actual expenses in lieu of mileage while traveling on duty is hereby repealed, and hereafter the officers of the commission shall receive the mileage allowed by law.”

Act Mar. 3, 1899, ch. 424, § 1, 30 Stat. 1109, mentioned in said provision, provided that the officers of the Commission traveling on duty might be paid their actual traveling expenses, in lieu of mileage allowed by law, and should thereafter receive no mileage.

TRANSFER OF FUNCTIONS

California Debris Commission abolished and functions transferred to Secretary of the Army by Pub. L. 99-662, title XI, § 1106, Nov. 17, 1986, 100 Stat. 4229, set out as a note under section 661 of this title.

§ 663. Territorial jurisdiction over hydraulic mining; hydraulic mining injurious to navigation prohibited

The jurisdiction of said commission, in so far as the same affects mining carried on by the hydraulic process, shall extend to all such mining in the territory drained by the Sacramento and San Joaquin River systems in the State of California. Hydraulic mining, as defined in section 668 of this title, directly or indirectly injuring the navigability of said river systems, carried on in said territory other than as permitted under the provisions of this chapter is prohibited and declared unlawful.

§ 664. General duties as to plans for protection of navigation

It shall be the duty of said commission to mature and adopt such plan or plans, from examinations and surveys made prior to March 1, 1893, and from such additional examinations and surveys as it may deem necessary, as will improve the navigability of all the rivers comprising said systems, deepen their channels, and protect their banks. Such plan or plans shall be matured with a view of making the same effective as against the encroachment of and damage from debris resulting from mining operations, natural erosion, or other causes, with a view of restoring, as near as practicable and the necessities of commerce and navigation demand, the navigability of said rivers to the condition existing in 1860, and permitting mining by the hydraulic process, as the term is understood in said State, to be carried on, provided the same can be accomplished, without injury to the navigability of said rivers or the lands adjacent thereto.

§ 666. Noting conditions of navigable channels

The said commission shall from time to time note the conditions of the navigable channels of said river systems, by cross-section surveys or otherwise, in order to ascertain the effect therein of such hydraulic mining operations as may be permitted by its orders and such as is caused by erosion, natural or otherwise.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

TRANSFER OF FUNCTIONS

California Debris Commission abolished and functions transferred to Secretary of the Army by Pub. L. 99-662, title XI, §1106, Nov. 17, 1986, 100 Stat. 4229, set out as a note under section 661 of this title.

§ 668. "Hydraulic mining" and "mining by hydraulic process" defined

For the purposes of this chapter "hydraulic mining" and "mining by the hydraulic process" are declared to have the meaning and application given to said terms in the State of California.

(Mar. 1, 1893, ch. 183, § 8, 27 Stat. 508.)

§ 669. Petition by hydraulic miners

The individual proprietor or proprietors, or in case of a corporation, its manager or agent appointed for that purpose, owning mining ground in the territory in the State of California mentioned in section 663 of this title, which it is desired to work by the hydraulic process, must file with said commission a verified petition, setting forth such facts as will comply with law and the rules prescribed by said commission.

§ 670. Surrender to United States of right to regulate debris of mine

Said petition shall be accompanied by an instrument duly executed and acknowledged, as required by the law of the said State, whereby the owner or owners of such mine or mines surrender to the United States the right and privilege to regulate by law, as provided in this chapter, or any law that may be enacted after March 1, 1893, or by such rules and regulations as may be prescribed by virtue thereof, the manner and method in which the debris resulting from the working of said mine or mines shall be restrained, and what amount shall be produced therefrom; it being understood that the surrender aforesaid shall not be construed as in any way affecting the right of such owner or owners to operate said mine or mines by any other process or method in use in said State on March 1, 1893: *Provided*, That they shall not interfere with the navigability of the aforesaid rivers.

(Mar. 1, 1893, ch. 183, § 10, 27 Stat. 508.)

§ 671. Petition for common dumping ground, etc.

The owners of several mining claims situated so as to require a common dumping ground or dam or other restraining works for the debris issuing therefrom in one or more sites may file a joint petition setting forth such facts in addition to the requirements of section 669 of this title; and where the owner of a hydraulic mine or owners of several such mines have and use common dumping sites for impounding debris or as settling reservoirs, which sites are located below the mine of an applicant not entitled to use same, such fact shall also be stated in said petition. Thereupon the same proceedings shall be had as provided for herein.

REFERENCES IN TEXT

Herein, referred to in text, means act Mar. 1, 1893, which comprises this chapter.

§ 672. Notice of petition for dumping grounds, etc.; hearing

A notice specifying briefly the contents of said petition and fixing a time previous to which all proofs are to be submitted shall be published by said commission in some newspaper or newspapers of general circulation in the communities interested in the matter set forth therein. If published in a daily paper such publication shall continue for at least ten days; if in a weekly paper in at least three issues of the same. Pending publication thereof said commission, or a committee thereof, shall examine the mine and premises described in such petition. On or before

the time so fixed all parties interested, either as petitioners or contestants, whether miners or agriculturists, may file affidavits, plans, and maps in support of their respective claims. Further hearings, upon notice to all parties of record, may be granted by the commission when necessary.

§ 676. Allotment of expenses for common dumping grounds; location of impounding works

In case the joint petition referred to in section 671 of this title is granted, the commission shall fix the respective amounts to be paid by each owner of such mines toward providing and building necessary impounding dams or other restraining works. In the event of a petition being filed after the entry of such order, or in case the impounding dam or dams or other restraining works have already been constructed and ac-

cepted by said commission, the commission shall fix such amount as may be reasonable for the privilege of dumping therein, which amount shall be divided between the original owners of such impounding dams or other restraining works in proportion to the amount respectively paid by each party owning same. The expense of maintaining and protecting such joint dam or works shall be divided among mine owners using the same in such proportion as the commission shall determine. In all cases where it is practicable, restraining and impounding works are to be provided, constructed, and maintained by mine owners near or below the mine or mines before reaching the main tributaries of said navigable waters.

§ 677. Limitation as to quantity of debris washed away

At no time shall any more debris be permitted to be washed away from any hydraulic mine or mines situated on the tributaries of said rivers and the respective branches of each, worked under the provisions of this chapter, than can be impounded within the restraining works erected.

(Mar. 1, 1893, ch. 183, § 17, 27 Stat. 509.)

§ 678. Modification and revocation of permit to mine

The said commission may, at any time when the condition of the navigable rivers or when the capacities of all impounding and settling facilities erected by mine owners or such as may be provided by Government authority require same, modify the order granting the privilege to mine by the hydraulic mining process so as to reduce the amount thereof to meet the capacities of the facilities then in use; or, if actually required in order to protect the navigable rivers from damage or in case of failure to pay the tax prescribed by section 683 of this title within thirty days after same becomes due, may revoke same until the further notice of the commission.

§ 682. Malicious injury to works; injury to navigable waters by hydraulic mining; penalty

Any person or persons who willfully or maliciously injure, damage, or destroy, or attempt

to injure, damage, or destroy, any dam or other work erected under the provisions of this chapter for restraining, impounding, or settling purposes, or for use in connection therewith, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not to exceed the sum of \$5,000 or be imprisoned not to exceed five years, or by both such fine and imprisonment, in the discretion of the court. And any person or persons, company or corporation, their agents or employees, who shall mine by the hydraulic process directly or indirectly injuring the navigable waters of the United States, in violation of the provisions of this chapter shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding \$5,000, or by imprisonment not exceeding one year, or by both such fine and imprisonment, in the discretion of the court.

(Mar. 1, 1893, ch. 183, §22, 27 Stat. 510.)

§ 683. Tax on operation of hydraulic mines; “debris fund”; advances by mine owners; storage for water and use of outlet facilities

Upon the construction by the said commission of dams or other works for the detention of debris from hydraulic mines and the issuing of the order provided for by this chapter to any individual, company, or corporation to work any mine or mines by hydraulic process, the individual, company, or corporation operating thereunder working any mine or mines by hydraulic process, the debris from which flows into or is in whole or in part restrained by such dams or other works erected by said commission, shall pay for each cubic yard mined from the natural bank a tax equal to the total capital cost of the dam, reservoir, and rights-of-way divided by the total capacity of the reservoir for the restraint of debris, as determined in each case by the California Debris Commission, which tax shall be paid annually on a date fixed by said commission and in accordance with regulations to be adopted by the Secretary of the Treasury, and the Treasurer of the United States is authorized to receive the same. All sums of money paid into the Treasury under this section shall be set apart and credited to a fund to be known as the “debris fund”, and shall be expended by said commission under the supervision of the Chief of Engineers and direction of the Secretary of the Army, for repayment of any funds advanced by the Federal Government or other agency for the construction of restraining works and settling reservoirs, and for maintenance: *Provided*, That said commission is authorized to receive and pay into the Treasury from the owner or owners of mines worked by the hydraulic process, to whom permission may have been granted so to work under the provisions thereof, such money advances as may be offered to aid in the construction of such impounding dams, or other restraining works, or settling reservoirs, or sites thereof, as may be deemed necessary by said commission to protect the navigable channels of said river systems, on condition that all moneys so advanced shall be refunded as the said tax is paid into the said debris fund: *And provided further*, That in no event shall the Government of the United States be

held liable to refund same except as directed by this section. The Secretary of the Army is authorized to enter into contracts to supply storage for water and use of outlet facilities from debris storage reservoirs, for domestic and irrigation purposes and power development upon such conditions of delivery, use, and payment as he may approve: *Provided*, That the moneys received from such contracts shall be deposited to the credit of the reservoir project from which the water is supplied, and the total capital cost of said reservoir, which is to be repaid by tax on mining operations as provided in this section, shall be reduced in the amount so received.

TRANSFER OF FUNCTIONS

California Debris Commission abolished and functions transferred to Secretary of the Army by Pub. L. 99-662, title XI, §1106, Nov. 17, 1986, 100 Stat. 4229, set out as a note under section 661 of this title.

§ 686. Construction of restraining works in conjunction with State

The Secretary of the Army, in expending appropriations in the preparation for and con-

struction of works for the restraining or impounding of mining debris in the State of California, is authorized to enter into an agreement that the contractor shall look solely to the State of California for one-half of such expense, to be paid out of said State's appropriation, and the United States shall in nowise be liable for said one-half.

The Secretary of the Army, in carrying out the provisions of any Act of Congress, providing for the restraining or impounding of mining debris in California, may, in his discretion, when in his judgment the aggregate of appropriations already made by said State and Congress and available therefor are sufficient to complete the same, undertake the works necessary thereto by hired labor and by purchase of supplies and materials therefor, and may accept payments on account thereof as the work progresses under and according to the provisions of the acts of the legislature of said State for such purposes.

(July 1, 1898, ch. 546, §1, 30 Stat. 631; Mar. 3, 1899, ch. 425, §1, 30 Stat. 1148; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

CODIFICATION

Section was enacted as part of act Mar. 3, 1899, popularly known as the "Rivers and Harbors Appropriation Act of 1899", and not as part of act Mar. 1, 1893, ch. 183, 27 Stat. 507, which comprises this chapter.

As originally enacted the first paragraph read as follows: "The provisions of an Act of Congress, entitled 'An Act making appropriations for sundry civil expenses of the Government for the fiscal year ending June thirtieth, eighteen hundred and ninety-nine, and for other purposes,' approved July first, eighteen hundred and ninety-eight, authorizing the Secretary of War, in expending certain specified appropriations in the preparation for and construction of certain works for the restraining or impounding of mining debris in the State of California, to enter into a contract or contracts wherein the contractor or contractors shall look solely to that State for one-half of such expense, and that the United States shall in no wise be liable for said one-half, are hereby extended to any appropriations, when made, that may hereafter be made for said purposes."

Act July 1, 1898 authorized Secretary of War, in contracting for construction of certain proposed works, to enter into an agreement that contractor should look solely to California for half of expenses.

§ 701. Flood control generally

[LAWS APPLICABLE TO WORKS OF IMPROVEMENT RELATING TO FLOOD CONTROL.] All the provisions of existing law relating to examinations and surveys and to works of improvement of rivers and harbors shall apply, so far as applicable to examinations and surveys and to works of improvement relating to flood control. And all expenditures of funds appropriated for works and projects relating to flood control shall be made in accordance with and subject to the law governing the disbursement and expenditure of funds appropriated for the improvement of rivers and harbors.

[EXAMINATIONS AND SURVEYS; DETAILS FROM GOVERNMENT DEPARTMENTS; REPORTS.] All examinations and surveys of projects relating to flood control shall include a comprehensive study of the watershed or watersheds, and the report thereon in addition to any other matter upon which a report is required shall give such data as it may be practicable to secure in regard to (a) the extent and character of the area to be affected by the proposed improvement; (b) the probable effect upon any navigable water or waterway; (c) the possible economical development and utilization of water power; and (d) such other uses as may be properly related to or coordinated with the project. And the heads of the several departments of the Government may, in their discretion, and shall upon the request of the Secretary of the Army, detail representatives from their respective departments to assist the Engineers of the Army in the study and examination of such watersheds, to the end that duplication of work may be avoided and the various services of the Government economically coordinated therein: *Provided*, That all reports on preliminary examinations hereafter authorized, together with the report of the Board of Engineers for Rivers and Harbors thereon and the separate report of the representative of any other department, shall be submitted to the Secretary of the Army by the Chief of Engineers, with his recommendations, and shall be transmitted by the Secretary of the Army to the House of Representatives, and are ordered to be printed when so made.

[REPORTS BY BOARD OF ENGINEERS FOR RIVERS AND HARBORS.] In the consideration of all works and projects relating to flood control which may be submitted to the Board of Engineers for Rivers and Harbors for consideration and recommendation, said board shall, in addition to any other matters upon which it may be required to report, state its opinion as to (a) what Federal interest, if any, is involved in the proposed improvement; (b) what share of the expense, if any, should be borne by the United States; and (c) the advisability of adopting the project.

FLOODPLAIN MANAGEMENT

For provisions relating to the reduction of the risk of flood loss, the minimization of the impact of floods on human safety, health, and welfare, and the management of floodplains, see Ex. Ord. No. 11988, May 24, 1977, 42 F.R. 26951, set out as a note under section 4321 of Title 42, The Public Health and Welfare.

EXECUTIVE ORDER No. 11296

Ex. Ord. No. 11296, Aug. 10, 1966, 31 F.R. 10663, as amended by Pub. L. 90-608, ch. IV, §402, Oct. 21, 1968, 82 Stat. 1194, which related to the evaluation of flood hazard in locating federally owned or financed buildings, roads, and other facilities, and in disposing of federal lands and properties, was revoked by Ex. Ord. No. 11988, May 24, 1977, 42 F.R. 26951, set out as a note under section 4321 of Title 42, The Public Health and Welfare.

§ 701-1. Declaration of policy of 1944 act

In connection with the exercise of jurisdiction over the rivers of the Nation through the construction of works of improvement, for navigation or flood control, as herein authorized, it is declared to be the policy of the Congress to recognize the interests and rights of the States in determining the development of the watersheds within their borders and likewise their interests and rights in water utilization and control, as herein authorized to preserve and protect to the fullest possible extent established and potential uses, for all purposes, of the waters of the Nation's rivers; to facilitate the consideration of projects on a basis of comprehensive and coordinated development; and to limit the authorization and construction of navigation works to those in which a substantial benefit to navigation will be realized therefrom and which can be operated consistently with appropriate and economic use of the waters of such rivers by other users.

In conformity with this policy:

(a) Plans, proposals, or reports of the Chief of Engineers, Department of the Army, for any works of improvement for navigation or flood control not heretofore or herein authorized, shall be submitted to the Congress only upon compliance with the provisions of this paragraph (a). Investigations which form the basis of any such plans, proposals, or reports shall be conducted in such a manner as to give to the affected State or States, during the course of the investigations, information developed by the investigations and also opportunity for consultation regarding plans and proposals, and, to the extent deemed practicable by the Chief of Engi-

neers, opportunity to cooperate in the investigations. If such investigations in whole or part are concerned with the use or control of waters arising west of the ninety-seventh meridian, the Chief of Engineers shall give to the Secretary of the Interior, during the course of the investigations, information developed by the investigations and also opportunity for consultation regarding plans and proposals, and to the extent deemed practicable by the Chief of Engineers, opportunity to cooperate in the investigations. The relations of the Chief of Engineers with any State under this paragraph (a) shall be with the Governor of the State or such official or agency of the State as the Governor may designate. The term "affected State or States" shall include those in which the works or any part thereof are proposed to be located; those which in whole or part are both within the drainage basin involved and situated in a State lying wholly or in part west of the ninety-eighth meridian; and such of those which are east of the ninety-eighth meridian as, in the judgment of the Chief of Engineers, will be substantially affected. Such plans, proposals, or reports and related investigations shall be made to the end, among other things, of facilitating the coordination of plans for the construction and operation of the proposed works with other plans involving the waters which would be used or controlled by such proposed works. Each report submitting any such plans or proposals to the Congress shall set out therein, among other things, the relationship between the plans for construction and operation of the proposed works and the plans, if any, submitted by the affected States and by the Secretary of the Interior. The Chief of Engineers shall transmit a copy of his proposed report to each affected State, and, in case the plans or proposals covered by the report are concerned with the use or control of waters which rise in whole or in part west of the ninety-seventh meridian, to the Secretary of the Interior. Within 30 days from the date of receipt of said proposed report, the written views and recommendations of each affected State and of the Secretary of the Interior may be submitted to the Chief of Engineers. The Secretary of the Army shall transmit to the Congress, with such comments and recommendations as he deems appropriate, the proposed report together with the submitted views and recommendations of affected States and of the Secretary of the Interior. The Secretary of the Army may prepare and make said transmittal any time following said 30-day period. The letter of transmittal and its attachments shall be printed as a House or Senate document and shall be made publicly available.

(b) The use for navigation, in connection with the operation and maintenance of such works herein authorized for construction, of waters arising in States lying wholly or partly west of the ninety-eighth meridian shall be only such use as does not conflict with any beneficial consumptive use, present or future, in States lying wholly or partly west of the ninety-eighth meridian, of such waters for domestic, municipal, stock water, irrigation, mining, or industrial purposes.

(c) The Secretary of the Interior, in making investigations of and reports on works for irri-

gation and purposes incidental thereto shall, in relation to an affected State or States (as defined in paragraph (a) of this section), and to the Secretary of the Army, be subject to the same provisions regarding investigations, plans, proposals, and reports as prescribed in paragraph (a) of this section for the Chief of Engineers and the Secretary of the Army. In the event a submission of views and recommendations, made by an affected State or by the Secretary of the Army pursuant to said provisions, sets forth objections to the plans or proposals covered by the report of the Secretary of the Interior, the proposed works shall not be deemed authorized except upon approval by an Act of Congress; and section 485h(a) of title 43 and section 590z-1(a) of title 16 are amended accordingly.

(Dec. 22, 1944, ch. 665, §1, 58 Stat. 887; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501; Pub. L. 104-303, title II, §223, Oct. 12, 1996, 110 Stat. 3697; Pub. L. 114-322, title I, §1136(a), Dec. 16, 2016, 130 Stat. 1656.)

July 16, 1954, ch. 532, §2, 68 Stat. 486, provided, with respect to the Glendon unit (dam and reservoir), Missouri River Basin Project, at the Glendon site on the North Platte River in Wyoming, for waiver of the provisions of subsec. (c) of this section. Section 1 of the Joint Resolution provided for the construction and operation of such unit by the Secretary of the Interior.

SECTION AS UNAFFECTED BY SUBMERGED LANDS ACT

Provisions of this section as not amended, modified or repealed by the Submerged Lands Act, see section 1303 of Title 43, Public Lands.

§ 701a. Declaration of policy of 1936 act

It is recognized that destructive floods upon the rivers of the United States, upsetting orderly processes and causing loss of life and property, including the erosion of lands, and impairing and obstructing navigation, highways, railroads, and other channels of commerce between the States, constitute a menace to national welfare; that it is the sense of Congress that flood control on navigable waters or their tributaries is a proper activity of the Federal Government in cooperation with States, their political subdivisions, and localities thereof; that investigations and improvements of rivers and other waterways, including watersheds thereof, for flood-control purposes are in the interest of the general welfare; that the Federal Government should improve or participate in the improvement of navigable waters or their tributaries, including watersheds thereof, for flood-control purposes if the benefits to whomsoever they may accrue are in excess of the estimated costs, and if the lives and social security of people are otherwise adversely affected.

(June 22, 1936, ch. 688, §1, 49 Stat. 1570.)

§ 701a-1. “Flood control” defined; jurisdiction of Federal investigations

The words “flood control” as used in section 701a of this title, shall be construed to include channel and major drainage improvements and flood prevention improvements for protection from groundwater-induced damages, and Federal investigations and improvements of rivers and other waterways for flood control and allied purposes shall be under the jurisdiction of and shall be prosecuted by the Department of the Army under the direction of the Secretary of the Army and supervision of the Chief of Engineers, and Federal investigations of watersheds and measures for run-off and water-flow retardation and soil-erosion prevention on watersheds shall be under the jurisdiction of and shall be prosecuted by the Department of Agriculture under the direction of the Secretary of Agriculture, except as otherwise provided by Act of Congress.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

SAVINGS PROVISION

Act Aug. 4, 1954, ch. 656, § 7, 68 Stat. 668, which amended this section by repealing provisions relating to the

Department of Agriculture, provided in part that: "(a) the authority of that Department of Agriculture, under the direction of the Secretary, to prosecute the works of improvement for runoff and waterflow retardation and soil erosion prevention authorized to be carried out by the Department by the act of December 22, 1944 (58 Stat. 887), as amended [section 701a-1 of this title], and (b) the authority of the Secretary of Agriculture to undertake emergency measures for runoff retardation and soil erosion prevention authorized to be carried out by section 7 of the act of June 28, 1938 (52 Stat. 1215), as amended by section 216 of the act of May 17, 1950 (64 Stat. 163) [section 701b-1 of this title], shall not be affected by the provisions of this section."

RISK-BASED ANALYSIS METHODOLOGY

Pub. L. 104-303, title II, § 202(h), Oct. 12, 1996, 110 Stat. 3676, required the Secretary to enter into an agreement with the National Academy of Sciences to conduct a study of the Corps of Engineers' use of risk-based analysis for the evaluation of hydrology, hydraulics, and economics in flood damage reduction studies and, not later than 18 months after Oct. 12, 1996, to submit to Congress a report on the results of the study as well as such recommendations as the Secretary considered appropriate.

§ 701b-1. Transfer of jurisdiction in certain cases to Department of Agriculture

In order to effectuate the policy declared in sections 701a and 701b of this title, and to correlate the program for the improvement of rivers and other waterways by the Department of the Army with the program for the improvement of watersheds by the Department of Agriculture, works of improvement for measures of run-off and water-flow retardation and soil-erosion prevention on the watersheds of waterways, for which works of improvement for the benefit of navigation and the control of destructive floodwaters and other provisions have been adopted and authorized to be prosecuted under the direction of the Secretary of the Army and supervision of the Chief of Engineers, are authorized to be prosecuted by the Department of Agriculture under the direction of the Secretary of Agriculture and in accordance with plans approved by him. The Secretary of Agriculture is authorized in his discretion to undertake such emergency measures for run-off retardation and soil-erosion prevention as may be needed to safeguard lives and property from floods and the products of erosion on any watershed whenever fire or any other natural element or force has caused a sudden impairment of that watershed: *Provided*, That not to exceed \$300,000 out of any funds heretofore or hereafter appropriated for the prosecution by the Secretary of Agriculture of works of improvement or measures for run-off and water-flow retardation and soil-erosion prevention on watersheds may be expended during any one fiscal year for such emergency measures. For prosecuting said work and measures there is authorized to be appropriated the sum of \$10,000,000 to be expended at the rate of \$2,000,000 per annum during the five-year period ending June 30, 1944: *Provided*, That such works and measures which are herein authorized to be prosecuted by the Department of Agriculture may be carried out on the watersheds of the Rio Grande and Pecos Rivers subject to the proviso in section 701b of this title.

(June 28, 1938, ch. 795, § 7, 52 Stat. 1225; Dec. 22, 1944, ch. 665, § 15, 58 Stat. 907; July 26, 1947, ch.

343, title II, § 205(a), 61 Stat. 501; May 17, 1950, ch. 188, title II, § 216, 64 Stat. 184.)

Editorial Notes

AMENDMENTS

1950—Act May 17, 1950, substituted “\$300,000” for “\$100,000”.

1944—Act Dec. 22, 1944, inserted provisions authorizing Secretary of Agriculture to undertake emergency work and limiting amount of annual expenditures for such work.

§ 701b-11. Flood protection projects

(a) General considerations; nonstructural alternatives

In the survey, planning, or design by any Federal agency of any project involving flood protection, consideration shall be given to nonstructural alternatives to prevent or reduce flood damages, with a view toward formulating the most economically, socially, and environmentally acceptable means of reducing or preventing flood damage, including—

- (1) floodproofing of structures, including through elevation;
- (2) floodplain regulation;
- (3) acquisition of floodplain land for recreational, fish and wildlife, and other public purposes;
- (4) relocation; and
- (5) the use of a feature described in section 2289a(a) of this title.

(b) Non-Federal participation through nonstructural alternatives; limitation

Where a nonstructural alternative is recommended, non-Federal participation shall be comparable to the value of lands, easements, and rights-of-way which would have been required of non-Federal interests under section 701c of this title, for structural protection measures, but in no event shall exceed 20 per centum of the project costs.

NONSTRUCTURAL FLOOD CONTROL POLICY

Pub. L. 104-303, title II, §202(d), Oct. 12, 1996, 110 Stat. 3675, provided that:

“(1) REVIEW.—The Secretary shall conduct a review of policies, procedures, and techniques relating to the evaluation and development of flood control measures with a view toward identifying impediments that may exist to justifying nonstructural flood control measures as alternatives to structural measures.

“(2) REPORT.—Not later than 1 year after the date of the enactment of this Act [Oct. 12, 1996], the Secretary shall transmit to Congress a report on the findings of the review conducted under this subsection, together with any recommendations for modifying existing law to remove any impediments identified under such review.”

§ 701b-12. Floodplain management requirements**(a) Compliance with floodplain management and insurance programs**

Before construction of any project for local flood protection, or any project for hurricane or storm damage reduction, that involves Federal assistance from the Secretary, the non-Federal interest shall agree to participate in and comply with applicable Federal floodplain management and flood insurance programs.

(b) Floodplain management plans

Within 1 year after the date of signing a project cooperation agreement for construction of a project to which subsection (a) applies, the non-Federal interest shall prepare a floodplain management plan designed to reduce the impacts of future flood events in the project area. Such plan shall be implemented by the non-Federal interest not later than 1 year after completion of construction of the project.

(c) Guidelines**(1) In general**

The Secretary shall develop guidelines for preparation of floodplain management plans by non-Federal interests under subsection (b).

(2) Required elements

The guidelines developed under paragraph (1) shall—

(A) address potential measures, practices, and policies to be undertaken by non-Federal interests to to¹ reduce loss of life, injuries, damages to property and facilities, public expenditures, and other adverse impacts associated with flooding and to preserve and enhance natural floodplain values; and

(B) address those measures to be undertaken by non-Federal interests to preserve

the level of flood protection provided by a project to which subsection (a) applies.

(3) Limitation on statutory construction

Nothing in this subsection shall be construed to confer any regulatory authority upon the Secretary or the Administrator of the Federal Emergency Management Agency.

(d) Technical support

The Secretary may provide technical support to a non-Federal interest for a project to which subsection (a) applies for the development and implementation of plans prepared under subsection (b).

AMENDMENTS

2000—Subsec. (b). Pub. L. 106-541, §209(c), substituted “Floodplain” for “Flood plain” in heading and “floodplain” for “flood plain” in first sentence.

Subsec. (c). Pub. L. 106-541, §209(a), in first sentence substituted “The” for “Within 6 months after October 12, 1996, the”, designated second sentence as par. (2), inserted heading, substituted “The guidelines developed under paragraph (1) shall—” for “Such guidelines shall”, designated remainder of sentence as subpar. (A), inserted “to be undertaken by non-Federal interests to” after “policies”, added subpar. (B), and redesignated former par. (2) as (3).

1996—Pub. L. 104-303 substituted “Floodplain management requirements” for “Compliance with flood plain management and insurance programs” in section catchline and amended text generally. Prior to amendment, text read as follows: “Before construction of any project for local flood protection or any project for hurricane or storm damage reduction, the non-Federal interests shall agree to participate in and comply with applicable Federal flood plain management and flood insurance programs.”

1988—Pub. L. 100-676 inserted “or any project for hurricane or storm damage reduction” after “local flood protection”.

§ 701b-15. Non-Federal plans to provide additional flood risk reduction**(a) In general**

If requested by a non-Federal interest, the Secretary shall carry out a locally preferred plan that provides a higher level of protection than a flood risk management project authorized under this Act if the Secretary determines that—

- (1) the plan is technically feasible and environmentally acceptable; and
- (2) the benefits of the plan exceed the costs of the plan.

(b) Non-Federal cost share

If the Secretary carries out a locally preferred plan under subsection (a), the Federal share of

the cost of the project shall be not greater than the share as provided by law for elements of the national economic development plan.

§ 701c. Rights-of-way, easements, etc.; acquisition by local authorities; maintenance and operation; protection of United States from liability for damages; requisites to run-off and water-flow retardation and soil erosion prevention assistance

After June 22, 1936, no money appropriated under authority of section 701f of this title shall be expended on the construction of any project until States, political subdivisions thereof, or other responsible local agencies have given assurances satisfactory to the Secretary of the

Army that they will (a) provide without cost to the United States all lands, easements, and rights-of-way necessary for the construction of the project, except as otherwise provided herein; (b) hold and save the United States free from damages due to the construction works; (c) maintain and operate all the works after completion in accordance with regulations prescribed by the Secretary of the Army: *Provided*, That the construction of any dam authorized herein, may be undertaken without delay when the dam site has been acquired and the assurances prescribed herein have been furnished, without awaiting the acquisition of the easements and rights-of-way required for the reservoir area: *And provided further*, That whenever expenditures for lands, easements, and rights-of-way by States, political subdivisions thereof, or responsible local agencies for any individual project or useful part thereof shall have exceeded the present estimated construction cost therefor, the local agency concerned may be reimbursed one-half of its excess expenditures over said estimated construction cost: *And provided further*, That when benefits of any project or useful part thereof accrue to lands and property outside of the State in which said project or part thereof is located, the Secretary of the Army with the consent of the State wherein the same are located may acquire the necessary lands, easements, and rights-of-way for said project or part thereof after he has received from the States, political subdivisions thereof, or responsible local agencies benefited the present estimated cost of said lands, easements, and rights-of-way, less one-half the amount by which the estimated cost of these lands, easements, and rights-of-way exceeds the estimated construction cost corresponding thereto: *And provided further*, That the Secretary of the Army shall determine the proportion of the present estimated cost of said lands, easements, and rights-of-way that each State, political subdivision thereof, or responsible local agency should contribute in consideration for the benefits to be received by such agencies: *And provided further*, That whenever not less than 75 per centum of the benefits as estimated by the Secretary of the Army of any project or useful part thereof accrue to lands and property outside of the State in which said project or part thereof is located, provision (c) of this section shall not apply thereto; nothing herein shall impair or abridge the powers now existing in the Department of the Army with respect to navigable streams: *And provided further*, That nothing herein shall be construed to interfere with the completion of any reservoir or flood control work authorized by the Congress and now under way.

(d) As a condition to the extending of any benefits, in prosecuting measures for run-off and water-flow retardation and soil erosion prevention authorized by Act of Congress pursuant to the policy declared in section 701a of this title, to any lands not owned or controlled by the United States or any of its agencies, the Secretary of Agriculture may, insofar as he may deem necessary for the purposes of such Act, require—

(1) The enactment and reasonable safeguards for the enforcement of State and local laws

imposing suitable permanent restrictions on the use of such lands and otherwise providing for run-off and waterflow retardation and soil-erosion prevention;

(2) Agreements or covenants as to the permanent use of such lands; and

(3) Contributions in money, services, materials, or otherwise to any operations conferring such benefits.

Act June 28, 1938, ch. 795, §2, 52 Stat. 1215, provided that this section, as theretofore amended and therein

further modified, should apply to all flood control projects, except as otherwise specifically provided by law. For modification of this section by that act, see section 701c-1 of this title.

MUSKINGUM RIVER VALLEY

Provisions of act June 28, 1938, ch. 795, § 2, 52 Stat. 1215, referred to above, were extended to the Muskingum River Valley dams and reservoirs by section 4 of act Aug. 11, 1939, ch. 699, 53 Stat. 1414.

§ 701c-1. Acquisition of titles for certain projects and to lands, easements, rights-of-way; reimbursement of local agencies

In case of any dam and reservoir project, or channel improvement or channel rectification project for flood control, herein authorized or heretofore authorized by the Act of June 22, 1936, as amended, and sections 642a, 702a, 702a-1, 702a-2 to 702d, 702e to 702h, 702i to 702m, and 704 of this title, title to all lands, easements, and rights-of-way for such project shall be acquired by the United States or by States, political subdivisions thereof or other responsible local agencies and conveyed to the United States, and provisions of clauses (a), (b), and (c) of section 701c of this title shall not apply thereto. Notwithstanding any restrictions, limitations, or requirement of prior consent provided by any other Act, the Secretary of the Army is authorized and directed to acquire in the name of the United States title to all lands, easements, and rights-of-way necessary for any dam and reservoir project or channel improvement or channel rectification project for flood control, with funds heretofore or hereafter appropriated or made available for such projects, and States, political subdivisions thereof, or other responsible local agencies, shall be granted and reimbursed, from such funds, sums equivalent to actual expenditures deemed reasonable by the Secretary of the Army and the Chief of Engineers and made by them in acquiring lands, easements, and rights-of-way for any dam and reservoir project, or any channel improvement or channel rectification project for flood control heretofore or herein authorized: *Provided*, That no reimbursement shall be made for any indirect or speculative damages: *Provided further*, That lands, easements, and rights-of-way shall include lands on which dams, reservoirs, channel improvements, and channel rectifications are located; lands or flowage rights in reservoirs and highway, railway, and utility relocation: *Provided further*, That in all cases of the acquisition hereunder by the United States from the Los Angeles County Flood Control District or the Muskingum Watershed Conservancy District of lands, easements, or rights-of-way, wherein the written opinion of the Attorney General in favor of the validity of the title to such lands, easements, or rights-of-way is or may be required or authorized by law, the Attorney General may, in his discretion, base such opinion upon a certificate of title of the district from which said lands, easements, or rights-of-way are to be acquired accompanied by an agreement, duly executed by the district in conformity with the constitutions and laws of the State where the district in question is situated to indemnify the United States against all claims, liabilities, loss, expenses, and attorneys' fees of whatsoever

kind or nature, resulting from or arising out of any defect or defects whatsoever in the title to any such lands, easements, or rights-of-way so conveyed to the United States, including all just compensation, costs, and expenses which may be incurred in any condemnation proceeding deemed necessary and instituted by the United States in order to perfect title to any such lands, easements, or rights-of-way.

Editorial Notes

AMENDMENTS

1951—Act Oct. 31, 1951, struck out "558a and" in the reference to other sections.

§ 701c-3. Lease receipts; payment of portion to States

75 per centum of all moneys received and deposited in the Treasury of the United States during any fiscal year on account of the leasing of lands acquired by the United States for flood

control, navigation, and allied purposes, including the development of hydroelectric power, shall be paid at the end of such year by the Secretary of the Treasury to the State in which such property is situated, to be expended as the State legislature may prescribe for the benefit of public schools and public roads of the county, or counties, in which such property is situated, or for defraying any of the expenses of county government in such county or counties, including public obligations of levee and drainage districts for flood control and drainage improvements: *Provided*, That when such property is situated in more than one State or county, the distributive share to each from the proceeds of such property shall be proportional to its area therein. For the purposes of this section, the term "money" includes, but is not limited to, such bonuses, royalties and rentals (and any interest or other charge paid to the United States by reason of the late payment of any royalty, rent, bonus or other amount due to the United States) paid to the United States from a mineral lease issued under the authority of the Mineral Leasing Act for Acquired Lands [30 U.S.C. 351 et seq.] or paid to the United States from a mineral lease in existence at the time of the acquisition of the land by the United States.

(Aug. 18, 1941, ch. 377, § 7, 55 Stat. 650; July 24, 1946, ch. 596, § 5, 60 Stat. 642; June 16, 1953, ch. 114, 67 Stat. 61; Sept. 3, 1954, ch. 1264, title II, § 206, 68 Stat. 1266; Pub. L. 102-486, title XXV, § 2506(c), Oct. 24, 1992, 106 Stat. 3107.)

AMENDMENTS

1992—Pub. L. 102-486 inserted sentence at end defining term "money" for purposes of this section.

1954—Act Sept. 3, 1954, extended the 75 percent rental provision so as also to include moneys received and deposited with respect to the leasing of lands acquired for navigation and allied purposes.

1953—Act June 16, 1953, inserted "or for defraying any of the expenses of county government in such county or counties, including public obligations of levee and drainage districts for flood control and drainage improvements" after "situated".

1946—Act July 24, 1946, increased the percentage return to the States from 25 percent to 75 percent.

§ 701d. Compacts between States; consent of Congress

The consent of Congress is given to any two or more States to enter into compacts or agreements in connection with any project or operation authorized by this Act for flood control or the prevention of damage to life or property by reason of floods upon any stream or streams and their tributaries which lie in two or more such States, for the purpose of providing, in such manner and such proportion as may be agreed upon by such States and approved by the Sec-

retary of the Army, funds for construction and maintenance, for the payment of damages, and for the purchase of rights-of-way, lands, and easements in connection with such project or operation. No such compact or agreement shall become effective without the further consent or ratification of Congress, except a compact or agreement which provides that all money to be expended pursuant thereto and all work to be performed thereunder shall be expended and performed by the Department of the Army, with the exception of such reasonable sums as may be reserved by the States entering into the compact or agreement for the purpose of collecting taxes and maintaining the necessary State organizations for carrying out the compact or agreement.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

ADDITIONAL AUTHORIZATION

Sections 15 and 17 of act July 24, 1946, ch. 596, 60 Stat. 653, provided:

“SEC. 15. That the sum of \$772,000,000 is hereby authorized to be appropriated for carrying out improvements by the War Department [now Department of the Army], the sum of \$10,000,000 additional is authorized to be appropriated and expended in equal amounts by the Departments of War [now Army] and Agriculture for carrying out any examination or survey provided for in this Act and any other Acts of Congress to be prosecuted by said Departments.

“SEC. 17. That the \$5,000,000 authorized to be appropriated in section 10 of the Flood Control Act approved August 18, 1941 [set out as a note under this section], is reauthorized to be appropriated, and the sum of \$20,000,000 additional is authorized to be appropriated, for expenditure by the Department of Agriculture for the prosecution of the works of improvement authorized to be carried out by that Department by the Flood Control Act of December 22, 1944 [act Dec. 22, 1944, ch. 665, 58 Stat. 887].”

Act Aug. 18, 1941, ch. 377, §10, 55 Stat. 651, provided as follows: "That the sum of \$275,000,000 is hereby authorized to be appropriated for carrying out the improvements herein, the sum of \$10,000,000 additional is authorized to be appropriated and expended in equal amounts by the Departments of War [now Army] and Agriculture for carrying out any examinations and surveys provided for in this Act and any other Acts of Congress to be prosecuted by said departments. There is also hereby authorized to be appropriated for expenditure by the Department of Agriculture in carrying on works of improvement of the character specified in section 7 of the Flood Control Act of June 28, 1938 [section 701b-1 of this title], and which the Department is not otherwise authorized to undertake, such additional sums, not to exceed \$5,000,000, as may be necessary for that purpose. All appropriations necessary for operation and maintenance of flood-control works authorized by law to be operated and maintained by the United States are hereby authorized."

TRANSFER OF FUNCTIONS

"Secretary of Energy" substituted in text for "Federal Power Commission" on authority of Pub. L. 95-91, title III, §301(b), Aug. 4, 1977, 91 Stat. 577, which is classified to section 7151(b) of Title 42, The Public Health and Welfare.

Executive Documents

TRANSFER OF FUNCTIONS, FEDERAL POWER COMMISSION

For transfer of functions of Federal Power Commission, with certain reservations, to chairman of such Commission, see Reorg. Plan No. 9 of 1950, §§1, 2, eff. May 24, 1950, 15 F.R. 3175, 64 Stat. 1265, set out in the Appendix to Title 5, Government Organization and Employees.

§ 701f-2. Funds for specific and authorized projects merged with and accounted for under regular annual appropriation

Funds on and after May 17, 1950, appropriated for a specific and heretofore authorized project for a river, harbor, or flood-control works shall be merged with and be accounted for under the regular annual appropriation title applicable to such item.

(May 17, 1950, ch. 188, title II, §207, 64 Stat. 182.)

§ 701f-3. Expenditure in watersheds of funds appropriated for flood prevention purposes

On and after May 23, 1955, the funds appropriated for flood prevention purposes may be expended in watersheds heretofore authorized by section 13 of the Flood Control Act of December 22, 1944, as amended, for necessary measures for the prevention of erosion, floodwater, and sediment damages, including gully control, floodwater detention, and floodway structures, in areas other than those over which the Department of the Army has jurisdiction and responsibility, and where the Army does have jurisdiction and responsibility, may enter into agreements with the Army to carry out jointly the measures heretofore set out and in areas where the Secretary is authorized to purchase land rights for structural measures, the Secretary in lieu of such acquisition, may reimburse local organizations for such proportionate share of the cost of land rights furnished by local organizations as the Secretary deems equitable in consideration of the national interest.

(May 23, 1955, ch. 43, title I, §101, 69 Stat. 54; Pub. L. 91-566, title I, §101, Dec. 22, 1970, 84 Stat. 1484.)

REFERENCES IN TEXT

Section 13 of the Flood Control Act of December 22, 1944, referred to in text, is section 13 of act Dec. 22, 1944, ch. 665, 58 Stat. 905, which was not classified to the Code. Such section 13 authorized the following works of improvement for run-off and waterflow retardation, and soil erosion prevention: Los Angeles River Basin; Santa Ynez River Watershed; Trinity River Basin (Texas); Little Tallahatchie River Watershed; Yazoo River Watershed; Coosa River Watershed (above Rome, Georgia); Little Sioux River Watershed; Potomac River Watershed; Buffalo Creek Watershed (New York); Colorado River Watershed (Texas), and Washita River Watershed.

AMENDMENTS

1970—Pub. L. 91-566 empowered the Secretary, where the Army does have jurisdiction and responsibility, to enter into agreements with the Army to carry out jointly the measures heretofore set out and in areas where the Secretary is authorized to purchase land rights for structural measures, permitted the Secretary in lieu of such acquisition, to reimburse local organizations for such proportionate share of the cost of land rights furnished as the Secretary deems equitable in consideration of the national interest.

§ 701g. Removal of obstructions; clearing channels

The Secretary of the Army is authorized to allot not to exceed \$7,500,000 from any appropriations heretofore or hereafter made for any one fiscal year for flood control, for removing accumulated snags and other debris, and clearing and straightening the channel in navigable streams and tributaries thereof, when in the opinion of the Chief of Engineers such work is advisable in the interest of flood control: *Provided*, That not more than \$500,000 shall be expended for this purpose for any single tributary from the appropriations for any one fiscal year.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Sec-

retary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

EFFECTIVE DATE OF 1986 AMENDMENT

Amendment by Pub. L. 99-662 not applicable to any project under contract for construction on Nov. 17, 1986, see section 915(i) of Pub. L. 99-662, set out as a note under section 426g of this title.

§ 701h. Contributions by States, political subdivisions, and other non-Federal interests

The Secretary of the Army is authorized to receive from States and political subdivisions thereof and other non-Federal interests, such funds as may be contributed by them for work, which includes planning and design, to be expended in connection with funds appropriated by the United States for any authorized water resources development study or project, including a project for navigation on the inland waterways, whenever such work and expenditure may be considered by the Secretary of the Army, on recommendation of the Chief of Engineers, as advantageous in the public interest, and the plans for any reservoir project may, in the discretion of the Secretary of the Army, on recommendation of the Chief of Engineers, be modified to provide additional storage capacity for domestic water supply or other conservation storage, on condition that the cost of such increased storage capacity is contributed by local agencies and that the local agencies agree to utilize such additional storage capacity in a manner consistent with Federal uses and purposes: *Provided*, That the Secretary is authorized to receive and expend funds from a State or a political subdivision thereof, and other non-Federal interests or private entities, to operate a hurricane barrier project to support recreational activities at or in the vicinity of the project, at no cost to the Federal Government, if the Secretary determines that operation for such purpose is not inconsistent with the operation and maintenance of the project for the authorized purposes of the project: *Provided further*, That the Secretary is authorized to receive and expend funds from an owner of a non-Federal reservoir to formulate, review, or revise operational documents for any non-Federal reservoir for which the Secretary is authorized to prescribe regulations for the use of storage allocated for flood control or navigation pursuant to section 709 of this title: *Provided further*, That when contributions made by States and political subdivisions thereof and other non-Federal interests, are in excess of the actual cost of the work contemplated and properly chargeable to such contributions, such excess contributions may, with the approval of the Secretary of the Army, be returned to the proper representatives of the contributing interests: *Provided further*, That the term "States" means the several States, the District of Columbia, the commonwealths, territories, and possessions of the United States, and Federally recognized Indian tribes: *Provided further*, That the term "non-Federal interest" has the meaning given that term in section 1962d-5b of title 42.

Editorial Notes

CODIFICATION

When originally enacted, section 5 of act June 22, 1936, which consisted of a paragraph (including a proviso) authorizing works of improvement followed by numerous headings and paragraphs describing those authorized works, was not classified to the Code. Act July 19, 1937, amended section 5 of act June 22, 1936, by inserting two additional provisos at the end of the first paragraph. The provisos inserted by the 1937 Act, as amended, form the sole basis for the text appearing in this section, with minor editorial changes to the introductory language of the provisos. Subsequent amendments to section 5 of act June 22, 1936, have generally been directed to the text of section 5 as it has appeared in the Code and have not taken into account the portion of that section that has never been set out. Those amendments have been executed as directed, to reflect the probable intent of Congress, and amendment notes below reflect such execution without further comment.

AMENDMENTS

2018—Pub. L. 115-270 inserted "*Provided further*, That the Secretary is authorized to receive and expend funds from an owner of a non-Federal reservoir to formulate, review, or revise operational documents for any non-Federal reservoir for which the Secretary is authorized to prescribe regulations for the use of storage allocated for flood control or navigation pursuant to section 709 of this title:" after "authorized purposes of the project:".

2014—Pub. L. 113-121, §1015(a)(4), substituted "*Provided further*, That the term 'non-Federal interest' has the meaning given that term in section 1962d-5b of title 42." for period at end.

Pub. L. 113-121, §1015(a)(3), substituted "*Provided*, That the Secretary is authorized to receive and expend funds from a State or a political subdivision thereof, and other non-Federal interests or private entities, to operate a hurricane barrier project to support recreational activities at or in the vicinity of the project, at no cost to the Federal Government, if the Secretary determines that operation for such purpose is not inconsistent with the operation and maintenance of the project for the authorized purposes of the project: *Provided further*, That when" for "*Provided*, That when".

Pub. L. 113-121, §1015(a)(1), (2), inserted "and other non-Federal interests" after "States and political subdivisions thereof" in two places and inserted "including a project for navigation on the inland waterways," after "study or project".

2011—Pub. L. 112-74 substituted "water resources development study or project" for "flood control or environmental restoration work" and inserted "for work, which includes planning and design," before "to be expended" and "*Provided further*, That the term 'States' means the several States, the District of Columbia, the commonwealths, territories, and possessions of the United States, and Federally recognized Indian tribes" before period at end.

1999—Pub. L. 106-53 inserted "or environmental restoration" after "flood control".

1937—Act July 19, 1937, inserted text of section.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Sec-

retary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

NOTIFICATION FOR CONTRIBUTED FUNDS

Pub. L. 113-121, title I, §1015(b), June 10, 2014, 128 Stat. 1223, provided that: “Prior to accepting funds contributed under section 5 of the Act of June 22, 1936 (33 U.S.C. 701h), the Secretary [of the Army] shall provide written notice of the funds to the Committee on Environment and Public Works and the Committee on Appropriations of the Senate and the Committee on Transportation and Infrastructure and the Committee on Appropriations of the House of Representatives.”

§ 701h-1. Contributions by States and political subdivisions for immediate use on authorized flood-control work; repayment

Whenever any State or political subdivision thereof shall offer to advance funds for a federally authorized water resources development project, the Secretary of the Army may in his discretion, receive such funds and expend the same in the immediate prosecution of such project. The Secretary of the Army is authorized and directed to repay without interest, if appropriations are provided by Congress for such purpose, the moneys so contributed and expended: *Provided, however*, That no repayment of funds which may be contributed for the purpose of meeting any conditions of local cooperation imposed by Congress, or under the authority of section 701h of this title, shall be made. For purposes of this section, the term “State” means the several States, the District of Columbia, the commonwealths, territories, and possessions of the United States, and Indian tribes (as defined in section 5304(e) of title 25).

(Oct. 15, 1940, ch. 884, 54 Stat. 1176; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501; Pub. L. 115-270, title I, §1166(a), Oct. 23, 2018, 132 Stat. 3797.)

SIMILAR PROVISIONS

Similar provisions with reference to dams authorized in such acts were contained in acts Aug. 18, 1941, ch. 377, § 3, 55 Stat. 639; Dec. 22, 1944, ch. 665, § 10, 58 Stat. 891; July 24, 1946, ch. 596, § 10, 60 Stat. 643.

TRANSFER OF FUNCTIONS

“Secretary of Energy” substituted in text for “Federal Power Commission” on authority of Pub. L. 95-91, title III, § 301(b), which is classified to section 7151(b) of Title 42, The Public Health and Welfare.

Executive Documents**TRANSFER OF FUNCTIONS**

For transfer of functions of Federal Power Commission, with certain reservations, to chairman of such Commission, see Reorg. Plan No. 9 of 1950, §§ 1, 2, eff. May 24, 1950, 15 F.R. 3175, 64 Stat. 1265, set out in the Appendix to Title 5, Government Organization and Employees.

§ 701k. Crediting reimbursements for lost, stolen, or damaged property

Any amounts collected from any person, persons, or corporations as a reimbursement for lost, stolen, or damaged property, purchased in connection with river and harbor or flood control work prosecuted under the direction of the Secretary of the Army and the supervision of the Chief of Engineers, whether collected in cash or by deduction from amounts otherwise due such person, persons, or corporations, on and after June 20, 1938, shall be credited in each case to the appropriation that bore the cost of purchase, repair, or replacement of the lost, stolen, or damaged property.

(June 20, 1938, ch. 535, § 4, 52 Stat. 805; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Statutory Notes and Related Subsidiaries**CHANGE OF NAME**

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§§ 701l, 701l-1. Repealed. Pub. L. 89-554, § 8(a), Sept. 6, 1966, 80 Stat. 650, 656

Section 701l, act June 20, 1938, ch. 535, § 5, 52 Stat. 805, related to employment of retired civil service employees. See section 3323 of Title 5, Government Organization and Employees.

Section 701l-1, act May 17, 1950, ch. 188, title II, § 214, 64 Stat. 184, provided that section 947 of former Title 5, Executive Departments and Government Officers and Employees, should not be construed to prevent employment of additional personnel.

§ 701m. Insufficient Congressional authorization; preparations for and modification of project

In any case where the total authorization for a project heretofore or hereafter authorized by

Congress is not sufficient to complete plans that may have been made the Chief of Engineers is authorized in his discretion to plan and make expenditures on preparations for the project, such as the purchase of lands, easements, and rights-of-way; readjustments of roads, railroads, and other utilities; removal of towns, cemeteries, and dwellings from reservoir sites; and the construction of foundations. The Chief of Engineers is also authorized in his discretion to modify the plan for any dam or other work heretofore or hereafter authorized so that such dam or work will be smaller than originally planned with a view to completing a useful improvement within an authorization: *Provided*, That the smaller structure shall be located on the chosen site so that it will be feasible at some future time to enlarge the work in order to permit the full utilization of the site for all purposes of conservation such as flood control, navigation, reclamation, the development of hydroelectric power, and the abatement of pollution.

(Aug. 18, 1941, ch. 377, § 2, 55 Stat. 638.)

§ 701n. Emergency response to natural disasters

(a) Emergency fund

(1) There is authorized an emergency fund to be expended in preparation for emergency response to any natural disaster, in flood fighting and rescue operations, or in the repair or restoration of any flood control work threatened or destroyed by flood, including the strengthening, raising, extending, realigning, or other modification thereof as may be necessary in the discretion of the Chief of Engineers for the adequate functioning of the work for flood control and subject to the condition that the Chief of Engineers may include modifications to the structure or project, or in implementation of nonstructural alternatives to the repair or restoration of such flood control work if requested by the non-Federal sponsor; in the emergency protection of federally authorized hurricane or shore protection being threatened when in the discretion of the Chief of Engineers such protection is warranted to protect against imminent and substantial loss to life and property; in the repair and restoration of any federally authorized hurricane or shore protective structure or project damaged or destroyed by wind, wave, or water action of other than an ordinary nature to either the pre-storm level or the design level of protection, whichever provides greater protection, when, in the discretion of the Chief of Engineers, such repair and restoration is warranted for the adequate functioning of the structure or project for hurricane or shore protection, subject to the condition that the Chief of Engineers may include modifications to the structure or project to address major deficiencies or implement nonstructural alternatives to the repair or restoration of the structure if requested by the non-Federal sponsor. The emergency fund may also be expended for emergency dredging for restoration of authorized project depths for Federal navigable channels and waterways made necessary by flood, drought, earthquake, or other natural disasters. In any case in which the Chief of Engineers is otherwise performing work under this section in an area for which the Governor of

the affected State has requested a determination that an emergency exists or a declaration that a major disaster exists under the Disaster Relief and Emergency Assistance Act [42 U.S.C. 5121 et seq.], the Chief of Engineers is further authorized to perform on public and private lands and waters for a period of ten days following the Governor's request any emergency work made necessary by such emergency or disaster which is essential for the preservation of life and property, including, but not limited to, channel clearance, emergency shore protection, clearance and removal of debris and wreckage endangering public health and safety, and temporary restoration of essential public facilities and services. The Chief of Engineers, in the exercise of his discretion, is further authorized to provide emergency supplies of clean water, on such terms as he determines to be advisable, to any locality which he finds is confronted with a source of contaminated water causing or likely to cause a substantial threat to the public health and welfare of the inhabitants of the locality. The appropriation of such moneys for the initial establishment of this fund and for its replenishment on an annual basis, is authorized: *Provided*, That pending the appropriation of sums to such emergency fund, the Secretary of the Army may allot, from existing flood-control appropriations, such sums as may be necessary for the immediate prosecution of the work herein authorized, such appropriations to be reimbursed from the appropriation herein authorized when made. The Chief of Engineers is authorized, in the prosecution of work in connection with rescue operations, or in conducting other flood emergency work, to acquire on a rental basis such motor vehicles, including passenger cars and buses, as in his discretion are deemed necessary.

(2) COST AND BENEFIT FEASIBILITY ASSESSMENT.—

(A) CONSIDERATION OF BENEFITS.—In preparing a cost and benefit feasibility assessment for any emergency project described in paragraph (1), the Chief of Engineers shall consider the benefits to be gained by such project for the protection of—

- (i) residential establishments;
- (ii) commercial establishments, including the protection of inventory; and
- (iii) agricultural establishments, including the protection of crops.

(B) SPECIAL CONDITIONS.—

(i) AUTHORITY TO CARRY OUT WORK.—The Chief of Engineers may carry out repair or restoration work described in paragraph (1) that does not produce benefits greater than the cost if—

(I) the non-Federal sponsor agrees to pay, or provide contributions equal to, an amount sufficient to make the remaining costs of the project equal to the estimated value of the benefits of the repair or restoration work; and

(II) the Secretary determines that—

(aa) the damage to the structure was not a result of negligent operation or maintenance; and

(bb) repair of the project could benefit another Corps project.

(ii) TREATMENT OF PAYMENTS AND CONTRIBUTIONS.—Non-Federal payments or contributions pursuant to clause (i) shall be in addition to any non-Federal payments or contributions required by the Chief of Engineers that are applicable to the remaining costs of the repair or restoration work.

(3) EXTENDED ASSISTANCE.—Upon request by a locality receiving assistance under the fourth sentence of paragraph (1), the Secretary shall, subject to the availability of appropriations, enter into an agreement with the locality to provide such assistance beyond the time period otherwise provided for by the Secretary under such sentence.

(4) NONSTRUCTURAL ALTERNATIVES DEFINED.—In this subsection, the term “nonstructural alternatives” includes efforts to restore or protect natural resources, including streams, rivers, floodplains, wetlands, or coasts, if those efforts will reduce flood risk.

(5) FEASIBILITY STUDY.—

(A) DETERMINATION.—Not later than 180 days after receiving, from a non-Federal sponsor of a project to repair or rehabilitate a flood control work described in paragraph (1), a request to initiate a feasibility study to further modify the relevant flood control work to provide for an increased level of protection, the Secretary shall provide to the non-Federal sponsor a written decision on whether the Secretary has the authority under section 549a of this title to undertake the requested feasibility study.

(B) RECOMMENDATION.—If the Secretary determines under subparagraph (B) that the Secretary does not have the authority to undertake the requested feasibility study, the Secretary shall include the request for a feasibility study in the annual report submitted under section 2282d of this title.

(b) Emergency supplies of drinking water; drought; well construction and water transportation

(1) The Secretary, upon a written request for assistance under this paragraph made by any farmer, rancher, or political subdivision within a distressed area, and after a determination by the Secretary that (A) as a result of the drought such farmer, rancher, or political subdivision has an inadequate supply of water, (B) an adequate supply of water can be made available to such farmer, rancher, or political subdivision through the construction of a well, and (C) as a result of the drought such well could not be constructed by a private business, the Secretary, subject to paragraph (3) of this subsection, may enter into an agreement with such farmer, rancher, or political subdivision for the construction of such well.

(2) The Secretary, upon a written request for assistance under this paragraph made by any farmer, rancher, or political subdivision within a distressed area, and after a determination by the Secretary that as a result of the drought such farmer, rancher, or political subdivision has an inadequate supply of water and water cannot be obtained by such farmer, rancher, or political subdivision, the Secretary may transport water to such farmer, rancher, or political

subdivision by methods which include, but are not limited to, small-diameter emergency water lines and tank trucks, until such time as the Secretary determines that an adequate supply of water is available to such farmer, rancher, or political subdivision.

(3)(A) Any agreement entered into by the Secretary pursuant to paragraph (1) of this subsection shall require the farmer, rancher, or political subdivision for whom the well is constructed to pay to the United States the reasonable cost of such construction, with interest, over such number of years, not to exceed thirty, as the Secretary deems appropriate. The rate of interest shall be that rate which the Secretary determines would apply if the amount to be repaid was a loan made pursuant to section 636(b)(2) of title 15.

(B) The Secretary shall not construct any well pursuant to this subsection unless the farmer, rancher, or political subdivision for whom the well is being constructed has obtained, prior to construction, all necessary State and local permits.

(4) The Federal share for the transportation of water pursuant to paragraph (2) of this subsection shall be 100 per centum.

(5) For purposes of this subsection—

(A) the term “construction” includes construction, reconstruction, or repair;

(B) the term “distressed area” means an area which the Secretary determines due to drought conditions has an inadequate water supply which is causing, or is likely to cause, a substantial threat to the health and welfare of the inhabitants of the area including threat of damage or loss of property;

(C) the term “political subdivision” means a city, town, borough, county, parish, district, association, or other public body created by or pursuant to State law and having jurisdiction over the water supply of such public body;

(D) the term “reasonable cost” means the lesser of (i) the cost to the Secretary of constructing a well pursuant to this subsection exclusive of the cost of transporting equipment used in the construction of wells, or (ii) the cost to a private business of constructing such well;

(E) the term “Secretary” means the Secretary of the Army, acting through the Chief of Engineers; and

(F) the term “State” means a State, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Trust Territory of the Pacific Islands.

(c) Eligibility

(1) Levee owner’s manual

Not later than 1 year after October 12, 1996, in accordance with chapter 5 of title 5, the Secretary of the Army shall prepare a manual describing the maintenance and upkeep responsibilities that the Corps of Engineers requires of a non-Federal interest in order for the non-Federal interest to receive Federal assistance under this section. The Secretary shall provide a copy of the manual at no cost to each non-Federal interest that is eligible to receive Federal assistance under this section.

(2) Compliance**(A) In general**

Notwithstanding the status of compliance of a non-Federal interest with the requirements of a levee owner's manual described in paragraph (1), or with any other eligibility requirement established by the Secretary related to the maintenance and upkeep responsibilities of the non-Federal interest, the Secretary shall consider the non-Federal interest to be eligible for repair and rehabilitation assistance under this section if the non-Federal interest—

(i) enters into a written agreement with the Secretary that identifies any items of deferred or inadequate maintenance and upkeep identified by the Secretary prior to the natural disaster; and

(ii) pays, during performance of the repair and rehabilitation work, all costs to address—

(I) any items of deferred or inadequate maintenance and upkeep identified by the Secretary; and

(II) any repair or rehabilitation work necessary to address damage the Secretary attributes to such deferred or inadequate maintenance or upkeep.

(B) Eligibility

The Secretary may only enter into one agreement under subparagraph (A) with any non-Federal interest.

(C) Sunset

The authority of the Secretary to enter into agreements under paragraph (2) shall terminate on the date that is 5 years after December 27, 2020.

(3) Authorization of appropriations

There is authorized to be appropriated \$1,000,000 to carry out paragraph (1).

(4) Definitions

In this subsection, the following definitions apply:

(A) Maintenance and upkeep

The term “maintenance and upkeep” means all maintenance and general upkeep of a levee performed on a regular and consistent basis that is not repair and rehabilitation.

(B) Repair and rehabilitation

The term “repair and rehabilitation”—

(i) means the repair or rebuilding of a levee or other flood control structure, after the structure has been damaged by a flood, to the level of protection provided by the structure before the flood; but

(ii) does not include—

(I) any improvement to the structure; or

(II) repair or rebuilding described in clause (i) if, in the normal course of usage, the structure becomes structurally unsound and is no longer fit to provide the level of protection for which the structure was designed.

(d) Increased level of protection

In conducting repair or restoration work under subsection (a), at the request of the non-

Federal sponsor, the Chief of Engineers may increase the level of protection above the level to which the system was designed, or, if the repair or restoration includes repair or restoration of a pumping station, increase the capacity of a pump, if—

(1) the Chief of Engineers determines the improvements are in the public interest, including consideration of whether—

(A) the authority under this section has been used more than once at the same location;

(B) there is an opportunity to decrease significantly the risk of loss of life and property damage; or

(C) there is an opportunity to decrease total life cycle rehabilitation costs for the project; and

(2) the non-Federal sponsor agrees to pay the difference between the cost of repair or restoration to the original design level or original capacity and the cost of achieving the higher level of protection or capacity sought by the non-Federal sponsor.

(e) Notice

The Secretary shall notify and consult with the non-Federal sponsor regarding the opportunity to request implementation of non-structural alternatives to the repair or restoration of a flood control work under subsection (a).

Editorial Notes

REFERENCES IN TEXT

The Disaster Relief and Emergency Assistance Act, referred to in subsec. (a)(1), is Pub. L. 93-288, May 22, 1974, 88 Stat. 143, as amended, known as the Robert T. Stafford Disaster Relief and Emergency Assistance Act, which is classified principally to chapter 68 (§5121 et seq.) of Title 42, The Public Health and Welfare. For complete classification of this Act to the Code, see Short Title note set out under section 5121 of Title 42 and Tables.

AMENDMENTS

2020—Subsec. (a)(2)(B)(i)(I). Pub. L. 116-260, §120(1)(A)(i), inserted “, or provide contributions equal to,” after “pay”.

Subsec. (a)(2)(B)(ii). Pub. L. 116-260, §120(1)(A)(ii), in heading, inserted “and contributions” after “of pay-

ments” and, in text, inserted “or contributions” after “Non-Federal payments” and after “non-Federal payments”.

Subsec. (a)(5). Pub. L. 116-260, §120(1)(B), added par. (5).

Subsec. (c). Pub. L. 116-260, §120(2)(A), substituted “Eligibility” for “Levee owners manual” in heading.

Subsec. (c)(1). Pub. L. 116-260, §120(2)(B), substituted “Levee owner’s manual” for “In general” in heading.

Subsec. (c)(2) to (4). Pub. L. 116-260, §120(2)(C), (D), added par. (2), redesignated former pars. (2) and (3) as (3) and (4), respectively, and substituted “paragraph (1)” for “this subsection” in par. (3).

2018—Subsec. (a)(1). Pub. L. 115-270, §1160, in first sentence, substituted “strengthening, raising, extending, realigning, or other modification thereof” for “strengthening, raising, extending, or other modification thereof” and “structure or project damaged or destroyed by wind, wave, or water action of other than an ordinary nature to either the pre-storm level or the design level of protection, whichever provides greater protection, when, in the discretion of the Chief of Engineers,” for “structure or project damaged or destroyed by wind, wave, or water action of other than an ordinary nature to the design level of protection when, in the discretion of the Chief of Engineers.”

Subsec. (a)(2). Pub. L. 115-270, §1161(a), added par. (2) and struck out former par. (2) which read as follows: “In preparing a cost and benefit feasibility assessment for any emergency project described in paragraph (1), the Chief of Engineers shall consider the benefits to be gained by such project for the protection of—

“(A) residential establishments;

“(B) commercial establishments, including the protection of inventory; and

“(C) agricultural establishments, including the protection of crops.”

Subsec. (a)(3), (4). Pub. L. 115-270, §1162, added par. (3) and redesignated former par. (3) as (4).

2016—Subsec. (a)(3). Pub. L. 114-322, §1176(1), added par. (3).

Subsecs. (d), (e). Pub. L. 114-322, §1176(2), added subsecs. (d) and (e).

2014—Subsec. (a)(1). Pub. L. 113-121 inserted “and subject to the condition that the Chief of Engineers may include modifications to the structure or project” after “work for flood control” and substituted “structure or project damaged or destroyed by wind, wave, or water action of other than an ordinary nature to the design level of protection when, in the discretion of the Chief of Engineers, such repair and restoration is warranted for the adequate functioning of the structure or project for hurricane or shore protection, subject to the condition that the Chief of Engineers may include modifications to the structure or project to address major deficiencies or implement nonstructural alternatives to the repair or restoration of the structure if requested by the non-Federal sponsor” for “structure damaged or destroyed by wind, wave, or water action of other than an ordinary nature when in the discretion of the Chief of Engineers such repair and restoration is warranted for the adequate functioning of the structure for hurricane or shore protection”.

1996—Subsec. (a)(1). Pub. L. 104-303, §202(e), in first sentence, inserted “, or in implementation of non-structural alternatives to the repair or restoration of such flood control work if requested by the non-Federal sponsor”.

Subsec. (c). Pub. L. 104-303, §202(f), added subsec. (c).

1990—Subsec. (a)(1). Pub. L. 101-640 substituted “preparation for emergency response to any natural disaster” for “flood emergency preparation” and inserted provision permitting the emergency fund to be used for emergency dredging for restoration of authorized depths for Federal navigable channels and waterways made necessary by flood, drought, earthquake, or other natural disasters.

1988—Subsec. (a)(1). Pub. L. 100-707 substituted “and Emergency Assistance Act” for “Act of 1974”.

1987—Subsec. (a). Pub. L. 100-45 designated existing provisions as par. (1) and added par. (2).

1986—Subsec. (a). Pub. L. 99-662 inserted provision relating to authority of the Chief of Engineers, when the Governor of an affected State requests a determination that an emergency or major disaster exists, to perform on public and private lands and waters, for a period of ten days following the Governor’s request, any emergency work made necessary by such emergency or disaster which is essential for the preservation of life and property, and substituted “clean water” for “clean drinking water” and “contaminated water” for “contaminated drinking water”.

1977—Pub. L. 95-51 designated existing provisions as subsec. (a) and added subsec. (b).

1974—Pub. L. 93-251 struck out limitation of emergency fund to \$15,000,000, provided for emergency supplies of clean drinking water to localities confronted with source of contaminated drinking water, and substituted in proviso “of sums to such emergency fund” for “of said sum”.

1962—Pub. L. 87-874 authorized expenditures from the emergency fund for the protection of federally authorized hurricane or shore protection being threatened when such is warranted to protect against imminent and substantial loss to life and property, and for the repair and restoration of any such federally authorized hurricane or shore protective structure damaged or destroyed by wind or water action of an extraordinary nature when such is warranted for the adequate functioning of the structure for hurricane or shore protection.

1955—Act June 28, 1955, authorized expenditure for flood emergency preparation and eliminated the requirement of maintenance of flood control works threatened by flood.

1950—Act May 17, 1950, expanded scope of work considered under emergency repairs to flood-control structures, and substituted “\$15,000,000” for “\$2,000,000”.

1948—Act June 30, 1948, inserted provisions relating to the strengthening, extending, or modification of flood-control works.

1946—Act July 24, 1946, substituted “\$2,000,000” for “\$1,000,000”.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

TERMINATION OF TRUST TERRITORY OF THE PACIFIC ISLANDS

For termination of Trust Territory of the Pacific Islands, see note set out preceding section 1681 of Title 48, Territories and Insular Possessions.

CONTINUED ELIGIBILITY

Pub. L. 115-270, title I, §1161(b), Oct. 23, 2018, 132 Stat. 3796, as amended by Pub. L. 116-260, div. AA, title I, §121, Dec. 27, 2020, 134 Stat. 2634, provided that: “Notwithstanding a non-Federal flood control work’s status in the Rehabilitation and Inspection Program carried out pursuant to section 5 of the Act of August 18, 1941 (33 U.S.C. 701n), any unconstructed emergency project for the non-Federal flood control work that was formulated during the five fiscal years preceding the fiscal year in which this Act was enacted [Oct. 23, 2018] but that was determined to not produce benefits greater than costs shall remain eligible for assistance under such section 5 until the last day of the fifth fiscal year following the fiscal year in which this Act was enacted if—

“(1) the non-Federal sponsor agrees, in accordance with such section 5, as amended by this Act, to pay,

or provide contributions equal to, an amount sufficient to make the remaining costs of the project equal to the estimated value of the benefits of the repair or restoration work; and

“(2) the Secretary [of the Army] determines that the damage to the structure was not as a result of negligent operation or maintenance.”

SYSTEMWIDE IMPROVEMENT FRAMEWORK

Pub. L. 113–121, title III, §3011, June 10, 2014, 128 Stat. 1284, provided that: “A levee system shall remain eligible for rehabilitation assistance under the authority provided by section 5 of the Act of August 18, 1941 (33 U.S.C. 701n) as long as the levee system sponsor continues to make satisfactory progress, as determined by the Secretary [of the Army], on an approved system-wide improvement framework or letter of intent.”

VEGETATION MANAGEMENT GUIDELINES

Pub. L. 113–121, title III, §3013, June 10, 2014, 128 Stat. 1284, provided that:

“(a) DEFINITION OF GUIDELINES.—In this section, the term ‘guidelines’ means the Corps of Engineers policy guidelines for management of vegetation on levees, including—

“(1) Engineering Technical Letter 1110–2–571 entitled ‘Guidelines for Landscape Planting and Vegetation Management at Levees, Floodwalls, Embankment Dams, and Appurtenant Structures’ and adopted April 10, 2009; and

“(2) the draft policy guidance letter entitled ‘Process for Requesting a Variance from Vegetation Standards for Levees and Floodwalls’ (77 Fed. Reg. 9637 (Feb. 17, 2012)).

“(b) REVIEW.—The Secretary [of the Army] shall carry out a comprehensive review of the guidelines in order to determine whether current Federal policy relating to levee vegetation is appropriate for all regions of the United States.

“(c) FACTORS.—

“(1) IN GENERAL.—In carrying out the review, the Secretary shall consider—

“(A) the varied interests and responsibilities in managing flood risks, including the need—

“(i) to provide the greatest benefits for public safety with limited resources; and

“(ii) to ensure that levee safety investments minimize environmental impacts and provide corresponding public safety benefits;

“(B) the levee safety benefits that can be provided by woody vegetation;

“(C) the preservation, protection, and enhancement of natural resources, including—

“(i) the benefit of vegetation on levees in providing habitat for species of concern, including endangered, threatened, and candidate species; and

“(ii) the impact of removing levee vegetation on compliance with other regulatory requirements;

“(D) protecting the rights of Indian tribes pursuant to treaties and statutes;

“(E) determining how vegetation impacts the performance of a levee or levee system during a storm or flood event;

“(F) the available science and the historical record regarding the link between vegetation on levees and flood risk;

“(G) the avoidance of actions requiring significant economic costs and environmental impacts; and

“(H) other factors relating to the factors described in subparagraphs (A) through (F) identified in public comments that the Secretary determines to be appropriate.

“(2) VARIANCE CONSIDERATIONS.—

“(A) IN GENERAL.—In carrying out the review, the Secretary shall specifically consider factors that promote and allow for consideration of variances

from guidelines on a Statewide, tribal, regional, or watershed basis, including variances based on—

“(i) regional or watershed soil conditions;

“(ii) hydrologic factors;

“(iii) vegetation patterns and characteristics;

“(iv) environmental resources, including endangered, threatened, or candidate species and related regulatory requirements;

“(v) levee performance history, including historical information on original construction and subsequent operation and maintenance activities;

“(vi) any effects on water supply;

“(vii) any scientific evidence on the link between levee vegetation and levee safety;

“(viii) institutional considerations, including implementation challenges and conflicts with or violations of Federal or State environmental laws;

“(ix) the availability of limited funds for levee construction and rehabilitation;

“(x) the economic and environmental costs of removing woody vegetation on levees; and

“(xi) other relevant factors identified in public comments that the Secretary determines to be appropriate.

“(B) SCOPE.—The scope of a variance approved by the Secretary may include a complete exemption to guidelines, if appropriate.

“(d) COOPERATION AND CONSULTATION; RECOMMENDATIONS.—

“(1) IN GENERAL.—The Secretary shall carry out the review under this section in consultation with other applicable Federal agencies, representatives of State, regional, local, and tribal governments, appropriate nongovernmental organizations, and the public.

“(2) RECOMMENDATIONS.—

“(A) REGIONAL INTEGRATION TEAMS.—Corps of Engineers Regional Integration Teams, representing districts, divisions, and headquarters, in consultation with State and Federal resource agencies, and with participation by local agencies, shall submit to the Secretary any recommendations for vegetation management policies for levees that conform with Federal and State laws and other applicable requirements, including recommendations relating to the review of guidelines under subsection (b) and the consideration of variances under subsection (c)(2).

“(B) STATE, TRIBAL, REGIONAL, AND LOCAL ENTITIES.—The Secretary shall consider and accept recommendations from any State, tribal, regional, or local entity for vegetation management policies for levees that conform with Federal and State laws and other applicable requirements, including recommendations relating to the review of guidelines under subsection (b) and the consideration of variances under subsection (c)(2).

“(e) INDEPENDENT CONSULTATION.—

“(1) IN GENERAL.—As part of the review, the Secretary shall solicit and consider the views of independent experts on the engineering, environmental, and institutional considerations underlying the guidelines, including the factors described in subsection (c) and any information obtained by the Secretary under subsection (d).

“(2) AVAILABILITY OF VIEWS.—The views of the independent experts obtained under paragraph (1) shall be—

“(A) made available to the public; and

“(B) included in supporting materials issued in connection with the revised guidelines required under subsection (f).

“(f) REVISION OF GUIDELINES.—

“(1) IN GENERAL.—Not later than 18 months after the date of enactment of this Act [June 10, 2014], the Secretary shall—

“(A) revise the guidelines based on the results of the review, including—

“(i) recommendations received as part of the consultation described in subsection (d)(1); and

“(ii) the views received under subsection (e);
 “(B) provide the public not less than 30 days to review and comment on draft guidelines before issuing final guidelines; and

“(C) submit to Congress and make publicly available a report that contains a summary of the activities of the Secretary and a description of the findings of the Secretary under this section.

“(2) CONTENT; INCORPORATION INTO MANUAL.—The revised guidelines shall—

“(A) provide a practical, flexible process for approving Statewide, tribal, regional, or watershed variances from the guidelines that—

“(i) reflect due consideration of the factors described in subsection (c); and

“(ii) incorporate State, tribal, and regional vegetation management guidelines for specific areas that—

“(I) are consistent with the guidelines; and

“(II) have been adopted through a formal public process; and

“(B) be incorporated into the manual proposed under section 5(c) of the Act of August 18, 1941 (33 U.S.C. 701n(c)).

“(3) FAILURE TO MEET DEADLINES.—If the Secretary fails to submit a report by the required deadline under this subsection, the Secretary shall submit to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a detailed explanation of—

“(A) why the deadline was missed;

“(B) solutions needed to meet the deadline; and

“(C) a projected date for submission of the report.

“(g) INTERIM ACTIONS.—

“(1) IN GENERAL.—Until the date on which revisions to the guidelines are adopted in accordance with subsection (f), the Secretary shall not require the removal of existing vegetation as a condition or requirement for any approval or funding of a project, or any other action, unless the specific vegetation has been demonstrated to present an unacceptable safety risk.

“(2) REVISIONS.—Beginning on the date on which the revisions to the guidelines are adopted in accordance with subsection (f), the Secretary shall reconsider, on request of an affected entity, any previous action of the Corps of Engineers in which the outcome was affected by the former guidelines.”

Pub. L. 104-303, title II, §202(g), Oct. 12, 1996, 110 Stat. 3676, provided that:

“(1) REVIEW.—The Secretary shall undertake a comprehensive review of the current policy guidelines on vegetation management for levees. The review shall examine current policies in view of the varied interests in providing flood control, preserving, protecting, and enhancing natural resources, protecting the rights of Native Americans pursuant to treaty and statute, and such other factors as the Secretary considers appropriate.

“(2) COOPERATION AND CONSULTATION.—The review under this section [subsection] shall be undertaken in cooperation with interested Federal agencies and in consultation with interested representatives of State and local governments and the public.

“(3) REVISION OF GUIDELINES.—Based upon the results of the review, the Secretary shall revise, not later than 270 days after the date of the enactment of this Act [Oct. 12, 1996], the policy guidelines so as to provide a coherent and coordinated policy for vegetation management for levees. Such revised guidelines shall address regional variations in levee management and resource needs and shall be incorporated in the manual proposed under section 5(c) of such Act of August 18, 1941 (33 U.S.C. 701n(c)).”

§ 701n-1. Biennial report to Congress

(A) In general

Not later than 2 years after June 10, 2014, and every 2 years thereafter, the Secretary shall

submit to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report detailing the amounts expended in the previous 5 fiscal years to carry out Corps of Engineers projects under section 701n of this title.

(B) Inclusions

A report under subparagraph (A) shall, at a minimum, include a description of—

(i) each structure, feature, or project for which amounts are expended, including the type of structure, feature, or project and cost of the work; and

(ii) how the Secretary has repaired, restored, replaced, or modified each structure, feature, or project or intends to restore the structure, feature, or project to the design level of protection for the structure, feature, or project.

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2 of Pub. L. 113-121, set out as a note under section 2201 of this title.

§ 701n-2. Monthly report to Congress

In fiscal year 2018, and each fiscal year thereafter, the Chief of Engineers of the U.S. Army Corps of Engineers shall transmit to the Congress, after reasonable opportunity for comment, but without change, by the Assistant Secretary of the Army for Civil Works, a monthly report, the first of which shall be transmitted to Congress not later than 2 days after the date of enactment of this subdivision [subdiv. 1 of div. B of Pub. L. 115-123] and monthly thereafter, which includes detailed estimates of damages to each Corps of Engineers project, caused by natural disasters or otherwise.

§ 701n-3. Permanent measures to reduce emergency flood fighting needs for communities subject to repetitive flooding

(a) Definitions

In this section:

(1) Affected community

The term “affected community” means a legally constituted public body (as that term is used in section 1962d-5b(b) of title 42)—

(A) with jurisdiction over an area that has been subject to flooding in two or more events in any 10-year period; and

(B) that has received emergency flood-fighting assistance, including construction of temporary barriers by the Secretary,

under section 701n of this title with respect to such flood events.

(2) Natural feature; nature-based feature

The terms “natural feature” and “nature-based feature” have the meanings given those terms in section 2289a of this title.

(b) Program

(1) In general

The Secretary is authorized to carry out a program to study, design, and construct water resources development projects through measures involving, among other things, strengthening, raising, extending, realigning, or otherwise modifying existing flood control works, designing new works, and incorporating natural features, nature-based features, or non-structural features, as appropriate to provide flood and coastal storm risk management to affected communities.

(2) Considerations

In carrying out paragraph (1), the Secretary shall, to the maximum extent practical, review and, where appropriate, incorporate natural features or nature-based features, or a combination of such features and non-structural features, that avoid or reduce at least 50 percent of flood or storm damages in one or more of the alternatives included in the final alternatives evaluated.

(3) Construction

(A) In general

The Secretary may carry out a project described in paragraph (1) without further congressional authorization if—

(i) the Secretary determines that the project—

- (I) is advisable to reduce the risk of flooding for an affected community; and
- (II) produces benefits that are in excess of the estimated costs; and

(ii) the Federal share of the cost of the construction does not exceed \$17,500,000.

(B) Specific authorization

If the Federal share of the cost of a project described in paragraph (1) exceeds \$17,500,000, the Secretary shall submit the project recommendation to Congress for authorization prior to construction, and shall include the project recommendation in the next annual report submitted under section 2282d of this title.

(C) Financing

(i) Contributions

If, based on a study carried out pursuant to paragraph (1), the Secretary determines that a project described in paragraph (1) will not produce benefits greater than cost, the Secretary shall allow the affected community to pay, or provide contributions equal to, an amount sufficient to make the remaining costs of design and construction of the project equal to the estimated value of the benefits of the project.

(ii) Effect on non-Federal share

Amounts provided by an affected community under clause (i) shall be in addi-

tion to any payments or contributions the affected community is required to provide toward the remaining costs of design and construction of the project under section 2213 of this title.

(4) Ability to pay

(A) In general

Any cost-sharing agreement for a project entered into pursuant to this section shall be subject to the ability of the affected community to pay.

(B) Determination

The ability of any affected community to pay shall be determined by the Secretary in accordance with procedures established by the Secretary.

(C) Effect of reduction

Any reduction in the non-Federal share of the cost of a project described in paragraph (1) as a result of a determination under this paragraph shall not be included in the Federal share for purposes of subparagraphs (A) and (B) of paragraph (3).

(Pub. L. 116–260, div. AA, title I, § 119, Dec. 27, 2020, 134 Stat. 2632.)

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2 of div. AA of Pub. L. 116–260, set out as a note under section 2201 of this title.

§ 701o. Omitted

Editorial Notes

CODIFICATION

Section, act June 30, 1948, ch. 771, title II, § 202, 62 Stat. 1175, related to conditions precedent on unauthorized projects and modifications. Similar provisions were contained in act July 24, 1946, ch. 596, § 2, 60 Stat. 641. See section 701b–8 of this title.

§ 701p. Railroad bridge alterations at Federal expense

On and after July 24, 1946, for authorized flood protection projects which include alterations of railroad bridges the Chief of Engineers is authorized to include at Federal expense the necessary alterations of railroad bridges and approaches in connection therewith.

(July 24, 1946, ch. 596, § 3, 60 Stat. 642.)

§ 701q. Repair and protection of highways, railroads, and utilities damaged by operation of dams or reservoir

Whenever the Chief of Engineers shall find that any highway, railway, or utility has been or is being damaged or destroyed by reason of the operation of any dam or reservoir project under the control of the Department of the Army, he may utilize any funds available for the construction, maintenance, or operation of the project involved for the repair, relocation, restoration, or protection of such highway, railway, or utility: *Provided*, That this section shall not apply to highways, railways, and utilities

previously provided for by the Department of the Army, unless the Chief of Engineers determines that the actual damage has or will exceed that for which provision had previously been made.

(July 24, 1946, ch. 596, §9, 60 Stat. 643; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

Statutory Notes and Related Subsidiaries

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 701q-1. Repair and restoration of embankments

(a) In general

At the request of a non-Federal interest, the Secretary shall assess the cause of damage to, or the failure of, an embankment that is adjacent to the shoreline of a reservoir project owned and operated by the Secretary for which such damage or failure to the embankment has adversely affected a roadway that the Secretary has relocated for construction of the reservoir.

(b) Repair and restoration activities

If, based on the assessment carried out under subsection (a), the Secretary determines that the cause of the damage to, or the failure of, the embankment is the direct result of the design or operation of the reservoir by the Secretary, the Secretary is authorized to participate in the repair or restoration of such embankment.

(c) Authorization of appropriations

There is authorized to be appropriated to the Secretary \$10,000,000 to carry out this section.

"SECRETARY" DEFINED

Secretary means the Secretary of the Army, see section 2 of div. AA of Pub. L. 116-260, set out as a note under section 2201 of this title.

§ 701r. Protection of highways, bridge approaches, public works, and nonprofit public services

The Secretary of the Army is authorized to allot from any appropriations heretofore or hereafter made for flood control, not to exceed \$25,000,000 per year, for the construction, repair, restoration, and modification of emergency streambank and shoreline protection works to prevent damage to highways, bridge approaches, and public works, churches, hospitals, schools, and other nonprofit public services, when in the opinion of the Chief of Engineers such work is advisable: *Provided*, That not more than \$5,000,000 shall be allotted for this purpose at any single locality from the appropriations for any one fiscal year, and if such amount is not

sufficient to cover the costs included in the Federal cost share for a project, as determined by the Secretary, the non-Federal interest shall be responsible for any such costs that exceed such amount.

(July 24, 1946, ch. 596, §14, 60 Stat. 653; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501; Pub. L. 93-251, title I, §27, Mar. 7, 1974, 88 Stat. 20; Pub. AMENDMENTS

2018—Pub. L. 115-270 substituted "\$25,000,000" for "\$20,000,000" and inserted ", and if such amount is not sufficient to cover the costs included in the Federal cost share for a project, as determined by the Secretary, the non-Federal interest shall be responsible for any such costs that exceed such amount" before period at end.

2014—Pub. L. 113-121 substituted "\$20,000,000" for "\$15,000,000" and "\$5,000,000" for "\$1,500,000".

2007—Pub. L. 110-114 substituted "\$1,500,000" for "\$1,000,000".

1996—Pub. L. 104-303 substituted "\$15,000,000" for "\$12,500,000" and "\$1,000,000" for "\$500,000".

1986—Pub. L. 99-662 substituted "\$12,500,000" for "\$10,000,000" and "\$500,000" for "\$250,000".

1974—Pub. L. 93-251 substituted "\$10,000,000" for "\$1,000,000", "\$250,000" for "\$50,000", and "construction, repair, restoration, and modification of emergency streambank and shoreline protection works to prevent flood damages to highways, bridge approaches, and public works, churches, hospitals, schools, and other nonprofit public services," for "construction of emergency bank-protection works to prevent flood damages to highways, bridge approaches, and public works,".

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

EFFECTIVE DATE OF 1986 AMENDMENT

Amendment by Pub. L. 99-662 not applicable to any project under contract for construction on Nov. 17, 1986, see section 915(i) of Pub. L. 99-662, set out as a note under section 426g of this title.

§ 701r-1. Utilization of public roads

(a) Definitions

When used in this section—

(1) The term "Agency" means the Corps of Engineers, United States Army or the Bureau of Reclamation, United States Department of the Interior, whichever has jurisdiction over the project concerned.

(2) The term "head of the Agency concerned" means the Chief of Engineers or the Commissioner, Bureau of Reclamation, or their respective designees.

(3) The term “water resources projects to be constructed in the future” includes all projects not yet actually under construction, and, to the extent of work remaining to be completed, includes projects presently under construction where road relocations or identifiable components thereof are not complete as of the date of this section.

(4) The term “time of the taking” is the date of the relocation agreement, the date of the filing of a condemnation proceeding, or a date agreed upon between the parties as the date of taking.

(b) Improvement, reconstruction, and maintenance

Whenever, in connection with the construction of any authorized flood control, navigation, irrigation, or multiple purpose project for the development of water resources, the head of the Agency concerned determines it to be in the public interest to utilize existing public roads as a means of providing access to such projects during construction, such Agency may improve, reconstruct, and maintain such roads and may contract with the local authority having jurisdiction over the roads to accomplish the necessary work. The accomplishment of such work of improvement may be carried out with or without obtaining any interest in the land on which the road is located in accordance with mutual agreement between the parties: *Provided*, (1) That the head of the Agency concerned determines that such work would result in a saving in Federal cost as opposed to the cost of providing a new access road at Federal expense, (2) that, at the completion of construction, the head of the Agency concerned will, if necessary, restore the road to at least as good condition as prior to the beginning of utilization for access during construction, and (3) that, at the completion of construction, the responsibility of the Agency for improvement, reconstruction, and maintenance shall cease.

(c) Replacement roads; construction to higher standards

For water resources projects to be constructed in the future, when the taking by the Federal Government of an existing public road necessitates replacement, the substitute provided will, as nearly as practicable, serve in the same manner and reasonably as well as the existing road. The head of the agency concerned is authorized to construct such substitute roads to the design standards which the State or owning political division would use in constructing a new road under similar conditions of geography and under similar traffic loads (present and projected). In any case where a State or political subdivision thereof requests that such a substitute road be constructed to a higher standard than that provided for in the preceding provisions of this subsection, and pays, prior to commencement of such construction, the additional costs involved due to such higher standard, such agency head is authorized to construct such road to such higher standard. Federal costs under the provisions of this subsection shall be part of the nonreimbursable project costs.

(Pub. L. 86-645, title II, §207, July 14, 1960, 74 Stat. 500; Pub. L. 87-874, title II, §208, Oct. 23,

1962, 76 Stat. 1196; Pub. L. 93-251, title I, §13, Mar. 7, 1974, 88 Stat. 17.)

Editorial Notes

AMENDMENTS

1974—Subsec. (c). Pub. L. 93-251 lower cased “agency” in two places, and substituted “to the design standards which the State or owning political division would use in constructing a new road under similar conditions of geography and under similar traffic loads (present and projected).” for “to design standards comparable to those of the State, or, where applicable State standards do not exist, those of the owning political division in which the road is located, for roads of the same classification as the road being replaced. The traffic existing at the time of the taking shall be used in the determination of the classification.”

1962—Subsec. (a). Pub. L. 87-874 added subsec. (a). Former subsec. (a) redesignated (b).

Subsec. (b). Pub. L. 87-874 redesignated former subsec. (a) as (b), and among other changes, inserted “irrigation,” before “or multiple-purpose project” and substituted references to head of the Agency concerned, for references to Chief of Engineers. Former subsec. (b) redesignated (c).

Subsec. (c). Pub. L. 87-874 redesignated former subsec. (b) as (c), substituted construction authority to head of the agency concerned for authority to Chief of Engineers, provided that where State standards do not exist, those of the owning political division in which the road is located shall be used, that where a State or political subdivision requests a substitute road to be constructed to a higher standard than provided in this subsection, and pays the additional costs, the Agency head is authorized to so construct the road, and that the Federal costs under this subsection shall be part of the nonreimbursable costs.

§ 701s. Small flood control projects; appropriations; amount limitation for single locality; conditions

The Secretary of the Army is authorized to allot from any appropriations heretofore or hereafter made for flood control, not to exceed \$68,750,000 for any one fiscal year, for the implementation of small structural and nonstructural projects, and projects that use natural features or nature-based features (as those terms are defined in section 2289a(a) of this title), for flood control and related purposes not specifically authorized by Congress, which come within the provisions of section 701a of this title, when in the opinion of the Chief of Engineers such work is advisable. The amount allotted for a project shall be sufficient to complete Federal participation in the project. Not more than \$10,000,000 shall be allotted under this section for a project at any single locality. The provisions of local cooperation specified in section 701c of this title shall apply. The work shall be complete in itself and not commit the United States to any additional improvement to insure its successful operation, except as may result from the normal procedure applying to projects authorized after submission of preliminary examination and survey reports.

Editorial Notes

AMENDMENTS

2020—Pub. L. 116-260 inserted “, and projects that use natural features or nature-based features (as those terms are defined in section 2289a(a) of this title),” after “nonstructural projects”.

2018—Pub. L. 115-270 substituted “\$68,750,000” for “\$55,000,000” in first sentence.

2014—Pub. L. 113-121 substituted “\$10,000,000” for “\$7,000,000” in third sentence.

2007—Pub. L. 110-114 substituted “\$55,000,000” for “\$50,000,000” in first sentence.

2000—Pub. L. 106-541 substituted “\$50,000,000” for “\$40,000,000” in first sentence.

1999—Pub. L. 106-53, in first sentence, substituted “implementation of small structural and nonstructural projects” for “construction of small projects” and, in third sentence, substituted “\$7,000,000” for “\$5,000,000”.

1986—Pub. L. 99-662 substituted “\$40,000,000” for “\$30,000,000” and “\$5,000,000” for “\$4,000,000”.

1981—Pub. L. 97-140 substituted “Not more than \$4,000,000 shall be allotted under this section for a project at any single locality” for “Not more than \$2,000,000 shall be allotted under this section for a project in any single locality, except that not more than \$3,000,000 shall be allotted under this section for a project at a single locality if such project protects an area which has been declared to be a major disaster area pursuant to the Disaster Relief Act of 1966 or the Disaster Relief Act of 1970 in the five-year period immediately preceding the date the Chief of Engineers deems such work advisable”.

1976—Pub. L. 94-587 increased limitation on allotment for a project at a single locality from \$1,000,000 to \$2,000,000 and for such a project protecting a major disaster area from \$2,000,000 to \$3,000,000.

1974—Pub. L. 93-251, in revising provisions, increased fiscal year allotment to \$30,000,000 from \$25,000,000 and required allotment of \$2,000,000 for a project at a single locality if such locality protects an area declared to be a major-disaster area pursuant to Disaster Relief Act of 1966 or Disaster Relief Act of 1970 in five-year period immediately preceding the date the Chief of Engineers deems such work advisable.

1962—Pub. L. 87-874 substituted “\$25,000,000” for “\$10,000,000”, “projects for flood control and related purposes” for “flood control projects”, and provisions limiting the allotment for a single project to \$1,000,000 and providing that such allotment shall be sufficient to complete Federal participation, for provisions limiting the allotment for any single project to \$400,000 from the appropriations for any fiscal year.

1956—Act July 11, 1956, substituted “\$10,000,000” for “\$3,000,000”, struck out “and not within areas intended to be protected by projects so authorized” before “which come within the provisions of section 701a of this title”, and substituted “\$400,000” for “\$150,000”.

1950—Act May 17, 1950, substituted “\$3,000,000” for “\$2,000,000” and “\$150,000” for “\$100,000”.

EFFECTIVE DATE OF 1976 AMENDMENT

Amendment by Pub. L. 94-587 not applicable to any project under contract for construction on Oct. 22, 1976, see section 133(c) of Pub. L. 94-587, set out as a note under section 577 of this title.

ICE JAM PREVENTION AND MITIGATION

Pub. L. 114-322, title I, §1150, Dec. 16, 2016, 130 Stat. 1661, as amended by Pub. L. 115-270, title I, §1131, Oct. 23, 2018, 132 Stat. 3780, provided that:

“(a) IN GENERAL.—The Secretary [of the Army] may carry out projects under section 205 of the Flood Control Act of 1948 (33 U.S.C. 701s), including planning, design, construction, and monitoring of structural and nonstructural technologies and measures, for preventing and mitigating flood damages associated with ice jams.

“(b) INCLUSION.—The projects described in subsection (a) may include the development and demonstration of cost-effective technologies and designs developed in consultation with—

“(1) the Cold Regions Research and Engineering Laboratory of the Corps of Engineers;

“(2) universities;

“(3) Federal, State, and local agencies; and

“(4) private organizations.

“(c) PILOT PROGRAM.—

“(1) IN GENERAL.—The Secretary shall identify and carry out not fewer than 20 projects under this section to demonstrate technologies and designs developed in accordance with this section.

“(2) PROJECT SELECTION.—The Secretary shall—

“(A) ensure that the projects are selected from all cold regions of the United States, including the Upper Missouri River Basin and the Northeast; and

“(B) select not fewer than one project to be carried out on a reservation (as defined in section 3 of the Indian Financing Act of 1974 [25 U.S.C. 1452]) that serves more than one Indian tribe (as defined in section 4 of the Indian Self-Determination and Education Assistance Act [25 U.S.C. 5304]).”

§ 701t. Emergency fund for flood damage; amount; commitments to be fulfilled by local interests

The sum of \$25,000,000 is authorized to be appropriated as an emergency fund to be expended under the direction of the Secretary of the Army and the supervision of the Chief of Engineers for the repair, restoration, and strengthening of levees and other flood control works which have been threatened or destroyed by recent floods, or which may be threatened or destroyed by later floods, including the raising, extending, or other modification of such works as may be necessary in the discretion of the Chief of Engineers for the adequate functioning of the works for flood control: *Provided*, That local interests shall provide without cost to the United States all lands, easements, and rights of way necessary for the work and shall maintain and operate all the works after completion in a manner satisfactory to the Chief of Engineers: *Provided further*, That pending the appropriation of said sum, the Secretary of the Army may allot from existing flood-control appropriations such sums as may be necessary for the immediate prosecution of the work authorized by this

section, such appropriations to be reimbursed from said emergency fund when appropriated: *And provided further*, That funds allotted under this authority shall not be diverted from the unobligated funds from the appropriation "Flood control, general", made available in War Department Civil Functions Appropriation Acts for specific purposes.

(June 30, 1948, ch. 771, title II, § 208, 62 Stat. 1182.)

§ 701u. International engineering or scientific conferences; attendance

The Secretary of the Army is authorized to allot from any appropriations heretofore or hereafter made for flood control or rivers and harbors, funds for payment of expenses of representatives of the Corps of Engineers engaged on flood control and river and harbor work to international engineering or scientific conferences to be held outside the United States: *Provided*, That not more than ten representatives of the Corps of Engineers shall attend any one conference.

(May 17, 1950, ch. 188, title II, § 211, 64 Stat. 183; Pub. L. 104-303, title II, § 222, Oct. 12, 1996, 110 Stat. 3697.)

AMENDMENTS

1996—Pub. L. 104-303 substituted "outside the United States" for "outside the continental limits of the United States" and struck out before period at end "*: And provided further*, That not more than \$25,000 shall be allotted during any one fiscal year for this purpose".

§ 702. Mississippi River

[AUTHORIZATION OF FLOOD-CONTROL WORK.] For controlling the floods of the Mississippi River and continuing its improvement from the Head of the Passes to the mouth of the Ohio River the Secretary of the Army is empowered, authorized, and directed to carry on continuously, by hired labor or otherwise, the plans of the Mississippi River Commission, prior to March 3, 1923, or thereafter adopted, to be paid for as appropriations may from time to time be made by law.

[ALLOTMENTS FOR IMPROVEMENT OF WATERCOURSES CONNECTED WITH MISSISSIPPI RIVER.] The watercourses connected with the Mississippi River to such extent as may be necessary to exclude the flood waters from the upper limits of any delta basin, together with the Ohio River from its mouth to the mouth of the Cache River, may, in the discretion of said commission, receive allotments for improvements under way March 1, 1917, or thereafter to be undertaken.

[MAINTENANCE OF LEVEES CONSTRUCTED FOR FLOOD CONTROL.] Upon the completion of any levee constructed for flood control under authority of this section, said levee shall be turned over to the levee district protected thereby for maintenance thereafter; but for all other purposes the United States shall retain such control over the same as it may have the right to exercise upon such completion.

(Mar. 1, 1917, ch. 144, § 1, 39 Stat. 948; Mar. 4, 1923, ch. 277, 42 Stat. 1505; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Editorial Notes

CODIFICATION

Last clause of first paragraph was originally limited to appropriations made for a period of six years beginning July 1, 1924.

The portion of the first paragraph providing "and a sum not to exceed \$10,000,000 annually is hereby authorized to be appropriated for that purpose, for a period of six years beginning July 1, 1924" together with the fourth paragraph, relating to expenditures for improvements between Head of Passes and Rock Island, were from act Mar. 4, 1923, which superseded provisions on the same subjects contained in act Mar. 1, 1917, from which the rest of the section was derived, and were omitted as executed.

Sections 2 and 3 of act Mar. 1, 1917, are classified to sections 703 and 701, respectively, of this title, and section 4 of act Mar. 1, 1917, amended section 643 of this title.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 702a. Adoption of 1927 project; execution; creation of board; scope of authority; appropriation

The project for the flood control of the Mississippi River in its alluvial valley and for its improvement from the Head of Passes to Cape Girardeau, Missouri, in accordance with the engineering plan set forth and recommended in the report submitted by the Chief of Engineers to the Secretary of the Army dated December 1, 1927, and printed in House Document Numbered 90, Seventieth Congress, first session, is adopted and authorized to be prosecuted under the direction of the Secretary of the Army and the supervision of the Chief of Engineers: *Provided*, That a board to consist of the Chief of Engineers, the president of the Mississippi River Commission, and a civil engineer chosen from civil life to be appointed by the President, by and with the advice and consent of the Senate, whose compensation shall be fixed by the President and be paid out of the appropriations made to carry on this project, is created; and such board is authorized and directed to consider the engineering differences between the adopted project and the plans recommended by the Mississippi River Commission in its special report dated November 28, 1927, and after such study and such further surveys as may be necessary, to recommend to the President such action as it may deem necessary to be taken in respect to such engineering differences and the decision of the President upon all recommendations or questions submitted to him by such board shall be followed in carrying out the project herein adopted. The board shall not have any power or authority in respect to such project except as hereinafter provided. Such project and the changes therein, if any, shall be executed in accordance with the provisions of section 702h of this title.

Such surveys shall be made between Baton Rouge, Louisiana, and Cape Girardeau, Missouri, as the board may deem necessary to enable it to ascertain and determine the best method of securing flood relief in addition to levees, before any flood-control works other than levees and revetments are undertaken on that portion of the river: *Provided*, That all diversion works and outlets constructed under the provisions of sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, 702m and 704 of this title shall be built in a manner and of a character which will fully and amply protect the adjacent lands: *Provided further*, That pending completion of any floodway, spillway, or diversion channel, the areas within the same shall be given the same degree of protection as is afforded by levees on the west side of the river contiguous to the levee at the head of said floodway, but nothing herein shall prevent, postpone, delay, or in anywise interfere with the execution of that part of the project on the east side of the river, including raising, strengthening, and enlarging the levees on the east side of the river. The sum of \$325,000,000 is authorized to be appropriated for this purpose.

All unexpended balances of appropriations prior to May 15, 1928, made for prosecuting work of flood control on the Mississippi River in accordance with the provisions of section 702 of this title, are made available for expenditure under the provisions of sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, and 702m of this title.

(May 15, 1928, ch. 569, §1, 45 Stat. 534; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

ABANDONMENT AND REPEAL OF PROJECTS

For abandonment of Boeuf Floodway and Eudora Floodway as well as Northward Extension and back protection levee extending from head of Eudora Floodway north to Arkansas River and repeal of provisions relating to prosecution of work, see section 702a-12 of this title.

§ 702a-3. Levees; raising and enlarging

The levees along the Mississippi River from the head of the Morganza Floodway to the head of the Atchafalaya River and down the east bank of the Atchafalaya River to intersection with the west protection levee of said Morganza Floodway shall be raised and enlarged to 1928 grade and section.

(June 15, 1936, ch. 548, §3, 49 Stat. 1509.)

§ 702a-4. Fuse-plug levees

After the Eudora Floodway shall have been constructed and is ready for operation, the fuse-plug levees now at the head of the Boeuf and Tensas Basins shall be constructed to the 1914 grade and the 1928 section. The fuse-plug levees at the head of the Atchafalaya Basin on the west side shall be constructed to the 1914 grade and the 1928 section. The fuse-plug levees at the head of the Atchafalaya Basin on the east side of the Atchafalaya River shall be constructed to the 1914 grade and 1928 section, and, after the Morganza Floodway has been completed, shall be raised to the 1928 grade as provided in section 702a-3 of this title. Thereafter those stretches of said levees which are left as fuse-plug levees shall be reconstructed and maintained as herein provided, subject to the provisions of section 702a-3 of this title. Any funds appropriated under authority of sections 702g-1 and 702k-1 of this title may be expended for this purpose.

(June 15, 1936, ch. 548, §10, 49 Stat. 1511.)

ABANDONMENT AND REPEAL OF PROJECTS

For abandonment of Boeuf Floodway and Eudora Floodway as well as Northward Extension and back protection levee extending from head of Eudora Floodway north to Arkansas River and repeal of provisions relating to prosecution of work, see section 702a-12 of this title.

§ 702a-6. Drainage necessitated by floodway levees

The United States shall provide the drainage made necessary by the construction of floodway levees included in the modified project.

(June 15, 1936, ch. 548, §6, 49 Stat. 1510.)

§ 702a-7. Railroad and highway crossings over floodways

The United States shall construct, at its own cost, one railroad and one highway crossing over the Eudora Floodway and not to exceed three railway and two highway crossings over the Morganza Floodway, and not to exceed one railway crossing (together with suitable physical connections therewith) and one highway crossing over the floodway west of the Atchafalaya River provided for in the modified project: *Provided*, That equitable agreements can be made with the railroad and highway authorities concerned and that the appropriate railroad or highway agencies agree to accept and maintain and operate these crossings without cost to the United States: *Provided further*, That the railroads crossing the Morganza and West Atchafalaya Floodways agree in consideration for the crossings constructed to waive all claims against the Government for any damages that may occur by reason of overflows in the Morganza and West Atchafalaya Floodways: *And provided further*, That other railway and highway damages shall be adjusted as provided for in section 702a-10 of this title.

(June 15, 1936, ch. 548, §7, 49 Stat. 1510.)

§ 702a-8. Additional roads; construction by United States

In addition to the construction by the United States of roads in connection with floodways as heretofore provided, the Federal Government may, in the discretion of the Chief of Engineers, and within the limits of available funds, construct additional roads to afford access to those portions of the levee lines not otherwise accessible.

(June 15, 1936, ch. 548, § 8, 49 Stat. 1510.)

§ 702a-9. Lands, easements, and rights-of-way; acquisition by local authorities; reimbursement; protection of United States from liability for damages

No money appropriated under sections 702g-1 and 702k-1 of this title shall be expended on the construction of any reservoir project herein authorized until States, political subdivisions thereof, or other responsible local agencies have given assurances satisfactory to the Secretary of the Army that they will (a) provide without cost to the United States all lands, easements, and rights-of-way necessary for the construction of the project, except as otherwise provided herein; (b) hold and save the United States free from damages due to the construction works; (c) maintain and operate all the works after completion in accordance with regulations prescribed by the Secretary of the Army: *And provided*, That the construction of any dam authorized herein may be undertaken without delay when the dam site has been acquired and the assurances prescribed herein have been furnished, without awaiting the acquisition of the easements and rights-of-way required for the reservoir area: *And provided further*, That whenever expenditures for lands, easements, and rights-of-way by States, political subdivisions thereof, or responsible local agencies for any individual project or useful part thereof shall have exceeded the present estimated construction cost therefor, the local agency concerned may be reimbursed one-half of its excess expenditures over said estimated construction cost: *And provided further*, That when benefits of any project or useful part thereof accrue to lands and property outside of the State in which said project or part thereof is located, the Secretary of the Army may acquire the necessary lands, easements, and rights-of-way for said project or part thereof after he has received from the States, political subdivisions thereof, or responsible local agencies benefited the present estimated cost of said lands, easements, and rights-of-way, less one-half the amount by which the estimated cost of these lands, easements, and rights-of-way exceeds the estimated construction cost corresponding thereto: *And provided further*, That the Secretary of the Army shall determine the proportion of the present estimated cost of said lands, easements, and rights-of-way that each State, political subdivision thereof, or responsible local agency should contribute in consideration for the benefits to be received by such agencies: *And provided further*, That whenever not less than 75 per centum of the benefits as estimated by the Secretary of the Army of any project or useful part thereof accrue to lands

and property outside of the State in which said project or part thereof is located, provision (c) of this section shall not apply thereto; nothing herein shall impair or abridge the powers now existing in the Department of the Army with respect to navigable streams: *And provided further*, That nothing herein shall be construed to interfere with the completion of any reservoir or flood control work authorized by the Congress and under way on June 15, 1936.

(June 15, 1936, ch. 548, § 8a, 49 Stat. 1510; July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 702a-10. Flowage rights and rights-of-way; reimbursement of local authorities; highway crossings; use of properties for national forests or wildlife refuges

In order to facilitate the United States in the acquisition of flowage rights and rights-of-way for levee foundations, the Secretary of the Army is authorized to enter into agreements with the States or with local levee districts, boards, commissions, or other agencies for the acquisition and transfer to the United States of such flowage rights and levee rights-of-way, and for the reimbursement of such States or local levee districts, boards, commissions, or other agencies, for the cost thereof at prices previously agreed upon between the Secretary of the Army and the governing authority of such agencies, within the maximum limitations hereinafter prescribed: *Provided*, That no money appropriated under the authority of sections 702g-1 and 702k-1 of this title shall be expended upon the construction of the Eudora Floodway, the Morganza Floodway, the back protection levee extending north from the Eudora Floodway, or the levees extending from the head of the Morganza Floodway to the head of and down the east bank of the Atchafalaya River to the intersection of said Morganza Floodway until 75 per centum of the value of the flowage rights and rights-of-way for levee foundations, as estimated by the Chief of Engineers, shall have been acquired or options or assurances satisfactory to the Chief of Engineers shall have been obtained for the Eudora Floodway, the Morganza Floodway, and the area lying between said back protection levee and the present front line levees: *Provided further*, That easements required in said areas in connection

with roads and other public utilities owned by States or political subdivisions thereof shall be provided without cost to the United States upon the condition, that the United States shall provide suitable crossings, including surfacing of like character, over floodway guide-line levees in said areas for all improved roads now constituting a part of the State highway system, and shall repair all damage done to said highways within the said floodways by the actual use of such floodways for diversion: *Provided further*, That when such portion of said rights as to all of said areas shall have been acquired or obtained and when said easements required in connection with roads and other public utilities owned by States or political subdivisions thereof have been provided as hereinabove set forth, construction of said flood-control works in said areas shall be undertaken according to the engineering recommendations of the Report of the Chief of Engineers dated February 12, 1935 (House Committee on Flood Control Document Numbered 1, Seventy-fourth Congress, first session), and the Secretary of the Army shall cause proceedings to be instituted for the condemnation of the remainder of said rights and easements, as are needed and cannot be secured by agreement, in accordance with section 702d of this title: *Provided further*, That in no event and under no circumstances shall any of the additional money appropriated under the authority of sections 702g-1 and 702k-1 be expended for the acquisition of said 75 per centum of the flowage rights and rights-of-way hereinabove contemplated in excess of \$20,000,000: *Provided further*, That the Chief of Engineers is authorized, out of the funds herein authorized to be appropriated, to purchase flowage easements over lands and properties in the floodway west of the Atchafalaya River and lying above the approximate latitude of Krotz Springs: *Provided further*, That none of such easements in said West Atchafalaya Floodway shall be purchased until options covering at least 75 per centum of the total value of such easements as estimated by the Chief of Engineers shall have been obtained at prices deemed reasonable by the Chief of Engineers and not exceeding in the aggregate \$2,250,000 for said 75 per centum of said easements with respect to the floodway west of the Atchafalaya River: *Provided further*, That easements required in said West Atchafalaya Floodway in connection with roads and other public utilities owned by States or other political subdivisions shall be provided without cost to the United States upon condition that the United States shall provide suitable crossings, including surfacing of like character, over floodway guide-line levees for all improved roads in said West Atchafalaya Floodway now constituting a part of the State highway system and shall repair all damage done to said highways within said West Atchafalaya Floodway by the actual use of such floodway for diversion: *Provided further*, That no flowage easements shall be paid for by the United States over properties subject to frequent overflow in the Atchafalaya Basin below the approximate latitude of Krotz Springs: *Provided further*, That payment for rights-of-way, easements, and flowage rights acquired under this section, or reim-

bursement to the States or local interests furnishing them, shall be made as soon as the Chief of Engineers is satisfied that such rights-of-way, easements, or flowage rights have been acquired in conformity with local custom or legal procedure in such matters; and, thereafter, no liability of any kind shall attach to or rest upon the United States for any further damage by reason of diversions or flood waters: *And provided further*, That if the Secretary of Agriculture shall determine to acquire any of the properties within the floodways herein referred to, for national forests, wildlife refuges, or other purposes of his Department, the Secretary of the Army may, upon recommendation by the Chief of Engineers, in lieu of acquiring flowage rights, advance to or reimburse the said Secretary of Agriculture sums equal to those that would otherwise be used for the purchase of easements desired by the Department of the Army and the Secretary of Agriculture is authorized to use these sums for the purpose of acquiring properties in the floodways in question.

(June 15, 1936, ch. 548, §12, 49 Stat. 1512; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 702a-11. Morganza Floodway; Eudora Floodway

The United States may, within the discretion of the Chief of Engineers, irrespective of other provisions of law, proceed to acquire all easements needed and of the character considered advisable in the Morganza floodway and to construct said Morganza floodway. Said Morganza floodway may, within the discretion of the Chief of Engineers, be modified as to its design and in-flow.

The said Morganza floodway may be initiated and constructed without delay; and the United States may, within the discretion of the Chief of Engineers, irrespective of other provisions of law, proceed to the acquisition of flowage rights and flowage easements in the Eudora floodway, and to its construction as authorized by existing law: *Provided*, That the intakes of such Eudora floodway shall include an automatic masonry weir with its sill at such an elevation that it will not be overtopped by stages other than those capable of producing a stage of fifty-one feet or over on the Vicksburg gage: *Provided further*, That a fuseplug levee loop may be con-

structed behind said sill to prevent flow into the floodway until the predicted flood exceeds the safe capacity of the main river leveed channel, with a free-board of at least three feet, but said fuseplug levee may be artificially breached when in the opinion of the Chief of Engineers such breaching is advisable to insure the safety of the main river controlling levee line: *Provided further*, That the authority to acquire lands, flowage rights, and easements for floodways shall be confined to the floodways proper and to the northward extension of Eudora: *Provided further*, That within the discretion of the Chief of Engineers, the guide line levees of the Eudora floodway may be extended south toward Old River: *Provided further*, That the Chief of Engineers is authorized to construct the said Eudora floodway at such location as he may determine, in the vicinity of Eudora. The United States may, within the discretion of the Chief of Engineers irrespective of other provisions of law, proceed to acquire flowage rights and flowage easements in the northward extension of the Eudora floodway, as authorized by existing law, provided that pending the completion of such northward extension all the Riverside fuseplug levee extending south from the vicinity of Yancopin to the vicinity of Vau Cluse, Arkansas, and so as to connect with the existing levee of 1928 grade and section, shall be reconstructed to the 1914 grade and 1928 section: *Provided further*, That if the back protection levee is constructed prior to the construction of Eudora floodway, it shall be connected with the main Mississippi River levee and subsequently connected with the Eudora floodway when constructed: *Provided further*, That the Chief of Engineers is authorized, in his discretion, to negotiate options, make agreements and offers with respect to lands, flowage rights, easements, and rights-of-way involved, as provided by law, at prices deemed reasonable by him.

The United States, irrespective of other provisions of law, may, within the discretion of the Chief of Engineers, acquire flowage easements over all lands not subject to frequent overflow in the Atchafalaya Basin below the latitude of Krotz Springs.

Said Morganza floodway shall not be operated until the Wax Lake outlet has been put into operative condition.

The fuseplug levees at the head of the Atchafalaya Basin on the east side of the Atchafalaya River shall be reconstructed to the 1928 grade and section.

The United States may, in the discretion of the Chief of Engineers, acquire all flowage rights, flowage easements, rights-of-way for levee foundations, and titles in fee simple as herein provided, either by voluntary acquisition or in accordance with the condemnation proceedings by the Secretary of the Army as provided for in section 702d of this title.

In the event the United States acquires or owns title to any lands in fee simple under the provisions of sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, 702m, and 704 of this title, as amended and supplemented, the United States may retain the ownership thereof, or any part thereof instead of turning over such lands to the ownership of States or local inter-

ests as provided in section 702d of this title, and may lease such lands: *Provided*, That 25 per centum of all moneys received and deposited in the Treasury of the United States during any fiscal year on account of such leases shall be paid, at the end of such year, by the Secretary of the Treasury to the State in which such property is situated, to be expended as the State legislature may prescribe for the benefit of the public schools and public roads of the county or counties in which such property is situated: *Provided further*, That when such property is situated in more than one State or county the distributive share to each from the proceeds of such property shall be proportional to its area therein: *Provided further*, That no part of the appropriations herein or heretofore authorized for said Morganza and Eudora floodways and extension shall be used for any other purpose.

(June 15, 1936, ch. 548 (pt.), as added June 28, 1938, ch. 795, § 4, 52 Stat. 1220; amended July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501.)

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

EFFECT OF AMENDMENT

Act June 28, 1938, provided that, except as amended therein, the act of May 15, 1928, ch. 569, 45 Stat. 534, as amended by the act of June 15, 1936, as amended, should remain in full force and effect. Act May 15, 1928, is classified to sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, 702m, and 704 of this title.

ABANDONMENT AND REPEAL OF PROJECTS

For abandonment of Boeuf Floodway and Eudora Floodway as well as Northward Extension and back protection levee extending from head of Eudora Floodway north to Arkansas River and repeal of provisions relating to prosecution of work, see section 702a-12 of this title.

§ 702a-12. Modified Lower Mississippi River project as of August 18, 1941

(a) Alluvial valley, Mississippi River; Yazoo Basin levees; abandonment of Boeuf and Eudora Floodways and Northward Extension

The existing engineering plan for flood control in the alluvial valley of the Mississippi River is modified so as to provide for the construction of plan 4 as set forth in the report of the Mississippi River Commission, dated March 7, 1941, to the Chief of Engineers, except that the levees in the Yazoo Basin on the east bank of the Mis-

Mississippi River south of the Coahoma-Bolivar County line in said plan shall have a three foot freeboard over the project flood, and all levees shall be constructed with adequate section and foundation to conform to increased levee heights. The Boeuf Floodway in the project adopted by sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, 702m, and 704 of this title, and the Eudora Floodway as well as the Northward Extension and the back protection levee extending from the head of the said Eudora Floodway north to the Arkansas River in the project adopted by sections 642a, 702a-1, 702a-2 to 702a-12, 702g-1, 702j-1, 702j-2, 702k-1, and 702k-2 of this title, are abandoned, and the provisions of said sections relating to the prosecution of work on said floodways and extension are repealed; except that the Ouachita River Levees, Louisiana, authorized by section 702a of this title, shall remain as a component of the Mississippi River and Tributaries Project and afforded operation and maintenance responsibilities as provided under section 702c of this title.

(b) Yazoo River project

The project for flood control of the Yazoo River shall be as authorized by sections 642a, 702a-1, 702a-2 to 702a-12, 702g-1, 702j-1, 702j-2, 702k-1, and 702k-2 of this title, except that the Chief of Engineers may, in his discretion, from time to time, substitute therefor combinations of reservoirs, levees, and channel improvements; and except that the extension of the authorized project and improvements contemplated in plan C of the report of March 7, 1941, of the Mississippi River Commission are authorized, including the extension of the levee on the east bank of the Mississippi River generally along the west bank of the Yazoo River to a connection in the vicinity of Yazoo City with the Yazoo River levee, authorized by the existing project for protection against headwater floods of the Yazoo River system, and the adjustment in the discretion of the Chief of Engineers of the grades of the existing levees in the backwater area on the east bank of Yazoo River below Yazoo City, all at an estimated additional cost of \$11,982,000: *Provided*, That the Chief of Engineers shall fix the grade of the extension levees along the Yazoo River, with higher levees in his discretion, so that their construction will give the maximum practical protection without jeopardizing the safety and integrity of the main Mississippi River levees: *And provided further*, That prior to the beginning of construction local authorities shall furnish satisfactory assurances that they will (1) maintain the levees in accordance with the provisions of section 702c of this title, and will (2) not raise the levees in the backwater above the limiting elevations established therefor by the Chief of Engineers.

(c) Tensas-Cocodrie backwater area

In the development of the authorized project, the construction of a levee and improvements contemplated in the report of March 7, 1941, of the Mississippi River Commission from the main-line levee on the west bank of the Mississippi River in the vicinity of Shaw, Louisiana, westward and northward to the vicinity of Newlight, Louisiana, for the protection of that part of the Red River backwater known as

the Tensas-Cocodrie area at an estimated cost of \$6,976,000 is authorized: *Provided*, That the Chief of Engineers shall fix the grade of said levee, with a higher levee in his discretion, so that its construction will give the maximum practical protection without jeopardizing the safety and integrity of the main Mississippi River levees: *And provided further*, That prior to the beginning of construction local authorities shall furnish satisfactory assurances that they will (1) maintain the levee in accordance with the provisions of section 702c of this title, and will (2) not raise the said levee above the limiting elevations established therefor by the Chief of Engineers: *Provided further*, That subject to the foregoing conditions of local cooperation the Chief of Engineers may in his discretion substitute other levees and appurtenant works for, or make such modifications of, the levees and improvements herein authorized for the protection of the Tensas-Cocodrie area as may be found after further investigation to afford protection to a larger area in the Red River Backwater at a total cost not to exceed \$29,000,000 and without jeopardizing the safety and integrity of the main Mississippi River levees and without preventing or jeopardizing the diversions contemplated in the adopted project through the Atchafalaya River and Atchafalaya Basin.

(d) Reimbursement of local authorities for certain expenses

The Chief of Engineers, with approval of the Secretary of the Army, shall reimburse local authorities for actual expenditures found by the Chief of Engineers to be reasonable, for providing at the request of the United States, in accordance with local legal procedure or custom, rights-of-way and flowage easements required for future setbacks of main-line Mississippi River levees.

(e) Saint Francis River

The existing engineering plan for flood control of the Saint Francis River is modified so as to permit the substitution for the suspended portions of the original project below Oak Donnick, Arkansas, of the construction of a ditch in Cross County, Arkansas, beginning in the vicinity of the outlet end of the existing Oak Donnick to Saint Francis Bay floodway and terminating in Saint Francis Bay about two miles north of Riverfront, including the construction of a highway bridge at State Highway Numbered 42 made necessary by the ditch construction: *Provided*, That local interests give assurances satisfactory to the Secretary of the Army that they will (1) provide without cost to the United States all lands, easements, and rights-of-way necessary for the construction; (2) hold and save the United States free from damages due to the construction works; and (3) maintain the works after completion in accordance with regulations prescribed by the Secretary of the Army.

(f) Bayou Rapides, Boeuf, and Cocodrie, Louisiana, improvements

In the development of the authorized project, the construction of improvements for Bayou Rapides, Boeuf, and Cocodrie, Louisiana, contemplated in the report dated March 24, 1941, of the Special Board of Officers at an estimated cost of \$2,600,000 is authorized.

(g) Increased authorizations for alluvial valley, Mississippi River

The total authorizations heretofore made for the flood control project of the alluvial valley of the Mississippi River shall not be increased by reason of any provision in this Act, except for the additional amounts necessary for the Yazoo and Red River backwater improvements, and any appropriations heretofore or hereafter made or authorized for said project as herein or heretofore modified may be expended upon any feature of the said project, notwithstanding any restrictions, limitations, or requirements of existing law: *Provided*, That funds hereafter expended for maintenance shall not be considered as reducing present remaining balances of authorizations.

(June 15, 1936, ch. 548 (pt.), as added Aug. 18, 1941, ch. 377, § 3, 55 Stat. 642; amended July 26, 1947, ch. 343, title II, § 205(a), 61 Stat. 501; May 17, 1950, ch. 188, title II, § 204(a), 64 Stat. 172; Pub. L. 110-114, title III, § 3013(b), Nov. 8, 2007, 121 Stat. 1109.)

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, § 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted “Title 10, Armed Forces” which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

APPLICATION OF 1950 INCREASE IN AUTHORIZATION CONTAINED IN SUBSEC. (c) TO OLD AND ATCHAFALAYA RIVERS PROJECT

Section 203 of act Sept. 3, 1954, ch. 1264, title II, 68 Stat. 1258, in addition to authorizing an amount of \$32,000,000 for control of the Old and Atchafalaya Rivers and a lock for navigation, provided in part that the \$15,000,000 increase in authorization by act May 17, 1950 in amending subsec. (c) of this section (see 1950 Amendment note above), should be applied to such project.

§ 702b. Local contribution toward cost of flood control work

It is declared to be the sense of Congress that the principle of local contribution toward the cost of flood control work, which has been incor-

porated in all previous national legislation on the subject, is sound, as recognizing the special interest of the local population in its own protection, and as a means of preventing inordinate requests for unjustified items of work having no material national interest. As a full compliance with this principle in view of the great expenditure estimated at approximately \$292,000,000, prior to May 15, 1928, made by the local interests in the alluvial valley of the Mississippi River for protection against the floods of that river; in view of the extent of national concern in the control of these floods in the interests of national prosperity, the flow of interstate commerce, and the movement of the United States mails; and, in view of the gigantic scale of the project, involving flood waters of a volume and flowing from a drainage area largely outside the States most affected, and far exceeding those of any other river in the United States, no local contribution to the project herein adopted is required.

§ 702c. Expenditures for construction work; conditions precedent; liability for damage from flood waters; condemnation proceedings; floodage rights

Except when authorized by the Secretary of the Army upon the recommendation of the Chief of Engineers, no money appropriated under authority of sections 702a and 702g of this title shall be expended on the construction of any item of the project until the States or levee districts have given assurances satisfactory to the Secretary of the Army that they will (a) maintain all flood-control works after their completion, except controlling and regulating spillway structures, including special relief levees; maintenance includes normally such matters as cutting grass, removal of weeds, local drainage, and minor repairs of main river levees; (b) agree to accept land turned over to them under the provisions of section 702d of this title; (c) provide without cost to the United States, all rights-of-way for levee foundations and levees on the main stem of the Mississippi River between Cape Girardeau, Missouri, and the Head of Passes.

No liability of any kind shall attach to or rest upon the United States for any damage from or by floods or flood waters at any place: *Provided, however*, That if in carrying out the purposes of sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, 702m, and 704 of this title it shall be found that upon any stretch of the banks of the Mississippi River it is impracticable to construct levees, either because such construction is not economically justified or because such construction would unreasonably restrict the flood channel, and lands in such stretch of the river are subjected to overflow and damage which are not now overflowed or damaged by

reason of the construction of levees on the opposite banks of the river it shall be the duty of the Secretary of the Army and the Chief of Engineers to institute proceedings on behalf of the United States Government to acquire either the absolute ownership of the lands so subjected to overflow and damage or floodage rights over such lands.

§ 702d. Flowage rights; condemnation proceedings; benefits to property

The United States shall provide flowage rights for additional destructive flood waters that will pass by reason of diversions from the main channel of the Mississippi River: *Provided*, That in all cases where the execution of the flood control plan herein adopted results in benefits to property such benefits shall be taken into consideration by way of reducing the amount of compensation to be paid.

The Secretary of the Army may cause proceedings to be instituted for the acquirement by condemnation of any lands, easements, or rights of way which, in the opinion of the Secretary of the Army and the Chief of Engineers, are needed in carrying out this project, the said proceedings to be instituted in the United States district court for the district in which the land, easement, or right of way is located. In all such proceedings the practice, pleadings, forms, and modes of proceedings shall conform as near as may be to the practice, pleadings, forms, and proceedings existing at the time in like causes in the courts of record of the State within which such district court is held, any rule of the court to the contrary notwithstanding. When the owner of any land, easement, or right of way shall fix a price for the same which, in the opinion of the Secretary of the Army is reasonable, he may purchase the same at such price; and the Secretary of the Army is also authorized to accept donations of lands, easements, and rights of way required for this project. The provisions of sections 594 and 595 of this title are made applicable to the acquisition of lands, easements, or rights of way needed for works of flood control: *Provided*, That any land acquired under the provisions of this section shall be turned over without cost to the ownership of States or local interests.

§ 702d-1. Bonnet Carre Spillway and Floodway; rights-of-way, etc., over lands

The proviso in section 702d of this title "That any land acquired under the provisions of this section shall be turned over without cost to the ownership of States or local interests," shall not apply to the lands heretofore acquired or that may be hereafter acquired in connection with the construction, maintenance, or operation of the Bonnet Carre Spillway and Floodway. The Secretary of the Army is authorized to grant to any citizen, association, railroad, or other corporation, State or public agency thereof, rights-of-way, easements, and permits, over, across, in, and upon said lands for railway, highway, telephone, telegraph, and pipe-line crossings, and other purposes. The grants issued in pursuance of this authority shall be under such terms and conditions as the Secretary of the Army may deem advisable for the protection of the public interests, and may be perpetual or temporary in his discretion.

CHANGE OF NAME

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 702h. Prosecution of project by Mississippi River Commission; president of commission; salaries

The project herein authorized shall be prosecuted by the Mississippi River Commission under the direction of the Secretary of the Army and supervision of the Chief of Engineers and subject to the provisions of sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, 702m, and 704 of this title. It shall perform such functions and through such agencies as they shall designate after consultation and dis-

cussion with the president of the commission. For all other purposes the existing laws governing the constitution and activities of the commission shall remain unchanged. The commission shall make inspection trips of such frequency and duration as will enable it to acquire first-hand information as to conditions and problems germane to the matter of flood control within the area of its jurisdiction; and on such trips of inspection ample opportunity for hearings and suggestions shall be afforded persons affected by or interested in such problems. The president of the commission shall be the executive officer thereof and shall have the qualifications prescribed by law on May 15, 1928, for the Assistant Chief of Engineers, shall have the title brigadier general, Corps of Engineers, and shall have the rank, pay, and allowances of a brigadier general while actually assigned to such duty: *Provided*, That the incumbent of the office on May 15, 1928, may be appointed a brigadier general of the Army, retired, and shall be eligible for the position of president of the commission if recalled to active service by the President under the provisions of existing law.

The official salary of any officer of the United States Army or other branch of the Government appointed or employed under sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, 702m, and 704 of this title shall be deducted from the amount of salary or compensation provided by, or which shall be fixed under, the terms of such sections.

Editorial Notes

CODIFICATION

Section has been transferred to section 642a of this title.

§ 702i. Certain sections applicable to property and rights acquired or constructed

The provisions of sections 407, 408, 411, 412, and 413 of this title are made applicable to all lands, waters, easements, and other property and rights acquired or constructed under the provisions of sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, 702m, and 704 of this title.

(May 15, 1928, ch. 569, §9, 45 Stat. 537.)

§ 702j. Projects relating to tributary streams; report to Congress; appropriation

It is the sense of Congress that the surveys of the Mississippi River and its tributaries, authorized pursuant to the Act of January 21, 1927 [ch. 47, 44 Stat. 1010], and House Document Numbered 308, Sixty-ninth Congress, first session, be prosecuted as speedily as practicable, and the Secretary of the Army, through the Corps of Engineers, United States Army, is directed to prepare and submit to Congress at the earliest practicable date projects for flood control on all tributary streams of the Mississippi River system subject to destructive floods which projects shall include: The Red River and tributaries, the Yazoo River and tributaries, the White River and tributaries, the Saint Francis River and tributaries, the Arkansas River and tributaries, the Ohio River and tributaries, the Missouri River and tributaries, and the Illinois River and tributaries; and the reports thereon, in addition to the surveys provided by said House Document 308, Sixty-ninth Congress, first session, shall include the effect on the subject of further flood control of the lower Mississippi River to be attained through the control of the flood waters in the drainage basins of the tributaries by the establishment of a reservoir system; the benefits that will accrue to navigation and agriculture from the prevention of erosion and siltage entering the stream; a determination of the capacity of the soils of the district to receive and hold waters from such reservoirs; the prospective income from the disposal of reservoir waters; the extent to which reservoir waters may be made available for public and private uses; and inquiry as to the return flow of waters placed in the soils from reservoirs, and as to their stabilizing effect on stream flow as a means of preventing erosion, siltage, and improving navigation: *Provided*, That before transmitting such reports to Congress the same shall be presented to the Mississippi River Commission, and its conclusions and recommendations thereon shall be

transmitted to Congress by the Secretary of the Army with his report.

The sum of \$5,000,000 is authorized to be used out of the appropriation authorized in section 702a of this title, in addition to amounts authorized in the River and Harbor Act of January 21, 1927 [ch. 47, 44 Stat. 1010], to be expended under the direction of the Secretary of the Army and the supervision of the Chief of Engineers for the preparation of the flood-control projects authorized to be submitted to Congress under this section: *Provided further*, That the flood surveys herein provided for shall be made simultaneously with the flood-control work on the Mississippi River provided for in sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, 702m, and 704 of this title: *And provided further*, That the President shall proceed to ascertain through the Secretary of Agriculture and such other agencies as he may deem proper, the extent to and manner in which the floods in the Mississippi Valley may be controlled by proper forestry practice.

(May 15, 1928, ch. 569, §10, 45 Stat. 538; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

TRANSFER OF FUNCTIONS

For transfer of functions of other officers, employees, and agencies of Department of Agriculture, with certain exceptions, to Secretary of Agriculture, with power to delegate, see Reorg. Plan No. 2 of 1953, §1, eff. June 4, 1953, 18 F.R. 3219, 67 Stat. 633, set out in the Appendix to Title 5, Government Organization and Employees.

§ 702j-1. Saint Francis and Yazoo Rivers; lands and easements; alteration of highways; cooperation of States

(1) Neither of the projects for the flood control of the Saint Francis River or the Yazoo River, authorized by sections 642a, 702a-1, 702a-2 to 702a-12, 702g-1, 702j-1, 702j-2, 702k-1, and 702k-2 of this title, shall be undertaken until the States, or other qualified agencies, shall have furnished

satisfactory assurances that they will undertake, without cost to the United States, all alterations of highways made necessary because of the construction of the authorized reservoirs, and meet all damages because of such highway alterations, and have agreed also to furnish without cost to the United States all lands and easements necessary to the construction of levees and drainage ditches constructed under this project: *Provided*, That the reservoirs for control of headwater flow of the Yazoo River system may be located by the Chief of Engineers, in his discretion: *And provided further*, That the Chief of Engineers may, in his discretion, substitute levees, floodways, or auxiliary channels, or any or all of them, for any or all of the seven detention reservoirs recommended in his report of February 12, 1935, for the control of floods of the Yazoo River: *And provided further*, That the Chief of Engineers, with the approval of the Secretary of the Army, may modify the project for the flood control of the Saint Francis River as recommended in said report, to include therein the construction of a detention reservoir for the reduction of floods, and the acquisition at the cost of the United States of all lands and flowage necessary to the construction of said reservoir except flowage of highways: *Provided further*, That the estimated cost to the United States of the project is not increased by reason of such detention reservoir.

(2) The Chief of Engineers may, in his discretion, modify the project for the control of floods on the Yazoo River, as authorized by paragraph (1) of this section, to substitute therefor a combined reservoir floodway and levee plan: *Provided*, That the total cost thereof does not exceed the present authorization as estimated in House Committee on Flood Control Document Numbered 1, Seventy-fourth Congress, first session: *Provided further*, That the modified project shall be subject to the following conditions of local cooperation:

No work shall be undertaken until the States or other qualified agencies have furnished satisfactory assurances that they will—

(a) undertake, without cost to the United States, all alterations of highways made necessary because of the construction of reservoirs and meet all damages because of such highway alterations; and

(b) furnish, without cost to the United States, all lands and easements necessary to the construction of levees and drainage ditches.

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July

26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 702j-2. White River Levee District; rights-of-way; drainage facilities; flowage rights; acquisition by local authorities; protection of United States from liability for damages

The Chief of Engineers, under the supervision of the Secretary of the Army, shall at the expense of the United States Government construct a system of levees substantially in accordance with general plan shown on map designated as sheet numbered 1 entitled "Tributary Levee Location Survey—White River Levee District—Proposed Levee Location" accompanying report dated April 2, 1925, and filed in office of First and Second Mississippi River Commission Districts, Memphis, Tennessee. The Chief of Engineers shall have the right to alter, change, or modify said plan as to the grades and levee sections: *Provided, however*, That no work shall be commenced on the above-mentioned project until the State, levee boards, or other responsible local interests have given assurances satisfactory to the Secretary of the Army that they will (a) provide without cost to the United States all rights-of-way necessary for the construction of said project; (b) provide drainage facilities made necessary by construction of levees; (c) acquire and provide without cost to the United States all flowage and storage rights and easements over, upon, and across the lands and properties within the protected area in the event it becomes necessary in the judgment and discretion of the Secretary of the Army or the Chief of Engineers to use said area, or any part thereof, for an emergency reservoir; (d) hold and save the United States free from liability for damages on account of the use of said area for reservoir purposes during said emergency.

§ 702k. Surveys below Cape Girardeau, Missouri; resurvey of levee in Tennessee

The Secretary of the Army shall cause the Mississippi River Commission to make an examination and survey of the Mississippi River below Cape Girardeau, Missouri, (a) at places where levees have prior to May 15, 1928, been constructed on one side of the river and the lands on the opposite side have been thereby subjected to greater overflow, and were, without unreasonably restricting the flood channel, levees can be constructed to reduce the extent of

this overflow, and where the construction of such levees is economically justified, and report thereon to the Congress as soon as practicable with such recommendations as the commission may deem advisable; (b) with a view to determining the estimated effects, if any, upon lands lying between the river and adjacent hills by reason of overflow of such lands caused by the construction of levees at other points along the Mississippi River, and determining the equities of the owners of such lands and the value of the same, and the commission shall report thereon to the Congress as soon as practicable with such recommendation as it may deem advisable: *Provided*, That inasmuch as the Mississippi River Commission made a report on the 26th day of October 1912, recommending a levee to be built from Tiptonville, Tennessee, to the Obion River in Tennessee, the said Mississippi River Commission is authorized to make a resurvey of said proposed levee and a relocation of the same if necessary, and if such levee is found feasible, and is approved by the board created in section 702a of this title, and by the President the same shall be built out of appropriations made after May 15, 1928.

Department of War designated Department of the Army and title of Secretary of War changed to Secretary of the Army by section 205(a) of act July 26, 1947, ch. 343, title II, 61 Stat. 501. Section 205(a) of act July 26, 1947, was repealed by section 53 of act Aug. 10, 1956, ch. 1041, 70A Stat. 641. Section 1 of act Aug. 10, 1956, enacted "Title 10, Armed Forces" which in sections 3010 to 3013 continued Department of the Army under administrative supervision of Secretary of the Army.

§ 702k-1. Authorization of appropriation

\$272,000,000 is authorized to be appropriated for the carrying out of the modified adopted project, and all unexpended balances of appropriations heretofore made for the prosecution of said flood-control project are made available for the purposes of sections 642a, 702a-1, 702a-2 to 702a-12, 702g-1, 702j-1, 702j-2, 702k-1, and 702k-2 of this title.

(June 15, 1936, ch. 548, §13, 49 Stat. 1513.)

§ 702k-2. Separability

If any provision of sections 642a, 702a-1, 702a-2 to 702a-12, 702g-1, 702j-1, 702j-2, and 702k-1 of this title, or the application thereof, to any person or circumstances, is held invalid, the remainder of the said sections, and the application of such provisions to other persons or circumstances, shall not be affected thereby.

(June 15, 1936, ch. 548, §14, 49 Stat. 1513.)

§ 702l. Repeal of inconsistent laws

All laws or parts of laws inconsistent with sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, and 702k of this title, are repealed.

(May 15, 1928, ch. 569, §12, 45 Stat. 539.)

§ 702m. Interest of Members of Congress in contracts for acquisition of land

In every contract or agreement to be made or entered into for the acquisition of land either by private sale or condemnation as in sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, 702m, and 704 of this title provided the provisions contained in section 6306(a) of title 41 shall be applicable.

(May 15, 1928, ch. 569, §14, 45 Stat. 539.)

Editorial Notes

CODIFICATION

In text, "section 6306(a)" substituted for "section 3741 of the Revised Statutes being section 22 of title 41 of the United States Code" on authority of Pub. L. 111-350, §6(c), Jan. 4, 2011, 124 Stat. 3854, which Act enacted Title 41, Public Contracts.

§ 702n. Levee rights-of-way; payment or reimbursement for

The Secretary of the Army is authorized, out of any money available for carrying out the provisions of sections 702a, 702b to 702d, 702e to 702g, 702h, 702i, 702j, 702k, 702l, 702m, and 704 of this title, to purchase from, or to reimburse States or local levee districts for the cost of, any levee rights-of-way or easements for the building of levees in the Mississippi Valley for which the United States was or is under obligation to pay under the provisions of said sections regardless of whether said States or local levee districts have furnished such rights-of-way in the past and regardless of the conditions under which such levee rights-of-way were furnished, or may be furnished in the future: *Provided*, That after careful investigation the prices are found to be reasonable: *And provided further*, That payments or reimbursements for levee rights-of-way or easements conveying the privilege of building levees may be made as soon as they have been acquired in conformity with local custom or legal procedure in such matters and to the satisfaction of the Chief of Engineers.

(Apr. 23, 1934, ch. 159, 48 Stat. 607; July 26, 1947, ch. 343, title II, §205(a), 61 Stat. 501.)

§ 703. Sacramento River, California

[FLOOD-CONTROL WORKS AUTHORIZED.] For controlling the floods, removing the debris, and continuing the improvement of the Sacramento River, California, in accordance with the plans of the California Débris Commission, the Secretary of the Army is authorized and directed to carry on continuously, by hired labor or otherwise, the plan of said commission contained in its report submitted August 10, 1910, and printed in House Document Numbered 81, Sixty-second Congress, first session, as modified by the report of said commission submitted February 8, 1913, approved by the Chief of Engineers of the United States Army and the Board of Engineers for Rivers and Harbors, and printed in Rivers and Harbors Committee Document Numbered 5, Sixty-third Congress, first session, insofar as said plan provides for the rectification and enlargement of river channels and the construction of weirs, to be paid for as appropriations may from time to time be made by law, not to exceed in the aggregate \$5,600,000: *Provided*, That not more than \$1,000,000 shall be expended therefor during any one fiscal year.

[LIMITATION ON EXPENDITURE OF APPROPRIATIONS GENERALLY.] (a) All money appropriated under authority of this section shall be expended under the direction of the Secretary of the Army, in accordance with the plans, specifications, and recommendations of the California Débris Commission, as approved by the Chief of Engineers, for the control of floods, removal of debris, and the general improvement of the Sacramento River: *Provided*, That no money shall be expended under authority of this section until assurances have been given satisfactory to the Secretary of the Army (a) that the State of California will contribute annually for such work a sum equal to such sum as may be expended annually therefor by the United States under authority of this section; (b) that such

equal contributions by the State of California will continue annually until the full equal share of the cost of such work shall have been contributed by said State; and (c) that the river levees contemplated in the report of the California Débris Commission, dated August 10, 1910, will be constructed to such grade and section and within such time as may be required by said commission: *Provided further*, That said State shall not be required to expend for such work, for any one year, a sum larger than that expended thereon by the United States during the same year: *And provided further*, That the total contributions so required of the State of California shall not exceed in the aggregate \$5,600,000.

[EXPENDITURE OF CONTRIBUTIONS BY STATE OF CALIFORNIA; ACQUISITION OF SITES, EASEMENTS, ETC.] (b) All money contributed by the State of California, as herein provided, shall be expended under the direction of the California Débris Commission and in such manner as it may require or approve, and no money appropriated under authority of this section shall be expended in the purchase of or payment for any right-of-way, easement, or land acquired for the purposes of this improvement, but all such rights-of-way, easements, and lands shall be provided free of cost to the United States: *Provided*, That no money paid or expense incurred therefor shall be computed as a part of the contribution of the State of California toward the work of improvement herein provided for within the meaning of paragraph (a) of this section.

[MAINTENANCE OF WORKS FOR FLOOD CONTROL BY STATE OF CALIFORNIA.] (c) Upon the completion of all works for flood control herein authorized the said works shall be turned over to the State of California for maintenance thereafter; but for all other purposes the United States shall retain such control over the same as it may have the right to exercise upon such completion.

SECTION AS UNAFFECTED BY SUBMERGED LANDS ACT

Provisions of this section as not amended, modified or repealed by the Submerged Lands Act, see section 1303 of Title 43, Public Lands.

§ 709a. Information on floods and flood damage**(a) Compilation and dissemination**

In recognition of the increasing use and development of the flood plains of the rivers of the United States and of the need for information on flood hazards to serve as a guide to such development, and as a basis for avoiding future flood hazards by regulation of use by States and political subdivisions thereof, and to assure that

Federal departments and agencies may take proper cognizance of flood hazards, the Secretary of the Army, through the Chief of Engineers, is hereby authorized to compile and disseminate information on floods and flood damages, including identification of areas subject to inundation by floods of various magnitudes and frequencies, and general criteria for guidance of Federal and non-Federal interests and agencies in the use of flood plain areas; and to provide advice to other Federal agencies and local interests for their use in planning to ameliorate the flood hazard, to avoid repetitive flooding impacts, to anticipate, prepare, and adapt to changing climatic conditions and extreme weather events, and to withstand, respond to, and recover rapidly from disruption due to the flood hazards. Surveys and guides will be made for States and political subdivisions thereof only upon the request of a State or a political subdivision thereof, and upon approval by the Chief of Engineers, and such information and advice provided them only upon such request and approval.

(b) Flood prevention coordination

The Secretary shall coordinate with the Administrator of the Federal Emergency Management Agency and the heads of other Federal agencies to ensure that flood control projects and plans are complementary and integrated to the extent practicable and appropriate.

(c) Fees

The Secretary of the Army is authorized to establish and collect fees from Federal agencies and private persons for the purpose of recovering the cost of providing services pursuant to this section. Funds collected pursuant to this section shall be deposited into the account of the Treasury of the United States entitled "Contributions and Advances, Rivers and Harbor, Corps of Engineers (8862)" and shall be available until expended to carry out this section. No fees shall be collected from State, regional, or local governments or other non-Federal public agencies for services provided pursuant to this section, but the Secretary of the Army may accept funds voluntarily contributed by such entities for the purpose of expanding the scope of the services requested by the entities.

(d) Fiscal year limitation on expenditures

The Secretary of the Army is authorized to expend not to exceed \$50,000,000 per fiscal year for the compilation and dissemination of information under this section.

§ 709c. Emergency communication of risk**(a) Definitions**

In this section:

(1) Affected government

The term “affected government” means a State, local, or tribal government with jurisdiction over an area that will be affected by a flood.

(2) Annual operating plan

The term “annual operating plan” means a plan prepared by the Secretary that describes potential water condition scenarios for a river basin for a year.

(b) Communication

In any river basin where the Secretary carries out flood risk management activities subject to an annual operating plan, the Secretary shall establish procedures for providing the public and affected governments, including Indian tribes, in the river basin with—

- (1) timely information regarding expected water levels;
- (2) advice regarding appropriate preparedness actions;
- (3) technical assistance; and
- (4) any other information or assistance determined appropriate by the Secretary.

(c) Public availability of information

To the maximum extent practicable, the Secretary, in coordination with the Administrator of the Federal Emergency Management Agency, shall make the information required under subsection (b) available to the public through widely used and readily available means, including on the Internet.

(d) Procedures

The Secretary shall use the procedures established under subsection (b) only when precipitation or runoff exceeds those calculations considered as the lowest risk to life and property contemplated by the annual operating plan.

(Pub. L. 113-121, title III, § 3027, June 10, 2014, 128 Stat. 1305.)

TRANSFER OF FUNCTIONS

“Commandant of the Coast Guard” substituted in text for “Light-House Board” on authority of sections 6 and 13 of act June 17, 1910, which abolished the board and transferred its powers and duties to the Commissioner of Lighthouses, who was the head of the Bureau of Lighthouses. Said sections 6 and 13 were repealed by section 20 of act Aug. 4, 1949, section 1 of which reestablished the Coast Guard by enacting Title 14, Coast Guard. Section 2(a) of Reorg. Plan No. II of 1939, set out in the Appendix to Title 5, Government Organization and Employees, consolidated the Bureau of Lighthouses with the Coast Guard, the Chief of which is the Commandant of the Coast Guard.

For transfer of functions of other officers, employees, and agencies of Department of the Treasury, with certain exceptions, to Secretary of the Treasury with power to delegate, see Reorg. Plan No. 26 of 1950, §§1, 2, eff. July 31, 1950, 15 F.R. 4935, 64 Stat. 1280, 1281, set out in the Appendix to Title 5. Functions of Coast Guard, and Commandant of Coast Guard, were excepted from transfer when Coast Guard is operating as part of Navy under former sections 1 and 3 (now 101 and 103) of Title 14, Coast Guard.

Coast Guard transferred to Department of Transportation, and all functions, powers, and duties relating to Coast Guard of Secretary of the Treasury and of other officers and offices of Department of the Treasury transferred to Secretary of Transportation by Pub. L. 89-670, §6(b)(1), Oct. 15, 1966, 80 Stat. 938. Section 6(b)(2) of Pub. L. 89-670, however, provided that notwithstanding such transfer of functions, Coast Guard shall operate as part of Navy in time of war or when President directs as provided in former section 3 (now 103) of Title 14. See section 108 of Title 49, Transportation.

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

TRANSFER OF FUNCTIONS

“Coast Guard” substituted in text for “Lighthouse Service” on authority of Reorg. Plan No. II of 1939, § 2(a), set out in the Appendix to Title 5, Government Organization and Employees, which transferred and consolidated Bureau of Lighthouses, of which Lighthouse Service was a part, with Coast Guard.

For transfer of functions of other officers, employees, and agencies of Department of the Treasury, with certain exceptions, to Secretary of the Treasury with power to delegate, see Reorg. Plan No. 26 of 1950, §§ 1, 2, eff. July 31, 1950, 15 F.R. 4935, 64 Stat. 1280, 1281, set out in the Appendix to Title 5, Functions of Coast Guard, and Commandant of Coast Guard, were excepted from transfer when Coast Guard is operating as part of Navy under former sections 1 and 3 (now 101 and 103) of Title 14, Coast Guard.

Coast Guard transferred to Department of Transportation, and all functions, powers, and duties relating to Coast Guard of Secretary of the Treasury and of other officers and offices of Department of the Treasury transferred to Secretary of Transportation by Pub. L. 89–670, § 6(b)(1), Oct. 15, 1966, 80 Stat. 938. Section 6(b)(2) of Pub. L. 89–670, however, provided that notwithstanding such transfer of functions, Coast Guard shall operate as part of Navy in time of war or when President directs as provided in former section 3 (now 103) of Title 14. See section 108 of Title 49, Transportation.

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§ 749. Repealed. Aug. 4, 1949, ch. 393, § 20, 63 Stat. 561

Section, acts July 27, 1912, ch. 255, § 2, 37 Stat. 239; Mar. 4, 1913, ch. 141, § 1, 37 Stat. 736, related to reimbursement of lighthouse keepers for clothing, etc., furnished shipwrecked persons. See section 2777 of Title 14, Coast Guard.

TRANSFER OF FUNCTIONS

Coast and Geodetic Survey consolidated with Weather Bureau to form a new agency in Department of Commerce to be known as Environmental Science Services Administration, and offices of Director and Deputy Director of Coast and Geodetic Survey abolished, by Reorg. Plan No. 2 of 1965, eff. July 13, 1965, 30 F.R. 8819, 79 Stat. 1318, set out below. The Reorg. Plan also transferred to Secretary of Commerce all functions of Coast and Geodetic Survey and of its Director.

Reorg. Plan No. 4 of 1970, eff. Oct. 3, 1970, 35 F.R. 15627, 84 Stat. 2090, set out in the Appendix to Title 5, Government Organization and Employees, abolished Environmental Science Services Administration, including offices of Administrator and Deputy Administrator, and established National Oceanic and Atmospheric Administration within Department of Commerce. By Department Organization Order 25-5A, republished 39 F.R. 27486, July 29, 1974, Secretary of Commerce delegated to National Oceanic and Atmospheric Administration a number of functions vested in him, including his functions under this chapter of the Code. By order of Acting Associate Administrator, 35 F.R. 19249, Dec. 19, 1970, the following organizational names appearing in chapter IX of subtitle B of Title 15, Code of Federal Regulations, relating to the Administration, were changed: Environmental Science Services Administration to National Oceanic and Atmospheric Administration (ESSA to NOAA); Coast and Geodetic Survey to National Ocean Survey, and Weather Bureau to National Weather Service.

The functions of all officers of Department of Commerce and all functions of all officers and employees of such Department, were, with a few exceptions, transferred to Secretary of Commerce, with power vested in him to authorize their performance or the performance of any of his functions by any of such officers, agencies, and employees, by Reorg. Plan No. 5 of 1950, §§1, 2, eff. May 24, 1950, 15 F.R. 3174, 64 Stat. 1263, set out in the Appendix to Title 5, Government Organization and Employees. The Coast and Geodetic Survey was an agency within the Department of Commerce.

REORGANIZATION PLAN NO. 2 OF 1965

Eff. July 13, 1965, 30 F.R. 8819, 79 Stat. 1318, as amended Pub. L. 90-83, §10(c), Sept. 11, 1967, 81 Stat. 224

Prepared by the President and transmitted to the Senate and the House of Representatives in Congress assembled, May 13, 1965, pursuant to the provisions of the Reorganization Act of 1949, 63 Stat. 203, as amended [see 5 U.S.C. 901 et seq.].

**ENVIRONMENTAL SCIENCE SERVICES
ADMINISTRATION, DEPARTMENT OF COMMERCE**

SECTION 1. TRANSFER OF FUNCTIONS

All functions vested by law in the Weather Bureau, the Chief of the Weather Bureau, the Coast and Geodetic Survey, the Director of the Coast and Geodetic Survey, and any officer, employee, or organizational entity of that Bureau or Survey, and not heretofore transferred to the Secretary of Commerce, hereinafter referred to as the Secretary, are hereby transferred to the Secretary.

SEC. 2. ABOLITIONS

(a) The offices of Director of the Coast and Geodetic Survey, Deputy Director of the Coast and Geodetic Survey, and Chief of the Weather Bureau are hereby abolished. The Secretary shall make such provisions as he shall deem to be necessary respecting the winding up of any outstanding affairs of the officers whose offices are abolished by the provisions of this section.

(b) The abolitions effected by the provision of subsection (a) of this section shall exclude the abolition of rights to which the present incumbents of the abolished offices would be entitled under law upon the termination of their appointments.

**SEC. 3. ENVIRONMENTAL SCIENCE SERVICES
ADMINISTRATION**

(a) The Coast and Geodetic Survey and the Weather Bureau are hereby consolidated to form a new agency in the Department of Commerce which shall be known as the Environmental Science Services Administration, hereinafter referred to as the Administration.

(b) The Secretary shall from time to time establish such constituent organizational entities of the Administration, with such names, as he shall determine.

SEC. 4. OFFICERS OF THE ADMINISTRATION

(a) There shall be at the head of the Administration the Administrator of the Environmental Science Services Administration, hereinafter referred to as the Administrator. The Administrator shall be appointed by the President by and with the advice and consent of the Senate. He shall perform such functions as the Secretary may from time to time direct.

(b)(1) There shall be in the Administration a Deputy Administrator of the Environmental Science Services Administration, hereinafter referred to as the Deputy Administrator, who shall be appointed by the President by and with the advice and consent of the Senate, shall perform such functions as the Secretary may from time to time direct, and, unless he is compensated in pursuance of the provisions of paragraph (2), below, shall receive compensation in accordance with the Classification Act of 1949, as amended [chapter 51 and subchapter III of chapter 53 of Title 5, Government Organization and Employees].

(2) The office of Deputy Administrator may be filled at the discretion of the President by appointment (by and with the advice and consent of the Senate) from the active list of commissioned officers of the Administration in which case the appointment shall create a vacancy on the active list and while holding the office of Deputy Administrator the officer shall have rank, pay and allowances not exceeding those of a Vice Admiral.

(c) The Deputy Administrator of such other official of the Department of Commerce as the Secretary shall

from time to time designate shall act as Administrator during the absence or disability of the Administrator or in the event of a vacancy in the office of Administrator.

(d) At any one time, one principal constituent organizational entity of the Administration may, if the Secretary so elects, be headed by a commissioned officer of the Administration, who shall be designated by the Secretary. Such designation of an officer shall create a vacancy on the active list and while serving under this paragraph the officer shall have rank, pay and allowances not exceeding those of a Rear Admiral (upper half).

(e) Any commissioned officer of the Administration who has served as Deputy Administrator or has served in a rank above that of Captain as the head of a principal constituent organizational entity of the Administration, and is retired while so serving or is retired after the completion of such service while serving in a lower rank or grade, shall be retired with the rank, pay and allowances authorized by law for the highest grade and rank held by him; but any such officer, upon termination of his appointment in a rank above that of Captain, shall, unless appointed or assigned to some other position for which a higher rank or grade is provided, revert to the grade and number he would have occupied had he not served in a rank above that of Captain and such officer shall be an extra number in that grade. [As amended Pub. L. 90-83, §10(c), Sept. 11, 1967, 81 Stat. 224.]

SEC. 5. AUTHORITY OF THE SECRETARY

Nothing in this organization plan shall divert the Secretary of any function vested in him by law or by Reorganization Plan No. 5 of 1950 (64 Stat. 1263) [set out in the Appendix to Title 5, Government Organization and Employees] or in any manner derogate from any authority of the Secretary thereunder.

SEC. 6. PERSONNEL, PROPERTY, RECORDS AND FUNDS

(a) The personnel (including commissioned officers) employed in the Coast and Geodetic Survey, the personnel employed in the Weather Bureau, and the property and records held or used by the Weather Bureau or the Coast and Geodetic Survey shall be deemed to be transferred to the Administration.

(b) Unexpended balances of appropriations, allocations, and other funds available or to be made available in connection with functions now administered by the Weather Bureau or by the Coast and Geodetic Survey shall be available to the Administration hereunder in connection with those functions.

(c) Such further measures and dispositions as the Director of the Bureau of the Budget shall deem to be necessary in order to effectuate the foregoing provisions of this section shall be carried out in such manner as he shall direct and by such agencies as he shall designate.

SEC. 7. INTERIM OFFICERS

(a) The President may authorize any person who immediately prior to the effective date of this reorganization plan held a position in the executive branch of the Government to act as Administrator until the office of Administrator is for the first time filled pursuant to the provisions of this reorganization plan or by recess appointment, as the case may be.

(b) The President may similarly authorize any such person to act as Deputy Administrator.

(c) The President may authorize any person who serves in an acting capacity under the foregoing provisions of this section to receive the compensation attached to the office in respect to which he so serves. Such compensation, if authorized, shall be in lieu of, but not in addition to, other compensation from the United States to which such person may be entitled.

[The Environmental Science Services Administration in the Department of Commerce, including the offices of Administrator and Deputy Administrator thereof,

were abolished by Reorg. Plan No. 4 of 1970, eff. Oct. 3, 1970, 35 F.R. 15627, 84 Stat. 2090, which created the National Oceanic and Atmospheric Administration in the Department of Commerce and transferred the personnel, property, records, and unexpended balances of funds of the Environmental Science Services Administration to such newly created National Oceanic and Atmospheric Administration.]

MESSAGE OF THE PRESIDENT

To the Congress of the United States:

I transmit herewith Reorganization Plan No. 2 of 1965, prepared in accordance with the provisions of the Reorganization Act of 1949, as amended [see now section 901 et seq. of Title 5, Government Organization and Employees], and providing for the reorganization of two major agencies of the Department of Commerce: The Weather Bureau and the Coast and Geodetic Survey.

The reorganization plan consolidates the Coast and Geodetic Survey and the Weather Bureau to form a new agency in the Department of Commerce to be known as the Environmental Science Services Administration. It is the intention of the Secretary of Commerce to transfer the Central Radio Propagation Laboratory of the National Bureau of Standards to the Administration when the reorganization plan takes effect. The new Administration will then provide a single national focus for our efforts to describe, understand, and predict the state of the oceans, the state of the lower and upper atmosphere, and the size and shape of the earth.

Establishment of the Administration will mark a significant step forward in the continual search by the Federal Government for better ways to meet the needs of the Nation for environmental science services. The organizational improvements made possible by the reorganization plan will enhance our ability to develop an adequate warning system for the severe hazards of nature—for hurricanes, tornadoes, floods, earthquakes, and seismic sea waves, which have proved so disastrous to the Nation in recent years. These improvements will permit us to provide better environmental information to vital segments of the Nation's economy—to agriculture, transportation, communications, and industry, which continually require information about the physical environment. They will mean better services to other Federal departments and agencies—to those that are concerned with the national defense, the exploration of outer space, the management of our mineral and water resources, the protection of the public health against environmental pollution, and the preservation of our wilderness and recreation areas.

The new Administration will bring together a number of allied scientific disciplines that are concerned with the physical environment. The integration will better enable us to look at man's physical environment as a scientific whole and to seek to understand the interactions among air, sea, and earth and between the upper and lower atmosphere. It will facilitate the development of programs dealing with the physical environment and will permit better management of these programs. It will enhance our capability to identify and solve important long-range scientific and technological problems associated with the physical environment. The new Administration will, in consequence, promote a fresh sense of scientific dedication, discovery, and challenge, which are essential if we are to attract scientists and engineers of creativity and talent to Federal employment in this field.

The reorganization plan provides for an Administrator at the head of the Administration, and for a Deputy Administrator, each of whom will be appointed by the President by and with the advice and consent of the Senate. As authorized by the civil service and other laws and regulations, subordinate officers of the Administration will be appointed by the Secretary of Commerce or be assigned by him from among a corps of commissioned officers. The Administration will perform such functions as the Secretary of Commerce may delegate or otherwise assign to it and will be under his direction and control.

Commissioned officers of the Coast and Geodetic Survey will become commissioned officers of the Administration and may serve at the discretion of the Secretary of Commerce throughout the Administration. The reorganization plan authorizes the President at his discretion to fill the Office of Deputy Administrator by appointment, by and with the advice and consent of the Senate, from the active list of commissioned officers of the Administration.

The reorganization plan transmitted herewith abolishes—and thus excludes from the consolidation mentioned above—the offices of (1) Chief of the Weather Bureau, provided for in the act of October 1, 1890 (15 U.S.C. 312); (2) Director of the Coast and Geodetic Survey, provided for in the acts of June 4, 1920, and February 16, 1929, as amended (33 U.S.C. 852, 852a); and (3) Deputy Director of the Coast and Geodetic Survey, provided for in the act of January 19, 1942, as amended (33 U.S.C. 852b).

After investigation, I have found and hereby declare that each reorganization included in Reorganization Plan No. 2 of 1965 is necessary to accomplish one or more of the purposes set forth in section 2(a) of the Reorganization Act of 1949, as amended [see now section 901 of Title 5, Government Organization and Employees]. I have also found and hereby declare that by reason of the reorganizations made by the reorganization plan, it is necessary to include in the plan provisions for the appointment and compensation of the officers of the Administration set forth in section 4 of the reorganization plan. The rate of compensation fixed for each of these officers is that which I have found to prevail in respect of comparable officers in the executive branch of the Government.

In addition to permitting more effective management within the Department of Commerce, the new organization will ultimately produce economies. These economies will be of two types. The first, and probably the most significant, is the savings and avoidance of costs which will result from the sharing of complex and expensive facilities such as satellites, computers, communication systems, aircraft, and ships. These economies will increase in significance as developments in science and technology bring into being still more advanced equipment. Second, integration of the existing headquarters and field organizations will permit more efficient utilization of existing administrative staffs and thereby produce future economies. It is, however, impracticable to specify or itemize at this time the reductions of expenditures which it is probable will be brought about by the taking effect of the reorganizations included in the reorganization plan.

I recommend that the Congress allow the accompanying reorganization plan to become effective.

LYNDON B. JOHNSON.

CODIFICATION

Sections, which made provision for a Director of the Coast and Geodetic Survey and for a Deputy Director and covered their appointment, rank, pay, and allowances, have been omitted in view of 1965 Reorg. Plan No. 2, eff. July 13, 1965, 30 F.R. 8819, 79 Stat. 1318, set out as a note under section 851 of this title, which abolished such offices and transferred their functions to the Secretary of Commerce. For further details, see Trans-

fer of Functions note set out under section 851 of this title.

Section 852, acts June 4, 1920, ch. 228, §1, 41 Stat. 825; June 5, 1920, ch. 235, §1, 41 Stat. 929; Feb. 16, 1929, ch. 221, §5, 45 Stat. 1187; Mar. 18, 1936, ch. 147, 49 Stat. 1164, provided for the appointment and reappointment of the Director of the Coast and Geodetic Survey.

Section 852a, acts Feb. 16, 1929, ch. 221, §5, 45 Stat. 1187; Mar. 18, 1936, ch. 147, 49 Stat. 1164; June 3, 1948, ch. 390, §21(a), formerly §20(a), 62 Stat. 300; renumbered §21(a), Sept. 14, 1961, Pub. L. 87-233, §1(f), 75 Stat. 506, provided for the rank, pay, and allowances of the Director.

Section 852b, acts Jan. 19, 1942, ch. 6, §8, 56 Stat. 8; June 3, 1948, ch. 390, §21(b), formerly §20(b), 62 Stat. 300; renumbered §21(b), Sept. 14, 1961, Pub. L. 87-233, §1(f), 75 Stat. 506; June 21, 1955, ch. 172, §3(b), 69 Stat. 169; June 30, 1960, Pub. L. 86-554, §1, 74 Stat. 258, provided for the appointment, active and retired rank, pay, and allowances, of the Deputy Director of the Coast and Geodetic Survey.

§ 853. Power to settle claims

The Secretary of Commerce is authorized to consider, ascertain, adjust, and determine all claims for damages, where the amount of the claim does not exceed \$2,500, occasioned, subsequent to June 5, 1920, by acts for which the National Oceanic and Atmospheric Administration is responsible.

(June 5, 1920, ch. 256, 41 Stat. 1054; Pub. L. 93-608, §1(4), Jan. 2, 1975, 88 Stat. 1967; Pub. L. 98-176, Nov. 29, 1983, 97 Stat. 1124.)

Editorial Notes

AMENDMENTS

1983—Pub. L. 98-176 amended section generally, substituting “The Secretary of Commerce is” for “The Superintendent of the Coast and Geodetic Survey, subject to the approval of the Secretary of Commerce, is hereby”, “\$2,500” for “\$500”, and “the National Oceanic and Atmospheric Administration is responsible” for “the Coast and Geodetic Survey shall be found to be responsible”.

1975—Pub. L. 93-608 struck out reporting requirement to Congress of amounts ascertained and determined due for payment as legal claims out of Congressional appropriations.

Editorial Notes

PRIOR PROVISIONS

Provisions similar to that contained in this section, which established a National Advisory Committee on Oceans and Atmosphere with a membership of twenty-

five, were contained in section 857-6 of this title prior to repeal by section 7(a) of Pub. L. 95-63.

Statutory Notes and Related Subsidiaries

SHORT TITLE

For short title of Pub. L. 95-63, see section 1 of Pub. L. 95-63, set out as a note under section 851 of this title.

TRANSFER OF PERSONNEL, POSITIONS, RECORDS, AND FUNDS

Pub. L. 95-63, §7(b), July 5, 1977, 91 Stat. 267, provided that: "All personnel, positions, records, and unexpended balances of appropriations, allocations, and other funds employed, used, held, available, or to be made available in connection with the functions specified by the Act of August 16, 1971 [former sections 857-6 to 857-12 of this title] (establishing an advisory committee on oceans and atmosphere), are hereby transferred to the National Advisory Committee on Oceans and Atmosphere established by this Act [sections 857-13 to 857-18 of this title]. The personnel transferred under this subsection shall be so transferred without reduction in classification or compensation except, that after such transfer, such personnel shall be subject to reductions in classification or compensation in the same manner, to the same extent, and according to the same procedure as other employees of the United States classified and compensated according to the General Schedule in title 5, United States Code."

TERMINATION OF ADVISORY COMMITTEES

Advisory committees established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a committee established by the President or an officer of the Federal Government, such committee is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a committee established by the Congress, its duration is otherwise provided for by law. See section 14 of Pub. L. 92-463, Oct. 6, 1972, 86 Stat. 776, set out in the Appendix to Title 5, Government Organization and Employees.

§ 857-14. Membership

(a) Appointment and qualifications

The members of the Committee, who may not be full-time officers or employees of the United States, shall be appointed by the President. Members shall be appointed only from among individuals who are eminently qualified by way of knowledge and expertise in the following areas of direct concern to the Committee—

(1) one or more of the disciplines and fields included in marine science and technology, marine industry, marine-related State and local governmental functions, coastal zone management, or other fields directly appropriate for consideration of matters of ocean policy; or

(2) one or more of the disciplines and fields included in atmospheric science, atmospheric-related State and local governmental functions, or other fields directly appropriate for consideration of matters of atmospheric policy.

(b) Terms

(1) The term of office of a member of the Committee shall be 3 years; except that of the original appointees, 6 shall be appointed for a term to expire on July 1, 1979, 6 shall be appointed for a term to expire on July 1, 1980, and 6 shall be appointed for a term to expire on July 1, 1981.

(2) Any individual appointed to fill a vacancy occurring before the expiration of the term for which his or her predecessor was appointed shall be appointed only for the remainder of such term. No individual may be reappointed to the Committee for more than one additional 3-year term. A member may serve after the date of the expiration of the term of office for which appointed until his or her successor has taken office. The terms of office for members first appointed after July 5, 1977, shall begin on July 1, 1977.

(c) Chairman

The President shall designate one of the members of the Committee as the Chairman and one of the members as the Vice Chairman. The Vice Chairman shall act as Chairman in the absence or incapacity of, or in the event of a vacancy in the office of, the Chairman.

(d) Duties

The Committee shall—

(1) undertake a continuing review, on a selective basis, of national ocean policy, coastal zone management, and the status of the marine and atmospheric science and service programs of the United States; and

(2) advise the Secretary of Commerce with respect to the carrying out of the programs administered by the National Oceanic and Atmospheric Administration.

(Pub. L. 95-63, §3, July 5, 1977, 91 Stat. 265; Pub. L. 95-304, §1(1), June 29, 1978, 92 Stat. 347; Pub. L. 97-87, §1(1), Dec. 1, 1981, 95 Stat. 1134.)

Editorial Notes

PRIOR PROVISIONS

Provisions similar to those contained in this section, which related to membership, terms, and duties of the National Advisory Committee on Oceans and Atmosphere as originally established on Aug. 16, 1971, were contained in section 857-7 of this title prior to repeal by section 7(a) of Pub. L. 95-63.

AMENDMENTS

1981—Subsec. (b)(2). Pub. L. 97-87 struck out “, or until ninety days after such date, whichever is earlier” after “until his or her successor has taken office”.

1978—Subsec. (b)(1). Pub. L. 95-304 substituted provisions authorizing terms of members to expire on July 1, 1979, July 1, 1980, and July 1, 1981, respectively, for provisions authorizing terms of members to be for 1 year, 2 years, and 3 years, respectively.

Statutory Notes and Related Subsidiaries

TERMINATION OF ADVISORY COMMITTEES

Advisory committees established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a committee established by the President or an officer of the Federal Government, such committee is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a committee established by the Congress, its duration is otherwise provided for by law. See section 14 of Pub. L. 92-463, Oct. 6, 1972, 86 Stat. 776, set out in the Appendix to Title 5, Government Organization and Employees.

§ 857-15. Reports

(a) In general

The Committee shall submit an annual report to the President and to the Congress setting

forth an assessment, on a selective basis, of the status of the Nation's marine and atmospheric activities, and shall submit such other reports as may from time to time be requested by the President or the Congress.

(b) Review by Secretary

Each annual report shall also be submitted to the Secretary of Commerce, who shall, within 60 days after receipt thereof, transmit his or her comments and recommendations to the President and to the Congress.

(c) Annual report submittal

The annual report required under subsection (a) shall be submitted on or before June 30 of each year, beginning with June 30, 1978.

(Pub. L. 95-63, § 4, July 5, 1977, 91 Stat. 266.)

Editorial Notes

PRIOR PROVISIONS

A provision similar to that contained in this section, which required an annual report, beginning June 30, 1972, from the National Advisory Committee on Oceans and Atmosphere as originally established on Aug. 16, 1971, was contained in section 857-9 of this title prior to repeal by section 7(a) of Pub. L. 95-63.

Statutory Notes and Related Subsidiaries

TERMINATION OF REPORTING REQUIREMENTS

For termination, effective May 15, 2000, of provisions in subsec. (a) of this section relating to submitting an annual report to Congress and provisions in subsec. (b) of this section relating to annually transmitting comments and recommendations to Congress, see section 3003 of Pub. L. 104-66, as amended, set out as a note under section 1113 of Title 31, Money and Finance, and pages 50 and 177 of House Document No. 103-7.

TERMINATION OF ADVISORY COMMITTEES

Advisory committees established after Jan. 5, 1973, to terminate not later than the expiration of the 2-year period beginning on the date of their establishment, unless, in the case of a committee established by the President or an officer of the Federal Government, such committee is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a committee established by the Congress, its duration is otherwise provided for by law. See section 14 of Pub. L. 92-463, Oct. 6, 1972, 86 Stat. 776, set out in the Appendix to Title 5, Government Organization and Employees.

§ 857-16. Compensation and travel expenses

Members of the Committee shall each be entitled to receive compensation not to exceed the daily rate for a GS-18 for each day (including traveltime) during which they are engaged in the actual performance of the duties of the Committee. In addition, while away from their homes or regular places of business in the performance of the duties of the Committee, each member of the Committee shall be allowed travel expenses, including per diem in lieu of subsistence, in the same manner as persons employed intermittently in the Government service are allowed expenses under section 5703(b)¹ of title 5.

(Pub. L. 95-63, § 5, July 5, 1977, 91 Stat. 266; Pub. L. 97-87, § 1(2), Dec. 1, 1981, 95 Stat. 1134.)

NATIONAL OCEAN POLICY

Pub. L. 106-256, Aug. 7, 2000, 114 Stat. 644, as amended by Pub. L. 107-206, title I, § 206, Aug. 2, 2002, 116 Stat. 833; Pub. L. 107-372, title III, § 306, Dec. 19, 2002, 116 Stat. 3096, provided that:

“SECTION 1. SHORT TITLE.

“This Act may be cited as the ‘Oceans Act of 2000’.

“SEC. 2. PURPOSE AND OBJECTIVES.

“The purpose of this Act is to establish a commission to make recommendations for coordinated and comprehensive national ocean policy that will promote—

“(1) the protection of life and property against natural and manmade hazards;

“(2) responsible stewardship, including use, of fishery resources and other ocean and coastal resources;

“(3) the protection of the marine environment and prevention of marine pollution;

“(4) the enhancement of marine-related commerce and transportation, the resolution of conflicts among users of the marine environment, and the engagement of the private sector in innovative approaches for sustainable use of living marine resources and responsible use of non-living marine resources;

“(5) the expansion of human knowledge of the marine environment including the role of the oceans in climate and global environmental change and the advancement of education and training in fields related to ocean and coastal activities;

“(6) the continued investment in and development and improvement of the capabilities, performance, use, and efficiency of technologies for use in ocean and coastal activities, including investments and technologies designed to promote national energy and food security;

“(7) close cooperation among all government agencies and departments and the private sector to ensure—

“(A) coherent and consistent regulation and management of ocean and coastal activities;

“(B) availability and appropriate allocation of Federal funding, personnel, facilities, and equipment for such activities;

“(C) cost-effective and efficient operation of Federal departments, agencies, and programs involved in ocean and coastal activities; and

“(D) enhancement of partnerships with State and local governments with respect to ocean and coastal activities, including the management of ocean and coastal resources and identification of appropriate opportunities for policy-making and decision-making at the State and local level; and

“(8) the preservation of the role of the United States as a leader in ocean and coastal activities, and, when it is in the national interest, the cooperation by the United States with other nations and international organizations in ocean and coastal activities.

“SEC. 3. COMMISSION ON OCEAN POLICY.

“(a) ESTABLISHMENT.—There is hereby established the Commission on Ocean Policy. The Federal Advisory Committee Act (5 U.S.C. App.), except for sections 3, 7, and 12, does not apply to the Commission.

“(b) MEMBERSHIP.—

“(1) APPOINTMENT.—The Commission shall be composed of 16 members appointed by the President from

among individuals described in paragraph (2) who are knowledgeable in ocean and coastal activities, including individuals representing State and local governments, ocean-related industries, academic and technical institutions, and public interest organizations involved with scientific, regulatory, economic, and environmental ocean and coastal activities. The membership of the Commission shall be balanced by area of expertise and balanced geographically to the extent consistent with maintaining the highest level of expertise on the Commission.

“(2) NOMINATIONS.—The President shall appoint the members of the Commission, within 90 days after the effective date of this Act, including individuals nominated as follows:

“(A) 4 members shall be appointed from a list of 8 individuals who shall be nominated by the Majority Leader of the Senate in consultation with the Chairman of the Senate Committee on Commerce, Science, and Transportation.

“(B) 4 members shall be appointed from a list of 8 individuals who shall be nominated by the Speaker of the House of Representatives in consultation with the Chairmen of the House Committees on Resources [now Natural Resources], Transportation and Infrastructure, and Science [now Science, Space, and Technology].

“(C) 2 members shall be appointed from a list of 4 individuals who shall be nominated by the Minority Leader of the Senate in consultation with the Ranking Member of the Senate Committee on Commerce, Science, and Transportation.

“(D) 2 members shall be appointed from a list of 4 individuals who shall be nominated by the Minority Leader of the House in consultation with the Ranking Members of the House Committees on Resources [now Natural Resources], Transportation and Infrastructure, and Science [now Science, Space, and Technology].

“(3) CHAIRMAN.—The Commission shall select a Chairman from among its members. The Chairman of the Commission shall be responsible for—

“(A) the assignment of duties and responsibilities among staff personnel and their continuing supervision; and

“(B) the use and expenditure of funds available to the Commission.

“(4) VACANCIES.—Any vacancy on the Commission shall be filled in the same manner as the original incumbent was appointed.

“(c) RESOURCES.—In carrying out its functions under this section, the Commission—

“(1) is authorized to secure directly from any Federal agency or department any information it deems necessary to carry out its functions under this Act, and each such agency or department is authorized to cooperate with the Commission and, to the extent permitted by law, to furnish such information (other than information described in section 552(b)(1)(A) of title 5, United States Code) to the Commission, upon the request of the Commission;

“(2) may enter into contracts, subject to the availability of appropriations for contracting, and employ such staff experts and consultants as may be necessary to carry out the duties of the Commission, as provided by section 3109 of title 5, United States Code; and

“(3) in consultation with the Ocean Studies Board of the National Research Council of the National Academy of Sciences, shall establish a multidisciplinary science advisory panel of experts in the sciences of living and non-living marine resources to assist the Commission in preparing its report, including ensuring that the scientific information considered by the Commission is based on the best scientific information available.

“(d) STAFFING.—The Chairman of the Commission may, without regard to the civil service laws and regulations, appoint and terminate an Executive Director and such other additional personnel as may be nec-

essary for the Commission to perform its duties. The Executive Director shall be compensated at a rate not to exceed the rate payable for Level V of the Executive Schedule under section 5136 of title 5, United States Code. The employment and termination of an Executive Director shall be subject to confirmation by a majority of the members of the Commission.

“(e) MEETINGS.—

“(1) ADMINISTRATION.—All meetings of the Commission shall be open to the public, except that a meeting or any portion of it may be closed to the public if it concerns matters or information described in section 552b(c) of title 5, United States Code. Interested persons shall be permitted to appear at open meetings and present oral or written statements on the subject matter of the meeting. The Commission may administer oaths or affirmations to any person appearing before it.

“(2) NOTICE; MINUTES; PUBLIC AVAILABILITY OF DOCUMENTS.—

“(A) All open meetings of the Commission shall be preceded by timely public notice in the Federal Register of the time, place, and subject of the meeting.

“(B) Minutes of each meeting shall be kept and shall contain a record of the people present, a description of the discussion that occurred, and copies of all statements filed. Subject to section 552 of title 5, United States Code, the minutes and records of all meetings and other documents that were made available to or prepared for the Commission shall be available for public inspection and copying at a single location in the offices of the Commission.

“(3) INITIAL MEETING.—The Commission shall hold its first meeting within 30 days after all 16 members have been appointed.

“(4) REQUIRED PUBLIC MEETINGS.—The Commission shall hold at least one public meeting in Alaska and each of the following regions of the United States:

“(A) The Northeast (including the Great Lakes).

“(B) The Southeast (including the Caribbean).

“(C) The Southwest (including Hawaii and the Pacific Territories).

“(D) The Northwest.

“(E) The Gulf of Mexico.

“(f) REPORT.—

“(1) IN GENERAL.—By June 20, 2003, the Commission shall submit to Congress and the President a final report of its findings and recommendations regarding United States ocean policy.

“(2) REQUIRED MATTER.—The final report of the Commission shall include the following assessment, reviews, and recommendations:

“(A) An assessment of existing and planned facilities associated with ocean and coastal activities including human resources, vessels, computers, satellites, and other appropriate platforms and technologies.

“(B) A review of existing and planned ocean and coastal activities of Federal entities, recommendations for changes in such activities necessary to improve efficiency and effectiveness and to reduce duplication of Federal efforts.

“(C) A review of the cumulative effect of Federal laws and regulations on United States ocean and coastal activities and resources and an examination of those laws and regulations for inconsistencies and contradictions that might adversely affect those ocean and coastal activities and resources, and recommendations for resolving such inconsistencies to the extent practicable. Such review shall also consider conflicts with State ocean and coastal management regimes.

“(D) A review of the known and anticipated supply of, and demand for, ocean and coastal resources of the United States.

“(E) A review of and recommendations concerning the relationship between Federal, State, and local governments and the private sector in

planning and carrying out ocean and coastal activities.

“(F) A review of opportunities for the development of or investment in new products, technologies, or markets related to ocean and coastal activities.

“(G) A review of previous and ongoing State and Federal efforts to enhance the effectiveness and integration of ocean and coastal activities.

“(H) Recommendations for any modifications to United States laws, regulations, and the administrative structure of Executive agencies, necessary to improve the understanding, management, conservation, and use of, and access to, ocean and coastal resources.

“(I) A review of the effectiveness and adequacy of existing Federal interagency ocean policy coordination mechanisms, and recommendations for changing or improving the effectiveness of such mechanisms necessary to respond to or implement the recommendations of the Commission.

“(3) CONSIDERATION OF FACTORS.—In making its assessment and reviews and developing its recommendations, the Commission shall give equal consideration to environmental, technical feasibility, economic, and scientific factors.

“(4) LIMITATIONS.—The recommendations of the Commission shall not be specific to the lands and waters within a single State.

“(g) PUBLIC AND COASTAL STATE REVIEW.—

“(1) NOTICE.—Before submitting the final report to the Congress, the Commission shall—

“(A) publish in the Federal Register a notice that a draft report is available for public review; and

“(B) provide a copy of the draft report to the Governor of each coastal State, the Committees on Resources [now Natural Resources], Transportation and Infrastructure, and Science [now Science, Space, and Technology] of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate.

“(2) INCLUSION OF GOVERNORS’ COMMENTS.—The Commission shall include in the final report comments received from the Governor of a coastal State regarding recommendations in the draft report.

“(h) ADMINISTRATIVE PROCEDURE FOR REPORT AND REVIEW.—Chapter 5 and chapter 7 of title 5, United States Code, do not apply to the preparation, review, or submission of the report required by subsection (e) or the review of that report under subsection (f).

“(i) TERMINATION.—The Commission shall cease to exist 90 days after the date on which it submits its final report.

“(j) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section a total of \$8,500,000 for the 3 fiscal-year period beginning with fiscal year 2001, such sums to remain available until expended.

“SEC. 4. NATIONAL OCEAN POLICY.

“(a) NATIONAL OCEAN POLICY.—Within 90 days after receiving and considering the report and recommendations of the Commission under section 3, the President shall submit to Congress a statement of proposals to implement or respond to the Commission’s recommendations for a coordinated, comprehensive, and long-range national policy for the responsible use and stewardship of ocean and coastal resources for the benefit of the United States. Nothing in this Act authorizes the President to take any administrative or regulatory action regarding ocean or coastal policy, or to implement a reorganization plan, not otherwise authorized by law in effect at the time of such action.

“(b) COOPERATION AND CONSULTATION.—In the process of developing proposals for submission under subsection (a), the President shall consult with State and local governments and non-Federal organizations and individuals involved in ocean and coastal activities.

“SEC. 5. BIENNIAL REPORT.

“[Enacted this section.]

“SEC. 6. DEFINITIONS.

“In this Act:

“(1) MARINE ENVIRONMENT.—The term ‘marine environment’ includes—

“(A) the oceans, including coastal and offshore waters;

“(B) the continental shelf; and

“(C) the Great Lakes.

“(2) OCEAN AND COASTAL RESOURCE.—The term ‘ocean and coastal resource’ means any living or non-living natural, historic, or cultural resource found in the marine environment.

“(3) COMMISSION.—The term ‘Commission’ means the Commission on Ocean Policy established by section 3.

“SEC. 7. EFFECTIVE DATE.

“This Act shall become effective on January 20, 2001.”

EXECUTIVE ORDER NO. 13547

Ex. Ord. No. 13547, July 19, 2010, 75 F.R. 43023, which established policy regarding stewardship of the ocean, coasts, and the Great Lakes and established the National Ocean Council, was revoked by Ex. Ord. No. 13840, §7, June 19, 2018, 83 F.R. 29433, set out below.

EX. ORD. NO. 13840. OCEAN POLICY TO ADVANCE THE ECONOMIC, SECURITY, AND ENVIRONMENTAL INTERESTS OF THE UNITED STATES

Ex. Ord. No. 13840, June 19, 2018, 83 F.R. 29431, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. *Purpose.* The ocean, coastal, and Great Lakes waters of the United States are foundational to the economy, security, global competitiveness, and well-being of the United States. Ocean industries employ millions of Americans and support a strong national economy. Domestic energy production from Federal waters strengthens the Nation’s security and reduces reliance on imported energy. Our Armed Forces protect our national interests in the ocean and along the Nation’s coasts. Goods and materials that support our economy and quality of life flow through maritime commerce. Our fisheries resources help feed the Nation and present tremendous export opportunities. Clean, healthy waters support fishing, boating, and other recreational opportunities for all Americans.

This order maintains and enhances these and other benefits to the Nation through improved public access to marine data and information, efficient interagency coordination on ocean-related matters, and engagement with marine industries, the science and tech-

nology community, and other ocean stakeholders. To advance these national interests, this order recognizes and supports Federal participation in regional ocean partnerships, to the extent appropriate and consistent with national security interests and statutory authorities.

SEC. 2. *Policy.* It shall be the policy of the United States to:

(a) coordinate the activities of executive departments and agencies (agencies) regarding ocean-related matters to ensure effective management of ocean, coastal, and Great Lakes waters and to provide economic, security, and environmental benefits for present and future generations of Americans;

(b) continue to promote the lawful use of the ocean by agencies, including United States Armed Forces;

(c) exercise rights and jurisdiction and perform duties in accordance with applicable domestic law and—if consistent with applicable domestic law—international law, including customary international law;

(d) facilitate the economic growth of coastal communities and promote ocean industries, which employ millions of Americans, advance ocean science and technology, feed the American people, transport American goods, expand recreational opportunities, and enhance America's energy security;

(e) ensure that Federal regulations and management decisions do not prevent productive and sustainable use of ocean, coastal, and Great Lakes waters;

(f) modernize the acquisition, distribution, and use of the best available ocean-related science and knowledge, in partnership with marine industries; the ocean science and technology community; State, tribal, and local governments; and other ocean stakeholders, to inform decisions and enhance entrepreneurial opportunity; and

(g) facilitate, as appropriate, coordination, consultation, and collaboration regarding ocean-related matters, consistent with applicable law, among Federal, State, tribal, and local governments, marine industries, the ocean science and technology community, other ocean stakeholders, and foreign governments and international organizations.

SEC. 3. *Definitions.* For the purposes of this order, the following definitions apply:

(a) "Ocean-related matters" means management, science, and technology matters involving the ocean, coastal, and Great Lakes waters of the United States (including its territories and possessions), and related seabed, subsoil, waters superadjacent to the seabed, and natural resources.

(b) "Regional ocean partnership" means a regional organization of coastal or Great Lakes States, territories, or possessions voluntarily convened by governors to address cross-jurisdictional ocean matters, or the functional equivalent of such a regional ocean organization designated by the governor or governors of a State or States.

SEC. 4. *Interagency Coordination.* (a) To ensure appropriate coordination by Federal agencies on ocean-related matters, there is hereby established the interagency Ocean Policy Committee (Committee).

(i) The Committee shall consist of the following:

(1) The Chairman of the Council on Environmental Quality (CEQ) and the Director of the Office of Science and Technology Policy (OSTP), who shall serve as Co-Chairs;

(2) The Secretary of State, Secretary of Defense, Attorney General, Secretary of the Interior, Secretary of Agriculture, Secretary of Commerce, Secretary of Transportation, Secretary of Energy, Secretary of Homeland Security, Administrator of the Environmental Protection Agency, Director of the Office of Management and Budget, Administrator of the National Aeronautics and Space Administration, Director of the National Science Foundation, Director of National Intelligence, Chairman of the Joint Chiefs of Staff, Under Secretary of Commerce for Oceans and Atmosphere, Assistant Secretary of the Army (Civil Works), and Commandant of the Coast Guard;

(3) The Assistants to the President for National Security Affairs, Homeland Security and Counterterrorism, Domestic Policy, and Economic Policy;

(4) A representative from the Office of the Vice President designated by the Vice President; and

(5) Such other officers or employees of the Federal Government as the Co-Chairs may from time to time designate.

(b) The Co-Chairs, in coordination with the Assistants to the President for National Security Affairs, Homeland Security and Counterterrorism, Domestic Policy, and Economic Policy, shall regularly convene and preside at meetings of the Committee, determine its agenda, and direct its work, and shall establish and direct subcommittees of the Committee as appropriate. The Committee shall, as appropriate, establish subcommittees with responsibility for advising the Committee on matters pertaining to ocean science and technology and ocean-resource management.

(i) Committee members may designate, to perform their Committee or subcommittee functions, any person who is within their department, agency, or office who is:

(1) a civilian official appointed by the President;

(2) a member of the Senior Executive Service or the Senior Intelligence Service;

(3) a general officer or flag officer; or

(4) an employee of the Office of the Vice President.

(ii) Consistent with applicable law and subject to the availability of appropriations, OSTP or CEQ shall provide the Committee with funding, including through the National Science and Technology Council pursuant to title VII, section 723 of [division E of] the Consolidated Appropriations Act, 2018 (Public Law 115-141 [132 Stat. 592]), or any successor provision, or through the Office of Environmental Quality pursuant to the Office of Environmental Quality Management Fund, 42 U.S.C. 4375. OSTP or CEQ shall, to the extent permitted by law and subject to the availability of appropriations, provide administrative support as needed to implement this order.

(iii) The Committee shall be administered by an Executive Director and such full-time staff as the Co-Chairs recommend.

SEC. 5. *Functions.* To implement the policy set forth in section 2 of this order, the Committee shall, to the extent permitted by law:

(a) provide advice regarding policies concerning ocean-related matters to:

(i) the President; and

(ii) the head of any agency who is a member of the Committee;

(b) engage and collaborate, under existing laws and regulations, with stakeholders, including regional ocean partnerships, to address ocean-related matters that may require interagency or intergovernmental solutions;

(c) coordinate the timely public release of unclassified data and other information related to the ocean, coasts, and Great Lakes that agencies collect, and support the common information management systems, such as the Marine Cadastre, that organize and disseminate this information;

(d) coordinate and inform the ocean policy-making process and identify priority ocean research and technology needs, to facilitate:

(i) the use of science in the establishment of policy; and

(ii) the collection, development, dissemination, and exchange of information between and among agencies on ocean-related matters;

(e) coordinate and ensure Federal participation in projects conducted under the National Oceanographic Partnership Program through the Committee's members, as appropriate, to maximize the effectiveness of agency investments in ocean research; and

(f) obtain information and advice concerning ocean-related matters from:

(i) State, tribal, and local governments; and

(ii) private-sector entities and individuals.

SEC. 6. *Cooperation.* To the extent permitted by law, agencies shall cooperate with the Committee and provide it such information as it, through the Co-Chairs, may request. The Committee shall base its decisions on the consensus of its members. With respect to those matters for which consensus cannot be reached, the Assistant to the President for National Security Affairs shall coordinate with the Co-Chairs to present the disputed issue or issues for decision by the President. Within 90 days of the date of this order [June 19, 2018], agencies shall review their regulations, guidance, and policies for consistency with this order, and shall consult with CEQ, OSTP, and the Office of Management and Budget (OMB) regarding any modifications, revisions, or rescissions of any regulations, guidance, or policies necessary to comply with this order.

SEC. 7. *Revocation.* Executive Order 13547 of July 19, 2010 (Stewardship of the Ocean, Our Coasts, and the Great Lakes) [formerly set out above], is hereby revoked.

SEC. 8. *General Provisions.* (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department, agency, or the head thereof;

(ii) the functions of the Director of OMB relating to budgetary, administrative, or legislative proposals; or

(iii) functions assigned by the President to the National Security Council or Homeland Security Council (including subordinate bodies) relating to matters affecting foreign affairs, national security, homeland security, or intelligence.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

CODIFICATION

Section, Pub. L. 86-451, title I, § 301, May 13, 1960, 74 Stat. 94, which prescribed the rate of extra compensation for recorders, instrument observers and other Federal employees while making oceanographic observations or tending seismographs, was from an appropri-

tion act. See section 873 of this title, which authorizes Secretary of Commerce to establish rates of compensation for such personnel.

§ 873. Extra compensation for instrument observers, recorders and other Federal employees for oceanographic, seismographic and magnetic observations

The Secretary of Commerce is authorized to pay extra compensation to members of crews of vessels when assigned duties as instrument observer or recorder, and to employees of other Federal agencies while observing tides or currents, or tending seismographs or magnetographs, at such rates as may be specified from time to time by him and without regard to section 5533 of title 5.

(July 22, 1947, ch. 286, §2, 61 Stat. 400; Pub. L. 86-397, §1, Mar. 28, 1960, 74 Stat. 11; Pub. L. 88-448, title IV, §401(l), Aug. 19, 1964, 78 Stat. 491.)

Editorial Notes

CODIFICATION

“Section 5533 of title 5” substituted in text for “section 301 of the Dual Compensation Act [5 U.S.C. 3105]” on authority of Pub. L. 89-554, §7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees.

AMENDMENTS

1964—Pub. L. 88-448 inserted “and without regard to section 301 of the Dual Compensation Act”.

1960—Pub. L. 86-397 substituted “Secretary of Commerce” for “Coast and Geodetic Survey” and “instrument observer or recorder” for “bombers or fathometer readers,” inserted reference to employees tending magnetographs, and authorized Secretary to establish rates of compensation.

EFFECTIVE DATE OF 1964 AMENDMENT

Amendment by Pub. L. 88-448 effective on first day of first month which begins later than the ninetieth day following Aug. 19, 1964, see section 403 of Pub. L. 88-448.

§ 874. Repealed. Pub. L. 107-372, title II, §271(5), Dec. 19, 2002, 116 Stat. 3094

Section, act July 22, 1947, ch. 286, §1, 61 Stat. 400; 1965 Reorg. Plan No. 2, eff. July 13, 1965, 30 F.R. 8819, 79 Stat. 1318; 1970 Reorg. Plan No. 4, eff. Oct. 3, 1970, 35 F.R. 15627, 84 Stat. 2090, related to transportation of deceased officers' effects and reimbursement for supplies furnished distressed and shipwrecked persons. See section 3075 of this title.

§ 875. Powers of officers as notaries

In places where the National Oceanic and Atmospheric Administration is serving which are not within the jurisdiction of any one of the States of the continental United States, excluding Alaska, commanding officers of National Oceanic and Atmospheric Administration vessels, and such other officers of the National Oceanic and Atmospheric Administration as the Secretary of Commerce may designate, may exercise the general powers of the notary public in the administration of oaths for the execution, acknowledgment, and attestation of instruments and papers, and the performance of all other notarial acts. The powers conferred shall

be limited to acts performed in behalf of the personnel of the National Oceanic and Atmospheric Administration or in connection with the proper execution of the functions of that agency.

(Aug. 3, 1956, ch. 932, §1, 70 Stat. 988; Pub. L. 86-624, §24, July 12, 1960, 74 Stat. 418; 1965 Reorg. Plan No. 2, eff. July 13, 1965, 30 F.R. 8819, 79 Stat. 1318; 1970 Reorg. Plan No. 4, eff. Oct. 3, 1970, 35 F.R. 15627, 84 Stat. 2090.)

TRANSFER OF FUNCTIONS

Coast and Geodetic Survey consolidated with Weather Bureau to form a new agency in Department of Commerce to be known as Environmental Science Services Administration, and commissioned officers of Survey transferred to ESSA, by Reorg. Plan No. 2 of 1965, eff. July 13, 1965, 30 F.R. 8819, 79 Stat. 1318, set out as a note under section 851 of this title. The Reorg. Plan also transferred to Secretary of Commerce all functions of Coast and Geodetic Survey and Director of Survey. Subsequently, Environmental Science Services Administration abolished, National Oceanic and Atmospheric Administration established, and Commissioned Officer Corps of ESSA redesignated Commissioned Officer Corps of NOAA by Reorg. Plan No. 4 of 1970, eff. Oct. 3, 1970, 35 F.R. 15627, 84 Stat. 2090, set out in the Appendix to Title 5, Government Organization and Employees. For further details, see note set out under section 851 of this title.

§ 876. Fees for notarial acts; prima facie evidence of authority

No fee of any kind shall be paid to any officer for the performance of any notarial act authorized by section 875 of this title. The signature without seal together with indication of grade of any officer performing any notarial act shall be prima facie evidence of his authority.

(Aug. 3, 1956, ch. 932, §2, 70 Stat. 988.)

§ 877. Appropriations; advances from

Advances of money from available appropriations may be made to the National Ocean Survey and by authority of the Director thereof to chiefs of parties and accounts arising under such advances shall be rendered through and by the disbursing officer of the National Ocean Survey to the Government Accountability Office as under advances made to chiefs of parties prior to July 1, 1918.

(July 1, 1918, ch. 113, §1, 40 Stat. 688; June 5, 1920, ch. 235, §1, 41 Stat. 929; June 10, 1921, ch. 18, title III, §304, 42 Stat. 24; Pub. L. 92-310, title II, §231(z), June 6, 1972, 86 Stat. 212; Pub. L. 108-271, §8(b), July 7, 2004, 118 Stat. 814.)

CODIFICATION

Section was a provision of the Sundry Civil Appropriation Act of July 1, 1918.

Section was formerly classified to section 550 of Title 31 prior to the general revision and enactment of Title

31, Money and Finance, by Pub. L. 97-258, Sept. 13, 1982, 96 Stat. 877.

AMENDMENTS

1972—Pub. L. 92-310 struck out provisions which required chiefs of parties to give bonds.

Statutory Notes and Related Subsidiaries

TRANSFER OF FUNCTIONS

“Government Accountability Office” substituted in text for “General Accounting Office” pursuant to section 8(b) of Pub. L. 108-271, set out as a note under section 702 of Title 31, Money and Finance, which redesignated the General Accounting Office and any references thereto as the Government Accountability Office. Previously, “General Accounting Office” substituted in text for “Treasury Department” pursuant to act June 10, 1921, which transferred all powers and duties of Comptroller, six auditors, and certain other employees of Treasury to General Accounting Office. See section 701 et seq. of Title 31.

§ 878a. Contract for development of a major program; costs; Major Program Annual Report for satellite development program

(a) Definitions

For purposes of this section—

(1) the term “Under Secretary” means Under Secretary of Commerce for Oceans and Atmosphere;

(2) the term “appropriate congressional committees” means—

(A) the Committee on Appropriations and the Committee on Commerce, Science, and Transportation of the Senate; and

(B) the Committee on Appropriations and the Committee on Science, Space and Technology of the House of Representatives;

(3) the term “satellite” means the satellites proposed to be acquired for the National Oceanic and Atmospheric Administration (NOAA);

(4) the term “development” means the phase of a program following the formulation phase and beginning with the approval to proceed to implementation, as defined in NOAA Administrative Order 216-108, Department of Commerce Administrative Order 208-3, and NASA’s Procedural Requirements 7120.5c, dated March 22, 2005;

(5) the term “development cost” means the total of all costs, including construction of facilities and civil servant costs, from the period beginning with the approval to proceed to implementation through the achievement of operational readiness, without regard to funding source or management control, for the life of the program;

(6) the term “life-cycle cost” means the total of the direct, indirect, recurring, and nonrecurring costs, including the construction of facilities and civil servant costs, and other related expenses incurred or estimated to be incurred in the design, development, verification, production, operation, maintenance, support, and retirement of a program over its planned lifespan, without regard to funding source or management control;

(7) the term “major program” means an activity approved to proceed to implementation that has an estimated life-cycle cost of more than \$250,000,000; and

(8) the term “baseline” means the program as set following contract award and preliminary design review of the space and ground systems.

(b) Contract requirements for major programs

(1) NOAA shall not enter into a contract for development of a major program, unless the Under Secretary determines that—

(A) the technical, cost, and schedule risks of the program are clearly identified and the program has developed a plan to manage those risks;

(B) the technologies required for the program have been demonstrated in a relevant laboratory or test environment;

(C) the program complies with all relevant policies, regulations, and directives of NOAA and the Department of Commerce;

(D) the program has demonstrated a high likelihood of accomplishing its intended goals; and

(E) the acquisition of satellites for use in the program represents a good value to accomplishing NOAA's mission.

(2) The Under Secretary shall transmit a report describing the basis for the determination required under paragraph (1) to the appropriate congressional committees at least 30 days before entering into a contract for development under a major program.

(3) The Under Secretary may not delegate the determination requirement under this subsection, except in cases in which the Under Secretary has a conflict of interest.

(c) Reports

(1) Annually, at the same time as the President's annual budget submission to the Congress, the Under Secretary shall transmit to the appropriate congressional committees a report that includes the information required by this section for the satellite development program for which NOAA proposes to expend funds in the subsequent fiscal year. The report under this paragraph shall be known as the Major Program Annual Report.

(2) The first Major Program Annual Report for NOAA's satellite development program shall include a Baseline Report that shall, at a minimum, include—

(A) the purposes of the program and key technical characteristics necessary to fulfill those purposes;

(B) an estimate of the life-cycle cost for the program, with a detailed breakout of the development cost, program reserves, and an estimate of the annual costs until development is completed;

(C) the schedule for development, including key program milestones;

(D) the plan for mitigating technical, cost, and schedule risks identified in accordance with subsection (b)(1)(A); and

(E) the name of the person responsible for making notifications under subsection (d), who shall be an individual whose primary responsibility is overseeing the program.

(3) For the major program for which a Baseline Report has been submitted, subsequent Major Program Annual Reports shall describe any changes to the information that had been provided in the Baseline Report, and the reasons for those changes.

(d) Notification to Under Secretary of excess development costs

(1) The individual identified under subsection (c)(2)(E) shall immediately notify the Under Secretary any time that individual has reasonable cause to believe that, for the major program for which he or she is responsible, the development cost of the program has exceeded the estimate provided in the Baseline Report of the program by 20 percent or more.

(2) Not later than 30 days after the notification required under paragraph (1), the individual identified under subsection (c)(2)(E) shall transmit to the Under Secretary a written notification explaining the reasons for the change in the cost of the program for which notification was provided under paragraph (1).

(3) Not later than 15 days after the Under Secretary receives a written notification under paragraph (2), the Under Secretary shall transmit the notification to the appropriate congressional committees.

(e) Determination by Under Secretary of excess development costs

Not later than 30 days after receiving a written notification under subsection (d)(2), the Under Secretary shall determine whether the development cost of the program has exceeded the estimate provided in the Baseline Report of the program by 20 percent or more. If the determination is affirmative, the Under Secretary shall—

(1) transmit to the appropriate congressional committees, not later than 15 days after making the determination, a report that includes—

(A) a description of the increase in cost and a detailed explanation for the increase;

(B) a description of actions taken or proposed to be taken in response to the cost increase; and

(C) a description of any impacts the cost increase, or the actions described under subparagraph (B), will have on any other program within NOAA; and

(2) if the Under Secretary intends to continue with the program, promptly initiate an analysis of the program, which shall include, at a minimum—

(A) the projected cost and schedule for completing the program if current requirements of the program are not modified;

(B) the projected cost and the schedule for completing the program after instituting the actions described under paragraph (1)(B); and

(C) a description of, and the projected cost and schedule for, a broad range of alternatives to the program.

(f) Completion and transmittal of analysis

NOAA shall complete an analysis initiated under subsection (e)(2) not later than 6 months after the Under Secretary makes a determination under subsection (e). The Under Secretary shall transmit the analysis to the appropriate congressional committees not later than 30 days after its completion.

(Pub. L. 112-55, div. B, title I, § 105, Nov. 18, 2011, 125 Stat. 599; Pub. L. 113-6, div. B, title I, § 105(a), Mar. 26, 2013, 127 Stat. 242.)

SUBCHAPTER II—SURVEYS

§§ 881 to 883. Repealed. Aug. 6, 1947, ch. 504, § 10(2)–(5), 61 Stat. 788

Section 881, R.S. §4681, related to authority of the President to order surveys of coasts of the United States. See section 883a of this title.

Section 882, R.S. §4682, related to additional authority to order surveys beyond twenty-league limit. See section 883a of this title.

Section 883, R.S. §§4683, 4684, related to mode of conducting surveys generally. See sections 883a and 883b of this title.

§ 883a. Surveys and other activities

To provide charts and related information for the safe navigation of marine and air commerce, and to provide basic data for engineering and scientific purposes and for other commercial and industrial needs, the Secretary of Commerce, is authorized to conduct the following activities:

- (1) Hydrographic and topographic surveys;
- (2) Tide and current observations;
- (3) Geodetic-control surveys;
- (4) Field surveys for aeronautical charts;
- (5) Geomagnetic, seismological, gravity, and related geophysical measurements and investigations, and observations for the determination of variation in latitude and longitude.

GREAT LAKES ENVIRONMENTAL SENSITIVITY INDEX

Pub. L. 116-274, Dec. 31, 2020, 134 Stat. 3356, provided that:

“SECTION 1. SHORT TITLE.

“This Act may be cited as the ‘Great Lakes Environmental Sensitivity Index Act of 2020’.

“SEC. 2. UPDATE TO ENVIRONMENTAL SENSITIVITY INDEX PRODUCTS OF NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION FOR GREAT LAKES.

“(a) UPDATE REQUIRED FOR ENVIRONMENTAL SENSITIVITY INDEX PRODUCTS FOR GREAT LAKES.—Not later than 180 days after the date of the enactment of this Act [Dec. 31, 2020], the Under Secretary for Oceans and Atmosphere shall commence updating the environmental sensitivity index products of the National Oceanic and Atmospheric Administration for each coastal area of the Great Lakes.

“(b) PERIODIC UPDATES FOR ENVIRONMENTAL SENSITIVITY INDEX PRODUCTS GENERALLY.—Subject to the availability of appropriations and the priorities set forth in subsection (c), the Under Secretary shall—

“(1) periodically update the environmental sensitivity index products of the Administration; and

“(2) endeavor to do so not less frequently than once every 7 years.

“(c) PRIORITIES.—When prioritizing geographic areas to update environmental sensitivity index products, the Under Secretary shall consider—

“(1) the age of existing environmental sensitivity index products for the areas;

“(2) the occurrence of extreme events, be it natural or man-made, which have significantly altered the shoreline or ecosystem since the last update;

“(3) the natural variability of shoreline and coastal environment; and

“(4) the volume of vessel traffic and general vulnerability to spilled pollutants.

“(d) ENVIRONMENTAL SENSITIVITY INDEX PRODUCT DEFINED.—In this section, the term ‘environmental sensi-

tivity index product' means a map or similar tool that is utilized to identify sensitive shoreline, coastal or offshore, resources prior to an oil spill event in order to set baseline priorities for protection and plan cleanup strategies, typically including information relating to shoreline type, biological resources, and human use resources.

“(e) FUNDING.—Funds to carry out the activities under this section shall be derived from amounts authorized to be appropriated for the Under Secretary that are enacted after the date of the enactment of this Act.”

GREAT LAKES MAPPING

Pub. L. 100-220, title III, subtitle B, Dec. 29, 1987, 101 Stat. 1475, as amended by Pub. L. 100-629, §3, Nov. 7, 1988, 102 Stat. 3286, provided that:

“SEC. 3201. SHORT TITLE.

“This subtitle may be cited as the ‘Great Lakes Shoreline Mapping Act of 1987’.

“SEC. 3202. GREAT LAKES SHORELINE MAPPING PLAN.

“(a) PREPARATION OF PLAN.—Not later than nine months after the date of the enactment of this subtitle [Dec. 29, 1987], the Director, in consultation with the Director of the United States Geological Survey, shall submit to the Congress a plan for preparing maps of the shoreline of the Great Lakes under section 3203.

“(b) CONTENT OF PLAN.—A plan prepared under paragraph (1) shall include—

- “(1) a work proposal and a division of responsibilities between the National Oceanic and Atmospheric Administration and the United States Geological Survey;
- “(2) a time schedule for completion of maps;
- “(3) recommendation of funding needed for preparing the maps; and
- “(4) an area mapping schedule, with first priority given to shoreline areas subject to a high risk of erosion or flooding.

“SEC. 3203. PREPARATION OF GREAT LAKES SHORELINE MAPS.

“(a) IN GENERAL.—The [sic] following completion of a shoreline mapping plan under section 3202 and subject to authorization and appropriation of funds, the Director, in consultation with the Director of the United States Geological Survey, shall prepare maps of the shoreline areas of the Great Lakes.

“(b) CONTENT OF MAPS.—Maps prepared under this section—

- “(1) shall include—
 - “(A) bathymetry of the nearshore area, to the extent that this area will affect coastal erosion and flooding;
 - “(B) topography of the adjacent shoreline, to the extent that this area will directly affect or be affected by coastal erosion and flooding;
 - “(C) the geological conditions of the nearshore area and shoreline to the extent that these areas will directly affect or be affected by coastal erosion and flooding;
 - “(D) information on the recent geological past of the nearshore area and shoreline areas described in paragraph (3); and
 - “(E) appropriate information for use in predicting and preventing damage caused by erosion and flooding in the Great Lakes;
- “(2) shall be of appropriate scale and detail and take into account the greater informational needs of areas subject to a high risk of erosion or flooding; and
- “(3) to the maximum extent practicable, shall be consistent with similar shoreline maps prepared by, or for the use of, the Government of Canada.

“(c) CONSULTATION.—In preparing maps under this section, the Director shall consult with, and take into consideration, the informational needs of—

- “(1) the Army Corps of Engineers;

“(2) the Federal Emergency Management Agency;

“(3) other appropriate Federal agencies;

“(4) the States of Illinois, Indiana, Michigan, Minnesota, New York, Ohio, Pennsylvania, and Wisconsin;

“(5) appropriate local government units; and

“(6) the general public.

“(d) AVAILABILITY OF MAPS.—The Director shall make maps prepared under this section available to—

“(1) Federal agencies;

“(2) State governments;

“(3) local government units;

“(4) the Government of Canada; and

“(5) the general public.

“(e) RECOVERY OF COSTS.—The costs of reproducing and distributing maps prepared under this section may be recovered under section 9701 of title 31, United States Code, or another law.

“SEC. 3204. CONTRACT AUTHORITY.

§ 891b. Fleet replacement and modernization Plan

(a) In general

To carry out the program authorized in section 891a of this title, the Secretary shall develop and submit to Congress a replacement and modernization Plan for the NOAA fleet covering the years authorized under section 891h of this title.

(b) Timing

The Plan required in subsection (a) shall be submitted to Congress within 30 days of October 29, 1992, and updated on an annual basis.

(c) Plan elements

The Plan required in subsection (a) shall include the following—

(1) the number of vessels proposed to be modernized or replaced, the schedule for their modernization or replacement, and anticipated funding requirements;

(2) the number of vessels proposed to be constructed, leased, or chartered;

(3) the number of vessels, or days at sea, that can be obtained by using the vessels of the UNOLS;

(4) the number of vessels that will be made available to NOAA by the Secretary of the Navy, or any other federal¹ official, and the terms and conditions for their availability;

¹ So in original. Probably should be capitalized.

(5) the proposed acquisition of modern scientific instrumentation for the NOAA fleet, including acoustic systems, data transmission positioning and communication systems, physical, chemical, and meteorological oceanographic systems, and data acquisition and processing systems; and

(6) the appropriate role of the NOAA Corps in operating and maintaining the NOAA fleet.

(d) Contracting limitation

The Secretary may not enter into any contract for the construction, lease, or service life extension of a vessel of the NOAA fleet before the date of the submission to Congress of the Plan required in subsection (a).

FISHERY SURVEY VESSEL ACQUISITION

Pub. L. 106-450, title III, Nov. 7, 2000, 114 Stat. 1945, provided that:

“SEC. 301. SHORT TITLE.

“This title may be cited as the ‘Fisheries Survey Vessel Authorization Act of 2000’.

“SEC. 302. ACQUISITION OF FISHERY SURVEY VESSELS.

“(a) IN GENERAL.—The Secretary, subject to the availability of appropriations, may in accordance with this section acquire, by purchase, lease, lease-purchase, or charter, and equip up to six fishery survey vessels in accordance with this section.

“(b) VESSEL REQUIREMENTS.—Any vessel acquired and equipped under this section must—

“(1) be capable of—

“(A) staying at sea continuously for at least 30 days;

“(B) conducting fishery population surveys using hydroacoustic, longlining, deep water, and pelagic trawls, and other necessary survey techniques; and

“(C) conducting other work necessary to provide fishery managers with the accurate and timely data needed to prepare and implement fishery management plans; and

“(2) have a hull that meets the International Council for Exploration of the Sea standard regarding acoustic quietness.

“(c) AUTHORIZATION.—To carry out this section there are authorized to be appropriated to the Secretary \$60,000,000 for each of fiscal years 2002 and 2003.”

DEACTIVATION OF NOAA RESEARCH VESSELS

Pub. L. 102-567, title IV, §401(b)(4), Oct. 29, 1992, 106 Stat. 4291, provided that:

“(A) Unless necessary for safety reasons, the Secretary of Commerce shall not deactivate the ALBATROSS IV (if active), until an equivalent replacement vessel is operational.

“(B) The Secretary of Commerce shall notify the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Merchant Marine and Fisheries [now Committee on Science, Space, and Technology] of the House of Representatives 60 days prior to the proposed deactivation of any other research vessel of the National Oceanic and Atmospheric Administration, if an equivalent replacement vessel will not become operational at the time of deactivation.”

§ 891c. Design of NOAA vessels

(a) Design requirement

Except for the vessel designs identified under subsection (b), the Secretary, working through

the Office of the NOAA Corps Operations and the Systems Procurement Office, shall—

(1) prepare requirements for each class of vessel to be constructed or converted under the Plan; and

(2) contract competitively from nongovernmental entities with expertise in shipbuilding for vessel design and construction based on the requirements for each class of vessel to be acquired.

(b) Exception

The Secretary shall—

(1) report to Congress identifying any existing vessel design or design proposal that meets the requirements of the Plan within 30 days after October 29, 1992, and shall promptly advise the Congress of any modification of these designs; and

(2) submit to Congress as part of the annual update of the Plan required in section 891b of this title, any subsequent existing vessel design or design proposals that meet the requirements of the Plan.

(Pub. L. 102-567, title VI, §605, Oct. 29, 1992, 106 Stat. 4300.)

§ 891d. Contract authority

(a) Multiyear contracts

(1) In general

Subject to paragraphs (2) and (3), and notwithstanding section 1341 of title 31 and subsections (a) and (b) of section 6301 of title 41, the Secretary may acquire vessels for the NOAA fleet by purchase, lease, lease-purchase, or otherwise, under one or more multiyear contracts.

(2) Required findings

The Secretary may not enter into a contract pursuant to this subsection unless the Secretary finds with respect to that contract that—

(A) there is a reasonable expectation that throughout the contemplated contract period the Secretary will request from Congress funding for the contract at the level required to avoid contract termination; and

(B) the use of the contract will promote the best interests of the United States by encouraging competition and promoting economic efficiency in the operation of the NOAA fleet.

(3) Required contract provisions

The Secretary may not enter into a contract pursuant to this subsection unless the contract includes—

(A) a provision under which the obligation of the United States to make payments under the contract for any fiscal year is subject to the availability of appropriations provided in advance for those payments;

(B) a provision that specifies the term of effectiveness of the contract; and

(C) appropriate provisions under which, in case of any termination of the contract before the end of the term specified pursuant to subparagraph (B), the United States shall only be liable for the lesser of—

(i) an amount specified in the contract for such a termination; or

(ii) amounts that—

(I) were appropriated before the date of the termination for the performance of the contract or for procurement of the type of acquisition covered by the contract; and

(II) are unobligated on the date of the termination.

(b) Service contracts

Notwithstanding any other provision of law, the Secretary may enter into multiyear contracts for oceanographic research, fisheries research, and mapping and charting services to assist the Secretary in fulfilling NOAA missions. The Secretary may only enter into these contracts if—

(1) the Secretary finds that it is in the public interest to do so;

(2) the contract is for not more than 7 years; and

(3)(A) the cost of the contract is less than the cost (including the cost of operation, maintenance, and personnel) to the NOAA of obtaining those services on NOAA vessels; or

(B) NOAA vessels are not available or cannot provide those services.

(c) Bonding authority

Notwithstanding any other law, the Secretary may not require a contractor for the construction, alteration, repair or maintenance of a NOAA vessel to provide a bid bond, payment bond, performance bond, completion bond, or other surety instrument in an amount greater than 20 percent of the value of the base contract quantity (excluding options) unless the Secretary determines that requiring an instrument in that amount will not prevent a responsible bidder or offeror from competing for the award of the contract.

CODIFICATION

In subsec. (a)(1), “subsections (a) and (b) of section 6301 of title 41” substituted for “section 3732 of the Revised Statutes of the United States (41 U.S.C. 11)” on authority of Pub. L. 111-350, §6(c), Jan. 4, 2011, 124 Stat. 3854, which Act enacted Title 41, Public Contracts.

§ 891e. Restriction with respect to certain shipyard subsidies

(a) In general

The Secretary of Commerce may not award a contract for the construction, repair (except emergency repairs), or alteration of any vessel of the National Oceanic and Atmospheric Administration in a shipyard, if that vessel benefits or would benefit from significant subsidies for the construction, repair, or alteration of vessels in that shipyard.

(b) “Significant subsidy” defined

In this section, the term “significant subsidy” includes, but is not limited to, any of the following:

(1) Officially supported export credits.

(2) Direct official operating support to the commercial shipbuilding and repair industry,

or to a related entity that favors the operation of shipbuilding and repair, including but not limited to—

(A) grants;

(B) loans and loan guarantees other than those available on the commercial market;

(C) forgiveness of debt;

(D) equity infusions on terms inconsistent with commercially reasonable investment practices; and

(E) preferential provision of goods and services.

(3) Direct official support for investment in the commercial shipbuilding and repair industry, or to a related entity that favors the operation of shipbuilding and repair, including but not limited to the kinds of support listed in paragraph (2)(A) through (E), and any restructuring support, except public support for social purposes directly and effectively linked to shipyard closures.

(4) Assistance in the form of grants, preferential loans, preferential tax treatment, or otherwise, that benefits or is directly related to shipbuilding and repair for purposes of research and development that is not equally open to domestic and foreign enterprises.

(5) Tax policies and practices that favor the shipbuilding and repair industry, directly or indirectly, such as tax credits, deductions, exemptions, and preferences, including accelerated depreciation, if such benefits are not generally available to persons or firms not engaged in shipbuilding or repair.

(6) Any official regulation or practice that authorizes or encourages persons or firms engaged in shipbuilding or repair to enter into anticompetitive arrangements.

(7) Any indirect support directly related, in law or in fact, to shipbuilding and repair at national yards, including any public assistance favoring shipowners with an indirect effect on shipbuilding or repair activities, and any assistance provided to suppliers of significant inputs to shipbuilding, which results in benefits to domestic shipbuilders.

(8) Any export subsidy identified in the Illustrative List of Export Subsidies in the Annex to the Agreement on Subsidies and Countervailing Measures referred to in section 3511(d)(12) of title 19, or any other export subsidy prohibited by that agreement.

(Pub. L. 102-567, title VI, §607, Oct. 29, 1992, 106 Stat. 4302; Pub. L. 106-36, title I, §1002(f), June 25, 1999, 113 Stat. 133.)

SUBCHAPTER IV—NOAA HYDROGRAPHIC SERVICES

§ 892. Definitions

In this subchapter:

(1) Administrator

The term “Administrator” means the Administrator of the National Oceanic and Atmospheric Administration.

(2) Administration

The term “Administration” means the National Oceanic and Atmospheric Administration.

(3) Hydrographic data

The term “hydrographic data” means information that—

- (A) is acquired through—
 - (i) hydrographic, bathymetric, photogrammetric, lidar, radar, remote sensing, or shoreline and other ocean- and coastal-related surveying;
 - (ii) geodetic, geospatial, or geomagnetic measurements;
 - (iii) tide, water level, and current observations; or
 - (iv) other methods; and

(B) is used in providing hydrographic services.

(4) Hydrographic services

The term “hydrographic services” means—

(A) the management, maintenance, interpretation, certification, and dissemination of bathymetric, hydrographic, shoreline, geodetic, geospatial, geomagnetic, and tide, water level, and current information, including the production of nautical charts, nautical information databases, and other products derived from hydrographic data;

- (B) the development of nautical information systems; and
- (C) related activities.

(5) Coast and Geodetic Survey Act

The term “Coast and Geodetic Survey Act” means the Act entitled “An Act to define the functions and duties of the Coast and Geodetic Survey, and for other purposes”, approved August 6, 1947 (33 U.S.C. 883a et seq.).

(Pub. L. 105-384, title III, §302, Nov. 13, 1998, 112 Stat. 3454; Pub. L. 107-372, title I, §102, Dec. 19, 2002, 116 Stat. 3079; Pub. L. 110-386, §2, Oct. 10, 2008, 122 Stat. 4106.)

SHORT TITLE

For short title of this subchapter as the “Hydrographic Services Improvement Act of 1998”, see section 301 of Pub. L. 105-384, set out as a Short Title of 1998 Amendment note under section 851 of this title.

§ 892a. Functions of the Administrator

(a) Responsibilities

To fulfill the data gathering and dissemination duties of the Administration under the Coast and Geodetic Survey Act, promote safe, efficient and environmentally sound marine transportation, and otherwise fulfill the purposes of this subchapter, the Administrator shall—

- (1) acquire and disseminate hydrographic data and provide hydrographic services;
- (2) promulgate standards for hydrographic data used by the Administration in providing hydrographic services;
- (3) promulgate standards for hydrographic services provided by the Administration;
- (4) ensure comprehensive geographic coverage of hydrographic services, in cooperation with other appropriate Federal agencies;

(5) maintain a national database of hydrographic data, in cooperation with other appropriate Federal agencies;

(6) provide hydrographic services in uniform, easily accessible formats;

(7) participate in the development of, and implement for the United States in cooperation with other appropriate Federal agencies, international standards for hydrographic data and hydrographic services; and

(8) to the greatest extent practicable and cost-effective, fulfill the requirements of paragraphs (1) and (6) through contracts or other agreements with private sector entities.

(b) Authorities

To fulfill the data gathering and dissemination duties of the Administration under the Coast and Geodetic Survey Act, promote safe, efficient, and environmentally sound marine transportation, and otherwise fulfill the purposes of this subchapter, subject to the availability of appropriations, the Administrator—

(1) may procure, lease, evaluate, test, develop, and operate vessels, equipment, and technologies necessary to ensure safe navigation and maintain operational expertise in hydrographic data acquisition and hydrographic services;

(2) shall, subject to the availability of appropriations, design, install, maintain, and operate real-time hydrographic monitoring systems to enhance navigation safety and efficiency; and¹

(3) where appropriate and to the extent that it does not detract from the promotion of safe and efficient navigation, may acquire hydrographic data and provide hydrographic services to support the conservation and management of coastal and ocean resources;

(4) where appropriate, may acquire hydrographic data and provide hydrographic services to save and protect life and property and support the resumption of commerce in response to emergencies, natural and man-made disasters, and homeland security and maritime domain awareness needs, including obtaining mission assignments (as defined in section 741 of title 6);

(5) may create, support, and maintain such joint centers with other Federal agencies and other entities as the Administrator deems appropriate or necessary to carry out the purposes of this subchapter; and

(6) notwithstanding the existence of such joint centers, shall award contracts for the acquisition of hydrographic data in accordance with subchapter VI of chapter 10 of title 40.²

(c) Conservation and management of coastal and ocean resources

Where appropriate and to the extent that it does not detract from the promotion of safe and efficient navigation, the Secretary may use hydrographic data and services to support the conservation and management of coastal and ocean resources.

(Pub. L. 105-384, title III, §303, Nov. 13, 1998, 112 Stat. 3454; Pub. L. 107-372, title I, §103, Dec. 19,

REFERENCES IN TEXT

This subchapter, referred to in subsecs. (a) and (b), was in the original “this Act”, and was translated, to reflect the probable intent of Congress, as reading “this title”, meaning title III of Pub. L. 105-384, Nov. 13, 1998, 112 Stat. 3454, known as the Hydrographic Services Improvement Act of 1998, which is classified principally to this subchapter. For complete classification of title III to the Code, see Short Title of 1998 Amendment note set out under section 851 of this title and Tables.

Subchapter VI of chapter 10 of title 40, referred to in subsec. (b)(6), probably means title IX of the Federal Property and Administrative Services Act of 1949, act June 30, 1949, ch. 288, as added Pub. L. 92-582, Oct. 27, 1972, 86 Stat. 1278. Title IX of the Act, which was classified generally to subchapter VI (§541 et seq.) of chapter 10 of former Title 40, Public Buildings, Property, and Works, was repealed and reenacted by Pub. L. 107-217, §§1, 6(b), Aug. 21, 2002, 116 Stat. 1062, 1304, as chapter 11 (§1101 et seq.) of Title 40, Public Buildings, Property, and Works. For disposition of sections of former Title 40 to revised Title 40, see Table preceding section 101 of Title 40. For complete classification of act June 30, 1949, to the Code, see Tables.

AMENDMENTS

2008—Subsec. (a). Pub. L. 110-386, §3(1), substituted “the Coast and Geodetic Survey Act, promote safe, efficient and environmentally sound marine transportation, and otherwise fulfill the purposes of this subchapter,” for “the Act of 1947,” in introductory provisions.

Subsec. (a)(1). Pub. L. 110-386, §3(2), substituted “data and provide hydrographic services;” for “data;”.

Subsec. (b). Pub. L. 110-386, §3(3), added subsec. (b) and struck out former subsec. (b) which related to actions of Administrator to fulfill data gathering and dissemination duties of the Administration under the Act of 1947.

2002—Subsec. (b)(4). Pub. L. 107-372, §103(a), amended par. (4) generally. Prior to amendment, par. (4) read as follows: “may design and install where appropriate Physical Oceanographic Real-Time Systems to enhance navigation safety and efficiency.”

Subsec. (c). Pub. L. 107-372, §103(b), added subsec. (c).

CHARTING AND SURVEY SERVICES

Pub. L. 116-259, title V, §501, Dec. 23, 2020, 134 Stat. 1178, provided that:

“(a) IN GENERAL.—Not later than 270 days after the development of the strategy required by section 1002(b) of the Frank LoBiondo Coast Guard Authorization Act of 2018 [Pub. L. 115-282] (33 U.S.C. 892a note), the Secretary of Commerce shall enter into not fewer than 2 multi-year contracts with 1 or more private entities for the performance of charting and survey services by vessels.

“(b) CHARTING AND SURVEYS IN THE ARCTIC.—In soliciting and engaging the services of vessels under subsection (a), the Secretary shall particularly emphasize the need for charting and surveys in the Arctic.”

SYSTEM FOR TRACKING AND REPORTING ALL-INCLUSIVE COST OF HYDROGRAPHIC SURVEYS

Pub. L. 115-282, title X, §1002, Dec. 4, 2018, 132 Stat. 4365, provided that:

“(a) IN GENERAL.—Not later than 1 year after the date of the enactment of this Act [Dec. 4, 2018], the Secretary of Commerce shall—

“(1) develop and implement a system to track and report the full cost to the Department of Commerce

of hydrographic data collection, including costs relating to vessel acquisition, vessel repair, and administration of contracts to procure data;

“(2) evaluate measures for comparing cost per unit effort in addition to measures of cost per nautical square mile; and

“(3) submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Natural Resources of the House of Representatives a report on which additional measures for comparing cost per unit effort the Secretary intends to use and the rationale for such use.

“(b) DEVELOPMENT OF STRATEGY FOR INCREASED CONTRACTING WITH NONGOVERNMENTAL ENTITIES FOR HYDROGRAPHIC DATA COLLECTION.—Not later than 180 days after the date on which the Secretary completes the activities required by subsection (a), the Secretary shall develop a strategy for how the National Oceanic and Atmospheric Administration will increase contracting with nongovernmental entities for hydrographic data collection in a manner that is consistent with the requirements of the Ocean and Coastal Mapping Integration Act ([subtitle B of title XII of] Public Law 111-11; 33 U.S.C. 3501 et seq.)”

HYDROGRAPHIC SURVEY

Pub. L. 106-541, title V, §554, Dec. 11, 2000, 114 Stat. 2679, provided that: “The Secretary [of the Army] shall enter into an agreement with the Administrator of the National Oceanic and Atmospheric Administration—

“(1) to require the Secretary, not later than 60 days after the Corps of Engineers completes a project involving dredging of a channel, to provide data to the Administration in a standard digital format on the results of a hydrographic survey of the channel conducted by the Corps of Engineers; and

“(2) to require the Administrator to provide the final charts with respect to the project to the Secretary in digital format, at no charge, for the purpose of enhancing the mission of the Corps of Engineers of maintaining Federal navigation projects.”

§ 892b. Quality assurance program

(a) Definition

For purposes of this section, the term “hydrographic product” means any publicly or commercially available product produced by a non-Federal entity that includes or displays hydrographic data.

(b) Program

(1) In general

The Administrator—

(A) by not later than 2 years after December 19, 2002, shall, subject to the availability of appropriations, develop and implement a quality assurance program that is equally available to all applicants, under which the Administrator may certify hydrographic products that satisfy the standards promulgated by the Administrator under section 892a(a)(3) of this title;

(B) may authorize the use of the emblem or any trademark of the Administration on a hydrographic product certified under subparagraph (A); and

(C) may charge a fee for such certification and use.

(2) Limitation on fee amount

Any fee under paragraph (1)(C) shall not exceed the costs of conducting the quality assurance testing, evaluation, or studies necessary to determine whether the hydrographic product satisfies the standards adopted under sec-

tion 892a(a)(3) of this title, including the cost of administering such a program.

(c) Limitation on liability

The Government of the United States shall not be liable for any negligence by a person that produces hydrographic products certified under this section.

(d) Hydrographic Services Account

(1) Establishment

There is established in the Treasury a separate account, which shall be known as the "Hydrographic Services Account".

(2) Content

The account shall consist of—

(A) amounts received by the United States as fees charged under subsection (b)(1)(C); and

(B) such other amounts as may be provided by law.

(3) Use

Amounts in the account shall be available to the Administrator, without further appropriation, for hydrographic services.

(e) Limitation on new fees and increases in existing fees for hydrographic services

After November 13, 1998, the Administrator may not—

(1) establish any fee or other charge for the provision of any hydrographic service except as authorized by this section; or

(2) increase the amount of any fee or other charge for the provision of any hydrographic service except as authorized by this section and section 1307 of title 44.

(Pub. L. 105-384, title III, §304, Nov. 13, 1998, 112 Stat. 3455; Pub. L. 107-372, title I, §104(a), Dec. 19, 2002, 116 Stat. 3080.)

Editorial Notes

AMENDMENTS

2002—Subsec. (b)(1). Pub. L. 107-372 reenacted heading without change and amended text generally. Prior to amendment, text read as follows: "The Administrator may—

"(A) develop and implement a quality assurance program that is equally available to all applicants, under which the Administrator may certify hydrographic products that satisfy the standards promulgated by the Administrator under section 892a(a)(3) of this title;

"(B) authorize the use of the emblem or any trademark of the Administration on a hydrographic product certified under subparagraph (A); and

"(C) charge a fee for such certification and use."

§ 892c. Hydrographic Services Review Panel

(a) Establishment

No later than 1 year after December 19, 2002, the Secretary shall establish the Hydrographic Services Review Panel.

(b) Duties

(1) In general

The panel shall advise the Administrator on matters related to the responsibilities and authorities set forth in section 892a of this title and such other appropriate matters as the Ad-

ministrator refers to the panel for review and advice.

(2) Administrative resources

The Administrator shall make available to the panel such information, personnel, and administrative services and assistance as it may reasonably require to carry out its duties.

(c) Membership

(1) In general

(A) The panel shall consist of 15 voting members who shall be appointed by the Administrator. The Co-directors of the Center for Coastal and Ocean Mapping/Joint Hydrographic Center and no more than 2 employees of the National Oceanic and Atmospheric Administration appointed by the Administrator shall serve as nonvoting members of the panel. The voting members of the panel shall be individuals who, by reason of knowledge, experience, or training, are especially qualified in 1 or more of the disciplines and fields relating to hydrographic data and hydrographic services, marine transportation, port administration, vessel pilotage, coastal and fishery management, and other disciplines as determined appropriate by the Administrator.

(B) An individual may not be appointed as a voting member of the panel if the individual is a full-time officer or employee of the United States.

(C) Any voting member of the panel who is an applicant for, or beneficiary (as determined by the Secretary) of, any assistance under this subchapter shall disclose to the panel that relationship, and may not vote on any matter pertaining to that assistance.

(2) Terms

(A) The term of office of a voting member of the panel shall be 4 years, except that of the original appointees, five shall be appointed for a term of 2 years, five shall be appointed for a term of 3 years, and five shall be appointed for a term of 4 years, as specified by the Administrator at the time of appointment.

(B) Any individual appointed to a partial or full term may be reappointed for one additional full term. A voting member may serve after the date of the expiration of the term of office for which appointed until his or her successor has taken office.

(3) Nominations

At least once each year, the Secretary shall publish a notice in the Federal Register soliciting nominations for membership on the panel.

(4) Chairman and Vice Chairman

(A) The panel shall select one voting member to serve as the Chairman and another voting member to serve as the Vice Chairman.

(B) The Vice Chairman shall act as Chairman in the absence or incapacity of the Chairman.

(d) Compensation

Voting members of the panel shall—

(1) receive compensation at a rate established by the Secretary, not to exceed the maximum daily rate payable under section

5376 of title 5 when actually engaged in the performance of duties for such panel; and

(2) be reimbursed for actual and reasonable expenses incurred in the performance of such duties.

(e) Meetings

The panel shall meet on a biannual basis and, at any other time, at the call of the Chairman or upon the request of a majority of the voting members or of the Secretary.

(f) Powers

The panel may exercise such powers as are reasonably necessary in order to carry out its duties under subsection (b).

AMENDMENTS

2008—Subsec. (c)(1)(A). Pub. L. 110-386 amended subpar. (A) generally. Prior to amendment, subpar. (A) read as follows: “The panel shall consist of 15 voting members who shall be appointed by the Administrator. The Director of the Joint Hydrographic Institute and no more than 2 employees of the National Oceanic and Atmospheric Administration appointed by the Administrator shall serve as nonvoting members of the panel. The voting members of the panel shall be individuals who, by reason of knowledge, experience, or training, are especially qualified in one or more of the disciplines and fields relating to hydrographic surveying, tide, current geodetic and geospatial measurement, marine transportation, port administration, vessel pilotage, and coastal and fishery management.”

2002—Pub. L. 107-372 amended section generally, substituting provisions establishing Hydrographic Services Review Panel for provisions requiring report, not later than 6 months after November 13, 1998, on a plan to ensure maintenance of Federal competence and expertise in hydrographic surveying.

1998—Pub. L. 105-383, which directed the amendment of this section by striking out subsecs. (a) and (d), was executed by striking out subsec. (a), because no subsec. (d) has been enacted. Prior to amendment, subsec. (a) read as follows:

“(a) PORTS.—Not later than 6 months after November 13, 1998, the Administrator and the Commandant of the Coast Guard shall report to the Congress on—

“(1) the status of implementation of real-time tide and current data systems in United States ports;

“(2) existing safety and efficiency needs in United States ports that could be met by increased use of those systems; and

“(3) a plan for expanding those systems to meet those needs, including an estimate of the cost of implementing those systems in priority locations.”

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1998 AMENDMENT

Pub. L. 105-383, title IV, §432(a), Nov. 13, 1998, 112 Stat. 3444, provided that: “Subsections (b) and (c)

[amending this section and section 892d of this title] shall take effect immediately after the later of—

“(1) the enactment of the Hydrographic Services Improvement Act of 1998 [Pub. L. 105-384, title III, Nov. 13, 1998]; or

“(2) the enactment of this Act [Nov. 13, 1998].”

§ 892d. Authorization of appropriations

(a) In general

There are authorized to be appropriated to the Administrator the following:

(1) To carry out nautical mapping and charting functions under sections 892b and 892c of this title, except for conducting hydrographic surveys, \$70,814,000 for each of fiscal years 2019 through 2023.

(2) To contract for hydrographic surveys under section 892b(b)(1) of this title, including the leasing or time chartering of vessels, \$25,000,000 for each of fiscal years 2019 through 2023.

(3) To operate hydrographic survey vessels owned by the United States and operated by the Administration, \$29,932,000 for each of fiscal years 2019 through 2023.

(4) To carry out geodetic functions under this subchapter, \$26,800,000 for each of fiscal years 2019 through 2023.

(5) To carry out tide and current measurement functions under this subchapter, \$30,564,000 for each of fiscal years 2019 through 2023.

(6) To acquire a replacement hydrographic survey vessel capable of staying at sea continuously for at least 30 days \$75,000,000.

(b) Arctic programs

Of the amount authorized by this section for each fiscal year—

(1) \$10,000,000 is authorized for use in the Arctic—

(A) to acquire hydrographic data;

(B) to provide hydrographic services;

(C) to conduct coastal change analyses necessary to ensure safe navigation;

(D) to improve the management of coastal change; and

(E) to reduce risks of harm to subsistence and coastal communities associated with increased international maritime traffic; and

(2) \$2,000,000 is authorized for use to acquire hydrographic data and provide hydrographic services in the Arctic necessary to delineate the United States extended Continental Shelf.

(c) Limitation on administrative expenses for surveys

Of amounts authorized by this section for each fiscal year for contract hydrographic surveys, not more than 5 percent is authorized for administrative costs associated with contract management.

AMENDMENTS

2018—Subsec. (a). Pub. L. 115-282, §1001(a)(1), designated existing provisions as subsec. (a) and inserted heading.

Subsec. (a)(1). Pub. L. 115-282, §1001(a)(2)(A), substituted “surveys, \$70,814,000 for each of fiscal years 2019 through 2023.” for “surveys—

“(A) \$55,000,000 for fiscal year 2009;

“(B) \$56,000,000 for fiscal year 2010;

“(C) \$57,000,000 for fiscal year 2011; and

“(D) \$58,000,000 for fiscal year 2012.”

Subsec. (a)(2). Pub. L. 115-282, §1001(a)(2)(B), substituted “vessels, \$25,000,000 for each of fiscal years 2019 through 2023.” for “vessels—

“(A) \$32,130,000 for fiscal year 2009;

“(B) \$32,760,000 for fiscal year 2010;

“(C) \$33,390,000 for fiscal year 2011; and

“(D) \$34,020,000 for fiscal year 2012.”

Subsec. (a)(3). Pub. L. 115-282, §1001(a)(2)(C), substituted “Administration, \$29,932,000 for each of fiscal years 2019 through 2023.” for “Administration—

“(A) \$25,900,000 for fiscal year 2009;

“(B) \$26,400,000 for fiscal year 2010;

“(C) \$26,900,000 for fiscal year 2011; and

“(D) \$27,400,000 for fiscal year 2012.”

Subsec. (a)(4). Pub. L. 115-282, §1001(a)(2)(D), substituted “subchapter, \$26,800,000 for each of fiscal years 2019 through 2023.” for “subchapter—

“(A) \$32,640,000 for fiscal year 2009;

“(B) \$33,280,000 for fiscal year 2010;

“(C) \$33,920,000 for fiscal year 2011; and

“(D) \$34,560,000 for fiscal year 2012.”

Subsec. (a)(5). Pub. L. 115-282, §1001(a)(2)(E), substituted “subchapter, \$30,564,000 for each of fiscal years 2019 through 2023.” for “subchapter—

“(A) \$27,000,000 for fiscal year 2009;

“(B) \$27,500,000 for fiscal year 2010;

“(C) \$28,000,000 for fiscal year 2011; and

“(D) \$28,500,000 for fiscal year 2012.”

Subsec. (b). Pub. L. 115-282, §1001(a)(3), added subsec. (b).

Subsec. (c). Pub. L. 115-282, §1001(b), added subsec. (c).
2008—Pub. L. 110-386 amended section generally. Prior to amendment, section authorized appropriations for fiscal years 2003 through 2007.

2002—Pub. L. 107-372 reenacted section catchline without change and amended text generally. Prior to amendment, text read as follows: “There is authorized to be appropriated to the Administrator the following:

“(1) To carry out nautical mapping and charting functions under the Act of 1947 and sections 892a and 892b of this title, except for conducting hydrographic surveys, \$33,000,000 for fiscal year 1999, \$34,000,000 for fiscal year 2000, and \$35,000,000 for fiscal year 2001.

“(2) To conduct hydrographic surveys under section 892a(a)(1) of this title, including the leasing of ships, \$33,000,000 for fiscal year 1999, \$35,000,000 for fiscal year 2000, and \$37,000,000 for fiscal year 2001. Of these amounts, no more than \$16,000,000 is authorized for any one fiscal year to operate hydrographic survey vessels owned and operated by the Administration.

“(3) To carry out geodetic functions under the Act of 1947, \$25,000,000 for fiscal year 1999, \$30,000,000 for fiscal year 2000, and \$30,000,000 for fiscal year 2001.

“(4) To carry out tide and current measurement functions under the Act of 1947, \$22,500,000 for each of fiscal years 1999 through 2001. Of these amounts \$4,500,000 is authorized for each fiscal year to implement and operate a national quality control system for real-time tide and current and maintain the national tide network, and \$7,000,000 is authorized for each fiscal year to design and install real-time tide and current data measurement systems under section 892a(b)(4) of this title.”

1998—Pub. L. 105-383 amended section generally, substituting present provisions for substantially identical provisions.

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1998 AMENDMENT

Amendment by Pub. L. 105-383 effective immediately after enactment of Pub. L. 105-384, Nov. 13, 1998, see section 432(a) of Pub. L. 105-383, set out as a note under section 892c of this title.

SUBCHAPTER V—RESEARCH, DEVELOPMENT, EDUCATION, AND INNOVATION

§ 893. Ocean and atmospheric research and development program

(a) In general

The Administrator of the National Oceanic and Atmospheric Administration, in consultation with the Director of the National Science Foundation and the Administrator of the National Aeronautics and Space Administration, shall establish a coordinated program of ocean, coastal, Great Lakes, and atmospheric research and development, in collaboration with academic institutions and other nongovernmental entities, that shall focus on the development of advanced technologies and analytical methods that will promote United States leadership in ocean and atmospheric science and competitiveness in the applied uses of such knowledge.

(b) Oceanic and atmospheric research and development program

The Administrator shall implement programs and activities—

(1) to identify emerging and innovative research and development priorities to enhance United States competitiveness, support development of new economic opportunities based on NOAA research, observations, monitoring modeling, and predictions that sustain ecosystem services;

(2) to promote United States leadership in oceanic and atmospheric science and competitiveness in the applied uses of such knowledge, including for the development and expansion of economic opportunities; and

(3) to advance ocean, coastal, Great Lakes, and atmospheric research and development, including potentially transformational research, in collaboration with other relevant Federal agencies, academic institutions, the private sector, and nongovernmental programs, consistent with NOAA’s mission to understand, observe, and model the Earth’s atmosphere and biosphere, including the oceans, in an integrated manner.

(c) Report

No later than 12 months after January 4, 2011, the Administrator, in consultation with the National Science Foundation or other such agencies with mature transformational research portfolios, shall develop and submit a report to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Science and Technology that describes NOAA’s strategy for enhancing transformational research in its research and development portfolio to increase United States

competitiveness in oceanic and atmospheric science and technology. The report shall—

- (1) define “transformational research”;
- (2) identify emerging and innovative areas of research and development where transformational research has the potential to make significant and revolutionary ⁻¹ advancements in both understanding and U.S. science leadership;
- (3) describe how transformational research priorities are identified and appropriately ⁻¹ balanced in the context of NOAA’s broader research portfolio;
- (4) describe NOAA’s plan for developing a competitive peer review and priority-setting ⁻¹ process, funding mechanisms, performance and evaluation measures, and transition-to-operation guidelines for transformational research; and
- (5) describe partnerships with other agencies involved in transformational research.

CHANGE OF NAME

Committee on Science and Technology of House of Representatives changed to Committee on Science, Space, and Technology of House of Representatives by House Resolution No. 5, One Hundred Twelfth Congress, Jan. 5, 2011.

§ 893a. NOAA ocean and atmospheric science education programs

(a) In general

The Administrator of the National Oceanic and Atmospheric Administration shall conduct, develop, support, promote, and coordinate formal and informal educational activities at all levels to enhance public awareness and understanding of ocean, coastal, Great Lakes, and atmospheric science and stewardship by the general public and other coastal stakeholders, including underrepresented groups in ocean and atmospheric science and policy careers. In conducting those activities, the Administrator shall build upon the educational programs and activities of the agency, with consideration given to the goal of promoting the participation of individuals identified in sections 1885a and 1885b of title 42 in STEM fields and in promoting the acquisition and retention of highly qualified and motivated young scientists to complement and supplement workforce needs.

(b) Educational program goals

The education programs developed by NOAA shall, to the extent applicable—

- (1) carry out and support research based programs and activities designed to increase student interest and participation in STEM;

- (2) improve public literacy in STEM;
- (3) employ proven strategies and methods for improving student learning and teaching in STEM;

(4) provide curriculum support materials and other resources that—

- (A) are designed to be integrated with comprehensive STEM education;
- (B) are aligned with national science education standards;
- (C) are designed considering the unique needs of underrepresented groups, translating such materials and other resources;
- (D) promote the adoption and implementation of high-quality education practices that build toward college and career-readiness; and

(E) are promoted widely, especially among individuals identified in sections 1885a and 1885b of title 42; and

- (5) create and support opportunities for enhanced and ongoing professional development for teachers using best practices that improves the STEM content and knowledge of the teachers, including through programs linking STEM teachers with STEM educators at the higher education level.

(c) NOAA science education plan

The Administrator, appropriate National Oceanic and Atmospheric Administration programs, ocean atmospheric science and education experts, and interested members of the public shall maintain a science education plan setting forth education goals and strategies for the Administration, as well as programmatic actions to carry out such goals and priorities over the next 20 years, and evaluate and update such plan every 5 years.

(d) Metrics

In executing the National Oceanic and Atmospheric Administration science education plan under subsection (c), the Administrator shall maintain a comprehensive system for evaluating the Administration’s educational programs and activities. In so doing, the Administrator shall ensure that such education programs have measurable objectives and milestones as well as clear, documented metrics for evaluating programs. For each such education program or portfolio of similar programs, the Administrator shall—

- (1) encourage the collection of evidence as relevant to the measurable objectives and milestones; and
- (2) ensure that program or portfolio evaluations focus on educational outcomes and not just inputs, activities completed, or the number of participants.

(e) Construction

Nothing in this section may be construed to affect the application of section 1232a of title 20 or sections 794 and 794d of title 29.

(f) STEM defined

In this section, the term “STEM” means the academic and professional disciplines of science, technology, engineering, and mathematics.

AMENDMENTS

2017—Subsec. (a). Pub. L. 114-329, § 314(a), substituted “the agency, with consideration given to the goal of promoting the participation of individuals identified in sections 1885a and 1885b of title 42” for “agency, with consideration given to the goal of promoting the participation of individuals from underrepresented groups”.

Subsec. (b)(4)(C) to (E). Pub. L. 114-329, § 314(b), added subpars. (C) and (E) and redesignated former subpar. (C) as (D).

Subsecs. (d) to (f). Pub. L. 114-329, § 314(c), added subsec. (d) and redesignated former subsecs. (d) and (e) as (e) and (f), respectively.

2011—Subsec. (a). Pub. L. 111-358, § 302(1), substituted “agency, with consideration given to the goal of promoting the participation of individuals from underrepresented groups in STEM fields and in promoting the acquisition and retention of highly qualified and motivated young scientists to complement and supplement workforce needs.” for “the agency.”

Subsec. (b). Pub. L. 111-358, § 302(3), added subsec. (b). Former subsec. (b) redesignated (c).

Subsec. (c). Pub. L. 111-358, § 302(4), substituted “maintain” for “develop”.

Pub. L. 111-358, § 302(2), redesignated subsec. (b) as (c). Former subsec. (c) redesignated (d).

Subsec. (d). Pub. L. 111-358, § 302(2), redesignated subsec. (c) as (d).

Subsec. (e). Pub. L. 111-358, § 302(5), added subsec. (e).

§ 893b. NOAA’s contribution to innovation

(a) Participation in interagency activities

The National Oceanic and Atmospheric Administration shall be a full participant in any interagency effort to promote innovation and economic competitiveness through near-term and long-term basic scientific research and development and the promotion of science, technology, engineering, and mathematics education, consistent with the agency mission, including authorized activities.

(b) Historic foundation

In order to carry out the participation described in subsection (a), the Administrator of the National Oceanic and Atmospheric Administration shall build on the historic role of the National Oceanic and Atmospheric Administration in stimulating excellence in the advancement of ocean and atmospheric science and engineering disciplines and in providing opportunities and incentives for the pursuit of academic studies in science, technology, engineering, and mathematics.

(Pub. L. 110-69, title IV, § 4003, Aug. 9, 2007, 121 Stat. 600.)

§ 893c. Workforce study

(a) In general

The Secretary of Commerce, in cooperation with the Secretary of Education, shall request the National Academy of Sciences to conduct a study on the scientific workforce in the areas of oceanic and atmospheric research and development. The study shall investigate—

(1) whether there is a shortage in the number of individuals with advanced degrees in

oceanic and atmospheric sciences who have the ability to conduct high quality scientific research in physical and chemical oceanography, meteorology, and atmospheric modeling, and related fields, for government, non-profit, and private sector entities;

(2) what Federal programs are available to help facilitate the education of students hoping to pursue these degrees;

(3) barriers to transitioning highly qualified oceanic and atmospheric scientists into Federal civil service scientist career tracks;

(4) what institutions of higher education, the private sector, and the Congress could do to increase the number of individuals with such post baccalaureate degrees;

(5) the impact of an aging Federal scientist workforce on the ability of Federal agencies to conduct high quality scientific research; and

(6) what actions the Federal government can take to assist the transition of highly qualified scientists into Federal career scientist positions and ensure that the experiences of retiring Federal scientists are adequately documented and transferred prior to retirement from Federal service.

(b) Coordination

The Secretary of Commerce and the Secretary of Education shall consult with the heads of other Federal agencies and departments with oceanic and atmospheric expertise or authority in preparing the specifications for the study.

(c) Report

No later than 18 months after January 4, 2011, the Secretary of Commerce and the Secretary of Education shall transmit a joint report to each committee of Congress with jurisdiction over the programs described in section 893a(b) of this title, as amended by section 302 of this Act, detailing the findings and recommendations of the study and setting forth a prioritized plan to implement the recommendations.

(d) Program and plan

The Administrator of the National Oceanic and Atmospheric Administration shall evaluate the National Academy of Sciences study and develop a workforce program and plan to institutionalize the Administration’s Federal science career pathways and address aging workforce issues. The program and plan shall be developed in consultation with the Administration’s cooperative institutes and other academic partners to identify and implement programs and mechanisms to ensure that—

(1) sufficient highly qualified scientists are able to transition into Federal career scientist positions in the Administration’s laboratories and programs; and

(2) the technical and management experiences of senior employees are documented and transferred before leaving Federal service.

SUBCHAPTER VI—SEXUAL HARASSMENT
AND ASSAULT PREVENTION

§ 894. Actions to address sexual harassment at National Oceanic and Atmospheric Administration

(a) Required policy

Not later than 1 year after December 23, 2016, the Secretary of Commerce shall, acting through the Under Secretary for Oceans and Atmosphere, develop a policy on the prevention of and response to sexual harassment involving employees of the National Oceanic and Atmospheric Administration, members of the commissioned officer corps of the Administration, and individuals who work with or conduct business on behalf of the Administration.

(b) Matters to be specified in policy

The policy developed under subsection (a) shall include—

(1) establishment of a program to promote awareness of the incidence of sexual harassment;

(2) clear procedures an individual should follow in the case of an occurrence of sexual harassment, including—

(A) a specification of the person or persons to whom an alleged occurrence of sexual harassment should be reported by an individual and options for confidential reporting, including—

(i) options and contact information for after-hours contact; and

(ii) a procedure for obtaining assistance and reporting sexual harassment while working in a remote scientific field camp, at sea, or in another field status; and

(B) a specification of any other person whom the victim should contact;

(3) establishment of a mechanism by which—
(A) questions regarding sexual harassment can be confidentially asked and confidentially answered; and

(B) incidents of sexual harassment can be reported on a restricted or unrestricted basis; and

(4) a prohibition on retaliation and consequences for retaliatory actions.

(c) Consultation and assistance

In developing the policy required by subsection (a), the Secretary may consult or receive assistance from such State, local, and national organizations and subject matter experts as the Secretary considers appropriate.

(d) Availability of policy

The Secretary shall ensure that the policy developed under subsection (a) is available to—

(1) all employees of the Administration and members of the commissioned officer corps of the Administration, including those employees and members who conduct field work for the Administration; and

(2) the public.

(e) Geographic distribution of equal employment opportunity personnel

The Secretary shall designate out of existing staff at least 1 employee of the Administration

who is tasked with handling matters relating to equal employment opportunity or sexual harassment at each marine and aviation center of the Administration.

(f) Quarterly reports

(1) In general

Not less frequently than 4 times each year, the Director of the Civil Rights Office of the Administration shall submit to the Under Secretary a report on sexual harassment in the Administration.

(2) Contents

Each report submitted under paragraph (1) shall include the following:

(A) The number of sexual harassment cases, both actionable and non-actionable, involving individuals covered by the policy developed under subsection (a).

(B) The number of open actionable sexual harassment cases and how long the cases have been open.

(C) Such trends or region-specific issues as the Director may have discovered with respect to sexual harassment in the Administration.

(D) Such recommendations as the Director may have with respect to sexual harassment in the Administration.

(Pub. L. 114-328, div. C, title XXXV, §3541, Dec. 23, 2016, 130 Stat. 2800; Pub. L. 116-259, title V, §504(a)(1), Dec. 23, 2020, 134 Stat. 1180.)

AMENDMENTS

2020—Subsec. (b)(3)(B). Pub. L. 116-259 substituted “can be reported on a restricted or unrestricted basis” for “can be confidentially reported”.

§ 894a. Actions to address sexual assault at National Oceanic and Atmospheric Administration

(a) Comprehensive policy on prevention of and response to sexual assaults

Not later than 1 year after December 23, 2016, the Secretary of Commerce shall, acting through the Under Secretary for Oceans and Atmosphere, develop a comprehensive policy on the prevention of and response to sexual assaults involving employees of the National Oceanic and Atmospheric Administration, members of the commissioned officer corps of the Administration, and individuals who work with or conduct business on behalf of the Administration.

(b) Elements of comprehensive policy

The comprehensive policy developed under subsection (a) shall, at minimum, address the following matters:

(1) Prevention measures.

(2) Education and training on prevention and response.

(3) A list of support resources an individual may use in the occurrence of sexual assault, including—

(A) options and contact information for after-hours contact; and

(B) a procedure for obtaining assistance and reporting sexual assault while working

in a remote scientific field camp, at sea, or in another field status.

(4) Easy and ready availability of information described in paragraph (3).

(5) Establishing a mechanism by which—

(A) questions regarding sexual assault can be confidentially asked and confidentially answered; and

(B) incidents of sexual assault can be reported on a restricted or unrestricted basis.

(6) Protocols for the investigation of complaints by command and law enforcement personnel.

(7) Prohibiting retaliation and consequences for retaliatory actions against someone who reports a sexual assault.

(8) Oversight by the Under Secretary of administrative and disciplinary actions in response to substantiated incidents of sexual assault.

(9) Victim advocacy, including establishment of and the responsibilities and training requirements for victim advocates as described in subsection (c).

(10) Availability of resources for victims of sexual assault within other Federal agencies and State, local, and national organizations.

(c) Victim advocacy

(1) In general

The Secretary, acting through the Under Secretary, shall establish victim advocates to advocate for victims of sexual assaults involving employees of the Administration, members of the commissioned officer corps of the Administration, and individuals who work with or conduct business on behalf of the Administration.

(2) Victim advocates

For purposes of this subsection, a victim advocate is an existing permanent employee of the Administration who—

(A) is trained in matters relating to sexual assault and the comprehensive policy developed under subsection (a); and

(B) serves as a victim advocate voluntarily and in addition to the employee's other duties as an employee of the Administration.

(3) Primary duties

The primary duties of a victim advocate established under paragraph (1) shall include the following:

(A) Supporting victims of sexual assault and informing them of their rights and the resources available to them as victims.

(B) Acting as a companion in navigating investigative, medical, mental and emotional health, and recovery processes relating to sexual assault.

(C) Helping to identify resources to ensure the safety of victims of sexual assault.

(4) Location

The Secretary shall ensure that at least 1 victim advocate established under paragraph (1) is stationed—

(A) in each region in which the Administration conducts operations; and

(B) in each marine and aviation center of the Administration.

(5) Hotline

(A) In general

In carrying out this subsection, the Secretary shall provide a telephone number at which a victim of a sexual assault can contact a victim advocate.

(B) 24-hour access

The Secretary shall ensure that the telephone number established under subparagraph (A) is monitored at all times.

(C) Partnership

The Secretary shall, where possible, use established hotlines for purposes of this paragraph.

(6) Formal relationships with other entities

The Secretary may enter into formal relationships with other entities to make available additional victim advocates.

(d) Availability of policy

The Secretary shall ensure that the policy developed under subsection (a) is available to—

(1) all employees of the Administration and members of the commissioned officer corps of the Administration, including those employees and members who conduct field work for the Administration; and

(2) the public.

(e) Consultation and assistance

In developing the policy required by subsection (a), the Secretary may consult or receive assistance from such State, local, and national organizations and subject matter experts as the Secretary considers appropriate.

Editorial Notes

AMENDMENTS

2020—Subsec. (b)(5)(B). Pub. L. 116-259 substituted “can be reported on a restricted or unrestricted basis” for “can be confidentially reported”.

§ 894b. Rights of the victim of a sexual assault

A victim of a sexual assault covered by the comprehensive policy developed under section 894a(a) of this title has the right to be reasonably protected from the accused.

(Pub. L. 114-328, div. C, title XXXV, § 3543, Dec. 23, 2016, 130 Stat. 2803.)

§ 894c. Change of station

(a) Change of station, unit transfer, or change of work location of victims

(1) Timely consideration and action upon request

The Secretary of Commerce, acting through the Under Secretary for Oceans and Atmosphere, shall—

(A) in the case of a member of the commissioned officer corps of the National Oceanic and Atmospheric Administration who was a victim of a sexual assault, in order to reduce the possibility of retaliation or further sex-

ual assault, provide for timely determination and action on an application submitted by the victim for consideration of a change of station or unit transfer of the victim; and

(B) in the case of an employee of the Administration who was a victim of a sexual assault, to the degree practicable and in order to reduce the possibility of retaliation against the employee for reporting the sexual assault, accommodate a request for a change of work location of the victim.

(2) Procedures

(A) Period for approval and disapproval

The Secretary, acting through the Under Secretary, shall ensure that an application or request submitted under paragraph (1) for a change of station, unit transfer, or change of work location is approved or denied within 72 hours of the submission of the application or request.

(B) Review

If an application or request submitted under paragraph (1) by a victim of a sexual assault for a change of station, unit transfer, or change of work location of the victim is denied—

(i) the victim may request the Secretary to review the denial; and

(ii) the Secretary, acting through the Under Secretary, shall, not later than 72 hours after receiving such request, affirm or overturn the denial.

(b) Change of station, unit transfer, and change of work location of alleged perpetrators

(1) In general

The Secretary, acting through the Under Secretary, shall develop a policy for the protection of victims of sexual assault described in subsection (a)(1) by providing the alleged perpetrator of the sexual assault with a change of station, unit transfer, or change of work location, as the case may be, if the alleged perpetrator is a member of the commissioned officer corps of the Administration or an employee of the Administration.

(2) Policy requirements

The policy required by paragraph (1) shall include the following:

(A) A means to control access to the victim.

(B) Due process for the victim and the alleged perpetrator.

(c) Regulations

(1) In general

The Secretary shall promulgate regulations to carry out this section.

(2) Consistency

When practicable, the Secretary shall make regulations promulgated under this section consistent with similar regulations promulgated by the Secretary of Defense.

(Pub. L. 114-328, div. C, title XXXV, §3544, Dec. 23, 2016, 130 Stat. 2803.)

§ 894d. Applicability of policies to crews of vessels secured by National Oceanic and Atmospheric Administration under contract

The Under Secretary for Oceans and Atmosphere shall ensure that each contract into which the Under Secretary enters for the use of a vessel by the National Oceanic and Atmospheric Administration that covers the crew of the vessel, if any, shall include as a condition of the contract a provision that subjects such crew to the policy developed under section 894(a) of this title and the comprehensive policy developed under section 894a(a) of this title.

(Pub. L. 114-328, div. C, title XXXV, §3545, Dec. 23, 2016, 130 Stat. 2804.)

§ 894d-1. Investigation requirement

(a) Requirement to investigate

(1) In general

The Secretary of Commerce, acting through the Under Secretary for Oceans and Atmosphere, shall ensure that each allegation of sexual harassment reported under section 894 of this title and each allegation of sexual assault reported under section 894a of this title is investigated thoroughly and promptly.

(2) Sense of Congress on commencement of investigation

It is the sense of Congress that the Secretary should ensure that an investigation of alleged sexual harassment reported under section 894 of this title or sexual assault reported under section 894a of this title commences not later than 48 hours after the time at which the allegation was reported.

(b) Notification of delay

In any case in which the time between the reporting of alleged sexual harassment or sexual assault under section 894 or 894a of this title, respectively, and commencement of an investigation of the allegation exceeds 48 hours, the Secretary shall notify the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Natural Resources of the House of Representatives of the delay.

(Pub. L. 114-328, div. C, title XXXV, §3546, as added Pub. L. 116-259, title V, §504(b)(2), Dec. 23, 2020, 134 Stat. 1180.)

A prior section 3547 of Pub. L. 114-328 was renumbered section 3549 and is classified to section 894f of this title.

§ 894e. Annual report on sexual assaults in the National Oceanic and Atmospheric Administration

(a) In general

Not later than January 15 of each year, the Secretary of Commerce shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Natural Resources of the House of Representatives a report on the sexual assaults involving employees of the National Oceanic and Atmospheric Administration, members of the commissioned officer corps of the Administration, and individuals who work with or conduct business on behalf of the Administration.

(b) Contents

Each report submitted under subsection (a) shall include, with respect to the previous calendar year, the following:

- (1) The number of alleged sexual assaults involving employees, members, and individuals described in subsection (a).
- (2) A synopsis of each case and the disciplinary action taken, if any, in each case.
- (3) The policies, procedures, and processes implemented by the Secretary, and any updates or revisions to such policies, procedures, and processes.
- (4) A summary of the reports received by the Under Secretary for Oceans and Atmosphere under section 894(f) of this title.

(c) Privacy protection

In preparing and submitting a report under subsection (a), the Secretary shall ensure that no individual involved in an alleged sexual assault can be identified by the contents of the report.

(Pub. L. 114-328, div. C, title XXXV, § 3548, formerly § 3546, Dec. 23, 2016, 130 Stat. 2804; renumbered § 3548, Pub. L. 116-259, title V, § 504(b)(1), Dec. 23, 2020, 134 Stat. 1180.)

§ 894f. Sexual assault defined

In this subchapter, the term “sexual assault” shall have the meaning given such term in section 12291(a) of title 34.

(Pub. L. 114-328, div. C, title XXXV, § 3549, formerly § 3547, Dec. 23, 2016, 130 Stat. 2805; renumbered § 3549, Pub. L. 116-259, title V, § 504(b)(1), Dec. 23, 2020, 134 Stat. 1180.)

Editorial Notes**AMENDMENTS**

1984—Pub. L. 98-426 substituted “Longshore” for “Longshoremen’s”.

Statutory Notes and Related Subsidiaries**EFFECTIVE DATE OF 1984 AMENDMENT**

Pub. L. 98-426, § 28(a)-(g), Sept. 28, 1984, 98 Stat. 1655, provided that:

“(a) Except as otherwise provided in this section, the amendments made by this Act [enacting section 942 of this title, amending this section, sections 902 to 910, 912 to 914, 917 to 919, 921 to 923, 928 to 935, 938 to 940, 944, and 948a of this title, and section 932 of Title 30, Mineral

Lands and Mining, repealing sections 945 to 947 of this title, and enacting provisions set out as notes under this section and section 907 of this title] shall be effective on the date of enactment of this Act [Sept. 28, 1984] and shall apply both with respect to claims filed after such date and to claims pending on such date.

“(b) The amendments made by sections 7(a), 7(e), 8(f), 11(b), 11(c), and 13 [amending sections 907, 908, 912, and 914 of this title] shall be effective 90 days after the date of enactment of this Act [Sept. 28, 1984] and shall apply both with respect to claims filed after such 90th day and to claims pending on such 90th day.

“(c) The amendments made by sections 2(a), 3(a), 5, and 8(b) [amending sections 902, 903, 905, and 908 of this title] shall apply with respect to any injury after the date of enactment of this Act [Sept. 28, 1984].

“(d) The amendments made by sections 6(a), 8(d), and 9 [amending sections 906, 908, and 909 of this title] shall apply with respect to any death after the date of enactment of this Act [Sept. 28, 1984].

“(e)(1) The amendments made by sections 2(c), 8(c)(1), 8(e)(4), 8(e)(5), 8(g), 10(b), 15 through 20, and 22 through 27 [enacting section 942 of this title, amending this section and sections 902, 908 to 910, 914, 918, 919, 921 to 923, 928 to 932, 934, 935, 938 to 940, 944, and 948a of this title, repealing sections 945 to 947, and enacting provisions set out as a note under this section] shall be effective on the date of enactment of this Act [Sept. 24, 1984].

“(2) The amendments made by sections 7(b), 7(c), 7(d), and 8(h) [amending sections 907 and 908 of this title] shall be effective 90 days after the date of enactment of this Act [Sept. 28, 1984].

“(f) The amendments made by section 6(b) [amending section 906 of this title] shall apply with respect to any injury, disability, or death after the date of enactment of this Act [Sept. 28, 1984].

“(g) For the purpose of this section—

“(1) in the case of an occupational disease which does not immediately result in a disability or death, an injury shall be deemed to arise on the date on which the employee or claimant becomes aware, or in the exercise of reasonable diligence or by reason of medical advice should have been aware, of the disease; and

“(2) the term ‘disability’ has the meaning given such term by section 2(10) of the Act [section 902(10) of this title] as amended by this Act.”

EFFECTIVE DATE

Section 52, formerly §51, of act Mar. 4, 1927, renumbered Oct. 27, 1972, Pub. L. 92-576, §19, 86 Stat. 1263, provided that: “Sections 39 to 48, 50 to 52 [50 to 52, formerly 49 to 51, renumbered Pub. L. 92-576, §19], inclusive [sections 939 to 948, 949, and 950 of this title], shall become effective upon the passage of this Act [Mar. 4, 1927], and the remainder of this Act shall become effective on July 1, 1927.”

SHORT TITLE OF 1984 AMENDMENT

Pub. L. 98-426, §1(a), Sept. 28, 1984, 98 Stat. 1639, provided that: “this Act [enacting section 942 of this title, amending this section, sections 902 to 910, 912 to 914, 917 to 919, 921 to 923, 928 to 935, 938 to 940, 944, and 948a of this title, and section 932 of Title 30, Mineral Lands and Mining, repealing sections 945 to 947 of this title, and enacting provisions set out as notes under this section and section 907 of this title] may be cited as the ‘Longshore and Harbor Workers’ Compensation Act Amendments of 1984.’”

REFERENCES TO LONGSHOREMEN’S AND HARBOR WORKERS’ COMPENSATION ACT

Pub. L. 98-426, §27(d)(2), Sept. 28, 1984, 98 Stat. 1654, provided that: “Reference in any other statute, regulation, order, or other document to the Longshoremen’s and Harbor Workers’ Compensation Act shall be deemed to refer to the Longshore and Harbor Workers’ Compensation Act.”

§ 902. Definitions

When used in this chapter—

(1) The term “person” means individual, partnership, corporation, or association.

(2) The term “injury” means accidental injury or death arising out of and in the course of employment, and such occupational disease or infection as arises naturally out of such employment or as naturally or unavoidably results from such accidental injury, and includes an injury caused by the willful act of a third person directed against an employee because of his employment.

(3) The term “employee” means any person engaged in maritime employment, including any longshoreman or other person engaged in longshoring operations, and any harbor-worker including a ship repairman, shipbuilder, and ship-breaker, but such term does not include—

(A) individuals employed exclusively to perform office clerical, secretarial, security, or data processing work;

(B) individuals employed by a club, camp, recreational operation, restaurant, museum, or retail outlet;

(C) individuals employed by a marina and who are not engaged in construction, replacement, or expansion of such marina (except for routine maintenance);

(D) individuals who (i) are employed by suppliers, transporters, or vendors, (ii) are temporarily doing business on the premises of an employer described in paragraph (4), and (iii) are not engaged in work normally performed by employees of that employer under this chapter;

(E) aquaculture workers;

(F) individuals employed to build any recreational vessel under sixty-five feet in length, or individuals employed to repair any recreational vessel, or to dismantle any part of a recreational vessel in connection with the repair of such vessel;

(G) a master or member of a crew of any vessel; or

(H) any person engaged by a master to load or unload or repair any small vessel under eighteen tons net;

if individuals described in clauses (A) through (F) are subject to coverage under a State workers’ compensation law.

(4) The term “employer” means an employer any of whose employees are employed in maritime employment, in whole or in part, upon the navigable waters of the United States (including any adjoining pier, wharf, dry dock, terminal, building way, marine railway, or other adjoining area customarily used by an employer in loading, unloading, repairing, or building a vessel).

(5) The term “carrier” means any person or fund authorized under section 932 of this title

to insure under this chapter and includes self-insurers.

(6) The term "Secretary" means the Secretary of Labor.

(7) The term "deputy commissioner" means the deputy commissioner having jurisdiction in respect of an injury or death.

(8) The term "State" includes a Territory and the District of Columbia.

(9) The term "United States" when used in a geographical sense means the several States and Territories and the District of Columbia, including the territorial waters thereof.

(10) "Disability" means incapacity because of injury to earn the wages which the employee was receiving at the time of injury in the same or any other employment; but such term shall mean permanent impairment, determined (to the extent covered thereby) under the guides to the evaluation of permanent impairment promulgated and modified from time to time by the American Medical Association, in the case of an individual whose claim is described in section 910(d)(2) of this title.

(11) "Death" as a basis for a right to compensation means only death resulting from an injury.

(12) "Compensation" means the money allowance payable to an employee or to his dependents as provided for in this chapter, and includes funeral benefits provided therein.

(13) The term "wages" means the money rate at which the service rendered by an employee is compensated by an employer under the contract of hiring in force at the time of the injury, including the reasonable value of any advantage which is received from the employer and included for purposes of any withholding of tax under subtitle C of title 26 (relating to employment taxes). The term wages does not include fringe benefits, including (but not limited to) employer payments for or contributions to a retirement, pension, health and welfare, life insurance, training, social security or other employee or dependent benefit plan for the employee's or dependent's benefit, or any other employee's dependent entitlement.

(14) "Child" shall include a posthumous child, a child legally adopted prior to the injury of the employee, a child in relation to whom the deceased employee stood in loco parentis for at least one year prior to the time of injury, and a stepchild or acknowledged illegitimate child dependent upon the deceased, but does not include married children unless wholly dependent on him. "Grandchild" means a child as above defined of a child as above defined. "Brother" and "sister" includes stepbrothers and stepsisters, half brothers and half sisters, and brothers and sisters by adoption, but does not include married brothers nor married sisters unless wholly dependent on the employee. "Child", "grandchild", "brother", and "sister" include only a person who is under eighteen years of age, or who, though eighteen years of age or over, is (1) wholly dependent upon the employee and incapable of self-support by reason of mental or physical disability, or (2) a student as defined in paragraph (19) of this section.

(15) The term "parent" includes step-parents and parents by adoption, parents-in-law, and any person who for more than three years prior to the death of the deceased employee stood in the place of a parent to him, if dependent on the injured employee.

(16) The terms "widow or widower" includes only the decedent's wife or husband living with or dependent for support upon him or her at the time of his or her death; or living apart for justifiable cause or by reason of his or her desertion at such time.

(17) The terms "adoption" or "adopted" mean legal adoption prior to the time of the injury.

(18) The term "student" means a person regularly pursuing a full-time course of study or training at an institution which is—

(A) a school or college or university operated or directly supported by the United States, or by any State or local government or political subdivision thereof,

(B) a school or college or university which has been accredited by a State or by a State recognized or nationally recognized accrediting agency or body.

(C) a school or college or university not so accredited but whose credits are accepted, on transfer, by not less than three institutions which are so accredited, for credit on the same basis as if transferred from an institution so accredited, or

(D) an additional type of educational or training institution as defined by the Secretary,

but not after he reaches the age of twenty-three or has completed four years of education beyond the high school level, except that, where his twenty-third birthday occurs during a semester or other enrollment period, he shall continue to be considered a student until the end of such semester or other enrollment period. A child shall not be deemed to have ceased to be a student during any interim between school years if the interim does not exceed five months and if he shows to the satisfaction of the Secretary that he has a bona fide intention of continuing to pursue a full-time course of education or training during the semester or other enrollment period immediately following the interim or during periods of reasonable duration during which, in the judgment of the Secretary, he is prevented by factors beyond his control from pursuing his education. A child shall not be deemed to be a student under this chapter during a period of service in the Armed Forces of the United States.

(19) The term "national average weekly wage" means the national average weekly earnings of production or nonsupervisory workers on private nonagricultural payrolls.

(20) The term "Board" shall mean the Benefits Review Board.

(21) Unless the context requires otherwise, the term "vessel" means any vessel upon which or in connection with which any person entitled to benefits under this chapter suffers injury or death arising out of or in the course of his employment, and said vessel's owner, owner pro hac vice, agent, operator, charter or

bare boat charterer, master, officer, or crew member.

(22) The singular includes the plural and the masculine includes the feminine and neuter.

(Mar. 4, 1927, ch. 509, § 2, 44 Stat. 1424; June 25, 1938, ch. 685, § 1, 52 Stat. 1164; Pub. L. 92-576, §§ 2(a), (b), 3, 5(b), 15(c), 18(b), 20(c)(1), Oct. 27, 1972, 86 Stat. 1251, 1253, 1262, 1263, 1265; Pub. The phrase “a student as defined in paragraph (19) of this section”, referred to in par. (14), probably means a student as defined in paragraph (18) of this section.

AMENDMENTS

2009—Par. (3)(F). Pub. L. 111-5, § 803(2), substituted “, or individuals employed to repair any recreational vessel, or to dismantle any part of a recreational vessel in connection with the repair of such vessel;” for semicolon at end.

Pub. L. 111-5, § 803(1), which directed the striking out of “, repair or dismantle”, was executed by striking out “, repair, or dismantle” after “build” to reflect the probable intent of Congress.

1984—Par. (3). Pub. L. 98-426, § 2(a), amended par. (3) generally. Prior to amendment, par. (3) read as follows: “The term ‘employee’ means any person engaged in maritime employment, including any longshoreman or other person engaged in longshoring operations, and any harborworker including a ship repairman, shipbuilder, and shipbreaker, but such term does not include a master or member of a crew of any vessel, or any person engaged by the master to load or unload or repair any small vessel under eighteen tons net.”

Par. (6). Pub. L. 98-426, § 27(a)(1), substituted “The term ‘Secretary’ means the Secretary of Labor” for “The term ‘commission’ means the United States Employees’ Compensation Commission”.

Par. (10). Pub. L. 98-426, § 2(b), inserted “; but such term shall mean permanent impairment, determined (to the extent covered thereby) under the guides to the evaluation of permanent impairment promulgated and modified from time to time by the American Medical Association, in the case of an individual whose claim is described in section 910(d)(2) of this title”.

Par. (13). Pub. L. 98-426, § 2(c), amended par. (13) generally. Prior to amendment, par. (13) read as follows: “‘Wages’ means the money rate at which the service rendered is recompensed under the contract of hiring in force at the time of the injury, including the reasonable value of board, rent, housing, lodging, or similar advantage received from the employer, and gratuities received in the course of employment from others than the employer”.

Par. (21). Pub. L. 98-426, § 5(a)(2), substituted “Unless the context requires otherwise, the” for “The”.

1972—Par. (3). Pub. L. 92-576, § 2(a), defined “employee” to mean any person engaged in maritime employment, including any longshoreman or other person engaged in longshoring operations, and any harborworker including a ship repairman, shipbuilder, and shipbreaker and substituted “or” for “nor” before “any person engaged by the master”.

Par. (4). Pub. L. 92-576, § 2(b), defined “employer” to include an employer any of whose employees are employed in maritime employment upon the navigable waters of the United States, including any adjoining pier, wharf, dry dock, terminal, building way, marine railway, or other adjoining area customarily used by an employer in loading, unloading, repairing, or building a vessel.

Par. (14). Pub. L. 92-576, § 3(b), defined “child, grandchild, brother, and sister” to include a student as defined in par. (19) of this section.

Par. (16). Pub. L. 92-576, § 20(c)(1), consolidated provisions of former par. (16) definition of “widow” and former par. (17) definition of “widower” in one definition of “widow or widower”; and in redefining “widower”, substituted provision for decedent’s husband living with or dependent upon wife for support at time of her death, for prior provision for decedent’s husband living with and dependent upon wife for support at time of her death, and included decedent’s husband living apart from wife for justifiable cause or by reason of her desertion at time of her death.

Par. (17). Pub. L. 92-576, § 20(c)(1), redesignated former par. (18) definition of “adoption” or “adopted” as par. (17). Former par. (17) definition of “widower” incorporated in par. (16).

Par. (18). Pub. L. 92-576, §§ 3(a), 20(c)(1), added par. (19) definition of “student” and redesignated such par. (19) as par. (18). Former par. (18) definition of “adoption” or “adopted” redesignated par. (17).

Par. (19). Pub. L. 92-576, §§ 5(b), 20(c)(1), added par. (20) definition of “national average weekly wage” and redesignated such par. (20) as par. (19). Former par. (19) definition of “student” redesignated par. (18).

Par. (20). Pub. L. 92-576, §§ 15(c), 20(c)(1), added par. (21) definition of “Board” and redesignated such par. (21) as par. (20). Former par. (20) definition of “national average weekly wage” redesignated par. (19).

Par. (21). Pub. L. 92-576, §§ 18(b), 20(c)(1), added par. (22) definition of “vessel” and redesignated such par. (22) as par. (21). Former par. (21) definition of “Board” redesignated par. (20).

Par. (22). Pub. L. 92-576, §§ 3(a), 5(b), 15(c), 18(b), 20(c)(1), redesignated former par. (19) definition of “singular” as pars. (20), (21), (22), (23), and (22) again. Former par. (22) definition of “vessel” redesignated par. (21).

1938—Par. (14). Act June 25, 1938, included within definition of child, “a child in relation to whom the deceased employee stood in loco parentis for at least one year prior to the time of injury” and within definition of child, grandchild, brother, and sister “persons who though eighteen years of age or over, are wholly dependent upon the deceased employee and incapable of self-support by reason of mental or physical disability”.

TRANSFER OF FUNCTIONS

Prior to the amendment of this chapter by Pub. L. 98-426, the word “Secretary” meaning the Secretary of Labor had been substituted for the word “commission” meaning the United States Employees’ Compensation

Commission throughout this chapter even when not expressly so directed by statute in view of the transfer of the functions of the commission first to the Federal Security Administrator by Reorg. Plan No. 2 of 1946, §3, eff. July 16, 1946, 11 F.R. 7873, 60 Stat. 1095, and later to the Secretary of Labor by Reorg. Plan No. 19 of 1950, §1, eff. May 24, 1950, 15 F.R. 3178, 64 Stat. 1271. Where such substitution had thus been made the statutory substitution of terms by Pub. L. 98-426 required no change in text.

§ 903. Coverage

(a) Disability or death; injuries occurring upon navigable waters of United States

Except as otherwise provided in this section, compensation shall be payable under this chapter in respect of disability or death of an employee, but only if the disability or death results from an injury occurring upon the navigable waters of the United States (including any adjoining pier, wharf, dry dock, terminal, building way, marine railway, or other adjoining area customarily used by an employer in loading, unloading, repairing, dismantling, or building a vessel).

(b) Governmental officers and employees

No compensation shall be payable in respect of the disability or death of an officer or employee of the United States, or any agency thereof, or of any State or foreign government, or any subdivision thereof.

(c) Intoxication; willful intention to kill

No compensation shall be payable if the injury was occasioned solely by the intoxication of the employee or by the willful intention of the employee to injure or kill himself or another.

(d) Small vessels

(1) No compensation shall be payable to an employee employed at a facility of an employer if, as certified by the Secretary, the facility is engaged in the business of building, repairing, or dismantling exclusively small vessels (as defined in paragraph (3) of this subsection), unless the injury occurs while upon the navigable waters of the United States or while upon any adjoining pier, wharf, dock, facility over land for launching vessels, or facility over land for hauling, lifting, or drydocking vessels.

(2) Notwithstanding paragraph (1), compensation shall be payable to an employee—

(A) who is employed at a facility which is used in the business of building, repairing, or dismantling small vessels if such facility receives Federal maritime subsidies; or

(B) if the employee is not subject to coverage under a State workers' compensation law.

(3) For purposes of this subsection, a small vessel means—

(A) a commercial barge which is under 900 lightship displacement tons; or

(B) a commercial tugboat, towboat, crew boat, supply boat, fishing vessel, or other work vessel which is under 1,600 tons gross as measured under section 14502 of title 46, or an alternate tonnage measured under section 14302 of that title as prescribed by the Secretary under section 14104 of that title.

(e) Credit for benefits paid under other laws

Notwithstanding any other provision of law, any amounts paid to an employee for the same

injury, disability, or death for which benefits are claimed under this chapter pursuant to any other workers' compensation law or section 30104 of title 46 shall be credited against any liability imposed by this chapter.

(Mar. 4, 1927, ch. 509, §3, 44 Stat. 1426; Pub. L. 92-576, §§2(c), 21, Oct. 27, 1972, 86 Stat. 1251, 1265; Pub. L. 98-426, §3, Sept. 28, 1984, 98 Stat. 1640; Pub. L. 104-324, title VII, §703, Oct. 19, 1996, 110 Stat. 3933.)

Editorial Notes

CODIFICATION

In subsec. (e), "section 30104 of title 46" substituted for "section 20 of the Act of March 4, 1915 (38 Stat. 1185, chapter 153; 46 U.S.C. 688) (relating to recovery for injury to or death of seamen)" on authority of Pub. L. 109-304, §18(c), Oct. 6, 2006, 120 Stat. 1709, which Act enacted section 30104 of Title 46, Shipping.

AMENDMENTS

1996—Subsec. (d)(3)(B). Pub. L. 104-324 inserted before period at end "as measured under section 14502 of title 46, or an alternate tonnage measured under section 14302 of that title as prescribed by the Secretary under section 14104 of that title".

1984—Subsec. (a). Pub. L. 98-426, §3(a), inserted introductory language relating to exceptions provided for elsewhere in this section, redesignated existing par. (1) as subsec. (b), and struck out existing par. (2) which had excepted from coverage masters and crew members or persons engaged by such masters or crew members to load, unload, or repair vessels under 18 tons net.

Subsec. (b). Pub. L. 98-426, §3(a), redesignated as subsec. (b) provisions formerly set out in subsec. (a)(2). Former subsec. (b) redesignated (c).

Subsecs. (c) to (e). Pub. L. 98-426, §3(a), (b), redesignated former subsec. (b) as (c) and added subsecs. (d) and (e).

1972—Subsec. (a). Pub. L. 92-576, §2(c), substituted provisions respecting coverage of injuries occurring upon navigable waters of the United States, including any adjoining pier, wharf, dry dock, terminal, building way, marine railway, or other adjoining area customarily used by an employer in loading, unloading, repairing, or building a vessel, for prior provisions respecting coverage of such injuries upon navigable waters and if recovery for the disability or death through workmen's compensation proceedings may not validly be provided by State law.

Subsec. (a)(1). Pub. L. 92-576, §21, substituted "or" for "nor" before "any person engaged by the master".

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by section 3(a) of Pub. L. 98-426 applicable with respect to any injury after Sept. 28, 1984, and amendment by section 3(b) of Pub. L. 98-426 effective Sept. 28, 1984, and applicable both with respect to claims filed after Sept. 28, 1984, and to claims pending on that date, see section 28(a), (c) of Pub. L. 98-426, set out as a note under section 901 of this title.

EFFECTIVE DATE OF 1972 AMENDMENT

Amendment by Pub. L. 92-576 effective 30 days after Oct. 27, 1972, see section 22 of Pub. L. 92-576, set out as a note under section 902 of this title.

DISTRICT OF COLUMBIA

The Longshoremen's and Harbor Workers' Compensation Act [this chapter] was made applicable in respect to the injury or death of an employee of an employer carrying on any employment in the District of Columbia, by act May 17, 1928, ch. 612, 45 Stat. 600, as amended.

§ 904. Liability for compensation

(a) Every employer shall be liable for and shall secure the payment to his employees of the compensation payable under sections 907, 908, and 909 of this title. In the case of an employer who is a subcontractor, only if such subcontractor fails to secure the payment of compensation shall the contractor be liable for and be required to secure the payment of compensation. A subcontractor shall not be deemed to have failed to secure the payment of compensation if the contractor has provided insurance for such compensation for the benefit of the subcontractor.

(b) Compensation shall be payable irrespective of fault as a cause for the injury.

(Mar. 4, 1927, ch. 509, § 4, 44 Stat. 1426; Pub. L. 98-426, § 4(a), Sept. 28, 1984, 98 Stat. 1641.)

Editorial Notes

AMENDMENTS

1984—Subsec. (a). Pub. L. 98-426 amended subsec. (a) generally. Prior to amendment, subsec. (a) read as follows: "Every employer shall be liable for and shall secure the payment to his employees of the compensation payable under sections 907, 908, and 909 of this title. In the case of an employer who is a subcontractor, the contractor shall be liable for and shall secure the payment of such compensation to employees of the subcontractor unless the subcontractor has secured such payment."

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by Pub. L. 98-426 effective Sept. 28, 1984, and applicable both with respect to claims filed after Sept. 28, 1984, and to claims pending on that date, see section 28(a) of Pub. L. 98-426, set out as a note under section 901 of this title.

§ 905. Exclusiveness of liability**(a) Employer liability; failure of employer to secure payment of compensation**

The liability of an employer prescribed in section 904 of this title shall be exclusive and in place of all other liability of such employer to the employee, his legal representative, husband or wife, parents, dependents, next of kin, and anyone otherwise entitled to recover damages from such employer at law or in admiralty on account of such injury or death, except that if an employer fails to secure payment of compensation as required by this chapter, an injured employee, or his legal representative in case death results from the injury, may elect to claim compensation under the chapter, or to maintain an action at law or in admiralty for damages on account of such injury or death. In such action the defendant may not plead as a defense that the injury was caused by the negligence of a fellow servant, or that the employee assumed the risk of his employment, or that the injury was due to the contributory negligence of the employee. For purposes of this subsection, a contractor shall be deemed the employer of a subcontractor's employees only if the subcontractor fails to secure the payment of compensation as required by section 904 of this title.

(b) Negligence of vessel

In the event of injury to a person covered under this chapter caused by the negligence of a

vessel, then such person, or anyone otherwise entitled to recover damages by reason thereof, may bring an action against such vessel as a third party in accordance with the provisions of section 933 of this title, and the employer shall not be liable to the vessel for such damages directly or indirectly and any agreements or warranties to the contrary shall be void. If such person was employed by the vessel to provide stevedoring services, no such action shall be permitted if the injury was caused by the negligence of persons engaged in providing stevedoring services to the vessel. If such person was employed to provide shipbuilding, repairing, or breaking services and such person's employer was the owner, owner pro hac vice, agent, operator, or charterer of the vessel, no such action shall be permitted, in whole or in part or directly or indirectly, against the injured person's employer (in any capacity, including as the vessel's owner, owner pro hac vice, agent, operator, or charterer) or against the employees of the employer. The liability of the vessel under this subsection shall not be based upon the warranty of seaworthiness or a breach thereof at the time the injury occurred. The remedy provided in this subsection shall be exclusive of all other remedies against the vessel except remedies available under this chapter.

(c) Outer Continental Shelf

In the event that the negligence of a vessel causes injury to a person entitled to receive benefits under this Act by virtue of section 1333 of title 43, then such person, or anyone otherwise entitled to recover damages by reason thereof, may bring an action against such vessel in accordance with the provisions of subsection (b) of this section. Nothing contained in subsection (b) of this section shall preclude the enforcement according to its terms of any reciprocal indemnity provision whereby the employer of a person entitled to receive benefits under this chapter by virtue of section 1333 of title 43 and the vessel agree to defend and indemnify the other for cost of defense and loss or liability for damages arising out of or resulting from death or bodily injury to their employees.

(Mar. 4, 1927, ch. 509, § 5, 44 Stat. 1426; Pub. L. 92-576, § 18(a), Oct. 27, 1972, 86 Stat. 1263; Pub. L. 98-426, §§ 4(b), 5(a)(1), (b), Sept. 28, 1984, 98 Stat. 1641.)

Editorial Notes

AMENDMENTS

1984—Subsec. (a). Pub. L. 98-426, § 4(b), inserted at end "For purposes of this subsection, a contractor shall be deemed the employer of a subcontractor's employees only if the subcontractor fails to secure the payment of compensation as required by section 904 of this title."

Subsec. (b). Pub. L. 98-426, § 5(a)(1), substituted "If such person was employed to provide shipbuilding, repairing, or breaking services and such person's employer was the owner, owner pro hac vice, agent, operator, or charterer of the vessel, no such action shall be permitted, in whole or in part or directly or indirectly, against the injured person's employer (in any capacity, including as the vessel's owner, owner pro hac vice, agent, operator, or charterer) or against the employees of the employer" for "If such person was employed by the vessel to provide ship building or repair services, no such action shall be permitted if the injury was caused

by the negligence of persons engaged in providing ship building or repair services to the vessel”.

Subsec. (c). Pub. L. 98-426, §5(b), added subsec. (c).

1972—Pub. L. 92-576 designated existing provisions as subsec. (a), substituted “the chapter” for “this chapter”, and added subsec. (b).

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by section 4(b) of Pub. L. 98-426 effective Sept. 28, 1984, and applicable both with respect to claims filed after Sept. 28, 1984, and to claims pending on that date, and amendment by section 5(a)(1), (b) of Pub. L. 98-426 applicable with respect to any injury after Sept. 28, 1984, see section 28(a), (c) of Pub. L. 98-426, set out as a note under section 901 of this title.

EFFECTIVE DATE OF 1972 AMENDMENT

Amendment by Pub. L. 92-576 effective 30 days after Oct. 27, 1972, see section 22 of Pub. L. 92-576, set out as a note under section 902 of this title.

§ 906. Compensation

(a) Time for commencement

No compensation shall be allowed for the first three days of the disability, except the benefits provided for in section 907 of this title: *Provided, however,* That in case the injury results in disability of more than fourteen days the compensation shall be allowed from the date of the disability.

(b) Maximum rate of compensation

(1) Compensation for disability or death (other than compensation for death required by this chapter to be paid in a lump sum) shall not exceed an amount equal to 200 per centum of the applicable national average weekly wage, as determined by the Secretary under paragraph (3).

(2) Compensation for total disability shall not be less than 50 per centum of the applicable national average weekly wage determined by the Secretary under paragraph (3), except that if the employee's average weekly wages as computed under section 910 of this title are less than 50 per centum of such national average weekly wage, he shall receive his average weekly wages as compensation for total disability.

(3) As soon as practicable after June 30 of each year, and in any event prior to October 1 of such year, the Secretary shall determine the national average weekly wage for the three consecutive calendar quarters ending June 30. Such determination shall be the applicable national average weekly wage for the period beginning with October 1 of that year and ending with September 30 of the next year. The initial determination under this paragraph shall be made as soon as practicable after October 27, 1972.

(c) Applicability of determinations

Determinations under subsection (b)(3) with respect to a period shall apply to employees or survivors currently receiving compensation for permanent total disability or death benefits during such period, as well as those newly awarded compensation during such period.

Editorial Notes

AMENDMENTS

1984—Subsec. (b)(1). Pub. L. 98-426, §6(a), substituted provisions setting a maximum compensation for disability on death of 200 per centum of the applicable national average weekly wage as determined by the Secretary for former provisions which had set out a schedule of progressive percentages of 125 per centum or \$167, whichever is greater, during the period ending September 30, 1973, 150 per centum during the period beginning October 1, 1973, and ending September 30, 1974, 175 per centum during the period beginning October 1, 1974, and ending September 30, 1975, and 200 per centum beginning October 1, 1975.

Subsecs. (c), (d). Pub. L. 98-426, §6(b), redesignated subsec. (d) as (c) and substituted “under subsection (b)(3)” for “under this subsection”. Former subsec. (c), which had directed that the maximum rate of compensation for a nonappropriated fund instrumentality employee be equal to 66⅔ per centum of the maximum rate of basic pay established for a Federal employee in grade GS-12 by section 5332 of title 5 and the minimum rate of compensation for such an employee be equal to 66⅔ per centum of the minimum rate of basic pay established for a Federal employee in grade GS-2 by such section, was struck out.

1972—Subsec. (a). Pub. L. 92-576, §4, substituted “fourteen days” for “twenty-eight days”.

Subsecs. (b) to (d). Pub. L. 92-576, §5(a) added subsecs. (b) to (d) and struck out former subsec. (b) compensation for disability provisions which prescribed a \$70 per week limit, a \$18 per week minimum for total disability, and provided that if the employee's average weekly wages, as computed under section 910 of this title, were less than \$18 per week he should receive as compensation for total disability his average weekly wages.

1961—Subsec. (b). Pub. L. 87-87 increased limitation on compensation for disability from “\$54” to “\$70” per week.

1956—Subsec. (a). Act July 26, 1956, substituted “three days” for “seven days” and “twenty-eight days” for “forty-nine days”.

Subsec. (b). Act July 26, 1956, substituted “\$54” for “\$35”, and “\$18” for “\$12” in two places.

1948—Subsec. (b). Act June 24, 1948, increased maximum weekly compensation from \$25 to \$35 and the minimum from \$9 to \$12 in two places.

Act June 24, 1948, ch. 623, § 6, 62 Stat. 604, provided that: "The provisions of this Act [amending this section and sections 908, 909, 910, and 914 of this title] shall be applicable only to injuries or deaths occurring on or after the effective date hereof [June 24, 1948]."

§ 907. Medical services and supplies

(a) General requirement

The employer shall furnish such medical, surgical, and other attendance or treatment, nurse and hospital service, medicine, crutches, and apparatus, for such period as the nature of the injury or the process of recovery may require.

(b) Physician selection; administrative supervision; change of physicians and hospitals

The employee shall have the right to choose an attending physician authorized by the Secretary to provide medical care under this chapter as hereinafter provided. If, due to the nature of the injury, the employee is unable to select his physician and the nature of the injury requires immediate medical treatment and care, the employer shall select a physician for him. The Secretary shall actively supervise the medical care rendered to injured employees, shall require periodic reports as to the medical care being rendered to injured employees, shall have authority to determine the necessity, character, and sufficiency of any medical aid furnished or to be furnished, and may, on his own initiative or at the request of the employer, order a change of physicians or hospitals when in his judgment such change is desirable or necessary in the interest of the employee or where the charges exceed those prevailing within the community for the same or similar services or exceed the provider's customary charges. Change of physicians at the request of employees shall be permitted in accordance with regulations of the Secretary.

(c) Physicians and health care providers not authorized to render medical care or provide medical services

(1)(A) The Secretary shall annually prepare a list of physicians and health care providers in each compensation district who are not authorized to render medical care or provide medical services under this chapter. The names of physicians and health care providers contained on the list required under this subparagraph shall be made available to employees and employers in each compensation district through posting and in such other forms as the Secretary may prescribe.

(B) Physicians and health care providers shall be included on the list of those not authorized to provide medical care and medical services pursuant to subparagraph (A) when the Secretary determines under this section, in accordance with the procedures provided in subsection (j), that such physician or health care provider—

(i) has knowingly and willfully made, or caused to be made, any false statement or mis-

representation of a material fact for use in a claim for compensation or claim for reimbursement of medical expenses under this chapter;

(ii) has knowingly and willfully submitted, or caused to be submitted, a bill or request for payment under this chapter containing a charge which the Secretary finds to be substantially in excess of the charge for the service, appliance, or supply prevailing within the community or in excess of the provider's customary charges, unless the Secretary finds there is good cause for the bill or request containing the charge;

(iii) has knowingly and willfully furnished a service, appliance, or supply which is determined by the Secretary to be substantially in excess of the need of the recipient thereof or to be of a quality which substantially fails to meet professionally recognized standards;

(iv) has been convicted under any criminal statute (without regard to pending appeal thereof) for fraudulent activities in connection with any Federal or State program for which payments are made to physicians or providers of similar services, appliances, or supplies; or

(v) has otherwise been excluded from participation in such program.

(C) Medical services provided by physicians or health care providers who are named on the list published by the Secretary pursuant to subparagraph (A) of this section¹ shall not be reimbursable under this chapter; except that the Secretary shall direct the reimbursement of medical claims for services rendered by such physicians or health care providers in cases where the services were rendered in an emergency.

(D) A determination under subparagraph (B) shall remain in effect for a period of not less than three years and until the Secretary finds and gives notice to the public that there is reasonable assurance that the basis for the determination will not reoccur.

(E) A provider of a service, appliance, or supply shall provide to the Secretary such information and certification as the Secretary may require to assure that this subsection is enforced.

(2) Whenever the employer or carrier acquires knowledge of the employee's injury, through written notice or otherwise as prescribed by the chapter, the employer or carrier shall forthwith authorize medical treatment and care from a physician selected by an employee pursuant to subsection (b). An employee may not select a physician who is on the list required by paragraph (1) of this subsection. An employee may not change physicians after his initial choice unless the employer, carrier, or deputy commissioner has given prior consent for such change. Such consent shall be given in cases where an employee's initial choice was not of a specialist whose services are necessary for and appropriate to the proper care and treatment of the compensable injury or disease. In all other cases, consent may be given upon a showing of good cause for change.

¹ So in original. Probably should be "this paragraph".

(d) Request of treatment or services prerequisite to recovery of expenses; formal report of injury and treatment; suspension of compensation for refusal of treatment or examination; justification

(1) An employee shall not be entitled to recover any amount expended by him for medical or other treatment or services unless—

(A) the employer shall have refused or neglected a request to furnish such services and the employee has complied with subsections (b) and (c) and the applicable regulations; or

(B) the nature of the injury required such treatment and services and the employer or his superintendent or foreman having knowledge of such injury shall have neglected to provide or authorize same.

(2) No claim for medical or surgical treatment shall be valid and enforceable against such employer unless, within ten days following the first treatment, the physician giving such treatment furnishes to the employer and the deputy commissioner a report of such injury or treatment, on a form prescribed by the Secretary. The Secretary may excuse the failure to furnish such report within the ten-day period whenever he finds it to be in the interest of justice to do so.

(3) The Secretary may, upon application by a party in interest, make an award for the reasonable value of such medical or surgical treatment so obtained by the employee.

(4) If at any time the employee unreasonably refuses to submit to medical or surgical treatment, or to an examination by a physician selected by the employer, the Secretary or administrative law judge may, by order, suspend the payment of further compensation during such time as such refusal continues, and no compensation shall be paid at any time during the period of such suspension, unless the circumstances justified the refusal.

(e) Physical examination; medical questions; report of physical impairment; review or reexamination; costs

In the event that medical questions are raised in any case, the Secretary shall have the power to cause the employee to be examined by a physician employed or selected by the Secretary and to obtain from such physician a report containing his estimate of the employee's physical impairment and such other information as may be appropriate. Any party who is dissatisfied with such report may request a review or reexamination of the employee by one or more different physicians employed or selected by the Secretary. The Secretary shall order such review or reexamination unless he finds that it is clearly unwarranted. Such review or reexamination shall be completed within two weeks from the date ordered unless the Secretary finds that because of extraordinary circumstances a longer period is required. The Secretary shall have the power in his discretion to charge the cost of examination or review under this subsection to the employer, if he is a self-insurer, or to the insurance company which is carrying the risk, in appropriate cases, or to the special fund in section 944 of this title.

(f) Place of examination; exclusion of physicians other than examining physician of Secretary; good cause for conclusions of other physicians respecting impairment; examination by employer's physician; suspension of proceedings and compensation for refusal of examination

An employee shall submit to a physical examination under subsection (e) at such place as the Secretary may require. The place, or places, shall be designated by the Secretary and shall be reasonably convenient for the employee. No physician selected by the employer, carrier, or employee shall be present at or participate in any manner in such examination, nor shall conclusions of such physicians as to the nature or extent of impairment or the cause of impairment be available to the examining physician unless otherwise ordered, for good cause, by the Secretary. Such employer or carrier shall, upon request, be entitled to have the employee examined immediately thereafter and upon the same premises by a qualified physician or physicians in the presence of such physician as the employee may select, if any. Proceedings shall be suspended and no compensation shall be payable for any period during which the employee may refuse to submit to examination.

(g) Fees and charges for examinations, treatment, or service; limitation; regulations

All fees and other charges for medical examinations, treatment, or service shall be limited to such charges as prevail in the community for such treatment, and shall be subject to regulation by the Secretary. The Secretary shall issue regulations limiting the nature and extent of medical expenses chargeable against the employer without authorization by the employer or the Secretary.

(h) Third party liability

The liability of an employer for medical treatment as herein provided shall not be affected by the fact that his employee was injured through the fault or negligence of a third party not in the same employ, or that suit has been brought against such third party. The employer shall, however, have a cause of action against such third party to recover any amounts paid by him for such medical treatment in like manner as provided in section 933(b) of this title.

(i) Physicians' ineligibility for subsection (e) physical examinations and reviews because of workmen's compensation claim employment or fee acceptance or participation

Unless the parties to the claim agree, the Secretary shall not employ or select any physician for the purpose of making examinations or reviews under subsection (e) of this section who, during such employment, or during the period of two years prior to such employment, has been employed by, or accepted or participated in any fee relating to a workmen's compensation claim from any insurance carrier or any self-insurer.

(j) Procedure; judicial review

(1) The Secretary shall have the authority to make rules and regulations and to establish procedures, not inconsistent with the provisions of this chapter, which are necessary or appropriate

to carry out the provisions of subsection (c), including the nature and extent of the proof and evidence necessary for actions under this section and the methods of taking and furnishing such proof and evidence.

(2) Any decision to take action with respect to a physician or health care provider under this section shall be based on specific findings of fact by the Secretary. The Secretary shall provide notice of these findings and an opportunity for a hearing pursuant to section 556 of title 5 for a provider who would be affected by a decision under this section. A request for a hearing must be filed with the Secretary within thirty days after notice of the findings is received by the provider making such request. If a hearing is held, the Secretary shall, on the basis of evidence adduced at the hearing, affirm, modify, or reverse the findings of fact and proposed action under this section.

(3) For the purpose of any hearing, investigation, or other proceeding authorized or directed under this section, the provisions of section² 49 and 50 of title 15 (relating to the attendance of witnesses and the production of books, papers, and documents) shall apply to the jurisdiction, powers, and duties of the Secretary or any officer designated by him.

(4) Any physician or health care provider, after any final decision of the Secretary made after a hearing to which he was a party, irrespective of the amount in controversy, may obtain a review of such decision by a civil action commenced within sixty days after the mailing to him of notice of such decision, but the pendency of such review shall not operate as a stay upon the effect of such decision. Such action shall be brought in the court of appeals of the United States for the judicial circuit in which the plaintiff resides or has his principal place of business, or the Court of Appeals for the District of Columbia. As part of his answer, the Secretary shall file a certified copy of the transcript of the record of the hearing, including all evidence submitted in connection therewith. The findings of fact of the Secretary, if based on substantial evidence in the record as a whole, shall be conclusive.

(k) Refusal of treatment on religious grounds

(1) Nothing in this chapter prevents an employee whose injury or disability has been established under this chapter from relying in good faith on treatment by prayer or spiritual means alone, in accordance with the tenets and practice of a recognized church or religious denomination, by an accredited practitioner of such recognized church or religious denomination, and on nursing services rendered in accordance with such tenets and practice, without suffering loss or diminution of the compensation or benefits under this chapter. Nothing in this subsection shall be construed to except an employee from all physical examinations required by this chapter.

(2) If an employee refuses to submit to medical or surgical services solely because, in adherence to the tenets and practice of a recognized church or religious denomination, the employee relies

upon prayer or spiritual means alone for healing, such employee shall not be considered to have unreasonably refused medical or surgical treatment under subsection (d).

AMENDMENTS

1984—Subsec. (b). Pub. L. 98-426, § 7(a), inserted “or where the charges exceed those prevailing within the community for the same or similar services or exceed the provider’s customary charges”.

Subsec. (c). Pub. L. 98-426, § 7(b), substituted provisions respecting physicians and health care providers not authorized to render medical care or services under this chapter for former provision respecting physicians designated by the Secretary as authorized to render such care and whose names shall be available to employees through posting or in such other form as the Secretary may prescribe.

Subsec. (d). Pub. L. 98-426, § 7(c), substituted provisions for the recovery by the employee of amounts spent on medical services which the employer failed to provide; for the procedure to be followed for recovery; and for suspension of any payments made if the employee unreasonably refuses to submit to treatment or examination for former provisions which required a request for treatment or services and the filing of a physician’s report for recovery, and permitted the Secretary to excuse a failure to file a report when justified and to suspend payment if the employee unreasonably refuses treatment or examination.

Subsec. (j). Pub. L. 98-426, § 7(d), added subsec. (j).

Subsec. (k). Pub. L. 98-426, § 7(e), added subsec. (k).

1972—Subsec. (a). Pub. L. 92-576 reenacted provisions without change.

Subsec. (b). Pub. L. 92-576, substituted provisions for employee’s choosing of an attending physician authorized by the Secretary, for prior provisions for such a choosing from a panel of physicians named by the employer and employer’s selection of a physician for an employee when nature of injury requires immediate medical treatment and care for prior provisions for employer’s selection of a physician from the panel; required Secretary’s supervision of medical care rendered and periodic reports of medical care furnished; provided for initiative of the Secretary or the request of the employer for making change of hospitals or physicians and that the change be in the interest of the employee; provided for change of physicians pursuant to regulations of the Secretary; and deleted prior provision authorizing a second choice of a physician from the panel and for selection of physicians for specialized services.

Subsec. (c). Pub. L. 92-576 substituted provisions respecting Secretary’s designation of physicians in community authorized to render medical care and posting of their names for prior provisions respecting deputy commissioner’s determination of size of panel of physicians (named by employer) following statutory criteria and approval of their qualifications, and requirement of posting of names and addresses of physicians so as to afford reasonable notice.

Subsec. (d). Pub. L. 92-576 substituted the Secretary for the deputy commissioner as the person to exercise the various authorities, struck out introductory provisions respecting employer’s failure to maintain a panel of physicians for examination purposes or to permit the employee to choose an attending physician from the panel and employee’s procurement of treatment and services and selection of a physician at expense of employer, decreased from twenty to ten days the period within which to make the formal report of injury and

treatment, and authorized suspension of compensation for refusal to submit to an examination by a physician of the employer.

Subsec. (e). Pub. L. 92-576 substituted provisions respecting physical examination to determine medical questions by a physician employed or selected by the Secretary, such physician's report of the physical impairment, review or reexamination of the employee, and the charging of costs to an employer, who is a self-insurer, or the insurance company carrying the risk or the special fund for prior provisions respecting examination of employee by a physician selected by the deputy commissioner (who shall submit a report of the disability) whenever the deputy commissioner was of the opinion that the employer's physician was partial in his estimate of the degree of permanent disability or the extent of temporary disability and charging cost of examination to the employer, if he was a self-insurer, or to the insurance company which was carrying the risk when the physician's estimate was not impartial.

Subsec. (f). Pub. L. 92-576 added subsec. (f). Former subsec. (f) redesignated (g).

Subsec. (g). Pub. L. 92-576 redesignated former subsec. (f) as (g) and substituted "medical examinations, treatment, or service" for "such treatment or service", "charges as prevail in the community for such treatment" for "charges as prevail in the same community for similar treatment of injured persons of like standard of living", "regulation by the Secretary" for "regulation by the deputy commissioner", and prescribed issuance of regulations respecting medical expenses chargeable against employer. Former subsec. (g) redesignated (h).

Subsec. (h). Pub. L. 92-576 redesignated former subsec. (g) as (h) and inserted "that" before "suit".

Subsec. (i). Pub. L. 92-576 added subsec. (i).

1960—Subsec. (a). Pub. L. 86-757 designated first sentence as subsec. (a). Remainder of former subsec. (a) redesignated (d).

Subsecs. (b), (c). Pub. L. 86-757 added subsecs. (b) and (c). Former subsecs. (b) and (c) redesignated (e) and (f).

Subsec. (d). Pub. L. 86-757 redesignated all but first sentence of former subsec. (a) as (d), substituting "If the employer fails to provide the medical or other treatment, services, and supplies required to be furnished by subsection (a), after request by the injured employee, or fails to maintain a panel of physicians as required by subsection (c), or fails to permit the employee to choose an attending physician from such panel, such injured employee may procure such medical or other treatment, services, and supplies and select a physician to render treatment and services at the expense of the employer" for "If the employer fails to provide the same, after request by the injured employee, such injured employee may do so at the expense of the employer." Former subsec. (d) redesignated (g).

Subsecs. (e) to (g). Pub. L. 86-757 redesignated former subsecs. (b) to (d) as (e) to (g), striking out "unless and until notice of election to sue has been given as required by section 933(a) of this title" and "without the giving of such notice" before and after "or suit has been brought against such third party" in subsec. (g).

1938—Subsec. (a). Act June 25, 1938, §2, authorized deputy commissioner to excuse failure to furnish prescribed medical report.

Subsec. (d). Act June 25, 1938, §3, added subsec. (d).

1934—Subsec. (a). Act May 26, 1934, authorized deputy commissioner to suspend payment of compensation for refusal, without justification, to submit to medical or surgical treatment.

EFFECTIVE DATE OF 1972 AMENDMENT

Amendment by Pub. L. 92-576 effective 30 days after Oct. 27, 1972, see section 22 of Pub. L. 92-576, set out as a note under section 902 of this title.

CLAIMS FILED UNDER BLACK LUNG BENEFITS ACT

Pub. L. 98-426, §28(h)(1), Sept. 28, 1984, 98 Stat. 1655, provided that: "The amendments made by section 7 of this Act [amending this section] shall not apply to claims filed under the Black Lung Benefits Act (30 U.S.C. 901 et seq.)."

§ 908. Compensation for disability

Compensation for disability shall be paid to the employee as follows:

(a) Permanent total disability: In case of total disability adjudged to be permanent 66⅔ per centum of the average weekly wages shall be paid to the employee during the continuance of such total disability. Loss of both hands, or both arms, or both feet, or both legs, or both eyes, or of any two thereof shall, in the absence of conclusive proof to the contrary, constitute permanent total disability. In all other cases permanent total disability shall be determined in accordance with the facts.

(b) Temporary total disability: In case of disability total in character but temporary in quality 66⅔ per centum of the average weekly wages shall be paid to the employee during the continuance thereof.

(c) Permanent partial disability: In case of disability partial in character but permanent in quality the compensation shall be 66⅔ per centum of the average weekly wages, which shall be in addition to compensation for temporary total disability or temporary partial disability paid in accordance with subsection (b) or subsection (e) of this section, respectively, and shall be paid to the employee, as follows:

(1) Arm lost, three hundred and twelve weeks' compensation.

(2) Leg lost, two hundred and eighty-eight weeks' compensation.

(3) Hand lost, two hundred and forty-four weeks' compensation.

(4) Foot lost, two hundred and five weeks' compensation.

(5) Eye lost, one hundred and sixty weeks' compensation.

(6) Thumb lost, seventy-five weeks' compensation.

(7) First finger lost, forty-six weeks' compensation.

(8) Great toe lost, thirty-eight weeks' compensation.

(9) Second finger lost, thirty weeks' compensation.

(10) Third finger lost, twenty-five weeks' compensation.

(11) Toe other than great toe lost, sixteen weeks' compensation.

(12) Fourth finger lost, fifteen weeks' compensation.

(13) Loss of hearing:

(A) Compensation for loss of hearing in one ear, fifty-two weeks.

(B) Compensation for loss of hearing in both ears, two-hundred weeks.

(C) An audiogram shall be presumptive evidence of the amount of hearing loss sustained as of the date thereof, only if (i) such audiogram was administered by a licensed or certified audiologist or a physician who is certified in otolaryngology, (ii) such audiogram, with the report thereon, was provided to the employee at the time it was administered, and (iii) no contrary audiogram made at that time is produced.

(D) The time for filing a notice of injury, under section 912 of this title, or a claim for compensation, under section 913 of this title, shall not begin to run in connection with any claim for loss of hearing under this section, until the employee has received an audiogram, with the accompanying report thereon, which indicates that the employee has suffered a loss of hearing.

(E) Determinations of loss of hearing shall be made in accordance with the guides for the evaluation of permanent impairment as promulgated and modified from time to time by the American Medical Association.

(14) Phalanges: Compensation for loss of more than one phalange of a digit shall be the same as for loss of the entire digit. Compensation for loss of the first phalange shall be one-half of the compensation for loss of the entire digit.

(15) Amputated arm or leg: Compensation for an arm or a leg, if amputated at or above the elbow or the knee, shall be the same as for a loss of the arm or leg; but, if amputated between the elbow and the wrist or the knee and the ankle, shall be the same as for loss of a hand or foot.

(16) Binocular vision or per centum of vision: Compensation for loss of binocular vision or for 80 per centum or more of the vision of an eye shall be the same as for loss of the eye.

(17) Two or more digits: Compensation for loss of two or more digits, or one or more phalanges of two or more digits, of a hand or foot may be proportioned to the loss of use of the hand or foot occasioned thereby, but shall not exceed the compensation for loss of a hand or foot.

(18) Total loss of use: Compensation for permanent total loss of use of a member shall be the same as for loss of the member.

(19) Partial loss or partial loss of use: Compensation for permanent partial loss or loss of use of a member may be for proportionate loss or loss of use of the member.

(20) Disfigurement: Proper and equitable compensation not to exceed \$7,500 shall be awarded for serious disfigurement of the face, head, or neck or of other normally exposed areas likely to handicap the employee in securing or maintaining employment.

(21) Other cases: In all other cases in the class of disability, the compensation shall be 66⅔ per centum of the difference between the average weekly wages of the employee and the employee's wage-earning capacity thereafter in the same employment or otherwise, payable during the continuance of partial disability.

(22) In any case in which there shall be a loss of, or loss of use of, more than one member or parts of more than one member set forth in

paragraphs (1) to (19) of this subsection, not amounting to permanent total disability, the award of compensation shall be for the loss of, or loss of use of, each such member or part thereof, which awards shall run consecutively, except that where the injury affects only two or more digits of the same hand or foot, paragraph (17) of this subsection shall apply.

(23) Notwithstanding paragraphs (1) through (22), with respect to a claim for permanent partial disability for which the average weekly wages are determined under section 910(d)(2) of this title, the compensation shall be 66⅔ per centum of such average weekly wages multiplied by the percentage of permanent impairment, as determined under the guides referred to in section 902(10) of this title, payable during the continuance of such impairment.

(d)(1) If an employee who is receiving compensation for permanent partial disability pursuant to subsection (c)(1)–(20) dies from causes other than the injury, the total amount of the award unpaid at the time of death shall be payable to or for the benefit of his survivors, as follows:

(A) if the employee is survived only by a widow or widower, such unpaid amount of the award shall be payable to such widow or widower,

(B) if the employee is survived only by a child or children, such unpaid amount of the award shall be paid to such child or children in equal shares,

(C) if the employee is survived by a widow or widower and a child or children, such unpaid amount of the award shall be payable to such survivors in equal shares,

(D) if there be no widow or widower and no surviving child or children, such unpaid amount of the award shall be paid to the survivors specified in section 909(d) of this title (other than a wife, husband, or child); and the amount to be paid each such survivor shall be determined by multiplying such unpaid amount of the award by the appropriate percentage specified in section 909(d) of this title, but if the aggregate amount to which all such survivors are entitled, as so determined, is less than such unpaid amount of the award, the excess amount shall be divided among such survivors pro rata according to the amount otherwise payable to each under this subparagraph.

(2) Notwithstanding any other limitation in section 909 of this title, the total amount of any award for permanent partial disability pursuant to subsection (c)(1)–(20) unpaid at time of death shall be payable in full in the appropriate distribution.

(3) An award for disability may be made after the death of the injured employee. Except where compensation is payable under subsection (c)(21) if there be no survivors as prescribed in this section, then the compensation payable under this subsection shall be paid to the special fund established under section 944(a) of this title.

(e) Temporary partial disability: In case of temporary partial disability resulting in decrease of earning capacity the compensation shall be two-thirds of the difference between the injured employee's average weekly wages before

the injury and his wage-earning capacity after the injury in the same or another employment, to be paid during the continuance of such disability, but shall not be paid for a period exceeding five years.

(f) Injury increasing disability:

(1) In any case in which an employee having an existing permanent partial disability suffers injury, the employer shall provide compensation for such disability as is found to be attributable to that injury based upon the average weekly wages of the employee at the time of the injury. If following an injury falling within the provisions of subsection (c)(1)–(20), the employee is totally and permanently disabled, and the disability is found not to be due solely to that injury, the employer shall provide compensation for the applicable prescribed period of weeks provided for in that section for the subsequent injury, or for one hundred and four weeks, whichever is the greater, except that, in the case of an injury falling within the provisions of subsection (c)(13), the employer shall provide compensation for the lesser of such periods. In all other cases of total permanent disability or of death, found not to be due solely to that injury, of an employee having an existing permanent partial disability, the employer shall provide in addition to compensation under subsections (b) and (e) of this section, compensation payments or death benefits for one hundred and four weeks only. If following an injury falling within the provisions of subsection (c)(1)–(20), the employee has a permanent partial disability and the disability is found not to be due solely to that injury, and such disability is materially and substantially greater than that which would have resulted from the subsequent injury alone, the employer shall provide compensation for the applicable period of weeks provided for in that section for the subsequent injury, or for one hundred and four weeks, whichever is the greater, except that, in the case of an injury falling within the provisions of subsection (c)(13), the employer shall provide compensation for the lesser of such periods.

In all other cases in which the employee has a permanent partial disability, found not to be due solely to that injury, and such disability is materially and substantially greater than that which would have resulted from the subsequent injury alone, the employer shall provide in addition to compensation under subsections (b) and (e) of this section, compensation for one hundred and four weeks only.

(2)(A) After cessation of the payments for the period of weeks provided for herein, the employee or his survivor entitled to benefits shall be paid the remainder of the compensation that would be due out of the special fund established in section 944 of this title, except that the special fund shall not assume responsibility with respect to such benefits (and such payments shall not be subject to cessation) in the case of any employer who fails to comply with section 932(a) of this title.

(B) After cessation of payments for the period of weeks provided for in this subsection, the employer or carrier responsible for pay-

ment of compensation shall remain a party to the claim, retain access to all records relating to the claim, and in all other respects retain all rights granted under this chapter prior to cessation of such payments.

(3) Any request, filed after September 28, 1984, for apportionment of liability to the special fund established under section 944 of this title for the payment of compensation benefits, and a statement of the grounds therefore, shall be presented to the deputy commissioner prior to the consideration of the claim by the deputy commissioner. Failure to present such request prior to such consideration shall be an absolute defense to the special fund's liability for the payment of any benefits in connection with such claim, unless the employer could not have reasonably anticipated the liability of the special fund prior to the issuance of a compensation order.

(g) Maintenance for employees undergoing vocational rehabilitation: An employee who as a result of injury is or may be expected to be totally or partially incapacitated for a remunerative occupation and who, under the direction of the Secretary as provided by section 939(c) of this title, is being rendered fit to engage in a remunerative occupation, shall receive additional compensation necessary for his maintenance, but such additional compensation shall not exceed \$25 a week. The expense shall be paid out of the special fund established in section 944 of this title.

(h) The wage-earning capacity of an injured employee in cases of partial disability under subsection (c)(21) of this section or under subsection (e) of this section shall be determined by his actual earnings if such actual earnings fairly and reasonably represent his wage-earning capacity: *Provided, however,* That if the employee has no actual earnings or his actual earnings do not fairly and reasonably represent his wage-earning capacity, the deputy commissioner may, in the interest of justice, fix such wage-earning capacity as shall be reasonable, having due regard to the nature of his injury, the degree of physical impairment, his usual employment, and any other factors or circumstances in the case which may affect his capacity to earn wages in his disabled condition, including the effect of disability as it may naturally extend into the future.

(i)(1) Whenever the parties to any claim for compensation under this chapter, including survivors benefits, agree to a settlement, the deputy commissioner or administrative law judge shall approve the settlement within thirty days unless it is found to be inadequate or procured by duress. Such settlement may include future medical benefits if the parties so agree. No liability of any employer, carrier, or both for medical, disability, or death benefits shall be discharged unless the application for settlement is approved by the deputy commissioner or administrative law judge. If the parties to the settlement are represented by counsel, then agreements shall be deemed approved unless specifically disapproved within thirty days after submission for approval.

(2) If the deputy commissioner disapproves an application for settlement under paragraph (1),

the deputy commissioner shall issue a written statement within thirty days containing the reasons for disapproval. Any party to the settlement may request a hearing before an administrative law judge in the manner prescribed by this chapter. Following such hearing, the administrative law judge shall enter an order approving or rejecting the settlement.

(3) A settlement approved under this section shall discharge the liability of the employer or carrier, or both. Settlements may be agreed upon at any stage of the proceeding including after entry of a final compensation order.

(4) The special fund shall not be liable for reimbursement of any sums paid or payable to an employee or any beneficiary under such settlement, or otherwise voluntarily paid prior to such settlement by the employer or carrier, or both.

(j)(1) The employer may inform a disabled employee of his obligation to report to the employer not less than semiannually any earnings from employment or self-employment, on such forms as the Secretary shall specify in regulations.

(2) An employee who—

(A) fails to report the employee's earnings under paragraph (1) when requested, or

(B) knowingly and willfully omits or understates any part of such earnings,

and who is determined by the deputy commissioner to have violated clause (A) or (B) of this paragraph, forfeits his right to compensation with respect to any period during which the employee was required to file such report.

(3) Compensation forfeited under this subsection, if already paid, shall be recovered by a deduction from the compensation payable to the employee in any amount and on such schedule as determined by the deputy commissioner.

AMENDMENTS

1984—Subsec. (c)(13). Pub. L. 98-426, § 8(a), redesignated compensation for loss of hearing in one ear as subpar. (A) and for loss in both ears as subpar. (B) and added subpars. (C), (D), and (E) respecting establishing proof of hearing loss.

Subsec. (c)(20). Pub. L. 98-426, § 8(b), substituted "\$7,500" for "\$3,500".

Subsec. (c)(21). Pub. L. 98-426, § 8(c)(1), substituted "the average weekly wages of the employee and the employee's" for "his average weekly wages and his"; and struck out " , but subject to reconsideration of the degree of such impairment by the deputy commissioner on his own motion or upon application of any party in interest".

Subsec. (c)(23). Pub. L. 98-426, § 8(c)(2), added par. (23).

Subsec. (d)(3), (4). Pub. L. 98-426, § 8(d), redesignated par. (4) as par. (3). Former par. (3), which provided that if an employee who was receiving compensation for permanent partial disability pursuant to subsection (c)(21) of this section died from causes other than the injury, his survivors would receive death benefits as provided

in section 909(b)-(g) of this title, except that the percentage figures therein would be applied to the weekly compensation payable to the employee at the time of his death multiplied by 1.5, rather than to his average weekly wages, was struck out.

Subsec. (f)(1). Pub. L. 98-426, § 8(e)(1), inserted at end of second and fourth sentences " , except that, in the case of an injury falling within the provisions of subsection (c)(13), the employer shall provide compensation for the lesser of such periods".

Subsec. (f)(2)(A). Pub. L. 98-426, § 8(e)(2), designated existing provisions of par. (2) as subpar. (A).

Pub. L. 98-426, § 8(e)(3), inserted " , except that the special fund shall not assume responsibility with respect to such benefits (and such payments shall not be subject to cessation) in the case of any employer who fails to comply with section 932(a) of this title".

Subsec. (f)(2)(B). Pub. L. 98-426, § 8(e)(4), added subpar. (B).

Subsec. (f)(3). Pub. L. 98-426, § 8(e)(5), added par. (3).

Subsec. (g). Pub. L. 98-426, § 27(a)(2), substituted "Secretary" for "commissioner". See Transfer of Functions note set out under section 902 of this title.

Subsec. (i)(1) to (3). Pub. L. 98-426, § 8(f), substituted pars. (1) to (3) respecting procedures for approval of a settlement by the deputy commissioner or administrative law judge for former pars. (A) and (B) respecting settlements approved by the deputy commissioner or Secretary.

Subsec. (i)(4). Pub. L. 98-426, § 8(g), added par. (4).

Subsec. (j). Pub. L. 98-426, § 8(h), added subsec. (j).

1972—Subsec. (c)(20). Pub. L. 92-576, § 7, included compensation for serious disfigurement of the neck and other normally exposed areas likely to handicap the employee in securing or maintaining employment.

Subsec. (d). Pub. L. 92-576, § 5(c), in revising provisions substituted par. (1), subpars. (A) to (D) and pars. (2) to (4) for former provisions having an introductory par. and pars. (1) to (5), making the following changes:

Par. (1) incorporated former introductory par. providing for payments to survivors rather than for payments "for the benefit of the persons after"; subpar. (A) incorporated former par. (1) providing for a widower rather than dependent husband;

Subpar. (B) incorporated former par. (4), striking out reference to children under eighteen years, and providing for payment in equal shares;

Subpar. (C) incorporated former par. (2) for payment in equal shares rather than one half to surviving wife or dependent husband and one half to surviving child or children, substituting reference to "widow or widower" for "surviving wife or dependent husband", and striking out reference to "surviving" before "child or children";

Subpar. (D) added;

Pars. (2) and (3) added and former par. (3) struck out, such par. making it discretionary with the deputy commissioner to appoint a guardian for receipt of minor child's compensation; and

Par. (4) incorporated former par. (5), inserting provision for payment of compensation to the special fund except where payable under subsec. (c)(21) of this section.

Subsec. (f)(1). Pub. L. 92-576, § 9(a) added par. (1) and struck out former par. (1) which provided that if an employee received an injury which of itself would only cause permanent partial disability but which, combined with a previous disability did in fact cause permanent total disability, the employer should provide compensation only for the disability caused by the subsequent injury, and proviso of such former par. (1) providing that in addition to compensation for the permanent partial disability, and after the cessation of the payments for the prescribed period of weeks, the employee should be paid the remainder of the compensation that would be due for permanent total disability and provision that additional compensation should be paid out of the special fund established in section 944 of this title. See par. (2) of this subsection.

Subsec. (f)(2). Pub. L. 92-576, § 9, incorporated proviso of first sentence and second sentence of former par. (1)

in provisions designated as par. (2) and struck out former par. (2) which stated that in all other cases in which, following a previous disability, an employee received an injury which was not covered by former par. (1), the employer should provide compensation only for the disability caused by the subsequent injury, and in determining compensation for the subsequent injury or for death resulting therefrom, the average weekly wages should be such sum as would reasonably represent the earning capacity of the employee at the time of the subsequent injury. See par. (1) of this subsection.

Subsec. (i). Pub. L. 92-576, §20(a), designated existing provisions as subpar. (A), substituted "Whenever" for "In cases under subsection (c)(21) and subsection (e) of this section, whenever", "he may approve" for "he may, with the approval of the Secretary, approve", and "deputy commissioner" for "Secretary", and struck out after "Provided," where first appearing "That the sum so agreed upon shall be payable in installments as provided in section 914(b) of this title, which installments shall be subject to commutation under section 914(j) of this title; *And provided further,*" and added subpar. (B).

1956—Subsec. (c). Act July 26, 1956, §2, increased periods in schedule of compensation as follows:

Par. (1) Arm lost, increased from two hundred and eighty to three hundred and twelve weeks' compensation.

Par. (2) Leg lost, increased from two hundred and forty-eight to two hundred and eighty-eight weeks' compensation.

Par. (3) Hand lost, increased from two hundred and twelve to two hundred and forty-four weeks' compensation.

Par. (4) Foot lost, increased from one hundred and seventy-three weeks to two hundred and five weeks' compensation.

Par. (5) Eye lost, increased from one hundred and forty to one hundred and sixty weeks' compensation.

Par. (6) Thumb lost, increased from fifty-one to seventy-five weeks' compensation.

Par. (7) First finger lost, increased from twenty-eight to forty-six weeks' compensation.

Par. (8) Great toe lost, increased from twenty-six to thirty-eight weeks' compensation.

Par. (9) Second finger lost, increased from eighteen to thirty weeks' compensation.

Par. (10) Third finger lost, increased from seventeen to twenty-five weeks' compensation.

Par. (11) Toe other than great toe lost, increased from eight to sixteen weeks' compensation.

Par. (12) Fourth finger lost, increased from seven to fifteen weeks' compensation.

Subsec. (g). Act July 26, 1956, §3, substituted "\$25" for "\$10".

1948—Subsec. (c). Act June 24, 1948, inserted in opening par. "or temporary partial disability", "or subsection (e)", and "respectively".

1938—Subsec. (c). Act June 25, 1938, §4, in par. (22), inserted exception clause.

Subsecs. (h), (i). Act June 25, 1938, §5 added subsecs. (h) and (i).

1934—Subsec. (c). Act May 26, 1934, §2, inserted in opening par. "which shall be in addition to compensation for temporary total disability paid in accordance with subsection (b) of this section" and decreased periods in schedule of compensation of pars. (1) to (12).

Subsec. (c). Act May 26, 1934, §3, substituted new par. (22), providing that "In any case in which there shall be a loss of, or loss of use of, more than one member or parts of more than one member set forth in paragraphs (1) to (19) of this subdivision, not amounting to permanent total disability, the award of compensation shall be for the loss of, or loss of use of, each such member or part thereof, which awards shall run consecutively.", for former provisions, providing that "In case of temporary total disability and permanent partial disability, both resulting from the same injury, if the temporary total disability continues for a longer period than the number of weeks set forth in the following

schedule, the period of temporary total disability in excess of such number of weeks shall be added to the compensation period provided in this subdivision: Arm, thirty-two weeks; leg, forty weeks; hand, thirty-two weeks; foot, thirty-two weeks; eye, twenty weeks; thumb, twenty-four weeks; first finger, eighteen weeks; great toe, twelve weeks; second finger, twelve weeks; third finger, eight weeks; fourth finger, eight weeks; toe other than great toe, eight weeks.

"In any case resulting in loss or partial loss of arm, leg, hand, foot, eye, thumb, finger, or toe, where the temporary total disability does not extend beyond the periods above mentioned for such injury, compensation shall be limited to the schedule contained in this subdivision."

L. 98-426 effective 90 days after Sept. 28, 1984, see section 28(a)-(e) of Pub. L. 98-426, set out as a note under section 901 of this title.

EFFECTIVE DATE OF 1972 AMENDMENT

Amendment by Pub. L. 92-576 effective 30 days after Oct. 27, 1972, see section 22 of Pub. L. 92-576, set out as a note under section 902 of this title.

EFFECTIVE DATE OF 1956 AMENDMENT

Amendment by act July 26, 1956, applicable only with respect to injuries and death occurring on or after July 26, 1956, see section 9 of act July 26, 1956, set out as a note under section 906 of this title.

EFFECTIVE DATE OF 1948 AMENDMENT

Amendment by act June 24, 1948, applicable to death or injuries occurring after June 24, 1948, see section 6 of act June 24, 1948, set out as a note under section 906 of this title.

§ 909. Compensation for death

If the injury causes death, the compensation therefore shall be known as a death benefit and shall be payable in the amount and to or for the benefit of the persons following:

(a) Reasonable funeral expenses not exceeding \$3,000.

(b) If there be a widow or widower and no child of the deceased, to such widow or widower 50 per centum of the average wages of the deceased, during widowhood, or dependent widowerhood, with two years' compensation in one sum upon remarriage; and if there be a surviving child or children of the deceased, the additional amount of 16⅔ per centum of such wages for each such child; in case of the death or remarriage of such widow or widower, if there be one surviving child of the deceased employee, such child shall have his compensation increased to 50 per centum of such wages, and if there be more than one surviving child of the deceased employee, to such children, in equal parts, 50 per centum of

such wages increased by 16 $\frac{2}{3}$ per centum of such wages for each child in excess of one: *Provided*, That the total amount payable shall in no case exceed 66 $\frac{2}{3}$ per centum of such wages. The deputy commissioner having jurisdiction over the claim may, in his discretion, require the appointment of a guardian for the purpose of receiving the compensation of a minor child. In the absence of such a requirement the appointment of a guardian for such purposes shall not be necessary.

(c) If there be one surviving child of the deceased, but no widow or widower, then for the support of such child 50 per centum of the wages of the deceased; and if there be more than one surviving child of the deceased, but no widow or dependent husband, then for the support of such children, in equal parts 50 per centum of such wages increased by 16 $\frac{2}{3}$ per centum of such wages for each child in excess of one: *Provided*, That the total amount payable shall in no case exceed 66 $\frac{2}{3}$ per centum of such wages.

(d) If there be no surviving wife or husband or child, or if the amount payable to a surviving wife or husband and to children shall be less in the aggregate than 66 $\frac{2}{3}$ per centum of the average wages of the deceased; then for the support of grandchildren or brothers and sisters, if dependent upon the deceased at the time of the injury, and any other persons who satisfy the definition of the term "dependent" in section 152 of title 26, but are not otherwise eligible under this section, 20 per centum of such wages for the support of each such person during such dependency and for the support of each parent, or grandparent, of the deceased if dependent upon him at the time of the injury, 25 per centum of such wages during such dependency. But in no case shall the aggregate amount payable under this subsection exceed the difference between 66 $\frac{2}{3}$ per centum of such wages and the amount payable as hereinbefore provided to widow or widower and for the support of surviving child or children.

(e) In computing death benefits, the average weekly wages of the deceased shall not be less than the national average weekly wage as prescribed in section 906(b) of this title, but—

(1) the total weekly benefits shall not exceed the lesser of the average weekly wages of the deceased or the benefit which the deceased employee would have been eligible to receive under section 906(b)(1) of this title; and

(2) in the case of a claim based on death due to an occupational disease for which the time of injury (as determined under section 910(i) of this title) occurs after the employee has retired, the total weekly benefits shall not exceed one fifty-second part of the employee's average annual earnings during the 52-week period preceding retirement.

(f) All questions of dependency shall be determined as of the time of the injury.

(g) Aliens: Compensation under this chapter to aliens not residents (or about to become non-residents) of the United States or Canada shall be the same in amount as provided for residents, except that dependents in any foreign country shall be limited to surviving wife and child or children, or if there be no surviving wife or child or children, to surviving father or mother whom

the employee has supported, either wholly or in part, for the period of one year prior to the date of the injury, and except that the Secretary may, at his option or upon the application of the insurance carrier shall, commute all future installments of compensation to be paid to such aliens by paying or causing to be paid to them one-half of the commuted amount of such future installments of compensation as determined by the Secretary.

Editorial Notes

AMENDMENTS

1984—Pub. L. 98-426, § 9(a), amended generally provision preceding subsec. (a), striking out "or if the employee who sustains permanent total disability due to the injury thereafter dies from causes other than the injury," after "injury causes death".

Subsec. (a). Pub. L. 98-426, § 9(b), substituted "\$3,000" for "\$1,000".

Subsec. (e). Pub. L. 98-426, § 9(c), amended subsec. (e) generally. Prior to amendment, subsec. (e) read as follows: "In computing death benefits the average weekly wages of the deceased shall be considered to have been not less than the applicable national average weekly wage as prescribed in section 906(b) of this title but the total weekly benefits shall not exceed the average weekly wages of the deceased".

Subsec. (g). Pub. L. 98-426, § 27(a)(2), substituted "Secretary" for "commission". See Transfer of Functions note set out under section 902 of this title.

1972—Pub. L. 92-576, § 5(d), added to introductory provision that the compensation shall be known as a death benefit if the employee who sustains permanent total disability due to the injury thereafter dies from causes other than the injury.

Subsec. (a). Pub. L. 92-576, § 10(a), substituted "\$1,000" for "\$400".

Subsec. (b). Pub. L. 92-576, §§ 10(b), 20(c)(2), substituted "50" for "35" per centum in three places and "16 $\frac{2}{3}$ " for "15" per centum in two places and "widow or widower" for "surviving wife or dependent husband" in three places.

Subsec. (c). Pub. L. 92-576, §§ 10(b), 20(c)(2), substituted "50" for "35" per centum in two places and "16 $\frac{2}{3}$ " for "15" per centum and "widow or widower" for "surviving wife or dependent husband".

Subsec. (d). Pub. L. 92-576, §§ 10(c), 20(c)(2), in first sentence, substituted "husband or child," and "husband" for "dependent husband or child" and "dependent husband" and "20" for "15" per centum, and inserted "and any other persons who satisfy the definition of the term 'dependent' in section 152 of title 26, but are not otherwise eligible under this section" after "time of the injury," and "during such dependency" after "support of each such person", and in second sentence, substituted "widow or widower" for "surviving wife or dependent husband", respectively.

Subsec. (e). Pub. L. 92-576, § 10(d), substituted "less than the applicable national average weekly wage as prescribed in section 906(b) of this title but the total weekly benefits shall not exceed the average weekly wages of the deceased" for "more than \$105 nor less than \$27 but the total weekly compensation shall not exceed the weekly wages of the deceased".

1961—Subsec. (e). Pub. L. 87-87 increased the maximum limitation with respect to average weekly wages from "\$81" to "\$105" in the computation of death benefits.

1956—Subsec. (e). Act July 26, 1956, substituted “\$81” for “\$52.50” and “\$27” for “\$18”.

1948—Subsec. (a). Act June 24, 1948, increased funeral expenses from \$200 to \$400.

Subsec. (b). Act June 24, 1948, increased benefits to children of deceased workmen from 10 percent to 15 percent.

Subsec. (c). Act June 24, 1948, increased death benefits of orphaned children from 15 percent to 35 percent.

Subsec. (e). Act June 24, 1948, correlated basis for computing death benefits with basis for computing disability benefits under section 906(b) of this title.

1938—Subsecs. (b) to (d). Act June 25, 1938, struck out references to children as being under eighteen years of age.

EFFECTIVE DATE OF 1956 AMENDMENT

Amendment by act July 26, 1956, applicable only with respect to injuries and death occurring on or after July 26, 1956, see section 9 of act July 26, 1956, set out as a note under section 906 of this title.

EFFECTIVE DATE OF 1948 AMENDMENT

Amendment by act June 24, 1948, applicable to death or injuries occurring after June 24, 1948, see section 6 of act June 24, 1948, set out as a note under section 906 of this title.

§ 910. Determination of pay

Except as otherwise provided in this chapter, the average weekly wage of the injured employee at the time of the injury shall be taken as the basis upon which to compute compensation and shall be determined as follows:

(a) If the injured employee shall have worked in the employment in which he was working at the time of the injury, whether for the same or another employer, during substantially the whole of the year immediately preceding his injury, his average annual earnings shall consist of three hundred times the average daily wage or salary for a six-day worker and two hundred and sixty times the average daily wage or salary for a five-day worker, which he shall have earned in such employment during the days when so employed.

(b) If the injured employee shall not have worked in such employment during substantially the whole of such year, his average annual earnings, if a six-day worker, shall consist of three hundred times the average daily wage or salary, and, if a five-day worker, two hundred

and sixty times the average daily wage or salary, which an employee of the same class working substantially the whole of such immediately preceding year in the same or in similar employment in the same or a neighboring place shall have earned in such employment during the days when so employed.

(c) If either of the foregoing methods of arriving at the average annual earnings of the injured employee cannot reasonably and fairly be applied, such average annual earnings shall be such sum as, having regard to the previous earnings of the injured employee in the employment in which he was working at the time of the injury, and of other employees of the same or most similar class working in the same or most similar employment in the same or neighboring locality, or other employment of such employee, including the reasonable value of the services of the employee if engaged in self-employment, shall reasonably represent the annual earning capacity of the injured employee.

(d)(1) The average weekly wages of an employee shall be one fifty-second part of his average annual earnings.

(2) Notwithstanding paragraph (1), with respect to any claim based on a death or disability due to an occupational disease for which the time of injury (as determined under subsection (i)) occurs—

(A) within the first year after the employee has retired, the average weekly wages shall be one fifty-second part of his average annual earnings during the 52-week period preceding retirement; or

(B) more than one year after the employee has retired, the average weekly wage shall be deemed to be the national average weekly wage (as determined by the Secretary pursuant to section 906(b) of this title) applicable at the time of the injury.

(e) If it be established that the injured employee was a minor when injured, and that under normal conditions his wages should be expected to increase during the period of disability the fact may be considered in arriving at his average weekly wages.

(f) Effective October 1 of each year, the compensation or death benefits payable for permanent total disability or death arising out of injuries subject to this chapter shall be increased by the lesser of—

(1) a percentage equal to the percentage (if any) by which the applicable national weekly wage for the period beginning on such October 1, as determined under section 906(b) of this title, exceeds the applicable national average weekly wage, as so determined, for the period beginning with the preceding October 1; or

(2) 5 per centum.

(g) The weekly compensation after adjustment under subsection (f) shall be fixed at the nearest dollar. No adjustment of less than \$1 shall be made, but in no event shall compensation or death benefits be reduced.

(h)(1) Not later than ninety days after October 27, 1972, the compensation to which an employee or his survivor is entitled due to total permanent disability or death which commenced or occurred prior to October 27, 1972, shall be ad-

justed. The amount of such adjustment shall be determined in accordance with regulations of the Secretary by designating as the employee's average weekly wage the applicable national average weekly wage determined under section 906(b) of this title and (A) computing the compensation to which such employee or survivor would be entitled if the disabling injury or death had occurred on the day following October 27, 1972, and (B) subtracting therefrom the compensation to which such employee or survivor was entitled on October 27, 1972; except that no such employee or survivor shall receive total compensation amounting to less than that to which he was entitled on October 27, 1972. Notwithstanding the foregoing sentence, where such an employee or his survivor was awarded compensation as the result of death or permanent total disability at less than the maximum rate that was provided in this chapter at the time of the injury which resulted in the death or disability, then his average weekly wage shall be determined by increasing his average weekly wage at the time of such injury by the percentage which the applicable national average weekly wage has increased between the year in which the injury occurred and the first day of the first month following October 27, 1972. Where such injury occurred prior to 1947, the Secretary shall determine, on the basis of such economic data as he deems relevant, the amount by which the employee's average weekly wage shall be increased for the pre-1947 period.

(2) Fifty per centum of any additional compensation or death benefit paid as a result of the adjustment required by paragraphs (1) and (3) of this subsection shall be paid out of the special fund established under section 944 of this title, and 50 per centum shall be paid from appropriations.

(3) For the purposes of subsections (f) and (g) an injury which resulted in permanent total disability or death which occurred prior to October 27, 1972, shall be considered to have occurred on the day following such date.

(i) For purposes of this section with respect to a claim for compensation for death or disability due to an occupational disease which does not immediately result in death or disability, the time of injury shall be deemed to be the date on which the employee or claimant becomes aware, or in the exercise of reasonable diligence or by reason of medical advice should have been aware, of the relationship between the employment, the disease, and the death or disability.

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by section 10(a) of Pub. L. 98-426 effective Sept. 28, 1984, and applicable both with respect to claims filed after such date and to claims pending on such date, and amendment by section 10(b) of Pub. L. 98-426 effective Sept. 28, 1984, see section 28(a), (e)(1) of Pub. L. 98-426, set out as a note under section 901 of this title.

EFFECTIVE DATE OF 1972 AMENDMENT

Amendment by Pub. L. 92-576 effective 30 days after Oct. 27, 1972, see section 22 of Pub. L. 92-576, set out as a note under section 902 of this title.

EFFECTIVE DATE OF 1948 AMENDMENT

Amendment by act June 24, 1948, applicable to death or injuries occurring after June 24, 1948, see section 6 of act June 24, 1948, set out as a note under section 906 of this title.

§ 911. Guardian for minor or incompetent

The deputy commissioner may require the appointment by a court of competent jurisdiction, for any person who is mentally incompetent or a minor, of a guardian or other representative to receive compensation payable to such person under this chapter and to exercise the powers granted to or to perform the duties required of such person under this chapter.

(Mar. 4, 1927, ch. 509, §11, 44 Stat. 1431.)

§ 912. Notice of injury or death

(a) Time limitation

Notice of an injury or death in respect of which compensation is payable under this chapter shall be given within thirty days after the date of such injury or death, or thirty days after the employee or beneficiary is aware, or in the exercise of reasonable diligence or by reason of medical advice should have been aware, of a relationship between the injury or death and the employment, except that in the case of an occupational disease which does not immediately result in a disability or death, such notice shall be given within one year after the employee or claimant becomes aware, or in the exercise of reasonable diligence or by reason of medical advice should have been aware, of the relationship between the employment, the disease, and the death or disability. Notice shall be given (1) to the deputy commissioner in the compensation district in which the injury or death occurred, and (2) to the employer.

(b) Form and content

Such notice shall be in writing, shall contain the name and address of the employee and a statement of the time, place, nature, and cause

of the injury or death, and shall be signed by the employee or by some person on his behalf, or in case of death, by any person claiming to be entitled to compensation for such death or by a person on his behalf.

(c) Delivery requirements

Notice shall be given to the deputy commissioner by delivering it to him or sending it by mail addressed to his office, and to the employer by delivering it to him or by sending it by mail addressed to him at his last known place of business. If the employer is a partnership, such notice may be given to any partner, or if a corporation, such notice may be given to any agent or officer thereof upon whom legal process may be served or who is in charge of the business in the place where the injury occurred. Each employer shall designate those agents or other responsible officials to receive such notice, except that the employer shall designate as its representatives individuals among first line supervisors, local plant management, and personnel office officials. Such designations shall be made in accordance with regulations prescribed by the Secretary and the employer shall notify his employees and the Secretary of such designation in a manner prescribed by the Secretary in regulations.

(d) Failure to give notice

Failure to give such notice shall not bar any claim under this chapter (1) if the employer (or his agent or agents or other responsible official or officials designated by the employer pursuant to subsection (c)) or the carrier had knowledge of the injury or death, (2) the deputy commissioner determines that the employer or carrier has not been prejudiced by failure to give such notice, or (3) if the deputy commissioner excuses such failure on the ground that (i) notice, while not given to a responsible official designated by the employer pursuant to subsection (c) of this section, was given to an official of the employer or the employer's insurance carrier, and that the employer or carrier was not prejudiced due to the failure to provide notice to a responsible official designated by the employer pursuant to subsection (c), or (ii) for some satisfactory reason such notice could not be given; nor unless objection to such failure is raised before the deputy commissioner at the first hearing of a claim for compensation in respect of such injury or death.

(Mar. 4, 1927, ch. 509, §12, 44 Stat. 1431; Pub. L. 92-576, §12(a), Oct. 27, 1972, 86 Stat. 1259; Pub. L. 98-426, §11, Sept. 28, 1984, 98 Stat. 1648.)

Editorial Notes

AMENDMENTS

1984—Subsec. (a). Pub. L. 98-426, §11(a), inserted a comma after "aware" and "only by reason of medical advice" after "diligence" and inserted "except that in the case of an occupational disease which does not immediately result in a disability or death, such notice shall be given within one year after the employee or claimant becomes aware, or in the exercise of reasonable diligence or by reason of medical advice should have been aware, of the relationship between the employment, the disease, and the death or disability" in first sentence.

Subsec. (c). Pub. L. 98-426, §11(b), inserted at end "Each employer shall designate those agents or other responsible officials to receive such notice, except that the employer shall designate as its representatives individuals among first line supervisors, local plant management, and personnel office officials. Such designations shall be made in accordance with regulations prescribed by the Secretary and the employer shall notify his employees and the Secretary of such designation in a manner prescribed by the Secretary in regulations."

Subsec. (d)(1). Pub. L. 98-426, §11(c), substituted "(or his agent or agents or other responsible official or officials designated by the employer pursuant to subsection (c))" for "(or his agent in charge of the business in the place where the injury occurred)", substituted "injury or death, (2)" for "injury or death and", and substituted "or (3)" for "or (2)".

Pub. L. 98-426, §11(c)(4), inserted "(i) notice, while not given to a responsible official designated by the employer pursuant to subsection (c) of this section, was given to an official of the employer or the employer's insurance carrier, and that the employer or carrier was not prejudiced due to the failure to provide notice to a responsible official designated by the employer pursuant to subsection (c), or (ii)".

1972—Subsec. (a). Pub. L. 92-576 provided for notice of an injury or death within thirty days after the employee or beneficiary is aware or in the exercise of reasonable diligence should have been aware of a relationship between the injury or death and the employment.

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by section 11(a) of Pub. L. 98-426 effective Sept. 28, 1984, and applicable both with respect to claims filed after such date and to claims pending on such date, and amendment by section 11(b), (c) of Pub. L. 98-426 effective 90 days after Sept. 28, 1984, and applicable both with respect to claims filed after such 90th day and to claims pending on such 90th day, see section 28(a), (b) of Pub. L. 98-426, set out as a note under section 901 of this title.

EFFECTIVE DATE OF 1972 AMENDMENT

Amendment by Pub. L. 92-576 effective 30 days after Oct. 27, 1972, see section 22 of Pub. L. 92-576, set out as a note under section 902 of this title.

§ 913. Filing of claims

(a) Time to file

Except as otherwise provided in this section, the right to compensation for disability or death under this chapter shall be barred unless a claim therefore is filed within one year after the injury or death. If payment of compensation has been made without an award on account of such injury or death, a claim may be filed within one year after the date of the last payment. Such claim shall be filed with the deputy commissioner in the compensation district in which such injury or death occurred. The time for filing a claim shall not begin to run until the employee or beneficiary is aware, or by the exercise of reasonable diligence should have been aware, of the relationship between the injury or death and the employment.

(b) Failure to file

(1) Notwithstanding the provisions of subsection (a) failure to file a claim within the period prescribed in such subsection shall not be a bar to such right unless objection to such failure is made at the first hearing of such claim in which all parties in interest are given reasonable notice and opportunity to be heard.

(2) Notwithstanding the provisions of subsection (a), a claim for compensation for death or disability due to an occupational disease which does not immediately result in such death or disability shall be timely if filed within two years after the employee or claimant becomes aware, or in the exercise of reasonable diligence or by reason of medical advice should have been aware, of the relationship between the employment, the disease, and the death or disability, or within one year of the date of the last payment of compensation, whichever is later.

(c) Effect on incompetents and minors

If a person who is entitled to compensation under this chapter is mentally incompetent or a minor, the provisions of subsection (a) shall not be applicable so long as such person has no guardian or other authorized representative, but shall be applicable in the case of a person who is mentally incompetent or a minor from the date of appointment of such guardian or other representative, or in the case of a minor, if no guardian is appointed before he becomes of age, from the date he becomes of age.

(d) Tolling provision

Where recovery is denied to any person, in a suit brought at law or in admiralty to recover damages in respect of injury or death, on the ground that such person was an employee and that the defendant was an employer within the meaning of this chapter and that such employer had secured compensation to such employee under this chapter, the limitation of time prescribed in subsection (a) shall begin to run only from the date of termination of such suit.

(Mar. 4, 1927, ch. 509, §13, 44 Stat. 1432; Pub. L. 92-576, §12(b), Oct. 27, 1972, 86 Stat. 1259; Pub. L. 98-426, §12, Sept. 28, 1984, 98 Stat. 1649.)

Editorial Notes

AMENDMENTS

1984—Subsec. (b). Pub. L. 98-426 designated existing provisions as par. (1) and added par. (2).

1972—Subsec. (a). Pub. L. 92-576 inserted "Except as otherwise provided in this section" and provided that the time for filing a claim shall not begin to run until the employee or beneficiary is aware, or by the exercise of reasonable diligence should have been aware, of the relationship between the injury or death and the employment.

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by Pub. L. 98-426 effective Sept. 28, 1984, and applicable both with respect to claims filed after such date and to claims pending on such date, see section 28(a) of Pub. L. 98-426, set out as a note under section 901 of this title.

EFFECTIVE DATE OF 1972 AMENDMENT

Amendment by Pub. L. 92-576 effective 30 days after Oct. 27, 1972, see section 22 of Pub. L. 92-576, set out as a note under section 902 of this title.

§ 914. Payment of compensation

(a) Manner of payment

Compensation under this chapter shall be paid periodically, promptly, and directly to the per-

son entitled thereto, without an award, except where liability to pay compensation is controverted by the employer.

(b) Period of installment payments

The first installment of compensation shall become due on the fourteenth day after the employer has been notified pursuant to section 912 of this title, or the employer has knowledge of the injury or death, on which date all compensation then due shall be paid. Thereafter compensation shall be paid in installments, semi-monthly, except where the deputy commissioner determines that payment in installments should be made monthly or at some other period.

(c) Notification of commencement or suspension of payment

Upon making the first payment, and upon suspension of payment for any cause, the employer shall immediately notify the deputy commissioner, in accordance with a form prescribed by the Secretary, that payment of compensation has begun or has been suspended, as the case may be.

(d) Right to compensation controverted

If the employer controverts the right to compensation he shall file with the deputy commissioner on or before the fourteenth day after he has knowledge of the alleged injury or death, a notice, in accordance with a form prescribed by the Secretary stating that the right to compensation is controverted, the name of the claimant, the name of the employer, the date of the alleged injury or death, and the grounds upon which the right to compensation is controverted.

(e) Additional compensation for overdue installment payments payable without award

If any installment of compensation payable without an award is not paid within fourteen days after it becomes due, as provided in subsection (b) of this section, there shall be added to such unpaid installment an amount equal to 10 per centum thereof, which shall be paid at the same time as, but in addition to, such installment, unless notice is filed under subsection (d) of this section, or unless such nonpayment is excused by the deputy commissioner after a showing by the employer that owing to conditions over which he had no control such installment could not be paid within the period prescribed for the payment.

(f) Additional compensation for overdue installment payments payable under terms of award

If any compensation, payable under the terms of an award, is not paid within ten days after it becomes due, there shall be added to such unpaid compensation an amount equal to 20 per centum thereof, which shall be paid at the same time as, but in addition to, such compensation, unless review of the compensation order making such award is had as provided in section 921 of this title and an order staying payment has been issued by the Board or court.

(g) Notice of payment; penalty

Within sixteen days after final payment of compensation has been made, the employer shall

send to the deputy commissioner a notice, in accordance with a form prescribed by the Secretary, stating that such final payment has been made, the total amount of compensation paid, the name of the employee and of any other person to whom compensation has been paid, the date of the injury or death, and the date to which compensation has been paid. If the employer fails to so notify the deputy commissioner within such time the Secretary shall assess against such employer a civil penalty in the amount of \$100.

(h) Investigations, examinations, and hearings for controverted, stopped, or suspended payments

The deputy commissioner (1) may upon his own initiative at any time in a case in which payments are being made without an award, and (2) shall in any case where right to compensation is controverted, or where payments of compensation have been stopped or suspended, upon receipt of notice from any person entitled to compensation, or from the employer, that the right to compensation is controverted, or that payments of compensation have been stopped or suspended, make such investigations, cause such medical examinations to be made, or hold such hearings, and take such further action as he considers will properly protect the rights of all parties.

(i) Deposit by employer

Whenever the deputy commissioner deems it advisable he may require any employer to make a deposit with the Treasurer of the United States to secure the prompt and convenient payment of such compensation, and payments therefrom upon any awards shall be made upon order of the deputy commissioner.

(j) Reimbursement for advance payments

If the employer has made advance payments of compensation, he shall be entitled to be reimbursed out of any unpaid installment or installments of compensation due.

(k) Receipt for payment

An injured employee, or in case of death his dependents or personal representative, shall give receipts for payment of compensation to the employer paying the same and such employer shall produce the same for inspection by the deputy commissioner, whenever required.

Editorial Notes

AMENDMENTS

1984—Subsec. (b). Pub. L. 98-426, §13(a), substituted “employer has been notified pursuant to section 912 of this title, or the employer,” for “employer”.

Subsecs. (c), (d), (g). Pub. L. 98-426, §27(a)(2), substituted “Secretary” for “commission”. See Transfer of Functions note set out under section 902 of this title.

Subsecs. (j) to (l). Pub. L. 98-426, §13(b), redesignated subsecs. (k) and (l) as (j) and (k), respectively, and

struck out former subsec. (j) which provided that whenever the deputy commissioner determines that it was in the interest of justice, the liability of the employer for compensation, or any part thereof as determined by the deputy commissioner with the approval of the Secretary, could be discharged by the payment of a lump sum equal to the present value of future compensation payments commuted, computed at 4 per centum true discount compounded annually, that the probability of the death of the injured employee or other person entitled to compensation before the expiration of the period during which he was entitled to compensation would be determined in accordance with the American Experience Table of Mortality, and the probability of the remarriage of the surviving wife would be determined in accordance with the remarriage tables of the Dutch Royal Insurance Institution, and that the probability of the happening of any other contingency affecting the amount or duration of the compensation would be disregarded, was struck out.

1972—Subsec. (f). Pub. L. 92-576, §15(d), substituted “order staying payment has been issued by the Board or court” for “interlocutory injunction staying payments is allowed by the court as provided therein”.

Subsec. (m). Pub. L. 92-576, §5(e), repealed subsec. (m) limiting aggregate money allowance for an injury under this chapter to \$24,000, making the limitation inapplicable to cases of permanent total disability or death, and providing that in applying the limitation there shall not be taken into account any amount payable under section 908(g) of this title for maintenance during rehabilitation or any amount of additional compensation required to be paid under this section for delay or default in the payment of compensation or any amount accruing as interest upon defaulted compensation collectible under section 918 of this title.

1961—Subsec. (m). Pub. L. 87-87 increased limitation on total money allowance as compensation for injury from “\$17,280” to “\$24,000”.

1956—Subsec. (m). Act July 26, 1956, provided for maximum money allowance of \$17,280 in lieu of total compensation of \$11,000, struck out additional former limit of \$10,000 for disabilities compensable under section 908(c)(21) of this title, and inserted provision excepting from \$17,280 limitation, amounts payable under section 908(g) of this title for maintenance during rehabilitation, and amounts payable under this section for delay or default in payment of compensation or interest collectible under section 918 of this title.

1948—Subsec. (m). Act June 24, 1948, increased overall statutory maximum limitation upon compensation for disability from \$7,500 to \$11,000, and fixed a sublimitation of \$10,000 upon that particular compensation for permanent partial disability which is payable when the case is classified as one in which compensation shall be payable under section 908(c)(21) of this title, but neither limitation shall apply for permanent total disability or death.

1938—Subsec. (f). Act June 25, 1938, inserted “and an interlocutory injunction staying payments is allowed by the court as provided therein”.

1934—Subsec. (j). Act May 26, 1934, substituted “in the interest of justice” for “for the best interests of a person entitled to compensation”, inserted “or any part thereof as determined by the deputy commissioner with the approval of the Commission”, and inserted provision for determining probability of remarriage.

(Mar. 4, 1927, ch. 509, § 16, 44 Stat. 1434.)

§ 917. Lien against compensation

Where a trust fund which complies with section 186(c) of title 29 established pursuant to a collective-bargaining agreement in effect between an employer and an employee covered under this chapter has paid disability benefits to an employee which the employee is legally obligated to repay by reason of his entitlement to compensation under this chapter or under a settlement, the Secretary shall authorize a lien on such compensation in favor of the trust fund for the amount of such payments.

(Mar. 4, 1927, ch. 509, § 17, 44 Stat. 1434; June 25, 1938, ch. 685, § 8, 52 Stat. 1167; Pub. L. 92-576, § 20(b), Oct. 27, 1972, 86 Stat. 1264; Pub. L. 95-598, title III, § 324, Nov. 6, 1978, 92 Stat. 2679; Pub. L. 98-426, § 14, Sept. 28, 1984, 98 Stat. 1649.)

Editorial Notes

AMENDMENTS

1984—Pub. L. 98-426 struck out “(b)” before “Where a trust fund which complies”, substituted “covered under this chapter” for “entitled to compensation under this chapter”, and substituted “this chapter or under a settlement, the Secretary shall authorize” for “this chapter, the Secretary may authorize”.

1978—Subsec. (a). Pub. L. 95-598 repealed provision for lien of person entitled to compensation without limit of amount against assets of carrier or employer and for preference and priority in distribution of assets of such carrier or employer, or both upon insolvency, bankruptcy, or reorganization in bankruptcy proceedings of the carrier or employer, or both.

1972—Pub. L. 92-576 designated existing provisions as subsec. (a) and added subsec. (b).

1938—Act June 25, 1938, amended section generally. Prior to amendment, section read as follows: “Compensation shall have the same preference of lien against the assets of the carrier or employer without limit of amount as is now or may hereafter be allowed by law to the claimant for unpaid wages or otherwise”.

§ 918. Collection of defaulted payments; special fund

(a) In case of default by the employer in the payment of compensation due under any award of compensation for a period of thirty days after the compensation is due and payable, the person to whom such compensation is payable may, within one year after such default, make application to the deputy commissioner making the compensation order or¹ a supplementary order declaring the amount of the default. After investigation, notice, and hearing, as provided in section 919 of this title, the deputy commissioner shall make a supplementary order, declaring the amount of the default, which shall be filed in the same manner as the compensation order. In case the payment in default is an installment of the award, the deputy commissioner may, in his discretion, declare the whole of the award as the amount in default. The applicant may file a certified copy of such supplementary order with the clerk of the Federal district court for the judicial district in which the employer has his principal place of business or maintains an office, or for the judicial district in which the injury occurred. In case such principal place of business or office or place where the injury occurred is in

the District of Columbia, a copy of such supplementary order may be filed with the clerk of the United States District Court for the District of Columbia. Such supplementary order of the deputy commissioner shall be final, and the court shall, upon the filing of the copy, enter judgment for the amount declared in default by the supplementary order if such supplementary order is in accordance with law. Review of the judgment so entered may be had as in civil suits for damages at common law. Final proceedings to execute the judgment may be had by writ of execution in the form used by the court in suits at common law in actions of assumpsit. No fee shall be required for filing the supplementary order nor for entry of judgment thereon, and the applicant shall not be liable for costs in a proceeding for review of the judgment unless the court shall otherwise direct. The court shall modify such judgment to conform to any later compensation order upon presentation of a certified copy thereof to the court.

(b) In cases where judgment cannot be satisfied by reason of the employer's insolvency or other circumstances precluding payment, the Secretary of Labor may, in his discretion and to the extent he shall determine advisable after consideration of current commitments payable from the special fund established in section 944 of this title, make payment from such fund upon any award made under this chapter, and in addition, provide any necessary medical, surgical, and other treatment required by section 907 of this title in any case of disability where there has been a default in furnishing medical treatment by reason of the insolvency of the employer. Such an employer shall be liable for payment into such fund of the amounts paid therefrom by the Secretary of Labor under this subsection; and for the purpose of enforcing this liability, the Secretary of Labor for the benefit of the fund shall be subrogated to all the rights of the person receiving such payment or benefits as against the employer and may by a proceeding in the name of the Secretary of Labor under this section or under subsection (c) of section 921 of this title, or both, seek to recover the amount of the default or so much thereof as in the judgment of the Secretary is possible, or the Secretary may settle and compromise any such claim.

Editorial Notes

CODIFICATION

As originally enacted, subsec. (a) contained a reference to the Supreme Court of the District of Columbia. Act June 25, 1936, substituted "the district court of the United States for the District of Columbia" for "the Supreme Court of the District of Columbia", and act June 25, 1948, as amended by act May 24, 1949, substituted "United States District Court for the District of Columbia" for "district court of the United States for the District of Columbia".

AMENDMENTS

1984—Subsec. (b). Pub. L. 98-426 struck out "including the right of lien and priority provided for by section 917 of this title," after "shall be subrogated to all the rights of the person receiving such payment or benefits".

1956—Act July 26, 1956, designated existing provisions as subsec. (a) and added subsec. (b).

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by Pub. L. 98-426 effective Sept. 28, 1984, see section 28(e)(1) of Pub. L. 98-426, set out as a note under section 901 of this title.

§ 919. Procedure in respect of claims

(a) Filing of claim

Subject to the provisions of section 913 of this title a claim for compensation may be filed with the deputy commissioner in accordance with regulations prescribed by the Secretary at any time after the first seven days of disability following any injury, or at any time after death, and the deputy commissioner shall have full power and authority to hear and determine all questions in respect of such claim.

(b) Notice of claim

Within ten days after such claim is filed the deputy commissioner, in accordance with regulations prescribed by the Secretary, shall notify the employer and any other person (other than the claimant), whom the deputy commissioner considers an interested party, that a claim has been filed. Such notice may be served personally upon the employer or other person, or sent to such employer or person by registered mail.

(c) Investigations; order for hearing; notice; rejection or award

The deputy commissioner shall make or cause to be made such investigations as he considers necessary in respect of the claim, and upon application of any interested party shall order a hearing thereon. If a hearing on such claim is ordered the deputy commissioner shall give the claimant and other interested parties at least ten days' notice of such hearing, served personally upon the claimant and other interested parties or sent to such claimant and other interested parties by registered mail or by certified mail, and shall within twenty days after such hearing is had, by order, reject the claim or make an award in respect of the claim. If no hearing is ordered within twenty days after notice is given as provided in subsection (b), the deputy commissioner shall, by order, reject the claim or make an award in respect of the claim.

(d) Provisions governing conduct of hearing; administrative law judges

Notwithstanding any other provisions of this chapter, any hearing held under this chapter shall be conducted in accordance with the provisions of section 554 of title 5. Any such hearing shall be conducted by a¹ administrative law judge qualified under section 3105 of that title. All powers, duties, and responsibilities vested by this chapter, on October 27, 1972, in the deputy

¹ So in original. Probably should be "an".

commissioners with respect to such hearings shall be vested in such administrative law judges.

(e) Filing and mailing of order rejecting claim or making award

The order rejecting the claim or making the award (referred to in this chapter as a compensation order) shall be filed in the office of the deputy commissioner, and a copy thereof shall be sent by registered mail or by certified mail to the claimant and to the employer at the last known address of each.

(f) Awards after death of employee

An award of compensation for disability may be made after the death of an injured employee.

(g) Transfer of case

At any time after a claim has been filed with him, the deputy commissioner may, with the approval of the Secretary, transfer such case to any other deputy commissioner for the purpose of making investigation, taking testimony, making physical examinations or taking such other necessary action therein as may be directed.

(h) Physical examination of injured employee

An injured employee claiming or entitled to compensation shall submit to such physical examination by a medical officer of the United States or by a duly qualified physician designated or approved by the Secretary as the deputy commissioner may require. The place or places shall be reasonably convenient for the employee. Such physician or physicians as the employee, employer, or carrier may select and pay for may participate in an examination if the employee, employer, or carrier so requests. Proceedings shall be suspended and no compensation be payable for any period during which the employee may refuse to submit to examination.

AMENDMENTS

1984—Subsecs. (a), (b), (g), (h). Pub. L. 98-426, §27(a)(2), substituted “Secretary” for “commissioner”. See Transfer of Functions note under section 902 of this title.

1978—Subsec. (d). Pub. L. 95-251 substituted references to administrative law judges for references to hearing examiners.

1972—Subsec. (d). Pub. L. 92-576 substituted provisions for conduct of hearings under section 554 of title 5 by a hearing examiner qualified under section 3105 of title 5 and vesting in hearing examiners the powers, duties, and responsibilities vested in deputy commissioners on Oct. 27, 1972, for former provisions authorizing claimant and employer to present evidence with respect to claims and for representation of a claimant under a written authorization.

1960—Subsecs. (c), (e). Pub. L. 86-507 inserted “or by certified mail” after “registered mail”.

1938—Subsec. (g). Act June 25, 1938, authorized transfer of cases, with administrative approval, at any time after filing of claim for the additional purposes of mak-

ing investigations and taking other necessary action instead of after issuance of compensation order without anyone’s approval.

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by Pub. L. 98-426 effective Sept. 28, 1984, see section 28(e)(1) of Pub. L. 98-426, set out as a note under section 901 of this title.

EFFECTIVE DATE OF 1972 AMENDMENT

Amendment by Pub. L. 92-576 effective 30 days after Oct. 27, 1972, see section 22 of Pub. L. 92-576, set out as a note under section 902 of this title.

§ 920. Presumptions

In any proceeding for the enforcement of a claim for compensation under this chapter it shall be presumed, in the absence of substantial evidence to the contrary—

(a) That the claim comes within the provisions of this chapter.

(b) That sufficient notice of such claim has been given.

(c) That the injury was not occasioned solely by the intoxication of the injured employee.

(d) That the injury was not occasioned by the willful intention of the injured employee to injure or kill himself or another.

(Mar. 4, 1927, ch. 509, §20, 44 Stat. 1436.)

§ 921. Review of compensation orders

(a) Effectiveness and finality of orders

A compensation order shall become effective when filed in the office of the deputy commissioner as provided in section 919 of this title, and, unless proceedings for the suspension or setting aside of such order are instituted as provided in subsection (b) of this section, shall become final at the expiration of the thirtieth day thereafter.

(b) Benefits Review Board; establishment; members; chairman; quorum; voting; questions reviewable; record; conclusiveness of findings; stay of payments; remand

(1) There is hereby established a Benefits Review Board which shall be composed of five members appointed by the Secretary from among individuals who are especially qualified to serve on such Board. The Secretary shall designate one of the members of the Board to serve as chairman. The Chairman shall have the authority, as delegated by the Secretary, to exercise all administrative functions necessary to operate the Board.

(2) For the purpose of carrying out its functions under this chapter, three members of the Board shall constitute a quorum and official action can be taken only on the affirmative vote of at least three members.

(3) The Board shall be authorized to hear and determine appeals raising a substantial question of law or fact taken by any party in interest from decisions with respect to claims of employees under this chapter and the extensions thereof. The Board’s orders shall be based upon the hearing record. The findings of fact in the decision under review by the Board shall be conclusive if supported by substantial evidence in the

record considered as a whole. The payment of the amounts required by an award shall not be stayed pending final decision in any such proceeding unless ordered by the Board. No stay shall be issued unless irreparable injury would otherwise ensue to the employer or carrier.

(4) The Board may, on its own motion or at the request of the Secretary, remand a case to the administrative law judge for further appropriate action. The consent of the parties in interest shall not be a prerequisite to a remand by the Board.

(5) Notwithstanding paragraphs (1) through (4), upon application of the Chairman of the Board, the Secretary may designate up to four Department of Labor administrative law judges to serve on the Board temporarily, for not more than one year. The Board is authorized to delegate to panels of three members any or all of the powers which the Board may exercise. Each such panel shall have no more than one temporary member. Two members shall constitute a quorum of a panel. Official adjudicative action may be taken only on the affirmative vote of at least two members of a panel. Any party aggrieved by a decision of a panel of the Board may, within thirty days after the date of entry of the decision, petition the entire permanent Board for review of the panel's decision. Upon affirmative vote of the majority of the permanent members of the Board, the petition shall be granted. The Board shall amend its Rules of Practice to conform with this paragraph. Temporary members, while serving as members of the Board, shall be compensated at the same rate of compensation as regular members.

(c) Court of appeals; jurisdiction; persons entitled to review; petition; record; determination and enforcement; service of process; stay of payments

Any person adversely affected or aggrieved by a final order of the Board may obtain a review of that order in the United States court of appeals for the circuit in which the injury occurred, by filing in such court within sixty days following the issuance of such Board order a written petition praying that the order be modified or set aside. A copy of such petition shall be forthwith transmitted by the clerk of the court, to the Board, and to the other parties, and thereupon the Board shall file in the court the record in the proceedings as provided in section 2112 of title 28. Upon such filing, the court shall have jurisdiction of the proceeding and shall have the power to give a decree affirming, modifying, or setting aside, in whole or in part, the order of the Board and enforcing same to the extent that such order is affirmed or modified. The orders, writs, and processes of the court in such proceedings may run, be served, and be returnable anywhere in the United States. The payment of the amounts required by an award shall not be stayed pending final decision in any such proceeding unless ordered by the court. No stay shall be issued unless irreparable injury would otherwise ensue to the employer or carrier. The order of the court allowing any stay shall contain a specific finding, based upon evidence submitted to the court and identified by reference thereto, that irreparable damage would result to

the employer, and specifying the nature of the damage.

(d) District court; jurisdiction; enforcement of orders; application of beneficiaries of awards or deputy commissioner; process for compliance with orders

If any employer or his officers or agents fails to comply with a compensation order making an award, that has become final, any beneficiary of such award or the deputy commissioner making the order, may apply for the enforcement of the order to the Federal district court for the judicial district in which the injury occurred (or to the United States District Court for the District of Columbia if the injury occurred in the District). If the court determines that the order was made and served in accordance with law, and that such employer or his officers or agents have failed to comply therewith, the court shall enforce obedience to the order by writ of injunction or by other proper process, mandatory or otherwise, to enjoin upon such person and his officers and agents compliance with the order.

(e) Institution of proceedings for suspension, setting aside, or enforcement of compensation orders

Proceedings for suspending, setting aside, or enforcing a compensation order, whether rejecting a claim or making an award, shall not be instituted otherwise than as provided in this section and section 918 of this title.

Editorial Notes

CODIFICATION

As originally enacted, subsec. (d) contained a reference to the Supreme Court of the District of Columbia. Act June 25, 1936, substituted "the district court of the United States for the District of Columbia" for "the Supreme Court of the District of Columbia", and act June 25, 1948, as amended by act May 24, 1949, substituted "United States District Court for the District of Columbia" for "district court of the United States for the District of Columbia".

AMENDMENTS

1984—Subsec. (b)(1). Pub. L. 98-426, § 15(1), (2), substituted "five" for "three", and inserted "The Chairman shall have the authority, as delegated by the Secretary, to exercise all administrative functions necessary to operate the Board."

Subsec. (b)(2). Pub. L. 98-426, § 15(3), substituted "three" for "two" wherever appearing.

Subsec. (b)(5). Pub. L. 98-426, § 15(4), added par. (5).

1978—Subsec. (b)(4). Pub. L. 95-251 substituted "administrative law judge" for "hearing examiner".

1972—Subsec. (b). Pub. L. 92-576, § 15(a), added subsec. (b). Former provisions of subsec. (b) for injunction proceedings to suspend or set aside a compensation order by a party in interest against a deputy commissioner in Federal district court for judicial district where injury occurred superseded by subsec. (c) of this section and former provisions of such subsec. (b) respecting service of process and stay of payments, except for the procedural requirement of an interlocutory injunction to the

court and hearing on at least three days' notice to the parties in interest and the deputy commissioner, incorporated in subsec. (c) of this section.

Subsecs. (c) to (e). Pub. L. 92-576, §15(a), (b), added subsec. (c) and redesignated former subsecs. (c) and (d) as (d) and (e), respectively.

REFERENCES IN TEXT

This Act, referred to in text, probably should have been a reference to act Mar. 4, 1927, ch. 509, 44 Stat. 1424, known as the Longshore and Harbor Workers' Compensation Act, which is classified generally to this chapter. This section was not enacted as part of that Act, see Codification note below. For complete classi-

fication of act Mar. 4, 1927, to the Code, see section 901 of this title and Tables.

CODIFICATION

Section was not enacted as part of the Longshore and Harbor Workers' Compensation Act which comprises this chapter.

AMENDMENTS

1972—Pub. L. 92-576, which directed the general amendment of “[s]ection 21a of the Act”, meaning section 21a of act Mar. 4, 1927, was executed to this section, which is act May 4, 1928, ch. 502, to reflect the probable intent of Congress. Act Mar. 4, 1927, does not contain a section 21a. Prior to amendment, section required the United States attorney in the judicial district in which a case was pending to appear as attorney or counsel on behalf of the Secretary of Labor or his deputy commissioner when either was a party to the case or interested, and to represent such Secretary or deputy in any court in which such case could be carried on appeal.

CHANGE OF NAME

Act June 25, 1948, eff. Sept. 1, 1948, substituted “United States attorney” for “district attorney of the United States”. See section 541 of Title 28, Judiciary and Judicial Procedure, and Historical and Revision note thereunder.

EFFECTIVE DATE OF 1972 AMENDMENT

Amendment by Pub. L. 92-576 effective 30 days after Oct. 27, 1972, see section 22 of Pub. L. 92-576, set out as a note under section 902 of this title.

§ 922. Modification of awards

Upon his own initiative, or upon the application of any party in interest (including an employer or carrier which has been granted relief under section 908(f) of this title), on the ground of a change in conditions or because of a mistake in a determination of fact by the deputy commissioner, the deputy commissioner may, at any time prior to one year after the date of the last payment of compensation, whether or not a compensation order has been issued, or at any time prior to one year after the rejection of a claim, review a compensation case (including a case under which payments are made pursuant to section 944(i) of this title) in accordance with the procedure prescribed in respect of claims in section 919 of this title, and in accordance with such section issue a new compensation order which may terminate, continue, reinstate, increase, or decrease such compensation, or award compensation. Such new order shall not affect any compensation previously paid, except that an award increasing the compensation rate may be made effective from the date of the injury, and if any part of the compensation due or to become due is unpaid, an award decreasing the compensation rate may be made effective from the date of the injury, and any payment made prior thereto in excess of such decreased rate shall be deducted from any unpaid compensation, in such manner and by such method as may be determined by the deputy commissioner with the approval of the Secretary. This section does not authorize the modification of settlements.

AMENDMENTS

1984—Pub. L. 98-426, §16, inserted “(including an employer or carrier which has been granted relief under section 908(f) of this title)” after “party in interest” and “(including a case under which payments are made pursuant to section 941(i) of this title)” after “review a compensation case” and inserted at end “This section does not authorize the modification of settlements.”

Pub. L. 98-426, §27(a)(2), substituted “Secretary” for “commission”. See Transfer of Functions note set out under section 902 of this title.

1938—Act June 25, 1938, permitted review of compensation case at any time prior to one year after rejection of claim and authorized award of compensation.

1934—Act May 26, 1934, permitted review based on a mistake in a determination of fact; substituted provision for review of compensation case at any time prior to one year after date of last payment of compensation, whether or not compensation order was issued, for original provision for review at any time during term of award and after compensation order in respect of such award had become final; authorized reinstatement of compensation; and inserted exception clause.

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by Pub. L. 98-426 effective Sept. 28, 1984, see section 28(e)(1) of Pub. L. 98-426, set out as a note under section 901 of this title.

§ 923. Procedure before deputy commissioner or Board

(a) In making an investigation or inquiry or conducting a hearing the deputy commissioner or Board shall not be bound by common law or statutory rules of evidence or by technical or formal rules of procedure, except as provided by this chapter; but may make such investigation or inquiry or conduct such hearing in such manner as to best ascertain the rights of the parties. Declarations of a deceased employee concerning the injury in respect of which the investigation or inquiry is being made or the hearing conducted shall be received in evidence and shall, if corroborated by other evidence, be sufficient to establish the injury.

(b) Hearings before a deputy commissioner or Board shall be open to the public and shall be stenographically reported, and the deputy commissioners or Board, subject to the approval of the Secretary, are authorized to contract for the reporting of such hearings. The Secretary shall by regulation provide for the preparation of a record of the hearings and other proceedings before the deputy commissioners or Board.

Act June 25, 1936, substituted “the district court of the United States for the District of Columbia” for “the Supreme Court of the District of Columbia”, and act June 25, 1948, as amended by act May 24, 1949, substituted “United States District Court for the District of Columbia” for “district court of the United States for the District of Columbia”.

§ 925. Witness fees

Witnesses summoned in a proceeding before a deputy commissioner or whose depositions are taken shall receive the same fees and mileage as witnesses in courts of the United States.

(Mar. 4, 1927, ch. 509, §25, 44 Stat. 1437.)

§ 926. Costs in proceedings brought without reasonable grounds

If the court having jurisdiction of proceedings in respect of any claim or compensation order determines that the proceedings in respect of such claim or order have been instituted or continued without reasonable ground, the costs of such proceedings shall be assessed against the party who has so instituted or continued such proceedings.

(Mar. 4, 1927, ch. 509, §26, 44 Stat. 1438.)

§ 927. Powers of deputy commissioners or Board

(a) The deputy commissioner or Board shall have power to preserve and enforce order during any such proceedings; to issue subpoenas for, to administer oaths to, and to compel the attendance and testimony of witnesses, or the production of books, papers, documents, and other evi-

dence, or the taking of depositions before any designated individual competent to administer oaths; to examine witnesses; and to do all things conformable to law which may be necessary to enable him effectively¹ to discharge the duties of his office.

(b) If any person in proceedings before a deputy commissioner or Board disobeys or resists any lawful order or process, or misbehaves during a hearing or so near the place thereof as to obstruct the same, or neglects to produce, after having been ordered to do so, any pertinent book, paper, or document, or refuses to appear after having been subpoenaed, or upon appearing refuses to take the oath as a witness, or after having taken the oath refuses to be examined according to law, the deputy commissioner or Board shall certify the facts to the district court having jurisdiction in the place in which he is sitting (or to the United States District Court for the District of Columbia if he is sitting in such District) which shall thereupon in a summary manner hear the evidence as to the acts complained of, and if the evidence so warrants, punish such person in the same manner and to the same extent as for a contempt committed before the court, or commit such person upon the same conditions as if the doing of the forbidden act had occurred with reference to the process of or in the presence of the court.

Editorial Notes

CODIFICATION

As originally enacted, subsec. (b) contained a reference to the Supreme Court of the District of Columbia. Act June 25, 1936, substituted "the district court of the United States for the District of Columbia" for "the Supreme Court of the District of Columbia", and act June 25, 1948, as amended by act May 24, 1949, substituted "United States District Court for the District of Columbia" for "district court of the United States for the District of Columbia".

AMENDMENTS

1972—Subsecs. (a), (b). Pub. L. 92-576 inserted references to the Board.

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1972 AMENDMENT

Amendment by Pub. L. 92-576 effective 30 days after Oct. 27, 1972, see section 22 of Pub. L. 92-576, set out as a note under section 902 of this title.

§ 928. Fees for services

(a) Attorney's fee; successful prosecution of claim

If the employer or carrier declines to pay any compensation on or before the thirtieth day after receiving written notice of a claim for compensation having been filed from the deputy commissioner, on the ground that there is no liability for compensation within the provisions

of this chapter and the person seeking benefits shall thereafter have utilized the services of an attorney at law in the successful prosecution of his claim, there shall be awarded, in addition to the award of compensation, in a compensation order, a reasonable attorney's fee against the employer or carrier in an amount approved by the deputy commissioner, Board, or court, as the case may be, which shall be paid directly by the employer or carrier to the attorney for the claimant in a lump sum after the compensation order becomes final.

(b) Attorney's fee; successful prosecution for additional compensation; independent medical evaluation of disability controversy; restriction of other assessments

If the employer or carrier pays or tenders payment of compensation without an award pursuant to section 914(a) and (b) of this title, and thereafter a controversy develops over the amount of additional compensation, if any, to which the employee may be entitled, the deputy commissioner or Board shall set the matter for an informal conference and following such conference the deputy commissioner or Board shall recommend in writing a disposition of the controversy. If the employer or carrier refuse¹ to accept such written recommendation, within fourteen days after its receipt by them, they shall pay or tender to the employee in writing the additional compensation, if any, to which they believe the employee is entitled. If the employee refuses to accept such payment or tender of compensation, and thereafter utilizes the services of an attorney at law, and if the compensation thereafter awarded is greater than the amount paid or tendered by the employer or carrier, a reasonable attorney's fee based solely upon the difference between the amount awarded and the amount tendered or paid shall be awarded in addition to the amount of compensation. The foregoing sentence shall not apply if the controversy relates to degree or length of disability, and if the employer or carrier offers to submit the case for evaluation by physicians employed or selected by the Secretary, as authorized in section 907(e) of this title and offers to tender an amount of compensation based upon the degree or length of disability found by the independent medical report at such time as an evaluation of disability can be made. If the claimant is successful in review proceedings before the Board or court in any such case an award may be made in favor of the claimant and against the employer or carrier for a reasonable attorney's fee for claimant's counsel in accord with the above provisions. In all other cases any claim for legal services shall not be assessed against the employer or carrier.

(c) Approval; payment; lien

In all cases fees for attorneys representing the claimant shall be approved in the manner herein provided. If any proceedings are had before the Board or any court for review of any action, award, order, or decision, the Board or court may approve an attorney's fee for the work done before it by the attorney for the claimant. An approved attorney's fee, in cases in which the

¹ So in original. Probably should be "refuses".

obligation to pay the fee is upon the claimant, may be made a lien upon the compensation due under an award; and the deputy commissioner, Board, or court shall fix in the award approving the fee, such lien and manner of payment.

(d) Costs; witnesses' fees and mileage; prohibition against diminution of compensation to claimant

In cases where an attorney's fee is awarded against an employer or carrier there may be further assessed against such employer or carrier as costs, fees and mileage for necessary witnesses attending the hearing at the instance of claimant. Both the necessity for the witness and the reasonableness of the fees of expert witnesses must be approved by the hearing officer, the Board, or the court, as the case may be. The amounts awarded against an employer or carrier as attorney's fees, costs, fees and mileage for witnesses shall not in any respect affect or diminish the compensation payable under this chapter.

(e) Unapproved fees; solicitation; penalty

A person who receives a fee, gratuity, or other consideration on account of services rendered as a representative of a claimant, unless the consideration is approved by the deputy commissioner, administrative law judge, Board, or court, or who makes it a business to solicit employment for a lawyer, or for himself, with respect to a claim or award for compensation under this chapter, shall, upon conviction thereof, for each offense be punished by a fine of not more than \$1,000 or be imprisoned for not more than one year, or both.

(Mar. 4, 1927, ch. 509, §28, 44 Stat. 1438; Pub. L. 92-576, §13, Oct. 27, 1972, 86 Stat. 1259; Pub. L. 98-426, §17, Sept. 28, 1984, 98 Stat. 1650.)

Editorial Notes

AMENDMENTS

1984—Subsec. (e). Pub. L. 98-426 substituted "a fee, gratuity, or other consideration" for "any fees, other consideration, or any gratuity"; "with respect to" for "in respect of"; and "both" for "by both such fine and imprisonment"; and inserted "under this chapter," after "compensation".

1972—Subsec. (a). Pub. L. 92-576 substituted provisions respecting payment of attorney's fee for successful prosecution of claim for former provisions respecting approval by deputy commissioner or court of claims for legal services or for any other services rendered in respect of a claim or award for compensation and for lien upon the compensation in the manner and to the extent fixed by the deputy commissioner or the court. See subsec. (c).

Subsecs. (b) to (e). Pub. L. 92-576 added subsecs. (b) to (d), redesignated former subsec. (b) as (e), and in subsec. (e), as so redesignated, struck out item (1) and (2) designations before "who", substituted "services rendered as a representative of a claimant" for "services so rendered", and included approval by the Board.

AMENDMENTS

1984—Pub. L. 98-426, §27(a)(2), substituted "Secretary" for "commission". See Transfer of Functions note set out under section 902 of this title.

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by Pub. L. 98-426 effective Sept. 28, 1984, see section 28(e)(1) of Pub. L. 98-426, set out as a note under section 901 of this title.

§ 930. Reports to Secretary

(a) Time for sending; contents; copy to deputy commissioner

Within ten days from the date of any injury, which causes loss of one or more shifts of work, or death or from the date that the employer has knowledge of a disease or infection in respect of such injury, the employer shall send to the Secretary a report setting forth (1) the name, address, and business of the employer; (2) the name, address, and occupation of the employee; (3) the cause and nature of the injury or death; (4) the year, month, day, and hour when and the particular locality where the injury or death occurred; and (5) such other information as the Secretary may require. A copy of such report shall be sent at the same time to the deputy commissioner in the compensation district in which the injury occurred. Notwithstanding the requirements of this subsection, each employer shall keep a record of each and every injury regardless of whether such injury results in the loss of one or more shifts of work.

(b) Additional reports

Additional reports in respect of such injury and of the condition of such employee shall be sent by the employer to the Secretary and to such deputy commissioner at such times and in such manner as the Secretary may prescribe.

(c) Use as evidence

Any report provided for in subsection (a) or (b) shall not be evidence of any fact stated in such report in any proceeding in respect of such injury or death on account of which the report is made.

(d) Compliance by mailing

The mailing of any such report and copy in a stamped envelope, within the time prescribed in

subsections (a) or (b), to the Secretary and deputy commissioner, respectively, shall be a compliance with this section.

(e) Penalty for failure or refusal to send report

Any employer, insurance carrier, or self-insured employer who knowingly and willfully fails or refuses to send any report required by this section or knowingly or willfully makes a false statement or misrepresentation in any such report shall be subject to a civil penalty not to exceed \$10,000 for each such failure, refusal, false statement, or misrepresentation.

(f) Tolling provision

Where the employer or the carrier has been given notice, or the employer (or his agent in charge of the business in the place where the injury occurred) or the carrier has knowledge, of any injury or death of an employee and fails, neglects, or refuses to file report thereof as required by the provisions of subsection (a) of this section, the limitations in subsection (a) of section 913 of this title shall not begin to run against the claim of the injured employee or his dependents entitled to compensation, or in favor of either the employer or the carrier, until such report shall have been furnished as required by the provisions of subsection (a) of this section.

(Mar. 4, 1927, ch. 509, §30, 44 Stat. 1439; June 25, 1938, ch. 685, §11, 52 Stat. 1167; Pub. L. 98-426, §§18, 27(a)(2), Sept. 28, 1984, 98 Stat. 1650, 1654.)

Editorial Notes

AMENDMENTS

1984—Subsec. (a). Pub. L. 98-426, §18(a)(1), inserted “, which causes loss of one or more shifts of work,” after “Within ten days from the date of any injury”.

Pub. L. 98-426, §27(a)(2), substituted “Secretary” for “commission”. See Transfer of Functions note set out under section 902 of this title.

Pub. L. 98-426, §18(a)(2), inserted at end “Notwithstanding the requirements of this subsection, each employer shall keep a record of each and every injury regardless of whether such injury results in the loss of one or more shifts of work.”

Subsecs. (b), (d). Pub. L. 98-426, §27(a)(2), substituted “Secretary” for “commission”. See Transfer of Functions note set out under section 902 of this title.

Subsec. (e). Pub. L. 98-426, §18(b), amended subsec. (e) generally. Prior to amendment, subsec. (e) read as follows: “Any employer who fails or refuses to send any report required of him by this section shall be subject to a civil penalty not to exceed \$500 for each such failure or refusal.”

1938—Subsec. (f). Act June 25, 1938, added subsec. (f).

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by Pub. L. 98-426 effective Sept. 28, 1984, see section 28(e)(1) of Pub. L. 98-426, set out as a note under section 901 of this title.

§ 931. Penalty for misrepresentation

(a) Felony; fine; imprisonment

(1) Any claimant or representative of a claimant who knowingly and willfully makes a false statement or representation for the purpose of obtaining a benefit or payment under this chapter shall be guilty of a felony, and on conviction thereof shall be punished by a fine not to exceed

\$10,000, by imprisonment not to exceed five years, or by both.

(2) The United States attorney for the district in which the injury is alleged to have occurred shall make every reasonable effort to promptly investigate each complaint made under this subsection.

(b) List of persons disqualified from representing claimants

(1) No representation fee of a claimant's representative shall be approved by the deputy commissioner, an administrative law judge, the Board, or a court pursuant to section 928 of this title, if the claimant's representative is on the list of individuals who are disqualified from representing claimants under this chapter maintained by the Secretary pursuant to paragraph (2) of this subsection.

(2)(A) The Secretary shall annually prepare a list of those individuals in each compensation district who have represented claimants for a fee in cases under this chapter and who are not authorized to represent claimants. The names of individuals contained on the list required under this subparagraph shall be made available to employees and employers in each compensation district through posting and in such other forms as the Secretary may prescribe.

(B) Individuals shall be included on the list of those not authorized to represent claimants under this chapter if the Secretary determines under this section, in accordance with the procedure provided in subsection (j) of section 907 of this title, that such individual—

(i) has been convicted (without regard to pending appeal) of any crime in connection with the representation of a claimant under this chapter or any workers' compensation statute;

(ii) has engaged in fraud in connection with the presentation of a claim under this or any workers' compensation statute, including, but not limited to, knowingly making false representations, concealing or attempting to conceal material facts with respect to a claim, or soliciting or otherwise procuring false testimony;

(iii) has been prohibited from representing claimants before any other workers' compensation agency for reasons of professional misconduct which are similar in nature to those which would be grounds for disqualification under this paragraph; or

(iv) has accepted fees for representing claimants under this chapter which were not approved, or which were in excess of the amount approved pursuant to section 928 of this title.

(C) Notwithstanding subparagraph (B), no individual who is on the list required to be maintained by the Secretary pursuant to this section shall be prohibited from presenting his or her own claim or from representing without fee, a claimant who is a spouse, mother, father, sister, brother, or child of such individual.

(D) A determination under subparagraph (A) shall remain in effect for a period of not less than three years and until the Secretary finds and gives notice to the public that there is reasonable assurance that the basis for the determination will not reoccur.

(3) No employee shall be liable to pay a representation fee to any representative whose fee has been disallowed by reason of the operation of this paragraph.

(4) The Secretary shall issue such rules and regulations as are necessary to carry out this section.

(c) False statements or representation to reduce, deny, or terminate benefits

A person including, but not limited to, an employer, his duly authorized agent, or an employee of an insurance carrier who knowingly and willfully makes a false statement or representation for the purpose of reducing, denying, or terminating benefits to an injured employee, or his dependents pursuant to section 909 of this title if the injury results in death, shall be punished by a fine not to exceed \$10,000, by imprisonment not to exceed five years, or by both.

(Mar. 4, 1927, ch. 509, § 31, 44 Stat. 1439; Pub. L. 98-426, § 19, Sept. 28, 1984, 98 Stat. 1650.)

Editorial Notes

AMENDMENTS

1984—Pub. L. 98-426 designated existing provisions as subsec. (a)(1), substituted “Any claimant or representative of a claimant who knowingly and willfully makes a false statement or representation for the purpose of obtaining a benefit or payment under this chapter shall be guilty of a felony, and on conviction thereof shall be punished by a fine not to exceed \$10,000, by imprisonment not to exceed five years, or by both” for “Any person who willfully makes any false or misleading statement or representation for the purpose of obtaining any benefit or payment under this chapter shall be guilty of a misdemeanor and on conviction thereof shall be punished by a fine of not to exceed \$1,000 or by imprisonment of not to exceed one year, or by both such fine and imprisonment”, and added subsecs. (a)(2), (b), and (c).

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by Pub. L. 98-426 effective Sept. 28, 1984, see section 28(e)(1) of Pub. L. 98-426, set out as a note under section 901 of this title.

§ 932. Security for compensation

(a) Every employer shall secure the payment of compensation under this chapter—

(1) By insuring and keeping insured the payment of such compensation with any stock company or mutual company or association, or with any other person or fund, while such person or fund is authorized (A) under the laws of the United States or of any State, to insure workmen's compensation, and (B) by the Secretary, to insure payment of compensation under this chapter; or

(2) By furnishing satisfactory proof to the Secretary of his financial ability to pay such compensation and receiving an authorization from the Secretary to pay such compensation directly. The Secretary may, as a condition to such authorization, require such employer to deposit in a depository designated by the Secretary either an indemnity bond or securities (at the option of the employer) of a kind and in an amount determined by the Secretary, based on the employer's financial condition,

the employer's previous record of payments, and other relevant factors, and subject to such conditions as the Secretary may prescribe, which shall include authorization to the Secretary in case of default to sell any such securities sufficient to pay compensation awards or to bring suit upon such bonds, to procure prompt payment of compensation under this chapter. Any employer securing compensation in accordance with the provisions of this paragraph shall be known as a self-insurer.

(b) In granting authorization to any carrier to insure payment of compensation under this chapter the Secretary may take into consideration the recommendation of any State authority having supervision over carriers or over workmen's compensation, and may authorize any carrier to insure the payment of compensation under this chapter in a limited territory. Any marine protection and indemnity mutual insurance corporation or association, authorized to write insurance against liability for loss or damage from personal injury and death, and for other losses and damages, incidental to or in respect of the ownership, operation, or chartering of vessels on a mutual assessment plan, shall be deemed a qualified carrier to insure compensation under this chapter. The Secretary may suspend or revoke any such authorization for good cause shown after a hearing at which the carrier shall be entitled to be heard in person or by counsel and to present evidence. No suspension or revocation shall affect the liability of any carrier already incurred.

(Mar. 4, 1927, ch. 509, § 32, 44 Stat. 1439; Pub. L. 98-426, §§ 20, 27(a)(2), Sept. 28, 1984, 98 Stat. 1652, 1654.)

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by Pub. L. 98-426 effective Sept. 28, 1984, see section 28(e)(1) of Pub. L. 98-426, set out as a note under section 901 of this title.

§ 933. Compensation for injuries where third persons are liable

(a) Election of remedies

If on account of a disability or death for which compensation is payable under this chapter the person entitled to such compensation determines that some person other than the employer or a person or persons in his employ is liable in damages, he need not elect whether to receive

such compensation or to recover damages against such third person.

(b) Acceptance of compensation operating as assignment

Acceptance of compensation under an award in a compensation order filed by the deputy commissioner, an administrative law judge, or the Board shall operate as an assignment to the employer of all rights of the person entitled to compensation to recover damages against such third person unless such person shall commence an action against such third person within six months after such acceptance. If the employer fails to commence an action against such third person within ninety days after the cause of action is assigned under this section, the right to bring such action shall revert to the person entitled to compensation. For the purpose of this subsection, the term "award" with respect to a compensation order means a formal order issued by the deputy commissioner, an administrative law judge, or Board.

(c) Payment into section 944 fund operating as assignment

The payment of such compensation into the fund established in section 944 of this title shall operate as an assignment to the employer of all right of the legal representative of the deceased (hereinafter referred to as "representative") to recover damages against such third person.

(d) Institution of proceedings or compromise by assignee

Such employer on account of such assignment may either institute proceedings for the recovery of such damages or may compromise with such third person either without or after instituting such proceeding.

(e) Recoveries by assignee

Any amount recovered by such employer on account of such assignment, whether or not as the result of a compromise, shall be distributed as follows:

(1) The employer shall retain an amount equal to—

(A) the expenses incurred by him in respect to such proceedings or compromise (including a reasonable attorney's fee as determined by the deputy commissioner or Board);

(B) the cost of all benefits actually furnished by him to the employee under section 907 of this title;

(C) all amounts paid as compensation;

(D) the present value of all amounts thereafter payable as compensation, such present value to be computed in accordance with a schedule prepared by the Secretary, and the present value of the cost of all benefits thereafter to be furnished under section 907 of this title, to be estimated by the deputy commissioner, and the amounts so computed and estimated to be retained by the employer as a trust fund to pay such compensation and the cost of such benefits as they become due, and to pay any sum finally remaining in excess thereof to the person entitled to compensation or to the representative; and

(2) The employer shall pay any excess to the person entitled to compensation or to the representative.

(f) Institution of proceedings by person entitled to compensation

If the person entitled to compensation institutes proceedings within the period prescribed in subsection (b) the employer shall be required to pay as compensation under this chapter a sum equal to the excess of the amount which the Secretary determines is payable on account of such injury or death over the net amount recovered against such third person. Such net amount shall be equal to the actual amount recovered less the expenses reasonably incurred by such person in respect to such proceedings (including reasonable attorneys' fees).

(g) Compromise obtained by person entitled to compensation

(1) If the person entitled to compensation (or the person's representative) enters into a settlement with a third person referred to in subsection (a) for an amount less than the compensation to which the person (or the person's representative) would be entitled under this chapter, the employer shall be liable for compensation as determined under subsection (f) only if written approval of the settlement is obtained from the employer and the employer's carrier, before the settlement is executed, and by the person entitled to compensation (or the person's representative). The approval shall be made on a form provided by the Secretary and shall be filed in the office of the deputy commissioner within thirty days after the settlement is entered into.

(2) If no written approval of the settlement is obtained and filed as required by paragraph (1), or if the employee fails to notify the employer of any settlement obtained from or judgment rendered against a third person, all rights to compensation and medical benefits under this chapter shall be terminated, regardless of whether the employer or the employer's insurer has made payments or acknowledged entitlement to benefits under this chapter.

(3) Any payments by the special fund established under section 944 of this title shall be a lien upon the proceeds of any settlement obtained from or judgment rendered against a third person referred to under subsection (a). Notwithstanding any other provision of law, such lien shall be enforceable against such proceeds, regardless of whether the Secretary on behalf of the special fund has agreed to or has received actual notice of the settlement or judgment.

(4) Any payments by a trust fund described in section 917 of this title shall be a lien upon the proceeds of any settlement obtained from or judgment recorded against a third person referred to under subsection (a). Such lien shall have priority over a lien under paragraph (3) of this subsection.

(h) Subrogation

Where the employer is insured and the insurance carrier has assumed the payment of the compensation, the insurance carrier shall be subrogated to all the rights of the employer under this section.

(i) Right to compensation as exclusive remedy

The right to compensation or benefits under this chapter shall be the exclusive remedy to an employee when he is injured, or to his eligible survivors or legal representatives if he is killed, by the negligence or wrong of any other person or persons in the same employ: *Provided*, That this provision shall not affect the liability of a person other than an officer or employee of the employer.

Editorial Notes**AMENDMENTS**

1984—Subsec. (b). Pub. L. 98-426, §21(a), substituted “Acceptance of compensation under an award in a compensation order filed by the deputy commissioner, an administrative law judge, or the Board shall operate as an assignment to the employer of all rights of the person entitled to compensation to recover damages against such third person unless such person shall commence an action against such third person within six months after such acceptance” for “Acceptance of such compensation under an award in a compensation order filed by the deputy commissioner or Board shall operate as an assignment to the employer of all right of the person entitled to compensation to recover damages against such third person unless such person shall commence an action against such third person within six months after such award” and inserted at end “If the employer fails to commence an action against such third person within ninety days after the cause of action is assigned under this section, the right to bring such action shall revert to the person entitled to compensation. For the purpose of this subsection, the term ‘award’ with respect to a compensation order means a formal order issued by the deputy commissioner, an administrative law judge, or Board.”

Subsec. (e)(2). Pub. L. 98-426, §21(b), struck out “, less one-fifth of such excess which shall belong to the employer” after “or to the representative”.

Subsec. (f). Pub. L. 98-426, §21(c)(1), inserted “net” before “amount recovered”.

Pub. L. 98-426, §21(c)(2), inserted at end “Such net amount shall be equal to the actual amount recovered less the expenses reasonably incurred by such person in respect to such proceedings (including reasonable attorneys’ fees).”

Subsec. (g). Pub. L. 98-426, §21(d), designated existing provisions as par. (1), substituted “If the person entitled to compensation (or the person’s representative) enters into a settlement with a third person referred to in subsection (a) for an amount less than the compensation to which the person (or the person’s representative) would be entitled under this chapter, the employer shall be liable for compensation as determined under subsection (f) only if written approval of the settlement is obtained from the employer and the employer’s carrier, before the settlement is executed, and by the person entitled to compensation (or the person’s representative)” for “If compromise with such third person is made by the person entitled to compensation or such representative of an amount less than the compensation to which such person or representative would be entitled to under this chapter the employer shall be liable for compensation as determined in subsection (f) only if the written approval of such compromise is obtained from the employer and its insurance carrier by the person entitled to compensation or such representative at the time of or prior to such compromise on a form provided by the Secretary and filed in the office of the deputy commissioner having jurisdiction of such

injury or death within thirty days after such compromise is made”, inserted at end “The approval shall be made on a form provided by the Secretary and shall be filed in the office of the deputy commissioner within thirty days after the settlement is entered into.”, and added pars. (2) to (4).

1972—Subsecs. (b), (e)(1)(A). Pub. L. 92-576, §15(f), (g), inserted “or Board” after “deputy commissioner”.

Subsec. (g). Pub. L. 92-576, §15(h), substituted “if the written approval of such compromise is obtained from the employer and its insurance carrier by the person entitled to compensation or such representative at the time of or prior to such compromise on a form provided by the Secretary and filed in the office of the deputy commissioner having jurisdiction of such injury or death within thirty days after such compromise is made” for “if such compromise is made with his written approval”.

1959—Subsec. (a). Pub. L. 86-171 inserted “or a person or persons in his employ” after “employer” and substituted “he need not elect whether” for “he may elect, by giving notice to the deputy commissioner in such manner as the Secretary may provide.”

Subsec. (b). Pub. L. 86-171 inserted “unless such person shall commence an action against such third person within six months after such award”.

Subsec. (c). Pub. L. 86-171 struck out “, whether or not the representative has notified the deputy commissioner of his election” after “third person”.

Subsec. (d). Pub. L. 86-171 reenacted subsec. (d) without change.

Subsec. (e). Pub. L. 86-171 substituted “Secretary” for “Commission” in par. (1)(D) and inserted in par. (2) “less one-fifth of such excess which shall belong to the employer”.

Subsec. (f). Pub. L. 86-171 struck out “or the representative elects to recover damages against such third person and notifies the Secretary of his election and” before “institutes” and substituted “subsection (b)” for “section 913 of this title” and “Secretary” for “Commission”.

Subsec. (g). Pub. L. 86-171 corrected reference to “subsection (e)” to read “subsection (f)”.

Subsecs. (h), (i). Pub. L. 86-171 redesignated subsec. (i) as (h) and struck out former subsec. (h) that permitted the deputy commissioner to make an election for a minor or to authorize the parent or guardian to make the election.

1938—Subsec. (b). Act June 25, 1938, §12, inserted “under an award in a compensation order filed by the deputy commissioner” and struck out “, whether or not the person entitled to compensation has notified the deputy commissioner of his election” at end of sentence.

Subsec. (e). Act June 25, 1938, §12, redesignated par. (1)(C) as par. (1)(C) and (D) and included in said par. (1)(D) the present value of the cost of benefits furnished.

Subsec. (i). Act June 25, 1938, §13, added subsec. (i).

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by Pub. L. 98-426 effective Sept. 28, 1984, see section 28(e)(1) of Pub. L. 98-426, set out as a note under section 901 of this title.

§ 935. Substitution of carrier for employer

In any case where the employer is not a self-insurer, in order that the liability for compensation imposed by this chapter may be most effectively discharged by the employer, and in order that the administration of this chapter in respect of such liability may be facilitated, the Secretary shall by regulation provide for the discharge, by the carrier for such employer, of such obligations and duties of the employer in respect to such liability, imposed by this chapter upon the employer, as it considers proper in order to effectuate the provisions of this chapter. For such purposes (1) notice to or knowledge of an employer of the occurrence of the injury shall be notice to or knowledge of the carrier, (2) jurisdiction of the employer by a deputy commissioner, the Board, or the Secretary, or any court under this chapter shall be jurisdiction of the carrier, and (3) any requirement by a deputy commissioner, the Board, or the Secretary, or any court under any compensation order, finding, or decision shall be binding upon the carrier in the same manner and to the same extent as upon the employer.

Amendment by Pub. L. 98-426 effective Sept. 28, 1984, see section 28(e)(1) of Pub. L. 98-426, set out as a note under section 901 of this title.

EFFECTIVE DATE OF 1972 AMENDMENT

Amendment by Pub. L. 92-576 effective 30 days after Oct. 27, 1972, see section 22 of Pub. L. 92-576, set out as a note under section 902 of this title.

§ 936. Insurance policies

(a) Every policy or contract of insurance issued under authority of this chapter shall contain (1) a provision to carry out the provisions of section 935 of this title, and (2) a provision that insolvency or bankruptcy of the employer and/or discharge therein shall not relieve the carrier from payment of compensation for disability or death sustained by an employee during the life of such policy or contract.

(b) No contract or policy of insurance issued by a carrier under this chapter shall be canceled prior to the date specified in such contract or policy for its expiration until at least thirty days have elapsed after a notice of cancellation has been sent to the deputy commissioner and to the employer in accordance with the provisions of subsection (c) of section 912 of this title.

(Mar. 4, 1927, ch. 509, §36, 44 Stat. 1441.)

§ 937. Certificate of compliance with chapter

No stevedoring firm shall be employed in any compensation district by a vessel or by hull owners until it presents to such vessel or hull owners a certificate issued by a deputy commissioner assigned to such district that it has complied with the provisions of this chapter requiring the securing of compensation to its employees. Any person violating the provisions of this section shall be punished by a fine of not more than \$1,000, or by imprisonment for not more than one year, or by both such fine and imprisonment.

(Mar. 4, 1927, ch. 509, §37, 44 Stat. 1442.)

§ 938. Penalties

(a) Failure to secure payment of compensation

Any employer required to secure the payment of compensation under this chapter who fails to secure such compensation shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than \$10,000, or by imprisonment for not more than one year, or by both such fine and imprisonment; and in any case where such employer is a corporation, the president, secretary, and treasurer thereof shall be also severally liable to such fine or imprisonment as herein provided for the failure of such corporation to secure the payment of compensation; and such president, secretary, and treasurer shall be severally personally liable, jointly with such corporation, for any compensation or other benefit which may accrue under the said chapter in respect to any injury which may occur to any employee of such corporation while it shall so fail to secure the payment of compensation as required by section 932 of this title.

(b) Avoiding payment of compensation

Any employer who knowingly transfers, sells, encumbers, assigns, or in any manner disposes of, conceals, secretes, or destroys any property belonging to such employer, after one of his employees has been injured within the purview of

this chapter, and with intent to avoid the payment of compensation under this chapter to such employee or his dependents, shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than \$10,000, or by imprisonment for not more than one year, or by both such fine and imprisonment; and in any case where such employer is a corporation, the president, secretary, and treasurer thereof shall be also severally liable to such penalty of imprisonment as well as jointly liable with such corporation for such fine.

(c) Effect on other liability of employer

This section shall not affect any other liability of the employer under this chapter.

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by Pub. L. 98-426 effective Sept. 28, 1984, see section 28(e)(1) of Pub. L. 98-426, set out as a note under section 901 of this title.

§ 939. Administration by Secretary

(a) Prescribing rules and regulations; appointing and fixing compensation of employees; making expenditures

Except as otherwise specifically provided, the Secretary shall administer the provisions of this chapter, and for such purpose the Secretary is authorized (1) to make such rules and regulations; (2) to appoint and fix the compensation of such temporary technical assistants and medical advisers, and, subject to the provisions of the civil service laws, to appoint, and, in accordance with chapter 51 and subchapter III of chapter 53 of title 5, to fix the compensation of such deputy commissioners (except deputy commissioners appointed under subsection (a) of section 940 of this title) and other officers and employees; and (3) to make such expenditures (including expenditures for personal services and rent at the seat of government and elsewhere, for law books, books of reference, periodicals, and for printing and binding) as may be necessary in the administration of this chapter. All expenditures of the Secretary in the administration of this chapter shall be allowed and paid as provided in section 945¹ of this title upon the presentation of itemized vouchers therefor approved by the Secretary.

(b) Establishing compensation districts

The Secretary shall establish compensation districts, to include the high seas and the areas

within the United States to which this chapter applies, and shall assign to each such district one or more deputy commissioners, as the Secretary deems advisable. Judicial proceedings under sections 918 and 921 of this title in respect of any injury or death occurring on the high seas shall be instituted in the district court within whose territorial jurisdiction is located the office of the deputy commissioner having jurisdiction in respect of such injury or death (or in the United States District Court for the District of Columbia if such office is located in such District).

(c) Furnishing information and assistance; directing vocational rehabilitation

(1) The Secretary shall, upon request, provide persons covered by this chapter with information and assistance relating to the chapter's coverage and compensation and the procedures for obtaining such compensation and including assistance in processing a claim. The Secretary may, upon request, provide persons covered by this chapter with legal assistance in processing a claim. The Secretary shall also provide employees receiving compensation information on medical, manpower, and vocational rehabilitation services and assist such employees in obtaining the best such services available.

(2) The Secretary shall direct the vocational rehabilitation of permanently disabled employees and shall arrange with the appropriate public or private agencies in States or Territories, possessions, or the District of Columbia for such rehabilitation. The Secretary may in his discretion furnish such prosthetic appliances or other apparatus made necessary by an injury upon which an award has been made under this chapter to render a disabled employee fit to engage in a remunerative occupation. Where necessary rehabilitation services are not available otherwise, the Secretary of Labor may, in his discretion, use the fund provided for in section 944 of this title in such amounts as may be necessary to procure such services, including necessary prosthetic appliance or other apparatus. This fund shall also be available in such amounts as may be authorized in annual appropriations for the Department of Labor for the costs of administering this subsection.

REFERENCES IN TEXT

Section 945 of this title, referred to in subsec. (a), was repealed by Pub. L. 98-426, § 25, Sept. 28, 1984, 98 Stat. 1654. See section 944 of this title.

CODIFICATION

In subsec. (a) “chapter 51 and subchapter III of chapter 53 of title 5” substituted for “the Classification Act of 1949, as amended” on authority of Pub. L. 89-554, § 7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees.

¹ See References in Text note below.

As originally enacted, subsec. (b) contained a reference to the Supreme Court of the District of Columbia. Act June 25, 1936, substituted "the district court of the United States for the District of Columbia" for "the Supreme Court of the District of Columbia", and act June 25, 1948, as amended by act May 24, 1949, substituted "United States District Court for the District of Columbia" for "district court of the United States for the District of Columbia".

Former second sentence of subsec. (c), providing that the Federal Board for Vocational Education should cooperate with the Employees' Compensation Commission in such educational work has been omitted. The functions of the Board were transferred to the Department of the Interior by Ex. Ord. No. 6166, §15, June 10, 1933, and then to the Federal Security Agency by Reorg. Plan No. 1 of 1939, §§201, 204, eff. July 1, 1939, 4 F.R. 2728, 53 Stat. 1424. The Commission was abolished and its functions transferred to the Federal Security Administrator and the Federal Board for Vocational Education was abolished by Reorg. Plan No. 2 of 1946, former sections 3 and 8, respectively, set out in the Appendix to Title 5, Government Organization and Employees.

AMENDMENTS

1984—Subsec. (a). Pub. L. 98-426, §27(c), substituted "Secretary" for "United States Employees' Compensation Commission". See Transfer of Functions note set out under section 902 of this title.

Subsecs. (b), (c)(2). Pub. L. 98-426, §27(a)(2), substituted "Secretary" for "commission". See Transfer of Functions note set out under section 902 of this title.

1972—Subsec. (c). Pub. L. 92-576 added par. (1) and redesignated existing provisions as par. (2).

1956—Subsec. (c). Act July 26, 1956, substituted "rehabilitation" for "education" at end of first sentence, and substituted last two sentences, relating to use of special fund where necessary rehabilitation services are not available, and availability of fund in amounts authorized annually for the Department of Labor for former sentence which provided that "If any surplus is left in any fiscal year in the fund provided for in section 944 of this title, such surplus may be used in subsequent fiscal years for the purposes of administration and investigation."

1949—Subsec. (a). Act Oct. 28, 1949, substituted "Classification Act of 1949" for "Classification Act of 1923".

EFFECTIVE DATE OF 1972 AMENDMENT

Amendment by Pub. L. 92-576 effective 30 days after Oct. 27, 1972, see section 22 of Pub. L. 92-576, set out as a note under section 902 of this title.

REPEALS

Act Oct. 28, 1949, ch. 782, cited as a credit to this section, was repealed (subject to a savings clause) by Pub. L. 89-554, Sept. 6, 1966, §8, 80 Stat. 632, 655.

§ 940. Deputy commissioners

(a) Appointment; use of personnel and facilities of boards, commissions, or other agencies; expenses and salaries

The Secretary may appoint as deputy commissioners any member of any board, commission, or other agency of a State to act as deputy commissioner for any compensation district or part thereof in such State, and may make arrangements with such board, commission, or other

agency for the use of the personnel and facilities thereof in the administration of this chapter. The Secretary may make such arrangements as may be deemed advisable by him for the payment of expenses of such board, commission, or other agency, incurred in the administration of this chapter pursuant to this section, and for the payment of salaries to such board, commission, or other agency, or the members thereof, and may pay any amounts agreed upon to the proper officers of the State, upon vouchers approved by the Secretary.

(b) Appointment in Territories and District of Columbia; compensation

In any Territory of the United States or in the District of Columbia a person holding an office under the United States may be appointed deputy commissioner and for services rendered as deputy commissioner may be paid compensation, in addition to that he is receiving from the United States, in an amount fixed by the Secretary in accordance with chapter 51 and subchapter III of chapter 53 of title 5.

(c) Transfers to other districts; temporary details

Deputy commissioners (except deputy commissioners appointed under subsection (a) of this section) may be transferred from one compensation district to another and may be temporarily detailed from one compensation district for service in another in the discretion of the Secretary.

(d) Maintaining offices

Each deputy commissioner shall maintain and keep open during reasonable business hours an office, at a place designated by the Secretary, for the transaction of business under this chapter, at which office he shall keep his official records and papers. Such office shall be furnished and equipped by the Secretary, who shall also furnish the deputy commissioner with all necessary clerical and other assistants, records, books, blanks, and supplies. Wherever practicable such office shall be located in a building owned or leased by the United States; otherwise the Secretary shall rent suitable quarters.

(e) Records and papers

If any deputy commissioner is removed from office, or for any reason ceases to act as such deputy commissioner, all of his official records and papers and office equipment shall be transferred to his successor in office or, if there be no successor, then to the Secretary or to a deputy commissioner designated by the Secretary.

(f) Conflict of interest

Neither a deputy commissioner or Board member nor any business associate of a deputy commissioner or Board member shall appear as attorney in any proceeding under this chapter, and no deputy commissioner or Board member shall act in any such case in which he is interested, or when he is employed by any party in interest or related to any party in interest by consanguinity or affinity within the third degree, as determined by the common law.

Act Oct. 28, 1949, ch. 782, cited as a credit to this section, was repealed (subject to a savings clause) by Pub. L. 89-554, Sept. 6, 1966, §8, 80 Stat. 632, 655.

TRANSFER OF FUNCTIONS

For transfer of functions to the Secretary of Labor, see note set out under section 902 of this title.

§ 941. Safety rules and regulations**(a) Safe place of employment; installation of safety devices and safeguards**

Every employer shall furnish and maintain employment and places of employment which shall be reasonably safe for his employees in all employments covered by this chapter and shall install, furnish, maintain, and use such devices and safeguards with particular reference to equipment used by and working conditions established by such employers as the Secretary may determine by regulation or order to be reasonably necessary to protect the life, health, and safety of such employees, and to render safe such employment and places of employment, and to prevent injury to his employees. However, the Secretary may not make determinations by regulation or order under this section as to matters within the scope of title 52 of the Revised Statutes and Acts supplementary or amendatory thereto, the Act of June 15, 1917 (ch. 30, 40 Stat. 220), as amended, or section 1333(e) of title 43.

(b) Studies and investigations by Secretary

The Secretary, in enforcing and administering the provisions of this section, is authorized in addition to such other powers and duties as are conferred upon him—

(1) to make studies and investigations with respect to safety provisions and the causes and prevention of injuries in employments covered by this chapter, and in making such studies

and investigations to cooperate with any agency of the United States or with any State agency engaged in similar work;

(2) to utilize the services of any agency of the United States or any State agency engaged in similar work (with the consent of such agency) in connection with the administration of this section;

(3) to promote uniformity in safety standards in employments covered by this chapter through cooperative action with any agency of the United States or with any State agency engaged in similar work;

(4) to provide for the establishment and supervision of programs for the education and training of employers and employees in the recognition, avoidance, and prevention of unsafe working conditions in employments covered by this chapter, and to consult with and advise employers as to the best means of preventing injuries;

(5) to hold such hearings, issue such orders, and make such decisions, based upon findings of fact, as are deemed to be necessary to enforce the provisions of this section, and for such purposes the Secretary and the district courts shall have the authority and jurisdiction provided by subsections (b) to (f) of section 6507 of title 41 and the Secretary shall be represented in any court proceedings as provided in section 921a of this title.

(c) Inspection of places and practices of employment

The Secretary or his authorized representative may inspect such places of employment, question such employees, and investigate such conditions, practices, or matters in connection with employment subject to this chapter, as he may deem appropriate to determine whether any person has violated any provision of this section, or any rule or regulation issued thereunder, or which may aid in the enforcement of the provisions of this section. No employer or other person shall refuse to admit the Secretary or his authorized representatives to any such place or shall refuse to permit any such inspection.

(d) Requests for advice; variations from safety rules and regulations

Any employer may request the advice of the Secretary or his authorized representative, in complying with the requirements of any rule or regulation adopted to carry out the provisions of this section. In case of practical difficulties or unnecessary hardships, the Secretary in his discretion may grant variations from any such rule or regulation, or particular provisions thereof, and permit the use of other or different devices if he finds that the purpose of the rule or regulation will be observed by the variation and the safety of employees will be equally secured thereby. Any person affected by such rule or regulation, or his agent, may request the Secretary to grant such variation, stating in writing the grounds on which his request is based. Any authorization by the Secretary of a variation shall be in writing, shall describe the conditions under which the variation shall be permitted, and shall be published as provided in section 552 of title 5. A properly indexed record of all variations shall be kept in the office of the Secretary and open to public inspection.

(e) Jurisdiction to restrain violations

The United States district courts shall have jurisdiction for cause shown, in any action brought by the Secretary, represented as provided in section 921a of this title, to restrain violations of this section or of any rule, regulation, or order of the Secretary adopted to carry out the provisions of this section.

(f) Violations and penalties

Any employer who, willfully, violates or fails or refuses to comply with the provisions of subsection (a) of this section, or with any lawful rule, regulation, or order adopted to carry out the provisions of this section, and any employer or other person who willfully interferes with, hinders, or delays the Secretary or his authorized representative in carrying out his duties under subsection (c) of this section by refusing to admit the Secretary or his authorized representative to any place, or to permit the inspection or examination of any employment or place of employment, or who willfully hinders or delays the Secretary or his authorized representative in the performance of his duties in the enforcement of this section, shall be guilty of an offense, and, upon conviction thereof, shall be punished for each offense by a fine of not less than \$100 nor more than \$3,000; and in any case where such employer is a corporation, the officer who willfully permits any such violation to occur shall be guilty of an offense, and, upon conviction thereof, shall be punished also for each offense by a fine of not less than \$100 nor more than \$3,000. The liability hereunder shall not affect any other liability of the employer under this chapter.

(g) Inapplicability to certain employments

(1) The provisions of this section shall not apply in the case of any employment relating to the operations for the exploration, production, or transportation by pipeline of mineral resources upon the navigable waters of the United States, nor under the authority of the Act of August 7, 1953 (ch. 345, 67 Stat. 462) [43 U.S.C. 1331 et seq.], nor in the case of any employment in connection with lands (except filled in, made or reclaimed lands) beneath the navigable waters as defined in the Act of May 22, 1953 (ch. 65, 67 Stat. 29) [43 U.S.C. 1301 et seq.], nor in the case of any employment for which compensation in case of disability or death is provided for employees under the authority of the Act of May 17, 1928 (ch. 612, 45 Stat. 600), as amended, nor under the authority of the Act of August 16, 1941 (ch. 357, 55 Stat. 622), as amended [42 U.S.C. 1651 et seq.].

(2) The provisions of this section, with the exception of paragraph (1) of subsection (b), shall not be applied under the authority of subchapter I of chapter 81 of title 5.

CODIFICATION

In subsec. (b)(5), "subsections (b) to (f) of section 6507 of title 41" substituted for "section 5 of the Act of June 30, 1936 (ch. 881, 49 Stat. 2036), as amended," on authority of Pub. L. 111-350, §6(c), Jan. 4, 2011, 124 Stat. 3854, which Act enacted Title 41, Public Contracts.

In subsec. (d) "section 552 of title 5" substituted for "section 3 of the Administrative Procedure Act (ch. 324, 60 Stat. 237), as amended", and in subsec. (g)(2) "subchapter I of chapter 81 of title 5" substituted for "the Act of September 7, 1916 (ch. 458, 39 Stat. 742), as amended", on authority of Pub. L. 89-554, §7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees. Said section 3 of the Administrative Procedure Act had been classified to section 1002 of former Title 5, Executive Departments and Government Officers and Employees. Said act of Sept. 7, 1916, was known as the "Federal Employees' Compensation Act" and had been classified to section 751 et seq. of former Title 5.

As originally enacted, subsec. (e) contained the phrase "together with the District Court for the Territory of Alaska," following "the United States district courts". The phrase has been deleted as superfluous in view of Pub. L. 85-508, July 7, 1958, 72 Stat. 339 (set out as a note preceding section 21 of Title 48, Territories and Insular Possessions) which admitted Alaska into the union and enacted section 81A of Title 28, Judiciary and Judicial Procedure, constituting Alaska as one judicial district and in view of section 132 of Title 28 which provides that: "There shall be in each judicial district a district court which shall be a court of record known as the United States District Court for the district."

AMENDMENTS

1982—Subsec. (b)(1). Pub. L. 97-375 struck out "and from time to time make to Congress such recommendations as he may deem proper as to the best means of preventing such injuries" after "by this chapter".

1958—Pub. L. 85-742 amended section generally and, among other changes, empowered the Secretary of

Labor to prescribe, by regulation or order, safety rules for the furnishing and maintenance of safe places of employment and for the installation, furnishing and maintenance of safety devices and safeguards, authorized the Secretary to provide for the establishment and supervision of safety programs, permitted the inspection of places of employment and investigation of employment conditions and practices, granted jurisdiction to the district courts to restrain violations of this section or of any rules, regulations or orders of the Secretary, and to prescribe penalties for violations.

Statutory Notes and Related Subsidiaries

“SECRETARY” DEFINED

Pub. L. 85-742, § 2, Aug. 23, 1958, 72 Stat. 837, provided that: “The term ‘Secretary’ as used in this Act and in amendments made by this Act [to this section] means the Secretary of Labor.”

§ 942. Annual report

The Secretary shall make to Congress at the end of each fiscal year,¹ a report of the administration of this chapter for the preceding fiscal year, including a detailed statement of receipts of and expenditures from the fund established in section 944 of this title, together with such recommendations as the Secretary deems advisable. Such report shall include the annual report required under section 936(b) of title 30 and shall be identified as the Annual Report of the Office of Workers’ Compensation Programs.

(Mar. 4, 1927, ch. 509, § 42, as added Pub. L. 98-426, § 23, Sept. 28, 1984, 98 Stat. 1653; amended Pub. L. 104-66, title I, § 1102(b)(1), Dec. 21, 1995, 109 Stat. 722.)

EFFECTIVE DATE

Section effective Sept. 28, 1984, see section 28(e)(1) of Pub. L. 98-426, set out as an Effective Date of 1984 Amendment note under section 901 of this title.

§ 943. Repealed. Pub. L. 89-348, § 1(15), Nov. 8, 1965, 79 Stat. 1311

Section, act Mar. 4, 1927, ch. 509, § 43, 44 Stat. 1444, required Secretary to make a report to Congress at beginning of each regular session of the administration of this chapter for preceding fiscal year, including a detailed statement of receipts of and expenditures from funds established in sections 944 and 945 of this title.

¹ So in original. The comma probably should not appear.

§ 944. Special fund

(a) Establishment; administration; custody, trust

There is established in the Treasury of the United States a special fund. Such fund shall be administered by the Secretary. The Treasurer of the United States shall be the custodian of such fund, and all moneys and securities in such fund shall be held in trust by such Treasurer and shall not be money or property of the United States.

(b) Disbursements; bond of custodian

The Treasurer is authorized to disburse moneys from such fund only upon order of the Secretary. He shall be required to give bond in an amount to be fixed and with securities to be approved by the Secretary of the Treasury and the Comptroller General of the United States conditioned upon the faithful performance of his duty as custodian of such fund.

(c) Payments into fund

Payments into such fund shall be made as follows:

(1) Whenever the Secretary determines that there is no person entitled under this chapter to compensation for the death of an employee which would otherwise be compensable under this chapter, the appropriate employer shall pay \$5,000 as compensation for the death of such an employee.

(2) At the beginning of each calendar year the Secretary shall estimate the probable expenses of the fund during that calendar year and the amount of payments required (and the schedule therefor) to maintain adequate reserves in the fund. Each carrier and self-insurer shall make payments into the fund on a prorated assessment by the Secretary determined by—

(A) computing the ratio (expressed as a percent) of (i) the carrier’s or self-insured’s workers’ compensation payments under this chapter during the preceding calendar year, to (ii) the total of such payments by all carriers and self-insureds under this chapter during such year;

(B) computing the ratio (expressed as a percent) of (i) the payments under section 908(f) of this title during the preceding calendar year which are attributable to the carrier or self-insured, to (ii) the total of such payments during such year attributable to all carriers and self-insureds;

(C) dividing the sum of the percentages computed under subparagraphs (A) and (B) for the carrier or self-insured by two; and

(D) multiplying the percent computed under subparagraph (C) by such probable expenses of the fund (as determined under the first sentence of this paragraph).

(3) All amounts collected as fines and penalties under the provisions of this chapter shall be paid into such fund.

(d) Investigations; records, availability; record-keeping; provisions of sections 49 and 50 of title 15 applicable to Secretary

(1) For the purpose of making rules, regulations, and determinations under this section under and for providing enforcement thereof,

the Secretary may investigate and gather appropriate data from each carrier and self-insurer. For that purpose, the Secretary may enter and inspect such places and records (and make such transcriptions thereof), question such employees, and investigate such facts, conditions, practices, or matters as he may deem necessary or appropriate.

(2) Each carrier and self-insurer shall make, keep, and preserve such records, and make such reports and provide such additional information, as prescribed by regulation or order of the Secretary, as the Secretary deems necessary or appropriate to carry out his responsibilities under this section.

(3) For the purpose of any hearing or investigation related to determinations or the enforcement of the provisions of this section, the provisions of sections 49 and 50 of title 15 (relating to the attendance of witnesses and the production of books, papers, and documents) are hereby made applicable to the jurisdiction, powers, and duties of the Secretary of Labor.

(e) Depositories; investments

The Treasurer of the United States shall deposit any moneys paid into such fund into such depository banks as the Secretary may designate and may invest any portion of the funds which, in the opinion of the Secretary, is not needed for current requirements, in bonds or notes of the United States or of any Federal land bank.

(f) Limitation of liability

Neither the United States nor the Secretary shall be liable in respect of payments authorized under section 908 of this title in an amount greater than the money or property deposited in or belonging to such fund.

(g) Audit by Comptroller General; finality of payment determinations; credits of disbursing officers

The Comptroller General of the United States shall audit the account for such fund, but the action of the Secretary in making payments from such fund shall be final and not subject to review, and the Comptroller General is authorized and directed to allow credit in the accounts of any disbursing officer of the Secretary for payments made from such fund authorized by the Secretary.

(h) Civil actions for civil penalties and unpaid assessments

All civil penalties and unpaid assessments provided for in this chapter shall be collected by civil suit brought by the Secretary.

(i) Proceeds available for certain payments

The proceeds of this fund shall be available for payments:

(1) Pursuant to sections¹ 910 of this title with respect to certain initial and subsequent annual adjustments in compensation for total permanent disability or death.

(2) Under section 908(f) and (g), under section 918(b), and under section 939(c) of this title.

(3) To repay the sums deposited in the fund pursuant to subsection (d).

(4) To defray the expense of making examinations as provided in section 907(e) of this title.

(j) Audit to Congress

The fund shall be audited annually and the results of such audit shall be included in the annual report required by section 942 of this title.

(Mar. 4, 1927, ch. 509, §44, 44 Stat. 1444; July 26, 1956, ch. 735, §8, 70 Stat. 656; Pub. L. 92-576, §8, Oct. 27, 1972, 86 Stat. 1256; Pub. L. 98-426, §§24, 27(a)(2), Sept. 28, 1984, 98 Stat. 1653, 1654.)

AMENDMENTS

1984—Subsecs. (a), (b). Pub. L. 98-426, §27(a)(2), substituted “Secretary” for “commission”. See Transfer of Functions note set out under section 902 of this title.

Subsec. (c)(2). Pub. L. 98-426, §24(a), substituted provisions requiring that, at the beginning of each calendar year the Secretary estimate the probable expenses of the fund during that calendar year and the amount of payments required (and the schedule therefor) to maintain adequate reserves in the fund and that each carrier and self-insurer make payments into the fund on a prorated assessment by the Secretary determined by (A) computing the ratio (expressed as a percent) of (i) the carrier’s or self-insured’s workers’ compensation payments under this chapter during the preceding calendar year, to (ii) the total of such payments by all carriers and self-insureds under this chapter during such year; (B) computing the ratio (expressed as a percent) of (i) the payments under section 908(f) of this title during the preceding calendar year which are attributable to the carrier or self-insured, to (ii) the total of such payments during such year attributable to all carriers and self-insureds; (C) dividing the sum of the percentages computed under (A) and (B) for the carrier or self-insured by two; and (D) multiplying the percent computed under (C) by such probable expenses of the fund (as determined under the first sentence of this paragraph) for provisions which had formerly required that at the beginning of each calendar year the Secretary estimate the probable expenses of the fund during that calendar year and each carrier or self-insurer make payments into the fund on a prorated assessment by the Secretary in the proportion that the total compensation and medical payments made on risks covered by this chapter by each carrier and self-insurer bore to the total of such payments made by all carriers and self-insurers under the chapter in the prior calendar year in accordance with a formula and schedule to be determined from time to time by the Secretary to maintain adequate reserves in the fund.

Subsec. (e). Pub. L. 98-426, §24(b), redesignated subsec. (f) as (e). Former subsec. (e), which authorized the appropriation to the Secretary of the sum of \$2,000,000 which the Secretary was required to deposit into the fund and directed that, upon deposit in the fund such moneys would be treated as the property of such fund, that the sum, without additional payments for interest, would be repaid from the money or property belonging to the fund on a schedule of repayment set by the Secretary, that full repayment had to be made no later than five years from the date of deposit into the fund, and that each such repayment, as made, would be covered into the Treasury of the United States as miscellaneous receipts, was struck out.

Pub. L. 98-426, §27(a)(2), substituted “Secretary” for “commission”. See Transfer of Functions note set out under section 902 of this title.

Subsec. (f). Pub. L. 98-426, §24(b), redesignated subsec. (g) as (f). Former subsec. (f) redesignated (e).

Pub. L. 98-426, §27(a)(2), substituted “Secretary” for “commission”. See Transfer of Functions note set out under section 902 of this title.

Subsec. (g). Pub. L. 98-426, §24(b), redesignated subsec. (h) as (g). Former subsec. (g) redesignated (f).

¹ So in original. Probably should be “section”.

Pub. L. 98-426, §27(a)(2), substituted "Secretary" for "commission". See Transfer of Functions note set out under section 902 of this title.

Subsec. (h). Pub. L. 98-426, §24(b), redesignated subsec. (i) as (h). Former subsec. (h) redesignated (g).

Pub. L. 98-426, §24(c), inserted "and unpaid assessments" after "civil penalties".

Pub. L. 98-426, §27(a)(2), substituted "Secretary" for "commission". See Transfer of Functions note set out under section 902 of this title.

Subsec. (i). Pub. L. 98-426, §24(b), redesignated subsec. (j) as (i). Former subsec. (i) redesignated (h).

Subsec. (i)(1). Pub. L. 98-426, §24(d)(1), struck out "and 911" after "sections 910", inserted "certain" before "initial", and struck out "which occurred prior to the effective date of this subsection" after "disability or death".

Subsec. (i)(4). Pub. L. 98-426, §24(d)(2), inserted "(e)" after "section 907".

Subsec. (j). Pub. L. 98-426, §24(b), redesignated (k) as (j). Former subsec. (j) redesignated (i).

Pub. L. 98-426, §24(e), substituted "The fund shall be audited annually and the results of such audit shall be included in the annual report required by section 942 of this title" for "At the close of each fiscal year the Secretary shall submit to the Congress a complete audit of the fund".

Subsec. (k). Pub. L. 98-426, §24(b), redesignated subsec. (k) as (j).

1972—Subsec. (a). Pub. L. 92-576, §8(a), substituted "special fund" for "special fund for the purpose of making payments in accordance with the provisions of subsections (f) and (g) of section 908, of subsection (b) of section 918, and of subsection (c) of section 939 of this title".

Subsec. (c)(1). Pub. L. 92-576, §8(b), increased compensation payment for death to \$5,000 from \$1,000; inserted provision for compensation which would otherwise be compensable under this chapter; deleted second sentence, less two provisos, now incorporated in subsec. (j)(2) of this section; deleted first such proviso for priority of payments authorized by subsec. (f) over other payments authorized from the fund; and deleted second such proviso, now incorporated in subsec. (k) of this section.

Subsec. (c)(2), (3). Pub. L. 92-576, §8(b), added par. (2) and redesignated former par. (2) as (3).

Subsec. (d). Pub. L. 92-576, §8(b), added subsec. (d). Former subsec. (d) redesignated (f).

Subsec. (e). Pub. L. 92-576, §8(b), added subsec. (e). Former subsec. (e) redesignated (g).

Subsecs. (f) to (i). Pub. L. 92-576, §8(b), redesignated former subsecs. (d) to (g) as (f) to (i), respectively.

Subsec. (j). Pub. L. 92-576, §8(d), added pars. (1), (3), and (4), and incorporated former part of first sentence of subsec. (a) and former second sentence, less provisos, of subsec. (c)(1), in provisions designated as par. (2).

Subsec. (k). Pub. L. 92-576, §8(d), incorporated former provisions of subsec. (c)(1), last proviso, in provisions designated as subsec. (k).

1956—Subsec. (a). Act July 26, 1956, §8(a), substituted "of subsection (b) of section 918 of this title, and of subsection (c) of section 939 of this title" for "of this title."

Subsec. (c)(1). Act July 26, 1956, §8(b), substituted provisions relating to availability of fund for payments under sections 908(f) and (g), 918(b), and 939(c) of this title, proviso that subsec. (f) payments have priority, and further proviso requiring annual audit, for former provision that fifty per centum of each payment shall be available for the payments under section 908(f) and (g) of this title.

§ 948a. Discrimination against employees who bring proceedings; penalties; deposit of payments in special fund; civil actions; entitlement to restoration of employment and compensation, qualifications requirement; liability of employer for penalties and payments; insurance policy exemption from liability

It shall be unlawful for any employer or his duly authorized agent to discharge or in any other manner discriminate against an employee as to his employment because such employee has claimed or attempted to claim compensation from such employer, or because he has testified or is about to testify in a proceeding under this chapter. The discharge or refusal to employ a person who has been adjudicated to have filed a fraudulent claim for compensation is not a violation of this section. Any employer who violates this section shall be liable to a penalty of not less than \$1,000 or more than \$5,000, as may be determined by the deputy commissioner. All such penalties shall be paid to the deputy commissioner for deposit in the special fund as described in section 944 of this title, and if not paid may be recovered in a civil action brought in the appropriate United States district court. Any employee so discriminated against shall be restored to his employment and shall be compensated by his employer for any loss of wages arising out of such discrimination: *Provided*, That if such employee shall cease to be qualified to perform the duties of his employment, he shall not be entitled to such restoration and compensation. The employer alone and not his carrier shall be liable for such penalties and payments. Any provision in an insurance policy undertaking to relieve the employer from the liability for such penalties and payments shall be void.

Amendment by Pub. L. 98-426 effective Sept. 28, 1984, see section 28(e)(1) of Pub. L. 98-426, set out as a note under section 901 of this title.

EFFECTIVE DATE

Section effective 30 days after Oct. 27, 1972, see section 22 of Pub. L. 92-576, set out as an Effective Date of 1972 Amendment note under section 902 of this title.

§ 949. Effect of unconstitutionality

If any part of this chapter is adjudged unconstitutional by the courts, and such adjudication has the effect of invalidating any payment of compensation under this chapter, the period intervening between the time the injury was sustained and the time of such adjudication shall not be computed as a part of the time prescribed by law for the commencement of any action against the employer in respect of such injury; but the amount of any compensation paid under this chapter on account of such injury shall be deducted from the amount of damages awarded in such action in respect of such injury.

(Mar. 4, 1927, ch. 509, §50 formerly §49, 44 Stat. 1446; renumbered §50, Pub. L. 92-576, §19, Oct. 27, 1972, 86 Stat. 1263.)

§ 950. Separability

If any provision of this chapter is declared unconstitutional or the applicability thereof to any person or circumstances is held invalid, the validity of the remainder of the chapter and the applicability of such provision to other persons and circumstances shall not be affected thereby.

(Mar. 4, 1927, ch. 509, §51 formerly §50, 44 Stat. 1446; renumbered §51, Pub. L. 92-576, §19, Oct. 27, 1972, 86 Stat. 1263.)

TERMINATION OF ADVISORY BOARDS

Advisory boards in existence on Jan. 5, 1973, to terminate not later than the expiration of the 2-year period following Jan. 5, 1973, unless, in the case of a board established by the President or an officer of the Federal Government, such board is renewed by appropriate action prior to the expiration of such 2-year period, or in the case of a board established by the Congress, its duration is otherwise provided by law. See sections 3(2) and 14 of Pub. L. 92-463, Oct. 6, 1972, 86 Stat. 770, 776, set out in the Appendix to Title 5, Government Organization and Employees.

§ 983. Functions of Corporation**(a) Construction of deep-water navigation works in Saint Lawrence River; conditions precedent**

The Corporation is authorized and directed to construct, in United States territory, deep-

water navigation works substantially in accordance with the "Controlled single stage project, 238-242" (with a controlling depth of twenty-seven feet in channels and canals and locks at least eight hundred feet long, eighty feet wide, and thirty feet over the sills), designated as "works solely for navigation" in the joint report dated January 3, 1941, of the Canadian Temporary Great Lakes-Saint Lawrence Basin Committee and the United States Saint Lawrence Advisory Committee, in the International Rapids section of the Saint Lawrence River together with necessary dredging in the Thousand Islands section; and to operate and maintain such works in coordination with the Saint Lawrence Seaway Authority of Canada, created by chapter 24 of the acts of the fifth session of the Twenty-first Parliament of Canada 15-16, George VI (assented to December 21, 1951): *Provided*, That the Corporation shall not proceed with the aforesaid construction unless and until—

(1) the Saint Lawrence Seaway Authority of Canada, provides assurances satisfactory to the Corporation that it will complete the Canadian portions of the navigation works authorized by section 10, chapter 24 of the acts of the fifth session of the Twenty-first Parliament of Canada 15-16, George VI, 1951, as nearly as possible concurrently with the completion of the works authorized by this section;

(2) the Corporation has received assurances satisfactory to it that the State of New York, or an entity duly designated by it, or other licensee of the Federal Energy Regulatory Commission, in conjunction with an appropriate agency in Canada, as nearly as possible concurrently with the navigation works herein authorized, will construct and complete the dams and power works approved by the International Joint Commission in its order of October 29, 1952 (docket 68) or any amendment or modification thereof.

(b) Coordination of activities regarding power projects

The Corporation shall make necessary arrangements to assure the coordination of its activities with those of the Saint Lawrence Seaway Authority of Canada and the entity designated by the State of New York, or other licensee of the Federal Energy Regulatory Commission, authorized to construct and operate the dams and power works authorized by the International Joint Commission in its order of October 29, 1952 (docket 68) or any amendment or modification thereof.

(May 13, 1954, ch. 201, §3, 68 Stat. 93; Pub. L. 95-91, title IV, §402(a)(1)(A), Aug. 4, 1977, 91 Stat. 583.)

TRANSFER OF FUNCTIONS

"Federal Energy Regulatory Commission" substituted for "Federal Power Commission" in subsecs. (a)(2) and (b), on authority of Pub. L. 95-91, title IV, §402(a)(1)(A), Aug. 4, 1977, 91 Stat. 583, which is classified to section 7172(a)(1)(A) of Title 42, The Public Health and Welfare.

§ 984. General powers of Corporation

(a) For the purpose of carrying out its functions under this chapter the Corporation—

(1) shall have succession in its corporate name;

(2) may adopt and use a corporate seal, which shall be judicially noticed;

(3) may sue and be sued in its corporate name;

(4) may adopt, amend, and repeal bylaws, rules, and regulations governing the manner in which its business may be conducted and the powers vested in it may be exercised;

(5) may make and carry out such contracts or agreements as are necessary or advisable in the conduct of its business;

(6) shall be held to be an inhabitant and resident of the northern judicial district of New York within the meaning of the laws of the United States relating to venue of civil suits;

(7) may appoint and fix the compensation, in accordance with the provisions of chapter 51 and subchapter III of chapter 53 of title 5, of such officers, attorneys, and employees as may be necessary for the conduct of its business, define their authority and duties, and delegate to them such of the powers vested in the Corporation as the Administrator may determine;

(8) may acquire, by purchase, lease, condemnation, or donation such real and personal property and any interest therein, and may sell, lease, or otherwise dispose of such real and personal property, as the Administrator deems necessary for the conduct of its business;

(9) shall determine the character of and the necessity for its obligations and expenditures, and the manner in which they shall be incurred, allowed and paid, subject to provisions of law specifically applicable to Government corporations;

(10) may retain toll revenues for purposes of eventual reinvestment in the Seaway.¹

(11) may provide services and facilities necessary in the maintenance and operation of the seaway, including but not limited to providing, at reasonable prices, services to vessels using the seaway and to visitors to the seaway, but not to include overnight housing accommodations for visitors;

(12) may participate with the Saint Lawrence Seaway Authority of Canada, or its designee, in the ownership and operation of a toll bridge company: *Provided*, That the United States' portion of the revenue from the tolls charged to the users of any toll bridge operated under this section shall be applied solely to the cost of the bridge and approaches, including maintenance and operation, amortization of principal and interest, as established by the Secretary of the Treasury; and

(13)² shall be credited with amounts received from any of the activities authorized by clauses (10) and (11)³ of this subsection.

(13)² shall accept such amounts as may be transferred to the Corporation under section

1957—Subsecs. (a)(10) to (12), (b). Pub. L. 85-108 added pars. (10) to (12) and subsec. (b).

Statutory Notes and Related Subsidiaries

EFFECTIVE DATE OF 1986 AMENDMENT

Pub. L. 99-662, title XIV, § 805(b), Nov. 17, 1986, 100 Stat. 4272, provided that: “The amendments made by this section [enacting section 988a of this title and amending this section] shall take effect on April 1, 1987.”

§ 984a. Repealed. June 28, 1955, ch. 189, § 12(c)(11), 69 Stat. 181

Section, act Aug. 26, 1954, ch. 935, ch. VIII, § 801, 68 Stat. 818, authorized Administrator to place not more than four positions in grades 16, 17, or 18 of General Schedule established by Classification Act of 1949.

§ 985. Bonds; issuance; maturity; redemption; interest; purchase of obligations by Secretary of the Treasury

(a) To finance its activities, the Corporation may issue revenue bonds payable from corporate revenue to the Secretary of the Treasury. The total face value of all bonds so issued shall not be greater than \$140,000,000. Not more than fifty per centum of the bonds may be issued during any one year. Such obligations shall have maturities agreed upon by the Corporation and the Secretary of the Treasury, not in excess of fifty years. Such obligations may be redeemable at the option of the Corporation before maturity in such manner as may be stipulated in such obligations, but the obligations thus redeemed shall

not be refinanced by the Corporation. The Secretary of the Treasury is authorized and directed to purchase any obligations of the Corporation to be issued hereunder and for such purpose the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under chapter 31 of title 31, and the purposes for which securities may be issued under chapter 31 of title 31 are extended to include any purchases of the Corporation's obligations hereunder.

(b) Effective as of October 21, 1970, the obligations of the Corporation incurred under subsection (a) of this section shall bear no interest, and the obligation of the Corporation to pay the unpaid interest which has accrued on such obligations is terminated.

(May 13, 1954, ch. 201, § 5, 68 Stat. 94; Pub. L. 85-108, § 1(4), July 17, 1957, 71 Stat. 307; Pub. L. 91-469, § 43(a), Oct. 21, 1970, 84 Stat. 1038.)

Editorial Notes

CODIFICATION

In subsec. (a), “chapter 31 of title 31” substituted for “the Second Liberty Bond Act, as amended” on authority of Pub. L. 97-258, § 4(b), Sept. 13, 1982, 96 Stat. 1067, the first section of which enacted Title 31, Money and Finance.

AMENDMENTS

1970—Subsec. (a). Pub. L. 91-469, § 43(a)(1), designated existing provisions as subsec. (a) and struck out fourth, fifth, and eighth sentences which provided for deferral, with approval of Secretary of the Treasury, of interest payments on bonds but required interest payments so deferred to bear interest after June 30, 1960; prohibited charging of deferred interest against debt limitation of \$140,000,000; and prescribed for each obligation a rate of interest determined by the Secretary, taking into consideration the current average rate on current marketable obligations of the United States of comparable maturities as of the last day of the month preceding the issuance of the obligation of the Corporation.

Subsec. (b). Pub. L. 91-469, § 43(a)(2), added subsec. (b).

1957—Pub. L. 85-108 increased Corporation's borrowing authority from \$105,000,000 to \$140,000,000; omitted first year bond issue limitation, and raised limits of bond issues for any year from 40 to 50 per centum of total borrowing power; and authorized deferral of interest payments on borrowings, excluding such deferred interest charges from the debt limitation of \$140,000,000.

§ 985a. Cancellation of bonds issued under section 985

Notwithstanding any other provision of law, any bond issued under section 985 of this title, is hereby canceled together with the obligation to pay such bond.

(Pub. L. 97-369, title III, § 311, Dec. 18, 1982, 96 Stat. 1782.)

Editorial Notes

CODIFICATION

Section was enacted as part of the Department of Transportation and Related Agencies Appropriations Act, 1983, and not as part of act May 13, 1954, ch. 201, 68 Stat. 903, which comprises this chapter.

Section consists of a part of section 311 of Pub. L. 97-369. The remainder of section 311 of Pub. L. 97-369 amended sections 984 and 988 of this title.

§ 986. Payments to States and local governments in lieu of taxes; tax exemption of Corporation

The Corporation is authorized to make payments to State and local governments in lieu of property taxes upon property which was subject to State and local taxation before acquisition by the Corporation. Such payments may be in the amounts, at the times, and upon the terms the Corporation deems appropriate, but the Corporation shall be guided by the policy of making payments not in excess of the taxes which would have been payable for such property in the condition in which it was acquired, except in cases where special burdens are placed upon the State or local government by the activities of the Corporation or its agents. The Corporation, its property, franchises, and income are expressly exempted from taxation in any manner or form by any State, county, municipality, or any subdivision thereof, but such exemption shall not extend to contractors for the Corporation.

(May 13, 1954, ch. 201, § 7, 68 Stat. 95.)

§ 987. Services and facilities of other agencies

(a) Utilization of personnel, services, facilities, and information

The Corporation may, with the consent of the agency concerned, accept and utilize, on a reimbursable basis, the officers, employees, services, facilities, and information of any agency of the Federal Government, except that any such agency having custody of any data relating to any of the matters within the jurisdiction of the Corporation shall, upon request of the Administrator, make such data available to the Corporation without reimbursement.

(b) Contributions to retirement and disability, and employees' compensation, funds; payment of costs

The Corporation shall contribute to the civil-service retirement and disability fund, on the basis of annual billings as determined by the Director of the Office of Personnel Management, for the Government's share of the cost of the civil-service retirement system applicable to the Corporation's employees and their beneficiaries. The Corporation shall also contribute to the employee's compensation fund, on the basis of annual billings as determined by the Secretary of Labor, for the benefit payments made from such fund on account of the Corporation's employees. The annual billings shall also include a statement of the fair portion of the cost of the administration of the respective funds, which shall be paid by the Corporation into the Treasury as miscellaneous receipts.

(May 13, 1954, ch. 201, § 8, 68 Stat. 95; 1978 Reorg. Plan No. 2, § 102, eff. Jan. 1, 1979, 43 F.R. 36037, 92 Stat. 3783.)

Executive Documents

TRANSFER OF FUNCTIONS

“Director of the Office of Personnel Management” substituted for “Civil Service Commission” and “Commission” in subsec. (b) pursuant to Reorg. Plan No. 2 of 1978, § 102, 43 F.R. 36037, 92 Stat. 3783, set out under section 1101 of Title 5, Government Organization and Em-

ployees, which transferred all functions vested by statute in United States Civil Service Commission to Director of Office of Personnel Management (except as otherwise specified), effective Jan. 1, 1979, as provided by section 1-102 of Ex. Ord. No. 12107, Dec. 28, 1978, 44 F.R. 1055, set out under section 1101 of Title 5.

§ 988. Rates of charges or tolls

(a) Negotiation with Canadian authorities; revenue sharing formula; consideration of American financing costs, including interest and debt principal; rules of measurement; hearings and rehearings; approval by President; court review

The Corporation is further authorized and directed to negotiate with the Saint Lawrence Seaway Authority of Canada, or such other agency as may be designated by the Government of Canada, an agreement as to the rules for the measurement of vessels and cargoes and the rates of charges or tolls to be levied for the use of the Saint Lawrence Seaway, and for an equitable division of the revenues of the seaway between the Corporation and the Saint Lawrence Seaway Authority of Canada. Any formula for a division of revenues which takes into consideration annual debt charges shall include the total cost, including both interest and debt principal, incurred by the United States in financing activities authorized by this chapter, whether or not reimbursable by the Corporation. Such rules for the measurement of vessels and cargoes and rates of charges or tolls shall, to the extent practicable, be established or changed only after giving due notice and holding a public hearing. In the event that such negotiations shall not result in agreement, the Corporation is authorized and directed to establish unilaterally such rules of measurement and rates of charges or tolls for the use of the works under its administration: *Provided, however,* That the Corporation shall give three months' notice, by publication in the Federal Register, of any proposals to establish or change unilaterally the basic rules of measurement and of any proposals to establish or change unilaterally the rates of charges or tolls, during which period a public hearing shall be conducted. Any such establishment or changes in basic rules of measurement or rates of charges or tolls shall be subject to and shall take effect thirty days following the date of approval thereof by the President, and shall be final and conclusive, subject to review as hereinafter provided. Any person aggrieved by an order of the Corporation establishing or changing such rules or rates may, within such thirty-day period, apply to the Corporation for a rehearing of the matter upon the basis of which the order was entered. The Corporation shall have power to grant or deny the application for rehearing and upon such rehearing or without further hearing to abrogate or modify its order. The action of the Corporation in denying an application for rehearing or in abrogating or modifying its order shall be final and conclusive thirty days after its approval by the President unless within such thirty-day period a petition for review is filed by a person aggrieved by such action in the United States Court of Appeals for the circuit in which the works to which the order applies are located or in the United States

Court of Appeals for the District of Columbia. The court in which such petition is filed shall have the same jurisdiction and powers as in the case of petitions to review orders of the Federal Energy Regulatory Commission filed under section 8257 of title 16. The judgment of the court shall be final subject to review by the Supreme Court upon certiorari or certification as provided in sections 1254(1) and 1254(2) of title 28. The filing of an application for rehearing shall not, unless specifically ordered by the Corporation, operate as a stay of the Corporation's order. The filing of a petition for review shall not, unless specifically ordered by the court, operate as a stay of the Corporation's order.

(b) Principles governing establishment of rates

In the course of its negotiations, or in the establishment, unilaterally, of the rates of charges or tolls as provided in subsection (a), the Corporation shall be guided by the following principles:

(1) That the rates shall be fair and equitable and shall give due consideration to encouragement of increased utilization of the navigation facilities, and to the special character of bulk agricultural, mineral, and other raw materials.

(2) That rates shall vary according to the character of cargo with the view that each classification of cargo shall so far as practicable derive relative benefits from the use of these facilities.

(3) That the rates on vessels in ballast without passengers or cargo may be less than the rates for vessels with passengers or cargo.

(4) That the rates prescribed shall be calculated to cover, as nearly as practicable, all costs of operating and maintaining the works under the administration of the Corporation, including depreciation and payments in lieu of taxes.

EFFECTIVE DATE OF 1988 AMENDMENT

Amendment by Pub. L. 100-352 effective ninety days after June 27, 1988, except that such amendment not to

apply to cases pending in Supreme Court on such effective date or affect right to review or manner of reviewing judgment or decree of court which was entered before such effective date, see section 7 of Pub. L. 100-352, set out as a note under section 1254 of Title 28, Judiciary and Judicial Procedure.

TRANSFER OF FUNCTIONS

"Federal Energy Regulatory Commission" substituted for "Federal Power Commission" in subsec. (a) on authority of Pub. L. 95-91, title IV, §402(a)(1)(B), Aug. 4, 1977, 91 Stat. 583, which is classified to section 7172(a)(1)(B) of Title 42, The Public Health and Welfare.

GREAT LAKES AND SAINT LAWRENCE SEAWAY

Pub. L. 101-101, title I, Sept. 29, 1989, 103 Stat. 642, provided: "That within available funds, the Secretary of the Army, acting through the Chief of Engineers, is directed to initiate and complete a reconnaissance study for the Saint Lawrence Seaway and Great Lakes-Financing Navigational Improvements Study, as authorized in section 47(d) of Public Law 100-676 [set out below], in accordance with the cost sharing provisions of Public Law 99-662 [Nov. 17, 1986, 100 Stat. 4082]."

Pub. L. 100-676, §47(d), Nov. 17, 1988, 102 Stat. 4042, provided that:

"(1) **STUDY OF FINANCING NAVIGATIONAL IMPROVEMENTS.**—The Secretary, in cooperation with other Federal agencies and private persons, is authorized and directed to contract with an independent party to conduct a study of cost recovery options and alternative methods of financing navigational improvements on the Great Lakes connecting channels and Saint Lawrence Seaway, including modernization of the Eisenhower and Snell Locks of the Saint Lawrence Seaway.

"(2) **REPORT.**—Not later than 18 months after the date of the enactment of this Act [Nov. 17, 1988], the Secretary shall transmit to Congress a report on the results of the study carried out under this subsection together with recommendations.

"(3) **COST SHARING.**—The non-Federal share of the cost of the study under this subsection shall be 50 percent; except that not more than 1/2 of such non-Federal share may be made by the provision of services, materials, supplies, or other in-kind services necessary to carry out the study."

REPORT ON REDUCTION OR ELIMINATION OF TOLLS ON GREAT LAKES AND SAINT LAWRENCE SEAWAY

Pub. L. 99-662, title XIV, §1406, Nov. 17, 1986, 100 Stat. 4272, provided that: "Not later than 2 years after the date of enactment of this Act [Nov. 17, 1986], the Secretary of State, in consultation with the Secretary of Transportation, shall initiate discussions with the Government of Canada with the objective of reducing or eliminating all tolls on the international Great Lakes and the Saint Lawrence Seaway, and the Secretary of Transportation shall report to the Congress on the progress of such discussions and on the economic effects upon waterborne commerce in the United States of any proposed reduction or elimination in tolls."

§ 988a. Waiver of collection of charges or tolls

(a) Notwithstanding section 988 of this title or any other provision of law, the Corporation shall not collect any charge or toll established pursuant to section 988 of this title with respect to a commercial vessel (as defined in section 4462(a)(4) of title 26).

(b) The Corporation will maintain a record of the annual amount of each charge or toll that would have been collected with respect to each such commercial vessel if it were not for paragraph (a) of this section.

(May 13, 1954, ch. 201, §13, as added Pub. L. 99-662, title XIV, §805(a)(4), Nov. 17, 1986, 100

Stat. 4272; amended Pub. L. 103-331, title III, § 339, Sept. 30, 1994, 108 Stat. 2496.)

SUBCHAPTER I—MARINE RESOURCES AND ENGINEERING DEVELOPMENT

§ 1101. Congressional declaration of policy and objectives

(a) It is hereby declared to be the policy of the United States to develop, encourage, and maintain a coordinated, comprehensive, and long-range national program in marine science for the benefit of mankind to assist in protection of

health and property, enhancement of commerce, transportation, and national security, rehabilitation of our commercial fisheries, and increased utilization of these and other resources.

(b) The marine science activities of the United States should be conducted so as to contribute to the following objectives:

(1) The accelerated development of the resources of the marine environment.

(2) The expansion of human knowledge of the marine environment.

(3) The encouragement of private investment enterprise in exploration, technological development, marine commerce, and economic utilization of the resources of the marine environment.

(4) The preservation of the role of the United States as a leader in marine science and resource development.

(5) The advancement of education and training in marine science.

(6) The development and improvement of the capabilities, performance, use, and efficiency of vehicles, equipment, and instruments for use in exploration, research, surveys, the recovery of resources, and the transmission of energy in the marine environment.

(7) The effective utilization of the scientific and engineering resources of the Nation, with close cooperation among all interested agencies, public and private, in order to avoid unnecessary duplication of effort, facilities, and equipment, or waste.

(8) The cooperation by the United States with other nations and groups of nations and international organizations in marine science activities when such cooperation is in the national interest.

The provisions of this chapter with respect to the Council expired on June 30, 1971, and the Council terminated on Apr. 30, 1971, for lack of funds.

§ 1103. Executive responsibilities; utilization of staff, interagency, and non-Government advisory arrangements; consultation with agencies; solicitation of views of non-Federal agencies

(a) In conformity with the provisions of section 1101 of this title, it shall be the duty of the President with the advice and assistance of the Council to—

(1) survey all significant marine science activities, including the policies, plans, programs, and accomplishments of all departments and agencies of the United States engaged in such activities;

(2) develop a comprehensive program of marine science activities, including, but not limited to, exploration, description and prediction of the marine environment, exploitation and conservation of the resources of the marine environment, marine engineering, studies of air-sea interaction, transmission of energy, and communications, to be conducted by departments and agencies of the United States, independently or in cooperation with such non-Federal organizations as States, institutions and industry;

(3) designate and fix responsibility for the conduct of the foregoing marine science activities by departments and agencies of the United States;

(4) insure cooperation and resolve differences arising among departments and agencies of the United States with respect to marine science activities under this subchapter, including differences as to whether a particular project is a marine science activity;

(5) undertake a comprehensive study, by contract or otherwise, of the legal problems arising out of the management, use, development, recovery, and control of the resources of the marine environment;

(6) establish long-range studies of the potential benefits to the United States economy, security, health, and welfare to be gained from marine resources, engineering, and science, and the costs involved in obtaining such benefits; and

(7) review annually all marine science activities conducted by departments and agencies of the United States in light of the policies, plans, programs, and priorities developed pursuant to this Act.

(b) In the planning and conduct of a coordinated Federal program the President and the Council shall utilize such staff, interagency, and non-Government advisory arrangements as they may find necessary and appropriate and shall consult with departments and agencies concerned with marine science activities and solicit the views of non-Federal organizations and individuals with capabilities in marine sciences.

SUBCHAPTER II—NATIONAL SEA GRANT COLLEGE PROGRAM

§ 1121. Congressional declaration of policy

(a) Findings

The Congress finds and declares the following:

(1) The national interest requires a strategy to—

(A) provide for the understanding and wise use of ocean, coastal, and Great Lakes resources and the environment;

(B) foster economic competitiveness;

(C) promote public stewardship and wise economic development of the coastal ocean and its margins, the Great Lakes, and the exclusive economic zone;

(D) encourage the development of preparation, forecast, analysis, mitigation, response, and recovery systems for coastal hazards;

(E) understand global environmental processes and their impacts on ocean, coastal, and Great Lakes resources; and

(F) promote domestic and international cooperative solutions to ocean, coastal, and Great Lakes issues.

(2) Investment in a strong program of integrated research, education, extension, training, technology transfer, and public service is essential for this strategy.

(3) The expanding use and development of ocean, coastal, and Great Lakes resources resulting from growing coastal area populations and the increasing pressures on the coastal and Great Lakes environment challenge the ability of the United States to manage such resources wisely.

(4) The vitality of the Nation and the quality of life of its citizens depend increasingly on the understanding, assessment, development, management, utilization, and conservation of ocean, coastal, and Great Lakes resources. These resources supply food, energy, and minerals and contribute to human health, the quality of the environment, national security, and the enhancement of commerce.

(5) The understanding, assessment, development, management, utilization, and conservation of such resources require a broad commitment and an intense involvement on the part of the Federal Government in continuing partnership with State and local governments, private industry, universities, organizations, and individuals concerned with or affected by ocean, coastal, and Great Lakes resources.

(6) The National Oceanic and Atmospheric Administration, through the national sea grant college program, offers the most suitable locus and means for such commitment and engagement through the promotion of activities that will result in greater such understanding, assessment, development, management, management,¹ utilization, and conservation of ocean, coastal, and Great Lakes resources. The most cost-effective way to promote such activities is through continued and increased Federal support of the establishment, development, management, and operation of programs and projects by sea grant colleges, sea grant institutes, and other institutions, including strong collaborations between Administration scientists and research and outreach personnel at academic institutions.

(b) Objective

The objective of this subchapter is to increase the understanding, assessment, development,

management, utilization, and conservation of the Nation's ocean, coastal, and Great Lakes resources by providing assistance to promote a strong educational base, responsive research and training activities, broad and prompt dissemination of knowledge and techniques, and multidisciplinary approaches to environmental problems.

(c) Purpose

It is the purpose of the Congress to achieve the objective of this subchapter by extending and strengthening the national sea grant program, initially established in 1966, to promote integrated research, education, training, and extension services and activities in fields related to ocean, coastal, and Great Lakes resources.

AMENDMENTS

2008—Subsec. (a). Pub. L. 110-394, §3(c), inserted “management,” after “development,” wherever appearing.

Subsec. (a)(1)(D), (E). Pub. L. 110-394, §3(a)(1), added subpars. (D) and (E) and struck out former subpars. (D) and (E) which read as follows:

“(D) encourage the development of forecast and analysis systems for coastal hazards;

“(E) understand global environmental processes; and”.

Subsec. (a)(2). Pub. L. 110-394, §3(a)(2), substituted “program of integrated research, education, extension,” for “program of research, education.”

Subsec. (a)(6). Pub. L. 110-394, §3(a)(3), added par. (6) and struck out former par. (6) which read as follows: “The National Oceanic and Atmospheric Administration, through the national sea grant college program, offers the most suitable locus and means for such commitment and involvement through the promotion of activities that will result in greater such understanding, assessment, development, utilization, and conservation. The most cost-effective way to promote such activities is through continued and increased Federal support of the establishment, development, and operation of programs and projects by sea grant colleges, sea grant institutes, and other institutions, including strong collaborations between Administration scientists and scientists at academic institutions.”

Subsec. (b). Pub. L. 110-394, §3(c), inserted “management,” after “development.”

Subsec. (c). Pub. L. 110-394, §3(b), substituted “to promote integrated research, education, training, and extension services and activities” for “to promote research, education, training, and advisory service activities”.

2002—Subsec. (a)(6). Pub. L. 107-299 inserted “, including strong collaborations between Administration scientists and scientists at academic institutions” before period at end.

1998—Subsec. (a)(1)(D) to (F). Pub. L. 105-160, §3(a), added subpar. (D) and redesignated former subpars. (D) and (E) as (E) and (F), respectively.

¹ So in original.

and projects by sea grant colleges, sea grant institutes, and other institutions.” for “Continued and increased Federal support of the establishment, development, and operation of programs and projects by sea grant colleges, sea grant regional consortia, institutions of higher education, institutes, laboratories, and other appropriate public and private entities is the most cost-effective way to promote such activities.”

1987—Subsec. (a). Pub. L. 100-220, §§3103(1), 3104(b)(1)(A), added pars. (1) to (3), redesignated former pars. (1) to (3) as (4) to (6), respectively, and substituted “ocean, coastal, and Great Lakes resources” for “ocean and coastal resources” in pars. (4) and (5).

Subsec. (b). Pub. L. 100-220, §3103(2), substituted “ocean, coastal, and Great Lakes resources by providing assistance to promote a strong educational base, responsive research and training activities, broad and prompt dissemination of knowledge and techniques, and multidisciplinary approaches to environmental problems.” for “ocean and coastal resources by providing assistance to promote a strong educational base, responsive research and training activities, and broad and prompt dissemination of knowledge and techniques.”

Subsec. (c). Pub. L. 100-220, §3104(b)(1)(B), substituted “ocean, coastal, and Great Lakes resources” for “ocean and coastal resources”.

1978—Subsec. (a)(3). Pub. L. 95-428 substituted “national sea grant college program” for “national sea grant program”.

1976—Pub. L. 94-461 completely rewrote the Congressional statement of findings, objectives, and purposes of the National Sea Grant Program Act to reflect the extension and strengthening of the national sea grant program to promote research, education, training, and advisory service activities in fields related to ocean and coastal resources through federal support to sea grant colleges, sea grant regional consortia, and other institutions through the National Oceanic and Atmospheric Administration, and to make education, training, research, and advisory services responsive to state, local, regional, or national needs and problems.

§ 1122. Definitions

As used in this subchapter—

(1) The term “Administration” means the National Oceanic and Atmospheric Administration.

(2) The term “Director” means the Director of the national sea grant college program, appointed pursuant to section 1123(b)¹ of this title.

(3) the² term “director of a sea grant college” means a person designated by his or her institution to direct a sea grant college or sea grant institute.

(4) The term “field related to ocean, coastal, and Great Lakes resources” means any discipline or field, including marine affairs, resource management, technology, education, or science, which is concerned with or likely to improve the understanding, assessment, development, management, utilization, or conservation of ocean, coastal, or Great Lakes resources.

(5) The term “institution” means any public or private institution of higher education, institute, laboratory, or State or local agency.

(6) The term “includes” and variants thereof should be read as if the phrase “but is not limited to” were also set forth.

Section 1123 of this title, referred to in par. (2), was amended generally by Pub. L. 105-160, §5, Mar. 6, 1998, 112 Stat. 22, and, as so amended, provisions relating to appointment of the Director of the National Sea Grant College Program, which formerly appeared in subsec. (b), are contained in subsec. (d).

AMENDMENTS

2008—Par. (4). Pub. L. 110-394, §4(a)(1), inserted “management,” after “development.”

Par. (6)(F), (G). Pub. L. 110-394, §4(b), repealed section 307(a) of Pub. L. 102-251. See 1992 Amendment note below.

Par. (9). Pub. L. 110-394, §9(a)(4)(B), amended par. (9) generally. Prior to amendment, par. (9) read as follows: “The term ‘panel’ means the sea grant review panel established under section 1128 of this title.”

Par. (11). Pub. L. 110-394, §4(a)(2), substituted “extension services” for “advisory services”.

Par. (12), (13). Pub. L. 110-394, §4(a)(3), made technical amendment to reference in original act which appears in text as reference to “section 1126 of this title”, requiring no change in text.

1998—Par. (3). Pub. L. 105-160, §4(a)(1), substituted “his or her” for “their university or” and “college or sea grant institute” for “college, programs, or regional consortium”.

Par. (4). Pub. L. 105-160, §4(a)(2), added par. (4) and struck out former par. (4) which read as follows: “The term ‘field related to ocean, coastal, and Great Lakes resources’ means any discipline or field (including marine science (and the physical, natural, and biological sciences, and engineering, included therein), marine technology, education, marine affairs and resource management, economics, sociology, communications, planning, law, international affairs, and public administration) which is concerned with or likely to improve the understanding, assessment, development, utilization, or conservation of ocean, coastal, and Great Lakes resources.”

Par. (5). Pub. L. 105-174, §10003(1), redesignated par. (6) as (5) and struck out former par. (5) which read as follows: “The term ‘Great Lakes’ includes Lake Champlain.”

Pub. L. 105-160, §4(a)(3), added par. (5). Former par. (5) redesignated (7).

Par. (6). Pub. L. 105-174, §10003(1), redesignated par. (7) as (6). Former par. (6) redesignated (5).

Pub. L. 105-160, §4(a)(3), added par. (6). Former par. (6) redesignated (8).

Par. (7). Pub. L. 105-174, §10003, redesignated par. (8) as (7), added subpar. (C), and redesignated former subpars. (C) to (F) as (D) to (G), respectively. Former par. (7) redesignated (6).

Pub. L. 105-160, §4(a)(3), redesignated par. (5) as (7). Former par. (7) redesignated (9).

Pars. (8) to (10). Pub. L. 105-174, §10003(1), redesignated pars. (9) to (11) as (8) to (10), respectively. Former par. (8) redesignated (7).

Pub. L. 105-160, §4(a)(3), redesignated pars. (6) to (8) as (8) to (10), respectively. Former pars. (9) and (10) redesignated (11) and (12), respectively.

Par. (11). Pub. L. 105-174, §10003(1), redesignated par. (12) as (11). Former par. (11) redesignated (10).

Pub. L. 105-160, §4(a)(3), (4), redesignated par. (9) as (11) and substituted "institute or other institution" for "regional consortium, institution of higher education, institute, or laboratory". Former par. (11) redesignated (13).

Pars. (12) to (17). Pub. L. 105-174, §10003(1), redesignated pars. (13) to (17) as (12) to (16), respectively. Former par. (12) redesignated (11).

Pub. L. 105-160, §4(a)(5), added pars. (12) to (17) and struck out former pars. (12) to (17) which defined "sea grant college", "sea grant program", "sea grant regional consortium", "Secretary", "State", and "Under Secretary", respectively.

Pub. L. 105-160, §4(a)(3), redesignated pars. (10) to (15) as (12) to (17), respectively.

1992—Par. (6)(F), (G). Pub. L. 102-251, §307(a), which directed addition of subpar. (F) and redesignation of former subpar. (F) as (G), was repealed by section 4(b) of Pub. L. 110-394. See Effective Date of 1992 Amendment note below.

1991—Par. (4). Pub. L. 102-186 inserted "marine affairs and resource management," after "education."

1987—Pars. (2), (3). Pub. L. 100-220, §3104(a)(1), (2), added par. (3), redesignated former par. (3) as (2), and struck out former par. (2) which read as follows: "The term 'Administrator' means the Administrator of the National Oceanic and Atmospheric Administration."

Par. (4). Pub. L. 100-220, §3104(b)(1)(C), substituted "ocean, coastal, and Great Lakes resources" for "ocean and coastal resources" in two places.

Par. (6). Pub. L. 100-220, §3104(a)(3), added par. (6) and struck out former par. (6) which read as follows: "The term 'marine environment' means the coastal zone, as defined in section 1453(1) of title 16; the seabed, subsoil, and waters of the Great Lakes and the territorial sea of the United States; the waters of any zone over which the United States asserts exclusive fishery management authority; the waters of the high seas; and the seabed and subsoil of and beyond the outer Continental Shelf."

Par. (7). Pub. L. 100-220, §3104(a)(3), added par. (7) and struck out former par. (7) which read as follows: "The term 'ocean and coastal resource' means any resource (whether living, nonliving, manmade, tangible, intangible, actual, or potential) which is located in, derived from, or traceable to, the marine environment. Such term includes the habitat of any such living resource, the coastal space, the ecosystems, the nutrient-rich areas, and the other components of the marine environment which contribute to or provide (or which are capable of contributing to or providing) recreational, scenic, esthetic, biological, habitational, commercial, economic, or conservation values. Living resources include natural and cultured plant life, fish, shellfish, marine mammals, and wildlife. Nonliving resources include energy sources, minerals, and chemical substances."

Par. (11). Pub. L. 100-220, §3104(b)(1)(C), substituted "ocean, coastal, and Great Lakes resources" for "ocean and coastal resources".

Par. (15). Pub. L. 100-220, §3104(a)(4), added par. (15).

1980—Par. (6). Pub. L. 96-289 extended term "marine environment" to include waters of Great Lakes.

1978—Pub. L. 95-428 substituted "national sea grant college program" for "national sea grant program".

1976—Pub. L. 94-461 substituted provisions defining terms used in this subchapter for provisions designating Secretary of Commerce as administering authority for national sea grant program and authorizing appropriations through fiscal 1976.

1973—Subsec. (a). Pub. L. 93-73, §1(5), substituted "Secretary of Commerce" and "Secretary" for "Na-

tional Science Foundation" and "Foundation", respectively.

Subsec. (b)(1). Pub. L. 93-73, §1(1), (5), authorized appropriations of \$30,000,000; \$40,000,000; and \$50,000,000 for fiscal years ending June 30, 1974, 1975, and 1976, and substituted "Secretary" for "Foundation".

1970—Subsec. (b)(1). Pub. L. 91-349 authorized appropriations for fiscal year ending June 30, 1971, not to exceed the sum of \$20,000,000, for fiscal year ending June 30, 1972, not to exceed the sum of \$25,000,000, and for fiscal year ending June 30, 1973, not to exceed the sum of \$30,000,000.

Executive Documents

TERRITORIAL SEA OF UNITED STATES

For extension of territorial sea of United States, see Proc. No. 5928, set out as a note under section 1331 of Title 43, Public Lands.

§ 1123. National sea grant college program

(a) Program maintenance

The Secretary shall maintain within the Administration a program to be known as the national sea grant college program. The national sea grant college program shall be administered by a national sea grant office within the Administration.

(b) Program elements

The national sea grant college program shall consist of the financial assistance for research, education, extension, training, technology transfer, and public service and other activities authorized in this subchapter, and shall provide support for the following elements—

(1) sea grant programs that comprise a national sea grant college program network, including international projects conducted within such programs and regional and national projects conducted among such programs;

(2) administration of the national sea grant college program and this subchapter by the national sea grant office and the Administration;

(3) the fellowship program under section 1127 of this title; and

(4) any regional or national strategic investments in fields relating to ocean, coastal, and Great Lakes resources developed in consultation with the Board and with the approval of the sea grant colleges and the sea grant institutes.

(c) Responsibilities of Secretary

(1) The Secretary, in consultation with the Board, sea grant colleges, and sea grant insti-

tutes, shall develop at least every 4 years a strategic plan that establishes priorities for the national sea grant college program, provides an appropriately balanced response to local, regional, and national needs, and is reflective of integration with the relevant portions of the strategic plans of the Department of Commerce and of the Administration.

(2) The Secretary, in consultation with the Board, sea grant colleges, and sea grant institutes, shall establish guidelines related to the activities and responsibilities of sea grant colleges and sea grant institutes. Such guidelines shall include requirements for the conduct of merit review by the sea grant colleges and sea grant institutes of proposals for grants and contracts to be awarded under section 1124 of this title, providing, at a minimum, for standardized documentation of such proposals and peer review of all research projects.

(3) The Secretary shall by regulation prescribe the qualifications required for designation of sea grant colleges and sea grant institutes under section 1126 of this title.

(4) To carry out the provisions of this subchapter, the Secretary may—

(A) appoint, assign the duties, transfer, and fix the compensation of such personnel as may be necessary, in accordance with civil service laws;

(B) make appointments with respect to temporary and intermittent services to the extent authorized by section 3109 of title 5;

(C) publish or arrange for the publication of, and otherwise disseminate, in cooperation with other offices and programs in the Administration and without regard to section 501 of title 44, any information of research, educational, training or other value in fields related to ocean, coastal, or Great Lakes resources;

(D) enter into contracts, cooperative agreements, and other transactions without regard to section 6101 of title 41;

(E) accept donations of money and, notwithstanding section 1342 of title 31, of voluntary and uncompensated services;

(F) accept funds from other Federal departments and agencies, including agencies within the Administration, to pay for and add to grants made and contracts entered into by the Secretary; and

(G) promulgate such rules and regulations as may be necessary and appropriate.

(d) Director of National Sea Grant College Program

(1) The Secretary shall appoint, as the Director of the National Sea Grant College Program, a qualified individual who has appropriate administrative experience and knowledge or expertise in fields related to ocean, coastal, and Great Lakes resources. The Director shall be appointed and compensated, without regard to the provisions of title 5 governing appointments in the competitive service, at a rate payable under section 5376 of title 5.

(2) Subject to the supervision of the Secretary, the Director shall administer the national sea grant college program and oversee the operation of the national sea grant office. In addition to

any other duty prescribed by law or assigned by the Secretary, the Director shall—

(A) facilitate and coordinate the development of a strategic plan under subsection (c)(1);

(B) advise the Secretary with respect to the expertise and capabilities which are available within or through the national sea grant college program and encourage the use of such expertise and capabilities, on a cooperative or other basis, by other offices and activities within the Administration, and other Federal departments and agencies;

(C) advise the Secretary on the designation of sea grant colleges and sea grant institutes, and, if appropriate, on the termination or suspension of any such designation; and

(D) encourage the establishment and growth of sea grant programs, and cooperation and coordination with other Federal activities in fields related to ocean, coastal, and Great Lakes resources.

(3) With respect to sea grant colleges, sea grant institutes, sea grant programs, and sea grant projects, the Director shall—

(A) evaluate and assess the performance of the programs of sea grant colleges and sea grant institutes, using the priorities, guidelines, and qualifications established by the Secretary under subsection (c), and determine which of the programs are the best managed and carry out the highest quality research, education, extension, and training activities;

(B) subject to the availability of appropriations, allocate funding among sea grant colleges, sea grant institutes, sea grant programs, and sea grant projects so as to—

(i) promote healthy competition among sea grant colleges and institutes;

(ii) encourage collaborations among sea grant colleges and sea grant institutes to address regional and national priorities established under subsection (c)(1);

(iii) ensure successful implementation of sea grant programs;

(iv) to the maximum extent consistent with other provisions of this subchapter, provide a stable base of funding for sea grant colleges and institutes;

(v) encourage and promote coordination and cooperation between the research, education, and outreach programs of the Administration and those of academic institutions; and

(vi) encourage cooperation with Minority Serving Institutions to enhance collaborative research opportunities and increase the number of such students graduating in NOAA science areas; and

(C) ensure compliance with the guidelines for merit review under subsection (c)(2).

Editorial Notes

REFERENCES IN TEXT

The provisions of title 5 governing appointments in the competitive service, referred to in subsec. (d)(1), are classified generally to section 3301 et seq. of Title 5, Government Organization and Employees.

This subchapter, referred to in subsec. (d)(3)(B)(iv), was in the original “this Act” and was translated as reading “this title” meaning title II of Pub. L. 89-454, which enacted this subchapter, to reflect the probable intent of Congress.

CODIFICATION

In subsec. (c)(4)(D), “section 6101 of title 41” substituted for “section 5 of title 41, United States Code” on authority of Pub. L. 111-350, § 6(c), Jan. 4, 2011, 124 Stat. 3854, which Act enacted Title 41, Public Contracts.

AMENDMENTS

2020—Subsec. (b). Pub. L. 116-221, § 6, inserted “for research, education, extension, training, technology transfer, and public service” after “financial assistance” in introductory provisions.

Subsec. (c)(4)(E). Pub. L. 116-221, § 4(a), amended subpar. (E) generally. Prior to amendment, subpar. (E) read as follows: “notwithstanding section 1342 of title 31, accept donations and voluntary and uncompensated services;”.

Subsec. (d)(3). Pub. L. 116-221, § 9(c)(1)(A), substituted “With respect to sea grant colleges, sea grant institutes, sea grant programs, and sea grant projects” for “With respect to sea grant colleges and sea grant institutes” in introductory provisions.

Subsec. (d)(3)(B). Pub. L. 116-221, § 9(c)(1)(B), substituted “funding among sea grant colleges, sea grant institutes, sea grant programs, and sea grant projects” for “funding among sea grant colleges and sea grant institutes” in introductory provisions.

Subsec. (d)(3)(B)(vi). Pub. L. 116-221, § 11(1), realigned margin.

2008—Subsec. (b)(1). Pub. L. 110-394, § 5(a)(1), amended par. (1) generally. Prior to amendment, par. (1) read as follows: “sea grant programs which comprise a national sea grant college program network, including international projects conducted within such programs;”.

Subsec. (b)(2). Pub. L. 110-394, § 5(a)(2), amended par. (2) generally. Prior to amendment, par. (2) read as follows: “administration of the national sea grant college program and this subchapter by the national sea grant office, the Administration, and the panel;”.

Subsec. (b)(4). Pub. L. 110-394, § 5(a)(3), amended par. (4) generally. Prior to amendment, par. (4) read as follows: “any national strategic investments in fields relating to ocean, coastal, and Great Lakes resources developed with the approval of the panel, the sea grant colleges, and the sea grant institutes.”

Subsec. (c)(1). Pub. L. 110-394, § 9(a)(4)(C)(i), substituted “Board” for “panel”.

Subsec. (c)(2). Pub. L. 110-394, §§ 5(b), 9(a)(4)(C)(i), substituted “The” for “Within 6 months of March 6, 1998, the” and “Board” for “panel”.

Subsec. (d)(2)(A). Pub. L. 110-394, § 5(c)(1), which directed the striking out of “long range”, was executed by striking out “long-range” before “strategic plan” to reflect the probable intent of Congress.

Subsec. (d)(3)(A). Pub. L. 110-394, § 5(c)(2), substituted “evaluate and assess” for “evaluate” and “activities;” for “activities; and”, struck out cl. (i) designation be-

fore “evaluate”, and struck out cl. (ii) which read as follows: “rate the programs according to their relative performance (as determined under clause (i)) into no less than 5 categories, with each of the 2 best-performing categories containing no more than 25 percent of the programs;”.

Subsec. (d)(3)(B)(ii). Pub. L. 110-394, § 5(c)(3)(A), added cl. (ii). Former cl. (ii) redesignated (iii).

Subsec. (d)(3)(B)(iii). Pub. L. 110-394, § 5(c)(3)(A), (B), redesignated cl. (ii) as (iii) and substituted “ensure” for “encourage”. Former cl. (iii) redesignated (iv).

Subsec. (d)(3)(B)(iv), (v). Pub. L. 110-394, § 5(c)(3)(A), redesignated cls. (iii) and (iv) as (iv) and (v), respectively.

Subsec. (d)(3)(B)(vi). Pub. L. 110-394, § 5(c)(3)(C), (D), added cl. (vi).

2002—Subsec. (c)(1). Pub. L. 107-299, § 3(a), amended par. (1) generally. Prior to amendment, par. (1) read as follows: “The Secretary, in consultation with the panel, sea grant colleges, and sea grant institutes, shall develop a long-range strategic plan which establishes priorities for the national sea grant college program and which provides an appropriately balanced response to local, regional, and national needs.”

Subsec. (d)(3)(A). Pub. L. 107-299, § 3(b)(1), amended subpar. (A) generally. Prior to amendment, subpar. (A) read as follows: “evaluate the programs of sea grant colleges and sea grant institutes, using the priorities, guidelines, and qualifications established by the Secretary;”.

Subsec. (d)(3)(B)(iv). Pub. L. 107-299, § 3(c), added cl. (iv).

1998—Pub. L. 105-160 amended section catchline and text generally. Prior to amendment text consisted of subssecs. (a) to (d) relating to maintenance within the Administration of the National Sea Grant College Program, appointment and compensation of a Director of the program, duties of the Director, and powers of the Secretary to carry out the provisions of this subchapter.

1991—Subsec. (a). Pub. L. 102-186, § 2(a), amended subsec. (a) generally. Prior to amendment, subsec. (a) read as follows: “The Secretary shall maintain, within the Administration, a program to be known as the national sea grant college program. The national sea grant college program shall consist of the financial assistance and other activities provided for in this subchapter. The Secretary shall establish long-range planning guidelines and priorities for, and adequately evaluate, this program.”

Subsec. (c)(3). Pub. L. 102-186, § 4(b)(1)(A), substituted “section 1124” for “sections 1124 and 1125”.

1987—Subsec. (b)(1)(A). Pub. L. 100-220, § 3104(b)(1)(D), substituted “ocean, coastal, and Great Lakes resources” for “ocean and coastal resources”.

Subsec. (c). Pub. L. 100-220, § 3104(c), substituted “Under Secretary” for “Administrator” wherever appearing in introductory provisions and par. (2).

Subsec. (c)(5). Pub. L. 100-220, § 3104(b)(2), substituted “ocean, coastal, and Great Lakes resources” for “ocean and coastal resource”.

Subsec. (d)(3). Pub. L. 100-220, § 3104(b)(1)(D), substituted “ocean, coastal, and Great Lakes resources” for “ocean and coastal resources” in two places.

Subsec. (d)(6). Pub. L. 100-220, § 3105(b), struck out “under section 1124(a) of this title” after “Secretary”.

1980—Subsec. (c)(5) to (7). Pub. L. 96-289 added par. (5) and redesignated former pars. (5) and (6) as (6) and (7), respectively.

1978—Subsecs. (a) to (c). Pub. L. 95-428, § 2(b), substituted “national sea grant college program” for “national sea grant program” wherever appearing.

Subsec. (d)(6), (7). Pub. L. 95-428, § 3(1)(B), (C), added par. (6) and redesignated former par. (6) as (7).

1976—Pub. L. 94-461 substituted provisions covering the establishment and administration of the national sea grant program for provisions covering the marine resource development programs.

1973—Subsec. (a). Pub. L. 93-73, §1(2), (5), deleted item (1) designation for provision respecting consultation with experts and Federal agencies, deleted item (2) provision for seeking advice and counsel from the National Council on Marine Resources and Engineering Development, and substituted “Secretary” for “Foundation”.

Subsec. (b). Pub. L. 93-73, §1(5), substituted “Secretary” for “Foundation” and “his authority” for “its authority”.

Subsec. (d)(1). Pub. L. 93-73, §1(3), (5), authorized Federal contributions exceeding percentage limitation to programs limited to one percent of appropriations for the fiscal year when reducing or eliminating matching payments by a participant when Secretary determines it would be inequitable relevant to the benefits derived by the participant from the program to require the participant to make a one-third payment of the cost, and substituted “Secretary” for “Foundation” in last sentence.

Subsec. (d)(2). Pub. L. 93-73, §1(4), (5), made prohibitions of paragraph inapplicable to non-self-propelled habitats, buoys, platforms, or other similar devices or structures, used principally for research purposes and substituted “Secretary” for “foundation”.

Subsecs. (d)(3), (e). Pub. L. 93-73, §1(5), substituted “Secretary” for “Foundation”.

Subsec. (f). Pub. L. 93-73, §1(5), substituted “Secretary” for “Foundation” and “his functions” for “its functions”.

Subsec. (g). Pub. L. 93-73, §1(6), substituted provisions for exercise of powers and authority under this subchapter by the Secretary rather than the Foundation under the powers and authority of the National Science Foundation Act of 1950, as amended.

Subsec. (h). Pub. L. 93-73, §1(5), substituted “Secretary” for “Foundation” and “his functions” for “its functions”.

Subsec. (i)(3). Pub. L. 93-73, §1(7), inserted “and which is so designated by the Secretary” after “marine resources”.

Subsec. (i)(4)(A) to (C). Pub. L. 93-73, §1(5), substituted “Secretary” for “Foundation”.

1968—Subsec. (d)(1). Pub. L. 90-477 struck out “in any fiscal year” after “The total amount of payments” and “by any participants”.

Statutory Notes and Related Subsidiaries

CONSTRUCTION

Pub. L. 116-221, §4(d), Dec. 18, 2020, 134 Stat. 1058, provided that: “Nothing in this section [amending this section and enacting provisions set out as a note below] shall be construed to limit or otherwise affect any other amounts available for marine policy fellowships under section 208(b) of the National Sea Grant College Program Act (33 U.S.C. 1127(b)), including amounts—

“(1) accepted under section 204(c)(4)(F) of that Act (33 U.S.C. 1123(c)(4)(F)); or

“(2) appropriated pursuant to the authorization of appropriations under section 212 of that Act (33 U.S.C. 1131).”

PRIORITIES

Pub. L. 116-221, §4(b), Dec. 18, 2020, 134 Stat. 1058, provided that: “The Secretary of Commerce, acting through the Under Secretary of Commerce for Oceans and Atmosphere, shall establish priorities for the use of donations accepted under section 204(c)(4)(E) of the National Sea Grant College Program Act (33 U.S.C. 1123(c)(4)(E)), and shall consider among those priorities the possibility of expanding the Dean John A. Knauss Marine Policy Fellowship’s placement of additional fellows in relevant legislative offices under section 208(b) of that Act (33 U.S.C. 1127(b)), in accordance with the recommendations under subsection (c) of this section [134 Stat. 1058].”

REVIEW OF EVALUATION AND RATING PROCESS

Pub. L. 107-299, §3(b)(2), Nov. 26, 2002, 116 Stat. 2346, provided that after 3 years after Nov. 26, 2002, the Sec-

retary of Commerce, acting through the Under Secretary of Commerce for Oceans and Atmosphere, was to contract with the National Academy of Sciences to review the effectiveness of the evaluation and rating system under this section in determining the relative performance of programs of sea grant colleges and sea grant institutes and provided that the National Academy of Sciences would submit a report to the Congress on the findings and recommendations of the panel not later than 4 years after Nov. 26, 2002.

NOTICE OF REORGANIZATION

Pub. L. 105-160, §9(d), Mar. 6, 1998, 112 Stat. 27, provided that: “The Secretary of Commerce shall provide notice to the Committees on Science [now Science, Space, and Technology], Resources [now Natural Resources], and Appropriations of the House of Representatives and the Committees on Commerce, Science, and Transportation and Appropriations of the Senate, not later than 45 days before any major reorganization of any program, project, or activity of the National Sea Grant College Program.”

§ 1124. Program or project grants and contracts

(a) Authorization; purposes; limitation on amount

The Secretary may make grants and enter into contracts under this subsection to assist any sea grant program or project if the Secretary finds that such program or project will—

(1) implement the objective set forth in section 1121(b) of this title; and

(2) be responsive to the needs or problems of individual States or regions.

The total amount paid pursuant to any such grant or contract may equal 66⅔ percent, or any lesser percent, of the total cost of the sea grant program or project involved; except that this limitation shall not apply in the case of grants or contracts paid for with funds accepted by the Secretary under section 1123(c)(4)(F) of this title or that are appropriated under section 1127(b) of this title.

(b) Special grants; maximum amount; prerequisites

The Secretary may make special grants under this subsection to implement the objective set forth in section 1121(b) of this title. The amount of any such grant may equal 100 percent, or any lesser percent, of the total cost of the project involved. No grant may be made under this subsection unless the Secretary finds that—

(1) no reasonable means is available through which the applicant can meet the matching requirement for a grant under subsection (a);

(2) the probable benefit of such project outweighs the public interest in such matching requirement; and

(3) the same or equivalent benefit cannot be obtained through the award of a contract or grant under subsection (a).

The total amount that may be provided for grants under this subsection during any fiscal year shall not exceed an amount equal to 5 percent of the total funds appropriated for such year under section 1131 of this title.

(c) Eligibility and procedure

Any person may apply to the Secretary for a grant or contract under this section. Application shall be made in such form and manner, and

with such content and other submissions, as the Secretary shall by regulation prescribe. The Secretary shall act upon each such application within 6 months after the date on which all required information is received.

(d) Terms and conditions

(1) Any grant made, or contract entered into, under this section shall be subject to the limitations and provisions set forth in paragraphs (2), (3), and (4) and to such other terms, conditions, and requirements as the Secretary deems necessary or appropriate. Terms, conditions, and requirements imposed by the Secretary under this paragraph shall minimize any requirement of prior Federal approval.

(2) No payment under any grant or contract under this section may be applied to—

(A) the purchase or rental of any land; or

(B) the purchase, rental, construction, preservation, or repair of any building, dock, or vessel;

except that payment under any such grant or contract may be applied to the short-term rental of buildings or facilities for meetings which are in direct support of any sea grant program or project and may, if approved by the Secretary, be applied to the purchase, rental, construction, preservation, or repair of non-self-propelled habitats, buoys, platforms, and other similar devices or structures, or to the rental of any research vessel which is used in direct support of activities under any sea grant program or project.

(3) The total amount which may be obligated for payment pursuant to grants made to, and contracts entered into with, persons under this section within any one State in any fiscal year shall not exceed an amount equal to 15 percent of the total funds appropriated for such year pursuant to section 1131 of this title.

(4) Any person who receives or utilizes any proceeds of any grant or contract under this section shall keep such records as the Secretary shall by regulation prescribe as being necessary and appropriate to facilitate effective audit and evaluation, including records which fully disclose the amount and disposition by such recipient of such proceeds, the total cost of the program or project in connection with which such proceeds were used, and the amount, if any, of such cost which was provided through other sources. Such records shall be maintained for 3 years after the completion of such a program or project. The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access, for the purpose of audit and evaluation, to any books, documents, papers, and records of receipts which, in the opinion of the Secretary or of the Comptroller General, may be related or pertinent to such grants and contracts.

§ 1126. Sea grant colleges and sea grant institutes

(a) Designation

(1) A sea grant college or sea grant institute shall meet the following qualifications—

(A) have an existing broad base of competence in fields related to ocean, coastal, and Great Lakes resources;

(B) make a long-term commitment to the objective in section 1121(b) of this title, as determined by the Secretary;

(C) cooperate with other sea grant colleges and institutes and other persons to solve problems or meet needs relating to ocean, coastal, and Great Lakes resources;

(D) have received financial assistance under section 1124 of this title;

(E) be recognized for excellence in fields related to ocean, coastal, and Great Lakes resources (including marine resources management and science), as determined by the Secretary; and

(F) meet such other qualifications as the Secretary, in consultation with the Board, considers necessary or appropriate.

(2) The Secretary may designate an institution, or an association or alliance of two or more such institutions, as a sea grant college if the institution, association, or alliance—

(A) meets the qualifications in paragraph (1); and

(B) maintains a program of research, extension services, training, and education in fields related to ocean, coastal, and Great Lakes resources.

(3) The Secretary may designate an institution, or an association or alliance of two or more such institutions, as a sea grant institute if the institution, association, or alliance—

(A) meets the qualifications in paragraph (1); and

(B) maintains a program which includes, at a minimum, research and extension services.

(b) Additional designations

(1) Notification to Congress of designations

(A) In general

Not less than 30 days before designating an institution, or an association or alliance of two or more such institutions, as a sea grant college or sea grant institute under subsection (a), the Secretary shall notify Congress in writing of the proposed designation. The notification shall include an evaluation and justification for the designation.

(B) Effect of joint resolution of disapproval

The Secretary may not designate an institution, or an association or alliance of two or more such institutions, as a sea grant college or sea grant institute under subsection (a) if, before the end of the 30-day period described in subparagraph (A), a joint resolution disapproving the designation is enacted.

(2) Existing designees

Any institution, or association or alliance of two or more such institutions, designated as a sea grant college or awarded institutional program status by the Director prior to March 6, 1998, shall not have to reapply for designation as a sea grant college or sea grant institute, respectively, after March 6, 1998, if the Director determines that the institution, or association or alliance of institutions, meets the qualifications in subsection (a).

(c) Suspension or termination of designation

The Secretary may, for cause and after an opportunity for hearing, suspend or terminate any designation under subsection (a).

(d) Duties

Subject to any regulations prescribed or guidelines established by the Secretary, it shall be the responsibility of each sea grant college and sea grant institute—

(1) to develop and implement, in consultation with the Secretary and the Board, a program that is consistent with the guidelines and priorities established under section 1123(c) of this title; and

(2) to conduct a merit review of all proposals for grants and contracts to be awarded under section 1124 of this title.

Editorial Notes

AMENDMENTS

2020—Subsec. (b). Pub. L. 116-221, §7(2), added par. (1), designated existing provisions as par. (2), and inserted par. (2) heading.

Pub. L. 116-221, §7(1), substituted “Additional designations” for “Existing designees” in heading.

2014—Subsec. (e). Pub. L. 113-188, which directed amendment of section 207 of the National Sea Grant Program Act by striking subsec. (e), was executed to this section, which is section 207 of the National Sea Grant College Program Act, to reflect the probable intent of Congress. Prior to amendment, subsec. (e) related to annual reports on progress made by colleges, universities, institutions, associations, and alliances to become designated under this section as sea grant colleges or sea grant institutes.

2008—Subsec. (a)(1)(F). Pub. L. 110-394, §9(a)(4)(C)(ii), substituted “Board” for “panel”.

Subsec. (a)(2)(B), (3)(B). Pub. L. 110-394, §7, substituted “extension services” for “advisory services”.

Subsec. (d)(1). Pub. L. 110-394, §9(a)(4)(C)(ii), substituted “Board” for “panel”.

2002—Subsec. (e). Pub. L. 107-299 added subsec. (e).

1998—Pub. L. 105-160 amended section catchline and text generally. Prior to amendment text consisted of subssecs. (a) to (c) relating to authorization of the Secretary to designate sea grant college and sea grant regional consortia with certain prerequisites, requirement of regulations to prescribe qualifications and guidelines, and authorization of the Secretary to suspend or terminate any designation.

1987—Subsec. (a)(2)(A), (3)(A), (B). Pub. L. 100-220 substituted “ocean, coastal, and Great Lakes resources” for “ocean and coastal resources”.

§ 1127. Fellowships

(a) In general

To carry out the educational and training objectives of this subchapter, the Secretary shall support a program of fellowships for qualified individuals at the graduate and post-graduate level. The fellowships shall be related to ocean, coastal, and Great Lakes resources and awarded pursuant to guidelines established by the Secretary. The Secretary shall strive to ensure equal access for minority and economically disadvantaged students to the program carried out under this subsection.

(b) Dean John A. Knauss Marine Policy Fellowship**(1) In general**

The Secretary shall award marine policy fellowships to support the placement of individuals at the graduate level of education in fields related to ocean, coastal and Great Lakes resources in positions with the executive and legislative branches of the United States Government.

(2) Placement priorities**(A) In general**

In each year in which the Secretary awards a legislative fellowship under this subsection, when considering the placement of fellows, the Secretary shall prioritize placement of fellows in the following:

(i) Positions in offices of, or with Members on, committees of Congress that have jurisdiction over the National Oceanic and Atmospheric Administration.

(ii) Positions in offices of Members of Congress that have a demonstrated interest in ocean, coastal, or Great Lakes resources.

(B) Equitable distribution

In placing fellows in offices described in subparagraph (A), the Secretary shall ensure that placements are equitably distributed among the political parties.

(3) Duration

A fellowship awarded under this subsection shall be for a period of not more than 1 year.

(c) Restriction on use of funds

Amounts available for fellowships under this section, including amounts accepted under section 1123(c)(4)(F) of this title or appropriated under section 1131 of this title to implement this section, shall be used only for award of such fellowships and administrative costs of implementing this section.

L. 116-221, § 3(a), (b), Dec. 18, 2020, 134 Stat. 1057.)

Editorial Notes

REFERENCES IN TEXT

This subchapter, referred to in subsec. (a), was in the original “this Act” and was translated as reading “this title” meaning title II of Pub. L. 89-454, which enacted this subchapter, to reflect the probable intent of Congress.

AMENDMENTS

2020—Subsec. (b). Pub. L. 116-221 designated first sentence as par. (1) and inserted heading, substituted “shall award” for “may award”, added par. (2), and designated second sentence as par. (3) and inserted heading.

2014—Subsec. (a). Pub. L. 113-188, which directed amendment of section 208(a) of the National Sea Grant Program Act by striking the fourth sentence, was executed to this section, which is section 208(a) of the National Sea Grant College Program Act, to reflect the probable intent of Congress. Prior to amendment, fourth sentence read as follows: “Every 2 years, the Secretary shall submit a report to the Congress describing the efforts by the Secretary to ensure equal access for minority and economically disadvantaged students to the program carried out under this subsection, and the results of such efforts.”

2008—Subsec. (a). Pub. L. 110-394, § 8(1), substituted “Every 2 years,” for “Not later than 1 year after November 26, 2002, and every 2 years thereafter.”

Subsec. (c). Pub. L. 110-394, § 8(2), added subsec. (c).

2002—Subsec. (a). Pub. L. 107-299, § 5(a), inserted at end “The Secretary shall strive to ensure equal access for minority and economically disadvantaged students to the program carried out under this subsection. Not later than 1 year after November 26, 2002, and every 2 years thereafter, the Secretary shall submit a report to the Congress describing the efforts by the Secretary to ensure equal access for minority and economically disadvantaged students to the program carried out under this subsection, and the results of such efforts.”

Subsec. (c). Pub. L. 107-299, § 5(b), struck out heading and text of subsec. (c). Text read as follows: “The Secretary shall establish and administer a program of postdoctoral fellowships to accelerate research in critical subject areas. The fellowship awards—

“(1) shall be for 2 years;

“(2) may be renewed once for not more than 2 years;

“(3) shall be awarded on a nationally competitive basis;

“(4) may be used at any institution of post-secondary education involved in the national sea grant college program;

“(5) shall be for up to 100 percent of the total cost of the fellowship; and

“(6) may be made to recipients of terminal professional degrees, as well as doctoral degree recipients.”

1998—Pub. L. 105-160 substituted “Secretary” for “Under Secretary” in subsec. (a) in two places and in subsecs. (b) and (c).

1991—Subsec. (c)(5) to (7). Pub. L. 102-186 inserted “and” after semicolon at end of par. (5), redesignated par. (7) as (6), and struck out former par. (6) which read as follows: “may be made for any of the priority areas of research identified in the sea grant strategic research plan in effect under section 1125 of this title; and”.

1987—Subsec. (a). Pub. L. 100-220 amended subsec. (a) generally. Prior to amendment, subsec. (a) read as follows: “The Secretary shall support a sea grant fellowship program to provide educational and training assistance to qualified individuals at the undergraduate and graduate levels of education in fields related to ocean and coastal resources. Such fellowships shall be awarded pursuant to guidelines established by the Secretary. Except as provided in subsection (b) of this section, sea grant fellowships may only be awarded by sea grant colleges, sea grant regional consortia, institutions of higher education, and professional associations and institutes.”

Pub. L. 100-66, § 3(1), substituted “Except as provided in subsection (b) of this section, sea” for “Sea”.

Subsec. (b). Pub. L. 100-220 amended subsec. (b) generally. Prior to amendment, subsec. (b) read as follows:

“(1) As part of the sea grant fellowship program, the Secretary may award sea grant fellowships to support the placement of qualified individuals in positions with the executive and legislative branches of the United States Government. No fellowship may be awarded under this paragraph for a period exceeding one year.

“(2) For purposes of this subsection, the term ‘qualified individual’ means an individual at the graduate level of education in fields related to ocean and coastal resources.”

Pub. L. 100-66, § 3(2), (3), added subsec. (b) and redesignated former subsec. (b) as (c).

Subsec. (c). Pub. L. 100-220 amended subsec. (c) generally. Prior to amendment, subsec. (c) read as follows: “The total amount which may be provided for grants under the sea grant fellowship program during any fiscal year shall not exceed an amount equal to 5 percent of the total funds appropriated for such year pursuant to section 1131 of this title.”

Pub. L. 100-66, §3(2), redesignated former subsec. (b) as (c).

DIRECT HIRE AUTHORITY; DEAN JOHN A. KNAUSS MARINE POLICY FELLOWSHIP

Pub. L. 116-221, §8, Dec. 18, 2020, 134 Stat. 1059, provided that:

“(a) IN GENERAL.—During fiscal year 2021 and any fiscal year thereafter, the head of any Federal agency may appoint, without regard to the provisions of subchapter I of chapter 33 of title 5, United States Code, other than sections 3303 and 3328 of that title, a qualified candidate described in subsection (b) directly to a position with the Federal agency for which the candidate meets Office of Personnel Management qualification standards.

“(b) DEAN JOHN A. KNAUSS MARINE POLICY FELLOWSHIP.—Subsection (a) applies with respect to a former recipient of a Dean John A. Knauss Marine Policy Fellowship under section 208(b) of the National Sea Grant College Program Act (33 U.S.C. 1127(b)) who—

“(1) earned a graduate or post-graduate degree in a field related to ocean, coastal, and Great Lakes resources or policy from an accredited institution of higher education; and

“(2) successfully fulfilled the requirements of the fellowship within the executive or legislative branch of the United States Government.

“(c) LIMITATION.—The direct hire authority under this section shall be exercised with respect to a specific qualified candidate not later than 2 years after the date that the candidate completed the fellowship described in subsection (b).”

§ 1128. National Sea Grant Advisory Board

(a) Establishment

There shall be an independent committee to be known as the National Sea Grant Advisory Board.

(b) Duties

(1) In general

The Board shall advise the Secretary and the Director concerning—

(A) strategies for utilizing the sea grant college program to address the Nation’s highest priorities regarding the understanding, assessment, development, management, utilization, and conservation of ocean, coastal, and Great Lakes resources;

(B) the designation of sea grant colleges and sea grant institutes; and

(C) such other matters as the Secretary refers to the Board for review and advice.

(2) Periodic report

The Board shall report to Congress at least once every four years on the state of the national sea grant college program and shall notify Congress of any significant changes to the state of the program not later than two years after the submission of such a report. The Board shall indicate in each such report the progress made toward meeting the priorities identified in the strategic plan in effect under section 1123(c) of this title and provide a summary of research conducted under the program.

(3) Availability of resources of Department of Commerce

The Secretary shall make available to the Board such information, personnel, and administrative services and assistance as it may reasonably require to carry out its duties under this subchapter.

(c) Membership, terms, and powers

(1) The Board shall consist of 15 voting members who shall be appointed by the Secretary. The Director and a director of a sea grant program who is elected by the various directors of sea grant programs shall serve as nonvoting members of the Board. Not less than 8 of the voting members of the Board shall be individuals who, by reason of knowledge, experience, or training, are especially qualified in one or more of the disciplines and fields included in marine science. The other voting members shall be individuals who, by reason of knowledge, experience, or training, are especially qualified in, or representative of, education, marine affairs and resource management, coastal management, extension services, State government, industry, economics, planning, or any other activity which is appropriate to, and important for, any effort to enhance the understanding, assessment, development, management, utilization, or conservation of ocean, coastal, and Great Lakes resources. No individual is eligible to be a voting member of the Board if the individual is (A) the director of a sea grant college or sea grant institute; (B) an applicant for, or beneficiary (as determined by the Secretary) of, any grant or contract under section 1124 of this title; or (C) a full-time officer or employee of the United States.

(2) The term of office of a voting member of the Board shall be 3 years for a member appointed before November 26, 2002, and 4 years for a member appointed or reappointed after November 26, 2002. The Director may extend the term of office of a voting member of the Board appointed before November 26, 2002, by up to 1 year. At least once each year, the Secretary shall publish a notice in the Federal Register soliciting nominations for membership on the Board.

(3) Any individual appointed to a partial or full term may be reappointed for one additional full term. The Director may extend the term of office of a voting member of the Board once by up to 1 year.

(4) The Board shall select one voting member to serve as the Chairman and another voting member to serve as the Vice Chairman. The Vice

Chairman shall act as Chairman in the absence or incapacity of the Chairman.

(5) Voting members of the Board shall—

(A) receive compensation at a rate established by the Secretary, not to exceed the maximum daily rate payable under section 5376 of title 5, when actually engaged in the performance of duties for such Board; and

(B) be reimbursed for actual and reasonable expenses incurred in the performance of such duties.

(6) The Board shall meet on a biannual basis and, at any other time, at the call of the Chairman or upon the request of a majority of the voting members or of the Director.

(7) The Board may exercise such powers as are reasonably necessary in order to carry out its duties under subsection (b).

(8) The Board may establish such subcommittees as are reasonably necessary to carry out its duties under subsection (b). Such subcommittees may include individuals who are not Board members.

§ 1131. Authorization of appropriations

(a) Authorization

(1) In general

There are authorized to be appropriated to the Secretary to carry out this subchapter—

- (A) \$87,520,000 for fiscal year 2021;
- (B) \$91,900,000 for fiscal year 2022;
- (C) \$96,500,000 for fiscal year 2023;
- (D) \$101,325,000 for fiscal year 2024; and
- (E) \$105,700,000 for fiscal year 2025.

(2) Priority activities for fiscal years 2021 through 2025

In addition to the amounts authorized to be appropriated under paragraph (1), there are authorized to be appropriated \$6,000,000 for each of fiscal years 2021 through 2025 for competitive grants for the following:

(A) University research on the biology, prevention, and control of aquatic nonnative species.

(B) University research on oyster diseases, oyster restoration, and oyster-related human health risks.

(C) University research on the biology, prevention, and forecasting of harmful algal blooms.

(D) University research, education, training, and extension services and activities focused on coastal resilience and United States working waterfronts and other regional or national priority issues identified in the strategic plan under section 1123(c)(1) of this title.

(E) University research and extension on sustainable aquaculture techniques and technologies.

(F) Fishery research and extension activities conducted by sea grant colleges or sea grant institutes to enhance, and not supplant, existing core program funding.

(b) Limitations

(1) Administration

(A) In general

There may not be used for administration of programs under this subchapter in a fiscal year more than 5.5 percent of the lesser of—

- (i) the amount authorized to be appropriated under this subchapter for the fiscal year; or
- (ii) the amount appropriated under this subchapter for the fiscal year.

(B) Critical staffing requirements

(i) In general

The Director shall use the authority under subchapter VI of chapter 33 of title 5, and under section 1129 of this title, to meet any critical staffing requirement while carrying out the activities authorized under this subchapter.

(ii) Exception from cap

For purposes of subparagraph (A), any costs incurred as a result of an exercise of authority as described in clause (i) shall not be considered an amount used for administration of programs under this subchapter in a fiscal year.

(2) Use for other offices or programs

Sums appropriated under the authority of subsection (a)(2) shall not be available for administration of this subchapter by the National Sea Grant Office, for any other Administration or department program, or for any other administrative expenses.

(c) Availability of sums

Sums appropriated pursuant to this section shall remain available until expended.

(d) Reversion of unobligated amounts

The amount of any grant, or portion of a grant, made to a person under any section of this subchapter that is not obligated by that person during the first fiscal year for which it was authorized to be obligated or during the next fiscal year thereafter shall revert to the

Secretary. The Secretary shall add that reverted amount to the funds available for grants under the section for which the reverted amount was originally made available.
